**St. Louis Community College: Strategic Planning Process---
Assess, Think, Plan, and Act.**

I. College Mission

St. Louis Community College expands minds and changes lives every day. We create accessible, dynamic learning environments focused on the needs of our diverse communities.

II. Strategic Planning Vision

To more fully develop the social and economic fabric of our community by increasing the number of area residents who access our courses, programs, and services while improving the academic achievements and learning outcomes of those who enroll with us.

III. Evaluation of Current Internal and External Climate

Based upon the findings from: our HLC self-study; our mission-based assessment efforts; and the external scan completed by NCHEMS, the College has selected the following strategic planning directions and choices as areas for improvement during the next three years. Improvements in each area will help us achieve our vision and fulfill our mission and promise to the community

IV. Strategic Planning Directions and Choices

Strategic Planning Direction: Growing Enrollment

Strategic Choice 1: Increase the STLCC participation rates in all regions of the district for recent high school graduates.

Performance Indicators

- Number of fall, new to college, recent high school graduates who enroll with STLCC in the fall term immediately after high school graduation. Also calculate the percentage of recent high school graduates by area who enroll with STLCC in the fall term immediately after high school graduation.

Strategic Choice 2: Increase the STLCC participation rates in all regions of the district for adults 25-40 with high school credentials, but no college.

Performance Indicators

- Number of fall, first-time college students 25-40 who enroll with STLCC. Also calculate the percentage of the area's 25-40 population with no previous college education who are enrolled with STLCC.

Strategic Planning Direction: Improving the Academic Achievements and Student Learning Outcomes of Our Students

Strategic Choice 1: Increase degree and certificate completion rates, while enhancing the learning outcomes of graduates.

Performance Indicators

- Number of fall, first-time students who re-enroll for the next spring term and the number who re-enroll for the next fall term.
- Number of degree and certificate completers by program.
- 3, 4, 5 year graduation rates for first-time, full-time, degree-seeking, college-ready (non-developmental in any area).
- Number of students who completed 24 or more credit hours, transfer to a Missouri four-year college/university and remain in good academic standing at their four-year institution after 24 credit hours.
- Number of graduates who meet general education and program competencies based on College-approved assessments.

Strategic Choice 2: Create an effective developmental education program aimed at the development of skills necessary to complete college-level coursework.

Performance Indicators

- Number of fall, first-time students developmental students by subject area (math, English, reading) who re-enroll for the next spring term and the number who re-enroll for the next fall term.
- Number of developmental students who complete ENG030 with a C or better who then successfully complete ENG101 with a C or better.
- Number of developmental students who complete MTH140 with a C or better who then successfully complete MTH160 with a C or better.
- Number of developmental students who successfully complete RDG020 or RDG030 with a C or better who then complete 24 hours of college-level work with STLCC and maintain a GPA of 2.0 or higher.

- Number of graduates who started with STLCC as a developmental student (developmental student is defined as any first-time student who based upon their ACCUPLACER or ACT/SAT scores placed into one or more developmental courses--math, English or reading.
- 3, 4, 5 year graduation rates for first-time, full-time, degree-seeking, developmental students
- Number of students who started with STLCC as a developmental student and then completed 24 or more credit hours, transferred to a Missouri four-year college/university and remained in good academic standing at their four-year institution after 24 credit hours.
- Number of graduates who began as developmental students who meet general education and program competencies based on College-approved assessments

Strategic Planning Direction: Improving Our Responsiveness to Evolving Workforce Needs.

Strategic Choice 1: More effectively connect our curriculum, programs, and instructional delivery modes to the needs of employers in the region.

Performance Indicators

- Number of STLCC degrees/certificates produced in high demand fields (top 15 occupations requiring postsecondary education/associate degree with the most annual job openings).
- Number of employers who are more than satisfied with the employment preparation of their STLCC graduate.
- Number of career graduates employed in a related field within six months of graduation.
- Number of graduates from selected programs who pass licensure/certification examinations on the first attempt.

BOARD RECOMMENDATION
8.0 Insurance Recommendations
INSURANCE RENEWALS

8.1 Property Insurance Renewal (REVISED)

It is recommended that the Board of Trustees approve the renewal of the property insurance policy, effective July 1, 2008 through June 30, 2009. The policy limit is \$419,393,627. The renewal premium of the policy will be \$159,936 (\$0.038 per \$100 of values). This is an increase of \$331.

This insurance plan provides all of the coverage the College had in the past. It also includes \$100,000,000 in earthquake insurance without restrictions because of the New Madrid Fault Zone. Additionally, the College will have \$100,000,000 of terrorism coverage which includes both certified events (international based) and non-certified (special-interest groups/protests).

#7 Resolution Re July 15, 2008 Executive Session of the Board of Trustees

St. Louis Community College

2008 – 2009 Budget Highlights

Review of the 2007-2008 Fiscal Year

The 2008 fiscal year opened at a time of considerable change for St. Louis Community College. With these changes came enormous opportunity to become even more deliberate as we addressed complex issues through expenditures and reallocations.

Staffing: A second voluntary separation program created 118 open positions for a total of 216 open positions (the first program implemented in 2003 yielded 92 open positions). Of the total number of open positions, 50 were identified for reallocation across the district to support high priority initiatives. In addition to the changes arising from the voluntary separation program, reorganization efforts were underway in the areas of academic affairs and student affairs and the fiscal year began with the introduction of vice presidential positions into the College with Vice Presidents of Student Affairs and Vice Presidents of Academic Affairs at Meramec, Florissant Valley and Forest Park. Wildwood, in a start-up model, utilized the position of Administrative Dean of Academic and Student Affairs as a blended position.

With the departure of many seasoned staff members and the arrival of new, talented employees, farewells and welcomes became a weekly occurrence. Perhaps no farewell was as challenging as the departure of Chancellor Henry D. Shannon who served as chancellor for over seven years during his twenty-four-year association with St. Louis Community College. A nationally recognized leader in higher education, Chancellor Shannon retired on August 31, 2007, to accept the position of President and Superintendent of Chaffey College in Rancho Cucamonga, California.

Leadership: The College Board of Trustees began immediately to prepare for the appointment of an interim Chancellor and is fortunate to have secured the employment of Dr. Zelema Harris, former President of Parkland College in Champaign, Illinois. Dr. Harris brings 26 years of experience as a community college CEO to St. Louis Community College having served Parkland and Pioneer/Penn Valley Community Colleges in the Metropolitan Community College system in Kansas City, Missouri. Dr. Harris is a nationally recognized leader in distance learning and teaching excellence and advanced the profile and reputation of Parkland College during her tenure there. Upon her arrival at St. Louis Community College, Dr. Harris established her leadership strategy and was named Chancellor in November 2008.

