DRAGONS WEAKEN IN SECOND HALF, LOSE TO URSINUS

Home Team's Strong Defense Too Much for Drexel Clan; Score 35-31

LOSE IN EXTRA PERIOD

Fresh from a double victory over Gallaudet and George Washington, the Dragon basketeers traveled to Ursinus on March 3 and were hand-Ursinus on March 3 and were handed a setback, 35-31. Sporting a ninepoint lead at the end of the first
half, the Drexelites faded under the
Bears' second-half rally, and were
nosed out by two field goals in an
extra period. The game was packed
with thrills and beautiful plays, all
of which were of no avail to the
Blue and Gold.

Ursinus secred first blood when

Ursinus scored first blood when Sterner, Bear forward, dropped a per-fect shot from mid-floor. Immediate-ly with Eckelmeyer at his heels, Sterner dropped another field goal, giving Ursinus a four-point lead. "Antelope" Bublitz scored first for "Antelope" Bublitz scored first for Drexel on a one-handed shot from the corner of the court, and Johnson followed closely with a long goal. The Drexel team seemed capable of getting nowheres through the Ursinus defense, and had to satisfy itself with long shots.

Johnson again dropped a field goal Johnson again dropped a field goal after Redmond had scored two foul attempts, bringing the score to 8-4. Then Bublitz dribbled the entire length of the floor and passed back to Redmond, who added another basket. Here Halas substituted Reynolds for Captain Johnson, and Ursinus subbed Miller, at center, for Paul. On time in, Eckelmeyer, with a long toss, bagged a two counter, closing the half 17-8.

The entire Ursinus team was comprised of football letter-men, but their actions were nothing like football tactics, as the last half proved.

ball tactics, as the last half proved.

Coming in for the last period,
Sterner and Lodge engineered a double pass to score for Ursinus and
Redmond, fouling Sterner, caused another Ursinus point to be added.
Sterner dribbled in past the defense
and grabbed a field goal, leaving
Drexel asleep on their feet. Again,
Sterner, on a pass from Lodge, gained 2 points. Drexel time.

Johnson on the time-in scored two perfect baskets in quick succession, but Sterner, not to be outdone, added two more field goals for his cause. Doderer, Bear guard, fouled by Bublitz, tied the count at 21. Here the score started to whizz back and fourth with first Devole scoring and forth, with first Drexel scoring and then Ursinus. Lodge carried the burden of the Bear attack, while Yunker, who subbed for Reynolds,

(Continued on Page 3)

ALUMNI GOAL TOSSERS DEFEAT VARSITY TEAM

Tucker, Dobbins and Hey Show Flash and Speed

Lead by "Art" Tucker and "Curt" Dobbins, the Alumni team defeated the Drexel varsity 38-32 in their annual fray played in Curtis Hall March 13.

"Bill" Stevens, graduate manager of athletics, directed the Alumni team and sure made a capable job of it. Tucker, star forward of Drexel team for the last four years, scored six field goals and a foul in twenty minutes of play of the first half. All of these points were made as a result of spectacular playing and keen shooting. "Al" Hey, 1929-30 captain, came second in individual honors with four field goals and four fouls. Captain-elect Eckelmeyer and Joe Holt were high scorers for the varsity, with nine and seven points, respectively.

The game was entirely a one-sided affair; the Alumni merely toying with their men in the latter half. However, some good—very good—vary was availinted during the "Bill" Stevens, graduate manage

with their men in the latter hair. However, some good—very good—playing was exhibited during the course of the evening.

The Men's A. A. and the Women's A. A. sponsored a dance in the Great Court following the game. Music was supplied by the Drexelians and they gave the Alumni dancers a real treat to some good music.

Al Eckelmeyer

AL. ECKELMEYER 32 COURT LEADER

Captain-elect Has Starred At Guard for Past Three Seasons

"Al" Eckelmeyer graduated from Northeast High, Philadelphia, in 1928, and entered D. I. in the fall of the same year. At Northeast, "Eck" was credited with two years' varsity play in both football and basketball.

Eckelmeyer was a member of the Eckelmeyer was a member of the Jayvee gridiron squad in '28 but has never played varsity football at Drexel. In 1929, at the training camp in Lenape Park, Eckelmeyer was stricken with appendicitis and was operated on at the West Chester Homeopathie Hospital. Nevertheless, the following winter, "Eck" was right there with the basketball men and he played in every game that season.

At the Lodge at Newtown Square last fall, Eckelmeyer was injured during the football training period and because of his knee injury, was again barred from competition. But again, he was active in the 1930-31 basketball season. This is "Eck's" third season on the court and in those three years he has been a most outstanding quard. outstanding guard.

Eckelmeyer was chosen captain of the 1931-32 team on March 14. In this capacity we can be assured that he will lead his court squad through a most successful season. Good luck, "Eck"!

The captain-elect is a pre-junior in the Civil Engineering School. Eck-elmeyer is 20, six feet tall, and weighs 180 pounds.

FAMOUS HARP LOCATED IN DREXEL'S MUSEUM

While rearranging the exhibits in the Drexel Museum a harp that once belonged to Thomas Moore, famous Irish poet, was located.

