## Montalto Estate, Ballynahinch, UK

Inspiration

Outline: Montalto Estate, nestled in the heart of the picturesque County Down countryside, is a privately-owned demesne which dates back to the early 1600s and receives over 100,000 visitors per year. Its stunning gardens, which allow visitors to 'reconnect with nature' have been shortlisted for UK Historic House Garden of the Year, and hold a 5-star rating from Tourism Northern Ireland. The Café at Montalto, which opened in September 2018, is a stylish eatery which specialises in exquisite seasonal menus and obtains many of its herbs and vegetables from the estate grounds.

Solution: The Montalto Estate was inspired by RHS Wisley's use of Barlow Tyrie's Titan collection in its 2018 café launch. Montalto needed seating that reflected the rustic charms of this Northern Irish country estate and its elegant gardens. Multiple Titan tables, benches, and seats were delivered to the outdoor space allowing seating for up to 56 patrons at any one time. Montalto staff can easily and simply buff the wood back to its original finish should it get stained by beverages in such a high footfall area. This function, coupled with high quality, was critical to the estate, so much so that 'The Shop at Montalto' also offered a small selection of the Titan collection. "We don't see ourselves as your standard tourist attraction," says Marketing Manager Tracy O'Toole. "Our shop's focus is on premium products that are in keeping with the Montalto brand that we know our customers will love."

Beschreibung: Das Montalto Estate liegt eingebettet in die malerische Landschaft der nordirischen Grafschaft County Down. Der private Landbesitz aus dem frühen 17. Jahrhundert zieht jedes Jahr über 100.000 Besucher an. Seine prächtigen Gärten geben Besuchern die Möglichkeit, „eins mit der Natur zu werden“. Die Anlage steht auf der Auswahlliste für die Auszeichnung UK Historic House Garden of the Year und hat eine 5-Sterne-Bewertung von Tourism Northern Ireland erhalten. Das im September 2018 eröffnete elegante Café des Montalto ist auf feine saisonale Gerichte spezialisiert; viele der in der Küche verwendeten Kräuter und Gemüse stammen aus dem hauseigenen Anbau.

Lösung: Bei der Gestaltung seines 2018 eröffneten Cafés ließ sich das Montalto Estate von der Gartenanlage RHS (Royal Horticultural Society) Wisley inspirieren, das auf die Titan-Kollektion von Barlow Tyrie gesetzt hatte. Montalto war auf der Suche nach Sitzgelegenheiten, die den rustikalen Charme des nordirischen Landsitzes und die Eleganz seiner Gärten widerspiegeln sollte. Die gelieferten Tische, Bänke und Stühle der Titan-Kollektion wurden im Außenbereich des Cafés aufgestellt und bieten bis zu 56 Gästen gleichzeitig Platz. Sollte in dem stark frequentierten Café einmal etwas verschüttet werden, kann das Holz des Mobiliars von den Mitarbeitern des Montalto einfach wieder aufpoliert werden. Diese Möglichkeit gepaart mit der hohen Qualität der Möbel war für den Landsitz ein wichtiges Argument – und hat dazu geführt, dass der hauseigene Shop sogar eine kleine Auswahl aus der Titan-Kollektion anbietet. „Wir verstehen uns nicht als gewöhnliche Touristenattraktion“, meint Marketingmanagerin Tracy O'Toole. „Unser Laden bietet vor allem Premium-Erzeugnisse, die im Einklang mit der Montalto-Marke stehen und die unsere Kunden sicherlich lieben werden.“

## Refined Mallorca, Mallorca, Spain

Inspiration

Background: Refined Mallorca, a property development portfolio team that promotes the 'real Mallorca', likes to do things on the small-but-perfectly-formed scale. Co-director and part-time viticulturist Klaus Heinemann explained that the business only takes on one very select property a year to renovate and then rents out to its discerning customers. "Our properties are in prime locations," Klaus tells Barlow Tyrie, "We have penthouse apartments in central Palma with stunning views of the cathedral as well as beautiful houses in the countryside." He went on to explain the business' background, "In around 2006, my business partner and I started developing properties in Amsterdam and discovered Barlow Tyrie furniture in the process. We then found there was an opportunity to develop in Spain, but on a larger scale. Now we spend more time here when the weather is good and don't have to deal with too much of the rain in Amsterdam!"

