Dr. Dorsey then said she had met with State Senators about the funding formula, which could reduce our budget by \$16.8 million. She asked everyone to speak to their senators and ask them to vote against this funding formula.

Dr. Dorsey then announced that the Women's Basketball team made it to the Nationals. She congratulated the team.

Finally, Dr. Dorsey announced that she had held the kickoff for the Chancellor's Leadership Academy earlier in the day.

15.2 For the Good of the College Report

Board Chair Fitzgerald filed the following report:

Our Board has been very busy since the first of the year.

Dr. Larson represented us at the MCCA Board meeting on January 25th.

All Board members attended the February 9, "Falling in Love in Five Courses" Foundation event. Proceeds from the annual event benefit students and educational programs at the college.

In February, my fellow trustees Graham, Hattman, Larson and McGivney, along with Chancellor Dorsey and Castella Henderson, attended the National Legislative Summit in Washington D.C.

Our Board is very involved on the national level. Dr. Graham attended New Trustee training and served on the Diversity committee, Ms. McGivney attended advocacy training, Dr. Larson served on the Public Policy committee, and Ms. Hattman served on the Nominating committee.

Following the conference, meetings were held with staff from Senator Blunt and McCaskill's office, as well as staff from the offices of Representatives Wagner and Luetkemeyer.

Our Board also met with Representative Lacy Clay, and Jane Oats, the Assistant Secretary of Employment and Training Administration, at the Department of Labor. In each meeting, we asked that Congress appropriate at minimum a funding level that matches that of FY 2012 for the Perkins Career and Technical Education programs.

Joan McGivney, Dr. Dorsey and I attended the MCCA Rally Day in Jefferson City. Following the formal Rally-Day kick off, we were introduced as a group from the floor of the House and Senate. We were able to meet with Representative Jake

Hummel, House minority leader, and Representative Don Gosen, who chairs the St. Louis Regional Caucus.

On February 27th, I traveled with Dr. Dorsey to the bi-annual League for Innovation CEO/Board Chair Retreat, a retreat of CEO's who comprise the League Board. Speakers addressed national issues facing community colleges. Dr. Martha Kanter, Undersecretary of the U.S. Department of Education, addressed what is facing us in terms of funding, and Dr. Terry O'Banion, President emeritus and Senior League Fellow, discussed the completion agenda. Other speakers included J. Noah Brown, President and CEO of the Association of Community College Trustees; and Mario Martinez, Professor, Department of Educational Psychology and Higher Education from the University of Nevada, Las Vegas.

Last week, Trustees Jackson, Graham, Larson and I attended the retirement dinner for Urban League President/CEO James Buford. It was an impressive event with over 1,200 people in attendance.

15.3 Citizens Desiring to Address the Board Regarding Other Concerns

Mr. Afzal Lodhi asked to see the results of the professional development day survey conducted earlier this year.

15.4 Board Member Comments

Dr. Larson announced that on February 19, 2013, in his role as the Trustee Representative on the MCCA's Executive Board, he and Dr. Evelyn Jorgenson, the president of Moberly Area Community College, testified before the Senate Appropriations Committee Hearing on Higher Education Funding. He said we should all stand together about funding as a sign of unity. The key point in his attendance was to reinforce that all Missouri Community Colleges are working together.

Dr. Larson also advised the Board that he would like to develop a process in which to nominate a faculty member from STLCC for the annual Faculty Member Award given by ACCT at the annual fall conference.

Trustee McGivney recognized STLCC Culinary Students Joey Lemoine and Jena Shaw. Ms. McGivney met the students during Rally Day in Jefferson City. She said the students have received job offers upon graduation. She introduced them to Senator Scott Sifton.

