

CURRICULUM VITAE

MOHAMMAD MAHMOODI

Personal details:

Date of birth: 24 June 1974

Place of birth: Zanjan, Iran

Nationality: Iranian

Sex: Male

Marital status: Married

Current address: TARI Herbarium, Research Institute of Forests and Rangelands, P.O. Box 13185-116, Tehran, Iran.

Phone: +98-21-44580282 and +98 9125761630

E-mail: <<mahmoodi@rifr-ac.ir>> & <<m.mahmoodi1697@gmail.com >>

Education:

- 1995-1999: BSc in Biology, Department of Plant Science, Faculty of Biological Science, Kharazmi University, Tehran, Iran.
- 2002-2005: MSc in Plant Biology (Ecology and Systematic), Department of Biology, Faculty of Science, Bu-Ali Sina University, Hamedan, Iran.
- 2011-2015: PhD in Plant Systematics, Department of Plant Science, Faculty of Biological Science, Kharazmi University, Tehran, Iran.

Main research interests:

- Ecological Niche modeling of Plants
- Functional Ecology of Plants
- Taxonomy, Biogeography and Ecology of Astragalus
- Taxonomy of Parnassiaceae
- Biogeography and evolution of Mountain plants
- Biodiversity and Conservation of flora of Iran
- Biodiversity of Iranian Alpine Flora

MSc thesis subject:

Study of Cushion plants distribution in the southern slope of Central Alburz

PhD thesis subject:

Plant Diversity and plant functional types along elevational gradient in Damerlu Mountains of northwestern Iran

Projects:

Completed projects:

- Flora of Iran, Parnassiaceae
- Collecting of native plant seeds of Zanjan province and preserving them in Gene Bank of Institute (Phase 1: endemic, rare plants)
- Collecting of native plant seeds of Hamedan province and preserving them in Gene Bank of Institute (Phase 1: endemic, rare plants)
- Collection and Identification of lichens of Zanjan and Hamedan provinces.
- Investigation of soil seed bank ecology in step, semi-step, and grasslands ecosystems of Iran_Qom province
- Investigation of soil seed bank ecology in step, semi-step, and grasslands ecosystems of Iran_Semnan province
- Collection and determination of native plant seeds of North, North-West and North-East provinces (West Azerbaijan, East Azerbaijan, Ardebil, Tehran, Gilan, Mazandaran, Gorgan, North Khorasan, Razavi and south Khorasan) and preserving them in Gene Bank of Institute (Phase 1: endemic and rare plants)
- Collecting of woody species (tree, shrub and shrub) native and endemic to Hyrcanian and Zagros habitats for biological enrichment of the National Botanical Garden of Iran (Phase I)
- Investigation of soil seed bank ecology in step, semi-step, and grasslands ecosystems of Iran_Zanjanom province
- Investigation of soil seed bank ecology in step, semi-step, and grasslands ecosystems of Iran_Kermanshah province
- Investigation of soil seed bank ecology in step, semi-step, and grasslands ecosystems of Iran_Lorestan province

Ongoing projects:

- Defining the conservation status of the plant species and ecosystems of Iran and publishing the red list of Iranian plant
- Collection and Identification of lichens and Mosses (Non-Flowering plants) and establishment of "Plants collection of them" in Central Herbarium of-Phase III
- Ontogenetical evaluation and ecological role of black spot in *Dicyclophora persica* (Apiaceae)
- Floristic study of Zardroud region from Lahijan environs in Gilan province
- Floristic and Phytosociological study on Alpine vegetation of Talesh Mountains
- Assessment and monitoring of ground vegetation of Irano-Turanian forest stands (First phase)
- Taxonomic position and phylogenetic relationships of sect. *Merwia* in the genus *Ferula* (Ferulinae, Apiaceae) based on molecular evidence

Publications:

Book:

- **Mahmoodi, M.** (2018). Flora of Iran No. 146: (Parnassiaceae). Research Institute of Forests and Rangelands Publication, Tehran, Iran.
- Ghahremaninejad, F., Nejad Falatoury A., **Mahmoodi, M.**, Feridonfar, S. & Hoseini, E. (2013). Plant Chromosome Book of Iran. Khan-e Zistshenasi Publication, Tehran, Iran.

International peer-reviewed journals:

- Panahi, M. and **Mahmoodi, M.**, 2021. Species Distribution Patterns of *Ferula* sect. *Merwia* (Apiaceae). *Rostaniha* 22 (2): 1-30. Accepted
- Nafisi, H., Kazempour-Osaloo, S., Kaveh, A. and **Mahmoodi, M.**, 2021. A Taxonomic Revision of the Genus *Hedysarum* L.(Fabaceae-Hedysareae) in Iran. *Phytotaxa* 511(2): 79-110.
- Almasieh, K., Negareh, K. and **Mahmoodi, M.**, 2021. Habitat distribution and connectivity modelling of *Centaurea glastifolia* L. in northwest of Iran. *Nova Biologica Reperta* 8(2): 126-137. [in persian]
- Maassoumi, A.A., **Mahmoodi, M.** and Bagheri, A., 2020. *Astragalus* sect. *Irania* (Fabaceae): A new monotypic section from Iran. *The Iranian Journal of Botany* 26(2): 100-110.
- Khodashenas, M., Ghonchehpoor, M., Jamzad, Z., Jalili, A. and **Mahmoodi, M.**, 2020. The conservation status of *Levisticum officinale*. *Iran Nature* 5(3): 127-133. [in persian]
- Safikhani, K. and **Mahmoodi, M.**, 2020. New record of *Dianthus pendulus* (Caryophyllaceae) from Iran. *The Iranian Journal of Botany* 26(1): 19-21.
- Soltani Pour, M.A., Jamzad, Z., Jalili, A. and **Mahmoodi, M.**, 2020. The conservation status of *Ptercephalus wendelboi*, an endemic species of Iran. *Iran Nature* 5(2): 115-121. [in persian]
- Bagheri, A., Abbasi, S., **Mahmoodi, M.**, Roofigar, A.A. and Blattner, F.R., 2020. Genetic structure and conservation status of *Astragalus subrecognitus* (Fabaceae): a very rare and narrow endemic species. *Plant Ecology and Evolution* 153(1): 101-107.
- Soltanipour, M.A., Jamzad, Z., Jalili, A. and **Mahmoodi, M.**, 2020. The conservation status of *Zhumeria majdae*, an endemic species of Iran. *Iran Nature* 5(1): 91-96. [in persian]
- Noroozi, J., Pirani, A., Moazzeni, H., **Mahmoodi, M.**, Zare, G., Noormohammadi, A., Barfuss, M.H., Suen, M. and Schneeweiss, G.M., 2020. The new locally endemic genus *Yazdana* (Caryophyllaceae) and patterns of endemism highlight the high conservation priority of the poorly studied Shirkuh Mountains (central Iran). *Journal of systematics and evolution* 58(3): 339-353.
- Bagheri, A., **Mahmoodi, M.**, Maassoumi, A.A. and Blattner, F.R., 2019. A new species of *Astragalus* sect. *Hypoglottidei* (Fabaceae) From Iran. *The Iranian Journal of Botany* 25(2): 95-102.

- Bagheri, A., **Mahmoodi, M.** and Maassoumi, A.A., 2019. The distribution patterns of *Astragalus* sect. *Hypoglottidei* DC. (Fabaceae) in Iran. *Nova Biologica Reperta* 6(3): 320-325.

- **Mahmoodi, M.**, Maassoumi, A. A., & Noroozi, J., 2013. A new alpine species and a new record of *Astragalus* sect. *Stereothrix* (Fabaceae) from Iran, with comments on the phytogeography of the section. *Willdenowia* 43: 263-270. DOI: <https://doi.org/10.3372/wi.43.43205>
- **Mahmoodi, M.**, Maassoumi, A. A., & Jalili, A., 2012. Distribution patterns of *Astragalus* in the old world based on some selected sections. *Rostaniha*, 13(1): 39-56. [in persian]
- **Mahmoodi, M.**, Maassoumi, A. A., & Hamzeh'ee, B., 2009. Geographic distribution of *Astragalus* (Fabaceae) in Iran. *Rostaniha*, 10 (1): 112-132. [in persian]

Participation at scientific meetings:

- **Mahmoodi, M.**, Maassoumi, A. A., Plant diversity, endemism and plant functional types along altitudinal gradient in Damirli Mountains in north-west Iran, 10th Annual Meeting of the GfÖ Specialist Group on Macroecology, Vienna, Austria, April 2017. (poster presentation)

- Safavi, S. R., Charkhchian, M. M. & **Mahmoodi, M.**, Introducing *Cladonia rangiformis*, as a biological indicator lichens for Qazvin province, 2nd National Conference of Sustainable Management of Soil and Environment Resource, Shahid Bahonar University, Kerman, Iran, September 2016. (poster presentation)
- Safavi, S. R. & **Mahmoodi, M.**, *Ramalina sinensis* mas a Bioindicator lichens for Arasbaran Biosphere Reserve, 1nd National Conference of Agricultural Development and Healthy Earth, University of Tehran, Karaj, Iran, January 2016. (Oral presentation)
- **Mahmoodi, M.**, Maassoumi, A. A., Mahmoodi, Kh. Distribution patterns of *Astragalus* in the old world based on some selected sections, 16th National & 4nd International Conference of Biology, at the Ferdowsi University of Mashhad, Mashhad, Iran, 14-16th September 2010. (oral presentation)
- **Mahmoodi, M.** Shamsavari, A. Mozaffarian, V. Study of distribution of Cushion plants in the southern slope of central Alborz; Ecological Nich Modeling, 14th National & 2nd International Conference of Biology, at the Tarbiat Modares University, Tehran, Iran, 29-31th August 2006. (poster presentation)
- Shamsavari, A. **Mahmoodi, M.** The study on Cushion plants in central Alborz, 14th National & 2nd International Conference of Biology, at the Tarbiat Modares University, Tehran, Iran, 29-31th August 2006. (oral presentation)
- **Mahmoodi, M.** Shamsavari, A. Mozaffarian, V. The study of altitude extension of cushion plant in central Alborz and comparing with the whole Flora-Iranica district, 14th National & 2nd International Conference of Biology, at the Tarbiat Modares University, Tehran, Iran, 29-31th August 2006. (poster presentation)

Memberships of scientific networks and societies:

- Iranian Biology Society
- Iranian RS and GIS Society

Computer skills:

- Statistical software: SPSS, MINITAB, R.
- GIS: Arc-GIS, DIVA- GIS

Language skills:

- Farsi (Persian): native
- Turkish: native
- English: good (orally and written)
- Arabic: basic
