<b>Order Procedures:</b>	All orders are to be placed through the Hino Dealer Connect System (DCS). For special orders or for customer support contact Vendor directly via phone number.
Stock Orders	Enter orders in DCS DC202 under Sales Type "S". Direct ship (DS) items will be shipped from a local Vendor PDC.
Emergency Orders	Emergency orders (EM) may be entered into DCS screen DC202 as a Sales Type "E" or "V". All emergency orders will be processed with a "rush" order. Freight and Handling fees will be identified on the Hino invoice. **The emergency shipper is not intended as a way to move large volumes of material, but rather small quantities urgently needed to alleviate an immediate problem, i.e., truck down. The freight charges on emergency shipments are always collect and an Emergency Order fee of \$20.00 USD per order will be applied to Priority 1 orders.
Minimum Order Quantity	**A Minimum Order handling fee of \$50.00 USD per order will be applied to all orders less than \$100 USD (excluding cores). The Minimum Order fee will not be applied to orders which include Emergency Order fees.
<b>Freight Policy:</b>	Minimum order quantity of \$1,800.00 (on the invoice / excluding cores) to meet prepaid freight. Smaller orders would ship freight prepaid and added to the invoice. Bendix (BCVS) will have the option to select the carriers for shipments to the distributor when the freight is being prepaid by them. BCVS will pick the routing which is most economical and desirable and will provide a combination of the lowest rate with delivery in the shortest possible time.
<b>Free Freight Policy:</b>	\$1,800.00+ orders (excluding cores) achieves Free Freight to the Dealership.
<b>Order Fulfillment Policy:</b>	The standard order processing time is 8 business days from date of order placement.
<b>Part Number Pricing:</b>	Pricing will be available on-line in the Hino DCS system. In addition, the prices will be forwarded to your service bureaus within two weeks of each pricing update.
<b>Part Number Format:</b>	Standard Part numbers are directly carried over with a prefix of "BX-" with no "-" in the part numbers.
<b>Mega Fleet:</b>	All-Makes parts are not included in the Hino Mega Fleet pricing file but should be sold to Mega Fleet customers and filed as Miscellaneous Items in Corcentric when submitting for reimbursement.
<b>Warranty:</b>	Please view Vendor warranty documents as warranty varies based on item. Contact vendor directly or go to <a href="http://www.bendix.com">www.bendix.com</a> (search in the "document library" under "warranty").
<b>Returns:</b>	Bendix Return Policy: Contact vendor directly to obtain a Return Goods Authorization code by phone number or email address listed above. All returned items MUST have prior approval and the Return Goods Authorization (RGA) marked on the outside of the box. RGAs have an expiration date of thirty (30) days; after thirty (30) days the return will become null and void. The service plants will reply to the distributor's request for return authorization within 30 days of receiving request and a return authorization purchase order will be sent to the distributor at that time. All material will be shipped to and processed at your service plant. Shipments must be prepaid (FOB service plant) and must arrive within two months of authorization date. A copy of the return authorization purchase order must accompany the return material shipment as a packing list. All returns are subject to a 25% or greater restocking fee. Supplier will not authorize any returns that are not properly packaged or in the original packaging. Returns will only be considered for parts that are on the active price list. No credit will be issued for product that has been damaged, altered, or installed on equipment (all product returned must be in good, saleable condition, including complete packets). The customer is responsible for all freight charges on the returned merchandise. Special order items or non stock items are not returnable. *Max \$ amount that can be returned is not to exceed 3% of the prior year's purchases.
<b>Shipping Inspection and Damaged Product:</b>	All merchandise should be inspected upon arrival and carrier damage claims should be filed with the carrier immediately. We are not responsible for, nor are we in a position to make a claim after the freight carrier accepts the shipment from us. For excess stock returns, contact the supplier directly.