Board Agenda

9. Recommended Lodging of new Board Policies A.14 Chancellor Evaluation and A.14.1 Board Role in the Strategic Planning Process and New Board Procedure AP.13 Chancellor Evaluation Process

A.14 Chancellor Evaluation

(AP 13)

As a regular and scheduled activity, the Board will evaluate the performance of the Chancellor based on goals and objectives and his/her appropriate criteria agreed to by the Chancellor and the Board of Trustees. The primary purpose of the evaluation will be to maintain high quality district and administrative leadership. (An ad hoc committee of the Board was appointed to develop the format and monitor the process.) The evaluation process will be designed in accordance with the following principles:

- The dates established for the Chancellor's evaluation and goal setting process will align with the Fiscal year (July 1 – June 30). In the event a new chancellor is not hired at the beginning of the fiscal year, a mutually agreed upon date would be established between the Board and the Chancellor. The first evaluation will reflect progress in the months between the start and the end of the fiscal year.
- The annual evaluation shall be scheduled for June of each year with an informal progress review scheduled mid-year (January).
- The evaluation will be held at a scheduled time with no other items on the agenda.
- The Chancellor will complete a self-evaluation using the same form that the Board of Trustees will use. The self-evaluation will be submitted to the Board members prior to the scheduled evaluation session.
- The final evaluation will be a composite of the evaluations by individual Board members and shall be furnished in advance to the Chancellor. The Board, as a whole, will meet with the Chancellor to discuss the final evaluation. The evaluation shall include a discussion of both strengths and potential areas for improvement.
- The evaluation will be signed by the Chancellor and the Board Chair when final. A signed copy will be retained by the Chancellor and a signed and sealed copy will be placed in the Chancellor's personnel file.
- The Chancellor and the Board of Trustees shall mutually agree upon the goals and objectives as they relate to strategic priorities for each year, as well as the format of the evaluation instrument.
- The Chancellor will present a draft of his/her annual goals to the Board each year in July. The Board and Chancellor will discuss the annual goals and the Chancellor will present a final document to the Board.

A.14.1 BOARD ROLE IN THE STRATEGIC PLANNING PROCESS

The Board has a responsibility to be involved in setting and understanding the priorities established by the college's long-term strategic planning process. The Board will assure the chancellor's goals are aligned with the college's strategic priorities. The Chancellor will present the college's strategic plan each year to the Board, who will vote on the approval of said document. The strategic planning process is outlined and begins in October of each fiscal year, and describes the board's role in the process in October and November.

AP.12 CHANCELLOR EVALUATION PROCESS

(BP A.14)

Key dates for the Chancellor's evaluation process will be based on the calendar year:

- 1. May** – the Board will initiate the annual evaluation process in May. The assessment will be based on a mutually agreeable format and criteria, which will reflect the goals and objectives of the past year and agreed-upon expectations for leadership and performance, and his/her criteria as determined.

The Chancellor will submit a self-evaluation in a clearly organized fashion, including appropriate documentation, utilizing the board evaluation form. Using the self-evaluation provided by the Chancellor and their knowledge of the Chancellor's performance, Board members will provide their individual feedback concerning the Chancellor's performance to the Board Chair, using the annual evaluation form for the Chancellor.

Based on the feedback from the entire Board, the chair will compile all ratings and comments for the annual review of the Chancellor. Each Board member will receive the compiled annual review of the Chancellor.

- 2. June** – The Board will receive the evaluation within 7-10 working days prior to the June Board meeting. In the June executive session, the entire board and the Chancellor will have a discussion of his/her annual progress and of his/her evaluation. The discussion will include reviewing the evaluation documents, progress on his/her annual goals as agreed to by the Board, and any changes to his/her contract, including his/her salary, for the upcoming year. The Board will vote to adopt the Chancellor's evaluation, any changes to his/her contract, and his/her salary for the upcoming year following the discussion with the Chancellor over these matters.
- 3. July** – The Chancellor will present to the Board a draft of his/her annual goals for the upcoming year. The Board will discuss the annual goals with the Chancellor during an executive session in July. The Chancellor will present a final document of his/her annual goals to the Board prior to the August board meeting. These materials will be included in the board meeting packet.
- 4. August** – The Board will come to consensus on the Chancellor's annual goals for the next academic year.

- 5. January** – The Chancellor will have an informal discussion with the Board, on his/her progress on the annual goals.

The chair and vice-chair will also develop recommendations concerning potential changes to the Chancellor's contract and salary for the upcoming year to discuss with the Board. The Board will discuss the Chancellor's evaluation and potential changes to his/her contract among itself during an Executive Session.

