## OKLAHOMA STATE REGENTS FOR HIGHER EDUCATION

The Oklahoma State Regents for Higher Education is the coordinating board for all public institutions of higher education in the state. The board consists of nine members appointed by the governor and confirmed by the state senate for nine-year terms, one expiring each year. The coordinating powers of the board include the right to prescribe standards for higher education, to approve programs of study and functions for public institutions of higher education, and to establish minimum standards for admission to public institutions in the state.
The present membership is:

Gen. Toney Stricklin, Chairman
John Massey, Vice Chair
Ronald H. White, M.D., Secretary
Jay Helm, Assistant Secretary
Joseph L. Parker, Jr.
Ann Holloway
Marlin "Ike" Glass, Jr.
Jimmy D. "Jimmy" Harrel
Michael C. Turpen
Dr. Glenn D. Johnson, Chancellor

## ADMINISTRATION

## GARRY M. IVEY- President

B.S., M.Ed., Southeastern State University; additional graduate study, Oklahoma State University, University of New Mexico, Northeastern State University

DR. JASON MORRISON-Vice President for Academic Affairs
B.A., Henderson State University; M.A., Arkansas State University; SCCT, Arkansas State University; EdD., Arkansas State University

TONY CROUCH-Vice President for Business Operations
B.S., Northwestern Oklahoma State University; M.S., Southwestern College

DR. KATHRYN A. HARRELL-Vice President for Sallisaw Campus; Director of Institutional Effectiveness B.S., M.Ed., Northeastern State University; Ed.D., University of Arkansas

JAY FALKNER- Associate Vice President for Enrollment Management; Director of Title III NASNTI Grant B.B.A., Northeastern State University; M.Ed., East Central University; Doctoral Studies, University of Arkansas

RANDY GRAVES- Associate Vice President for Student Life
B.S., Southeastern Oklahoma State University; M.S., University of Texas at Tyler; additional graduate study, University of Texas at Tyler

MARC WILLIS- Associate Vice President for Instruction
B.A., Northeastern State University; M.S., Northeastern State University; Doctoral Studies, University of Arkansas

JEAN ANN BARLOW- Executive Assistant to President and Board of Regents; Food Service Operations Manager
B.S., John Brown University

JUDI WHITE-Director of Public Relations and Marketing
B.S., Henderson State University

## DIVISION CHAIRPERSONS

SUSAN HILL-Communication and Fine Arts
B.A., Northeastern State University; M.A., Southwestern Baptist Theological Seminary

WILLIAM L. (BILL) GANN-Business and Technology
B.S., Northeastern State University, M.Ed., East Central State University; Graduate Study, Northeastern State University, Central State University, Oklahoma State University; C.E.T, C.T.T., F.C.C., G.R.T.

BOB HENDRICKS-Social and Behavioral Sciences; Health, Physical Education, and Recreation
B.S., Northeastern State University; M.A., Webster University

JERRY HOLTON-Mathematics and Science
B.S., Oklahoma State University; M.Ed., Northeastern State University

## ABBIE BAILEY-Health Sciences

B.S.N., Pittsburg State University; M.S., University of Central Arkansas

## FULL-TIME FACULTY

## BEVERLY AFZALI

B.S., M.Ed., Northeastern State University

MAURICA ANDERSON
B.S., University of Arkansas; M.S., University of Oklahoma
T. JACK ARMSTRONG
B.A. Ed, East Central State College; M.B.A., Oklahoma City University

ABBIE BAILEY
B.S.N., Pittsburg State University; M.S., University of Central Arkansas

LESLIE BAIN
B.S., Oral Roberts University; M.Ed, East Central University

SARAH BANE
B.A., Southeastern Oklahoma State University; M.A., University of Wyoming; Ph.D, University of Alabama
SHAWNA BLAKE
B.A., M.A., Northeastern State University

JAMIE L. BONDS
B.S., M.S., Northeastern State University

LISA J. BOSWELL
B.S., University of Arkansas

PATRICK BROWN
B.Ed, East Central University; M.A. Biola University

SARAH BROWN
B.A., Grace College; M.A. Biola University

WILLIAM CARROLL
B.S., Kansas Newman College; M.P.T., Wichita State University; additional graduate studies, Oklahoma State University

## FRED CHRISTOPHER

B.A., M.Ed., Northeastern Oklahoma State

University; additional graduate studies
CHESTER CORNELL
B.A., Hendrix College; M.A., Boston University, Ph.D. Candidate, University of Arkansas

## MARCIA CULLUM, MSN, RN, CNE

B.S.N., M.S.N., University of Central Arkansas

DANA DINSMORE DAVIS
B.A., University of Central Arkansas; M.S., Northeastern State University

AMANDA DOERFLER
B.S., M.S.T, Missouri University of Science and Technology

LARRY EDWARDS
B.S./Ed., Northeastern State College; M.Ed, Northeastern Oklahoma State University

WILLIAM L. (BILL) GANN
B.S., Northeastern State University, M.Ed., East Central State University; Graduate Study, Northeastern State University, Central State University, Oklahoma State University; C.E.T, C.T.T., F.C.C., G.R.T.

## LOIS GOTES

B.S.N., Northeastern State University; M.S.N., University of Phoenix, N.P.Adult, University of Central Arkansas

## BOBETTE GUILLORY

B.F.A., University of Texas; M.Ed., University of Houston; additional graduate study, University of Houston
NORMA HALL
B.A., Northeastern State University; B.A., Instituto "Audres Soler" de Teatro Cine y Radiotelivision BOB HENDRICKS
B.S., Northeastern State University; M.A., Webster University SUSAN HILL
B.A., Northeastern State University; M.A., Southwestern Baptist Theological Seminary

JERI HOBDAY
B.S., University of Texas Health Science Center at San Antonio; M.S., University of Arkansas DAVID HOLT

## GENERAL INFORMATION

## History and Location of College

Carl Albert State College (CASC) has a rich tradition of serving eastern Oklahoma with educational opportunities, beginning in 1933 when it first opened its doors in the old Poteau High School building during the Great Depression. The college was established to offer opportunities to students who could not afford the cost of leaving home to obtain a higher education. Some of the first faculty members were University of Oklahoma professors who lost their teaching positions when that university was forced to curtail services because of the depressed economy. The college closed during World War II, but reopened immediately after the war to provide educational services for returning veterans and their families.

CASC has been in business ever since, growing from one classroom building at its present location in 1968 with approximately 300 students, to the present 25 buildings, including 11 resident centers, serving more than 3,000 students from throughout Oklahoma and western Arkansas.

Originally named Poteau Junior College, it was changed in the 1950's to Poteau Community College, and in 1971 to Carl Albert Junior College in honor of the Speaker of the U.S. House of Representatives who represented the congressional district in which the school is located. On October 25, 1973, the college became a part of the state system of higher education as a state-owned and state-operated institution. In May 1990, the Oklahoma Legislature approved a bill which changed the school's name to Carl Albert State College.

CASC's central campus is located in Poteau, Oklahoma, with a population of slightly more than 10,000. Poteau is listed as one of "The 100 Best Small Towns in America." The town is the Leflore County seat, and is a 25 mile drive from Fort Smith, Arkansas, a metropolitan center of more than 80,000 people. The campus is situated at the foot of Cavanal Hill, "The World's Highest Hill." To the south lie the beautiful Kiamichi and Winding Stair Mountain ranges, and to the north are the historic Cookson Hills and the foothills of the Ozark Mountains. The area is a paradise for residents and tourists seeking opportunities to fish, hunt, water ski, hike, camp, and utilize equestrian trails.

CASC's branch campus is located in Sallisaw, Oklahoma and opened in spring 1979. Initially, all classes were taught in public school facilities. In the fall of 1990, classes were moved to a vacant elementary school building. In 1992, CASC Sallisaw began operating in its current location in the Sallisaw Industrial Park. At that time, six classrooms were available to serve 170 students.

Continued rapid enrollment created the need for additional space, and in the summer of 2000 a state bond issue was passed to expand the Sequoyah County campus. The bond issue did not generate the necessary revenue to fund the planned 25,000 -square foot addition. Local business leaders, however, were successful in the introduction and subsequent passing of a half-cent sales tax increase for a four-year period. As a result, construction on the expansion began in August 2001 and was completed summer 2002.

The CASC Sallisaw campus is spacious, modern facility with state-of-the-art technology, computer labs, science labs, and a large multi-purpose area that regularly hosts local civic and community outreach events. In fall 2005, CASC received funding from the Higher Education Capital Bond Program for construction of a 28,000 square foot library and classroom complex on the CASC Sallisaw campus. The citizens of Sallisaw matched the Higher Education Bond funds with a city one-half cent sales tax. Completion in 2007 now allows CASC Sallisaw to serve more than 1,500 students.

## MISSION STATEMENT

To provide affordable, accessible, exceptional education that fosters student success.

## STRATEGIC PLAN

The Strategic Plan of Carl Albert State College seeks to emphasize recognition of the evolutionary nature of higher education by creating a fluid strategic process which allows for constant assessment, evaluation, and progress. Rather than creating a static document which could lead to reactionary changes at predetermined intervals far in the future, CASC wished to prepare a dynamic plan that allows for timely, proactive responses.

Based upon the mission, vision, values, and goals of Carl Albert State College, five Focus Areas have been created to guide the college's planning strategies:

Focus Area 1: Preparation for Success<br>Focus Area 2: Academic Standards and Rigor<br>Focus Area 3: Assessment and Technology<br>Focus Area 4: Instilling Perseverance, Persistence, and Perspective<br>Focus Area 5: Providing a Safe Environment Conducive to Learning

## VISION

CASC faculty and staff will provide an exemplary learning community by creating excellent educational opportunities that are responsive to the needs of the area and enable students to achieve their aspirations and develop into successful participants in an ever-changing world.

## VALUES

1. Student Centricity- a supportive learning-centered community created to meet diverse student needs in the achievement of academic and personal goals for lifelong learning opportunities
2. Educational Quality - exceptional programs and services striving for continuous improvement for student success
3. Integrity - honesty, courtesy, responsibility, and ethical conduct within the college community and with other constituencies
4. Accessibility- a wide range of academic programs, general education, and student services to meet student needs in an efficient, effective, and economical manner
5. Community Collaboration - cooperative partnerships with other educational institutions, agencies, and organizations to better the global community
6. Leadership - engagement and civic responsibility at local, national and global levels

## GOALS

1. Preparation of students for success in further educational endeavors, careers, and a life of service and leadership;
2. High academic standards and rigor;
3. Evaluative processes of educational experiences to provide data-driven assessments and outcomes;
4. Instilling student perseverance, independent learning, and critical thinking skills throughout college
and life;
5. Providing a safe and conducive environment for learning;
6. Contemporary and effective use of technology;
7. Promoting local opportunities for student and community success;
8. Encouraging a global perspective and lifelong learning.

## AFFILIATION AND ACCREDITATION

Carl Albert State College is accredited by the Higher Learning Commission through the North Central Association of Colleges and Schools, the Accreditation Commission for Education in Nursing, and the American Physical Therapy Association. The college is also accredited or recognized by the following higher education agencies or bodies: Oklahoma State Regents for Higher Education, American Council on Education, Oklahoma State Accrediting Agency, Oklahoma Association of Community Colleges, American Association of Community Colleges, Higher Education Alumni Council of Oklahoma, Council of North Central Two Year Colleges, American Association of Collegiate Registrars and Admissions Officers, National Junior College Athletic Association, and the Association of Community College Trustees.

Additionally, CASC has entered into partnerships with several entities including Northeastern State University, Tahlequah, Oklahoma; Southeastern Oklahoma State University, Durant, Oklahoma; University of Arkansas at Fort Smith, Fort Smith, Arkansas; Oklahoma State University, Stillwater, Oklahoma; Oklahoma State University Institute of Technology, Okmulgee, Oklahoma; and Columbia Southern University, Orange Beach, Alabama.

The Carl Albert State College Department of Nursing Education is approved by the Oklahoma Board of Nursing. Graduates of this state program are eligible to write the National Council Licensure Examination (NCLEX) for registered nurses.

Chicago, Illinois 60602-2504
Telephone: (800) 621-7440

## EQUAL OPPORTUNITY POLICY

To indicate institutional compliance with the various laws and regulations that require a Nondiscrimination, Equal Opportunity and Affirmative Action Policy, the following statement is intended to reflect that Carl Albert State College shall, in all manner and respects, continue to be an Equal Opportunity Employer and offer programs of Equal Educational Opportunity. This institution, in compliance with Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, and other federal laws and regulations, does not discriminate on the basis of race, color, national origin, sex, age, religion, handicap, or status as a veteran in any of its policies, practices, or procedures. This includes, but is not limited to, admissions, employment, financial aid, and educational services.

It is the policy of Carl Albert State College to take every available opportunity to ensure that each applicant who is offered a position at the college shall have been selected on the basis of qualification, merit, and professional capability alone.

It is further the policy of the college to be in voluntary compliance with any and all statutes, regulations, and executive orders that deal with equal opportunity and nondiscrimination regardless of whether such statutes, regulations, or executive orders are of federal or state origin.

The college subscribes to the fullest extent to the principle of the dignity of all persons and of their labors. In order to ensure complete equal opportunity, the college shall actively recruit applicants for positions from all segments of the population.

## HALL OF FAME

Each year Carl Albert State College accepts nominations for the college's Hall of Fame. One or more individuals are selected to be inducted into the Hall of Fame, the highest honor awarded at CASC. These individuals are recognized for their outstanding service, for the difference they have made in the lives of students, and for bringing honor and distinction to Carl Albert State College. Bronze plaques bearing the names and pictures of the honorees are on permanent display in the Business Center.

## CASC Hall of Fame Members:

1. AES Shady Point
2. The Honorable Carl Albert
3. Ms. Belva Brooks Barber
4. Mr. Bill J. Barber
5. Mr. Elbert Costner, posthumously
6. Chancellor Emeritus Dr. E.T. Dunlap
7. Ms. Mary Gates
8. Dr. E.A. "Jack" Gedosh
9. Senator Clem Hamilton, posthumously
10. Representative Jim Hamilton
11. Mr. Jerry Hetherington
12. Mr. W. D. "Bill" Hoffman
13. Mr. F. L. Holton, Jr.
14. Mr. Steve \& Ms. Pam Holton
15. Mr. W.L. Lattie Hoyle
16. Mr. Orville Johnson, posthumously
17. Ms. Marguerite Kellogg
18. Ms. Beverly McMillen
19. Ms. Delores Mitchell
20. Mr. George Ollie, Jr.
21. Ms. Jeanne Reed
22. Mr. Vernon Roberts
23. Mr. Julian J. Rothbaum
24. Mr. Buddy Spencer
25. Mr. Mick Thompson
26. Mr. Charles L. Ward

## ENDOWED PROFESSORSHIPS

Endowed professorships are a respected tradition in higher education. Major universities have long depended on endowed professorships to enrich academic programs. Traditionally, excellence is defined by research and publication rather than teaching excellence since these are generally the key elements in the mission of major universities. The key elements in the mission of Carl Albert State College,
however, are teaching and community service.
The interest earned from the endowment each year, $\$ 3,000$ to $\$ 10,000$, is awarded based on the greatest contribution to teaching and academic excellence for Carl Albert State College. The instructor selected will occupy the professorship for a one year period. When each appointment is completed, the selection process will repeat and a new award will be granted.

Classroom teaching excellence is the central activity that determines whether CASC is meeting its designed mission. The gift of an Endowed Professorship is one of the most important gifts that can be made to Carl Albert State College's academic programs.

## CASC Endowed Professorships

1. George Herbert Walker Bush Endowed Professorship for Teaching Excellence
2. General Victor Cary Endowed Professorship for Teaching Excellence in General Studies
3. Hanford F. Farrell, Sr. Endowed Professorship for Teaching Excellence
4. Gerald Ford Endowed Professorship for Teaching Excellence
5. Philip and Wanda Freeman Endowed Professorship for Teaching Excellence
6. E.A. "Jack" Gedosh Endowed Professorship for Teaching Excellence in Allied Health Sciences
7. Jodi Hoffman Endowed Professorship for Teaching Excellence in Business Technology
8. F.L. Holton Endowed Professorship for Teaching Excellence in Business Technology
9. J.C. and Linda Holton Endowed Professorship for Teaching Excellence in Mathematics
10. Dick LaFevers Endowed Professorship for Teaching Excellence
11. Veronica A. LaFevers endowed professorship for Excellence in School of Nursing
12. Macy R. McBee Endowed Professorship for Teaching Excellence in Natural Sciences
13. Dave and Beverly McMillen Endowed Professorship for Teaching Excellence in Environmental Studies/Science
14. James (Jimmie) and Pearl Orr Endowed Professorship for Teaching Excellence in Math/Engr
15. The Oxley Foundation Endowed Professorship for Teaching Excellence
16. Roy W. and Jeanne A. Reed Endowed Professorship for Teaching Excellence in Academic Enrichment
17. Julian J. Rothbaum Endowed Professorship for Teaching Excellence in History
18. Charles Ward Endowed Professorship for Teaching Excellence
19. Eleanor White Endowed Professorship for Teaching Excellence in Education
20. Walter White Endowed Professorship for Teaching Excellence in Early Childhood Development
21. R.L. Winters Endowed Professorship for Teaching Excellence in Allied Health Sciences
22. Dean Worley Endowed Professorship for Teaching Excellence
23. Delores O'Guin Mitchell Endowed Professorship for Teaching Excellence

## PHYSICAL FACILITIES

The Carl Albert State College main campus consists of 139.62 acres near the southeast edge of the city of Poteau. Physical facilities on the campus include:

Deanna J. Reed Science and Math Center - The newest building on campus is named for Carl Albert State College Regent Deanna Reed. Built in 2012 it houses classrooms, laboratories, and offices for the Math and Science departments.

Hemphill Hall -The building is named for Joe Paul Hemphill, former vice president for academic affairs, being built in 1967, it is the oldest building on campus. The following departments are housed inside of

Hemphill Hall: Business Office, Admissions, Enrollment and Retention Center, Financial Aid, Campus Police, Recruiting, Educational Opportunity Center, Student Affairs, Student Support Services and Telecommunications.

Jim Jinkins Academic Center - Named for Dr. Jim Jinkins, a former vice president of academic affairs, is located in Johnson Hall.

Johnson Hall - Named for Orville Johnson, a former president of the college.
Costner-Balentine Student Center - Named for the late Elbert L. Costner, an early-day president of the college, and Baysul Balentine, a long-time member of the Kiamichi Technology Center board and educator. The following services are provided to students in this building: Campus Bookstore, Student Food Service, Student Lounge and the Student Cardio Room. The Jeanne Reed Stars and Stripes room as well as the Ballroom can be used for meetings of the various student organizations.

Mick Thompson Fitness Center - Named for Mick Thompson who has served as an Oklahoma State Representative and as the Commissioner of the Oklahoma Banking Commission. This state-of-the-art complex provides a gymnasium, weight room and physical education classes for our students.

Larry Dickerson Health Science Center - Named for Larry Dickerson, a former Oklahoma State Senator. This center provides classrooms and labs for students pursuing their (AAS) in Nursing and/or (AAS) in Physical Therapy Assistant Programs.

Hamilton Complex -Named for Clem Hamilton, a former Oklahoma State Senator. This complex houses classrooms, dance studio, art rooms, music rooms, the campus radio station and an auditorium that seats 522 , where students perform plays, musicals and pageants.

The Dunlap Oval - Named for E.T. Dunlap, former Chancellor for OSHRE. Located at the entrance of the college, the Dunlap Oval provides a picturesque area for relaxation and study.

Joe E. White Library - Named for Dr. Joe E. White, former President of Carl Albert State College. This facility provides individual tables and study carrels for students to read, study or do research. Computer workstations are available for students to use in searching the online catalog, electronic databases, and the Internet.
F.L. Holton Business Center -Named for a prominent business leader and former Carl Albert State College Regent, this facility contains classrooms, computer labs, Educational Talent Search, Human Resources, Carl Albert State College President office and the Carl Albert State College Development Foundation office.

George Ollie Center for Academic Excellence - Named for George Ollie, a prominent business leader and former Carl Albert State College Trustee, this facility contains classrooms and faculty offices for the Division of Communication and Fine Arts and the Division of Social and Behavioral Sciences. The Learning Resource Center is located in this building as well as the Title III program.

Technical Occupational Building - This building houses the Upward Bound Program, Upward Bound Math and Science Program, Power 1 Program and Child Development.

Garry M. Ivey Physical Plant - Named for a former Assistant to the President, this building houses the Physical Plant Director and employees of the Physical Plant. The Physical Plant consists of Construction, Maintenance and Janitorial. This building provides a large workshop for projects to be built in along with covered parking for the college's fleet of vehicles.

Student Laundry - This building provides coin-operated laundry facilities for dormitory students to use as needed.

VIKE House - This facility provides recreation for students. Pool tables, air hockey and foosball tables are just a few of the items offered. There is a large outdoor volleyball court for students to use behind the VIKE House.

Beverly McMillen-AES Center - Named for Beverly McMillen, a Carl Albert State College Trustee and AES a local business. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walk-in closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.

Bill J. Barber Scholars Center-Named for Bill J. Barber, a Carl Albert State College Regent and Trustee. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walk-in closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.
W. D. Hoffman Scholars Center - Named for W.D. Hoffman, a Carl Albert State College Trustee. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walk-in closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.

Kate "Katie" Ollie Leader Center - Named for Katie Ollie, a local community leader and philanthropist. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walk-in closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.

Sullivan Athletic Dorm - Named for Mike Sullivan, a former District Attorney for LeFlore and Latimer Counties. This facility houses 10 student athletes.

Women's Athletic Dorm - The facility houses 12 student athletes.
Civic Athletic Dorm - This facility houses 12 student athletes. This facility was built in part by donations from Poteau Rotary and Kiwanis Clubs.

Athletic Dorms - These two dorms are designed to accommodate 16 student athletes.
Nell and Lattie Hoyle Free Enterprise Living Center -Named for Lattie and Nell Hoyle, generous supporters of Carl Albert State College. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walk-in closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.

Jack Gedosh Dormitory - Named for Jack Gedosh, a local philanthropist. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walk-in closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.

George and Rosemary McBee Leader Center - Named for George McBee, a District Judge and Carl Albert State College Trustee, and his wife Rosemary, a philanthropist. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walk-in closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.
J.C. Holton Family Leader Center - Named for J.C. Holton, a retired Carl Albert State College math instructor for 34 years, mathematics department chair, and Foundation Trustee. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walkin closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.

Baptist Collegiate Ministries - Located just off campus, the Baptist Collegiate Ministries was built by the Leflore Baptist Association and the Southern Baptist Convention of Oklahoma. A full program of activities is scheduled weekly not only for Baptist students but also for students of other denominations and faiths.

Choctaw Nation Headstart - This building houses an auditorium, a kitchen, and staff offices. The program serves the Choctaw Nation, area children, and Carl Albert State College.

Kerr Conference Center and Museum - CASC has been entrusted with the care of the spacious home of the late U.S. Senator and Mrs. Robert S. Kerr located approximately three miles southwest of the campus. The home was given to the Oklahoma State Regents for Higher Education by the children of Senator and Mrs. Kerr and by the Kerr Foundation. It is used for seminars, workshops, and other meetings of an academic nature.

George and Rosemary McBee Leader Center - Named for George McBee, a District Judge and Carl Albert State College Trustee, and his wife Rosemary, a philanthropist. This student dormitory offers 20 rooms that house two students per room. Each room provides a study area, sleeping area, walk-in closet and private bathroom. Each room is wired for Internet, Telephone and Cable TV if the student desires these services.

## PUBLIC RELATIONS/MARKETING

The Public Relations/Marketing Office informs the campus and communities served by Carl Albert State College of news, events, and activities relating to the college. In addition, advertising on radio, television, newspapers, and other outlets is coordinated through the PR/Marketing Office, as well as assistance with the creation of informational and promotional materials for Carl Albert State College. The Office of PR/Marketing also coordinates photography used for publicity or for public distribution.

## SALLISAW CAMPUS

Mayo Center - Named for the Mayo Family of Sallisaw Oklahoma. This facility houses the office of admissions, financial aid, business office, campus police, office the Vice President of Sallisaw Campus, nursing department, science department, testing center, ID machine, Federal TRiO Programs (Educational Opportunity Center, Student Support Services, Talent Search, Upward Bound, and Upward Bound Math and Science), Power I, a multipurpose room, campus bookstore, computer lab, and classrooms.

Delores 0'Guinn Mitchell Classroom Building and Library - Named for Delores Mitchell a Carl Albert State College Regent and Trustee. This facility houses the Delores O'Guinn Mitchell Library, classrooms, Vike student lounge, and offices of academic advisors in the Business and Technology, Communications and Fine Arts, Social and Behavioral Science, Math and Science, and Health, Physical Education and Recreation divisions.

## STUDENT AFFAIRS

The purpose of the Office of Student Affairs is to provide affordable, accessible and exceptional education that fosters student success and contribute to the cultural, intellectual, physical, and social development of students.