Green, and covered with gilt sham rocks, the harp was called to the attention of Drexel students on St.

Patrick's Day. The instrument was presented to the Drexel Museum in 1911 by the late George W. Childs, patron of Drexel Institute and close personal friend of the late founder, Anthony J. Drexel, who had purchas-

ed it from Mr. Moore's family.

It is of the style that was used as a model for the improved Ameras a model for the improved American harp and was made by John Egan, noted Dublin harp maker of the early 19th century. The exact date of the instrument has not been ascertained but it is believed to have been made during Tom Moore's youth, in the early 1800's.

CORRECTION

In the last issue of the In the last issue of the TRIANGLE an error was made which we desire to correct at this time. In the article concerning the "Streets of New York," Lieutenant Nelson was erroneously credited with having portraved the part of the butler. Mr. Simons, of the Chemistry Department, having played that part.

Quick Action of Pre-Junior Checks Fire in Machine Shop

A disastrons fire in the machine shop tool-room, in the main building basement adjoining the men's locker room, was averted by the quick level headed-action of Kenneth B. Conner, headed-action of Kenneth B. Conner, on Friday morning, March 13. As Conner, a pre-junior in the Mechanical Engineering School, entered the locker room at 8.30 in the morning, he noticed the machine shop was filled with smoke. Instead of losing his head and becoming excited, he got a fire extinguisher from the wall nearby, broke the glass in the shop door, and put out the fire in a few minutes.

minutes.

The flames were confined to the rack of drawers in the tool room. The cause of the fire is as yet undetermined. The only explanation that carries any weight is, that the fire started as a result of spontaneous combustion. Conner's quick work prevented any serious damage, and the destroyed rack can be easily replaced. placed.

placed.

When Dr. Matheson learned about the incident he said, "I wish to commend very cordially Mr. Conner for his effective action under the stress. If he had become excited or had acted in any other way, the result might have been quite serious for Drexel Institute. It is my pleasure to extend to him our thanks and congratulations for his loyal and effective action."

PROF. MacDONALD TALKS ON HUMANISM TO CLASS

On Wednesday, March 4, the class in library science had the pleasure of hearing Prof. MacDonald lecture on hearing Prof. MacDonald lecture on his pet subject, Humanism. Though he confessed to a violen anti-human-ist bias, he succeeded in conveying to the class an excellent idea of the new philosophy. He characterized the more prominent figures on both sides of the controversy, sketched the Humanists' Pecksniffian principles, and enlarged on them in an extreme-ly lucid way.

DREXEL-PENN HOLD DEBATE

Blue and Gold Team Awarded Decision by Loyal **Home Audience**

The Drexel Debating team held its first debate March 11, in the Art Gallery. The University of Pennsylvania was the opponent, upholding the negative side of the question: "Resolved, The United States Should Recognize the Present Government." "Resolved, The United States Should Recognize the Present Government of Russia." The affirmative side was taken by the following representatives from Drexel: Franklin W. Mc-Curdy, Zander H. Deiter, and Alfred H. Mc-Kinney. Those who represented the University of Pennsylvania were: Harold S. Susskind and John M. Smith, Jr. The decision was awarded by the audience for the affirmative.

affirmative.
Professor Edward D. MacDonald acted as chairman of the debate. In acted as chairman of the debate. In his introductory speech he complimented the Drexel men upon their initial attempt at debating, representing Drexel Institute as a whole, and not of any one special department within the college.

Some of the following arguments were set forth by the affirmative side: "Under the International Moral Law we should recognize and allow Soviet Russia to enter our family of nations. If a country has met

ily of nations. If a country has met the following conditions she should be allowed to enter: control of her be allowed to enter: control of her government, the acquiescence of her people to pay national taxes, and the willingness of a country to discharge its obligations." The above conditions have been complied with by Russia according to the affirmative. During the time which preceded the giving of the rebuttal, a piano selection was given by Miss Hope Chapman, of Upper Darby. The title of the selection was Lizst's "Hungarian Rhapsody," and was rendered in a most pleasing manner.

After the debate, Professor Mont-(Continued on Page 2)

LIBRARY SCHOOL MEETS **DISTINGUISHED VISITORS**

The school of library science had two distinguished visitors Tuesday morning. Mademoiselle Marguerite Dumont, a representative of the

morning. Mademoiselle Marguerite Dumont, a representative of the French publishing house Association Guillaume Bude, lectured to the class on Libraries in France and Publishing in France.

Axel O. Waldmar, second librarian of the city public library at Stockholm, Sweden, inspected the school and attended the lectures. Wednesday morning he lectured to the class himself.

FROSH SMOKER **HELD AT LODGE**

Music, Ventriloquism and **Noise Imitation Feature** Entertainment

The Interfraternity Council Smoker for the Freshmen, held on Thursday evening, March 12, at the Drexel Lodge, was a great success. It would have been a greater success if there had been a better turnout of Fresh-

have been a greater success if there had been a better turnout of Freshmen.

The yearlings were addressed by Dr. Hanson, Mr. Van Tine, and Mr. Stamm, president of the Interfraternity Council. Several skits and recitations were presented and were enjoyed immensely by the men present. A nine-piece orchestra playing snappy tunes added to the festivities of the evening.