Academic and Student Affairs

◆The college recommends that the Board approve the deactivation of the Information Systems: Microcomputer Support Specialist Associate of Applied Science approved and submitted by the District Curriculum Committee.

Program: **Microcomputer Support Specialist
Associate of Applied Science**
Effective: **Pending CBHE notification**

Impact Statement:

The Information Systems Department, in collaboration with the Center for Emerging and Advanced Information Technologies (CEA-IT) is proposing to deactivate the Microcomputer Support Specialist AAS degree option. This deactivation follows the approval and implementation of the IT Help Desk/End User Support Certificate which takes its place.

The IS Department has been working with students through Academic Advising and directly with students to provide them individually with a transition pathway through the new program or to complete the older program.

There is no additional cost associated with this program deactivation.

◆The college recommends that the Board approve the deactivation of the Information Systems: Computer Support Specialist Associate of Applied Science approved and submitted by the District Curriculum Committee.

Program: **IS: Computer Support Specialist
Associate of Applied Science**
Effective: **Pending CBHE notification**

Impact Statement:

The District Curriculum Committee is requesting the completion of the recommendations provided in the impact statement when the new Network Engineering associate degree and certificate of proficiency were previously approved. Those steps included deactivation of the Information Systems: Computer Network Specialist Associate of Applied Science degree. A transition plan for students was developed, and students have been transitioned from the former to the current program.

There is no additional cost associated with this program deactivation.

◆The college recommends that the Board approve the revision of the Nursing Associate in Applied Science Degree approved and submitted by the District Curriculum Committee.

Program: **Nursing**
 Associate in Applied Science
Effective: **Pending CBHE notification, Missouri Board of Nursing approval, and**
 National League of Nursing Accrediting Commission (NLNAC) approval

Impact Statement:

An extensive program review over the past three years by the nursing faculty identified multiple changes that were needed to enhance student success in the nursing program. Student learning outcomes (goals and objectives) were revised for the program along with credit hour changes to nursing courses in order to better prepare nurses for practice in the future and to prepare them to continue their education.

In summary, the proposed changes and rationales are:

- Increasing the math requirement from MTH:030 to MTH:140 for admission to increase problem solving ability.
- Remove second English requirement to decrease credit hour requirement.
- Remove SOC:101 (Introduction to Sociology) and replace it with COM:200 (Communication Between Cultures) which is very applicable to communicating in patient care environments.
- Requesting BIO:207 (Anatomy and Physiology I), ENG:101 (College Composition I), PSY:200 (General Psychology), and COM:200 (Communication Between Cultures) be changed from co-requisites to prerequisites to assist students in developing a stronger foundation and therefore have better retention.
- Adding LIB:101 (Introduction to Library and Online Research) as a prerequisite course to develop information literacy skills.
- Requesting NUR:101 (Fundamentals of Nursing) increase from 5-credit hours to 7-credit hours to accommodate the call from the NLN, ANA, and IOM to increase emphasis on gerontology taught in nursing programs as well as the Carnegie Foundation's recommendation that basic skills instruction must improve. The additional credit hours will address these suggestions and promote progression and success. Renumber NUR:101 to NUR:151.
- Requesting NUR:108 (Nursing of Adults and Children I) increase from 8-credit hours to 9-credit hours. Students will benefit from the introduction of chronic illnesses in this course because they care for patients with many co-morbidities. Previously chronic illnesses were not presented until third and fourth semesters. Renumber NUR:108 to NUR:153.
- NUR:201 (Nursing of Adults and Children II) increase from 9-credit hours to 10-credit hours. This will allow increased time for pharmacology which is a large percentage of questions on the licensing exam. It will also assist students to have increased knowledge and ability to apply concepts and teach patients about their medications. Renumber NUR:201 to NUR:251.
- Deactivate NUR:203 (Contemporary Nursing), a 1-credit hour course. A review of the content revealed some duplication in the fourth semester course, NUR:204. The faculty has identified specific unduplicated content areas that will be incorporated into third semester, NUR:201.