Specific offices under the direction of the Associate V.P. for Student Life include: athletics, campus police, clubs and organizations, counseling, student government, special events, student activities, recreation, intramural sports, and residential living.

The Student Handbook offers access to tools and resources which can help new and continuing students navigate CASC. Chapters of the Student Handbook are filled with useful college information about academic and student services, as well as student rights, responsibilities, and conduct, as adopted by the Carl Albert State College Board of Regents. It is the responsibility of the Office of Student Affairs to administer these regulations.

## ASSOCIATE VICE PRESIDENT FOR STUDENT LIFE

The Office of the Vice President for Student Affairs is located in Hemphill Hall and is committed to the improvement of the quality of life for students and to the enhancement of their competencies as productive citizens, advocating responsible behavior, supporting learning, and promoting the attainment of student goals through various activities.

## ACADEMIC ADVISEMENT, ENROLLMENT, AND COUSELING

Academic advisement is provided by faculty and professional personnel who are trained to assist students with academic and career decisions, as well as enrollment and counseling. The enrollment specialists, advisors, and counselors at CASC strive to provide high quality services geared to meet the needs of new and returning students, students who have had or are now experiencing problems, students wishing to transfer to senior institutions, and students requiring some type of career or program guidance.

Students are encouraged to schedule an appointment with their academic advisor should any questions arise as to class attendance or academic performance. Advisors will follow the proper channels to resolve questions and/or problems beginning with the suitable division chairperson.

## CAREER, PLACEMENT AND TRANSFER CENTER

The Career, Placement, and Transfer Center assists students and graduates in maximizing their efforts to prepare for a career and to aid in the smooth transition from CASC's two- year program into a four-year college or university. Services are available to all current students and alumni. Counseling is offered in the following areas: career explorations, career planning, transfer admissions, and transfer scholarships. Job search strategies, vita preparation and writing skills, as well as interview techniques are also the focus of the Center. The Career, Placement, and Transfer Center is located in the Enrollment and Retention Center in Hemphill Hall.

Services include:

- Career counseling to clarify goals, explore opportunities and prepare for a job search
- Career information and occupational descriptions
- Current job listings in education, business, government, etc.
- Career investigation and scholarship searches
- Transfer and scholarship information for all Oklahoma four-year colleges
- Internet access to colleges and universities nationwide
- Information on vita preparation, cover letters, interviewing, etc.

## HEALTH SERVICES

The majority of the CASC student body lives with relatives and commutes to campus. Students are expected to have medical insurance coverage provided by their families or other agencies such as DHS so that medical emergency services can be arranged for students in emergency situations. The college primarily services its students through health education, disease prevention, and fitness programs.

First aid kits are located in each classroom building and are to be utilized when a student indicates the need to use part of the contents.

Health care is considered largely the responsibility of the student's family through local family physicians. The Office of Student Affairs acts as a referral source to license physicians for students requesting general services during a school year. Referral information for health insurance and substance assistance is also available in the Office of Student Affairs. Students with special needs are referred to area agencies.

In order to assure that a student's academic career will not be endangered by a major expense due to illness or injury, the school will make information available to all students concerning insurance programs. The institution does not endorse any particular insurance company.

## DRUG AND ALCOHOL INFORMATION

Drug and alcohol information is located in Hemphill Hall in the Office of Student Affairs. General information about the health risks of alcohol and other drug use is available. Referral sources listing counseling and treatment center as well as local support groups are also available in the Office of Student Affairs

## HIGH SCHOOL AND COLLEGE RELATIONS

The CASC Recruiting Program is coordinated through the Director of High School and College Relations, whose office can be found in the Office of Student Affairs in Hemphill Hall. This office schedules visits to all high schools in the recruiting area and acts as the campus contact for high school personnel and students wanting information about CASC. Other colleges and universities coordinate their recruiting efforts through the Office of Student Affairs.

## INTERNATIONAL STUDENTS

International or IELTS students are required to present evidence of proficiency in the English language by presenting TOEFL scores. Prospective students should contact the Admissions Office to request a copy of "Policy Statement on Admission of Students for Whom English Is a Second Language" before applying for admission.

## RETENTION PROGRAM

Retention efforts are coordinated in the Enrollment and Retention Center. Retention begins at the time of enrollment with the assignment of a student to an academic advisor who will have an interest in the student's area of study as well as the student's individual needs that might affect his/her success in college. Instructors notify the Office of Student Affairs if a student has excessive absences or academic difficulty, at which time the student may be referred to counselors and others who can help resolve
problems that might otherwise result in withdrawal from college.

## SECURITY AND SAFETY

The Campus Police Department, a function of the Student Affairs Office, operates to protect lives and property on campus and to encourage the obeying of city, state, and national laws. CASC employs full-time police officers at the Poteau and Sallisaw campuses. Campus police officers have all power and duties vested by Oklahoma law in the protection and guarding of grounds, buildings, equipment, and other property of the college. Campus police attend all college functions and special events, such as athletic games, dances, lectures, concerts, pageants, etc.

## POWER I

Carl Albert State College has a proud tradition of working with the community to help prepare and create a workforce that is competitive in today's economy. CASC has implemented the Power I program, which strives to increase the employability of TANF (Temporary Assistance to Needy Families) recipients within the service area. CASC partners with the Department of Human Services, Workforce Oklahoma, Workforce Investment Act Agency, Kibois Area Transit System, and many other community partners to make Power I a successful and accessible program for those who qualify. The Power I Office is housed on the Poteau and Sallisaw campuses of CASC.

## FEDERAL TRIO PROGRAMS

## (All TRiO programs are federally funded through the U.S. Department of Education)

## Student Support Services (SSS)

Student Support Services is a federally funded program designed to assist eligible college students, who meet income guidelines, in completing their course of study. Services include tutorial assistance; personal, academic, and career counseling; cultural enrichment and transfer assistance to four-year colleges. Special assistance to disabled students is also provided. The services are free to eligible students.

## Educational Talent Search (ETS)

The Educational Talent Search projects are designed to provide early intervention and assistance services to eligible students in grades 6-12 and encourage them to seek and prepare for postsecondary education. The project provides career development, guidance, counseling, ACT preparation, financial aid assistance, and college information and application assistance. CASC has Educational Talent Search programs based at Poteau and Sallisaw campuses.

## Educational Opportunity Center (EOC)

Educational Opportunity Centers (EOC) serve adults in a seven county area of eastern Oklahoma and western Arkansas. The program is funded by the U.S. Department of Education to provide information and assistance to those who seek to complete high school or obtain a GED and/or desire to begin a program of postsecondary education. CASC hosts the main office with three satellite offices at Fort Smith and Van Buren, Arkansas; Sallisaw and Poteau, Oklahoma.

## Upward Bound (UB)

Upward Bound provides services to selected high school students who are potential first- generation college students and who meet specific family income criteria. Concentrated academic services are provided on both Poteau and Sallisaw campuses in a residential/non-residential program for six weeks each summer. Cultural events and individual tutorial services are also provided to enhance to the academic program.

## Math/Science Regional Center (UBMS)

Another opportunity for high school students is the Math/Science Center. Students with either high interest or ability in math/science fields who meet Upward Bound guidelines can experience an intense six weeks each summer. Included are a variety of trips and hands-on experience at area foundations, industries and science-related museum. Monthly math/science activities are also conducted during the school year. The center serves students with the ability and interest in math and science in a three county area in southeastern Oklahoma.

## STUDENT HOUSING

Carl Albert State College provides students the opportunity to experience the unique academic and social environment of on-campus living through the Scholars Center, Residential Program Housing, and Athletic Housing. Our primary goal is to provide students with a comfortable, friendly environment that is convenient, safe and conducive to personal and educational growth. Residential students are a vital part of the CASC community and are encouraged to take advantage of college activities, organizations and facilities. Each room in the Scholars Center and Residential Program Housing includes a12' x 19' spacious bedroom and study area; 8' x 8' bathroom with a bath tub and shower, toilet and 2 vanity sinks; 4' x 8' walk-in closet; free internet access including WIFI; and optional cable TV for students who wish to contract for the service.

The Bill J. Barber, W.D. Hoffman, and Dr. E.A. "Jack" Gedosh Scholars Centers are ultra- modern live-in facilities on campus for 100 honors students. The Scholars Centers provide educational and leadership learning opportunities to highly motivated students based on academic achievement and leadership ability. The Scholars Program Selection Committee will make final selections for the Scholars Program.

In addition, CASC maintains on-campus housing for an additional 210 students in the Nell and Lattie Hoyle Center, the Kate "Katie" Ollie Center, George and Rosemary McBee Center, Beverly McMillen-AES Centers, and J.C. Holton Family Leader Center. CASC also maintains Athletic housing for up to 44 student athletes.

The Office for Student Affairs keeps residents informed of all current residential policies by providing each residential student with the Residential Program Regulations Handbook via the CASC website at www.carlalbert.edu. Information on housing can be obtained by contacting the Office for Student Affairs.

## STUDENT LIFE

## STUDENT ACTIVITIES

Carl Albert State College recognizes that a well-balanced student activity program, which provides an opportunity for the expression and development of student interests, will stimulate a student both academically and personally. The wide range of activities offered at CASC allows students to develop worthwhile skills and express their talents. Through participation in planning campus activities, each student has an opportunity to make a unique contribution. This involvement also enhances each student's personal development.

- Carter Lecture Series - Established in 1986, the family of the late state Senator and Mrs. Clem M. Hamilton formed the Hamilton Lecture Series to honor their parents. When the Honorable Jimmy Carter spoke in 1989, the Hamilton Series was to end, but former President Carter was so impressed with the theme and purpose of the lectures that he pledged a sufficient endowment to continue the series. Named in honor of Carter, the yearly lectures always present outstanding political and educational leaders.
- Cultural Enrichment - CASC supports the efforts for on-campus multi-cultural activities, student organizations, and programs which provide educational opportunities to help develop an awareness of cultural differences, and to deepen an understanding of cultural and heritage differences.
- Special Events - The CASC President appoints a special events committee to coordinate large activities and events that involve bringing outside entertainers and groups to the campus. An annual Special Events Calendar is printed at the beginning of each fall semester.

## ATHLETICS

A member of the National Junior College Athletic Association Carl Albert State College fields men's and women's basketball, baseball, and softball teams for varsity competition. Any student who meets the requirements of the eligibility rules of the National Junior College Athletic Association may try out for the team. The college also makes available a limited number of scholarships for varsity athletes. Inquiries should be addressed to:

## Director of Athletics

Carl Albert State College
1507 South McKenna
Poteau, OK 74953-5208
Intramural Sports - CASC provides its students a variety of intramural activities under the direction of the Office of Student Affairs. Intramural competition is organized on a team and individual basis and is offered during the fall and spring seasons. All students are invited to participate.

## BOOKSTORE

The Bookstore is an auxiliary enterprise of Carl Albert State College. It is owned by the college for the purpose of supplying students with books and supplies required in their classes.

General school supplies, paperbacks, stationary, shirts, caps as well as CASC insignia items and other gift items are also available.

All required textbooks for each class are arranged alphabetically by course name and number. The Bookstore personnel suggest the following tips for the best results in buying textbooks.

- Bring a copy of class schedule from registration to match with the course numbers on the shelves. This will ensure students arrive at class with the correct textbook.
- Bookstore personnel are available to assist students with their textbook selection, but cannot be responsible for incorrect selections without the class schedule.
- Make sure you have correct textbooks BEFORE leaving the Bookstore and before you write in them.
- Because refunds will not be given if a cheaper book is found or if the student decides they will not need a textbook, it is recommended that students attend class before purchasing the textbooks.
- Used books are recycled books. Perfect condition cannot be guaranteed on a used textbook. Students are encouraged to select the used textbook and inspect it for damage before purchasing.

## Methods of Payment

Payment for CASC purchases may be made in the following ways:

- Cash, personal check, and major credit card: When paying by personal check, student ID and a daytime telephone number will be requested.
- Financial Aid Charges: Students may charge textbooks and supplies to the balance of their Financial Aid award after tuition, fees, and room and board (if applicable) charges have been paid. Bookstore personnel will verify the student's Financial Aid award.
- Special Billing: Students whose textbooks are paid by their employer or various agencies such as St. Edwards/Sparks hospitals, Bureau of Indian Affairs, KEDDO, WAEDA, etc., are responsible for providing the Bookstore with a copy of their letter of approval. Charges cannot be made without this letter. If letter is provided after charges have been applied to Financial Aid award, textbook charges cannot be moved to Approval Letter. All special billing charges must be made within the first four weeks of the fall and spring semesters and during the first two weeks of the summer semester.

## Refund Policy

Textbook refund period is ten (10) days from date of purchase. Defective textbooks should be retuned immediately for full refund or exchange. All returns are subject to Manager's discretion. Refunds for textbook purchases are given for class changes or cancellations if the following conditions are met:

- Current cash register receipt and completed change/drop form.
- Textbooks are in original condition, free of all markings. Books with any markings will be given a 75\% refund.
- Refunds will not be given if a cheaper book is found or the student decides they will not need the textbook.
- After the refund period expires, textbooks may be sold at the end of the semester during Book Buy Back.

## Supplies, Novelties, and Soft Goods

A refund of $100 \%$ of purchase price or exchange for these items provided they are new and unopened. Items must be returned within one week of purchase. Sale merchandise is not returnable. Receipt is required for all returns or exchanges.

## Defective Merchandise or Textbooks

Merchandise must be returned within two weeks of purchase for full refund or exchange. Current cash register receipt and original package is required.

## Book Buy Back

Book Buy Back is a service provided to students at the end of each semester (Fall, Spring, and Summer). During this time, students may sell their used textbooks to the Bookstore. Dates and time will vary, but will be posted in advance on campus. During this time students may sell their textbooks to the Bookstore. New textbooks that will be used for the following semester may be sold back for $50 \%$ of the original list price. Textbooks that were purchased at the "used" price may be sold back for $30 \%$ of the original new list price. Those books not being utilized on campus, but which are still of value, may be sold to a used book company. Receipt is not required to sell books at this time. Bookstore personnel will determine the tiles, quantities, prices offered, and condition for all books purchased for the Book Buy Back. Other material sold with the original textbook, such as CD -Rom, diskettes, or solution manuals must be included to receive full buy back price. It is highly recommended that student sell their textbooks at the end of each semester in which they are being used. Books with water damage, bad bindings, taped pages or missing covers cannot be repurchased. Limited quantities of textbooks will be repurchased and quantities may be filled during the Book Buy Back session.

CASC Sallisaw Campus
The CASC Sallisaw Campus Bookstore, located in the Mayo Center, offers the same services as the CASC Bookstore on the Poteau Campus.

## Bookstore Website

Visit the CASC Bookstore website to order online textbooks, find out the latest information on Book Buy Back, or to purchase CASC gift items http://www.carlalbert.edu/campus bookstore

Students who are enrolled in online courses, and who live more than 50 miles from campus may have their textbooks mailed to their home. Textbooks will be shipped via Fed Ex Ground/Home Delivery. Charges start at $\$ 12.00$ for one book and increase based on the number of books being sent and the destination. Overnight delivery is not available at this time. Textbook orders will be taken during the first four weeks of the fall/spring semester and the first two weeks of the summer semester. Orders will be processed daily and shipped within 24 hours with the exception of holidays and weekends. Most orders arrive in approximately two days. Order tracking information will be e-mailed to the student upon shipment of the order.

## STUDENT CENTER

The Costner-Ballentine Student Center houses the CASC Bookstore, cafeteria, the Jeanne Reed Stars and Stripes Room, a large ballroom, and an aerobic/workout room. There is also a Student Lounge where students can relax, study, or reserve for on-campus club and organization meetings.

## STUDENT IDENTIFICATION CARDS

Student ID cards are issued and validated for all students by the Enrollment Management Office during registration. The card is valid only for the semester issued/validated only while the student is enrolled and includes a student photograph, name and student number. The Student ID card allows a student to check out books from the Library, pick up checks from the Business Office, and to participate in campus activities including athletic and special events. Cards are non-transferable. Price of the card is included in the fees charged at registration. Replacement charge is \$5.00.

## DIRECTORY INFORMATION

Directory information is information that routinely appears in student directories and alumni
publications and may be freely released. CASC designates the following student information as public or directory information:

Category I. Student's name, local and permanent address, e-mail address, phone number(s), classification, dates of attendance at CASC, enrollment status (full-time, half- time, or less than halftime), gender.

Category II. Major field of study/degree program; educational institutions previously attended; degrees, honors, and awards granted; educational background, degree(s) held, date(s) granted, and institutions granting such degree(s); anticipated date of graduation based on completed hours.

Category III. Date and place of birth, participation in officially recognized organizations, activities, and sports; weight and height of participants in officially recognized sports; photographs or electronic images.

This information may be disclosed by the institution for any purpose, at its discretion. Students may withhold disclosure of any or all categories of directory information under the Family Educational Rights and Privacy Act of 1974 as amended. Students requesting the withholding of "Directory Information" should contact the Office of Admissions.

## STUDENT ORGANIZATIONS AND SPECIAL INTERESTS

Numerous organizations and clubs are open to students who display interests and aptitudes in various social and educational areas. The Office of Student Affairs keeps a calendar of all scheduled events and activities planned by each student organization or division on campus. Details on eligibility for membership or information on any of the following can be obtained in the Office of Student Affairs.

## ADMISSIONS AND REGISTRATION

The criterion below establishes minimum curricular requirements, measures, and standards for admission to Carl Albert State College. Admission to all associate programs must conform to these standards. Certain programs at CASC require additional criteria for admissions and separate application forms.

Carl Albert State College is an "open" admissions college that welcomes students from all academic backgrounds. The admissions and registration policies and procedures of Carl Albert State College have been formulated and adopted to assure the student full, comprehensive services by the institution and to assure the institution complete recognition and services from accrediting agencies, other institutions of higher education, employers, and funding agencies.

Once admitted, students may enroll during advertised dates of enrollment. Dates may be found in the "Course Schedule" or on CASC's home page. Students may obtain a copy of the Course Schedule in the Office of Admissions, Retention Office, Sallisaw front office, and various other campus locations, or online (go to www.carlalbert.edu > hover over Admissions and click on Course Schedule). While students may be admitted at any time during the semester, there are only a set number of dates enrollment takes place (typically those few weeks/months prior to the first day of semester classes). Generally, dates of enrollment are held in April through May for the summer semester, April through August for the fall semester, and October through January for the spring semester.

## CRITERIA FOR ADMISSIONS

Students must meet the criteria for both the high school curricular requirements and the high school performance requirements as defined in the following sections. Students meeting both the high school curricular and the high school performance requirements are eligible for admission.

## Admission of First-time Freshmen: Curricular Requirements

This section includes curricular requirements for regular admission.
High School Curricular Requirements for Admission to Programs Leading to AA and AS Degrees

| Units <br> (Years) | Course Areas |
| :---: | :--- |
| 4 | English (grammar, composition, literature) |
| 3 | Lab Science (Biology, chemistry, physics or any lab science certified by school district; <br> General Science may not be used to meet this requirement) |
| 3 | Mathematics (from algebra I, algebra II, geometry, trigonometry, math analysis, <br> calculus, Advanced Placement statistics) |
| 3 | History and Citizenship Skills (including one unit of American history and two <br> additional units from the subjects of history, economics, geography, government, non- <br> Western culture) |
| 2 | Additional units of subjects previously listed or selected from: computer science, <br> foreign language, or any Advanced Placement course exceptapplied courses in fine arts. |
| 15 | Total Required Units |

## Computer Proficiency Requirement

Students must demonstrate computer proficiency, which includes the competent use of a variety of software and networking applications. Proficiency skills include word processing, spreadsheet, email, and web usage. This requirement may be completed through one of three options: 1) successfully complete a high school computer science course that meets the State Regents' high school curricular requirements, or 2) satisfy an institution's computer proficiency assessment, or 3) successfully complete college- level course work that the institution designates.

State Regents policy requires students to demonstrate computer proficiency for graduation with an associates' degree. The Office of Admissions will, beginning with the summer 2013 term, assess the high school transcript of all incoming freshman for computer proficiency and assign denote proficiency to the college transcript as three credit hours of P grade. Course enrollment or departmental examination may be used to meet this requirement for graduation.

In addition to the above requirements, the following subjects are recommended for college preparation:

| 2 | additional units: Fine arts - music, art, drama, and speech |
| :--- | :--- |
| 1 | additional unit: Lab science (as described above) |
| 1 | additional unit: Mathematics (as described above) |
| 4 | Recommended units for college bound students |

## Curricular Deficiencies

Students pursuing admission to AA, AS, or AAS degree programs may not count remedial/development courses toward satisfaction of degree program requirements.

## Associate in Arts and Associate in Science Programs

Students lacking curricular requirements are admissible into AA or AS programs in the community colleges but must remediate curricular deficiencies in the basic academic skills at the earliest possible time but within the first 24 college-level hours attempted. Students continuously enrolled in courses designed to remove deficiencies may be allowed to continue enrollment beyond the 24 hour limit. In addition, students must remove curricular deficiencies in a discipline area before taking collegiate level work in that discipline.

## Associate in Applied Science Programs

Students entering AAS degree programs or other certificate programs must remove high school curricular requirement deficiencies before taking courses in the same field as part of an AAS degree or certificate program. Students admitted under this provision may not transfer into an AA, AS or baccalaureate program without first removing the high school curricular deficiencies.

Admission into the Health Science Associate in Applied Science programs is based upon a competitive points system. For the most current information regarding admission into the Health Science programs contact the Office of Health Sciences in HS 717.

## Removing High School Curricular Deficiencies

- Students may remove curricular deficiencies as detailed in one of the following methods.
- Completion of Deficiency Class with "C" Grade or Better: ENGL 0113 Introduction to
- College Reading, ENGL 0123 Introduction to Writing, MATH 0113 Developmental Math, or MATH

0123 Intermediate Algebra.

- Testing with ACT and scoring a 19 in the appropriate ACT Sub-test Area.
- Testing with ACCUPLACER and scoring at the proficiency level in the appropriate subject area.
- Students pursuing admissions to AA, AS, or AAS degree programs may not count remedial/development courses toward satisfaction of degree program requirements

## GED Completions

Students with GED completions are deficient in all areas and must remediate as detailed in one of the following methods described in Removing High School Curricular Deficiencies.

## Applied Courses

The use of applied courses to meet the high school curricular requirements is to be considered an alternative. However, college bound students are encouraged to take the 4
Recommended Units for College Bound Students (see above). One year of Principles of
Technology may substitute for one of the currently required lab science courses; the course must be taught by a teacher certified or endorsed in physics who has completed the specialized training to instruct the course.

## Admission of First-time Freshmen: Performance Requirements

Students must meet the criteria for both the high school curricular requirements and the high school performance requirements as defined in the following sections. Students meeting both the high school curricular and the high school performance requirements are eligible for admission. This section includes performance requirements for regular admission which includes three options for admission: standardized tests, GPA in all courses plus class rank, or GPA in the State Regents' 15-units of required high school core courses.

- The ACT score used for admission purposes is the composite score without the writing component.
- The SAT score used for admission purposes is the combined critical reading and math scores without the writing component. The concordance table used to set the equivalent SAT score is updated regularly.
- Students utilizing a test other than ACT will have their scores converted to ACT equivalents.
- A GED recipient's high school class must have graduated to be eligible for admission.
- The high school GPA used for admissions purposes is the unweighted average of all grades; honors weighting will not be used in the calculation of the GPA.
- First-time entering students must meet entry-level assessment requirements before enrolling in college-level courses.

## Minimum High School Performance Criteria for Admission of First-Time-Entering Students at Community Colleges

Any individual who meets the following will meet the minimum requirements for admissions to CASC. However, as an "open" admissions college, students who do not meet the minimum requirements may be admitted with conditions, such as testing with ACT, ACCUPLACER, and removal of curricular/ACT deficiencies.

## STUDENTS SEEKING ADMISSION TO AA OR AS DEGREE PROGRAMS

## Any student who is:

1. a graduate of a high school accredited by the appropriate regional association or by an appropriate accrediting agency of the home state or has achieved a high school equivalency certificate based on the GED;
2. has met the curricular requirements as set forth in the above criteria for "High School Curricular Requirements for Admissions to Programs Leading to AA or AS Degrees"; and
3. has participated in the ACT program or a similar acceptable battery of tests is eligible for admission to CASC.

## STUDENTS SEEKING ADMISSION TO CERTIFICATE PROGRAMS

Any student who is:

1. a graduate of high school accredited by the appropriate regional association or by an appropriate accrediting agency of the home state or has achieved a high school equivalency certificate based on the GED; and
2. has participated in the ACT program or a similar acceptable battery of tests is eligible for admission to any of the community colleges in the State System.

## INTERNATIONAL STUDENT ADMISSION AND ADMISSION OF NON-NATIVE SPEAKERS OF ENGLISH

International undergraduate students are required to meet equivalent academic performance standards as listed above. Additionally, first-time undergraduate students for whom English is a second language shall be required to present evidence of proficiency in the English language prior to admission, either as first-time students to the system or by transfer from another non-system college or university. The State Regents adopted this policy to ensure that students will have a reasonable chance to succeed at a higher education institution based on their ability to comprehend, read, and write the English language.