Reaccreditation: With Dr. Harris' leadership, the College turned its full attention to the impending re-accreditation visit from the Higher Learning Commission (HLC) through the North Central Association of Colleges and Schools (NCA). The HLC adopted new criteria for accreditation in spring 2003. These criteria focus on the effectiveness of an

institution as demonstrated by evaluation and assessment. The 2008 site visit would focus on the College's response to the five evaluative criteria: mission and integrity; preparing for the future; student learning and effective teaching; acquisition, discovery, and application of knowledge; and engagement and service. In late January 2008, the visiting team spent three days with St. Louis Community College and the visit concluded with the recommendation for a ten-year reaccreditation. The initial draft of the visiting team's report also included the recommendation for a follow-up visit on student learning outcomes, but the alternative of sending an STLCC team to participate in the HLC's assessment academy was also discussed. At the time of this writing, the College is developing a response to the Higher Learning Commission to request an appeal of the recommendation for a focused visit on assessment.

Planning for Growth: Several initiatives were underway prior to the arrival of the Higher Learning Commission. In late November the College initiated a strategic planning process with the assistance of the National Center for Higher Education Management Systems (NCHEMS). This process is building on the 2003 strategic planning process which focused on Leadership in Learning, Addressing Facility Needs, Growing the Life Sciences, and Serving the Community. Dennis Jones, President of NCHEMS, led the development of the new process focused on the needs of the external community with an emphasis on three strategic planning directions and five strategic choices. The three directions include: Growing Enrollment; Improving the Academic Achievements and Student Learning Outcomes of Our Students; and Improving Our Responsiveness to Evolving Workforce Needs. The strategic planning process is heavily influenced by the HLC self-study, by the Focus on the Future conversations, and by the College's on-going mission-based assessment process.

Concurrently, and in keeping with the first planning direction above, Dr. Joanie Friend joined St. Louis Community College on January 22, 2008, as the College's first District-wide Director of Enrollment Management. With the assistance of Dr. Peter Bryant, Noel-Levitz, Inc., the College began the process of reviewing enrollment management processes and developing goals for the Fall 2008 enrollment campaign. The development of an organizational unit focused on a district-wide perspective for growing and managing enrollment was one of three strategic efforts funded in the 2008 general operating budget. The 2009 budget recommendation will focus on enhancing the staff needed to implement a district-wide enrollment strategy. The work of the enrollment management division coupled with the work of the Vice Presidents for Student Affairs is anticipated to yield continued process revision and review within the student services area.

New Web Site: In 2006, the College focused on the enhancement of the College image through revision of the College's web presence. The new website was opened in mid-March 2008 to a very positive response. The website reinforces the College's efforts to reinvigorate STLCC's image and provides an abundance of information to current and prospective students. This very important marketing tool is critical to the success of the enrollment management team.

New Wildwood Campus: The Fall 2007 semester welcomed the first class of students to St. Louis Community College-Wildwood. The academic focus of the new campus is general transfer, business administration and teacher education. Academic delivery at the new campus is enhanced by 2+2 baccalaureate offerings through the University of Missouri-St. Louis. The dedication of the new campus was held on September 14, 2007. On February 27, 2008, the College received official notification from the United States Green Building Council (USGBC) that the facility had achieved a Gold LEED Rating. LEED is the Leadership in Energy and Environmental Design rating system, developed by the USGBC that promotes energy efficient, environmentally friendly, and sustainable buildings. Wildwood is the first gold-rated facility in the greater St. Louis Community and the first community college facility of its size to receive the gold rating in the nation. This coveted rating has generated publicity in the local and national market for STLCC. At the upcoming Greening of the Heartland Regional Conference, a tour of STLCC-Wildwood is a portion of the program and two STLCC employees are presenting a focus-session on the LEED submittal process. A presentation on the Wildwood campus sustainability initiative has been submitted for consideration for the Fall 2008 ACCT (Association of Community College Trustees) Meeting in New York City.

Distance Learning: In preparing for the future, the College has completed a significant review of the Telelearning organizational unit and has repositioned the College to focus on expanding distance learning through an integration of a Center for Distance Learning and an enhanced Center for Teaching and Learning. The re-envisioned CTLs to be implemented on each campus will focus on excellence in instruction with a specific focus on distance education.

LCDI: A significant initiative arising in fiscal year 2008 was the receipt of the Lewis and Clark Discovery Initiative funding authorized by the Missouri General Assembly. In late Spring 2007, the College began the planning process to invest in the renovation of 15 of the District's 47 science labs. Additionally, 12 lab support spaces will be renovated. The project is planned for April 15 through September 15 as the result of positive collaboration between academic leadership and physical facilities staff in agreeing to adjust the educational term to allow ample time for the renovation. This lab renovation project was a Tier I priority in the Districtwide Facilities Master Plan and was identified in the Addressing Facilities Strategic Conversation as an important initiative. It is estimated that 5000 students are served through these labs each year. The total scope of the project is \$4.3 million.

Conclusion: While local tax revenues increased steadily over the past several years, the state aid allocation was reduced in 2003 and 2004, increased by 2.4 percent in 2005, was unchanged in 2006, increased by 2 percent in 2007 and by 3.98 percent in 2008. Additionally, maintenance fee rates have increased steadily beginning in Fall 2002 to insure the financial support of the college's instructional programs.

The proposed 2009 budget includes a modest 3.31 percent growth factor. In order to support an adequate increase in compensation, to address increasing fixed cost expenditures, to fund the expansion needs of the enrollment management initiatives, and

to support the Wildwood campus a focused effort to redirect resources was undertaken as part of the development of the 2009 budget. This initiative identified 31 positions that could be redirected to new functions or reallocated within an organizational unit. The outcome of this redirection effort was \$915,980 in available resources. Additionally, reallocation efforts eliminated the subsidy to the Center for Industry, Business and Labor (CBIL), as well as increased revenue and reduced expenditures in continuing education. The total impact of these three efforts was \$2,107,664 in expense reduction and \$388,213 in increased revenue.

Through this resource allocation process, coupled with the growth in local tax and state aid allocations, the College is positioned to move forward in addressing future challenges in growing enrollment, improving student learning outcomes, and creating new and stronger partnerships with the business community.

