Superior performance
Exceptional quality

EPSON®
EXCEED YOUR VISION

Enhance your business with flexible, quality printing

The SureColor SC-F dye sublimation series delivers speed, strength and productivity. The series offers a complete business solution by combining hardware, ink, media and software.

The series is developed entirely in-house by Epson to deliver innovation at every level – for superior textile, soft signage, interior and promotional printing, whether for sports, fashion, home decor or promotional applications.

Match your business needs with a choice of models in formats up to 64in (1625mm), printing at up to 108.6m^2 per hour, with the added option of High Definition HDK black ink for specialist fashion and apparel printing. The range's anti-dust design avoids misprints and you don't even need to stop printing while you refill the ink.

Add Epson's comprehensive service and support, and you have a complete printing solution with the quality and flexibility to meet your every business need.

Supporting you all the way

Peace of mind

We pride ourselves on developing Epson products that work in harmony with each other so you always achieve excellent results.

Ease of use

Our innovative technologies, such as automatic printhead maintenance and advanced tension control, allow you to expand production capacity and avoid costly downtime.

Service and support

We offer a standard one-year warranty and a choice of extended service options to suit your needs.

Future-proof

The SureColor SC-F dye sublimation series is supported by Epson's Independent Software Vendor community, so additional applications are always being developed, and always available.

Realise new business potential

The SureColor SC-F dye sublimation series helps you get the very best results for your business. Whether you're looking for unwavering productivity in high-volume apparel printing or outstanding quality on intricate details for fashion and home decor, the series delivers on your requirements.

Vibrant sports apparel

Produce high volume football shirts, cycling wear, swimming wear and much more with the SureColor SC-F dye sublimation series. Choose from standardised designs you can rely on and take advantage of high productivity to lower your total cost of ownership of the printer. Brings your designs to life with vivid fluorescent inks, available with the SC-F9400H.

Attractive promotional items

Offer the personal touch with high quality printing for all types of promotional items, from phone cases and bags to mugs. Photo labs, online retailers and manufacturers will be proud of their high quality products, while assuring their business enjoys a low total cost of ownership with the SureColor SC-F dye sublimation series.

Desirable decor

Interior designers and brand owners are assured both quality and sharp photo-realistic detail that suits styling for commercial or domestic spaces. The SureColor SC-F dye sublimation series meets any print requirements for producing curtains, blinds, upholstery, cushions and ceramic tiles, as well as printing on hard substrates using a polyester coating.

Colourful fashion design

Let your creativity run free using our wide colour range to produce high quality results. For fashion designers and entrepreneurs, the SureColor SC-F dye sublimation series delivers colour stability and high definition blacks. Maintaining our printers is quick and easy. Whether you're printing a single garment or a longer production run, the series is ideal for dynamic and demanding requirements on a wide range of textiles.

Outstanding soft signage

Make sure your message is clearly understood with large format signage that really stands out. The SureColor SC-F dye sublimation series allows print service providers, reproduction shops and advertising agencies to create soft signage using polyester fabrics.
SureColor SC-F7200

The complete solution for printing superior quality textiles and soft signage.

Key features:

Prints up to 64in (1625mm) wide and up to 58.9m^2 per hour

Highly reliable auto take-up reel and accurate rewinding

Quick-drying supported with post-platen heater

Single-operator media loading with automatic media tensioning

Robust roll paper holding prevents paper moving during printing

Add HDK blank ink to enhance black density printing on specialist fabrics

SureColor SC-F6300

Perfect for low to medium volume printing on textiles and rigid substances.

Key features:

Prints up to 44in (1117mm) wide and up to 63.4m^2 per hour

Easily refillable integral 1.5 litre ink system

Photo-quality rigid substrates printing included as standard with HQ mode

Optional Auto Take-up Reel unit

Easy access for quicker maintenance

Achieve high-quality results from precision hardware

Advanced technologies developed exclusively for Epson are at the heart of our SureColor SC-F dye sublimation series. Businesses choose Epson products to maximise their productivity, achieve superior results and lower the total cost of ownership of their printer.

Intelligent inks

Epson UltraChrome DS ink produces vibrant colours, sharp contours and smooth gradations. Light/wash fastness is excellent and our inks are resistant to abrasion and perspiration. Our PrecisionDot image processing technology is a high-quality mode that combines three technologies that improve print quality: Half Tone Module, LUT and Micro Weave.

Quality you can rely on

Made with laser-welded frames[2], precise imaging technology and employing advancements from Epson's own robotic solutions, each printer is made to demonstrate Epson's total commitment to delivering quality.

Premium image quality

The Epson PrecisionCore TFP printhead produces exceptional image quality with its 360dpi printhead nozzle configuration. This produces a maximum resolution of up to 720 x 1440 dpi.

Comprehensive service and support

SureColor SC-F series printers come with a standard one-year warranty as standard with the option of extended coverage.

Technology that maximises your output

Control your print output with Epson Edge Print software. Simply install the hardware and RIP software and gain access to a range of useful features, including Preview, Hot holder, Copy, Trimming, Nesting, Tiling and Step & Repeat.

Software updates ready for you

Our Independent Software Vendor community supports the SureColor SC-F dye sublimation series, so new applications will always be available.

Excellent results with Epson tools

Epson Edge Print software works intuitively with other Epson tools. Set up customised print settings quickly and easily with the browser-based Epson Edge Dashboard. Calculate the value of each print, based on ink and paper consumption, using the LFP Accounting Tool.

Our software helps you see and plan your print jobs quickly and accurately.

SureColor SC-F6300 (hdK)

Produce high-quality printed textiles and promotional goods with this low-maintenance dye-sublimation printer

The SureColor SC-F6300, 44-inch, dye-sublimation printer has been developed for textile producers, promotional goods businesses and photographic studios. It boasts a low TCO thanks to improved user productivity and reduced downtime.

Productivity
Easy user access and printhead maintenance minimise the need to call an engineer. This reduction in downtime and easy maintenance access keep your business running more efficiently. The enhanced specification of key parts increases product life and ROI

Ease of use
Quicker start-up from delivery. No special tools or specialist knowledge required. The out-of-the-box, easy start-up approach, gets businesses up and running as quickly as possible.

Software support
Epson offers an impressive suite of bundled software that's relevant to the needs of your business, this includes: Epson Edge Print RIP Software, Epson Edge Dashboard Support (EMX profiles), and Epson's LFP Accounting Tool. These provide the most appropriate level of software support to help businesses run even more efficiently, and better analyse costing and profitability.

Complete package
We offer users the end-to-end production package, for their peace of mind and convenience. The complete solution includes: hardware, software, printhead, ink, sublimation papers, warranty, and an optional take-up reel to ensure everything works in harmony.

KEY FEATURES

- **Complete Epson solution**
  Hardware, software, printhead, ink and sublimation paper
- **Easy installation**
  Special tools and specialist knowledge are not required
- **Optional take-up reel**
  The optional Epson take-up reel offers more control of take-up quality
- **Product durability**
  The enhanced specification of key parts increases product life and ROI
- **Low TCO**
  Easy user access and downtime reduction