Students must meet one of the standards describedbelow to demonstrate their competency in English. Institutions may not waive this admission requirementas part of the alternative admissions category within the State Regents' general policy on admission.

## FIRST-TIME UNDERGRADUATE STUDENTS

## Standardized Testing

Students must meet the minimum score set by the State Regents on either the Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS) Examination. Results of the TOEFL taken at international testing centers and special testing centers will be accepted.

| Test | Minimum Test Score |
| :--- | :--- |
| TOEFL | 500 (paper-based) or 173 (computer-based) or 61 (IBT) |
| TOEFL | 460 (paper-based) or 140 (computer) or 48 (IBT) <br> (administered at a State Regent's approved English language center with <br> completion of corresponding 12-week course of study) |
| IELTS | 6.0 or better |

## Intensive English Program (IEP)

Students must meet a minimum score set by the State Regents on the TOEFL administered at a special testing center or an international testing center or on the IELTS Examination. In addition, after achieving the required score and immediately prior to admission, successfully complete a minimum of 12 weeks of study at an IEP approved by the State Regents. At least two-thirds of the 12 weeks must be instruction at an advanced level.

## High School Performance

Undergraduate students must have successfully completed the high school core requirements in or graduate from high school where English is the primary language in a country where English is a primary language and demonstrate competency through the High School Curricular Deficiencies Policy.

## Undergraduate Transfer Students

Transfer students to CASC who are non-native speakers of English must have attended a college or university where English is the primary teaching language in a country where English is a primary language and that is recognized by professional organizations in the U.S. involved in admissions and international education for a minimum of 24 semester credit hours with passing grades and also meet other transfer requirements.

Students with less than 24 hours from a college or university where English is the primary teaching language in a country where English is a primary language and that is recognized by professional organizations in the U.S. involved in admissions and international education must meet the language requirements for first-time undergraduate students.

## SPECIAL ADMISSION

Students admitted must meet curricular standards and the high school performance criteria as defined above in Admissions of First-Time Freshmen. The only exceptions are students admitted in the following special admission categories.

## Special Non-Degree Seeking Student

Students who wish to enroll in courses without intending to pursue a degree may be permitted to enroll in no more than nine credit hours without submitting academic credentials or meeting the academic curricular or performance requirements of the institution of desired entry. Retention standards and course prerequisites will be enforced. Once a student has completed the designated number of hours, the student is required to meet the formal admission or transfer criteria for the institution of desired entry in order to enroll in additional course work.

## Adult Admission

Effective fall 2010, all students who are 21 years of age and older who have an academic deficiency will be required to satisfy that deficiency through remediation within the first 24 hours of their coursework.

Students who are 21 years of age or older or on active military duty may be admitted based on criteria established for all first-time freshman (curricular and performance requirements).

Any adult student who :

1. is not a high school graduate but whose high school class has graduated; and
2. has participated in the ACT program or similar battery of tests is eligible for admission to CASC.

Students utilizing a test other than ACT will have their scores converted to ACT equivalents. A GED recipient's high school class must have graduated to be eligible for admission.

## Home Study, Non-Recognized Accredited or Unaccredited High Schools

An individual who is a graduate of a private, parochial, or other nonpublic high school which is not accredited by a recognized accrediting agency is eligible for admission as follows:

1. The student must have participated in the ACT or SAT program and achieved the requisite composite scores.
2. The student's high school class of his or her peers must have graduated.
3. The student must satisfy the high school curricular requirements for CASC, as certified by the school or for home study, the parent.

## Opportunity Admission Category

Students who have not graduated from high school whose composite standard score on the ACT without the writing component places them at the 99th percentile of all students using Oklahoma norms, or whose combined critical reading and mathematical score on the SAT without the writing component places them at the 99th percentile of all students using national norms may apply for full enrollment at a college or university of the State System. The college or university will determine admissibility based on test scores, evaluation of the student's level of maturity and ability to function in the adult college environment, and whether the experience will be in the best interest of the student intellectually and socially.

## CONCURRENT ENROLLMENT OF HIGH SCHOOL STUDENTS

High school students wishing to enroll concurrently in college courses must meet admission standards detailed below. All other students not qualified by grade level as specified in this section might be considered for full enrollment or concurrent enrollment under the Opportunity Admission Category.

## Workload

A high school student admitted under the provision may enroll in a combined number of high school and college courses per semester not to exceed a full-time college workload of 19 semester-credit-hours. A student may enroll in a maximum of nine semester credit-hours during a summer term. For purposes of calculating workload, one-half high school unit shall be equivalent to three semester-credit-hours of college work.

## Curricular Requirements

Completion of the high school curricular requirements set forth in section shall not be required of concurrently enrolled high school students for purposes of admission. However, students may only enroll in curricular areas where they have met the ACT assessment requirements for college placement.

A high school student not meeting the designated score in science reasoning, mathematics, and English will not be permitted enrollment in the corresponding college subject area. A student scoring below the established ACT score in reading will not be permitted enrollment in any other collegiate course (outside the subjects of science, mathematics, and English.)

Remediation is not allowed for concurrent high school students, including enrollment in
developmental courses or ACCUPLACER placement testing.

## Continuing Enrollment

High school students concurrently enrolled in college courses may continue concurrent enrollment in subsequent semesters if they achieve a college cumulative GPA of 2.0 or above on a 4.0 scale.
Following high school graduation, a student who has been concurrently enrolled as a high school student with CASC may be admitted to CASC or another institution in the State System if entrance requirements are met.

## Permission

All students must have a signed statement from the high school principal stating that they are eligible to satisfy requirements for graduation from high school (including curricular requirements for college admission) no later than the spring of the senior year. Students must also provide a letter of recommendation from their counselor and written permission from their parents or legal guardian.

## Forms Required

- First-Time Concurrent Enrollment: Application for Admissions, Concurrent Enrollment form with High School Transcript Returning or
- Second Semester Concurrent Enrollment: Permissions Form, Transcripts and ACT test scores may be submitted with updated grades or ACT, scores change course eligibility

## Admission Requirements for High School Seniors and Juniors

A senior or junior high school student enrolled in an accredited high school may be admitted to CASC as a special student if the student meets the minimum requirements below.

| High School <br> S enior | 19 ACT Composite or 3.0 GPA or <br> 900 SAT (combined Critical Reading and Math scores) |
| :--- | :--- |
| High School <br> Junior | 21 ACT Composite or 3.5 GPA or <br> 980 SAT (combined Critical Reading and Math scores) |

## Admission Requirements for Home Schooled Students and Students from Unaccredited High Schools

A student receiving high-school-level instruction at home or from an unaccredited high school may be admitted to CASC as a special student if the student meets the minimum requirements below:

| 17 Years <br> (Senior) | 19 ACT Composite or 3.0 GPA or <br> 900 SAT (combined Critical Reading and Math scores) |
| :--- | :--- |
| 16 Years 21 ACT Composite or 3.5 GPA or <br> (Junior)  | 980 SAT (combined Critical Reading and Math scores) |

## VETERANS ADMISSIONS

Carl Albert State College is approved by the State Accrediting Agency to offer instructional degree programs for payment of VA education benefits under laws and regulations by the Department of Veteran Affairs. Students should first apply for VA Educational Benefits using the online application tool VONAPP (or, http://vabenefits.vba.va.gov/vonapp/main.asp. Questions may be addressed to the college's VA Coordinator or by calling the VA Muskogee Regional Office at 1-888-442-4551.

Once approved for benefits, the VA will mail to the applicant a letter titled Certificate of Eligibility that specifies who is eligible to receive the benefit, under what chapter, percentage of eligibility (for post 9/11 GIBILL), and number of months benefit may be used. The applicant should deliver this letter to the VA Coordinator for CASC who will in turn certify the student's enrollment with the VA and, thus begins payment to the student according to Chapter of Benefit and enrollment.

Although students may submit the Certificate of Eligibility to the VA Coordinator at any time in the term, applicants should allow sufficient time for the college's VA Coordinator and VA Regional Office to process their enrollment (rule of thumb, four to six weeks before the first day of classes). Students may read more information on CASC's website (go to www.carlalbert.edu > hover over Admissions > click on Veteran Students, or the VA's website (go to http://www.benefits/va/gov/gibill )

## RETENTION STANDARDS

In keeping with this philosophy of maximizing student success, CASC offers to students experiencing academic difficulties with academic assistance, such as academic and career counseling and tutoring opportunities.

## Retention GPA Requirements

All students must maintain a 2.0 retention/graduation GPA for the duration of the college experience with the exception of freshmen on academic notice and academic probation. A student will be placed on academic probation if the following requirements are not met:

## Credit Hours Attempted GPA Requirement

0 through 30 semester credit hours 1.7
Greater than 30 semester credit hours 2.0

## Academic Notice

Students with 30 or fewer credit hours, with a GPA of 1.7 to less than 2.0 will be placed on academic notice. All courses in which a student has a recorded grade will be counted in the calculation of the GPA for retention purposes excluding any courses repeated, reprieved or renewed, remedial/developmental (precollege) courses, and physical education activity courses.

## Academic Probation

Any student not maintaining satisfactory progress toward the academic objective as indicated above will be placed on probation for one semester. At the end of that semester, the student must have a semester GPA of 2.0 in regularly-graded course work, not to include activity or performance courses, or meet the minimum retention GPA standard required above, in order to continue as a student. Students not meeting either of these criteria will be immediately suspended and may not be reinstated until one regular semester (fall or spring) has elapsed.

## Academic Suspension

Students suspended in the spring semester may attend the summer session immediately following spring suspension. However, such students may enroll only in core academic courses which meet the general education requirements or degree requirements. The student's transcript will note suspension at the end of the spring semester. For students who fail to achieve retention standards after the summer session, the phrase "suspension continued" should be entered on the transcript at the end of the summer session. Only students under first-time suspension status at CASC are eligible. To continue in
that fall semester, such students must achieve a 2.0 semester GPA or raise their retention GPA to the required level.

## Academic Suspension Appeals

Carl Albert has an academic suspension appeals procedure where the suspended student may document any extraordinary personal circumstances that contributed to the academic problems. Such events must be highly unusual such as the death of an immediate relative; a serious illness; severe financial distress; direct, significant work conflicts; unexpected, substantial family obligations; or personal crisis. Such appeals decisions are heard before the Academic Affairs Committee and made after thoughtful deliberation of committee members, which include faculty, students, and administrators. CASC's policies and procedures developed for the appeal of academic suspension decisions are compliant with the Oklahoma State Regents guidelines.

## Readmission of Suspended Students

Students who are academically suspended by CASC will not be allowed to reenter the college for at least one regular semester (fall or spring) except as noted above. Such students are readmitted on probationary status and must maintain a 2.0 GPA average each semester attempted while on probation or raise their retention GPA to the designated level. Should a reinstated student be suspended a second time from CASC, the student is placed on Permanent Suspension and cannot return to CASC until such time as the student has demonstrated, by attending another institution, the ability to succeed academically by raising the GPA to the retention standards.

## Reinstatement of Suspended Students at from other System Institutions

Carl Albert believes that all citizens with the ability and desire to attend the college be granted the opportunity to do so. Although suspended students will not be permitted readmission to the suspending institution for a minimum of one regular semester (fall or spring), research indicates that many times students suspended from one institution may succeed in a new academic environment if given the opportunity. With this thought in mind, CASC will admit any suspended student from other institution under an "Entered Under Academic Probation" and require the student to maintain a 2.0 GPA average each semester attempted while on probation or raise their retention GPA to the designated level.

## NON-ACADEMIC CRITERIA FOR ADMISSION

In addition to the academic criteria used by Carl Albert as the basis for student admission, institutions shall consider the following non-academic criteria in deciding whether a first- time applicant or a transfer student shall be granted admission:

1. Whether an applicant has been expelled, suspended, denied admission or denied readmission by any other educational institution.
2. Whether an applicant has been convicted of a felony or convicted of any lesser crime involving moral turpitude.
3. Whether an applicant's conduct has been such that if, at the time of the conduct in question, the applicant had been a student at the institution to which application is made, the course of conduct would have been grounds for expulsion, suspension, dismissal or denial of readmission.

If the institution finds that an applicant has any of the above, then the institution shall deny admission to applicant if it decides that any of the events described above indicates the applicant's unfitness, at the time
of application, to be a student at CASC. If an applicant is denied admission on any of the foregoing grounds, there must be substantial evidence supporting the basis for denial. In addition, the applicant must be afforded adequate procedural safeguards, including the following:

- Be advised of the grounds of the denial.
- Be informed of the facts which form a basis of the denial.
- Be afforded an opportunity to be heard.

Carl Albert permits the student to be heard before the Academic Affairs Committee or
Student Affairs committee should student input for denial of admissions be necessary.

## ADMISSION OF TRANSFER STUDENTS

## Admission Requirements

Undergraduate students entering CASC by transfer from another institution may do so under the following conditions:

1. Students must provide the college's Office of Admissions an official transcript from all colleges/universities previously attended.
2. Students under 21 years of age must provide an official high school transcript to demonstrate completion of high school curricular requirements.

## Transfer Policies

Transcripts from colleges and universities accredited by the Higher Learning Commission or other regional associations will be given full value. Students who transfer to CASC with a retention/graduation GPA high enough to meet CASC's retention standards will be admitted in good standing. Otherwise, students who transfer to CASC with a retention/graduation GPA below CASC's retention standards will be admitted under Academic Probation or Academic Notice.

1. Students may be admitted to CASC from another college. Student will be "Admitted Under Academic Probation" and may continue enrollment when a minimum 2.00 GPA is earned per term.
2. Any transfer probation student with curricular deficiencies must remove the deficiencies within the first 12 hours of enrollment.

A system wide course transfer matrix is maintained online and updated annually by the State Regents for all Oklahoma public colleges and universities. CASC accepts all courses outlined by the transfer matrix and other courses based on a review of the institutions regional accreditation, comparable course content, and successful course completion.

## EXTRA-INSTITUTIONAL LEARNING

College credit may be awarded by methods outside the traditional classroom environment. Carl Albert State College awards credit for the following examinations. Additional information is available at the Office of Admissions and Records.

Carl Albert State College adheres to the Oklahoma State Regent policy to evaluate learning which has taken place outside of the formal higher education structure and awards credit for extra-institutional learning.

1. Students eligible to receive credit for extra-institutional learning must be enrolled or eligible to reenroll at CASC.
2. Advanced standing credit for extra-institutional learning awarded to a student must be validated by
successful completion of 12 or more semester hours at CASC before being placed on the student's official transcript.
3. State System institutions awarding credit for extra-institutional learning must validate credit on a course-by-course basis. The following publications and methods are acceptable for validating extrainstitutional learning for awarding credit:
a. American Council on Education (ACE) Guide to Evaluation of Educational

Experiences in the Armed Forces, National Guide to Educational Credit for Training Programs, and Guide to Educational Credit by Examination, as well as credit transcribed by ACE on the Army/ACE Registry Transcript System (AARTS) and the Sailor/Marine ACE Registry Transcript (SMART), and other publications as recommended by ACE.
b. New York Regents' College Credit Recommendations: The Directory of the National Program on Non-collegiate Sponsored Instruction (PONSI).
c. The College Board Advanced Placement (AP) Program.
d. Degree-relevant extra-institutional learning credit awarded and transcribed by other accredited institutions.
e. Individual portfolios using Council for Adult and Experiential Learning (CAEL) or other standardized guidelines (rigorous document is are required).
f. Higher Level courses in the International Baccalaureate Organization Diploma Program.
g. CASC departmentally prepared examinations.
4. Neither the ACT nor SAT shall be utilized by CASC for awarding credit.
5. Credit awarded for extra-institutional learning may be applied to a degree program at CASC meeting the requirements for degree conferrals.
6. Credit awards for extra-institutional learning (number of semester hours and level) shall not exceed the recommendations of ACE, where undergraduate level courses are evaluated.
7. Examination scores, used to validate extra-institutional learning, must meet or exceed the minimums recommended by ACE for national examinations, at least a four (on a seven-point scale) in the Higher Level course in the International Baccalaureate for locally developed examinations.
8. CASC's validation procedures are objective, where external evaluators should reach the same conclusion given the material reviewed.
9. CASC awards credit for extra-institutional learning only in those courses or program areas for which they are approved to offer by the State Regents. CASC assigns their course title and number to the credit awarded. The neutral grades of pass ( P ) will be utilized to designate credit awarded for extrainstitutional learning. Conventional letter grades are not used. All credit entries for extra-institutional learning are appropriately identified on the transcript. The term "credit by examination", "credit by military education", "credit by departmental testing" and other such language will be posted at the beginning of the CASC transcript with the testing tool and CASC course equivalent designated.
10. Credit for extra-institutional learning, once recorded at another State System institution, is transferable to CASC on the same basis as if the credit had been earned through regular study at the awarding institution.

## PLACEMENT AND REMEDIATION ASSESSMENTS

Carl Albert State College adheres to Oklahoma State Regent policy stating that all students must be evaluated for placement into college-level courses and remediate identified deficiency(s) within the first 24 credit hours of college enrollment and before the college-level course may be taken. Advisors are asked to examine CASC transcript, test scores, and enroll students using the following guidelines.

All curricular deficiencies must be removed in the first 24 hours of college coursework. Students who enroll in remedial courses must receive a grade equivalent to a "C" or better to successfully remove deficiency. Remedial courses will not be counted toward the satisfaction of degree program requirements. Courses used to make up high school curricular deficiencies may not be counted toward the satisfaction of degree program requirements. Students failing to meet proficiency requirements will not be permitted to enroll in corresponding college-level course and will be removed from any college-level course when unsuccessful course completion in deficiency course is earned at end of term. Student will be notified by mail if an administrative removal from college-level course was completed by the Office of Admissions.

CASC's Assessment Plan uses high school performance and testing measurements to evaluate a student's readiness to enroll into college-level coursework. CASC tests students upon initial admissions using ACT, COMPASS, or ACCUPLACER tests and places them into English 1113, math, science, or History 1113 or 1123 (reading-based courses), or, when test scores fall below the required cut-off scores, into remedial courses or into the new fast-track courses. The Office of Admissions will evaluate student credentials, provide students with a summary sheet, and post results in VIKECONNECT.

## Complete College America

In an effort to move students into courses that count toward graduation, Complete College America and the Oklahoma State Regents are encouraging institutions of higher education to find ways to assist students through remediation and gateway courses in a timelier manner. CASC will implement co-requisite remedial education in the subjects of English and Reading on both the Poteau and Sallisaw campuses beginning in the fall of 2016. Please find below the rubric that will be used to offer advisement to CASC students.

## High School Curricular Requirements

Students must have completed 15 units of high school curricular requirements for admission to one of Carl Albert's programs leading to associate in arts or associate in science. The only exceptions are noted in the special admission and summer provisional admission options. CASC will admit students with one or more curricular deficiencies and require remediation of these deficiencies within the first 24 college-level credit hours attempted. Students may remediate by successful completion of developmental courses or Accuplacer placement testing.

The high school curricular admission requirements were adopted by the State Regents to help ensure adequate high school academic preparation. It is the expectation of the State Regents that students applying for college entry will have successfully completed, at a minimum, the required high school course work. Research indicates that the academic preparation a student receives in high school correlates with success in college. Specifically, students who take more high school core subjects generally score higher on the ACT and earn better grades in college than students who take a minimum number of core courses. High school students should consider the prescribed 15 unit high school core curriculum a minimum standard. Students are encouraged to take additional core courses.

## Academic Deficiencies

Students with basic academic skills deficiencies or lacking curricular requirements must remove the basic academic skills deficiencies at the earliest possible time but within the first 24 college-level hours attempted. Students continuously enrolled in courses designed to remove deficiencies may be allowed to continue enrollment beyond the 24 hour limit. Students must also remove deficiencies in a discipline area before taking collegiate level work in that discipline. Students admitted to AAS programs must remove deficiencies prior to taking collegiate level work in that discipline.

## Testing Measurements

While CASC is an "open" admissions institution, CASC uses the ACT and ACCUPLACER examinations to place students into appropriate college-level courses or to identify the need for remedial or refresher classes before college course enrollments. The Office of Admissions will record test scores and provide the student with an evaluation of course placement or remedial course needs. All incoming freshman who are 20 years and younger must test with ACT for admissions purposes. Incoming freshman who are 21 years and older may test with either ACT or ACCUPLACER.

## ACT

CASC accepts the National ACT score results or its ACT Residual test score results for its entrance testing. CASC is a national test site with Center Code of 034300 . ACT Residual testing is available on both the Poteau and Sallisaw campus sites. Testing dates are advertised online, in the semester Course Schedule, or at the Retention Center on the Poteau campus or the Front Office on the Sallisaw campus. Test purchase and appointment is required to hold a seat for a test date.

ACT is comprised of four subjects: English, Mathematics, Reading, and Science. A cutoff score of 19 is required in a subject in order to enroll into college-level courses in that subject.

- Students enrolling in ENGL 1113 Freshman Composition I must earn a 19 or higher on the ACT English subject test score.
- Students enrolling in MATH 1513 College Algebra or other college level math must earn a 19 or higher on the ACT Mathematics subject test score.
- Students enrolling in some college level science courses must earn a 19 or higher on the ACT science subject test score.
- Students must earn a 19 or higher on the ACT READING subject test to be admitted to HIST 1113 or 1123 courses.
When the student's score is below the cutoff score of 19 in any subject, then, the student must remove that identified deficiency by completing a $3 \mathrm{cr}-\mathrm{hr}$ zero-level course in that area, completing a 1 cr -hr zero-level Fast Track lab, or testing above the cutoff score with ACCUPLACER.

## ACCUPLACER Test: Placement Testing

CASC administers the Accuplacer test to students who are deficient through ACT or high school curricular reasons and to adult students who require admissions testing. The Accuplacer is offered to student's ages who, after having first tested with ACT for admissions purposes require additional testing for placement purposes. Students may remediate deficiencies by testing with Accuplacer, enrollment in the appropriate zero- level course, or retest with ACT. However, adult students (ages 21 and older) test with ACCUPLACER for admissions and placement purposes (no ACT score is required). The ACCUPLACER test is free of charge for the first two attempts and $\$ 5$ per test for each subsequent attempt.

## Deficiency Removal

Deficiency removal is required of all students who score 18 or below on any ACT subtest area or who lack the required number of high school curricular units. Students may enroll into any subject in which the corresponding ACT is 19 or higher in that subtest/subject area or ACCUPLACER test score is above the minimum in that subject.

Students who seek deficiency removal by placement testing with the ACT or ACCUPLACER test may incorporate high school performance measurements using the following guidelines.

## TEST \& PERFORMANCE MEASUREMENTS Course Placement Guidelines

## ENGLISH ASSESSMENT

|  | (Meet one) |  |  |  | (Alternate measurement) |
| :--- | :---: | :---: | :---: | :---: | :---: |
| COURSE ENROLLMENT | ACT <br> English | COMPAS <br> S Writing | ACCUPLACE <br> R Writing | High <br> School GPA | ACT English and High <br> School GPA |
| ENGL 1113 Freshman Comp I <br> (No Remediation Required) | $19+$ | $77+$ | $98+$ | NA | $17-18$ and 3.00+ |
| ENGL 1113 \& ENGL 0121 Fast Track <br> (Remediation Required) | $16-18$ | $54-76$ | $82-97$ | $3.00+$ | NA |
| ENGL 0123 Intro to College Writing <br> (Remediation Required) | $0-15$ | $0-53$ | $0-81$ | below 3.00 | NA |

## READING ASSESSMENT

| READING ANET | (Mlternate measurement) |  |  |  |  |
| :--- | :---: | :---: | :---: | :---: | :---: |
| COURSE ENROLLMENT | ACT <br> Reading |  |  |  | COMPASS <br> Reading |
| ACCUPLACER <br> Reading | High <br> School GPA | ACT Reading and High <br> School GPA |  |  |  |
| College-Level Courses <br> (No Remediation Required) | $19+$ | $81+$ | $90+$ | NA | $17-18$ and 3.00+ |
| ENGL 0111 Fast Track Reading Lab <br> (Remediation Required) | $16-18$ | $73-80$ | $70-89$ | $3.00+$ | NA |

## RESIDENCE STATUS OF ENROLLED STUDENTS

Oklahoma statute 70 O.S., Supp. 2003, $\S 3218.9$ authorizes the State Regents to establish the proposed fees to be charged at public institutions to Oklahoma residents and nonresidents alike. The policy statement set forth in the paragraphs to follow establishes principles, definitions, criteria, and guidelines to assist institutional officials in the classification of students as resident or nonresident for fee and tuition-payment purposes. Also, the policy statement should be helpful to prospective students in the determination of their own residence status prior to enrollment or for those nonresidentstudents seeking to be reclassified as residents of Oklahoma after having been classified originally as nonresidents. Determination of residence status for purposes of attendance at Carl Albert State College or to any institution in The State is based primarily on the issue of domiciliary intent.