Mr. Stamm, chairman of the evening, welcomed the men present and explained the purpose of the Interfraternity Council at Drexel. He introduced Dr. Hanson, faculty advisor to the council, who gave a detailed explanation of the rushing system as employed here, and who also explained the qualifications of a man before he can receive a bid. He urged the men to choose carefully if they should receive more than one bid, the fraternity which had the best aims and purposes and not the most athletes or the best house.

Mr. Van Tine, the next speaker, asked the men not to be dead-wood but to do something for their school or their organizations; to give something and not to expect their organization to do everything for them.

Mr. Wagner, a member of the Freshman class, gave a elever bit of ventriloquism. He was aided in his act by his talking doll. It was done very well and he was called back several times by the continued applause. Tommy Connors, Drexel's football trainer, and boxer, recited (Continued on Page 4)

football trainer, and boxer, recited (Continued on Page 4)

Alpha Mu Team Wins Third Consecutive Interfraternity Basketball Championship

The Alpha Upsilon Mu basketball team has completed its third undefeated season in the Interfraternity League, and thereby wins permanent possession of the plaque awarded by the Interfraternity Council.

ed by the Interfraternity Council.

In 1929 the Mu's team consisted of Davidson and Robinson, guards; Matz, center, and Bisport and Kingdon at forwards. They won the championship by giving Phi Kappa Beta its only defeat of the season by a 31-28 score. The next year found Robinson and Kerns at guard, Chew at center, and Gray and Kingdon "up front." This was a repetition of the previous season, except the Mu's beat the Phi Kaps by 42-27, to clinch the flag a second time.

The third year of the league opened with four clubs competing, and the other teams determined to stop the long winning streak of the Mu's. long winning streak of the Mu's. The most dangerous contender proved to be the Delta Sigma Alpha squad, considerably strengthened over previous years. The loss of Robinson, Kerns and Gray made things look bad for the Mu's, but with Cares and Cardoni at guards, and Warwick at center they continued their streak. Kingdon and Chew

and Warwick at center they continued their streak, Kingdon and Chew playing a fine game.

The Mu's were fortunate in having such a capable coach as John Davidson, former Drexel star, who for the past three years has given time and effort to make the team the success it has been.

DREXEL JOINS EASTERN PENNA. **COLLEGIATE BASKETBALL LEAGUE**

BACTERIOLOGISTS TO

On Tuesday evening, there will be a meeting of the So-ciety of American Bacteriologists. This meeting will be held in the Picture Gallery at 8.15 o'eloek.

Major M. J. Blew, professor in the Drexel Evening School, and W. L. Obald, head of the Department of Biological Sci-ences at Drexel Institute, will be included as speakers on the

SCIENCE FORUM HOLDS MEETING

Native of India Gives Talk March 3 on Customs In Homeland

The Social Science Forum of Drexel sponsored a talk by Godwal H. Moses, B.A., B.Ed., M.A., a native of India and a graduate of Calcutta University and the U. of P., on Tuesday evening, March 3, in the Art Gallery Art Gallery.

Franklin McCurdy was in charge Franklin McCurdy was in charge of the program, and, before Mr. Moses was introduced, three charming numbers were sung by Miss Virginia Kendrick, accompanied by Miss Sara Lewis at the piano. Miss Kendrick and Miss Lewis are students at the Curtis Institute of Masic Music.

Mr. Moses' speech was opened with

Mr. Moses' speech was opened with a brief history of India. This was given with four main headings: The Hindu period; the Mohammedan period; the British period; the awakened period.

The origin of the "caste" system was defined by Mr. Moses in a most interesting way. Many centuries ago the Oriental races separated in-to two classes; one class were labor-ers and the other were the aristoc-racy. There was no "middle class", ers and the other were the aristocracy. There was no "middle class", and living conditions among laborers were unbearable. If a man was a carpenter by trade his sons became carpenters; if he were a barber, his sons learned that trade, and in this way every trade became hereditary.

tary.
It is only in very recent years, (Continued on Page 3)

COACH AND MRS. HALAS HOSTS TO VARSITY SQUAD

The Varsity basketball squad was entertained in a manner royal at Coach and Mrs. Halas's home at Mer-wood Park last Tuesday week. Mrs. Halas had prepared a marvelous din-ner for her gentlemen guests which, according to all reports, was most successful.

Following the dinner, a bridge tournament and a golf tournament was held. Strange to say, Joe Holt won both prizes.

Those who enjoyed the evening

Those who enjoyed the were Gaul, manager; Johnson, cap-tain; Eckelmeyer, Reynolds, Red-tain; Eckelmeyer, Bublitz, Flemmond, Holt, Yunker, Bublitz, Fleming, Cranmer, Cook, Wallace, and Coach Repscha.

DIETETICS CLUB HEARS INTERESTING SPEAKER

On February 26, the Dietetics Club held a dinner at 216 N. 34th St. Miss Gilson, dietitian at the Pennsylvania Hospital, was the guest speaker. Miss Yarde and Miss Gleiser, Drexel dietitian, were also guests and spoke to the girls after dinner. Miss Gilson gave the girls some very valuable information concerning what would be expected of them when they apply for a position—knowledge of their work, ability to work, personality, and such. She also gave the president some material concerning equipment for nutrition work and the perfect tray. These pamphlets have been put on file so that any of the dietitians may look over them.