Solution: Refined Mallorca's Finca Son Fomes site sits on 50 acres of land and is located in a rural idyll far from the tourist-heavy crowds of Palma. Each property has its own private space, set far back from any roads. The team placed Barlow Tyrie furniture brought over from a previous Amsterdam roof terrace project which included Horizon sun loungers, dining tables and chairs. Klaus and his team were amazed to find that, with a little bit of cleaning effort, the chairs and loungers (now already over ten years old) were made to look like new again. This longevity has given Refined Mallorca confidence to not only complete their current rental portfolio with Napoli parasols and classic London benches but also acquire further Barlow Tyrie ranges for their third upcoming Finca Son Fomes residence due for completion in 2021.

Instagram: @sonfomes therealmallorca

Hintergrund: Refined Mallorca, ein Immobilienentwicklerteam, das seinen Kunden das „echte Mallorca“ vermitteln will, operiert in kleinem, aber feinem Rahmen. Codirektor und Teilzeit-Weinbauer Klaus Heinemann erklärt, dass das Unternehmen jedes Jahr nur ein einziges handverlesenes Objekt renoviert und dann an anspruchsvolle Kunden vermietet. „Unsere Objekte befinden sich in den besten Lagen“, so Heinemann. „Dazu gehören Penthouse-Apartments mitten in Palma mit fantastischem Blick auf die Kathedrale ebenso wie reizvolle Häuser auf dem Land.“ Er erzählt auch ein wenig über die Geschichte des Unternehmens: „Etwa 2006 begannen mein Geschäftspartner und ich mit der Entwicklung von Immobilien in Amsterdam. Dabei entdeckten wir die Möbel von Barlow Tyrie. Dann stellten wir fest, dass sich auch in Spanien Chancen für die Immobilienentwicklung boten, nur in größerem Rahmen. Jetzt verbringen wir bei gutem Wetter mehr Zeit hier und entkommen so dem Amsterdamer Regen!“

Lösung: Die in 20 Hektar Land eingebettete Finca Son Fomes von Refined Mallorca ist ein ländliches Idyll fernab der Touristenströme von Palma. Jedes Haus hat seinen eigenen Privatbereich und ist weit ab von der Straße angesiedelt. Das Team importierte Barlow Tyrie-Möbiliar von einem früheren Dachterrassen-Projekt in Amsterdam, darunter Horizon Sonnenliegen, Esstische und Stühle. Zu ihrer Überraschung stellten Klaus und sein Team fest, dass die (bereits über zehn Jahre alten) Stühle und Liegen nach einer Reinigung wieder wie neu aussahen. Diese Langlebigkeit überzeugte Refined Mallorca, nicht nur seine derzeitigen Mietobjekte mit Napoli-Sonnenschirmen und klassischen London-Bänken zu vervollständigen, sondern auch weitere Sortimente von Barlow Tyrie für seine dritte Finca Son Fomes Residenz zu wählen, die 2021 fertiggestellt werden soll.

## Private Residence, W. Sussex, UK

### Inspiration

Background: Continuous views are essential to the owner, which is no surprise when one takes in the breathtaking 180-degree vista of England's south from the garden. In addition, the client wanted to enjoy the synergy of the landscape against both the old and new parts of the house from where the dining area has been built.

Solution: Quite simple really - the client needed the dining table to be big! The weight of the table was also crucial as it can get windy in this very open space in the south of England - aluminium would simply blow away. The material of the dining suite needed to be sympathetic to both the early 20<sup>th</sup>-century stonework and the new glass and timber parts of the building. Barlow Tyrie's Horizon and Apex collections met this need. The dark translucent seat sling coupled well with the anthracite pillars of the new part of the building, while the honey-coloured teak table and chair frames reflect the design of the timber soffits. Join these aspects with a gently curved design, and the choice was a simple one.

