VOLUNTEERS

FROM A TEACHER

"JA provides an exceptional opportunity for my students to hear how their content knowledge applies in the real world. I continue to reach out year after year because of the warmth and energy of volunteers!"

Jamie Gadley
4th Grade Teacher
Dogwood Elementary School

STUDENT CONTACT HOURS (IN THOUSANDS)

FROM A VOLUNTEER

"I enjoy teaching the students and I love seeing their bright eyes, smiles, and curious minds absorb business knowledge. It is always sad ending a JA program because as a volunteer you build strong relationships in such a short time that it just breaks your heart. In pretty much all my JA classes that I have taught the kids embraced me as one of their own—even at times crying when I told them it was my last day. I love the thank you cards. I keep the cards in a special memory chest so when I am old and gray I can take a look at those thank you cards and truly cherish the memories."

Robert Zagorski
Microbiologist
United States Department of the Army

IN-SCHOOL AND AFTER-SCHOOL SITES FROM A STUDENT

"When I went through the Finance Park pilot program last year, I realized how complicated being an adult would be! After six weeks of training, I became an adult for a day and learned that managing finances can be tough! There are so many things I take for granted—entertainment, food, cell phones—all of them have to come out of the budget! And that's just the beginning."

I thank Junior Achievement for instilling in me, and thousands of other students, the tools we need to be prepared for the competitive world in front of us. Because of your commitment, we have every reason to be excited. Junior Achievement has helped me feel prepared to overcome the challenges ahead and reach my financial goals."

James Joo
9th Grade
W.T. Woodson High School

Leadership's Message

To our Junior Achievement Community:

We bring this annual report to you with confidence from solid accomplishments and high anticipation for academic excellence in the year ahead.

Accomplishments. Despite the tough economic climate, we are pleased to report that over 2,000 adult role models impacted the lives of over 36,000 youth in Greater Washington. We are also proud of completing our Finance Park facility, a milestone for Junior Achievement that demonstrates our deep commitment to our region's young people.

Anticipation. This coming year Junior Achievement will provide hands-on, personal budgeting training to over 14,000 students through the JA Finance Park curriculum and simulation. We are also committed to helping more students throughout Greater Washington develop the work-related life skills necessary to compete in the global economy.

Academic Excellence. Junior Achievement occupies the unique position as the worldwide leader in youth financial education. Students completing Junior Achievement programs understand how to manage their financial future. And teachers and faculty agree that JA programs help prepare their students for the world of work.

Your belief in and commitment to the youth of Greater Washington enables Junior Achievement to continue its leadership role in work readiness, entrepreneurship and financial literacy education.

You make our work possible.

Thank you!

YOUTH ENTREPRENEUR OF THE YEAR®

In June, **Junior Achievement and Ernst & Young, LLP** proudly presented Wendy Cai and Kristy Choi with the 2010 Youth Entrepreneur of the Year Award during the Ernst & Young Entrepreneur of the Year Greater Washington Awards Gala at the Ritz Carlton in Tysons Corner.

2010 Youth Entrepreneurs of the Year Wendy Cai and Kristy Choi with Ernst & Young LLP Greater Washington Managing Partner and JA Board Chair-Elect, Kevin Virostek (left) and Junior Achievement Chief Operating Officer Amy Marcenaro Heckman (right). Credit: Freed Photography

Each year, the award recognizes an area high school student who embodies the entrepreneurial spirit promoted by JA and who demonstrates the ability to successfully launch and manage a business.

Wendy, 16, and Kristy, 17, were honored for founding Codi's Hats (www.codishats.org), a non-profit organization that creates and provides hats to children staying at hospitals and treatment centers. The two founded Codi's Hats in 2009 in loving memory of their friend Codi Alexander, who was

just 16 when she was struck by a car while bicycling to work. During the five days she spent in the hospital before her death, Codi's friends came to understand the fear and sadness that come with having a youth hospitalized. Wendy and Kristy began Codi's Hats out of compassion for the suffering of others and the belief that the joy of charity could help them heal.