No Freshmen or Transfer Students Allowed to Play on Varsities

ELIGIBILITY RULE PASSED

Drexel Institute has joined the newly formed Eastern Pennsylvania Collegiate Basketball League, it was announced recently by Dawson Dowell, chairman of the Athletic Council of Drexel, and William J. Stevens, graduate manager of Athletics.

Other colleges which are members are Albright, Gettysburg, Lebanon Valley, Muhlenberg, Franklin and Marshall, and Ursinus.

The league was formed at Reading last month where Coach Halas and W. J. Stevens were Drexel's delegates, but the subject did not come before the Drexel Council until recently, when it approved the rules and regulations.

centry, when it approved the rules and regulations.

The league has adopted most stringent eligibility rules. No freshmen or transfer students may play in league games during their first year. No player may participate in varsity competition for more than three years.

A schedule for the 1931-32 season is now being prepared for the league.

A schedule for the 1931-32 season is now being prepared for the league, and it will provide for away and home games to be played each season. A large cup will be offered to become the property of the college winning it three times, while a smaller cup will be awarded each year to the championship team.

An approved list of officials will be made up and only those on the approved list can be used in league games.

Additional colleges may be admit-

gaines.

Additional colleges may be admitted in the league only by consent of every member of the league. Colleges may withdraw at any time without assigning reason, providing notice is given by February 1st, and the current schedule is played out.

Drexel is among the first of the so-called "small colleges" in the country which is making its eligibility rules as strict as those of the "Big Three"; Harvard, Yale, and Princeton. These rules go into effect next September.

In a recent interview, Coach Halas issued the following statements concerning the change in the athletic policies of the school:

"We have been considering the situation for the last few years, and after a careful study of the existing conditions, have decided to set an example for other colleges in the vicinity. We have kept rather quiet concerning our plans, while other colleges around us have been shouting about over-emphasis, and doing little about it. I am a firm believer (Continued on Page 3)

(Continued on Page 3)

NEW TYPING EQUIPMENT SOON TO BE INSTALLED

48 Desks to Be Equipped With Dictaphones

Forty-eight desks are to be equipped with dietaphone machines soon to facilitate the teaching of type-writing, according to a report from the business school.

The installation of this equipment will make our typewriting department one of the best in this section of the country. In fact, it will be used as a demonstration unit for high schools in this city.

of the country. In fact, it will be used as a demonstration unit for high schools in this city.

Typewriting will continue to be taught by the old method also; but since students learn much more rapidly when taught by dictaphone equipment it will be used more extensively than formerly. At present there is one unit in operation through which eight students are taught at one time. With the installation of the new machines forty-eight students can be trained by the dictaphone method. It opens up interesting vistas in the teaching field. Students who learn more rapidly will be able to advance, while the slower students can proceed at a rate commensurate with their ability.

The teacher will have more time to help students correct faults and build up speed technique. Miss Monk, typing instructor, feels that it will be a wonderful aid to her in teaching students correct and artistic typewriting, and to give them training for the coming secretarial

tic typewriting, and to give them training for the coming secretarial

DREXEL AND INTERCOLLEGIATE SPORTS

SINCE that historic day when Rockne's Ramblers swept over Franklin Field turf for 60 points and a Penn slaughter, things have been "popping" in the world of intercollegiate ath-letics. Almost daily the papers have been filled with news of dissatisfaction and criticism among the campus rulers of sport. The rosters of coaches at colleges large and small have been shuffled like a pinochle deck and now resemble a state of hash. Those of us who have looked have looked in vain for any mention of fair Drexel in the crusade against alleged "over-emphasis." Knute K. Rockne claims that in the minds of those connected with losing teams, and since Drexel has been a consistent winner on the gridiron, that may account for it.

At any rate, now that peace has been restored more or less to the ruffled waters, let us consider Drexel's place in the sport That she has a very definite place is attested by the schedules of her teams and by the favorable publicity in the columns of the daily press. A new advance has been made this past week, when Professors Dowell and Stevens announced the admission of Drexel to the Eastern Pennsylvania Collegiate Basketball League, composed of Albright, Gettysburg, Lebanon Valley, Muhlenberg, Franklin and Marshall, and Ursinus colleges. Under the league rules, no freshman or transfer student may play during his first year of matriculation, and varsity competition is limited to three years. These eligibility rules place the league teams on a par with all major colleges and universities, at least so far as basketball is concerned in 1931. Beginning September, 1932, the

same standards will apply to all major sports.

Perhaps most of the present student body is unaware that prior to 1927 Drexel was somewhat of a joke in sports circles. Poor equipment and playing conditions, plus inexperienced coaching and student apathy combined to make poor teams. With the formation of the Faculty Athletic Council under Dawson Dowell. and the appointments of Graduate Manager Wm. J. Stevens, and Walter H. Halas, as head coach of major sports, the athletic complexion of Drexel rapidly changed. Drexel Field and Curtis Hall gym have provided background for skilled and hard-fighting teams which, while they lost to better opponents always gave their best. Second-half rallies have become proverbial with the wearers of the Blue and Gold, and good sportsmanship is part of the tradition.