**FORMULABLUE**<sup>®</sup>  
HYDRAULIC BRAKE PARTS

*Import and Domestic*  
**2012 Supplement to  
BW7348 Master Catalog for Light-  
and Medium-Duty Vehicles**

A SUPPLEMENT WITH ILLUSTRATED  
PARTS IDENTIFICATION GUIDE FOR  
FORMULA BLUE<sup>®</sup> HYDRAULIC BRAKE  
PARTS, including brake pads, shoes,  
drums, rotors, wheel cylinders, master  
cylinders and calipers.

**HEAVY DUTY PARTS** FOR HARD WORKING VEHICLES

**Bendix Spicer  
Foundation Brake LLC**  
*A Bendix CVS and Dana Joint Venture*

From the company you trust for your heavy-duty foundation brake needs, comes Formula Blue® brake parts, a complete line of light- and medium-duty hydraulic brake parts for import and domestic vehicles, class 1 – 6.

**Brake Pads and Shoes**

- Proven stopping performance
  - Long service life
  - Superior friction attachment
  - Resistance to noise and kind to rotors
- Formula Blue® medium-duty pads are available in both Heavy Duty grade – where maximum service life is essential – and Premium formulations, where quiet running is a must.

**Calipers**

- Includes remanufactured and service new versions
- Fits the broadest range of medium- and light-duty commercial vehicles
- Available in semi-loaded and loaded applications – to do the complete job right, the first time
- Superior quality control minimizes service related issues

**Rotors & Drums**

- Exact application fit and function
- Superior casting finish
- Smoother stops
- Reduced vibration
- Rust resistant finish

**Brake & Clutch Hydraulics**

- Exact form, fit and function is the key to Formula Blue® brake cylinders, master cylinders, and other key brake components, providing long, reliable service life

**Hardware**

- Formula Blue® brake hardware provides exact form, fit and function, ensuring quiet reliable operation

- **Comprehensive Coverage • Outstanding Value**
- **Prompt Delivery • Proven Sales & Service Support**
  - **Expert Technical Assistance**
  - **Full Electronic Cross Reference**

# How To Use the Formula Blue<sup>®</sup> Hydraulic Brake Parts Catalog Part Numbering System

The Formula Blue<sup>®</sup> Hydraulic Brake Parts part numbering system is specially designed to easily identify both the type of part, and the type of vehicle the part fits.

## Hard Parts

The digits and letters in this “smart” part number for hard parts represent:

- Prefix: “E”
- Product Group: 3 digits (*see next page for a complete listing of product groups*)
- Vehicle Make: 2 digits (*for all products groups other than friction*)
- Part Number: 3 digits
- Optional Suffix: 1 digit (optional)
  - For Bare Caliper: 1 digit following the decimal (only for product group 146)  
(*this optional digit will be one of the following:*)
    - .1 = denotes a remanufactured bare caliper; or
    - .2 = denotes a “service new” semi-loaded caliper
  - For Loaded Caliper: 1 digit following the decimal (only for product group 147)  
(*this optional digit will be one of the following:*)
    - .1 = denotes medium duty remanufactured calipers loaded with Heavy Duty friction pads. A loaded caliper part number without the .1 represents loaded calipers with Premium grade pads.

For Example: **E146-66-028.1**

**Prefix “E”**

**146** = Semi-loaded remanufactured Caliper with Hardware

**66** = Ford

**028** = Formula Blue<sup>®</sup> hydraulic brake base part number

**.1** = denotes a bare caliper version

## Brake Pads and Shoes

The digits and letters in this “smart” part number for friction parts represent:

- Prefix: “E”
- Product Group: 3 digits (*see next page for a complete listing of product groups*)
- FMSI Part Number: 4 digits
- Variation: 1 digit

For Example: **E109-0786-1**

**Prefix “E”**

**109** = Metallic Brake Pads (Premium) with Shims

**0786** = FMSI D786 brake pad form

**1** = Alternate pad thickness

## When Placing Your Order:

**The decimal points and dashes in our part numbers are in place for your convenience when using this catalog. To ensure accurate and prompt processing of your request, please do not use the decimal points or dashes when placing any orders for Formula Blue<sup>®</sup> Hydraulic Brake Parts with Bendix Spicer Foundation Brake LLC via online ordering, phone or fax.**