Since 1890, it has been public policy in Oklahoma to provide comprehensive, low-cost public higher education for citizens, in order to make educational opportunities available for Oklahoma individuals to improve themselves, to help upgrade the knowledge and skills of the Oklahoma work force, and to enhance the quality of life in Oklahoma generally. Therefore, residents of Oklahoma are afforded subsidies covering a majority of their educational costs at all colleges and universities of the State System. Nonresidents of Oklahoma are also provided substantial educational subventions, although at lower levels than those provided for permanent residents of the state.

## Definitions

The following words and terms, when used in the Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

- "Dependent Person" is one who is under the care, custody, and support of a parent or legal guardian.
- "Foreign National" is one who is not a legal U.S. citizen.
- "Full-Time Professional Practitioner or Worker" is one who has come to Oklahoma to practice a profession on a full-time basis, conduct a business full-time, or work on a full- time basis.
- "Full-Time Student" is an undergraduate student enrolled in a minimum of 12 credit hours per semester in an academic year or a minimum of six credit hours in a summer session. A full-time graduate student is one enrolled in a minimum of nine credit hours per semester in an academic year or a minimum of four credit hours in a summer session.
- "Independent Person" is one enjoying majority privileges (or is legally emancipated from the parental domicile) and who is responsible for his or her own care, custody, and support.
- "Resident of Oklahoma" is one who has lived continuously in Oklahoma for at least 12 months duration and whose domicile is in Oklahoma. A person's domicile is his or her true, fixed, permanent home or habitation. It is the place where he or she intends to remain and to which he or she expects to return. A person can have more than one residence, but only one domicile. Domicile has two components -- residence and the intention to remain. When these two occur, there is domicile.

## Principles

1. Attendance at an educational institution, albeit a continuous and long-term experience is interpreted as temporary residence; therefore, a student neither gains nor loses residence status solely by such attendance.
2. Students attending CASC may perform many objective acts, some of which are required by law (i.e. payment of taxes), and all of which are customarily done by some nonresidents who do not intend to remain in Oklahoma after graduation, but are situationally necessary and/or convenient (i.e. registering to vote, obtaining a driver's license). Such acts and/or declarations alone are not sufficient evidence of intent to remain in Oklahoma beyond the college experience.
3. A nonresident student attending CASC on more than a half-time basis is presumed to be in the state primarily for educational purposes.
4. An individual is not deemed to have acquired status as a resident of Oklahoma until he or she has been in the state for at least a year primarily as a permanent resident and not merely as a student. Likewise, an individual classified as a resident of Oklahoma shall not be reclassified as a nonresident until 12 months after having left Oklahoma to live in another state.
5. Unless residency has been established in another state, a student who resided in Oklahoma at the time of graduation from an Oklahoma high school and has resided in the state with a parent or legal guardian for the two years prior to graduation from high school will be eligible for resident tuition and scholarships or financial aid provided by the state, regardless of immigration status.
6. All married persons shall be treated as equal under this policy. Each spouse in a family shall establish his or her own residence status on a separate basis. Exceptions include: (1) when a nonresident marries an already established resident of Oklahoma, the nonresident may be considered a resident after documentation of the marriage and proof of domicile are satisfied, and (2) as provided below in item 7 and 8.
7. The burden of proof of establishing Oklahoma residence or domicile, including providing any supporting documentation, shall be upon the applicant. Since residence or domicile is a matter of intent, each case will be judged on its own merit by the appropriate institutional official(s) consistent with this policy. No definitive set of criteria can be established as sufficient to guarantee classification as a resident of Oklahoma.
8. Initial classification as a nonresident student shall not prejudice the right of a person to be reclassified thereafter for following semesters or terms of enrollment as an Oklahoma resident provided that he or she can establish proof of residence in accordance with criteria and procedures as set forth in this policy.

## Independent Persons

If a person enjoying majority privileges and who is independent of parental domicile can provide adequate and satisfactory proof of having come to Oklahoma with the intention of establishing domicile, that person may be granted resident student classification at the next enrollment occurring after expiration of 12 months following the establishment of domicile in Oklahoma. The spouse of such person must establish proof of his or her own domiciliary status on a separate basis, except as provided in other sections of this policy.

## Dependent Persons

The legal residence of a dependent person is that of the student's parents or the legal residence of the parent who has legal custody or the parent with whom the student habitually resides. If the student is under the care of those other than the parents, the legal residence is that of the student's legal guardian.

A dependent person may become emancipated (freed from the parental domicile) through marriage, formal court action, abandonment by parents, or positive action on the student's own part evidential of alienation of parental domicile. To qualify under the latter category, a dependent person must have completely separated from the parental domicile and have proved that such separation is complete and permanent. Mere absence from the parental domicile is not proof of its complete abandonment. If an applicant can provide adequate and satisfactory proof of complete emancipation and having come to Oklahoma with the intention of establishing domicile, the applicant may be granted resident student classification at the next enrollment occurring after expiration of 12 months following establishment of domicile in Oklahoma.

## Foreign Nationals

An individual who is not a U.S. national may become eligible for classification as an Oklahoma resident provided that the individual holds lawful permanent residence status as defined by U.S. Citizenship and Immigration Services (USCIS), evidenced by whatever documents may be required under applicable federal law, who has resided in Oklahoma for at least 12 consecutive months, and who meets other applicable criteria for establishment of domicile as set forth in this policy or who has come to Oklahoma as a full-time professional practitioner or worker as described below.

In accordance with Title 70, O.S., Section 3242 (2007) (also known as HB1804 of the First Regular Session of the 51st Legislature (HB1804)), an individual who cannot present to the institution valid documentation of United States nationality or an immigration status permitting study at a postsecondary institution, but who has graduated from a public or private high school in Oklahoma, may be eligible for enrollment, resident tuition and state student financial aid if the individual meets the following criteria:

1. Resided in this state with a parent or legal guardian while attending classes at a public or private high school in this state for at least two (2) years prior to graduation;
2. Satisfied admission standards for the institution; and
3. Either:
a. Provides to the institution a copy of a true and correct application or petition filed with the USCIS to legalize the student's immigration status, or
b. Files an affidavit with the institution stating that the student will file an application
to legalize his or her immigration status at the earliest opportunity the student is eligible to do so, but in no case later than:
i. One (1) year after the date on which the student enrolls for study at the institution, or
ii. If there is no formal process to permit children of parents without lawful immigration status to apply for lawful status without risk of deportation, one (1) year after the date the USCIS provides such a formal process. If the student files an affidavit pursuant to subsection $C(2)$ above, presents to the institution a copy of a true and correct application or petition filed with the USCIS no later than: (a) One (1) year after the date on which the student enrolls for study at the institution, or (b) If there is no formal process to permit children of parents without lawful immigration status to apply for lawful status without risk of deportation, one (1) year after the date the USCIS provides such a formal process, which copy shall be maintained in the institution's records for that student.
4. Any student, who completes the required criteria prescribed above, shall not be disqualified on the basis of the student's immigration status from any scholarships or financial aid provided by this state.
5. This policy shall not impose any additional conditions to maintain resident tuition status at a postsecondary educational institution within The Oklahoma State System of Higher Education on a student who was enrolled in a degree program and first received such resident tuition status at that institution during the 2006-2007 school year or any prior year.

## Military Personnel

A student attending CASC while on full-time active duty in the armed forces is considered as having a temporary residence in the state in which the student is attending school; therefore, a student neither gains nor loses residence status solely by such military service. Members of the armed services stationed in Oklahoma, their spouses and dependent children shall be admitted without the payment of nonresident tuition and without the 12 month domiciliary requirement, so long as they continue to be stationed in the
state in full- time military service and under military orders.
While the policy clearly states that nonresident tuition will be waived for military personnel, such a waiver does not constitute Oklahoma residence status. Military personnel and their dependents who provide proof of a legal change in their state of residence to Oklahoma (such as claiming Oklahoma for income tax purposes) may have the full benefits of residence status.

Dependent children of military personnel that establish residency as above shall maintain residence status if their parents are subsequently stationed out-of-state. Dependents of military personnel who have not established residency according to policy may maintain nonresident waiver status if their parents are subsequently stationed out-of-state.

## Full-Time Professional Practitioner or Worker

An individual who provides evidence of having come to Oklahoma to practice a profession on a full-time basis, conduct a business full time, or work on a full-time basis shall be immediately declared an Oklahoma resident along with the individual's spouse and dependent children without the 12 month domiciliary requirement so long as they continue in such full-time employment capacity or until such time that they establish residency as described above.

Dependent children of the above professionals that establish residency as described above may maintain residence status if their parents subsequently leave the state.

Likewise, a full-time professional practitioner or worker who is temporarily assigned to another location but maintains residency in Oklahoma (such as claiming Oklahoma for income tax purposes) shall be considered a resident for tuition and state scholarship and financial aid purposes, along with the practitioner's spouse and dependent children.

## Reclassification

In addition to the aforementioned criteria, an independent person seeking to be reclassified as a resident of Oklahoma must meet the following criteria for current and immediately preceding year.

1. The person must not have been claimed as an exemption for state and federal tax purposes by his or her nonresident parents.
2. The person must be self-supporting as evidenced by having provided the majority of funds for his or her own upkeep.
3. The person must have maintained a continuous residence in Oklahoma for the period set defined above.

## Tuition Waivers

Nothing in this policy precludes the waiving of fees or tuition for nonresidents by any institution upon authorization by the State Regents based on criteria other than residence status provided that the residence status classification will not be affected by any such waiver alone.

## INSTITUTION POLICIES RELATING TO ENROLLMENT, ATTENDANCE, AND WITHDRAWAL ENROLLMENT

CASC offers an "open admissions" policy where students may be admitted at any time during the academic
semester. Student must submit an Application for Admissions and provide credentials that support their admissions. After a student is admitted with credentials, their next step is enrollment into semester classes. The dates when students may enroll are "set" and established for those few weeks/months prior to the first day of semester classes. Specific enrollment dates are advertised online and in the published Course Schedule. Generally, dates of enrollment take place in April through May for the summer semester, April through August for the fall semester, and October through January for the spring semester.

## Attendance

Students are expected to attend all classes in which they enroll and understand the attendance policy for the class they are enrolled. CASC does not have one policy on classroom attendance, but, gives that right to the CASC instructor. On the first day of class, the instructor distributes a course syllabi to each student that outlines the instructor's policy and expectations on attendance for their individual class. It is the responsibility of the student to attend their class(s) and understand the impact attendance or nonattendance has on their learning and grade outcome.

## Withdrawal Policy

Students should withdraw from any class they cannot attend. All drops must be completed with the Office of Admissions who will in turn process the withdrawal. CASC has established policies that govern withdrawals from a course made before classes begin, during the Add/Drop Period, and after the Add/Drop Period.

Before Classes Begin Students may drop any course before classes begin without transcript record or owing tuition/fee charges.
Add/Drop Period After classes begin and before the $10^{\text {th }}$ day of classes in the spring or fall term or $5^{\text {th }}$ day of classes in the summer term, students may drop classes without transcript record or owing tuition/fee charges.
"W" Grade Period After the Add/Drop Period ends and before the last day of the $12^{\text {th }}$ week of spring/fall semester or $6^{\text {th }}$ week of the summer semester, students may drop and receive a "W" grade and owe $100 \%$ of their tuition/fee charges.
"W or F" Grade Period After the "W" Grade Period ends and before the last day prior to Final Examination week/days, students may only drop with instructor assignment of "W or F" grade and owe $100 \%$ of their tuition/fee charges.

During Finals Exams Week or Days Students may not withdraw from a course during Final exams week/days and will receive the letter grade earned in the course including final exam grades.

Complete Withdrawal After the Add/Drop Period, students may drop all of their semester classes. Students must fill out a Complete Withdrawal Form (available in the Retention Office) with exit survey and directed to a Financial Aid counselor to determine the impact of withdrawal on future aide.

Course Withdrawal To drop one course, students should formally withdraw using Change of Enrollment forms found in the Office of Admissions.

## Military Based Withdrawal or Leave Military students who are called into Active Duty

 while enrolled with CASC may elect to either be withdrawn without charges or transcript record, or remain enrolled with an " $I$ " grade or final grade depending on coursework completions and what is in the best interest of the student. The VA Coordinator will work with administration and with the student to ensure the student's interest is paramount and withdrawal compliance is met.
## FINANCIAL INFORMATION

## TUITION AND FEES PAYMENT INFORMATION

Tuition and Mandatory Fees per Credit Hour* (as of fall 2017 semester)Resident Tuition (In-State)\$ 80.45
Data Processing Fee ..... 7.00
Assessment Fee ..... 3.00
Library Fee ..... 3.00
Activity Fee ..... 8.00
Facility Fee ..... 11.00
Records Fee ..... 1.00
TOTAL Resident Tuition \& Fees per Credit Hour ..... \$ 113.45
Non-Resident Tuition (Out-of-State) ..... \$ 121.25
TOTAL Non-Resident Tuition \& Fees per Credit Hour ..... \$154.25
Additional Charges *The following Additional Charges may apply and should be added to the per Credit Hour calculation whenfiguring the charge for courses identified below, or as a per semester charge including:
Web Courses Fee (all online courses) ..... \$ 33.00
Remedial Fee (all zero-level courses) ..... 23.00
Supply/Lab Fee (HPER courses, where applied) ..... 4.00
Science Lab Fee (BIO, BOT, CHEM, GEOL, PHYS, ZOO courses) ..... 8.00
Health Science Fee (AHS, PHTA, NUR courses) ..... 50.00
Visual \& Performing Arts Fee (ART, DRMA, SPCH, MUS courses) ..... 15.00
Health Information Technology Fee (all HIT courses) ..... 25.00
Occupational Health \& Safety Fee (all OHS courses) ..... 10.00
Computer Science Fee (all CS courses) ..... 8.00
Student ID Charge (per semester for all students) ..... 4.00
International Student Fee (per semester for Internationals) ..... 50.00

* Important: Students should know that tuition and fees may change after publication of this catalog and without notice. Students may view a copy of the most recent, updated tuition and fees chart online.
(Go to www.carlalbert.edu > hover over Admissions > click on Cost of Attendance Estimator).

## Billing and Collection Office

The cashier's window in the Business Office is the billing and collection point for all student accounts. The Student Accounts Manager issues invoices, receives payments, and posts charges and credits to students' accounts. All questions concerning student accounts should be directed to the Student Accounts Manager. Please make payments in person or, if you prefer, by mail to:

Carl Albert State College<br>Attn: Business Office<br>1507 South McKenna<br>Poteau, OK 74953-5208

## Billing and Payment Schedule

Tuition and fees payment deadline is the end of the eighth week (40th class day) of classes of regular semester and the third week (15th class day) of a summer semester and the first class day of an interim semester. All students are encouraged to pay estimated tuition and fees at the time of enrollment. Students may receive a statement of estimated tuition and fees at the time of enrollment by coming to the Business Office located in Hemphill Hall.

Billing information may also be viewed on-line through the CASC Portal. Students may receive their CASC User Name and Password from their academic advisor. ITEMIZED INVOICES FOR TUITION AND FEES WILL BE E-MAILED TO CASC STUDENT ACCOUNT PRIOR TO THE TUITION AND FEES PAYMENT DEADLINE. FAILURE TO RECEIVE AN INVOICE DOES NOT QUALIFY AS AN EXEMPTION FROM LATE PAYMENT PENALTIES AND OTHER COLLEGE RESTRICTIONS.

On the first business day after November 1 for the fall semester, April 1 for the spring semester, and July 10 for the summer semester, all students with an unpaid balance of then current semester tuition or mandatory fee charges will be accessed a late fee equal to $10 \%$ of the current semester unpaid tuition and mandatory fees.

Students with unpaid tuition and fees may continue to attend classes through final exams. However, those who have delinquent tuition and fees accounts after the payment deadline will be charged a penalty of $10 \%$ of the unpaid tuition balance. Payments must be made by the end of a semester or students may also be charged collection agency costs. Pre- enrollments for future terms may be prohibited until charges for the current semester are paid in full. Regardless of when tuition and fees are paid, the total amount is required; selective course payment is not possible. The Chief Financial Officer cannot extend the dates noted. All requests for financial assistance should be made at the CASC Student Financial Aid Office located in Hemphill Hall.

## Amount of Charges

All tuition and fees are subject to change each semester; thus the published rates in this catalogue may no longer be in effect, and may increase between the pre-enrollment period and the first day of classes. Increases are reflected when charges are calculated after the drop/add period. Should a student pay the estimated charges before the drop/add period ends, they will still owe for the increases when they are calculated.

A financial obligation is incurred at the time a student elects to register for classes, at which time students may pay estimated tuition, fees, and other charges in the Business Office and order their ID cards in the Office of Student Affairs in Hemphill Hall (8:00 a.m. to 4:00 p.m.) Monday through Friday. It is the student's responsibilities to ensure payment of all charges or to completely withdraw from all classes by the last day of the official drop/add period for that semester. Tuition is charged based on rates set by the Oklahoma State Regents for Higher Education and on the credit hours of enrollment. All students except senior citizens enrolled for audit are charged an activity fee, a student facility fee, an assessment fee, a records fee, a technology services fee, and a library resources fee. Other charges that may apply include, but are not limited to, laboratory course fees, add/drop transaction fees, remedial course fees, and late-payment penalties.

## Scholarships

Scholarship students must pre-enroll during the regular pre-enrollment period for all semesters for which the scholarship is to be used. Failure to do so may result in the loss of the scholarship. Students are
responsible for verifying that scholarships have been applied to their accounts prior to the payment deadline to avoid late payment fees or other CASC sanctions.

## Student Billing Address

The Office of Admissions and Records maintains addresses of students and provides their billing addresses to the Business Office. Students must report any address changes to the Office of Admissions and Records. If students want late-payment bills sent to an address other than the address given at the time of enrollment, they must come in person to the Business Office and sign an authorization form, which must be renewed each semester. When the form is completed, all mailings from the Business Office will be sent to the designated billing address.

## Special Billing to Third Parties

Some third party sponsors who pay tuition and/or other charges on behalf of certain qualified students (such as employers, Vocational Rehabilitation, student financial aid awarded by organizations, some private scholarships, etc.) require that a bill be mailed directly to them from the CASC Business Office before they will make payment. In such cases, the student must provide a letter from the third party sponsor, addressed to CASC, requesting that the CASC Business Office bill the sponsor.

Students must notify the CASC Financial Aid Office during the drop/add period of each semester in order for the CASC Business Office to bill for tuition and fees before the payment deadline date. The Financial Aid and Business Offices must be notified each semester and at any time there is a change in the amount of the award or the source to be billed.

## Student ID Cards

Student ID cards are issued by the Enrollment Management Office after authorization by the Business Office. Students must be currently enrolled to be eligible to receive an ID card. Proof of enrollment and one picture identification card or two signature identifications are required. Lost ID cards should be reported immediately to the Business Office. There is a $\$ 5.00$ charge for new and replacement cards.

## Currency and Check Requirements

All payments must be made in U.S. currency. Checks must be payable in U.S. dollars drawn on U.S. banks. Make checks payable to Carl Albert State College. Mail payments at least seven days prior to the
PAYMENT DEADLINE DATE. Do not remit post-dated checks because state law requires that all checks be immediately processed. Any returned checks, unpaid by the bank for any reason, will incur an additional charge of $\$ 25.00$ per check, pursuant to Title 62 , section 7.1 , subsection D of the Oklahoma Statutes. CASC cannot accept a personal check as payment if a student has a returned check charged to her/his account. The Business Office does not ordinarily cash checks for students unless the checks are to be applied to the students' accounts.

## Restrictions Resulting from Delinquent Accounts

A student's account with the Business Office is considered delinquent if the TOTAL AMOUNT DUE is not paid IN FULL by the payment deadline date. Students with delinquent accounts may not be allowed to register for future classes or receive copies of their grades and transcripts and may be denied use of college facilities. A payment on account is allowed; however, specified application of this payment is not allowed. Payments will generally be applied to the oldest charge first. PARTIAL PAYMENT OF AN ACCOUNT DOES NOT REDUCE LATE PENALTIES, EXTEND PAYMENT DEADLINES, OR ALLOW USE OF COLLEGE FACILITIES.

## Withdrawals from the Institution and Changes of Enrollment

To receive a full refund or a total cancellation of financial liability, students must cancel registration in writing before the end of the officially defined drop/add period for that semester. Students may cancel registration by filing a Complete Withdrawal Form in the Admissions Office or by submitting a letter to the Admissions Office.

Withdrawals from the institution and changes of enrollment during a defined drop/add period will result in full charges for courses added and full refund or credit for courses dropped. No refunds will be made if students completely withdraw or drop classes after the defined drop/add period for that semester, and full liability for that semester's cost will be incurred by students except as stipulated for Title IV recipients.

## Drop/Add Period

Changes of schedule may be made during the first two weeks of a regular semester/term, the first week of a summer semester/term, or the first day of an accelerated session/term.

## Adding/Dropping Classes

Changes in schedule during the drop/add period will result in full charges for courses added and full refund for courses dropped. Refunds will not be made for withdrawal from classes after the defined add/drop period.

## Fees Applicable Only for Current Semester

Fees are applicable only for the current semester. If a student withdraws and is entitled to a refund, the amount of the refund cannot be carried forward as a credit to a subsequent session.

## Refund Procedures

No refunds will be made on special fee charges. No refunds will be made on Continuing Education classes if a student does not drop before the first class meeting. When the institution cancels classes, students enrolled in such classes will be entitled to $100 \%$ refund for the class that was cancelled. Refunds on overpaid accounts will not be made until after the fourth week after the end of the defined drop/add period of a regular semester and the third week after the end of the defined drop/add period of a summer term. Refunds may be picked up in the Business Office in person by the student to whom the checks are made payable.

## Fee Refund Policy for Students Entering Military Service

If a student enters military service during the term in which $s / h e$ is enrolled and $s /$ he has not completed sufficient work for receiving her/his grades but is in good standing academically, the institution is authorized to waive enrollment fees for the student during the term in which s/he re-enrolls after her/his military service has been completed to the extent of the amount that s/he paid previously for enrollment in the term during which s/he entered military service (the institution could issue a certificate to the student for this purpose). Alternative: If the institution feels that it is not feasible to issue a certificate, the institution is authorized to make a refund to the student for the full amount of her/his fees paid. If a student enters military service during the term and is not in good academic standing at the time, the regular fee refund policy of the institution will apply.

## Nelnet Payment Plan

Carl Albert State College partners with Nelnet Business Solutions to allow students to pay tuition, fees, meals, and housing expenses over time, making college more affordable. The plans allow students to spread their out of pocket costs out over a period of time instead of being required to come up with all of
the funds at once. If a student would like to defer payments to allow financial aid to cover costs, they may enroll in a deferred payment plan called Pending Aid. The CASC Business Office welcomes students to check with them for assistance with the Nelnet plan. In addition, Nelnet has representatives available online $24 / 7$ to offer assistance with implementing and managing the plan

## Financial Aid Awarded by CASC

All students requiring financial assistance with the payment of tuition and fees should contact the CASC Financial Aid Office or access the Financial Aid website at www.carlalbert.edu. Federal Title IV Funds (Pell, SEOG, and Direct Loans) and State Funds (OTAG) that have been awarded will be processed through the Business Office as announced. When funds are disbursed to the student accounts, all tuition and fees, room and board and/or any other charges due to CASC will be deducted. If the amount of aid awarded exceeds the total charges, the Business Office will issue a refund check to the student as announced.

## SCHOLARSHIPS AND OTHER FINANCIAL AID

(Note: Some scholarship criteria may have changed subsequent to publication of this catalog.)

Many types and forms of scholarships are available to students at Carl Albert State College. Individuals, civic and professional groups, as well as the college itself, provide funding for scholarships.

Students receiving Oklahoma National Guard fee waiver scholarships must contact their commanding officer in order to be listed on the spread sheet generated from the Education Service Office of the Army and Air National Guard. Students not listed on the spread sheet will not receive a fee waiver scholarship.

Students must apply for all tuition waivers and cash scholarships each year by February $15^{\text {th }}$ and must accept by pre-enrolling each semester at designated times.

## TUITION WAIVERS

To be eligible for an ACT Tuition Waiver, students must submit their Scholarship Application online with supporting documentation including, ACT Scores and High School Transcript by February $15^{\text {th }}$ each year. (Students who have completed 16 hours or more before submitting their initial scholarship application are not eligible to receive an ACT tuition waiver.)

ACT SCHOLARSHIP-Beginning freshman who scored a 28 or above on the ACT within the past year and have a cumulative GPA of 3.50 will be given a $\$ 800.00$ tuition waiver/semester and book scholarship (a $\$ 75.00$ refundable book deposit required). ## CASC FOUNDATION SCHOLARSHIPS

ADAMS ABSTRACT COMPANY SCHOLARSHIP—Established by Adams Abstract Company. LeFlore County High School graduates, 2.5 GPA, 19 ACT, renewable sophomore year.
AES, SHADY POINT LEADER SCHOLARSHIP—Established by AES, Shady Point. Residential students residing in Leader Centers, 19 ACT.
AGRI-BUSINESS SCHOLARSHIP—Awarded to a student active in FFA or FCCLA with leadership and academic qualities.
JIMMY AND LINDA ALFORD SCHOLARSHIP—Established by Jimmy and Linda Alford. Red Oak or LeFlore High School graduates.