- NUR:204 (Management Skills in Nursing) and NUR:205 (Nursing of Adults and Children III) are numbered out of sequence. NUR:204 is actually the very last course in the program. The request is to change the sequence of numbering to match the sequence that they are offered. Renumber NUR:204 to NUR:253 and renumber NUR:205 to NUR:252.
- The requested changes for the alternative admission process through the LPN Bridge courses reflect the equivalent credit hour changes when compared to the traditional admission process.

Admission Criteria to the Nursing Program:

| Current Program | Revised Program |

Executive Summary February 21, 2012
(Financial Results Through 12/31/2012)

Revenue

The Budget Status Summary Report reflects year-to-date Total Revenue as of December 31st of \$80.9 million or 48.9% of the FY 2013 budgeted revenue, as compared to \$82.3 million or 49.5% of the budget for the same six month period last fiscal year.

Local Taxes collected for FY 2013 are 49.5% of budget and slightly ahead of last year's 47.1% of budget level as of December 31st. Having set the ad valorem tax rate at the end of September, the calendar year 2012 real property and personal property taxes were billed in late October with the expectation that the majority of collections will be received in the December/January time period.

State Aid is \$425K or 2.0% lower than last year. The year-to-year difference is a direct representation of lower FY2013 state appropriation, the governors additional 1.0% withholding, and the FY 2013 MCCA equity adjustment.

Year-to-date Student Fees are \$28.6 million for FY2013 versus \$30.0 million for FY2012. The FY2013 fees include \$24.4 million attributed to the Fall semester, while the FY2012 fees include \$25.6 million for the Fall semester. Based upon the percentage of FY 2012 December actual year-to-date Student Fee recorded revenue, FY 2013 December actual year-to-date Student Fee revenue is indicating a \$2.6 million shortfall compared to budget for the Fall semester. The 4.7% decline in Fall-to-Fall revenue reflects lower enrollment offset by the \$5/credit hour fee increase that took effect for the Fall 2012 semester.

Other revenues of \$1.5 million is 38.6% of budget and \$10K higher than last year. The budget reflects the earning expectations of weak investment markets, as investment rate opportunities remain at historic lows.

Expenditures

December YTD expenditures are \$69.0 million or 45.6% of the budgeted expenditures as compared to \$71.6 million for the same period last year. Of the \$2.6 million reduction in year-to-year total expenditures, lower Fall enrollments have resulted in a \$1.3 million reduction in part-time and overload salaries. The allowance for bad debts expense is proportionately lower than last year relative to the lower Student Fees revenue previously mentioned. The \$2.1 million Contingency provided in the FY 2013 Budget is an offset to anticipated State Aid withholding by the Governor.

Transfers

Total Transfers are at \$12.7 million or 89.9% of the budgeted transfers for FY 2013 and compares to FY 2012 transfers of \$15.0 million. Decreases in planned capital expenditure of \$2.0 million for FY 2013 is the primary reason for the difference between total FY 2012 compared to FY 2013. A one-percent or \$777K reduction in Net Assets is the year-to-date net change.

* A **repurchase agreement** is the sale of a security (such as a Treasury bill or Treasury bond) to the college by the college's bank, UMB, with an agreement to buy it back at a later date at a price greater than the original sale price. The difference in the purchase and sale price represents our income on the investment. For example, at the end of each day, the balance of funds in our bank account is used to purchase U.S. Securities from UMB with an agreement that the bank will buy them back the following morning for the amount paid plus interest. Our interest for July was approximately .20% per annum.

Employee Benefits Contract Awards

Recommendation for Award of Wellness Program Contract

Board approval is requested for the award of a contract to **The Vitality Group** for a moderate intensity Wellness program for a period of three (3) full years to begin June 1, 2013.

Description

The College currently has a **low intensity** wellness program which includes Weight Watchers, Biometric Screening, Mamography Van visits and campus Wellness Teams. Health assessments, telephonic wellness coaching, and online health coaching are currently integrated with merchant gift card incentives via the *SimplyEngaged* feature of our medical insurance contract with United Healthcare. However, information from participating in these various wellness activities is not integrated for individuals, and only about 20% of eligible employees currently participate.

