Re: **NHTSA Campaign 13E-006 Quarterly Report (2013 Q2)**

Dear Ms. Schuler:

Per 49 C.F.R. § 573.7, below please find the quarterly report for the quarter ending June 30, 2013, submitted on behalf of Hodyon, Inc. ("Hodyon") for the above-referenced recall.

**573.7(b)(1): NHTSA Campaign Number**

Campaign Number 13E-006. The Hodyon identification number for this campaign is TSB-01242013.

**573.7(b)(2): Notification Date**

Hodyon began notifying customers and dealers of the above-referenced recall on January 11, 2013. On or about January 31, 2013, Hodyon completed notification to all those customers who were reachable.

**573.7(b)(3): Number of Dynasys Auxiliary Power Units ("APU") Involved**

There are 3,274 units in, or intended for sale in, the United States involved in this recall ("Recall Population").

**573.7(b)(4): Number of Items Inspected and Repaired or Determined Not in Need of Repair**

Hodyon intends to require the installation of repair kits in all first purchasers' and dealers' Dynasys APUs within the Recall Population, regardless of whether they

appear to contain the at-issue defect. As of the end of the second quarter of 2013, recall kits had been installed in 69.22% of the Recall Population.

**573.7(b)(5): Number of Dynasys APUs Determined to Be Unreachable**

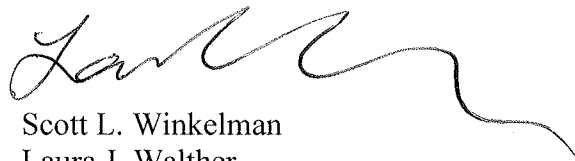

It is unknown how many owners of the remaining potentially affected Dynasys APUs are unreachable. In some circumstances, Hodyon has discovered, dealers and sub-dealers did not maintain customer records.

**573.7(b)(6): Number of Dynasys APUs Returned Prior to First Use**

Of the 3,274 affected by this recall, 175 were captured and quarantined prior to their first use.
