Subject: New Bedford -- Time of Year Restrictions
Date: Wednesday, May 22, 2013 6:34:19 PM

All – I did a little research, and located the linked report, below. It indicates that MA DMF's recommended TOY restrictions for Fall for the Acushnet River and New Bedford Inner Harbor runs through November 15. Relevant species, whose presence is based on recent (<10 years) documentation, include diadromous fish (see Appendix B).
