THE BISCUIT BROTHERS STARTED MORE THAN A BAKERY!

When they started making biscuits in Waterford back in the mid-1800's, little did William and Robert Jacob think that one day their enterprise would be producing one million biscuits per hour!

Today, that's the output at Jacob's modern factory at Tallaght — the most advanced in Europe. (And maybe in the world!)

But Jacob's have built more than a great tradition and a great building. By their sustained growth over the years . . . by constantly investing heavily in Ireland . . . by employing the latest

marketing techniques . . . and by insisting on the highest quality standards — you could say they have also helped build the Ireland of today.

**For People who take their
Sport Seriously!**

Training is good for business.

If you're a company considering expansion, gearing up to meet the challenge of high technology, or just starting into business, AnCO can help.

AnCO was set up to provide training for people in any activity of Industry or Commerce.

How much better would your company perform with a well trained, motivated staff? How well are your staff equipped to compete effectively in tomorrow's business world?

AnCO are fully equipped to improve your company performance.

AnCO can undertake training programmes within your own company, which have been specially structured to meet your exact requirements.

If you don't have the facilities in your company, AnCO can arrange to have your staff trained or retrained by other companies or agencies, or at one of AnCO's Training Centres located throughout the country, on a range of more than 90 courses.

An increasing number of successful Irish companies with more efficient staff, are in the national interest. So all AnCO schemes are heavily grant aided.

AnCO is the Authority responsible for the training of apprentices, unemployed people and people who want to change their jobs.

If you, or your company want to get into training, get in touch.

Money is our business. And we can help you organise yours. With current accounts, deposit and investment accounts, loans, financial advice,

foreign exchange and more.

We offer everything you would expect from a bank. You can draw on our facilities from any of our many branches nationwide.

Our network is spreading steadily. So is our reputation for friendly and efficient service. And our

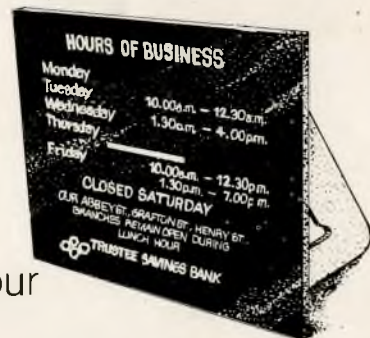

convenient opening hours.