Those who have sat on the bench with Coach Halas know him as one who puts his heart in the game, and who can take defeat without losing his temper. His skill as a coach is reflected in the records of his teams. Drexel elevens have won twenty games, tied two, and lost but eight in the past three years. The baseball team won fourteen of twenty diamond tilts last spring, and at the same period the track team, under Coach Leonard, tied for first place in the Central Pennsylvania track meet. basketball season just closed has been a success, for a rather green team won ten and lost ten games, outscoring its opponents for the season. The minor sports teams-rifle and tennis-and the girls' teams in hockey, basketball, and rifle matches have been steadily improving in recent years. It is significant that relations with Southern colleges have been established in baseball and

All this has been done without a flare of trumpets, and, above all, without pampering the athletes. It is a fact that varsity men are required to do the same work as anyone else, and often are good students. This eliminates jealousy found where athletes are segregated and given preference, and gives the student body a personal feeling for the teams. We feel that Drexel has a firm basis of sport administration and that her prestige will continue to grow.

Y.W.C.A. HOLDS WEEK-END RETREAT AT DREXEL LODGE

Discuss General Problems Of Student Life

The week-end "retreat" held by the Y. W. C. A. at the Drexel Lodge. February 28-March 1, was a great success. The group consisted of the Y. W. C. A. cabinet and the presi dents of the various women's organizations representing the women students; Miss Ebersole, representing the faculty; Miss Elizabeth Willing, our Y. W. C. A. secretary; and Miss Katherine Duffield, Metropolitan

Student Leader, from New York.

The purpose of the group was to discuss the problems of leadership, the general policies of Drexel, and to discover the place of the Y. W. C. A. on this particular campus.

Miss Duffield led the discussion. Saturday evening was spent in acquainting her with our Drexel ac-

In the light of existing conditions those phases of student life which seem to present problems were studied, such as the relationship between the student and his fellow students; student and faculty; value of extra-curricular activities; school of extra-curricular activities; school polities; personal honor; student government and others.

ON THE LEVEL

by F. W. HELD, Jr.

Now that exam time is around again, the old question comes up as to the value of final exams. A large number of prominent educators have already come out definitely against

In an effort to get the opinion of Drexel faculty members and students, a TRIANGLE reporter has interviewed a representative and we here present his findings.

The first to be interviewed was

Dr. Matheson.

Reporter — Good morning, Dr. Matheson. The TRIANGLE is conducting an investigation on examinations, and we'd like to get your opinions.

opinions.

Dr. Matheson—Oh, yes; yes indeed.
Have a chair. Cigar? You're from
the TRIANGLE Office I suppose?
Reporter—Yes, yes; I'm a reporter.
I hope to get on the staff some time.
I've been reporting now for—let me
see—be three months come this St. Patrick's Day.

Dr. Matheson-Is that right? Well I certainly hope you make the staff, I certainly do, and if there's anything I can do to help you—
Reporter—Say,—maybe you could speak to Charley Brown about me. I know if you said anything it would be a high help.

be a big help.
Dr. Matheson—I'll get off a letter right away. What's your name?
Reporter — Schwenk, Robert Schwenk. I live in Maple Shade. Schwenk. I live in Maple Shade.
My father has a drug store there. I used to work there at the soda fountain before I came to Drexel.

Dr. Matheson—All right, Robert. I'll be glad to help you along. Stop

I'll be glad to help you along. Stop in again some time.
Reporter (getting up to leave)—
You bet I will and thanks for helping me. Charley'll sure be surprised when you write him a letter about me. (He goes out the door but turns suddenly and comes back into the office.) Say, I forgot all about that examination business I was supposed to ask you about.

Dr. Matheson—What was that?
Reporter—I was supposed to get your opinions on examinations, or something, I forget just what. Any-

your opinions on examinations, or something, I forget just what. Anyhow, it was about examinations.

Dr. Matheson — Well they begin pretty soon now you know. The schedule is up on the bulletin board if you want that.

The next one interviewed was Mr. Hackman, of the accounting depart-

Reporter — Good morning, Mr. Hackman. I'd like to get your opin-

Hackman. I'd like to get your opinions on examinations.

Mr. Hackman—I can't tell you anything about the examinations.
I'm sorry, the only thing I can say now is just study the text and get in all your work, and you shouldn't have any trouble at all.

Reporter—No, no, I'm not asking about my examinations. I'm reporting for the TRIANGLE, and we're just getting the news of some of the

iust getting the news of some of the faculty on the value of examinations. Do you think they should be abol-

. Hackman-What, final exams Mr. Hackman—what, that exams abolished? What are you talking about? You fellows don't want to do any work at all. Now let me tell you. You're going to have a final examination and it's going to be a hard one too, so if I were you I'd cut out this nonsense and get down to some

Reporter next approaches a co-ed he's been admiring for several weeks but has never met. Reporter—Pardon. Have you a

few minutes?