## Brake & Clutch Systems Product Groups

### BRAKE PADS AND SHOES†

105	OEM Formula Brake Pads
107	Semi-Metallic Brake Pads
109	Semi-Metallic Brake Pads (Premium)
110	Ceramic Brake Pads with Shims
111	Extended Wear (Heavy Duty) Brake Pads
112	Import Premium Brake Pads
116	New Bonded Brake Shoes
117	Heavy Duty Riveted Brake Shoes
305	Premium Brake Pads with Shims

### BRAKE HARDWARE

121	Brake Pads Sensor Wires
122	Disc Brake Hardware
123	Drum Brake Hardware Kit
124	Self Adjuster Kit

### ROTORS AND DRUMS

125	Premium Brake Rotor
126	Standard Brake Rotor
127	Premium Brake Drum
128	Standard Brake Drum
129	Brake Hub
130	Premium High-Carbon Brake Rotor

### BRAKE & CLUTCH HYDRAULICS\*

135	Premium Brake Master Cylinder
139	Premium Wheel Cylinder
141	Premium Clutch Master Cylinder / Assembly
143	Premium Clutch Slave Cylinder
146	Semi-Loaded & Bare Remanufactured, Service New Calipers*
147	Loaded Remanufactured Calipers*
148	Caliper Kits
149	Wheel Cylinder Kits
155	Brake Hose (some Clutch Hoses)
156	Clutch Hose

#### Important Information About Formula Blue® Calipers, Brake Pads and Friction Material

- \* Caliper part numbers, as listed in the catalog for specific applications, are for both loaded and semi-loaded caliper offerings. The part number is comprised of the letter "E" followed by eight (8) digits.

#### For Product Group 146 (semi-loaded & bare remanufactured, service new calipers):

Select calipers are available as loaded or bare.

- Bare calipers are called out through the addition of a ".1" (dot one) at the end of the part number, resulting in the letter E followed by nine (9) digits.
- Service new semi-loaded calipers are identified through the addition of a ".2" (dot two) at the end of the part number.

#### For Product Group 147 (loaded remanufactured calipers):

Select medium duty calipers are available with Premium or Heavy Duty grade pads.

- Heavy duty grade pads are identified by the addition of a ".1" (dot one) at the end of the part number, resulting in the letter "E" followed by nine (9) digits.

Please refer to the current inventory system at your business to determine availability and price.

- † **Multiple friction offerings are available for Formula Blue® Brake Pads.** Please refer to the three digit product group code to confirm either Premium or Heavy Duty grade friction. Part numbers containing product group code 109 and 112 denote Premium grade, while parts with product group code 111 denote Heavy Duty grade friction material. Please refer to the current inventory system at your business to determine availability and price.

## **NOTICE: DISCLAIMER OF LIABILITY**

Bendix Spicer Foundation Brake LLC obtained the information reflected in this catalog from reliable sources and believes this information to be complete and accurate as of the time of printing. Nevertheless, Bendix Spicer Foundation Brake LLC does not make any warranty, express or implied, as to the correctness, accuracy, or completeness of the information in this catalog, NOR as to MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE in relation to any of the products described herein. Bendix Spicer Foundation Brake LLC specifically disclaims any responsibility or liability for any errors, omissions, changes, and updates in the information in this catalog and shall not be liable for direct, indirect, incidental, or consequential damages resulting therefrom. Bendix Spicer Foundation Brake LLC's product warranties are limited to those set forth in its warranty policies (visit [www.foundationbrakes.com](http://www.foundationbrakes.com)). While many parts may look alike, the internal components or design may be quite dissimilar, and the parts should not be interchanged. Under no circumstances should replacement parts be used when they do not appear to fit properly, nor should the parts be forced to fit or modified in the field in any way. Confirm that you are using the correct replacement part. Bendix Spicer Foundation Brake LLC specifically disclaims all liability and responsibility for any harm, including any direct, indirect, incidental, or consequential damages resulting from any improper installation, modification, or other misapplication of Bendix Spicer Foundation Brake LLC products. Product applications in this publication are limited to vehicles manufactured for sale in the United States, Canada, or Mexico and distributed through authorized dealer networks. If a vehicle has been manufactured or altered to other than United States, Canadian, or Mexican specifications, the product applications may not apply. Bendix Spicer Foundation Brake LLC does not accept or assume any liability for applications of its products on any vehicle imported into the United States, Canada or Mexico through channels other than the authorized dealer networks or for any vehicle not in compliance with all applicable North American laws and regulations.

