

Sunny
Days
ENTERTAINMENT, LLC

Catalog 2023

Since our start in 2012, we have been manufacturing creative toys in a variety of categories, innovating in evergreen spaces, and bringing new life to classic ideas. We hope to bring joy and sunshine to consumers with every product, and that's why we're always looking for new ways to innovate!

While we specialize in creating fun, unique toys, we're not afraid to work in other spaces to fulfill your needs. Whether you're in the market for an off-road firetruck, potty seat or licensed pop-up tents and more, we're happy to provide you with dozens of options to inspire creative, engaged play.

Led by a core group of toy industry veterans, we're driven to innovate products that inspire imagination, interaction, wonder, and joy. We have our finger on the pulse of the market and aren't afraid to dip into emerging markets like fidget toys! At Sunny Days, we take pride in the quality and safety of our products. We put all of our products through testing to ensure that they meet the highest standards possible.

At our core, we believe in providing an exceptional experience to our customers, partners, and employees alike, and that's part of why we were named a Top 5 Workplace in South Carolina Top Workplaces in May 2022. Over the years, we have dedicated ourselves to fostering strong, long-lasting relationships with our retail partners. By creating value-added toys for fun-loving consumers, producing and distributing affordable and attractive products, and maintaining a fast speed to market, we've committed ourselves to solving retailers' problems with high-quality products and exceptional service.

Happy New Year!