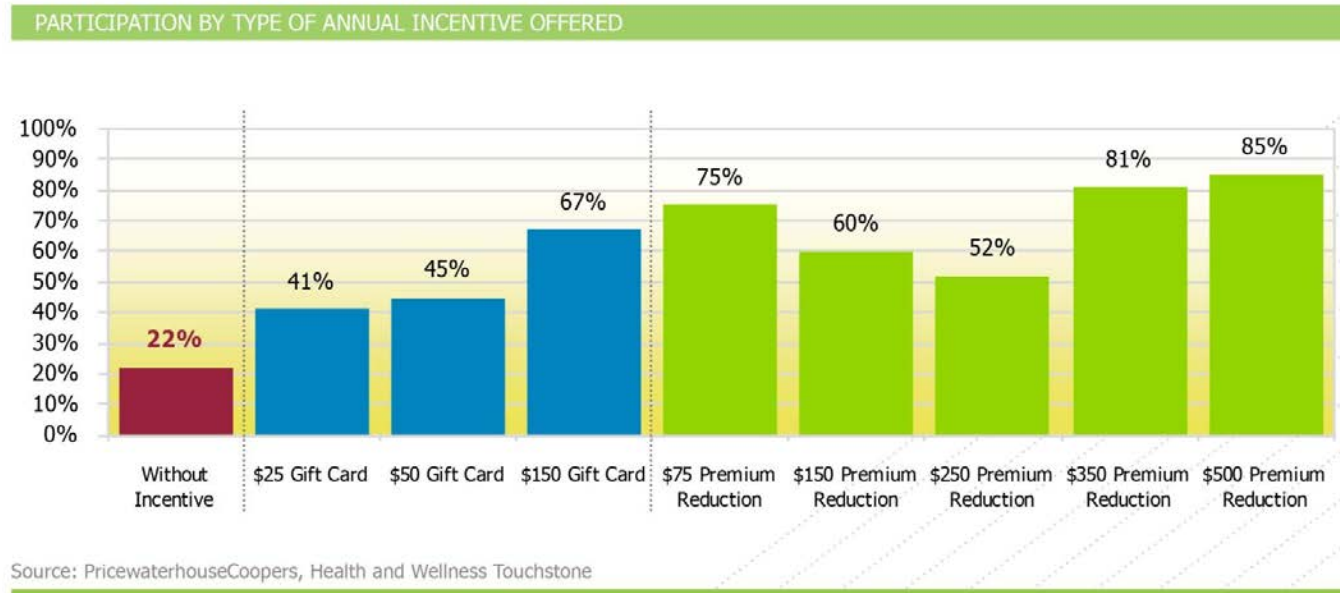

In September of 2011, a cross-functional Health & Wellness Task Force was convened to review the College medical benefit offering relative to benchmarks, and to consider improvements in levels of consumerism and wellness programs. Employees representing all employee groups were members of this Task force.

In March of 2012, the Board approved a redesign of medical insurance coverage recommended to improve the level of consumerism, to give employees more skin in the game, and to better manage long-term cost increases. At that time, the College also committed to seeking competitive bids for a higher intensity wellness program that would:

- further increase the level of consumerism by more fully engaging employees in decisions about medical care and personal wellbeing;
- reduce medical claims experience and cost impact long-term; and
- improve overall employee health and productivity.

Research indicates that the extent to which a higher intensity wellness program will increase the level of employee engagement will depend on the availability of incentives:

Incentive Study—Participation Levels

In October of 2012, therefore, the College sought competitive bids for a **moderate intensity** program that would better integrate wellness information for participants, and provide sufficient incentives to increase the level of employee engagement in wellness activities.

Proposals were received from 4 vendors. The College's benefits consultant, Lockton, analyzed the proposals, and the employee Health & Wellness Task Force evaluated the results considering not only cost, but also technology for tracking and reporting program participation and wellness outcomes, incentive management capabilities, flexibility for customization of individual wellness plans, dependence on coaching, and potential return on investment.