Revenues

The 2008-2009 General Operating Budget recommendation totals \$160,039,135, an increase of \$5,121,649, or 3.31 percent over the 2007-2008 general operating budget. Revenues are comprised of six categories: local taxes, state aid, maintenance fees, student technology fees, college activity fees, and other income.

Local Taxes: A local tax revenue increase equal to the estimated 2008 collection is included in the 2009 budget proposal. This adjustment of budget to estimated actual amounts to \$2,800,253.

State Aid Unrestricted: Governor Blunt, in his January State of the State Address, committed to a 4.4 percent increase in funding for community colleges. Because of the equity growth formula utilized by Missouri Community Colleges, one-half of 1 percent of the expanded funding is reallocated to those community colleges with significant growth in full-time equivalent students. Therefore, the state aid allocation to St. Louis Community College is reduced to 3.8 percent or \$1,808,726. This allocation is the second of a three-year agreement to restore funding to Missouri higher education. However, with the change in gubernatorial leadership in January 2009 and the negative revenue forecasts, it is uncertain whether the third year of the agreement will be honored. Community colleges still receive \$3.7 million less in state aid in 2009 compared to 2002. For St. Louis Community College the resulting revenue decline is \$1.5 million after the Governor's 3 percent holdback.

State Aid Restricted: A portion of the state aid allocation is utilized to fund state designated programs such as the Regional Technical Education Center (RTEC) Programs and Temporary Assistance for Needy Families (TANF). These dollars flow into St. Louis Community College as part of the core allocation and are then transferred to the restricted budget in accordance with the designated purpose of the allocation. The total restricted state aid allocation is \$3,278,561.

Maintenance Fees: Maintenance fee increases occurred in Fall 2002, 2003, 2004, and 2005. In fall 2006, the College was able to forego an increase. In February 2007 the Board of Trustees approved a new three-year maintenance fee schedule that includes modest in-district per credit hour increases for Fall 2007 - \$3, 2008 - \$2 and 2009 - \$3. The adjustments were made considering the external market, appropriate benchmark institutions, and necessity of establishing a "student fair share" of contribution to the cost of education. The College is committed to maintaining a student maintenance fee contribution to the general budget of approximately one-third.

St. Louis Community College continues to provide one of the most affordable educational opportunities in the region and is priced comparably with other urban community colleges in Missouri. Affordability is one of the principles of the American community college movement and to assist in maintaining student access through affordability, a maintenance fee payment plan was implemented for the Fall 2007 academic year. The plan has been very popular with 2,678 participants in the fall semester and 3,199 participants in the spring semester. The fall semester had a 98 percent payment collection outcome and collections continue in the spring plan. The total maintenance fee revenue collected through the payment plan is \$3,384,419.

This maintenance fee revenue category is increasing slightly because of the rate increase coupled with reduced credit hour production. The 2009 budget is built on 515,000 credit hours, which is a .5 percent increase over the projected actual for 2008. In fiscal year 2004, credit hours were slightly in excess of 550,000; this decline is a serious concern and is being addressed through the College's enrollment management efforts. Also built into this modest increase is a planned increase in continuing education fees. Total maintenance and other fee revenues for 2009 are budgeted at \$41,614,854.

Student Technology Fee: This student fee is dedicated to the support of instructional technology. The fee is used to support hardware, software, staffing, and maintenance costs related to classroom technology. Any unexpended funds are carried forward to fund subsequent-year initiatives assuring that the students' investment is protected and dedicated to technology that directly benefits the most students. The technology fee is \$3 per credit hour.

College Activity Fee: This dedicated student fee supports college activities, athletics, student newspapers and radio stations, theater, student government leadership training, and student activities. The total budget for this portion of the operating budget is \$1,442,000. Any unexpended funds in this category are carried forward to support subsequent-year initiatives. Additional college activity fee funds are budgeted in the general operating and capital budgets for public safety and pedestrian/traffic access and in Auxiliary Enterprises for the operation of the Campus Student Centers. The fee allocation to the campus police departments and to the Capital Budget is \$515,000. The allocation to Auxiliary Enterprises is \$618,000. This fee distribution takes place in accordance with Board Policy H 20.2. The college activity fee is \$5 per credit hour.

Other Income: This category of revenue is comprised of primarily three sources, (1) interest income on investments, (2) reimbursements for vocational funding, and (3) other miscellaneous revenues such as receipts for parking fines, rental of facilities, and childcare fees.

Expenditures

Salaries: This expenditure category is expanded to include a market responsive salary adjustment for budgeted full-time and part-time continuing positions. The salary increase of 3.5 percent costs \$2,550,207. Also included in this expenditure category are the costs associated with the expansion of the enrollment management effort, increased staffing at Wildwood, the reduction of 31 positions identified through the reallocation process, and the outsourcing of the Highland Park Printing operation. These adjustments result in a category increase of \$3,169,786.

Benefits: The 2008 budget reflected the results of rebidding the College's medical insurance and changing providers at a premium increase of one percent or \$95,800. The College has sustained this positive trend in medical premium increases with the increased premium of fiscal year 2009 budgeted at \$52,000. This trend is significantly contrary to the industry trend of double-digit inflation. This expenditure category also increases because of the one-half percent increase in Public School Retirement System contributions, which is \$300,000. The employees' contribution is increasing by one-half percent to a total contribution of 13 percent.

Total salary and benefit costs are 71.8 percent of the 2009 General Operating Budget. Please see the 2009 Labor Table on page 29.

Operating: The operating budget includes a \$305,684 decrease in Continuing Education expenditures as the departments increase fees and reduce costs to narrow the \$1.5 million subsidy by the College. Increases in this category include continued investment in enrollment management, the support of the new Wildwood campus, the shift of labor to operating to support the outsourcing of Highland Park Printing, and modest operational increases at the Florissant Valley campus. Fixed cost increases were limited in 2009 to maintenance agreement costs in technology and educational support services.

Student Technology Initiatives: This expenditure category is funded through the dedicated student technology fee and is used to provide support for the creation or enhancement of general purpose instructional labs at each STLCC campus; the expansion of the availability of electronic library resources; and the acquisition and continued support of instructional software agreements. Funding is provided to support the instructional learning tool, Blackboard, and the necessary external help desk option for students utilizing Blackboard. This fund also supports MOBIUS, the state's electronic library system

In addition to these initiatives, ten on-going personnel lines are funded to provide the staffing necessary to support instruction labs and make technology readily available to

plan for a total 2009 budget plan of \$2,445,000. Page 22 provides the detail for the current year and prior year budget plan.