Co-ed—Say! Are you trying to make me?

Reporter-No, honest; I'm just doing my regular work— Co-ed—Well if that's your regular

work you've struck a snag. I wouldn't waste time talking to you even if I knew you. Go on—scram, ya big mug. I don't talk to strange guvs I don't.

guvs I don't. I'm a lady.

Reporter—Of course you're a lady, of course you are, and a very attractive one, too. You certainly are.

Beautiful complexion, beautiful bair, eyes, and your form—Stand back a little—Now turn around, that's right

little—Now turn around, that's right

Oh —gorgeous—man alive—Say,
what's your name?

Co-ed—Marjorie Zulp. I live up
at the student house. Why don't
you come up and see me some time?

You know I'm beginning to like you.
You seem so intelligent. What's your
name?

Reporter—Schwank Rehert

Reporter — Schwenk, Robert Schwenk, I live in Maple Shade. My father owns a drug store there. I used to work in it before I came to

THE REVIEWER'S PENCIL

"PAGAN LADY"

Lenore Ulrich is now appearing at the Garrick in "Pagan Lady," a new play by William Du Bois. Lenore Ulrich is the siren of the stage and the role in this play gives her plenty of opportunity for her best efforts, and she herself would be sufficient excuse for any man to leave a happy

The story is about a young evangelist who goes to Florida to save souls but who meets Dot Hunter and completely forgets his good inten-

The scene of the story is the Chaurangua Hotel, a rendezvous for the captains of the rum-running indus-try on the Florida Coast. Dot is the "moll" of Dirgo Mike, one of the "moll" of Dirgo Mike, one of the barons who run the beer business of the smart gang. Dirgo goes away on a mysterious mission just as the evangelist and his uncle arrive on evangelist and his uncle arrive on the scene. Dot makes a quick ap-praisal of her victim, throws him a couple of inviting glances and his mission as an evangelist is lost for-

It doesn't last long though for the poor evangelist. He has his fling and enjoys it, but then Dirgo Mike comes back and his affair is nothing but a

memory.

The play is very much like "Rain" The play is very much like "Rain" which appeared here last year but it lacks much of the sincerity and effectiveness of that show. It is very good entertainment and Miss Ulrich is irresistable in this role. Russell Hardie as the young evangelist gives a very good performance too. Others in the cast included Leo Donnelly as Dr. Heath, and Jane Ferrell as Nellie.

"YOUNG SINNERS"

One of last season's shows is now One of last season's shows is now appearing at the Forrest under a new name. "Wings of Youth" proved to be one of last season's most successful comedies and under the new name of "Young Sinners" it is now being shown with the same principals who were so well received last year. The play has had long runs in New York and in Chicago, and is brought back here with several changes and improvements in eral changes and improvements in the dialogue that is made so amus-

ing by Dorothy Appleby and John Harrington in their roles of Constance Sinclair and Tom McGuire.

The new title "Young Sinners" is better suited to the story than was "Wings of Youth," for it is a story of sophisticated young people who have chiefly in quest of theills and "Wings of Youth," for it is a story of sophisticated young people who live chiefly in quest of thrills and amusement. The story of the gilded youth with too much money for his own good, who has seen all the sights and experienced all the sensations, but who is taken shrewdly in hand by his young swetheart is defily

but who is taken shrewdly in hand by his young sweetheart, is deftly developed by Mr. Harris.

The manner in which strong-arm methods aid in remaking the dissi-pated youth through the co-operation of a trainer and a girl is convincing-ly told, and Dorothy Appleby is the typically modern girl in her perform-ance as Constance Sinclair. The role of the trainer, Tom McGuire, is very well taken by John Harrington.

DREXEL-PENN HOLD DEBATE

(Continued from Page 1) gomery, of Haverford College, criticised the strong and the weak points of both teams in their arguments and deliverances. Following this, an open forum discussion was held, at which time members of the audience asked questions of the debaters.

Individuals, Corporations and Institutions

have found the insurance service rendered by this organization superior to anything of its kind they had formerly known. DREXEL INSTITUTE is one of our valued clients. All of its insurance is placed by us. May we be of service to you? We cover the field. No insurance risk is too small and none too large to command our attention.

SPORT SHOTS

Drexel, Gettysburg, F. and M., Muhlenberg, Ursinus, Albright and Lebanon Valley have just completed schedules for the first competition in the new Eastern Pennsylvania Intercollegiate Basketball League, which will be in full swing in 1931-1932.

Now that spring is on the way, members of one of the local fraternity houses seem to be indulging in golf in a serious manner. The first requirement is to learn how to putt.

Basketball has "gone its way" and we'll have to wait until next year to see the Dragon cavorting around in its abbreviated costume. "Al" Eckelmeyer will lead the Drexel Eckelmeyer will lead the Drexel court squad in the 1931-32 season. "AI" has been a member of the Blue and Gold team for three consecutive years, and has played in every game. Eckelmeyer is deserving of the captaincy, and he will lead his team through many victories. Congratulations, Eckelmeyer!