Challenges: As with many brands, the COVID pandemic affected delivery logistics. However, this was put right by Barlow Tyrie's skilled team who set up the furniture as a gesture of goodwill.

Hintergrund: Dem Besitzer war eine ununterbrochene Aussicht wichtig – was keine Überraschung ist, beinhaltet diese Aussicht vom Garten des Hauses aus doch einen atemberaubenden 180-Grad-Blick über Englands Süden. Darüber hinaus wünschte sich der Kunde, von dem neuen Essbereich aus das Zusammenspiel zwischen der Landschaft und den alten und neuen Teilen des Hauses genießen zu können.

Lösung: Eigentlich ganz einfach – was der Kunde brauchte, war ein großer Esstisch. Ausschlaggebend war dabei ein solides Gewicht des Tisches. Auf dieser sehr freien Fläche im Süden Englands kann es durchaus windig werden und einen Aluminiumtisch hätte es daher leicht weggeweht. Auch sollte das Material der Essgarnitur zum Mauerwerk aus dem frühen 20. Jahrhundert und zu den neuen Glas- und Holzelementen des Gebäudes passen. Die Horizon- und Apex-Kollektion von Barlow Tyrie entsprachen diesen Vorgaben. Die dunkle, durchscheinende Bespannung der Stühle harmoniert ansprechend mit den anthrazitfarbenen Säulen des neuen Gebäudeteils, während das honigfarbene Holz des Teaktisches und der Stuhlrahmen das Design der hölzernen Dachuntersichten widerspiegelt. Verband man diese Aspekte mit einem leicht geschwungenen Design, so fiel die Wahl nicht schwer.

Herausforderungen: Wie für viele andere Hersteller brachte die COVID-Pandemie Herausforderungen bezüglich der Lieferlogistik mit sich. Als Geste des guten Willens übernahm das Fachteam von Barlow Tyrie daher den Aufbau der Möbel.

## Private Residence, New Jersey, USA

Inspiration

Background: Creating a modern and welcoming open space for relaxing, bathing, and dining during the spring and summer months is never easy. The homeowner contacted Barlow Tyrie USA stockist, The Wickery in November 2019 during the build phase of the project to help recommend outdoor furniture. The main objective? No throw cushions!

Solution: A modern look was the key objective. Aluminium frames with teak arms were recommended as a way to soften the sometimes cold and 'industrial' feel of all-metal frames. Barlow Tyrie's Aura 10-seater dining set, along with four Aura high dining chairs for the bar met this need and budget. The colour of the chair sling matched the previously purchased lounge suite. 'Having sling-backed chairs helped remove the need for fluffy, dated looking cushions.' said The Wickery MD Panatda. 'The client wanted to ensure that the teak on the chairs would not crack. Barlow Tyrie's 100-year heritage, service level, and high-quality manufacturing processes helped waylay any fears and give the client an informed and confident choice.'

[thewickery.com](http://thewickery.com)  
Facebook & Instagram: @thewickery

Hintergrund: Einen modernen, einladenden Außenbereich zum Entspannen, Baden und Essen in den Frühlings- und Sommermonaten zu schaffen, ist keine einfache Sache. Der Besitzer wandte sich im November 2019 in der Bauphase des Projekts an The Wickery, einen Händler von Barlow Tyrie USA, mit der Bitte um Empfehlung von Gartenmöbeln. Sein Hauptanliegen dabei? Bloß keine Zierkissen!