College Activities: This expenditure item is also funded from a dedicated student fee and is used to support athletic travel, campus newspapers, campus radio stations, theater, music and art programs, special events, and student leadership. One-third of this fee is dedicated to athletic team travel. This category of the budget utilizes 56 percent of the collected fee or \$1,442,000. The remainder of the fee is allocated in the following manner: 24 percent to auxiliary enterprises for maintenance of the student centers, and 20 percent to public safety and pedestrian and traffic access for police department operating support, parking lot improvements, and vehicle replacements.

Capital: A detailed explanation of the 2009 Capital Allocation Plan is contained in a separate document. The major source of funding for the capital budget is the allocation from the general operating budget. To fund the 2009 Capital Budget, \$9,565,000 is allocated through three sources: general revenue funds, designated state maintenance and repair funds, and public safety and pedestrian/traffic access funds. Expenditures in the Capital Budget support campus initiatives, instructional equipment and technology, furniture replacement, computer replacement, network infrastructure upgrades, vehicle replacements, and maintenance and repair projects. In 2009, it is proposed that the capital allocation would be increased by \$810,000 to restore the 2007 and 2008 reductions of \$715,000 and \$95,000 respectively, and that \$75,000 would be dedicated to campus and public safety investments.

A clear message from the campus community is that a high priority is placed on the maintenance of the college's physical facilities and technology infrastructure. However, the College's \$4.8 million commitment to maintenance and repair falls approximately \$3 million short of addressing current repair needs. This moves projects further beyond the six-year maintenance plan and creates deferred maintenance for the College. Additionally, with the heightened focus on emergency notification and campus incidents, the College is prepared to invest in capital improvements that enhance emergency preparedness.

Staff Development: This expenditure category of \$1,801,063 supports the staff training and development opportunities of the Districts 1,398 full-time employees and provides minimal support for part-time employees through group training and development. The focus of the comprehensive Fall Staff Development Day training in fiscal year 2008 was sustainability and preparation for the accreditation visit in 2008. The Spring Staff Development Day focused on our "road to excellence," and becoming better in all that we do. In her keynote address Chancellor Zelema Harris emphasized the importance of employee effectiveness. During the day, over 25 sessions were held with topics ranging from updating to Word 2007, the College's newly-designed website, and the role educational institutions play in intercultural success.

This expenditure category supports the Article XXXII initiatives and funds participation in the Missouri Community College Association, the League for Innovation, the

American Association of Community Colleges, the Association of Community College Trustees, and numerous other professional associations. The employee Tuition Reimbursement Program is funded through this expenditure budget.

Institutional Contributions: As the College seeks to attract federal funding and serve the community through expanded program offerings, this expenditure category provides the institutional match requirements of external programs. This category is reduced in 2009 because of the elimination of the subsidy to the Center for Business, Industry, and Labor as a new entrepreneurial model is developed.

Transfers to Restricted Programs: Contained within the state aid allocation to community colleges is funding for targeted initiatives. The Regional Technical Education Council (RTEC) is the source of funds for the Centers of Excellence in Network Technology, Manufacturing Technology, Plant and Life Sciences and Advanced Imaging. The RTEC budget is \$2,784,676. Also contained in this expenditure category is the College's commitment to North County Cares and other student assistance and workforce enhancement initiatives that meet the guidelines of Temporary Assistance for Needy Families (TANF). TANF is funded at \$493,885.

Student Aid: A detailed student aid budget is incorporated into this document. The General Operating Budget contribution to the comprehensive student aid budget provides a match for federal grants and federal work-study, and supports the College Trustees Scholarship. The College Trustees Scholarship fund supports academic, athletic, and activity scholarships.

Leasehold Bonds: Through the St. Louis Community College Building Corporation, the St. Louis Community College District may issue leasehold revenue bonds. Current outstanding bonds provide the debt funding for the acquisition of the Cosand Center; for the property located in Wildwood; for a portion of the construction of the South County Education and University Center; and for the construction of the new Wildwood campus in West County.

The 2009 operating budget increase includes \$750,000 for debt service for the construction of the new Harrison Education Center and for the expansion of the land resource to support the Wildwood campus. At 2.09 percent of the total budget, St. Louis Community College has a very low debt burden. The most recent debt issue was Series 2005. Standard & Poor's provided the College with an AA bond rating for the 2005 issue because of the College's participation in the diverse St. Louis, Missouri Metropolitan Area, the large and growing tax base, the high wealth and income levels in St. Louis County, the strong financial operations of the College coupled with strong reserves, and the low overall debt burden.

Utilities: This expenditure category is funded with a modest increase anticipating the restructuring of the Metropolitan Sewer District rate model that will assess a fee for hard surface runoff. Because of the campus roof and surface parking lot areas, a rate increase of \$100,593 is anticipated. The proposed expenditure in this area is \$4,665,739.

Special Projects: This expenditure category is available in the budget to address unanticipated expenditures. This year's undesignated fund is \$536,444.

2008-2009 Expansion/Reallocation Funding

The 2008-2009 general operating budget contains limited expansion proposals that are achieved through the reallocation of existing personnel and operating funds and through limited expansion dollars available from local tax and state aid allocations. The highest priority expansion funding proposals are highlighted below:

Annual Salary and Benefits Adjustments: The first priority in the 2009 operating budget was funding the 3.5 percent salary increase and funding the benefit programs. The College continues to effectively manage the health insurance program and has received a minimal premium increase in 2009.

Pay rate increase	\$2,550,207
Benefit rate increases	352,000

Fixed Cost Adjustments: In addition to compensation adjustments, the College seeks to fund other fixed cost increases that are necessitated by the on-going cost of business. These adjustments include scholarships, maintenance contracts and utility costs.

Scholarship increase	\$ 33,484
Maintenance contracts	110,000
Utility cost increases	100,593

Workforce and Community Development: The 2009 operating budget includes the commitment to move to an entrepreneurial model in the delivery of services to the corporate community. This effort includes the reduction of the \$886,000 subsidy to the Center for Business, Industry, and Labor. The Phase I review of workforce education has resulted in the increase in revenue of \$388,213, and a reduction of expenses of \$305,684. A Phase II review will be conducted in the coming year with an impact anticipated in the 2010 budget.

Center for Distance Learning: One year ago, the Telelearning unit began a review process. It was determined that the unit would best be reorganized into two units; one focused on academic leadership in distance learning, and the other focused on the technical support of academic instruction. This review has resulted in the elimination of three positions with two position redirected to the Center for Distance Learning and one position redirected to Academic and Instructional Technology Support Services.

