

# To the Cast and Crew of *Star Trek: Enterprise* – Welcome Back!

For 38 years the crews of Starfleet have been like family to the Star Trek audience. We have reached for the stars along with you and have looked at our world from your point of view.

We applaud the NX-01 crew as you continue the adventure, and we eagerly anticipate more outstanding episodes.

Congratulations on your two Emmy awards for Season 3 and best wishes for a successful Season 4 and beyond!