In the past year, the organization has mobilized over 200 volunteers to create kid-friendly, safe, creative, and quality head coverings for children fighting cancer and other serious life-threatening illnesses. They then donate the hats to hospitals and treatment centers across the U.S. Wendy and Kristy are now seniors at Richard Montgomery High School in Rockville, MD.

Junior Achievement and Ernst & Young congratulate these young entrepreneurs on their success.

JUNIOR ACHIEVEMENT ESSAY COMPETITION

In fall 2009, Junior Achievement of the National Capital Area and David M. Rubenstein, Co-Founder and Managing Director of The Carlyle Group, held an essay competition on the topic "How can Greater Washington Companies Responsibly and Effectively Deal with the Economic Challenges Facing the United States?" A panel of independent judges carefully reviewed the students' essays and chose ten winners, with one first place essay and nine runners-up.

Out of the distinguished group of winners, Scott S. Yu's essay was chosen as the first place winner, for which he received a \$20,000 scholarship. Each of the nine runners-up received a \$10,000 scholarship. In addition, the school with the greatest number of eligible applicants in each of Maryland, Virginia, and Washington, DC received a \$6,000 grant.

In spring 2010, David M. Rubenstein announced the topic for the 2010 Junior Achievement Essay Competition, "What can the Greater Washington business community learn from today's high school students?" The winning essays

from previous years are posted online at www.myJA.org/students/essay/.

"We appreciate Junior Achievement programs as valuable resources for teaching our students entrepreneurial skills and preparing them for an increasingly competitive workplace. Junior Achievement programs support standards of learning, can be integrated into curricula, and give students an opportunity for practical applications of business and economic concepts. As superintendents, we strongly support Junior Achievement and the programs that it provides."

Programs

Junior Achievement uses hands-on experiences to help young people understand the economics of life. In partnership with business and educators, Junior Achievement brings the real world to students, opening their minds to their potential. Throughout JA's sequential and integrated kindergarten through twelfth grade programs, students use information, apply basic skills, think critically, and solve complex problems. JA is the successful bridge between education and business. Junior Achievement of the National Capital Area served 36,702 students in the 2009–2010 academic year through in-classroom and after-school programs.

ELEMENTARY SCHOOL

The Elementary School Programs include six sequential themes for kindergarten through fifth grade. Students learn the basic concepts of business, economics, and financial literacy, while seeing the relevance of education to the workplace. The sequential activities build on studies from each preceding grade and prepare students for secondary school and lifelong learning. Junior Achievement of the National Capital Area reached 24,555 elementary school students during the 2009–2010 academic year.

Ourselfes® (Kindergarten) uses compelling stories read aloud by the volunteer along with hands-on activities to demonstrate helping, working, earning, and saving.

Our Families® (First Grade) emphasizes the roles people play in the local economy and engages students with activities about needs and wants, jobs, tools and skills, and interdependence.

Our Community® (Second Grade) explores the interdependent roles of workers in a community, the work they perform, why workers are paid, what taxes are and how they are used, and where to save money.

Our City® (Third Grade) studies career opportunities, the skills people need to work in specific careers, economic development, and how businesses contribute to a city.

Our Region® (Fourth Grade) introduces the relationship between the natural, human, and capital resources found in

different regions and explores regional businesses that produce goods and services for consumers.

Our Nation® (Fifth Grade) provides practical information about businesses' need for individuals who can meet the demands of the job market, including high-growth, high-demand jobs. Students learn that businesses need workers with skills that are in demand, such as skills in science, technology, engineering, and math.

JA BizTown™ (Capstone Experience) combines in-class learning with a day-long visit to this fully-interactive simulated town facility. The program helps students connect the dots between what they learn in school and the real world through daily lessons and hands-on activities.