## ALPHA DELTA KAPPA, LEFLORE COUNTY DELTA CHAPTER SCHOLARSHIP—

Established by Alpha Delta Kappa. Sophomore, Education major.
BP AMERICA SCHOLARSHIP-Established by BP America. LeFlore, Latimer, Haskell, Pittsburg, or Sequoyah County graduates, 3.2 GPA, and majoring in a degree related to Energy, Science, Math or Education.
BAYSUL AND ROTHA BALENTINE MEMORIAL SCHOLARSHIP—Established by Bob Balentine, in honor of his grandparents, long-time LeFlore County educators. LeFlore County graduate.
NADINE BALESTRIERI SCHOLARSHIP—Established by a planned gift from Nadine
Balestrieri. 3.5 GPA, ACT 22, and leadership and activities.
BILL J. BARBER LEADER SCHOLARSHIP—Established by Bill J. Barber. Residential students residing in Leader Centers, 19 ACT.
BILL J. BARBER MEMORIAL SCHOLARSHIP—Established by family and friends in memory of Bill J. Barber.
Scholar adopted annually.
CODY BARLOW MEMORIAL "IMPACT" SCHOLARSHIP—Established by Lee and Jean Ann
Barlow in memory of their son. Heavener high school graduate with 2.5 GPA.
LIN BOHANAN MEMORIAL SCHOLARSHIP—Established by family and friends in memory of Lin Bohanan, former CASC employee. 3.0 GPA, academic ability, and financial need.
GAIL BOOTH MEMORIAL SCHOLARSHIP—Established by Michelle White in memory of her mother, a former CASC employee. First generation college student or financial need.
ROBERT BORDEN SCHOLARSHIP—Established by Robert Borden. LeFlore High School graduate with financial need.
BRANSCUM, PICKLE, BARBER MATH SCHOLARSHIP—Established to honor Daryl Branscum, Wesley Pickle, and Alma Barber, Pansy Kidd Middle School teachers, upon their retirement. LeFlore County graduate, Math major.
ELIZA KINKEAD BULGIN MEMORIAL SCHOLARSHIP—Established by a planned gift from Katherine B. Johnson in memory of her mother. Minority or financial need.
ROBERT AND JEANNE BROOME LEADER SCHOLARSHIP—Established by Robert and Jeanne Broome.
Residential students residing in Leader Centers, 19 ACT.
CHARLES E. AND MYRTLE BURNETT MEMORIALSCHOLARSHIP—Established by a planned gift from W. Kathlyeen Burnett, a retired teacher, in memory of her parents. Preference is given to: (1) graduates of Spiro, Heavener or Sallisaw High Schools with Cherokee or Choctaw descent with CDIB card; (2) graduates of Spiro, Heavener or Sallisaw High Schools; (3) students pursuing health-care related careers, and (4) students with financial need.
VICTOR CARY MEMORIAL SCHOLARSHIP—Established by a planned gift from Victor Cary. Open to all. CHEERLEADING SCHOLARSHIP—One year scholarship with choice of: (1) tuition waiver scholarship equal
to one-half of tuition (maximum 8 hours per semester) plus book scholarship (requires paying $\$ 75$ book deposit) OR (2) \$350 housing scholarship plus book scholarship (requires paying $\$ 75$ book deposit). CHOCTAW NATION OF OKLAHOMA LEADER SCHOLARSHIP—Established by Choctaw Nation of Oklahoma. Residential students residing in Leader Centers, 19 ACT.
ERNEST AND D'OLUS COGGINS SCHOLARSHIP—Established by Ernest and D'Olus Coggins. LeFlore County student with financial need.
SAM COGGINS MEMORIAL SCHOLARSHIP—Established by Helen Lenn in memory of her father. 2.5 GPA. THE COMMUNITY STATE BANK LEADER SCHOLARSHIP—Established by The Community State Bank. Residential students residing in Leader Centers, 19 ACT.
ALLENE CONN MEMORIAL NURSING SCHOLARSHIP—Established by the family of Allene Conn in her memory. Nursing students.
VICKIE CONN SCHOLARSHIP—Established by Vickie Conn. LeFlore or Sequoyah County graduate with Education major.
RAY AND KATIE CORN MEMORIAL SCHOLARSHIP—Established by Kenneth Corn in memory of his parents. Pursuing a career in public service.
DWIGHT CRAIG MEMORIAL SCHOLARSHIP—Established by Paula and Richard Reif in memory of their son. Poteau High School graduate.
DELTA KAPPA GAMMA BEATRICE BLANKENSHIP SCHOLARSHIP—Established by Bea Blankenship, retired CASC English instructor, and added to annually by Delta Kappa Gamma. Sophomore, female, Education major.
DICKERSON FAMILY SCHOLARSHIP—Established by Dee Ann Dickerson. Open to all.
GLEN L. DOWDEN MEMORIAL SCHOLARSHIP—Established by Hal and Pat Dowden in memory of Hal's father. Heavener High School graduate.
EOMC AUXILIARY SCHOLARSHIP—Established by EOMC Auxiliary. Sophomore pursuing degree in medical field, 3.0 GPA.
DAN FALKNER MEMORIAL MUSIC SCHOLARSHIP—Established by family and friends in memory of Dan Falkner, former CASC music instructor. Visual and Performing Arts Majors and/or Show Choir Participants. BRAD FIELDS MEMORIAL SCHOLARSHIP—Established by Dr. and Mrs. Bob Fields in memory of their son. Wister High School graduate. Scholar/athlete.
L. A. AND EVA FRENCH MEMORIAL SCHOLARHIP—Established by Jim Hamilton and his sister, Jane Hamilton, in memory of their grandparents. Financial need.
GUS E. FULLBRIGHT JR. MEMORIAL SCHOLARSHIP—Established by family and friends in memory of Sallisaw Fire Chief Gus E. Fullbright Jr. Preference to firemen's children in the Sallisaw area.
J.P. (JACK) GAITHER AND EVA M. GAITHER SCHOLARSHIP—Established by a planned gift from Eva Gaither. Heavener High School graduate with financial need.
WILLIAM L. GANN SCHOLARSHIP—Established by William L. (Bill) Gann, faculty member. Business or Technology major, 2.5 GPA.
MOLLY GEDOSH MEMORIAL TUITION WAIVER—Established by Dr. and Mrs. E. A. "Jack" Gedosh in memory of his mother. Sophomore, Nursing students.
GENERAL SCHOLARSHIP FUND—Established and sustained by ongoing contributions from individuals, businesses and CASC Foundation events to provide scholarships for CASC students. Open to all.
DR. ROBERT G. GILLSON—Established by family and friends in memory of Dr. Robert G. Gillson.
Sophomore, Nursing student.
SENATOR AND MRS. CLEM HAMILTON MEMORIAL SCHOLARSHIP—Established by Representative Jim Hamilton and his sister, Jane Hamilton, in memory of their parents. Heavener graduate, 2.5 GPA and financial need.
HAMILTON FAMILY SCHOLARSHIP—Established by Representative Jim Hamilton and his sister, Jane Hamilton, in memory of their parents, Senator and Mrs. Clem Hamilton. Panama graduate, 2.5 GPA, with
financial need.
TULA HIMES MEMORIAL SCHOLARSHIP—Established by a planned gift from Tula Himes, a retired teacher. Preference to Hispanic students residing in dormitories with financial need.
GENEVIEVE HOLTON MUSIC SCHOLARSHIP—Established by the family of Genevieve Holton to honor her.
Visual and Performing Arts Majors and/or Show Choir Participants residing in the dormitories with 2.8 GPA.
THE J.C. HOLTON FAMILY LEADER SCHOLARSHIP-- Established by the J. C. Holton Family. Residential students residing in Leader Centers, 19 ACT.
STEVE AND PAM HOLTON HISPANIC STUDENT SCHOLARSHIP—Established by Steve and Pam Holton.
Hispanic students with 3.2 GPA; Preference to Health Science fields.
LATTIE HOYLE LEADER SCHOLARSHIP—Established by Lattie Hoyle. Residential students residing in Leader Centers, 19 ACT.
NELL AND LATTIE NELL AND LATTIE HOYLE MEMORIAL MUSIC SCHOLARSHIP— Established by a planned gift from Lattie Hoyle. Visual and Performing Arts Majors and/or Show Choir Participants.
EVELYN M. HUTCHINSON MEMORIAL SCHOLARSHIP—Established by a planned gift from
Evelyn M Hutchinson. 19 ACT.
GARRY M. AND PAM IVEY SCHOLARSHIP—Established by CASC President and Mrs. Garry M. Ivey. Open to all applicants.
JACK AND KATHERINE JOHNSON SCHOLARSHIP—Established by Jack and Katherine Johnson. Open to all. J. F. AND KATHRYN JOHNSTON SCHOLARSHIP—Established by J.F. and Kathryn Johnston. Heavener High School graduate and participant in varsity sports.
FRIDA KAHLO ART SCHOLARSHIP—Established by Sugarloaf Art Association. Art major with 2.5 GPA. KAREN KELLOGG-SHAW SCHOLARSHIP—Established by Walter and Marguerite Kellogg in memory of their daughter. Cameron High School graduate with financial need.
TONY KERBOW SCHOLARSHIP-Established by family and friends in memory of Tony Kerbow. LeFlore County graduate with 2.5 GPA ; Preference to Poteau High School graduate.
KIAMICHI ELECTRIC COOPERATIVE SCHOLARSHIP—Established by Kiamichi Electric Cooperative, Inc. Parents/student customer of Kiamichi Electric Cooperative, Inc. Attach copy of Kiamichi Electric monthly bill. BOB LEE KIDD MEMORIAL JOURNALISM SCHOLARSHIP—Established by Virginia Kidd in memory of her husband, former editor/publisher of Poteau News; Journalism major.
LPN NURSING SCHOLARSHIP—Established by anonymous donors. Nursing students who have completed the LPN Transition Program and are entering the RN Program.
LEFLORE COUNTY RETIRED TEACHERS SCHOLARSHIP—Established by the LeFlore County Retired Teachers. S ophomore, LeFlore County graduate, Education major and financial need.
G. B. AND HELEN LENN LEADERSHIP SCHOLARSHIP—Established by Helen Lenn in memory of her husband. Visual and Performing Arts Majors and/or Show Choir Participants.
PATRICK LYNCH MEMORIAL SCHOLARSHIP—Established by James and Jean Lynch in memory of their son. Poteau High School graduate, Education major with 2.8 GPA.
MAZZIO'S SCHOLARSHIP (Sallisaw, Spiro and Roland)—Established by Mazzio's of Sallisaw, Spiro and Roland. Mazzio's employee at Sallisaw, Spiro or Roland, 2.5 GPA.
GEORGE AND ROSEMARY McBEE LEADER SCHOLARSHIP—Established by George and Rosemary McBee.
Residential students residing in Leader Centers, 19 ACT.
DAKOTA McCOY MEMORIAL SCHOLARSHIP—Established by friends and family of Dakota McCoy. Open to all applicants.
ELIZABETH McDOW SCHOLARSHIP—Established by a planned gift from Elizabeth McDow. Cameron High School graduate with scholastic achievements.
JAMES DWAINE McKENZIE MEMORIAL SCHOLARSHIP—Established by Rebecca McKenzie in memory of her husband. Psychology-related field or student pursuing a career working with disabled individuals. DAVE AND BEVERLY McMILLEN LEADER SCHOLARSHIP—Established by Beverly McMillen in memory of
her husband. Residential students residing in Leader Centers, 19 ACT.
MIKE MILLER MEMORIAL SCHOLARSHIP—Established by Mr. and Mrs. Harold Miller in memory of their son, former CASC Music instructor. Visual and Performing Arts Majors and/or Show Choir Participants. HARRY R. AND MAY McTIER MILLFORD MEMORIAL SCHOLARSHIP—Established by Jeanne Reed in memory of her childhood neighbors. Visual and Performing Arts Majors and/or Show Choir Participants. MISS CASC FOUNDATION SCHOLARSHIP -Winner of the Miss CASC Pageant is awarded \$300 cash scholarship.
MISS CASC SCHOLARSHIP—Winner of Miss CASC Pageant receives a full-tuition waiver scholarship and a $\$ 1,000$ cash scholarship. First runner-up receives a $\$ 500$ tuition waiver scholarship and a $\$ 300$ cash scholarship. Second runner-up receives a $\$ 200$ cash scholarship. Third runner-up receives a $\$ 100$ cash scholarship. Each contestant receives a $\$ 250$ tuition waiver.
DELORES MITCHELL NON-TRADITIONAL SCHOLARSHIP—Established by Sallisaw Committee for Excellence. Non-traditional student attending the Sallisaw campus, enrolled in 12 hrs. classroom instruction, 3.0 GPA and 19 ACT.

DELORES MITCHELL SCHOLARSHIP—Established by Delores Mitchell. Attending Sallisaw campus, 2.5 GPA and financial need.
DR. JOHN MONTGOMERY MEMORIAL SCHOLARSHIP—Established in honor of Dr. John Montgomery, former LeFlore County veterinarian; LeFlore or Sequoyah County high school graduate with 2.5 GPA and 19 ACT. Renewable sophomore year, if 30 hours completed and 2.8 GPA maintained. Eligible for transfer scholarship to UAFS upon completion of 60 hours at CASC with a 2.8 GPA.
FLOYD AND ERNESTINE MORRIS SCIENCE SCHOLARSHIP—Established by Floyd Morris, retired chairperson of the CASC Science Division. Science major.
MORRISON FAMILY SCHOLARSHIP—Established by Dr. Jason Morrison, CASC Vice President of Academic Affairs. Benton-Harmony Grove, Arkansas High School grad, 2.5 GPA.
PAULA NIETO TWIN SCHOLARSHIP—Established by family and friends in memory of Paula Nieto, a twin. Sophomore twins.
NURSING FACULTY SCHOLARSHIP—Established by CASC Nursing faculty. Nursing Program.
OG\&E SCHOLARSHIP—Established by OG\&E. 2.5 GPA.
DR. FREDERICK AND MARJORIE OLIVER SCHOLARSHIP—Established by Marjorie Oliver in memory of her husband. Nursing Program, Sallisaw campus.
GEORGE OLLIE, JR., LEADER SCHOLARSHIP—Established by George Ollie, Jr. Residential students residing in Leader Centers, 19 ACT.
LORENE PATTERSON LEADER SCHOLARSHIP—Established by a planned gift from Lloyd Patterson in memory of his wife. LeFlore and Haskell County High School grads, 2.5 GPA.
PHILANTHROPIC EDUCATIONAL ORGANIZATION (PEO) SCHOLARSHIP—Established by Sallisaw PEO.
Non-traditional female, 3.0 GPA, financial need.
PHYSICAL THERAPIST ASSISTANT AWARD—Established by donors to the Physical Therapy Program.
Awarded to the outstanding PTA student.
REVEREND MORRIS AND JENNY PIPKIN SCHOLARSHIP—Established in honor of Rev. and Mrs. Pipkin by the children. Entering the ministry or music ministry, minimum age 25 years, 2.5 GPA . Preference to members of the United Methodist Church.
POTEAU WOMEN'S LEAGUE SCHOLARSHIP—Established by the Poteau Women's League. Show Choir or Theatre.
RADIOLOGIC TECHNOLOGY AWARD—Established by faculty members, Dr. Linda Pearson and Midge Blue. Presented at graduation to the outstanding graduate of the Radiologic Science Department. JAMES RAY MEMORIAL SCHOLARSHIP—Established by family and friends of James Ray, former CASC student. Heavener High School graduate.
JEANNE REED LEADER SCHOLARSHIP—Established by Jeanne Reed. Residential students residing in

Leader Centers, 19 ACT.
JEANNE REED NURSING SCHOLARSHIP—Established by Jeanne Reed. Nursing program.
ROY AND JEANNE REED BUSINESS SCHOLARSHIP—Established by Jeanne Reed in memory of her husband. Business major.
JULIAN ROTHBAUM AWARD FOR ACADEMIC EXCELLENCE—Established by Julian Rothbaum of Tulsa.
Cash award presented at graduation to CASC's top academic graduate.
SALLISAW COMMITTEE FOR EXCELLENCE-Established by the Sallisaw Committee for Excellence.
Sequoyah County high school graduates (traditional freshmen), attending CASC Sallisaw, enrolled in 12 hrs . classroom instruction, 2.8 GPA and 19 ACT.
ROBERT SMEDLEY MEMORIAL—Established by Gayle Smedley in memory of her son. Visual and Performing Arts Majors and/or Show Choir Participants, 2.5 GPA, 19 ACT. Renewable sophomore year, if 2.5 GPA maintained and remain a Visual and Performing Arts Majors and/or Show Choir Participants. BUDDY SPENCER ACADEMIC SCHOLARSHIP—Established by the Sallisaw Committee for Excellence. Sequoyah County students attending CASC Sallisaw, enrolled in 12 hrs. classroom instruction, 3.2 GPA, 19 ACT.
SPIRO STATE BANK LEADER SCHOLARSHIP—Established by Spiro State Bank. Residential students residing in Leader Centers, 19 ACT.
SPIRO STATE BANK SCHOLARSHIP—Established by Spiro State Bank. Spiro High School graduate, 2.5 GPA, 19 ACT.
MARY JO STITES MEMORIAL SCHOLARSHIP—Established by family and friends in memory of Mary Jo Stites, former co-director of CASC Sallisaw. Sequoyah County graduate attending CASC Sallisaw, 2.5 GPA, 19 ACT. Preference to veterans.
ARTIE STIVERS LEADER SCHOLARSHIP—Established by Artie Stivers. Residential students residing in Leader Centers, 19 ACT.
ROSS AND ARTIE STIVERS SCHOLARSHIP—Established by Artie Stivers in memory of her husband. Howe High School graduate, 2.8 GPA, 19 ACT.
STUDENT SUPPORT SERVICES SCHOLARSHIP—Established by Student Support Services employees. SSS eligibility.
TALENT SEARCH SCHOLARSHIP—Established by Talent Search employees. Meets criteria established by ETS.
LT. GLENN C. AND VERNA TAYLOR MEMORIAL SCHOLARSHIP—Established by a planned gift from W. Kathlyeen Burnett. Nursing Program. Preference to disabled and minorities.
RONNIE LEE TAYLOR II MEMORIAL SCHOLARSHIP—Established by the family of Ronnie Lee Taylor II., in his memory. Panama High School graduate, recommended by high school principal and counselor.
DR. HERMAN L. THOMAS NURSING LEADER SCHOLARSHIP—Established by a planned gift from Mary Thomas in memory of her husband. Nursing program.
TONI FLOYD THOMPSON MEMORIAL SCHOLARSHIP—Established by Mick Thompson in memory of his wife. Poteau High School graduate, 2.5 GPA.
TUBBS SCHOLARSHIP FUND—Established by a planned gift from Madolyn Tubbs of Sallisaw. Sequoyah County graduate, 2.5 GPA.
AUDRA TUCKER SCHOLARSHIP-Established by friends in honor of Audra Tucker and her family. CASC baseball player.
UPWARD BOUND SCHOLARSHIP—Established through the Upward Bound Program. Participant in Upward Bound, 2.5 GPA and financial need.
VINCENT VAN GOGH ART SCHOLARSHIP—Established by Bobette Guillory, faculty member. Sophomore Art major.
THE WALTON FAMILY FOUNDATION LEADER SCHOLARSHIP—Established by the Walton Family Foundation. Residential students residing in Leader Centers, 19 ACT.

ELEANOR C. WHITE MEMORIAL SCHOLARSHIP—Established by a planned gift from Eleanor C. White. Education majors.
MELBA SUE WHITE MEMORIAL SCHOLARSHIP—Established by former CASC President Joe E. White, family and friends in memory of his wife, Melba Sue White, a former CASC employee. 3.0 GPA, 19 ACT. RILLA WYATT MEMORIAL SCHOLARSHIP—Established by the family of Rilla Wyatt in her memory. LeFlore High School graduate, academics and activities.
LYNN AND RUTH YARBOROUGH MEMORIAL SCHOLARSHIP—Established by a planned gift from Lynn Yarbrough from Heavener. Preference to minorities or disabled.

Further information on scholarships and application procedures may be obtained from the Scholarship Coordinator located in the CASC Financial Aid Office or by accessing the Financial Aid website at www.carlalbert.edu.

## OTHER FINANCIAL AID

Carl Albert State College participates in several federally and state funded financial aid programs for college students as listed below. More detailed information about these programs may be obtained from the CASC Financial Aid Office or by accessing the Financial Aid website at www.carlalbert.edu.

## How and When to Apply

Students may apply each year on or after January 1st for the upcoming school year. Applicants are encouraged to apply early since some aid programs have limited funding. To be considered for the OTAG grant, students must apply by March 1st.

Applicants may apply and establish eligibility for any of the student financial aid programs by filing the Free Application for Federal Student Aid (FAFSA). Applications are available online at www.fafsa.ed.gov or at the CASC Financial Aid Office.

Students can receive free assistance with financial aid through the Educational Opportunity Center (EOC) academic advisors located on the Poteau campus in the Ollie Center for Academic Excellence, Room 1206 and on the Sallisaw campus in the Mayo Center rooms 8004 and 8007.

If completing an online application, students/parents must create a new FSA ID for financial aid at https://fsaid.ed.gov/npas/index.htm. ( FAFSA Pin has been eliminated).

Processing time for the submission of the initial application to the Federal Processor is approximately 2 to 3 days Online, or 2 to 3 weeks on Paper. If CASC's code is listed on a student's application, the CASC Financial Aid Office will receive his/her Student Aid Report (SAR) electronically from the processors. Once the SAR and other required documents for verification are received by the CASC Financial Aid Office, an additional 4 to 6 weeks of processing time may be required to receive his/her notification of eligibility.

Parents and students should be aware that Financial Aid is provided to help with educational expenses and not as a means of total support.

## Disbursement Method

The amount of financial aid for which a student is eligible will be credited to his/her account. If the amount of aid awarded exceeds the total charges, $\mathrm{s} / \mathrm{he}$ will receive the difference. If the aid is less than the charges, $\mathrm{s} /$ he will be expected to pay the difference. If the aid package is for a full-time student for the regular nine-month academic year, one half will be awarded for the fall semester and
one half for the spring semester. For students attending less than full-time for any semester, the amounts will be pro-rated for that semester.

## Disbursement Schedule

- Summer Semester: First estimated date will be mid-June
- Fall Semester: First estimated date will be mid-September
- Spring Semester: First estimated date will be mid-February

Follow-up disbursements for each semester will be posted in the CASC Financial Aid Office as well as on the CASC Financial Aid website. * Subject to change

## Refund Policy

In accordance with the college refund policy, a student who completely withdraws from CASC must notify the CASC Financial Aid Office due to the fact that s/he may be liable for a portion of the charges that have been paid using his/her financial aid.

During the first $60 \%$ of the semester, a student earns Title IV funds in direct proportion to the length of time s/he remains enrolled. A student, who remains enrolled beyond the $60 \%$ point of a semester, earns all aid for that period.

Refunds for students receiving tuition waivers, special billings and etc. who fail to provide proof of verification to the CASC Financial Aid Office during the drop/add period of each semester, will be issued refunds according to the CASC Business Office scheduled refund policy.

## Satisfactory Progress

In accordance with federal regulations that govern student financial aid programs at CASC, a student receiving financial aid must maintain satisfactory academic progress while obtaining a degree or certificate offered by CASC. All financial aid recipients must read and sign CASC's Satisfactory Academic Progress (SAP) Policy before receiving any financial aid. The SAP Policy can be found on the Financial Aid website at www.carlalbert.edu.