The following 2 finalists were selected to present their programs directly to the employee task force:

| | Healthyroads | | Vitality | |
|--------------------------------------|------------------------------------------|-------------------|------------------------------------------|-------------------|
| Fixed Administration Cost | Estimated Expense Per Employee Per Month | Program Costs | Estimated Expense Per Employee Per Month | Program Costs |
| Implementation Fee | | \$ 5,000 | | \$ 7,000 |
| Administration Fee | \$ 1.25 | \$ 18,885 | \$ 4.35 | \$ 65,720 |
| Telephonic Health Coaching | \$ 2.35 | \$ 35,504 | | additional cost |
| Variable Administration Cost | Estimated Expense Per Participant | Program Costs | Estimated Expense Per Participant | Program Costs |
| Biometric Testing | \$ 55.00 | \$ 55,385 | \$ 54.00 | \$ 54,378 |
| Total Administration Cost | | \$ 114,774 | | \$ 127,098 |
| Merchandise Incentives | | n/a | | \$ 57,500 |
| Total Estimated One Year Cost | | \$ 114,774 | | \$ 184,598 |

Considering not only medical cost savings, but also productivity improvements and absence reductions, a **moderate intensity** wellness program such as Vitality's would be expected to yield the following return on investment:

| Multi-Year ROI Analysis | | | | |
|----------------------------------|------------------|------------------|------------------|------------------|
| | 2013 | 2014 | 2015 | Multi-Year |
| Medical Cost Savings | \$119,616 | \$266,744 | \$371,774 | \$758,134 |
| Productivity Improvements | \$165,008 | \$336,616 | \$429,185 | \$930,808 |
| Absence Reductions | \$29,335 | \$59,843 | \$76,300 | \$165,477 |
| Total Savings | \$313,958 | \$663,202 | \$877,259 | \$1,854,419 |
| Investment | \$184,598 | \$211,598 | \$233,098 | \$629,294 |
| Net Savings | \$129,360 | \$451,604 | \$644,161 | \$1,225,125 |
| In Year ROI | 1.7 | 3.1 | 3.8 | |
| Cumulative ROI | | 2.5 | 2.9 | 2.9 |

Please note that this ROI analysis assumes a long-term commitment to incentives.

Based on this assessment, and given that the return on an investment in a wellness program will depend on the level of employee engagement, and that the level of employee engagement will in turn depend on the availability of incentives, the College and the Task Force **recommend that this contract be awarded to The Vitality Group.**

Factors influencing the Task Force' unanimous recommendation of Vitality included the following:

- more effective personalized pathways to wellbeing;
- success of program not overly dependent on health coaching;
- more innovative technology, including interactive web-based tools;
- availability of the Vitality Mall for merchandise incentives, and comprehensive incentive management capability;
- availability of integrated, turnkey implementation;
- focus on verifiable activities and outcomes;
- network of 14,000+ health clubs with discounted rates;
- actuarial models to measure progress.

Decisions about incentive funding during the term of this contract would be made annually based on experience with the new program and overall budget considerations.

Recommendation for Award of Contract for Administration of Flexible Spending Accounts

Board approval is requested for the award of a contract for administration of the current Flexible Spending Accounts program to **ADP** for a period of three (3) full years to begin June 1, 2013.

Description

In February of 2010, the Board approved award of a contract to Tri-Star Systems for administration of our Flexible Spending Accounts program for a three-year period ending May 31, 2013.

In October of 2012, the College sought competitive bids duplicating current administrative services for:

- *Healthcare* spending accounts with a maximum of \$2,500 and a minimum of \$100
- *Dependent Care* spending accounts with a maximum of \$5,000 and a minimum of \$100

Proposals were received from 11 vendors, of which 6 were competitive.

Our insurance consultant analyzed the proposals and the College's employee Health Insurance Task Force evaluated the results:

Based on the relative cost of these proposals, the College and the employee task force **recommend that this contract be awarded to ADP.**

The above first year costs are based on current participation and current participation levels are expected to decrease because, due to changes in the design of medical insurance coverage last year, the College contributed \$100 to the account of each medical insurance subscriber on a one-time basis. However, while total costs will very likely be less than above, the relative percentages of savings will be approximately the same.