Lösung: Der Kunde wünschte sich vor allem einen modernen Look. Barlow Tyrie empfahl für die Bestuhlung daher Aluminiumrahmen in Kombination mit Teakarmen, um den manchmal kalten und „industriellen“ Eindruck von reinen Metallrahmen aufzulockern. Eine 10-Sitzer-Essgarnitur aus der Aura-Kollektion von Barlow Tyrie und vier hohe Aura-Esstühle für die Bar erfüllten diesen Anspruch ebenso wie die Budgetvorgaben. Die Stuhlbespannung war farblich auf die bereits vorhandene Lounge-Suite abgestimmt. „Die Slingback-Stühle ermöglichten es, ohne altmodische flauschige Kissen auszukommen“, erklärt Panatda, Geschäftsführerin von The Wickery. „Der Kunde wollte sicher sein, dass das Teakholz der Stühle keine Risse bekommen würde. Die 100-jährige Erfahrung, der Service und die hochwertigen Herstellungsprozesse von Barlow Tyrie halfen, diesbezügliche Bedenken des Kunden auszuräumen und ermöglichten ihm eine fundierte und sichere Kaufentscheidung.“

## Parasols

# Napoli

Napoli Parasol 2.8 with tilting action

The eucalyptus poles and struts are accented with either nickel-plated, solid brass or aluminium and stainless steel fittings, for a first class finish. A very durable matte finish urethane is applied to all wood surfaces. Engineered with tilting, pivoting or telescopic mechanisms.

Die Stangen und Streben aus Eukalyptusholz sind mit Armaturen aus Vernickelung, massivem Messing, Aluminium oder Edelstahl abgesetzt, die den Sonnenschirmen ein hochwertiges Finish verleihen. Alle Holzoberflächen sind mit einer lang haltbaren, matten Urethanbeschichtung versehen.

## Materials & Accessories

## Cushions

Our cushions are manufactured using Sunbrella®, a colourfast fabric that is made from a durable, all-weather, 100% solutiondyed Teflon® coated acrylic fibre. This fabric repels water, but cushions should not be left out in heavy rain for prolonged periods. If cushions do become saturated, place them on edge until dry.

Most fabrics are available in Sunbrella® Standard and Sunbrella® Rain® fabric. Rain® fabric has an additional barrier that makes the fabric waterproof and the surface of the cushion quick drying. Please note that although the fabric is waterproof, zips and venting will allow ambient moisture from the atmosphere to enter the cushion. Please do not store cushions until dry. There is an additional charge for cushions in Sunbrella® Rain® fabric.

### Ordering cushions

When ordering cushions, please suffix the fabric colour code to the cushion code. For stock colours outside the USA please see our current selection opposite. If the waterproof Sunbrella® Rain® option is required, please add a 'V' to the fabric code, e.g. Natural = 5405 V.

### Sunbrella® features:

- The unique formula of Sunbrella® fabric together with their high production standards make the fabric easy to clean and fade resistant
- Please note that standard stock colours may not apply to the USA stockists. Due to the vast choice available from Sunbrella® fabrics, we bespoke manufacture our cushions and pillows to order
- In the USA, selected Sunbrella® Rain® fabrics are available as an option

- Please note when ordering cushions in USA – the fabric name, colour and/or fabric code used are sometimes different
- Note: Sunbrella® Taupe cushion colour has two different codes, in the European Collection 3729 which is fire retardant and in the North America Collection 5461 V is available as Rain® V77 fabric

### Are our fabrics waterproof?

Yes – we have cushions in Sunbrella® Rain® fabric that has an additional barrier finish, which makes the fabric waterproof and quick drying. The zips and vents are not waterproof but are protected from rain by a folded flap. Cushions should be placed with the flap down, as illustrated to the right.

Cushion covers are designed to provide maximum weather protection with comfort and breath-ability.