Formula Blue Part Number	Core Group	22
E14685008	Core Class	49
	Casting number	4150844
	Piston Size	2.88"

Formula Blue Part Number	Core Group	21
E14675006	Core Class	48
	Casting number	4151733
	Piston Size	2.60"
Note inlet location		

# Caliper Core Identification

Formula Blue Part Number	Core Group	23
E14684106	Core Class	50
	Casting number	472
	Piston Size	2.50" (63.5mm)

Formula Blue Part Number	Core Group	23
E14684006	Core Class	51
	Casting number	578
	Piston Size	2.88" (73mm)

Formula Blue Part Number	Core Group	22
E14688010	Core Class	49
	Casting number	4153222
	Piston Size	73mm

Formula Blue Part Number	Core Group	24
E14688008	Core Class	52
	Casting number	4153269
	Piston Size	66mm

Representative information. For reference only.  
Part Numbers listed are semi-loaded version unless noted otherwise.

Part Number (non-Formula Blue part number)	Core Group	3W
L55245M (loaded caliper)	Core Class	W3
	Casting number	4151020 or 2238229
	Piston Size	2.6"

Very similar to other Bendix 2.6" castings. Note casting number for difference. Also, this core may have an external joining tube. This core has a unique casting that is machined to accommodate the boot.

or

Part Number (non-Formula Blue part number)	Core Group	69
R55803 (bare caliper)	Core Class	D1

Core is very similar to E14684106, however R55803 core has four (4) holes instead of six (6).

Formula Blue Part Number	Core Group	21
E14675007	Bendix Core Class	48
	Casting number	4151733
	Piston Size	2.60"
Note mounting bolt hole location to identify core		

Formula Blue Part Number	Core Group	24
E14675008	Bendix Core Class	52
	Casting number	4151733
	Piston Size	2.60"
Note inlet ports are low		

Representative information. For reference only.  
Part Numbers listed are semi-loaded version unless noted otherwise.

## Also from Bendix Spicer Foundation Brake ... durable, dependable components for all of your commercial vehicle braking needs.

Bendix Spicer Foundation Brake is the complete one-stop source for all of your OE-quality, all-makes air foundation brake replacement parts in one trusted brand – Bendix®. We offer a full range of air and hydraulic brake parts, friction materials, and air brake chambers. All backed by a powerful warranty, and supported by our highly seasoned, professional sales, service and technical specialists. Plus, ordering Bendix® brand parts from Bendix Spicer Foundation Brake is straightforward and simple.

Talk to your Bendix representative about these proven foundation brake components:

### Air Drum Brakes

- OE-certified stopping power
- Lined brake shoes
- Relined shoes and kits
- FMVSS 121-certified
- Complete all-makes product offering

### Slack Adjusters

- Bendix® automatic slack adjusters
  - Industry leading service life
  - Improved designs
  - Easy to install
  - No special brackets, attachments or tools
  - Infinite adjustment rate
- Full line of manual slack adjusters

### Air Brake Chambers

- OE-quality
- Corrosion-resistant
- Complete line to fit every need
- Competitively priced
- Complete units, piggybacks and complete components available

### Air Disc Brakes

- Enhanced vehicle safety
- Industry leading technology
- Passenger-car-like feel
- Aftermarket service kits available
- More than 8 million in service worldwide
- USA manufacturing in Bowling Green, Ky.

### Foundation brake training

We offer a complete array of foundation brake training opportunities to meet your needs, from full-line, multi-day training schools to local, on-site sessions. Each uses a hands-on approach and is taught by our 100% ASE-certified team. To learn more, talk to your Bendix Account Manager.