Center for Distance Learning Staff	\$141,332
Center for Distance Learning Operating	226,369
Academic and Instructional Tech Support Staff	61,746
Academic and Instructional Tech Support Operating	30,000

Highland Park Printing: With a focus on increasing communications with prospective students, as well as a movement toward personalizing those communications, a review of the equipment and software supporting Highland Park Printing reveals a number of

concerns. Two of the major pieces of equipment are at the end of their lifecycle with one having failed and the other in poor condition. In order to move the Print Shop into a digital/variable data environment, significant investment would be required. Because of the crucial nature of communications with students and donors, it was determined that closing the Print Shop and outsourcing work would not be in the College's best long-term interest. Therefore, a bid has been developed to provide for on-site management of this resource by an external firm. The bid requires the external management firm to provide equipment and software needed to make the Print Shop successful and provide for the transition of the three (3) employees to continued employment with a new external manager. This initiative is to be achieved with no new investment, however, the vacant manager position and the three filled staff positions will be converted to operating funds to pay the contracted cost.

Capital Budget: In the past two fiscal years, it was necessary to reduce the funding committed to the capital budget. This reduction has affected the College commitment to maintenance and repair projects and the ability to support important instructional equipment projects. The 2009 budget includes the restoration of the two most recent reductions to the capital budget and creates a fund to support campus and public safety.

Maintenance and Repair Restoration	\$810,000
Campus and Public Safety	75,000

Enrollment Management: In 2008, the College created the district-wide Enrollment Management budget with three positions. During this year there have been on-going discussions about how Enrollment Management will support the district and provide leadership in the areas of student recruitment and retention. In order to achieve the desired outcome, a team of an enrollment coordinator, a recruiter, and a data-entry person are needed for each campus. Wildwood will begin with only two of the three positions. It is also important to fund a direct-mail and communications campaigns to assure that students know that the College is interested in their future and serving their educational needs. The recommended investment for Enrollment Management includes:

WW Coordinator of Recruitment	\$ 42,025
Data Entry Personnel (4)	104,704
Recruiters (3)	132,309
Benefits	89,292
Temporary Labor	15,000
Direct Mail/Communications Plan	150,000
Operating Expenses	25,000

Wildwood: The campus budget was established through the 2008 general operating recommended budget with start-up costs of \$3.1 million annually. The original 38-position budget was reduced to 26 positions. Half of the funding for the new campus came from reallocation of funds from the West County Education Center. Additional funding in 2009 includes the following:

Stationary Engineer	\$ 58,386
Community Relations	54,463
Faculty (2)	117,920
Benefits	73,849
Part-time Faculty	110,000
Part-time Secretary	15,000
Interpreters/Tutors	22,000
Operating Expenses	80,000

Harrison Education Center and Wildwood Land Acquisition: The educational gap in the north City and the northeast county is considerable, providing an excellent opportunity for St. Louis Community College to expand the credit course operation at the current Harrison Education Center into a new location. In October 2004, the College entered into an option contract to purchase approximately four acres in the JeffVanderLou neighborhood. Seven property owners controlled parcels dispersed within this four-acre parcel. The College completed acquisition of these parcels in January 2008. While this project was recommended to the Governor by the Coordinating Board for Higher Education, no community college projects were funded in the 2009 budget cycle. The College has invested cash reserves in the project and has secured private funds but still requires additional investment for the project to move forward.

Additionally, the 66-acre Wildwood campus is adjoined by an additional 60-plus acre parcel. Because of land usage requirements in Wildwood, 20 acres of the original 66-acre parcel must be preserved. In order to accommodate the full development of the campus, additional acreage should be acquired when available.

Because of these two projects and the timing related to the rising costs of construction and the availability of the parcel of land, it is recommended that the College issue debt in 2008.

Debt Service for Harrison and WW Land Acquisition	\$750,000
------------------------------------------------------	-----------

Campus Initiatives: While very limited in scope, some funds are available to support recurring funding requests from the campuses. These investments are focused on part-time staffing, staffing upgrades to full-time, and limited operating increases.

A.11 Release of Information to the Public (R 2/08)

Records of the College are open to the public unless closed in accordance with the action of the Board of Trustees in adopting this policy, state or federal law. All records of St. Louis Community College subject to closure pursuant to Missouri's Sunshine Law (Chapter 610, RSMO, Section 610.021 RSMO, as amended) are hereby closed.

For purposes of release of records not closed pursuant to this policy, the Board secretary serves as the custodian of records. **APPOINTS THE FOLLOWING EMPLOYEE AS CUSTODIAN OF RECORDS:**

**ASSOCIATE FOR BOARD RELATIONS
ST. LOUIS COMMUNITY COLLEGE
300 S. BROADWAY
ST. LOUIS, MO 63102
(314) 539-5154**

ALL REQUESTS FOR RECORDS WILL BE DIRECTED TO THE CUSTODIAN. IN ADDITION, THE DISTRICT WILL TRAIN AT LEAST ONE (1) ADDITIONAL EMPLOYEE TO SERVE AS CUSTODIAN OF RECORDS IN THE ABSENCE OF THE OFFICIAL CUSTODIAN.

After receipt of the request, the custodian of records ~~will~~ **SHALL:**

- provide access within three business days or sooner if possible or explain in writing the reason for denial of access or for delay.
- **PROVIDE A WRITTEN STATEMENT OF SPECIFIC STATUTORY GROUNDS FOR DENIAL NO LATER THAN THE THIRD BUSINESS DAY FOLLOWING THE DATE THAT THE REQUEST OF THE RECORDS IS RECEIVED.**
- **PROVIDE RECORDS IN A REQUESTED FORMAT IF THAT FORMAT IS AVAILABLE.**

Members of the public may request copies of public records. A charge may be made for copies, up to ten cents per page for copies no larger than 9x17. A reasonable charge for larger copies and for the cost of staff time required to perform document search or provide copies of public records may be charged.

15 Recommended Lodging of New Board Policy A.11.1
Electronic Communication

A.11.1 Electronic Communication

IF A BOARD MEMBER TRANSMITS AN E-MAIL RELATING TO COLLEGE BUSINESS TO AT LEAST THREE OTHER MEMBERS OF THE BOARD SO THAT, WHEN COUNTING THE SENDER, A MAJORITY OF MEMBERS ARE COPIED, A COPY OF THE E-MAIL SHALL BE SENT TO THE CUSTODIAN OF RECORDS. ANY SUCH MESSAGE, SUBJECT TO THE EXCEPTIONS OF [SECTION 610.021](#), SHALL BE CONSIDERED A PUBLIC RECORD UPON RECEIPT BY THE CUSTODIAN.