### Optional waterproofing for your cushions

When ordering cushions, please suffix your fabric code to the cushion code. If the waterproof option is required, please add (V) to the fabric code, e.g. 5404-V Natural. There is an additional charge for Rain® barrier finish fabrics. If you require help in choosing your cushions then please telephone or email your enquiry – please see our website for contact details. [www.teak.com](http://www.teak.com)

### How do I clean cushions?

One of the best ways to keep your cushions looking good and to minimise the need for deep or vigorous cleaning is

to properly maintain the fabric. You can do this by brushing off dirt before it becomes embedded in the fabric and, wiping or spot cleaning spills as soon as they occur. A stain repellent may be applied to the fabric. A comprehensive guide to cleaning various spills is available on the Sunbrella® website.

After cleaning cushion and parasol fabric we recommend the use of 'Barlow Tyrie Fabric Weather Guard' (4FWG). It is easier to leave the cushion covers on during the cleaning process. Cushions that are cleaned before storage will be ready and waiting for the sun to shine. Please do not store cushions until fully dry.

For cushion colours please check the fold out swatch on the inside back cover

## Slings & Cord

### Atom, Aura, Equinox, Horizon, Mercury, and Monterey

All slings are made either from Textilene®, a woven PVC-coated polyester yarn or Sunbrella® woven fabric, for extra luxury.

Focusing on subtle patterns that read as textures, Sunbrella® sling allows you to achieve an elevated indoor aesthetic in an outdoor setting. These materials guarantee that our slings are strong, durable, mildew resistant, and require the minimum of maintenance. After rain, a light tap and any water simply drops off. To keep your Sunbrella® fabrics and Textilene® slings in optimum condition we recommend using 'Woven & Sling Non-Foam Cleaner' (4WTC).

The Atom armchair seat is made from Denim Sunbrella® sling fabric to create a clean line that is comfortable. Our elegant Monterey armchair is built using quality materials and refined construction methods, combining a sculpted solid teak frame. The seat and back use braided all-weather cord that's a woven blend of Olefin fibre (a key feature is its colour-fastness) and all-weather Textilene®, making it rugged but with a soft hand. Monterey offers a choice of two cord colours: .400 Brown or .401Chalk.

### Atom, Aura, Equinox, Layout, Mercury, Monterey and Titan

These products are powder coated to give a long period of maintenance free service with a stunning visual effect. We use an environmentally-friendly process to clean and etch the aluminium and stainless steel before applying a high quality oven-fired powder coating.

Equinox, Layout and Mercury offer powder coated dining side chairs, armchairs and settees, using a 'marine grade' stainless steel frame and seating in complimentary sling colours.

The Equinox extending dining table 360 features a .01 Graphite powder coated frame with a .808 Dusk ceramic top or a .02 Arctic White frame with a .806 Frost ceramic top. Monterey tables have a .02 Arctic White frame with a .806 Frost ceramic top or a .01 Graphite frame with a .805 Oxide ceramic top.

### Product care and maintenance

For powder coated finishes it is important that the finish is cleaned regularly using a solution of mild detergent in warm water to retain the aesthetic qualities and the expected long term durability. Surfaces should be cleaned using a soft cloth, sponge or a natural bristle brush, avoiding abrasive materials that may damage the finish. The frequency of cleaning depends upon the environment in which the products are placed but as a general guide an annual clean will suffice in most urban environments. In areas of high pollution, such as marine and swimming pools, cleaning should be carried out on a more frequent basis.

Localised damage to powder coated finishes can generally be successfully repaired. The exact techniques depend on the nature and extent of the damage. Powder-coat is a "dry" baked on finish, not a "wet" applied paint, therefore, our "wet" touch-up paints do not exactly match the original colour.

**Note:** Aura collection is available in 3 colourways for Frame and Textilene® sling:

- .01.500 Graphite + Charcoal
- .02.505 Arctic White + Pearl
- .04.502 Champagne + Titanium

The Equinox dining side chair and armchair plus the Mercury armchair are available in 2 colourways: .01 Graphite and .02 Arctic White powder coated frame, with bespoke matching fabric slings. The Titan products (right) are part of our Rustic Teak range of furniture. The serving table features an insulated ice box for drinks, drawers, bottle racks and a removable table extension leaf. The collection includes an extremely comfortable stacking armchair with shaped rustic teak back and seat on a black powder coated aluminium frame available in .08 Black. Touch-up paints for our furniture collections are available, to repair any damage that might occur during its lifetime of domestic use.