## TYPES OF FINANCIAL AID

- Grants-Grants are awarded based solely on financial need and do not have to be repaid unless, for example, the funds were awarded incorrectly or if a student completely withdraws before the $60 \%$ point of a semester.
- Federal Pell Grant—Pell Grants are the foundation of federal student aid, to which aid from other federal and nonfederal sources might be added. Pell Grants are generally awarded only to undergraduate students. If a student is eligible for a Pell Grant, $\mathrm{s} / \mathrm{he}$ will receive the full amount in which $\mathrm{s} / \mathrm{he}$ qualifies for. The amount of other student aid that s/he may qualify for does not affect his/her Pell Grant amount. The CASC Financial Aid Office will receive enough funding to pay the Pell amounts for all eligible students. The amount of the Pell Grant depends on a student's Expected Family Contribution (EFC), cost of attendance, whether s/he is a full-time or part-time student and whether s/he attends school for a full academic year or less. A student may receive Pell Grant funds from only one school at a time. The FAFSA application is used for this grant.
- Federal Supplemental Educational Opportunity Grant (SEOG)—SEOG Grants are awarded to undergraduate students with exceptional financial need. The CASC Financial Aid Office determines eligibility of this grant based on when a student applies, his/her financial need, the amount of other aid
$\mathrm{s} / \mathrm{he}$ receives and the funding level that CASC receives. A student must apply for federal student aid early to be considered for this grant. The FAFSA application is used for this grant.
- Oklahoma Tuition Aid Grant (OTAG)—OTAG is a need-based grant program for Oklahoma residents who attend approved colleges, universities and career technology centers in Oklahoma. OTAG is a program of the Oklahoma State Regents for Higher Education. A student must apply for OTAG by March 1st each year to be considered for this grant. The CASC Financial Aid Office determines eligibility of this grant based on when a student applies, his/her financial need and the amount of other aid s/he receives. The amount of this grant depends on whether a student is enrolled as a full-time or part-time student. Funds are released to CASC after enrollment and eligibility has been confirmed. The FAFSA application is used for this grant.
- Federal Work-Study (FWS)—FWS is a program that offers employment to students who need a job to meet college expenses. The jobs can be on campus or off campus. The CASC Financial Aid Office determines eligibility based on when a student applies, his/her financial need, the amount of other aid s/he receives and the funding level that CASC receives. A student must apply for federal student aid early to be considered for work-study funds. The FAFSA application is used for the FWS program.
- Institutional Employment—Occasionally, a student is hired by the college to work part-time in a specialized area. If a student does not qualify for work-study but feels that $s /$ he has special skills to offer the college, s/he may apply for institutional employment by visiting with the Human Resources Department or individual departments on campus.
- Vocational Rehabilitation Grant (Voc-Rehab)—Vocational Rehabilitation is a grant available to pay for tuition and sometimes books for students with disabilities. Students should apply through the Vocational Rehabilitation Office in the county in which they reside.
- Bureau of Indian Affairs (BIA)—The Bureau of Indian Affairs administers grants and/or scholarships to eligible students through the various tribal headquarters. This program is for Indian students whose tribal membership records are maintained. A student must apply through his/her Tribal Headquarters; however, s/he will be required to apply for financial aid before any funds are awarded. Although financial need and enrollment is considered in determining eligibility, $\mathrm{s} / \mathrm{he}$ must see their tribal headquarters for other necessary requirements.

## LOANS

- Loans: Loans, unlike grants or work-study, are borrowed money that must be repaid, with interest. These are real loans-just like car loans or mortgages.
- Federal Direct Subsidized Loan—The Federal Direct Subsidized Loan is provided by the
U.S. Department of Education to undergraduate students that are enrolled at least half-time and show financial need. The CASC Financial Aid Office determines eligibility based on the grade level in school, dependency status and financial need. The interest rate for this loan changes each year; however, the U.S. Department of Education pays the interest while a student is in school at least half-time and also during the grace period. A student has a six month grace period after s/he graduates before repayment begins. The loan servicer will send the student information about repayment and the date repayment begins. It is the student's responsibility to begin repayment on time, even if s/he does not receive the information. Repayment will be made to the loan servicer. Students must complete a FAFSA and then complete a Request for Student Loan and Worksheet for Student Loan Borrowers Form from the Financial Aid website at www.carlalbert.edu.
- Federal Direct Unsubsidized Loan—The Federal Direct Unsubsidized Loan is provided by the U.S. Department of Education to undergraduate and graduate students that are enrolled
at least half-time. Financial need is not necessary. The CASC Financial Aid Office determines eligibility based on the grade level in school and the dependency status. The interest rate for this loan changes each year and the student is responsible for the interest from the time the loan is disbursed until it is paid in full. A student can pay the interest while s/he is in school, or s/he can allow the interest to accrue (accumulate) while in school and have the interest added to the principal amount of the loan later. However, the amount $\mathrm{s} / \mathrm{he}$ will have to repay will be higher than if the interest is paid while in school. A student has a six month grace period after s/he graduates before repayment begins during which time s/he does not have to pay the principal, but will have to pay the interest unless s/he elects to have it capitalized (added to the principal loan balance) later. The loan servicer will send the student information about repayment and the date repayment begins. It is the student's responsibility to begin repayment on time, even if s/he does not receive the information. Repayment will be made to the loan servicer. Students must complete a FAFSA and then complete a Request for Student Loan and Worksheet for Student Loan Borrowers Form from the Financial Aid website at www.carlalbert.edu.
- Federal Direct PLUS Loan—A Federal Direct PLUS Loan is provided by the U.S. Department of Education to parents for their dependent undergraduate children that are enrolled in at least half-time. Financial need is not necessary. The CASC Financial Aid Office determines eligibility based on the parent passing a credit check as well as the parent and student meeting other general requirements. The interest rate for this loan changes each year and there is no grace period. Generally, within sixty days after the loan is fully disbursed, the parent will begin repayment. This means interest begins to accumulate at the time the first disbursement is made. The parent must begin repaying both principal and interest while the student is in school. The loan servicer will send the parent information about repayment and the date repayment begins; however, it is the parent's responsibility to begin repayment on time. Repayment will be made to the loan servicer. Students must complete a FAFSA for consideration of this loan and then request a Parent Plus Loan Form from the Office of Financial Aid.

## SHORT-TERM LOANS

- Florence Wood Student Loan Fund - The late Mrs. Florence Wood, a former instructor of English at the college, established this fund to provide small, emergency, short-term loans to CASC students. For more information, contact the CASC Financial Aid Office.

## ACADEMIC POLICIES AND PROCEDURES

## GRADING

Carl Albert State College is in compliance with the uniform system of grading for established by the Oklahoma State System institutions. This provides a more effective and efficient system of transfer of students' credits between and among public State System institutions. CASC academic transcript is the official document with student information that is a complete and accurate reflection of a student's academic career. It includes information such as cumulative and retention/graduation GPAs, semesters of attendance, courses taken, grades and credit hours awarded, degrees received, academic standing, academic honors, and transfer information.

## Grading Terms

The following types of grading entries with respective definitions are used for transcript notations:
Grades Used in the Calculation of GPA

| Grade | Note | Grade Point per Hour |
| :--- | :--- | :--- |
| A | Excellent | 4 |
| B | Good | 3 |
| C | Average | 2 |
| D | Below Average | 1 |
| F | Failure | 0 |
| I | Incomplete | GPA Neutral |
| W | Withdrawal | GPA Neutral |
| AW | Administrative Withdrawal | GPA Neutral |
| AU | Audit | GPA Neutral |
| N | Not reported by instructor | GPA Neutral |
| WIP | Work in Progress | GPA Neutral |

## Other Symbols and Definitions

I An "I" or incomplete grade may be used, per instructor and Academic Vice- President's approval, to indicate that additional work is necessary to complete the requirements for a course. It is not a substitute for an " F ", and no student may be failing a course at the time an " I " grade is awarded. To receive an "I" grade, the student should have satisfactorily completed a substantial portion of the required course work for the semester. The instructor, in consultation with the student, will determine remaining course assignments and deadlines, but all incomplete grades must be removed within one regular semester (e.g., a spring semester or summer term Incomplete should be completed by the end of the fall semester. A fall semester Incomplete should be completed by the end of the spring semester); otherwise, it remains as Incomplete on the student's permanent record. An incomplete grade is not calculated in the GPA.

AU Audit status is used for the student not interested in obtaining a course grade, but who is enrolled simply to get course information. Students may change an enrollment status from audit to credit during the Add/Drop Period (first two weeks of fall/spring term and the first week of a summer
semester term). AU will not contribute to the GPA.
W An automatic withdrawal grade of " W " is issued when a student initiates a withdrawal during the institution's allowable withdrawal period as follows:

- "W" Withdrawal Period: Students will receive a "W" grade for withdrawals made after the $10^{\text {th }}$ day of classes in the fall/spring term and end the last day of the $12^{\text {th }}$ week of term, or the $5^{\text {th }}$ day of classes in the summer term and the last day of the $6^{\text {th }}$ week of term (not to exceed 3/4 of the duration of any term).
- "W or F" Withdrawal Period: Withdrawals accepted after this deadline will be assigned either a " $W$ " or an " $F$ " grade depending upon the student's standing in the class. If an " $F$ " grade is assigned, it is calculated in the student's GPA; the " W " grade is GPA neutral.

AW Administrative Withdrawal or "AW" may be assigned by the Office of Academic Affairs or the instructor to indicate that a student has been "involuntarily" withdrawn from class(es) after CASC's Add/Drop Period for health, disciplinary, or financial reasons. Administrative withdrawals are GPA neutral but can impact federal financial aid.

P-F The " $P$ " Pass or " $F$ " Fail grades are an option for students in specified courses. The Pass grade indicates hours but does not contribute to the GPA. The Fail grade is calculated into the GPA.
$\mathbf{N} \quad$ The " N " grade indicates that the semester grade was not submitted by the instructor by the appropriate deadline. The " N " grade must be replaced by the appropriate letter grade prior to the end of the subsequent semester. The " N " grade is GPA neutral.

The following symbols are used to further explain the grading system used by Carl Albert State College.
$\mathbf{R} \quad$ A repeated course is designated with the symbol of $R$ to indicate that only the second grade earned is used in the calculation of the retention/graduation GPA.

* The asterisk symbol "*" indicates an original course grade of "D" or "F" has been removed from the GPA calculation and replaced by a subsequent R or Repeated course.

## Grade Point Average

The Retention/Graduation GPA is used by CASC to determine a student's eligibility to remain enrolled or graduate from an institution. Activity courses, forgiven course work, audited courses, and courses in which the grades of $\mathrm{I}, \mathrm{W}, \mathrm{AW}, \mathrm{P}$, and N are given are not calculated in the Retention/Graduation GPA.

The cumulative GPA includes grades for all course work, including activity and forgiven course work. Courses in which the grades of I, W, AW, P, and N are given are not calculated in the cumulative GPA.

## Remedial/Developmental Courses

Remedial/developmental courses are to be coded as zero-level and college-level credit is not awarded for the completion of such courses. Remedial/developmental courses are assigned a letter grade by CASC and are not calculated in the retention/graduation or cumulative GPA. CASC offers four developmental courses for non-college credit: MATH 0113 Developmental Math, MATH 0123 Intermediate Algebra, ENGL 0123 Introduction to College English, and ENGL 0113 Introduction to College Reading.

## Academic Forgiveness Provisions

Circumstances may justify a student being able to recover from academic problems in ways which do not forever jeopardize the student's academic standing. Academic forgiveness may be warranted for currently enrolled undergraduate students in three specific circumstances:

For pedagogical reasons, a student will be allowed to repeat a course and count only the second grade earned in the calculation of the retention/graduation GPA under the prescribed circumstances listed below.

There may be extraordinary situations in which a student has done poorly in up to two semesters due to extenuating circumstances which, in the judgment of the appropriate institutional officials, warrants excluding grades from those semesters in calculating the student's retention/graduation GPA.

A student may be returning to college after an extended absence and/or under circumstances that warrant a fresh academic start.

Students may seek academic forgiveness utilizing the following procedures outlined for Repeated Courses, Academic Reprieve, and Academic Renewal. Students may receive no more than one academic reprieve or renewal in the academic career, and only one option (reprieve or renewal) can be used. The repeated courses provision may be utilized independent of reprieve or renewal.

## Repeated Courses

Carl Albert State College offers the Repeated Courses provision, where a student shall have the prerogative to repeat courses and have only the second grade earned, even if it is lower than the first grade, count in the calculation of the retention/graduation GPA, up to a maximum of 4 courses, but not to exceed 18 hours, in the courses in which the original grade earned was a "D" or "F." Both attempts shall be recorded on the transcript with the earned grade for each listed in the semester earned.

The CASC transcript notes the original grade is forgiven and the repeated or second grade earned is used in the calculation of the retention/graduation GPA. If a student repeats an individual course more than once, all grades earned, with the exception of the first, are used to calculate the retention/graduation GPA. Students repeating courses above the first 4 courses or 18 credit hours of "D" or "F" repeated may do so with the original grades and repeat grades averaged.

## Academic Reprieve

Carl Albert State College offers the Academic Reprieve provision allowing a student who has experienced extraordinary circumstances to disregard up to two semesters in the calculation of his or her retention/graduation GPA.

A student may request an academic reprieve consistent with these guidelines:

- At least three years must have elapsed between the period in which the grades being requested reprieved were earned and the reprieve request;
- Prior to requesting academic reprieve, the student must have earned a GPA of 2.0 or higher with no grade lower than a " C " in all regularly graded course work (a minimum of 12 hours) excluding activity or performance courses;
- The request may be for one semester or term of enrollment or two consecutive semesters or terms of enrollments.
- If the reprieve is awarded, all grades and hours during the enrollment period are included. If the student's request is for two consecutive semesters, the institution may choose to reprieve only one semester;
- The student must petition for consideration of academic reprieve and be currently enrolled with CASC at time of petition; and
- All courses remain on the student's transcript, but are not calculated in the student's retention/graduation GPA.

Course work with a passing grade included in a reprieved semester may be used to demonstrate competency in the subject matter. However, the course work may not be used to fulfill credit hour requirements.

## Academic Renewal

Carl Albert State College offers the Academic Renewal provision allowing a student who has had academic trouble in the past and who has been out of higher education for a number of years to recover without penalty and have a fresh start. Under academic renewal, course work taken prior to a date specified by the institution is not counted in the student's retention/graduation GPA.

A student may request academic renewal from CASC consistent with these guidelines:

- At least five years must have elapsed between the last semester being renewed and the renewal request;
- Prior to requesting academic renewal, the student must have earned a GPA of 2.0 or higher with no grade lower than a "C" in all regularly graded course work (a minimum of 12 hours) excluding activity or performance courses;
- The request will be for all courses completed before the date specified in the request for renewal;
- The student must petition for consideration of academic renewal and be currently enrolled with CASC at time of petition; and
- All courses remain on the student's transcript, but are not calculated in the student's retention/graduation GPA. Neither the content nor credit hours of renewed course work may be used to fulfill any degree or graduation requirements.

## Transcript and Notations

The student's academic transcript will be a full and accurate reflection of the facts of the student's academic life and will reflect all courses in which a student was enrolled and in which grades were earned, with the academic forgiveness provisions reflected in such matters as how the retention/graduation GPA is calculated. The transcript will note the courses and semester(s) reprieved or renewed, and indicate repeated courses.

## OTHER ACADEMIC POLICIES AND PROCEDURES

## Academic Course Load

It is expected that a full-time college student will spend at a minimum an amount of time each week in class attendance and study out of class approaching a 40 hour week. A person employed on a full-time basis should not simultaneously expect to maintain a full-time academic schedule. A student desiring to carry an academic overload must have demonstrated readiness to perform on an overload basis, either through superior performance on a college aptitude test or on the basis of superior academic achievement
in high school or college.
"Academic Term" is the time duration of a course schedule, generally a fall or spring semester consisting of 16 weeks, a summer session consisting of four or eight weeks, or an intersession consisting of the weeks between a semester and/or session. CASC's operational academic term is the semester.
"Academic Overload" at CASC is 21 hours in the fall/spring term and 12 in the summer (or the number of semester-credit-hours 25 percent or more than the number of weeks in the applicable academicterm).

The maximum student overload is 25 credit hours in the fall/spring terms or 13 hours in the summer (or in any given term is limited to a number of semester-credit hours which is 50 percent greater than the total number of weeks in the applicable academic term).

Based on the individual student's academic program and/or academic performance, CASC may limit the student's academic load.

A student simultaneously enrolled in two or more institutions should not exceed the standards set forth in this policy.

The standards set forth above do not apply to academic credit awarded on the basis of advanced standing examination.

## Schedule Changes

A student will be allowed, upon approval of her/his advisor, to change her/his schedule during the first 10 days of a fall or spring semester, the first 5 days of a summer semester, and the first day of an accelerated course. In the event a student wishes to discontinue taking a course, $\mathrm{s} / \mathrm{he}$ must withdraw through a regular procedure in the Office of Admissions and Records. Failure to do so will result in an " F " grade being recorded on the student's transcript.

Students may not add a course to their schedule after the second week of the fall and spring semesters, after the first week of the summer session, nor after the first day of an accelerated course.

## Classification

Students who have successfully completed 30 semester hours are classified as sophomores. Students with fewer than 30 hours are classified as freshmen.

## Auditing Courses

Auditing gives students the opportunity to participate in a course without concern for credits or grades. Students can also re-experience a course they have already been credited for taking. To audit a course, follow the guidelines below:

- Note on the enrollment form that the course is being audited.
- Pay the appropriate fees, which are the same as for regular registration.
- Remember that no credit or grade will be given for the course.
- Check this catalog for prerequisite courses. Prerequisites still apply for audited courses.
- Make all changes from credit to audit, or the reverse, before the end of the add/drop period.

## Grade Protests/ Grade Changes

Students are given the opportunity to appeal a final grade, provided a solution cannot be reached through proper academic channels. Students should first contact their instructor and then the Division Chair if resolution is not satisfactory. Appeals for the purpose of challenging a final grade must be made to the Academic Affairs Office within 90 days after the grade in question appears on the permanent record. The
student and instructor may meet individually with the Academic Affairs Committee to present documentation pertinent to the appeal. Once the Academic Affairs Committee renders its decision, the appeal process is concluded. Information concerning procedures to be followed is available from the Office of Academic Affairs.

Instructors wishing to make grade changes may do so within 90 days of the end of the semester by completing the grade change form and submitting the form to the Academic Affairs Office.

## Change of Name and Address

Notification regarding change of address, change of name, change in marital status, or change of citizenship should be filed promptly in the Admissions Office, Financial Aid Office, and the Business Office. Legal change of name includes legal documents such as marriage license, divorce decree, or other court document.

## Settlement of Debts and Grade Reports

Grade reports are issued to each student at the end of each semester. Before grades and transcripts are released, all financial obligations to the college must be satisfied.

## Honor Students

Honor rolls contain the names of students who have completed 12 or more credit hours (excluding zero level and physical education courses) at the close of a semester with a grade average of "B" (3.00) or better. The President's Honor Roll is for students with a grade average of "A" (4.00); the Vice President's Honor Roll is for students with a grade point of 3.00 and no course grade below a " C ". Zero-level courses and physical education activity courses are excluded from grade averages. Only Carl Albert State College courses are considered in the determination of honor role.

## GRADUATION REQUIREMENTS

Carl Albert State College grants and confers degrees consistent with the policies established by the Oklahoma State Regents for Higher Education.

Students must read and understand the policy and procedures to obtain a degree from Carl Albert State College. Under the guidance and authority of the Oklahoma State Regents for Higher Education and Carl Albert State College Board of Regents, the Office of Admissions and Records supports published outlines of degree plans and confers degree accordingly.

Student may earn an associate degree at Carl Albert State College with successful completion of program requirements with at least 60 academic credit hours or the certificate with successful completion of programs requiring 35 academic credit hours or less.

Application for Graduation should be submitted during their last semester with CASC. Conferral of degree occurs after the end of the semester and based upon successful completion of program requirements (courses and total earned hours), earning a retention/graduation GPA of 2.00 or greater, having a current application for graduation on file, and removing all financial or other obligations to the college. Typically, applications are due by April 1 for a May completion, June 1 for a July completion, and November 1 for a December completion. Upon successful degree completion, degree and date of conferral are posted to the transcript. Diplomas are issued by the Registrar's Office. Commencement exercises are scheduled once a year and generally at the end of the spring semester.

The following general rules apply to all graduate candidates:

1. It is the student's responsibility to understand and meet all requirements for graduation.
2. A student who is a candidate for a degree at end of any semester must file an official Application for Graduation, and complete all courses, GPA, and semester hour requirements before the degree will be conferred.
3. Students must pay all tuition and fee charges and remove all holds before a diploma is issued.
4. To earn a degree at Carl Albert State College, 15 hours must be CASC hours.
5. Degree or certificate programs may be awarded in accordance to published catalog and degree plan information approved by Carl Albert State College that is in effect at the time of entry or re-entry. All program requirements will remain in effect for as long as enrollment is uninterrupted (except summer term).
6. A second associate degree may be granted by completing an additional 15 credit hours and all additional coursework required in that major with CASC.
7. A retention/graduation grade point average of 2.00 must be earned to meet graduation requirements.
8. Physical education activity, zero-level, repeated or reprieved courses may not be counted toward the credit hour requirement of any program.
9. Students who do not wish their name to be published in the commencement program and all graduation publications must have on file in the Office of Admissions a completed form:
(FERPA) "Withhold Directory Information" and their name will be withheld.

## DIPLOMAS

The conferral of the degree is documented on the transcript and diploma. The "Diploma" is a formal document issued by an institution that certifies a student has successfully completed an instructional program. The "Transcript" is the official document issued by an institution showing student information that is a complete and accurate reflection of a student's academic career, including degrees received.

## UNDERGRADUATE DEGREE REQUIREMENTS

Carl Albert State College adheres to guidelines, criteria, and standards established by the Oklahoma State Regents for Higher Education in developing degree programs which will be conferred upon students satisfactorily completing prescribed courses of study. CASC confers only those degrees authorized by the State Regents, including:
"Associate Degree" is a credential requiring two years of full-time equivalent college work (at least 6063 credit hours). Carl Albert State College offers three types of associate degrees-the Associate in Arts, Associate in Science, and Associate in Applied Science.
"Certificate" is a recognition awarded for an organized program of study that does not lead to an academic degree.

## GENERAL EDUCATION REQUIREMENTS

General education is at the core of the academic curriculum for all degree-seeking students. The general education goals of the Carl Albert State College are met by combining the general education course requirements with the coursework for each major or program as listed in the degree plans found in the General Catalog. Together, courses taken for the general education requirements and those taken for specific degrees will ensure that CASC graduates have the skills, knowledge, and attitudes to carry them successfully through their work and their personal lives.

Carl Albert State College students will be able to:

## Demonstrate Knowledge

Demonstration of knowledge results from the appraisal of knowledge and practice of core concepts through analytical, practical, or creative means. Students shall assemble evidence; identify, categorize, and distinguish among ideas, concepts, and theories; and relate and analyze the significant uses of the gathered knowledge.

## Think Critically

Critical thinking encompasses the abilities to identify, categorize, synthesize, and distinguish ideas, concepts, theories, and approaches. The presentation, explanation, and analysis of skills acquired in academic settings allows examination of competing hypotheses and non-academic events in light of acquired knowledge, and relates the implications of cultural and social perspectives.

Communicate Effectively
Effective communication results from the presentation and expression of concepts encountered in an academic setting in a clear, error-free manner both verbally and in written explanation. Critical aspects are the clear expression of competing hypotheses, and perspectives in response to material read, analyzed, or presented in both academic and non-academic settings.

## Practice Global/Civic Awareness

Practicing global and civil awareness creates the ability to understand both the student's own civic and cultural background, as well as that of others. This results from the evaluation of historical and contemporary positions on values, practices, assumptions, and predispositions. Encouraging active community participation and cognizance provides insight and expands students' perspectives and awareness.

## ASSOCIATE OF ARTS (AA) DEGREES

Students recommended for the AA degrees must achieve a GPA of 2.0 as a minimum on all course work attempted (a minimum of 60-63 hours), excluding any courses repeated or reprieved, physical education activity courses, and zero-level courses.

## General Education

Associate of Arts degree plans at CASC require a minimum of 60-63 semester- credit hours of which a minimum of 40 semester-credit hours of general education are required as below. Note: Basic general education core is listed as transferable on the State System Course Equivalency Project matrices (see www.okhighered.org > Student Center >Transfer Students).

1. English Composition: 6 hours, that must include ENGL1113 and ENGL1213
2. U.S. History and U.S. Government: 6 hours, that must include HIST 1483/1493 and POS 1113.
3. Science: 6 hours, one course must be a laboratory science.
4. Humanities: 6 hours, chosen from nonperformance courses defined as humanities by the institution granting the associate degree.
5. Mathematics: 3 hours

## Additional Elective and CASC Requirements:

6. Computer Proficiency: students must demonstrate computer proficiency in computer operating
systems, word processing, spreadsheets, database, and internet usage. (CASC course CS 1103 and advanced placement fulfills this requirement)
7. Elective: 3 hours, at least one course from the following areas: Psychology, social sciences, foreign languages, fine arts (art, music, drama).
8. Elective: Additional liberal arts and sciences courses as needed to meet the minimum total of 40 credit hours required in this policy.
9. Health education: 2 hours of health related courses.

## Computer Proficiency

Students must demonstrate computer proficiency, which includes the competent use of a variety of software and networking applications. This requirement may be completed through one of three options;

1. Successfully complete a high school computer science course that meets the State Regent's high school curricular requirements, or
2. Satisfy an institution's computer proficiency assessment, or
3. Successfully complete college-level course: CS 1103 Microcomputer Applications

## Major Coursework

The remaining 23 semester-credit-hours of academic work shall be applicable to the student's major objective including any prerequisite courses necessary for the anticipated upper-division program. A majority of such student credit hours should be taken in courses classified as liberal arts and sciences.