II. Instruction and Student Services

It is recommended that the Board of Trustees approve the new Health Information Technology Associate in Applied Science approved and submitted by the District Curriculum Committee.

**Program: Health Information Technology
Associate in Applied Science**

Campus: Forest Park

Effective: Fall 2008

Impact Statement:

The rapidly changing Information Technology industry requires continual evaluation of existing programs. A recent tech scan and input from the Health Information Technology (HIT) advisory committee point to the need for expanding the Medical Billing and Coding Certificate of Proficiency program to include a Health Information Technology associate degree program that follows the American Health Information Management Association's (AHIMA) model curriculum for associate degree programs. The HIT associate degree program will prepare students for careers in health information management in all healthcare delivery environments. Our graduates will have the knowledge and skill to lead and assist healthcare organizations implement the latest technology and software in preparation for widespread adoption of electronic health records (EHR). EHR systems will improve the quality and safety of patient care and achieve real efficiencies in the healthcare delivery system.

Recent technology trends and standards are incorporated through modification of existing course descriptions and learning objectives. New course proposals include Healthcare Legal and Ethical Issues, Quality and Performance Improvement in Healthcare, Calculating and Reporting Healthcare Statistics, and Electronic Health Systems. Graduates of the program will be positioned to meet the health information technology needs of regional healthcare employers. There are no additional costs to the College.

4.1.1 Recommendation for Award/Purchasing

Board approval is requested for the extension, renewal or award of additional funds to the three (3) contracts listed below:

A. STATE OF MISSOURI CONTRACT C306087 with **VEOLIA-ES TECHNICAL SOLUTIONS, CLEAN HARBORS ENVIRONMENTAL SERVICES, INC.** and **HERITAGE ENVIRONMENTAL SERVICES, LLC**, for hazardous waste removal and disposal services was originally approved by the Board of Trustees on July 27, 2006, Agenda Item 4.1.5, in an amount not to exceed \$100,000.00, for a period of one (1) full year, to begin July 21, 2006, with an option to renew for up to three (3) additional years. On April 23, 2007, Agenda Item 4.1.14, an eleven (11) month extension of this contract was approved, with no increase in award amount. The College now wishes to take another one (1) year extension, with a remaining option to renew for one additional year. The vendors have performed to the satisfaction of the consuming departments. The rate of expenditure of funds has been averaging \$4,369/month and the current contract balance is \$48,253.00. At this rate of expenditure, an additional amount of \$15,000.00 will likely be required to provide all related services. For this reason, the following action is requested:

Current approved award amount:	\$ 140,000
<i>Requested approval of additional funds:</i>	<i>+\$ 15,000</i>
<i>Revised total contract award amount:</i>	<i>\$ 155,000</i>
<i>Requested contract renewal:</i>	<i>+1 year</i>
<i>Revised total contract period:</i>	<i>2 years 11 months</i>
Current contract expiration date:	June 30, 2008
<i>Revised contract expiration date:</i>	<i>June 30, 2009</i>

B. STATE OF MISSOURI COOPERATIVE CONTRACT C206 with **WORLD WIDE TECHNOLOGY**, for the routine purchase of microcomputer equipment, software and assorted value added services was originally approved by the Board of Trustees on September 19, 2006, Agenda Item 4.1.2, in an amount not to exceed \$5,000,000.00, for a period of two (2) full years, to begin September 20, 2006, with an option to renew for up to three (3) additional years. The College now wishes to take an additional one (1) year extension, with a remaining option to renew for two additional years. The rate of expenditure of funds has been averaging \$156,849.25/month and the current contract balance is \$1,863,015.14. At this rate of expenditure, an additional amount of \$700,000.00 will likely be required to provide all related services. For this reason, the following action is requested:

Current approved award amount:	\$5,000,000
<i>Requested approval of additional funds:</i>	<i>+\$ 700,000</i>
<i>Revised total contract award amount:</i>	<i>\$5,700,000</i>
<i>Requested contract renewal:</i>	<i>+1 year</i>
<i>Revised total contract period:</i>	<i>3 years</i>
Current contract expiration date:	September 21, 2008
<i>Revised contract expiration date:</i>	<i>September 21, 2009</i>

4.1.1 Recommendation for Award/Purchasing (cont.)

- C. Contract B0002139 with ***THE KERRY GROUP LLC***, for the routine management and operation services for the College's Mobile Tech Center was originally approved by the Board of Trustees on July 27, 2006, Agenda Item 4.1.7, in an amount not to exceed \$175,000.00 per year, for a period of one (1) full year, to begin August 1, 2006, with an option to renew for two (2) subsequent years. On May 17, 2007, Agenda Item 4.1.1B, the contract was renewed for a second subsequent year term and the award amount was increased to \$350,000.00. The current rate of expenditure against the contract has averaged \$14,000.00/month for the past twenty-two (22) months, and the current contract balance is \$43,054.22. The College now wishes to renew the contract for the additional third year and, therefore, the following action is requested:

Current approved award amount:	\$350,000.00
<i>Requested approval of additional funds:</i>	<i>+\$175,000.00</i>
<i>Revised total contract award amount:</i>	<i>\$525,000.00</i>
<i>Requested contract renewal:</i>	<i>+1 year</i>
<i>Revised total contract period:</i>	<i>3 years</i>
Current contract expiration date:	July 31, 2008
<i>Revised contract expiration date:</i>	<i>July 31, 2009 (final)</i>

Funding

Purchases made from these contracts will be funded from current operating budgets.

Advertisements

The College posts all open competitive bid opportunities on its WEB page and, in compliance with Board Policy, also places newspaper advertisements on those bids estimated to exceed \$75,000.00. (A & B) The State of Missouri, Office of Administration, Division of Purchasing and Materials Management was responsible for the management of all activities related to this bid, including placement of all advertisements. (C) Advertisements were run in the Metro-Sentinel, the Limelight, the St. Louis American and the St. Louis Post-Dispatch.

4.1.2 Recommendation for Award/Purchasing

Board approval is requested for the award of a contract for charter bus service to *HOLIDAY TOURS, INC.*, *CAVALLO BUS LINES*, *VANDALIA BUS LINES, INC.*, *HUSKEY BUS & TRANSPORTATION*, *CENTRAL STATES TRAILWAYS*, and *MID-AMERICAN COACHES, INC.*, in an amount not to exceed **\$950,000.00**, with no guaranteed amount to any one bidder, for a period of three (3) full years, to begin August 20, 2008.