We offer our ceramic tabletops in 'high-fired' ceramic that are ideal for outdoor use; scratch-proof, weather-resistant and attractive. All ceramics have a wipe clean surface with good colour stability

Monterey ceramic tabletops are available in Oxide and Frost and the Equinox ceramic tabletops, including our extending tables, use Frost and Dusk. Please note that we supply the Mercury serving table (2MES) with a standard ceramic top in Nero Black but we have a selection of optional ceramic tops (2MEST) as follows: .805 Oxide; .806 Frost and .808 Dusk.

### Ceramic features:

- Ideal for outdoor use; scratch-proof, weather-resistant and long-lasting beauty
- Wipe clean surface and good colour stability
- A 'high-fired' Italian ceramic that is very functional

### How do I care for ceramic surfaces?

Ceramic resists scratching and is not harmed by organic and inorganic solvents, disinfectants, and detergents. It can be easily cleaned without affecting its surface characteristics. We recommend using no more than soapy water and a sponge to maintain the aesthetic and practical qualities of this exceptional material.

### The aesthetic properties

The ceramic sheets we use are very large, which makes them ideal for a one-piece table top. In addition to being functional this 'high-fired' Italian ceramic has a lot of design detail.

### What are the features of Laminam ceramic?

Manufactured using advanced techniques, the sheets combine reduced thickness and large size with very high resistance to mechanical stresses, chemicals, wear, scratches, deep abrasion and bending, are easy to sanitise, resistant to frost, fire, mould and UV rays. All the features and chromatic properties of the sheets are unalterable, and remain unchanged over time and in the presence of all kinds of weather conditions. A revolutionary material respectful of the environment: natural raw materials, sustainable technology, products entirely recyclable are the basis of Laminam's green policy. Reaction to fire means "degree of participation of a material in the development and propagation of fire to which it is subjected"; as regards this feature, materials like Laminam is assigned to European classes according to their increased degree of participation in combustion, in accordance with standard EN 13501. The reaction to fire therefore assesses the higher or lower propensity a

material has to participate in a fire. While the fire resistance, which is a property related to a system or a structure and not to a single material, is different. Laminam does not contain organic material therefore it is resistant to fire and high temperatures. In the event of fire it does not release smoke or toxic substances.

### Innovation

Ceramics have thicker, single layer sheets with a fibreglass mesh backing designed to ensure surface evenness. Often referred to as 'high-fired' due to the fact it is baked/fired in an electric kiln at exceptionally high temperatures (around 1220°C / over 2000°F) to produce a porcelain product that has high surface strength. The scientific term is sintering, the process of compacting and forming a solid mass of material by heat. These fine sheets are then cut, profiled, and polished by hand to give a smooth soft edge. This Italian made ceramic makes our tabletops exceptionally resistant to breakage. This product has many exceptional features, including;

- Non-porous, meaning it is naturally anti-bacterial and hygienic
- Does not require annual sealing unlike natural marble and granite
- Frost proof; winter snows will not harm it.
- Scratch-, stain- and UV-resistant properties

## Inscriptions

Our inscription service is available for most of our teak armchairs, benches, and seats. The inscription is normally placed on the top rail but could be on the rail under the chair seating or on a table top. This 3D-lettering is carved in a traditional serif typeface using a 'V'-cut, which allows the inscription to be read easily from the side as well as from immediately in front, which is an advantage over a standard 'straight-cut' letter.

As an alternative to carved inscriptions, we offer bronze plaques with lettering set in cream vitreous enamel. A choice of lettering and font styles is available. The finished plaque is then recessed into the face of the rail and held in position using a special hidden vandal-proof fitting.

