# Trust an AGROLOGIST

The Future of Your Business Deserves a Professional

**SIA** Saskatchewan Institute of  
**Agrologists**  
*Professionals in Agriculture, Bioresources, Food & the Environment*

# AGROLOGISTS ARE SCIENCE-BASED PROFESSIONALS

in Agriculture, Bioresources, Food & the Environment who Responsibly Teach, Transfer Knowledge & Conduct Research

## GUARDIANS OF THE FOOD SYSTEM

Canadians continue to enjoy the safest and most nutritious food supply in the world, thanks in large part to the diligence of agrologists in regulating and safeguarding food production and processing.

## STEWARDS OF THE ENVIRONMENT

Agrologists provide leadership in environmental sustainability through their efforts in conservation, wetland protection, land management techniques and renewable resource management.

## INNOVATORS IN THE ECONOMY

Agrologists provide valuable business information and services through their in-depth knowledge about financial systems, marketing trends, economic analysis, policies and business management in order to grow the Canadian markets and boost the economy.

## EXPECTATIONS OF AGROLOGISTS

- Academic training from an accredited science-based institution
- Continually update skills and knowledge
- Practise only in his or her area of expertise
- Abide by a strict code of ethics
- Be a member in good standing in a provincial institute of agrology

## THE INSTITUTE REGULATES AGROLOGISTS

*The Agrologists Act, 1994* requires the Saskatchewan Institute of Agrologists (SIA) to regulate the profession of agrology in Saskatchewan. The SIA must protect the public from any practice of agrology that is unauthorized, incompetent, or unethical.

The Act further states that only qualified people may become agrologists, and that only those licenced as agrologists in Saskatchewan may practice agrology in Saskatchewan.