The Drexel Athletic Council must The Drexel Athletic Council must be commended on its approval of Coach Halas' recommendation. The new eligibility rule will add much to our standing among the sport world. The action taken here is likely to have a far-reaching effect. Athletics have never been overemphasized at D. I., and we feel that this is a great forward step.

The court squad did not end their season in such a commendable manner. After winning from Susque-hanna; Juniata, Ursinus, West Chester, and even the Alumni teams defeated our Dragon quintet. The Ursinus game was "just too bad"! Even with a lead of nine points at the half, Drexel was not able to stand up under the Bear's attack, and in an extra period were defeated

game—the next night—was a repeti-tion of the previous evening, a defeat 30-27.

Anyone who did not attend the Anyone who did not attend the Alumni game sure missed a "Wow"! Dobbins, Tucker, Hey, Winberger, and Foley—what a team!! Drexel was outplayed 38-32. Tucker, by the way, scored six field goals and a foul in twenty minutes of play.

The track squad is rounding into shape and they look good. The track has been fixed up, and the boys are sprinting away. The first meet is with Delaware on April 18.

Tennis continues indoors as yet, but baseball has taken itself to the outdoor clime. Calhoun leads the diamond squad, and by the looks of the schedule, they'll need plenty of leading!

Coach and Mrs. Halas played hosts to the Varsity basketball squad last Tuesday a week at their home at Merwood Park. According to the guests, Mrs. Halas is no mean cook! What a meal!

Milo L. Schaefer, Jr., is the new basketball manager, and Fred Garner is assistant manager. Schaefer is a sophomore in the engineering school, and is to be commended on reaching the managership so early. Henry D. Gaul, who was manager last year, has acted in that capacity for the past three years. This is quite a record, and again congratulations are in order to Mr. Gaul.

Ursinus, who have been scheduled for 1931 in football, is also sched-uled in 1932. The first game is to be played at home, but the '32 game is at Collegeville.

PENNACS DEFEAT DREXEL IN TENNIS

Tuffts Gives Drexel Winning Game: Players Show Lack of Practice

The Drexel tennis team traveled to the Penn A. C. on Monday night, March 2, and were turned back by a

B. C. Kingdon, captain of this year's squad, met A. L. Burtis, number-one man for the Penn A. C., in the first match. The Drexel captain plainly showed a lack of practice and went down to defeat in two sets, 6-2 and 7-5.

John Bashore, a freshman addi-tion to the squad, showed lots of promise even though he went down to defeat at the hand of the hard-

to defeat at the hand of the harddriving Campbell, of Penn A. C., by
the score of 6-2, 6-3. Bashore displayed a fine technical knowledge of
the game and put up a fine fight before admitting defeat.

Smolens, a member of last year's
squad, went down to defeat at the
hands of Frick, of Penn A. C., by
a 6-3, 6-3 score. Smolens put up a
hard struggle but was no match for
the chop game of his opponent.

John Tuffts, another freshman,
gave Drexel its lone win of the evening, when he defeated King, of
Penn A. C., by a 6-2, 6-4 score. This
new addition to the squad showed a
world of "stuff" and will undoubtedby make the team when it starts its world of "stuff" and will undoubted-ly make the team when it starts its outdoor matches. He plays a hard driving game that is well balanced with a fast-hopping serve and a steady ground game. Tuffts com-pletely outplayed the Penn A. C. representative.

representative.

Bondar and Hughes, a new doubles combination, went down before the teamwork of Nicely and Fritchie in the only doubles match by a 6-0, 6-1 score. Nicely will be remembered as a former captain of Swarthmore and the holder of many tournations and

KAPPA SIGMAS BOW TO PHI KAPS IN FAST GAME

The Phi Kappas defeated the Kappa Sigs in Curtis gym on Feb. 19 by the score of 29-15. The Kappa Sigs, tail-enders in the present league race, threw a scare into the powerful Phi Kap bunch by holding them to a 12-9 score for the first half and outplaying them in the floor. Inability to score from the foul mark cost the Kappa Sigs the game. The Kappa Sigs made but three fouls out of ten tries, while the Phi Kaps converted eleven out of nineteen shots from the foul line.

Larson started the scoring and put

Larson started the scoring and put the Phi Kaps in the lead with two free shots and Marsh followed with another. Passmore scored for the Kappa Sigs, dribbling through the entire opposing team for a beautiful shot. Kirline got two free shots and made one of them good. Mulford fouled Kirline and he made both of the free tries good. Stockham brought the Kappa Sigs up with a long shot from the center of the floor. As the half ended Nailor scored a poke shot from the sidelines to bring the score to 12-9 in favor of the Phi Kaps. Larson started the scoring and put

SCIENCE FORUM HOLDS MEETING

(Continued from Page 1)

during Mahatma Gandhi's time of power in India, that a man of one trade can marry a girl whose father is of another occupation. Mr. Moses then explained the ancient custom of Indian women wearing veils. The Mohammedan tribes used to swoop days on India through the mountain down on India through the mountain passes and carry away the attractive Indian girls, so it was decreed that all Indian women should wear veils. The idea was that the Mohammedans could not tell which of the women were attractive.