MIDDLE SCHOOL

Junior Achievement has several highly effective programs for middle grade students that reinforce the value of education and teach students about the future economic benefits of staying in school. Students are introduced to many economic concepts and useful facts about the working world. The Middle Grade Programs build on concepts learned in Junior Achievement's Elementary School Programs and help teens make difficult decisions about how to best

prepare for their educational and professional future. The programs supplement standard social studies curricula and help to develop communication skills that are essential to success in the business world. Junior Achievement of the National Capital Area served 2,151 middle school students during the 2009–2010 academic year.

JA America Works™ provides students with examples of how business and entrepreneurship affected the economic development of the United States during the 19th century.

JA Economics for Success™ explores personal finance, students' education, and career options based on their skills, interests, and values. It also demonstrates the economic benefits of staying in school.

JA Global Marketplace™ is designed to provide practical information about the key aspects of the global economy, what makes world trade work, and how trade affects students' daily lives.

JA Finance Park™ (Capstone Experience) helps students build a foundation for making intelligent, lifelong, personal financial decisions through hands-on, realistic site-based experiences. The program includes in-school, teacher-led activities culminating in a visit to Junior Achievement Finance Park and a post-visit assessment.

Programs

HIGH SCHOOL

As high school students begin to position themselves for their future, there are many unanswered questions about what lies ahead. Junior Achievement's High School Programs help students make informed, intelligent decisions about their future and foster skills that will be highly useful in the business world. Junior Achievement teaches about concepts ranging from microeconomics and macroeconomics to free enterprise. The volunteers bring real-life business experience and guidance into the classroom at a time that represents an essential crossroads for young people. Junior Achievement of the National Capital Area served 2,383 high school students during the 2009–2010 academic year.

JA Banks in Action® teaches high school students the principles of the banking industry, introduces them to the challenges of successfully operating a bank in a competitive environment, and encourages them to become better citizens and smarter consumers.

JA Be Entrepreneurial® focuses on challenging students, through interactive classroom activities, to start their own entrepreneurial venture while still in high school.

JA Business Ethics® fosters students' ethical decision-making skills as they prepare to enter the workforce and take part in the global marketplace.

JA Careers with a Purpose® introduces students to the importance of seeking careers that help them realize their life potential and noble purpose. The program demonstrates the importance of positive values, life maxims, and ethical decision-making within the context of career and life decisions.

JA Company Program® provides basic economic education for high school students. By organizing and operating an actual business enterprise, students not only learn how businesses function, but also learn about the structure of the U.S. free enterprise system and the benefits it provides. The program emphasizes business content, while providing a strong focus on social studies, mathematics, reading, and writing skills.

JA Economics® reinforces concepts of micro- and macro-economics by having students explore the basic characteristics of the U.S. economic system and how economic principles influence business decisions.

JA Exploring Economics® teaches concepts such as supply and demand and inflation, and teaches students about the effect which governments and the individual have on the global economy and on the price of a loaf of bread.

JA Personal Finance® introduces students to the importance of making wise financial choices. Students explore the role that money plays in achieving personal goals throughout life.

JA Success Skills® has students participate in challenging exercises to help them develop personal strategies to achieve lifelong learning pursuits and career opportunities. Team-building exercises test their problem-solving and critical-thinking skills, as well as their ability to communicate, negotiate, and lead.

JA Titan® introduces critical economics and management decisions through an interactive simulation. Students apply their knowledge of business as they compete online in the highly competitive industry of the fictional Holo-Generator.™

JA Job Shadow™ (*Capstone Experience*) takes students into the workplace to learn about careers through one-day, on-site orientations or through more extensive internships. It is an authentic work world experience enhanced with classroom preparatory and follow-up activities.

Junior Achievement \$ave, USA provides parents and educators with tools for discussing money-management issues with their children and students, and is designed specifically to help students of all grades develop higher levels of personal financial understanding.