## Summary of Minimum Standards for the AA Degrees

A minimum of 15 credit hours in residence at CASC must be completed to earn an associate of arts or an associate of science degree.

|  | Minimum Number of Hours Required |
| :--- | :---: |
| Total semester credit hours required | 60 |
| General Education - Credit Hours: | 37 |

## ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS) DEGREES

The minimum standards for the awarding of associate degrees in technical-occupational areas of specialization, the AAS, at CASC shall be as follows:

Students recommended for the AAS degrees must achieve a GPA of 2.0 as a minimum on all course work attempted (a minimum of 60 hours), excluding any courses repeated or reprieved, physical education activity courses, and zero-level courses.

## General Education

Associate of applied science degree plans at CASC require a minimum of 60 semester-credit hours of which a minimum of 19 semester-credit hours of general education are required, including:

1. Composition: 6 hours, one course must include ENGL1113 and another communications course
2. U.S. History and U.S. Government: 6 hours, that must include HIST 1483/1493 and POS 1113
3. General Education Electives: 7 hours

## Technical-Occupational Specialty

The completion of 27 hours in the technical-occupational specialty subjects must be completed.

## Support and Related Courses

The completion of support and related courses must be taken to bring the total to a minimum of 60 hours.

## Summary of Minimum Standards for AAS Degrees:

|  | Minimum Credit Hours |
| :--- | :---: |
| Total semester credit hours required | 60 |
| General Education | 18 |
| Credit in residentat the awarding institution | 15 |
| Technical-occupational Specialty | 27 |
| Support and related courses | $0-15$ |

## ACADEMIC TERMS

An Academic Term is the time duration of a course schedule. CASC offers a fall and spring semester (consisting of 16 weeks), a summer session (consisting of 4- or 8-weeks) and an intersession consisting of the weeks between a semester and session.

The semester-credit-hour is the standard and traditional unit of credit to be used in evaluating a student's educational attainment and progress. One semester-hour of credit is normally awarded for completion of a course meeting for 800 instructional minutes, ( 50 minutes per week for 16 weeks), exclusive of enrollment, orientation, and scheduled breaks. Organized examination days may be counted as instructional days.

## STUDENT RESPONSIBILITY

Students are responsible for dropping any course to which they will not attend or can no longer attend. Students are responsible for understanding the deadline dates to drop courses and not be charged tuition/fees and have no transcript record of attendance. Students are expected to pay all financial obligations to the college. For those students receiving Federal Title IV funds (Pell Grant, SEOG, loans) and who withdraw prior to the $60 \%$ completion of the term, they will be required to return all or part of federal money received (see Financial Aid section of the catalog). Students should understand that contacting the instructor or advisor or nay person other than the Office of Admissions does not constitute an official withdrawal from classes. Only written requests to withdraw made to the Office of Admissions will be considered official communications and acted upon.

## WITHDRAWAL PERIODS

Students may withdraw from one course or all courses during the term. Students may drop a course on-line during the add/drop period, in person at either the Poteau, Sallisaw, or Idabel locations; or by written communication.

## Add/Drop Period

Students may add and drop classes without transcript record or financial obligation during the first 10 days of the fall or spring terms and the first 5 days of the summer term.
"W" Grade Period
Students may drop courses and receive a letter grade of " $W$ " from the $3^{\text {rd }}$ week through the last day of the
$12^{\text {th }}$ week in a regular semester (2 $2^{\text {nd }}$ week to last day of $6^{\text {th }}$ week in summer).
"W or F" Grade Period
The " $W$ - $\mathrm{F}^{\prime}$ " period spans the $13^{\text {th }}$ week through the last day before finals (spring or fall terms) and the $7^{\text {th }}$ week through the last day before finals in the summer term. Students may drop courses with a "W" letter grade after the instructor assigns a passing grade (A, B, C, or D) to the withdrawal. However, instructors may assign a non-passing letter grade ( F ) to the student's withdrawal. In this case, the student will receive an " F " grade recorded to the transcript.

## STUDENT ATTENDANCE

Irregular class attendance may adversely affect a student's grade in a course. In general, the maximum number of allowable unexcused class hours of absences shall be the number of credits of the course. For example, a course worth three credit hours would have three clock hours of such absences. Some courses by their nature may demand different attendance standards than those outlined above. Unexcused absences in excess of the number of credit hours may result in a student being advised to withdraw from a class. It is the responsibility of instructors to advise classes of the attendance policy for each class on the first day of class and to distribute this policy in the course syllabus.

## No Show

Students who enroll in a course and do not attend that course during the add/drop period ( $1^{\text {st }} 10$ days of regular term or 5 days of summer) are considered a "no show" in the course and may be dropped by the instructor and without transcript record or financial obligation. Students are responsible for dropping any class to which they will not attend and are advised to avoid billing and late fee issued by dropping courses in writing themselves. Students may petition the Add/Drop Committee and present documentation supporting withdrawal actions after the add/drop period has passed.

## Administrative Withdrawal

Instructors may withdraw a student only after the add/drop period and only for extenuating circumstances such as health, disciplinary, or financial reasons and only by permission of the Vice President of Academic Affairs. The student will have an "AW" grade recorded on the transcript for that course and remain financially encumbered for the course. Administrative withdrawals are GPA neutral but can impact federal financial aid. Documentation must accompany any "AW" grade recorded with the last date of student attendance recorded.

## PROGRAMS OF STUDY

ASSOCIATE OF ARTS (AA) AND ASSOCIATE OF SCIENCE (AS) DEGREES Students recommended for the AA or AS degrees must achieve a GPA of 2.0 as a minimum on all course work attempted (a minimum of 60-63 hours), excluding any repeated or reprieved courses, physical education activity courses, and zero-level courses. The associate of arts and sciences degrees transfer as lower division coursework to baccalaureate degree granting institutions.

## General Education (37-40 credit hours)

- Associate of Arts and Science degree plans at CASC require a minimum of 60-63 semester- credit hours of which a minimum of 40 semester-credit hours of general education are required as below. Note: Basic general education core is listed as transferable on the State System Course Equivalency Project matrices (see www.okhighered.org>Student Center>Transfer Students).

## Major Coursework (23 credit hours)

- The remaining 23 semester-credit-hours of academic work shall be applicable to the student's major objective including any prerequisite courses necessary for the anticipated upper-division program. A majority of such student credit hours should be taken in courses classified as liberal arts and sciences.

## ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS)

Students recommended for the AAS degrees must achieve a GPA of 2.0 as a minimum on all course work attempted (a minimum of 60 hours), excluding any repeated or reprieved courses, physical education activity courses, and zero-level courses. Associate of applied science degree plans at CASC require a minimum of 60 semester-credit hours of which a minimum of 19 semester-credit hours of general education are required.

General Education (19 credit hours)
Technical-Occupational Specialty ( 27 credit hours)
Support and Related (courses to total a minimum of 60 hours)

## IN GENERAL

- Students must earn 15 credit hours in residence at CASC to earn a degree with CASC.
- For the AAS in Nursing and Physical Therapist Assistant, prerequisite coursework is recommended but may be waived by permission of Science or Health Science advisor.
- Students earning a second associates degree are required to complete all Major course work and a minimum of 15 CASC completed credit hours.

## ACADEMIC DEGREE PLANS

The curriculum required for each of the following associate degree and certificate program are listed by degree type on the following pages.
(see www.carlalbert.edu > hover on Academic > click on Degree Plans for new programs)

## ASSOCIATE OF ARTS

## Business Administration

Child Development
Computer Information Systems
Communications
Enterprise Development
General Studies
Health, Physical Education \& Recreation
Pre-Elementary Education
Pre-Law Criminal Justice
Social Science
Sociology-Psychology
Visual \& Performing Arts

## ASSOCIATE OF SCIENCE

## Allied Health

Biological and Pre-Professional Sciences
Enterprise Development
Mathematics, Physical Sciences, and Pre-Engineering

## ASSOCIATE OF APPLIED SCIENCE

Applied Technology
Child Development
Computer Technology
Health Information Technology
Nursing
Occupational Health and Safety
Physical Therapist Assistant

## CERTIFICATES

Child Development
Child Development Director's Certificate
Child Development Infant/ Toddler
Physical Therapist Aide

Carl Albert is a part of a network of colleges participating in a unique initiative to increase the number of associate degree holders in Oklahoma. Known as REACH HIGHER, the adult working student may be admitted to this new program venture when at least 15 hours of college credit and all remedial coursework has been completed, and maintain a 2.00 GPA earned. Students must submit all college transcripts to the REACH Advisor for evaluation of transfer credit. Other Oklahoma college's coursework will be treated as CASC coursework. -- - Our goal is met with your graduation!

## Notation:

${ }^{1}$ For students entering the Collegiate Officer Program (COP), these courses have the following prerequisites: CJ 1123 \& CJ 2023.
${ }^{2}$ Students entering Collegiate Officer Program (COP) must complete HPER 2213 for the HPER requirement.
${ }^{3}$ For students entering the Collegiate Officer program (COP), additional program stipulations require completion of CJ 2140 Selected Topics. Various selected topics highlight skills required to obtain CLEET (Council on Law Enforcement Education \& Training) license as a Police Officer, such as firearms and custody control.

## Enterprise Development

Associate of Science
Division of Business and Technology

## Options: Business Administration or General Education

Carl Albert is a part of a network of colleges participating in a unique initiative to increase the number of associate degree holders in Oklahoma. Known as REACH HIGHER, the adult working student may be admitted to this new program venture when at least 15 hours of college credit and all remedial coursework has been completed, and maintain a 2.00 GPA earned. Students must submit all college transcripts to the REACH Advisor for evaluation of transfer credit. Other Oklahoma college's coursework will be treated as CASC coursework. -- - Our goal is met with your graduation!

## COURSE DESCRIPTIONS

ACCOUNTING

## ACCT 1103 Fundamentals of Accounting

### 3.00 Credits

This course covers record keeping for small businesses. Double-entry system is used and an emphasis is placed on special journals and financial reports. This course can be used as a preparatory course for Accounting 2103 and for technical students who have had no previous training or experience in bookkeeping.

## ACCT 2103 Financial Accounting <br> 3.00 Credits

This course is an introductory course in financial accounting emphasizing the accounting process and the preparation of financial statements. Major topics include accounting concepts, cash, receivables, inventory, asset acquisition and depreciation, liabilities, bonds, and cash flow.

ACCT 2203 Managerial Accounting
3.00 Credits

This course is an introductory course in managerial accounting. Major topics include planning and control, decision making, and cost accounting. Prerequisite: ACCT 2103

## ALLIED HEALTH SCIENCES

## AHS 1013 Introduction to Health Professions 3.00 Credits

This course provides students with a foundation regarding health careers common in the United States of America. The content will include a synopsis of the history of health care and of each of the discussed careers as well as information necessary to understand the basic practice and methods for entering the health career. Prerequisites: None

## AHS 1111 Introduction to Athletic Training

### 1.00 Credit

This course is designed to introduce and educate students about the profession of athletic training. The student will participate in classroom, laboratory, and clinical instruction. The student will, at the course completion, be competent in the history of athletic training, athletic training scope of practice, athletic training educational requirements, and athletic training career opportunities.

## AHS 1113 Introduction to Medical Terminology <br> 3.00 Credits

This course will provide a foundation for the recognition and development of common medical terms, definitions, and their proper usage. The principles of medical terminology and building a working vocabulary of medical terms in a logical and orderly manner are the foundation for this course. Prerequisites: None

AHS 1203 Basic Nutrition

### 3.00 Credits

A study of normal nutrition relating to physical development and health for all ages of the life cycle with an emphasis on the function of nutrients and their requirements for digestion, absorption and metabolism. The course provides an introduction to weight management, medical nutrition therapy and food safety. Factors that affect overall nutritional status is presented. Prerequisites: None

## AHS 1212 Pathology of Sports Injury <br> 2.00 Credits

This course is designed to provide advanced knowledge, skills, and practices to the student of health, sport, and fitness in assessment, recognition, treatment, and prevention of injury occurring to the physically active.

## AHS 1403 Basic Pharmacology

3.00 Credits

This course has been designed to assist beginning health care professionals in learning about the most common medications used, safely administering these medications, and the patient teaching that needs to be implemented for those taking the medication. Prerequisites: None

## AHS 2010 Selected Topics in Allied Health 1-3 Credits

This course will cover topics in Allied Health not covered in other health courses, but which will benefit the student with a better understanding of the subject. This course may be repeated under a change of topic. Prerequisites: Permission of instructor.

## AHS 2013 Pathophysiology <br> 3.00 credits

This course is designed to build on knowledge obtained by the student in Human Anatomy and Human Physiology courses. The Pathophysiology course focuses on changes and responses of the human body resulting from pathological processes. Prerequisites:
Zoology 2114 and 2124 or equivalent.

## AHS 2113 Preventative Techniques in Athletic Training 3.00 Credits

This course is designed to educate the student in the applications, indications, contraindications, and professional practices of athletic taping, bracing, splinting, and casting. An in depth study of musculoskeletal anatomy and care and prevention of injury occurring to the physically active will be incorporated. The student will also obtain experience with collision and contact sports in the collegiate and secondary school setting. Pre-Requisites are AHS 1212 or instructor approval.

## AHS 2213 Therapeutic Modalities <br> 3.00 Credits

This course is designed to examine the theory and application of Therapeutic Modalities in Rehabilitation of injury occurring to the physically active. The student will learn the ethical and logistical methods of practice as well as the contraindications and indications of common modalities employed in the practice of Athletic Training.

LAB: This is the practical study designed to educate the athletic training student of the practices of the application of Therapeutic Modalities in Rehabilitation of injury occurring to the physically active. The student will learn the ethical and logistical methods of practice as well as the contraindications and indications of common modalities employed in the practice of Athletic Training. This practical experience will involve that actual application of procedures to peers and athletes as an Athletic Training Student.

ART
ART 1103 Fundamentals of Art 3.00 Credits
This course is a study of the principal elements of two-dimensional design. Elements include color, perspective, fundamental drawing concepts, and compositional elements. By using a variety of materials, students will apply the elements to a series of studio assignments.

## ART 1113 Art Appreciation

### 3.00 Credits

This course is a study of art from a variety of different backgrounds and cultures as both product and process. Aesthetic judgment making in evaluation of art from different times and places are emphasized in this course.

## ART $1123 \quad$ Perspective and Composition $\quad$ 3.00 Credits

An introduction to the essentials of perspective and use of compositional principles for further instruction in drawing and painting, this course uses a variety of media. Prerequisite: Art 1103.

ART $1133 \quad$ 3.00 Credits
Water Color I will develop students' skills in watercolor painting, stressing form and composition, visual perception, and individual expression.

## ART 1143 Water Color II

### 3.00 Credits

Water Color II will continue to develop students' skills in watercolor painting. The course will continue to stress form and composition, visual perception, and individual expression. Prerequisite: Art 1133

## ART 1153 Basic Drawing <br> 3.00 Credits

Drawing I will develop students' understanding of the basic concepts of drawing and their powers of observation. Students will work with various media, utilizing a variety of sources and environments.

## ART 1163 Figure Drawing I

3.00 Credits

Figure Drawing I includes study in gesture and finished drawings of the model. Emphasis will be placed on pose, composition, and a variety of media.

## ART 2113 Art History Survey I

3.00 Credits

Art History Survey I is a study of the arts, artists, and their cultures from prehistoric man through the early Renaissance.

## ART 2123 Art History Survey II

3.00 Credits

Art History Survey II is a study of the arts, artists, and their cultures from the early Renaissance to the present.

## ART 2133 Ceramics I <br> 3.00 Credits

This course is an introduction to the techniques and creative approaches to the use of clay in designing and constructing objects. Students will experience coil, slab, and other house building techniques. There will be instruction in glazing and firing of stoneware and raku and application of clay body and glaze formulations.

## ART 2143 Ceramics II

3.00 Credits

This is a course in advanced techniques in researching glazes and mold making. Students will gain considerable experience in clay processing, decoration, and development of glaze formula. Prerequisite: Art 2133.

ART 2163 Oil Painting I

### 3.00 Credits

Painting I will develop students' skills in opaque painting, stressing form and content, visual appreciation, and individual expression.

## ART 2173 Oil Painting II

3.00 Credits Painting II
will continue to develop students' skills in opaque painting. The course will continue to stress form and content, visual appreciation, and individual expression. Prerequisite: Art 2163.

## ART 2183 Metal Design I <br> 3.00 Credits

This is an introductory course in basic techniques of jewelry and metal design. Techniques will cover materials, tools, metals, and equipment. Students will execute metal fabrication processes of molding, cutting, piercing and soldering.

## ART 2193 Metal Design II

3.00 Credits

This is a course in advanced metal fabrication processes with further exploration of techniques and an introduction to jewelry scale casting and silversmith techniques. There will be an emphasis on individual problem solving. Prerequisites: ART 2183.

## ART 2213 Black and White Photography I 3.00 Credits

Black and White Photography I will cover basic 35mm camera operations as well as black and white film processing and printing.

## BUSINESS - APPLIED BUSINESS

## BA 1133 Customer Service <br> 3.00 Credits

This course presents ways to evaluate and provide effective customer service and examines strategies for improvement.

## BIOLOGY

## BIO 1114 General Biology

4.00 Credits

Designed for non-science majors, this course is an introduction to the foundation of life and the laws of nature as revealed in organisms. This course examines the general concept of fundamental facts, principles, and theories of the biological sciences with particular emphasis on those aspects that apply to man. 3 hours theory, 2 hours laboratory.

## BIO 2155 Microbiology

5.00 Credits

This course is an introduction to the study of microbes and includes their biochemical, environmental, medical, and social importance. Laboratory study is concerned with morphology, biochemistry, utilization, and control of microorganisms. Lecture 3 hours. Laboratory 4 hours. Prerequisites: 4 hours Biological Science, Chemistry 1115.

## BOTANY

## BOT 1114 General Botany 4.00 Credits

Designed for students with majors and minors in biological science, this course presents the major concepts of biology and its processes as illustrated by the living plant. 3 hours theory, 2 hours laboratory.

## BUSINESS

BUS 1013 Introduction to Business

### 3.00 Credits

This is an introductory course for students of economics and business, and surveys basic principles, forms, and practices involved in administration of the business firm, as well as forms of ownership, and financing and marketing options.

## BUS 1113 Business Mathematics

### 3.00 Credits

This course is a review of the fundamental principles of mathematics and application of these principles to business processes. Topics covered include bank records, percentage, payroll records, discounts, commissions, markup, interest, taxes, insurance, inventories, depreciation, stocks, bonds, and annuities.

BUS 2023 Principles of Management
3.00 Credits

An introduction to the basic theory and principles of management, this course emphasizes the functions of management planning, organizing, staffing, decision making, communicating, motivating, leading, and controlling through a survey approach to current trends in management and possible future developments in organization and administration.

## BUS 2113 Principles of Business Law I <br> 3.00 Credits

This course is an introduction to the legal environment of business. Major topics will include: the court system, contracts, business organization, and labor. A review of several court cases examines how the legal environment, government regulation, and e-commerce influence business decisions.

## BUS 2133 Business Communications <br> 3.00 Credits

Business Communications is a survey course of communications skills needed in the business environment. Course content includes composing business documents, delivering oral presentations, and developing interpersonal skills. Critical thinking and problem solving skills are emphasized. Development of these skills is integrated with the use of technology. Prerequisites: English 1113 and CS 1103 or equivalent.

## CHILD DEVELOPMENT

CD 1103 Teacher, Community and Family Relations 3.00 Credits
This course is designed to enable students to develop the skills and techniques for working with parents and community in relation to the child care setting. This course also includes methods for communication, parent involvement, family relations, and parent education.

## CD 1121 Childcare Services: Individual Practicum 1.00 Credit

This course is designed to produce within the individual an awareness of the importance of personal development, competence, and confidence in the field of early childhood development.

## CD 1131 Childcare Services: Organization Practicum 1.00 Credit

This course is aimed at producing an early childhood professional who recognizes the significance of responsive interactions with colleagues and children on sight and team development in meeting the need of the clientele.

## CD 1141 Childcare Services: Community Practicum

### 1.00 Credit

This course will focus on developing the student's knowledge of constructive interpersonal relations with parents and the community at large. In addition, this course will further the students' understanding of the organization's role and its position within the larger community.

## CD 1151 CDA Assessment

### 1.00 Credit

This course is designed to present informative information on processes and procedures in obtaining the Child Development Associate Credential. A program outline using the CDA Competency Standards book will be the guideline for the teaching objectives.

CD 1223 Preschool Behavior and Guidance
3.00 Credits

This course is a study of observing and recording common behavior in children during their early years. Students will learn to keep records and assessments, and will focus on understanding their development and behavior through different guidance techniques. This course will also provide
opportunity to use the Oklahoma Early Learning Guidelines to support their work with ages Three through Five. The purpose of the Early Learning Guidelines (ELG) ages Three through Five was created to serve as a foundation to connect what is taught with what is appropriate for very young children.

## CD 2050 Currents Topics in Child Development <br> 2.00 Credits

This course covers current topics dealing with innovative and informative approaches in the child care field and may be repeated with a different topic.

## CD 2053 Child Development Management and Budgeting 3.00 Credits

This course is designed for the Child Care Center or Home owner who does their own paperwork. The information provided in the course shows the owner how to setup a budget using Excel and how to allocate resources for each category. Sample files are provided to show the actual procedure.

## CD 2103 Children with Special Needs 3.00 Credits

This course enables students to understand the physical and psychological needs of handicapped children, and to implement a learning environment to help meet their needs through selected activities.

## CD 2113 Child Growth and Development 3.00 Credits

This course introduces students to the developmental stages of preschool children growth and their relationship to the world in which they live. The curriculum incorporates the physical, social, emotional, and intellectual needs of young children.

## CD 2123 Health Care, Safety, and Nutrition 3.00 Credits

This course enables students to develop skills needed to teach health, safety, and the required nutritional needs of the pre-school child. This course includes health and safety practices, as well as evaluation of nutritional learning experiences including mealtime and supplemental concepts.

## CD 2133 Language and Physical Skills <br> 3.00 Credits

This course examines teaching techniques appropriate in literature and motor skills for preschool children with emphasis on selected activities that will enhance learning skills for the preschool age child.

## CD 2143 Science, Math and Social Diversity 3.00 Credits

This course teaches learning experiences in math, science, and social sciences using real world situations incorporating hands-on learning methods suitable for a preschool child's mental health.

CD 2150 Internship
1-3 Credits
This course is designed for on-the-job training in positions, which can provide additional knowledge in the students' major areas of emphasis.

## CD 2213 Play, Art, Music 3.00 Credits

This course introduces students to various ideas and techniques that would enhance a preschool child's expression, fostering the individual needs of each child through play, art, and music.

## CD 2223 Program Planning and Administration $\quad$ 3.00 Credits

This course is designed to teach students how to develop, plan, and administer a childcare program. Emphasis will include evaluating lesson plans using short- and long-range goals of the child care program. Students will also learn the philosophy of different programs in the field of child.

## CD 2253 Infant /Toddler Program

### 3.00 Credits

This course is a study of infant and toddler care. Emphasis is on brain development and its implications for caring for infants and toddlers. Planning and teaching strategies as they relate to child development, curriculum and environment are included in the course. This course will also provide opportunity to use the Oklahoma Early Learning Guidelines to support their work with infants and toddlers. The purpose of the Early Learning Guidelines (ELG) for Infants and Toddlers was created to serve as a foundation to connect what is taught with what is appropriate for very young children.

## CHEMISTRY

## CHEM 1025 General and Organic Biochemistry

### 5.00 Credits

A survey of selected topics in chemistry. A brief intro to fundamental principles, unit conversion, Atomic structure, chemical bonding, periodic law acids, bases, pH , chemical equilibrium, electrolytes, and properties of solution as applied in the life sciences and allied health areas. The course also introduces topics from organic and biochemistry. The relationships between chemical principles and human health is emphasized throughout the course. Includes math manipulations required to solve chemical problems. Prerequisite: math remediation must be met. 3 hours theory, 4 hours laboratory.

## CHEM 1115 General Chemistry I

### 5.00 Credits

This course covers the more important elements, their history, and occurrence; common methods of preparations, properties, and practical uses of many of the commonly used acids, bases, and salts; and the theory of inorganic chemistry. Corequisite: MATH 1513.3 hours theory, 4 hours laboratory.

## CHEM 1215 General Chemistry II

5.00 Credits

A continuation of Chemistry 1115, this course covers chemical kinetics, thermodynamics, ionic equilibrium, electrochemistry, nuclear chemistry, and organic chemistry. Prerequisite: CHEM 1115.3 hours theory, 4 hours laboratory.

## CHEROKEE LANGUAGE

CHER 1112 Basic Cherokee I

### 2.00 Credits

Basic Cherokee is the introductory course in the Cherokee language. Basic Cherokee will introduce 84 characters, called the syllabary, and the sounds associated with the individual characters. Aspects of the Cherokee culture will be introduced through classroom activities and guest speakers.

## CHER 1122 Basic Cherokee II

### 2.00 Credits

Basic Cherokee is the introductory course in the Cherokee language. Basic Cherokee will introduce 84 characters, called the syllabary, and the sounds associated with the individual characters. Aspects of the Cherokee culture will be introduced through classroom activities and guest speakers.