Description

This contract will be used by the Athletic Departments and others at all campus locations to provide transportation for competitive sporting events that are held out-of-town. Six (6) responding bidders are recommended for inclusion in the award so that the most appropriate vehicle type at the lowest available price can be determined at the time of usage. Bids were evaluated on price offered, references, and fleet equipment. No known minority owned nor woman owned business enterprise participated in this bid process.

Bid – B0002399

The evaluation of this bid, which opened May 9, 2008, is listed below:

<u>Bidders</u>	<u>Sample Pricing/16 Trips</u>	<u>Total Points</u>
<i>HOLIDAY TOURS, INC.</i>	\$31,716.00	100.00

The College currently posts all open bid opportunities on its WEB page and, in compliance with Board policy, also places newspaper advertisements on those bids estimated to exceed \$75,000.00. Newspaper advertisements for these items were run in the St. Louis American, the Metro-Sentinel, the Limelight and the St. Louis Post Dispatch.

4.1.3 Recommendation for Award/Purchasing

Board approval is requested for the award of a contract for the routine purchase of assessment test materials to *ACT, INC.*, in an amount not to exceed **\$35,000.00**, for a period of one (1) full year, to begin July 6, 2008.

Description

This contract will be used by various departments at all College locations to administer the Collegiate Assessment of Academic Proficiency (C.A.A.P.) test, which will help to assess the general educational achievement of graduates of Associates programs. This test is administered only through this company and was therefore not competitively bid. ACT is neither a known minority-owned or woman-owned business enterprise.

Bid – B0002419

The evaluation of this bid, which opened May 27, 2008 is listed below:

<u>Item Description</u>	<u>Pricing</u>
Annual Participation Fee	\$470.00
Volume purchase pricing:	
1 to 500 test booklets	13.50/ea.
501 & over test booklets	12.70/ea.
Optional fees:	
Data Disk	33.00/ea.
Data Disk – Multiple Sessions	44.00/ea.
Various reporting services (standard pricing)	

Funding

Both the participation fee and all related testing materials will be funded from current operating budgets.

Advertisements

The College posts all open competitive bid opportunities on its WEB page and, in compliance with Board policy, also places newspaper advertisements on those bids estimated to exceed \$75,000.00. Advertisements and WEB postings are not run on items available from only one source.

4.1.4 Recommendation for Award/Purchasing

Board Approval is requested to purchase an upgrade for five thousand one hundred and seven (5,107) Interactive Math licenses from *PLATO LEARNING*, in an amount not to exceed **\$30,642.00**.

Description

Plato Learning will no longer support the Interactive Math Licenses after July 1, 2008 and has offered the College a one time \$6.00 per license conversion fee in order to transition the College's remaining available Interactive Math Licenses to Academic System Algebra Licenses. The new licenses support the modern technology of today's Web standards making Internet access easier for our students. These licenses are used primarily by the Meramec Campus and sold to our students through the bookstore. Plato Learning is the sole source for the upgrade of these licenses and therefore could not be competitively bid. This vendor is neither a known minority-owned nor woman-owned business enterprise. Below is a summary of the total cost.

<u>Description</u>	<u>Quantity</u>	<u>Conversion Fee</u>	<u>Total Cost</u>
Interactive Math License	5,107	\$6.00 per license	\$30,642.00

Funding

This purchase will be funded from Auxiliary Services Enterprises.

Advertisements

The College posts all open competitive bid opportunities on its WEB page and, in compliance with Board policy, also places newspaper advertisements on those bids estimated to exceed \$75,000.00.

4.1.5 **Recommendation for Award/Purchasing**

Board approval is requested to purchase sixteen (16) Rockwell portable training work stations to include: four (4) Device Simulator Case sets, six (6) standard PowerFlex 70 AC Drive demonstration workstations and six (6) standard PowerFlex 700 AC Drive interactive workstations and to thereafter present the purchase to the Board of Trustees for ratification at the July 2008 Agenda meeting. The estimated total cost is approximately \$160,000.00.

These systems are designed, integrated and distributed solely by French Gerleman or their sister company Applied Technologies. As pricing on some of the newer components of the system have not yet been finalized, the total cost of the purchase can only be estimated at this point. Their product lines have pervasive market penetration in local, national and international markets. Therefore, students trained on this equipment will have an enhanced placement potential within those business and industrial communities. For these reasons, this request is being made under the conditions outlined in Board Policy No. H-5.1 on Academic Selections. The equipment will be used jointly by the advanced manufacturing program in the Engineering Department at the Florissant Valley campus, and by the Center for Business, Industry & Labor for off-campus laboratory instruction on industrial robotics programming and maintenance.

Funding

This purchase will be made from State of Missouri RTEC Targeted funds, Workforce Prep funds and Workforce Community Development funds.

The College posts all open competitive bid opportunities on its WEB page and, in compliance with Board policy, also places newspaper advertisements on those bids estimated to exceed \$75,000.00. Advertisements and WEB postings are not run on items available from only one source.

4.1.6 Recommendation for Award/Purchasing

Board approval is requested for the award of a contract for the routine purchase of turf management supplies to *SUPREME TURF PRODUCTS, INC., BWI – ST. LOUIS* and *G. R. ROBINSON SEED & SERVICE COMPANY*, in an amount not to exceed **\$60,000.00**, to be split between the three (3) vendors, with no guaranteed amount to any one bidder, for a period of three (3) full years, to begin July 22, 2008.

Description

This contract will be used by the Physical Facilities Departments at all College locations to purchase a variety of products required to maintain the lawns, trees, bushes and shrubs for common areas at each site, as well as to keep the athletic fields in competitive condition. These products include but are not limited to herbicides, insecticides, fertilizers, grass seed, fungicides, lake treatment chemicals and field drying/marketing agents. The three (3) bidders who complied with all requirements of the bid are being recommended for award in order to insure the broadest selection of products at competitive pricing over the life of the contract. Two (2) responding bidders were disqualified for failing to meet all requirements of the bid. No known minority-owned or woman-owned business enterprises participated in this bid process.

Bid – B0002418

The evaluation of this bid, which opened May 29, 2008, is listed below:

<u>Bidders</u>	<u>Price Comparison/25 Typical Items</u>
<i>BWI – ST. LOUIS</i>	\$3,520.85
<i>SUPREME TURF PRODUCTS, INC.</i>	3,667.25
<i>G. R. ROBINSON SEED & SERVICE COMPANY</i>	1,063.50/partial bid

Funding

Purchases made from this contract will be funded from current operating budgets.