### Inscription service and bronze plaque features:

- 3D-lettering is carved in a traditional serif typeface
- We use a 'V'-cut inscription, that is easily read from the side and immediately in front
- We offer bronze plaques, unique and bespoke in design, and we can make these to length

### Carved Inscription – Serif font

Our carved inscription service may be used on most of our teak armchairs, benches and seats. We normally supply the inscription in capital letters using a Times New Roman serif font at 2.5cm (1") in height. If more than one line of text is required we might need to reduce the height of text depending on the model of seat. The maximum number of characters and length of an inscription will depend on the seat model, the length of the seat, the height of text, whether upper or lower case or the font used. Our Rothesay seat allows 3 rows of text whilst other seats can only accommodate up to 2 rows. Times New Roman is our

standard font but we are able to supply bespoke inscriptions in other fonts plus inscriptions in foreign language scripts such as Chinese or Arabic. We can supply teak panels in a seat back with a logo or a club crest.

### Bronze Plaques

Our bronze plaque service may be used with most of our seats and benches. We supply as standard a 57mm deep (approx. 2") bronze plaque with 6mm – (0.25") block letters, see detailed image opposite.

However we can supply plaques to any size and lettering in any font – please inquire.

### Bronze Plaque Letters

The engraved lettering is filled with vitreous cream enamel that is not affected by an outdoor environment. Alternative soft fillings, offered by other suppliers and often used on plaques sited inside a building, are totally unsuitable for use outdoors and should be avoided. Our plaques are recessed to finish flush with the surface of the seat rail with a hidden fixing that leaves the visible face of the plaque clear and makes its unauthorised removal difficult. Plaques allow you to be creative with your choice of font or image.

## Cushion colours

Our cushions are manufactured using Sunbrella®, a colour-fast fabric that is made from a durable, all-weather, 100% solution-dyed, Teflon®-coated acrylic fibre. This fabric repels water, but cushions should not be left out in heavy rain for prolonged periods.

Rain® fabric has an additional barrier that makes the fabric waterproof and the surface of the cushion quick drying. Although the fabric is waterproof, zips and venting will allow ambient moisture from the atmosphere to enter the cushion. All cushions should be allowed to fully dry before being stored. There is an additional charge for cushions in Sunbrella® Rain® fabric.

## Polsterfarben

Unsere Polster bestehen aus Sunbrella®, einem farbbeständigen Stoff aus strapazierfähiger, wetterbeständiger, 100% durchgefärbter, Teflon®-beschichteter Acrylfaser. Das Gewebe ist wasserabweisend, die Polster sollten jedoch nicht längere Zeit starkem Regen ausgesetzt werden.

Der Stoff Rain® verfügt über eine zusätzliche Schutzschicht, die den Stoff wasserdicht macht und die Oberfläche des Kissens schnell trocknen lässt. Obwohl der Stoff wasserdicht ist, kann Feuchtigkeit aus der Umgebung durch Reissverschlüsse und Luftschlitze in das Kissen eindringen. Alle Kissen sollten vollkommen trocken sein bevor sie gelagert werden. Für Kissen mit dem Stoff Sunbrella® Rain® fallen zusätzliche Kosten an.

Whilst great care has been taken to reproduce fabric and material colours as accurately as possible, it should be noted that due to the limitations of the litho-printing process, we cannot guarantee that the reproduction accurately represents true fabric textures and colours. Please take this into consideration as colours illustrated should only be used as a guide. Some images may contain discontinued fabric colours and furniture ranges.

Wenngleich große Sorgfalt darauf verwendet wurde, die Stoff- und Materialfarben möglichst genau zu reproduzieren, kann aufgrund der Einschränkungen des Litho-Druckverfahrens nicht garantiert werden, dass die Abbildungen die tatsächlichen Texturen und Farben hundertprozentig korrekt wiedergeben. Die dargestellten Farben sollten daher nur als Richtschnur verwendet werden. Manche Bilder enthalten möglicherweise Stofffarben und Möbelsortimente, die nicht mehr geführt werden.