AFTER-SCHOOL

Junior Achievement offers regular classroom programs in an after-school setting as well as two programs designed specifically for after-school, *JA More than Money* and *JA It's My Business!* These programs meet the after-school programming needs of a diverse group of youth by providing engaging, academically enriching, and experiential learning sessions in economic education. *JA More than Money* encompasses economics and business curriculum for students in grades three through five, while *JA It's My Business!* covers material appropriate for grades six through eight. Junior Achievement of the National Capital Area reached 7,613 after-school students during the 2009–2010 academic year.

JA More than Money® teaches students about earning, spending, sharing, and saving money, and businesses they can start or jobs they can perform to earn money.

JA It's My Business!™ emphasizes entrepreneurship while providing a strong focus on social studies, reading, and writing skills. Students are encouraged to use critical thinking to learn entrepreneurial skills that support positive attitudes as they explore and enhance their career aspirations.

Junior Achievement Finance Park

At the close of our last fiscal year, Junior Achievement broke ground at the site of Robert Frost Middle School in Fairfax, Virginia, marking the beginning of an exciting new era of dynamic, facility-based programming by JA. At the close of this fiscal year, we are proud to show the finished construction of Junior Achievement Finance Park. This 20,000 sq. ft. facility, designed by Gensler, will host over 14,000 middle school students each year with hands-on training in personal budgeting. This program will revolutionize youth financial education in Greater Washington.

In partnership with Fairfax County Public Schools, and through the signature sponsorship of Capital One, Junior Achievement will bring financial literacy to the forefront for our region's youth to help them become financially fit for life.

To learn more, please visit www.JuniorAchievementFinancePark.org.

Washington Business Hall Of Fame

The 2009 Washington Business Hall of Fame inductees: J. Knox Singleton, Margery Kraus, Barbara J. Krumsiek, David G. Bradley and Dr. Ralph W. Shrader.

WASHINGTON BUSINESS
HALL OF FAME

Greater Washington Board of Trade Junior Achievement WASHINGTONIAN

On Tuesday, December 1, 2009 the Washington Business Hall of Fame honored five exceptional individuals for extraordinary business achievement, leadership and community involvement.

David G. Bradley, Chairman, Atlantic Media Company

Margery Kraus, President & CEO, APCO Worldwide

Barbara J. Krumsiek, President, CEO & Chair, Calvert Group, Ltd.

Dr. Ralph W. Shrader, Chairman & CEO, Booz Allen Hamilton, Inc.

J. Knox Singleton, President & CEO, INOVA Health System

The Washington Business Hall of Fame, co-founded by the Greater Washington Board of Trade, Junior Achievement, and *The Washingtonian*, attracted over 1,000 of the area's top business executives and raised \$1.2 million to reach over 36,000 students with Junior Achievement programs.

For more information or photos of the evening, please visit www.WashingtonBusinessHallofFame.org.

2008 Laureate Milton Peterson poses with 2007 Laureate Vernon Jordan before the program.

Junior Achievement students greet the Hall of Fame guests as they arrive.

Leon Harris, ABC7/WJLA-TV Anchor, emceed the event.

Rachael Boyd receives a standing ovation for her opening performance.

Presented by:

Junior Achievement Bowl

Greater Washington's most fun-loving companies came out to the lanes again this year for the Junior Achievement Bowl! Special thanks to all of our participants for their outstanding efforts on behalf of Junior Achievement.

Twenty-seven local companies raised an impressive \$365,000 to support Junior Achievement programs and bring financial literacy education to over 36,000 area students in Greater Washington.

For more information or to get involved in the event, please visit www.JABowl.org.

ABC7/WJLA-TV Anchor and Junior Achievement Board Member Leon Harris poses with BB&T bowlers.

Presenting Sponsor KPMG makes the Junior Achievement Bowl a fun event for their employees.

Washington Gas employees raised over \$41,000 for their bowl. Their secret: The Washington Gas Chili Cook Off. Thanks, Washington Gas!

Ernst & Young reached their highest score ever: \$41,428 to support our programs this year.

BB&T bowlers had a lot to smile about. Employees raised \$44,000 this year for their bowl. Great work!

Presented by:

WJLA Washington