Advertisements

The College posts all open competitive bid opportunities on its WEB page and, in compliance with Board policy, also places newspaper advertisements on those bids estimated to exceed \$75,000.00.

4.1.7 **Recommendation for Award/Purchasing**

Board approval is requested for the award of a contract for the routine inspection, maintenance and repair of fire extinguishers and fire suppression systems to ***CINTAS FIRE PROTECTION***, in an amount not to exceed **\$60,000.00**, for a period of four (4) full years, to begin June 20, 2008.

Description

This contract will be managed by the College Risk Manager and District-wide Maintenance Manager for use at all College locations to maintain all fire suppression systems and fire extinguishers at current NFPA/OSHA standards. This service will include periodic inspection and testing, repairs as required and loaner equipment where repairs cannot be affected immediately on site. The recommended bidder offered the best pricing, meets all requirements of the bid and was the only fully compliant responding bidder. Four additional bidders were disqualified for failure to provide evidence that they are fully certified to perform to NFPA/OSHA regulations on the College's fire suppression systems.

Funding

Expenditures made against this contract will be funded from current operating budgets.

Advertisements

The College posts all open competitive bid opportunities on its WEB page and, in compliance with Board policy, also places newspaper advertisements on those bids estimated to exceed \$75,000.00.

4.1.8 Recommendation for Award/Purchasing

Board approval is requested for the award of a contract for external on-site management of the Highland Park Printing Facility to **INDOX SERVICES** for a period of six years, beginning **July 1, 2008 through June 30, 2014**, in an amount not to exceed **\$4,615,500**.

Description

This recommendation is made to expand the inventory of hardware and software necessary to position Highland Park Printing as a strategic asset to the College in image building, enrollment retention and recruitment, and Foundation fundraising. The world of print communications is changing to a more customized, print on demand model relying heavily on variable data integration. To position for the digital future, the College invested in the Xerox DocuColor 5000 (Board agenda item 4.1.4, August 30, 2007). Unfortunately, the platemaker (DPM 2000 CTP) has failed and the Heidelberg Press is reaching the end of its production. At the same time, the current web-based job submission and tracking software is no longer available to the College. The concerns about hardware and software, coupled with an opening in the Highland Park management position, and the quickly approaching change in the demand for print materials set the stage for a bid for external, on-site management of the printing facility. The highest priority as stated in the bid documents was the successful transition of the College's three employees: a bindery/shipping/receiving clerk, a pre-press, and an offset printer. The successful bidder provided the only transition plan that matched current salaries and provided a comprehensive benefit package at the time of transition.

Bid – 0002412 – Outsourced Management of Highland Park Printing Facility

The final selection was based on a combination of factors including management fees and the total cost of partnership, technical expertise with analog and digital print, experience with community college clients and ability to customize solutions to the College, and references. **INDOX SERVICES** represents the best financial offer, comprehensive services, and employee transition plan. **INDOX SERVICES** will transition the three (3) classified employees with the goal to provide all individuals with the opportunity to continue their careers in printing. The employees will have the opportunity and training to expand their knowledge base and advance in **INDOX SERVICES** if desired.

5.2 Ratifications

- 5.2.1 Ratification of Investments/Daily Repurchase Agreements executed during the month of May 2008

**Executive Summary June 19, 2008
(Financial Results Through 05/31/2008)****Revenue**

The Budget Status Summary Report shows revenue of \$150.7 million or 97.2% of the budgeted revenue as compared to \$144.6 million or 95.7% of the budget for the prior year. All categories of revenue are contributing to the increase of FY 2008 revenues over FY 2007 with local taxes being the most significant.

Expenditures

Expenditures are \$121.0 million or 86.9% of the budgeted expenditures as compared to \$119.4 million or 88.0% for the prior year. An increase in salaries and wages is the primary reason that FY 2008 total expenditures amount is greater than the amount for FY 2007.

Transfers

Transfers are at \$15.3 million or 96.4% of the budgeted transfers as compared to \$15.4 million or 96.3% for the prior year. The dollar amount for FY 2008 is less than that of FY 2007 because of reduced planned capital.

BOARD RECOMMENDATION

8.0 Insurance Recommendations

INSURANCE RENEWALS

8.1 Property Insurance Renewal

It is recommended that the Board of Trustees approve the renewal of the property insurance policy, effective July 1, 2008 through June 30, 2009. The policy limit is \$419,393,627. The renewal premium of the policy will be \$170,000 (\$0.04 per \$100 of values). This is an increase of \$10,395. This increase is attributed to the increased value of the College's property and the increased cost of replacement materials.

This insurance plan provides all of the coverage the College had in the past. It also includes \$100,000,000 in earthquake insurance without restrictions because of the New Madrid Fault Zone. Additionally, the College will have \$100,000,000 of terrorism coverage which includes both certified events (international based) and non-certified (special-interest groups/protests).

Conditions in the insurance industry may cause the premium amount to change as the actual renewal date approaches. If this occurs, the Board of Trustees will be notified of the new premium.

8.2 Intercollegiate Athletic Medical Excess and Catastrophic Insurance Renewal

The College's insurance broker, Lockton Companies, examined and analyzed the athletic medical and catastrophic insurance market and found that the policy offered by Fairmont Specialty Group would continue to best meet the needs of the College.

It is recommended that the Board of Trustees approve the renewal of the intercollegiate athletic medical excess and catastrophic insurance coverage with Fairmont Specialty Group for the annual premium \$71,910. This is an increase of \$4,086. This increase is attributed to the increase of medical costs.

The plan is designed to cover medical expenses for intercollegiate athletic injuries after the athlete exhausts the benefits of his/her personal medical insurance, if applicable, following payment of a \$500.00 deductible with coverage up to \$25,000.00 per accident. The catastrophic insurance is designed to cover injuries with costs in excess of \$25,000.00 following exhaustion of the student's personal medical insurance, if applicable, up to the maximum of \$5,000,000.00 per injury.

This coverage is from August 1, 2008 through July 31, 2009.

8.3 Workers Compensation Excess Insurance Renewal

The College's broker, Lockton Companies, took the workers compensation excess insurance renewal to the market and found that the plan offered by the Safety National Casualty Corporation best fits the needs of the College.

The plan is designed to cover workers compensations expenses for claims that exceed \$300,000 and employers' liability maximum limit of \$1,000,000 per occurrence. This insurance is a requirement of the State of Missouri's Division of Workers Compensation in order for the College to operate its self funded Workers Compensation Program.

The insurance coverage would be effective July 1, 2008 through June 30, 2009 for the premium of \$ 90,063. This is a decrease of \$ 4,797.