Mr. Moses mentioned that Gandhi wants religious tolerance and he him-self is of no single belief, but is acself is of no single belief, but is accepted in any religious order now
extant in India. His view is so wide
and his attitude so tolerant that one
does not wonder at his amazing success in swaying the emotions of millions to the extent that every one
of them would follow him into whatever place he led, knowing it meant ever place he led, knowing it meant certain death.

certain death.

Gandhi hopes to abolish the remaining social barriers when his finances increase; indeed, he hopes that Britain will one day grant him financial control of this seething country, and that by this means he will achieve liberty, equality and fraternity for everyone.

Following the speech an open forum was held, during which the audience asked Mr. Moses questions of interest, which he answered in an entertaining manner. Dr. Stratton,

entertaining manner. Dr. Stratton, dean of men, thanked Mr. Moses on behalf of Drexel Institute following the meeting.

MAKING TOURISTS' MAPS

MAKING TOURISTS' MAPS

The Pennsylvania State Department of Forests and Waters is one of the two departments in the State Government which makes and publishes Public Use Maps. Working during this industry period in this department has enabled me to obtain a great deal of information on map making.

Maps are great helps to Forest Users and Tourists. There is published a large map of Pennsylvania with a scale of 12 miles to one inch and there has also been issued maps with greater detail (scale one mile to the inch) covering the State

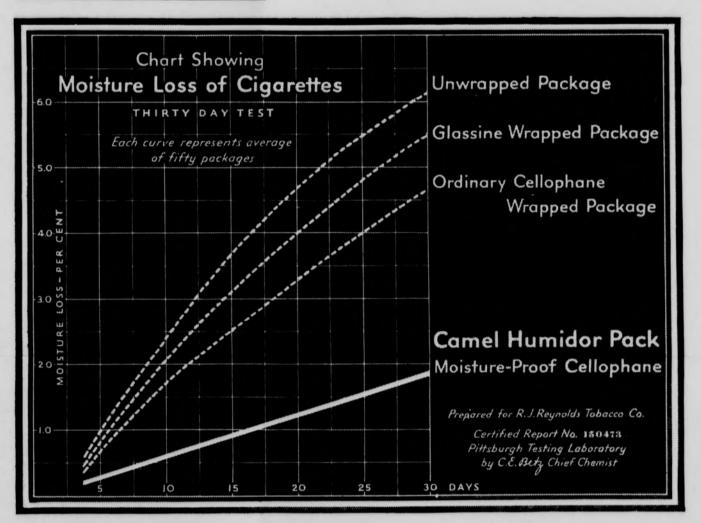

Forests. They show the principal highways, secondary roads, trails, State Forest Parks and Monuments, State Forest Parks and Monuments, fire towers, game refuges, streams, camp sites, and other interesting features of the forests and places of interest. All of these maps are free to the public upon request. At present I am making a Public Use Map of the Sproul State Forest in Clinton, Potter and Lycoming Counties.

DRAGONS WEAKEN IN SECOND HALF, LOSE TO URSINUS (Continued from Page 1) dropped 2 perfect field goals from the center of the floor.

Bublitz was ejected from the game Bublitz was ejected from the game at this point and Fleming, substituting for Johnson, who went to center. Again Yunker tied the score at 27. With the timer's pistol raised, Sterner dribbled to the center of the floor, and let go the ball. When the pistol cracked Sterner's shot hit the rim and bounded out to the floor.

The extra period was all Ursinus. Doderer and Miller scored field goals and Egge dropped in two for the Bears. Yunker and Johnson were the only ones able to connect in the play-off period for Drexel. This extra period was the first for Drexel as well as for Ursinus.

Smoke a RESH Cigarette!

THE whole country is talking about the throateasy mildness and the prime freshness of Camel Cigarettes in the new Humidor Pack.

The above chart prepared by the Pittsburgh Testing Laboratory tells you why.

Please examine it carefully. It is an unfailing guide to cigarette selection and enjoyment.

As you can quickly see by the three upper curves on this interesting chart, cigarettes that lack the protection of the Humidor Pack lose their moisture rapidly from the day they are manufactured.

And day by day as this moisture disappears, the smoke from these cigarettes becomes harsher, hotter, more unkind to the smoker's throat.

Not so with Camels!

The Humidor Pack is moisture proof and sealed airtight at every point. It protects the rich, flavorful aroma of the choice Turkish and Domestic tobaccos of which Camels are blended.

Make these tests yourself

It is so easy to tell the difference between parched dry cigarettes and fresh prime Camels that it is no wonder everybody is reaching for a fresh cigarette today.

Your fingers identify stale, dried-out tobaccos at once. While a Camel is flexible and pliant.

Your ears can tell the difference too. For a dust-dry cigarette crackles under pressure.

But the real test is taste and there is simply no comparison between the rich mildness of a Camel and the hot, brackish smoke from a stale, dry cigarette.

Switch to Camels just for today then leave them omorrow if you can.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Artificial heat in houses and apartments soon dries the moisture out of cigarettes wrapped the old fashioned way. It is the mark of a considerate hostess, by means of the Humidor Pack, "Serve a fresh cigarette. Buy Camels by the cartonthis cigarette will remain fresh in your home and office.

ALUMNI NOTES