## CHOCTAW LANGUAGE

## CHOC 1113 Choctaw Language and Culture I

### 3.00 Credits

This beginning course includes listening and simple speaking skills, practice of basic grammar and reading, and writing simple sentences.

## CHOC 1213 Choctaw Language and Culture II <br> 3.00 Credits Intermediate

 Choctaw is a semester-long course intended for students who have successfully completed Choctaw I Beginning Course. This course introduces many important grammatical points of the Choctaw language that differ conceptually from their English counterparts, and is in that way more challenging than the first course. In this course, more complex written materials will be added: the student will notice thattranslation between Choctaw and English is not accomplished by mapping words one-to- one from one language to the other, but by understanding the concept in one language, and finding an equivalent concept in the other. The student will grow to appreciate the sophistication of the Choctaw language, with its many distinctions in both the grammar and the lexicon. At the end of this course, the student will understand the construction of a variety of complex sentences, have a large vocabulary, understand word formation, and have mastered an acceptable pronunciation.

## CRIMINAL JUSTICE

CJ 1113 Intro to Criminal Justice

### 3.00 Credits

Students examine the historical development of criminal justice, police functions, trial procedure, constitutional law, imprisonment, probation and parole, and government agencies.

## CJ 1123 Criminal Law for Law Enforcement <br> 3.00 Credits

This course is an introductory class in Criminal Justice majors. It will examine substantive criminal law defining common law, statutory crimes and punishment. They will also examine the nature of the criminal acts of substantive criminal law, defining the necessary elements and punishments of each act.

## CJ 2023 Criminal Procedures <br> 3.00 Credits

This course focuses on the rules, principles, and concepts governing the enforcement of arrest, search, and seizure. Procedural controls incidental to the investigation of criminal offenses - arrest, search, and seizures in the administration of justice.

CJ $2222 \quad$ Criminal Justice Communication 3.00 Credits
Practice and theory in preparation of police with an emphasis on composition and clear, concise communication.

## CJ 2123 Police Community Relations

### 3.00 Credits

Identification of illegal drugs, special problems in enforcement, and an analysis of the development of modern drug laws in relation to scientific studies are covered in this course.

## CJ 2133 Patrol Operations 3.00 Credits

The role of patrol operations in the law enforcement organization is studied. Skills, knowledge, and theories necessary for efficient patrol work are included.

CJ 2140 Selected Topics in Criminal Justice

## 1-3 Credits

This course deals with various topics designed to approach issues in criminal justice based on students' needs.

## CJ 2222 Criminal Justice Communication 2.00 Credits

This course introduces theory and provides practice in preparation of police officers with an emphasis on composition and clear, concise communication.

## CJ 2224 Criminal Investigation

3.00 Credits

The role of the crime laboratory in the law enforcement organization, scientific crime detection, recording the crime scene, collection, and identification and transporting of evidence are covered in this class.

CJ 2253 Police Traffic Studies
3.00 Credits

Analysis of the police role in highway traffic safety activities, theories, structure and process of enforcement, engineering and education in accident prevention and loss reduction will be studied.

## COOPERATIVE EDUCATION

COED 2133 Supervised Work Experience $\quad$ 3.00 Credits
Supervised employment in the student's chosen field is the core of this course and provides practical experience for students preparing for careers. Students will work 18 to 23 hours per week for 16 weeks if this course is taken in a spring or fall semester and 23 to 29 hours per week for 11 weeks if this course is taken in a summer term. Concurrent enrollment in Cooperative Education 1001,1021,2031, or 2041 and approval of advisor required.

## COLLEGE SUCCESS

## COSU 1103 College Success

### 3.00 Credits

Designed to aid students in adjustment to college, this course develops and sharpens students' skills necessary for success in college. Units covered include personal evaluation, study skills, research skills, thinking, and decision making.

## COMPUTER SCIENCE

## CS 1513 Operating Systems <br> 3.00 Credits

This course is an introduction to modern operating systems and their basic components. These components will include Memory Management, Process Management, Device Management, File Management, System Security, and System Management. The course will explore the different methods utilized to manage these components within Windows, Linux, and Android operating systems. Theory/ Lab.

## CS 1103 Microcomputer Applications 3.00 Credits

This course is designed to give the student hands-on experience with word processing, electronic spreadsheets, presentation software, and data base management software. Exploration of the Internet and a brief overview of microcomputer concepts will be Windows based. This course can be used to satisfy a Computer proficiency requirement at some four-year institutions.

CS 1113 Introduction to Computer Forensics
3.00 Credits

This course is designed as an overview of computer forensics and investigation tools and techniques. Topics will include crime and incident scene processing, data acquisition, computer forensics analysis, file recovery, investigative report writing, and evidence control. In addition students will be introduced to available computer forensics hardware and software tools. The basics of operating systems, file structure, and digital processes will be covered during the basics phase of this course. Students will be required to submit to a background check.

## CS 1313 Programming I

3.00 Credits

This course is designed as a study of structured programming techniques utilizing the C language. The course provides an overview of classes, objects, encapsulation, and methods. The course will also include fundamental control structures, files, input and output, and end with the study of arrays and collections. Outside computer practice is required.

## CS 1333 Programming II

3.00 Credits

A continuation of CS 1313 a course in object oriented programming utilizing " $\mathrm{C} \#$ " language. This course
includes memory allocation, linked lists, stacks, queues, binary trees, polymorphism, inheritance, and encapsulation. This course also provides an overview of design processes used in object oriented programming as well as debugging and exception handling. Prerequisite: CS 1313.

## CS 1423 Information Security <br> 3.00 Credits

This course provides an overview of the threats and vulnerabilities of information systems. The course also provides guidelines of the responsibilities of personnel and the basic tools for information security. An outline of training and expertise needed in organizations to reach and maintain a state of acceptable security is covered, and this course gives the basis for future information security courses. Prerequisites: CS 1103.

## CS 1433 Introduction to Photoshop <br> 3.00 Credits

This course introduces student to concepts and features of Adobe Photoshop. Students will learn to edit existing images and create original graphics for print and web publications.
Prerequisites: CS 1103.

## CS 1443 Animation and Interactive Media 3.00 Credits

This course is an applied course in computer-based interactive media and animation. The course will cover basic animation techniques including: image sequencing, tweened animation and dynamic motion. The course also encompasses action scripting, keyboard navigation, and interactive design for developing media user interfaces.

## CS 2003 Electronic Spreadsheets

### 3.00 Credits

This course is designed to provide students with hands-on experience in using electronic spreadsheets. The student is introduced to the spreadsheet access system, help facility, entering cell entries, cell ranges and blocks, entering formulas, using functions, importing/exporting files, MACROS, and other spreadsheet concepts. Outside computer practice is required. Prerequisite: CS 1103

## CS 2013 Data Base Management

3.00 Credits

This course is designed to provide students with hands-on experience in using data base management systems. The student is introduced to planning and creating a database, data structures, sorting and selecting data, report generation, command structures, data management, and other database concepts. Outside computer practice is required. Prerequisites: CS 1103 or equivalent.

## CS 2203 Networking I 3.00 Credits

This course gives the student the fundamental knowledge needed to design, configure and implement a Local Area Network (LAN). An emphasis is placed on the integration of available software and hardware elements of various network architectures. Prerequisites: CS 1103.

CS 2213 Networking II

### 3.00 Credits

This course is a continuation of CS2203 and will present practical applications of LAN software installation and network administration in a laboratory environment. Problem solving skills will be emphasized along with actual troubleshooting scenarios and students will be required to solve problems introduced on lab networks. Prerequisites: CS 2203.

## CS 2223 Desktop Publishing

3.00 Credits

This course is designed to introduce students to desktop publishing techniques and software. Prerequisite: CS 1103.

## CS 2243 Internet Programming <br> 3.00 Credits

This 16 -week course is an introduction to the Internet and Web Page Development. Topics will include protocols, Internet applications, and html Web Page development. Client Side programing will also be covered using JavaScript. The course will be concluded with Cascading Style Sheets (CSS) as a method of web site content management. Prerequisite: Computer Science 1103.

## DRAMA

DRMA 1001 Theatre Lab 1.00 Credit
This course applies principles of drama through participation in dramatic productions.

## DRMA 1011 Theatre Lab

1.00 Credit

Study of the principles of drama through participation in different dramatic productions is continued.

## DRMA 1213 Introduction to Theatre

3.00 Credits Character,
plot thematic, historical, and production analyses of various types of play scripts; understanding the work of various theatre artists, and developing appreciative audiences are the primary goal of this course.

DRMA 1413 Acting I
3.00 Credits Students
study the basic principles of stage movement and vocal interpretation of scenes from plays.
DRMA 1423 Acting II
3.00 Credits

A continuation of Drama 1413, this course emphasizes stage and voice presentations for play productions. Prerequisite: Drama 1413.

## DRMA 2011 Theatre Lab

### 1.00 Credit

Students complete further study of the principles of drama through participation in additional productions. Prerequisite: Approval of production director.

DRMA 2021 Theatre Lab
1.00 Credit Students
do additional study of the principles of drama through participation in acting and/or technical assignments in dramatic productions. Prerequisite: Approval of production director.

DRMA 2413 Oral Interpretation
3.00 Credits Students
work on selection, analysis, rehearsal, and performance of poetry, prose, and/or drama.

## ECONOMICS

ECON 2113 Principles of Macroeconomics
3.00 Credits

An introduction to modern macroeconomic theory, this course covers the current problems of the aggregate economy. Major topics include the determination of national income, employment, inflation, monetary and fiscal policy, economic growth, finance, and economic fluctuations.

ECON 2213 Principles of Microeconomics
3.00 Credits

An introduction to modern microeconomic theory, this course analyzes the market structure and behavior
of firms in a competitive environment. Major topics include demand and supply relationships, consumer behavior, income distribution, pricing, markets, and international trade. Prerequisite: Economics 2113.

## ENGLISH

## ENGL 0111 Fast track Reading Lab

### 0.00 Credits

This course is a one-hour per week lab designed for students who have not proven reading through the ACT, COMPASS, or ACCUPLACER testing, but have demonstrated knowledge of reading skills and comprehension through a 17 or higher of the ACT, a comparable ACCUPLACER/COMPASS score, or high school GPA. The lab is to be taken in conjunction with a history course and must be completed in order to remove the reading deficiency. Content will focus on comprehension skills and building vocabulary.

## ENGL 0121 Fast Track Writing Lab

0.00 Credits

This course is a one-hour per week lab designed for students who have not proven writing through the ACT, COMPASS, or ACCUPLACER testing, but have demonstrated knowledge of writing skills through a 17 or higher of the ACT, a comparable ACCUPLACER/COMPASS score, or high school GPA. The lab is to be taken in conjunction with a ENGL 1113 Freshman Composition course and must be completed in order to remove the writing deficiency. Content will focus on developing writing skills.

## ENGL 0113 Introduction to College Reading

### 3.00 Credits

This course uses diagnostic and developmental procedures for the general improvement of critical thinking skills, reading proficiency, and communication.

## ENGL 0123 Introduction to College Writing

### 3.00 Credits

This course is an in-depth examination into the fundamentals of composition. Students are encouraged to approach writing as a process, while reviewing and correctly implementing grammar, punctuation, and sound sentence structure. Finally, the course will introduce students to expository writing in order to adequately prepare them for Freshman Composition.

## ENGL 1113 Freshman Composition I

### 3.00 Credits

An intensive review of the principles of grammar and basic language mechanics, this course includes training for effective communication skills with emphasis on expository writing and study of selected specimens of literature.

## ENGL 1213 Freshman Composition II

3.00 Credits

A continuation of English 1113, this course increases emphasis on the study of selected specimens of literature and on the writing of expository research papers.
Prerequisite: English 1113.

## ENGL 2153 Creative Expression

### 3.00 Credits

Instruction is designed to improve the writing skills of students through the creative expression of their own thoughts and emotions through poetry and/or prose.

## ENGL 2413 Introduction to Literature <br> 3.00 Credits

This course is a study of selected world literary genre-short story, essay, biography, poetry, and dramaand the criteria for evaluating literature; extensive reading is required. Prerequisite: English 1113 or consent of Division Chairperson.

## ENGL 2433 Masterpieces of World Literature I <br> 3.00 Credits

This course is a study of selected masterpieces of western literature from the Greeks to the Renaissance. Extensive reading is required. Prerequisites: English 1113 or consent of Division Chairperson.

## ENGL 2443 Masterpieces of World Literature II <br> 3.00 Credits

Selected masterpieces of western literature from the Renaissance to the present are studied in this course. Extensive reading is required. Prerequisites: English 1113 or consent of Division Chairperson.

## ENGL 2543 English Literature to $1800 \quad$ 3.00 Credits

This course is a survey of British literature between 449 and 1800. Extensive reading is required. Prerequisite: English 1113 or consent of Division Chairperson.

ENGL 2653 English Literature from $1800 \quad 3.00$ Credits
This course is a survey of British literature from 1800 to the present. Extensive reading is required.

## ENGL 2773 American Literature to the Civil War 3.00 Credits

This course is a survey from colonial times to the Civil War. Extensive reading is required.

## ENGL 2883 American Literature since Civil War

3.00 Credits

This course is a survey of American literature from the Civil War to the Twentieth Century. Extensive reading is required.

## ENGL 2913 Short Story

3.00 Credits

This course studies the origin and development of the short story. This course requires extensive reading. Prerequisite: English 1113 or consent of Division Chairperson.

## FILM

FILM 1113 Introduction to Film

### 3.00 Credits

By screening award-winning films, this course introduces the student to the analysis of narrative film in the context of film theory, expression and aesthetics. All the elements of film language are studied to give the student a better understanding of the art form. In this course, the history of film is viewed as an art form and cultural phenomena. It is a survey of the trends in film in our time, emphasizing the historical and cultural viewpoint.

## FILM 1123 Beginning Filmmaking <br> 3.00 Credits

This course provides the basic knowledge necessary to develop successful motion pictures in both narrative and documentary forms. It emphasizes preproduction, production, and post production states, including script development, cameras, and lenses, shot determination, lighting, sound, picture and dialogue editing, and editing styles. Students shoot and edit a number of short productions. Camcorders and digital editing equipment provided. Prerequisite: SPCH2243 Beginning Broadcasting

## FILM 1133 Screenwriting

### 3.00 Credits

Introduction to Screenwriting is a class devoted to the craft of cinematic storytelling. This class focuses on the elements of the Three Act structure and moves step by step from premise to fade out. Students in this course will learn the 'mental screen' technique of writing for the screen, and beat, scene, and act analysis. The goal of Introduction to Screenwriting is for students to master the skills necessary to go from idea to outline to first draft.

## FILM 2010 Selected Topics in Film

1-3 Credits
This course will cover topics in Film not covered in other film courses, but which will benefit the student with a better understanding of the subject. This course may be repeated under a change of topic.

## FILM 2113 Film History

3.00 Credits

This course covers the international history of cinema from its beginnings to the present. Using an historical approach, the course looks through varied lenses, including aesthetics, censorship, propaganda, sociopolitical criticism, and self-identity issues such as class, gender, race, and sexual orientation.

## FILM 2223 Film Criticism

### 3.00 Credits

Students will study the form, meaning and value of American motion pictures with an emphasis on modern films (1990s to present), both Hollywood and independent. The course will deeper the student's knowledge of the aesthetics of film as an art form, building on the knowledge gained from Introduction to Film. Students will leave the course with the necessary knowledge to critically evaluate film. Prerequisite: JOUR1113 Introduction to Film

## FILM 2253 Documentary Film

### 3.00 Credits

This course introduces students to the history and social context of documentary filmmaking. Students will view provocative and award-winning documentary films on a variety of subjects to get a survey of this important cinema form. Students also will create a short documentary on a subject of their choosing.

FILM 2263 Filmmaking Studio
3.00 Credits

This course builds upon the knowledge students gained in Beginning Filmmaking, emphasizing studio filmmaking techniques such as multi-camera shoots, professional lighting, and special effects. Students will work together as a large production unit to produce films over the course of the semester.

## GEOGRAPHY

GEOG 2243 Fundamentals of Human Geography

### 3.00 Credits

This course is an introduction to basic geographic concepts and an emphasis on the interrelationships of people with their physical and cultural environment.

## GEOLOGY

GEOL 1014 General Geology
4.00 Credits

This course examines the composition and structure of the earth and history of modification of its surface by internal and external processes.

GENERAL PHYSICAL SCIENCE
GPS 1214 General Physical Science with Lab $\quad$ 4.00 Credits
Designed with a laboratory for non-science majors, this course uses lectures and demonstration to assist students in interpreting physical environment and covers important topics in astronomy, chemistry, geology, and physics. 3 hours Theory and 2 hours Laboratory.

## HEALTH INFORMATION TECHNOLOGY

HIT 1614 Anatomy and Physiology for Health Information Technology 4.00 Credits
This course provides the conceptual framework, factual knowledge and analytical skills needed to pursue
a career in health information management. Surveys anatomical terminology, basic chemistry, cell structure and function, tissues, and the following systems: integumentary, skeletal, muscular, and nervous.

## HIT 1113 Introduction to Healthcare Management

### 3.00 Credits

This course is an Introduction to the health care field and health records with emphasis on the roles of health professionals, functions of the health information department, content and analysis of health records in a variety of health care settings and storage and retrieval of health information and common registries.

## HIT 1213 CPT and Other Coding

### 3.00 Credits

This course provides instruction in the classification and coding of all ambulatory care and outpatient care encounters. The students will become familiarized with all aspects of CPT Coding and HCPCS Level II Coding. The course covers interpreting medical chart documentation and operative reports to accurately assign CPT codes for maximum physician reimbursement. Students will use popular coding software. Pre/ Co requisites - Medical Terminology

## HIT 1223 Basic ICD Coding

### 3.00 Credits

This course will familiarize students with all practices and conventions of ICD Coding. Students will learn to assign numeric codes for medical diagnoses and procedures carried out in medical offices, hospitals, ambulatory surgery centers and other types of health care facilities. Emphasis will be placed on accurate code selection following approved guidelines and coding conventions. Students will use popular coding software. The course covers information necessary for the completion of the CCA or CCS-P examination. Pre/ Co Requisites - Medical Terminology

## HIT 1333 Reimbursement Methodologies

### 3.00 Credits

This course is designed to familiarize students with the basics of medical billing insurance reimbursement, and medical record documentation. The various types of prospective payment systems (PPS) used in health care reimbursement are discussed. Students complete billing, insurance and medical documentation forms, both manually and electronically. The course includes the study of the impact of federal legislation on health care reimbursement and an overview of the Federal Register.

## HIT 1443 Health Information and the Law

3.00 Credits

This course provides basic knowledge of the United States of America court system and the interconnection between the health care system and the federal government. The student will learn concepts relating to health insurance portability accountability act (HIPAA), ethics, release of health information, record retention, and the legalities of electronic health records.

## HIT 2223 Advanced ICD Coding

### 3.00 Credits

This course focuses on the advanced practice of the application of CPT coding. Students review and code advanced clinical and medical scenarios related to various body systems. Software coding packages and the use of CPT and HCPCS manuals to code for physician procedures and services are reviewed. Emphasis is placed on surgical coding. The students are introduced to procedure based payment systems including RBRVS, E\&M codes and APC assignments. Prerequisite - HIT 1223 Basic ICD Coding

## HIT 2333 Quality Assessment and Process Improvements

3.00 Credits

This course is an introduction to health care quality and performance improvement, utilization management, risk management, and credentialing. An introduction is also provided in basic health care

Advance research methodology, epidemiology, as well as statistical analysis, reporting and interpretation.

## HIT 2433 Health Care Delivery Systems

3.00 Credits

This course is an introduction to health care facilities and health delivery systems including their purpose, organization, general functions and staffing. Facilities such as hospitals, nursing and rehabilitation centers, health maintenance organizations, private and public outpatient clinics and health care centers are analyzed and discussed. Additional topics include an overview of accreditation standards; licensure agencies; reimbursement systems; legal/ethical issues; healthcare computerization; documentation, quality, compliance, and regulatory requirements.

## HIT 2533 Healthcare Statistics

### 3.00 Credits

This course covers the application of basic hospital and vital statistics related to health information management. Correlations are made to explain how statistical information in the medical record is utilized within the health care facility and by outside governmental and private agencies.

## HIT 2633 Insurance Procedures for Medical Offices

### 3.00 Credits

This course is an introductory course gives instruction in health records and insurance processing procedures in the medical office. Focus is on correlating health information with billing procedures including Medicare and other Non-Medicare agencies. Topics include policies, appeal rights, abuse, fraud, and billing procedures.

## HIT 2771 Internship or HIT 2881 Special Projects

### 1.00 Credit

HISTORY
HIST 1063 Oklahoma History

### 3.00 Credits

This course studies exploration, Indian treaties, coming of the white man, territorial days, and development since statehood is included in the study of the state's history.

## HIST 1113 Early Western Civilization <br> 3.00 Credits

Ancient and medieval civilization in their economic, cultural, and political aspects are studied in this course with emphasis on contributions of Greece and Rome.

## HIST 1123 Modern Western Civilization

### 3.00 Credits

European background, influences of the frontier, growth of nationalism, development of institutions, and problems of readjustment in the Twentieth Century are the main elements of this course.

## HIST 1483 American History 1492-1865 <br> 3.00 Credits

This is a survey course in American history from the colonial period through the Civil War.

## HIST 1493 American History 1865-Present

### 3.00 Credits

This is s survey course in American history since the Civil War and includes political issues, which underlie America's domestic problems and the rise of the United States as a world power.

HEALTH, PHYSICAL EDUCATION \& RECREATION
HPER 1000 Selected Top in Health Problems

## 1-3 Credits

This course will cover topics in Health not covered in other health courses, but which will benefit the student with a better understanding of the subject. This course may be repeated under a change of topic.

## HPER 1101 Freshman Women's Basketball

1.00 Credit

This course is designed for varsity competition for freshman women in basketball.

## HPER 1103 Introduction to HPER

3.00 Credits

This course acquaints students with the profession of physical education. This course includes history, philosophy, terminology, objectives, teacher qualifications, vocational opportunities, expected competencies, skill testing, and modern trends that are significant to the total educational program and have an impact on society.

## HPER 1111 Freshman Men's Basketball

### 1.00 Credit

This course is designed for varsity competition for freshman men in basketball.

## HPER 1113 Personal Health and Wellness 3.00 Credits

This course is the study of basic health knowledge and daily practices, including physical fitness leading to lifelong wellness. Social health issues such as AIDS, drug abuse, and alcohol abuse are examined.

## HPER 1121 Freshman Men's Baseball 1.00 Credit <br> This course is designed for varsity competition for freshman men in baseball.

## HPER 1131 Freshman Softball

1.00 Credit

This course is designed for freshman varsity competition in softball.

## HPER 2031 Sophomore Softball

1.00 Credit

This course is designed for varsity competition for sophomore women in softball.

## HPER 2101 Sophomore Women's Basketball <br> 1.00 Credit

This course is designed for varsity competition for sophomore women in basketball.

## HPER 2103 Care and Prevention of Athletic Injuries <br> 3.00 Credits

This course is designed to provide entry-level knowledge and skills in the profession of athletic training and the matters of athletic injury. Topics of the course will include anatomy, physiology, biomechanics, injury physiology, exercise physiology, strength and conditioning, and care and prevention of injury occurring to the physically active.

## HPER 2111 Sophomore Men's Basketball

### 1.00 Credit

This course is designed for varsity competition for sophomore men in basketball.

## HPER 2112 Theory of Coaching Basketball <br> 2.00 Credits The

 theory of and practice in fundamentals, methods of training, and coaching are presented.
## HPER 2121 Sophomore Men's Baseball

1.00 Credit

This course is designed for varsity competition for sophomore men in baseball.
HPER 2122 Theory of Coaching Baseball
2.00 Credits The
theory of the practice in fundamentals, methods of training and coaching are presented.

## HPER 2131 Sophomore Women's Softball

1.00 Credit

This course is designed for sophomore varsity competition in softball.

## HPER 2133 Sports Officiating

3.00 Credits

The interpretation of football and basketball rules and instruction in officiating athletic games and meets is examined.

## HPER 2142 Theory of Coaching Football <br> 2.00 Credits

The theory and practice in fundamentals, methods of training, and coaching are presented.

## HPER 2213 Standard First Aid and Personal Safety <br> 3.00 Credits

Topics and techniques taught include immediate and temporary treatment for accidental injuries and sudden illness, with special emphasis placed on personal safety and prevention of illness and accidents. This course includes theory and laboratory sessions.

## HPER 2513 Motor Learning

### 3.00 Credits

The study of the concept of motor skill development is discussed as well as the application of the learning theory to physical activity.

## HPER 2813 Drug Education <br> 3.00 Credits

Analysis and evaluation of scientific data on the health effects of the use of nutrients, alcohol, narcotics, tobacco, and other dangerous drugs are studied. Current topics related to the use of these substances are included.

## HUMANITIES

HUM 2020 Special Topics in Humanities 1-3 Credits
This class will deal with selected topics in the various studies of the fine arts and humanities, i.e., history, philosophy, psychology, sociology.

## HUM 2113 General Humanities I

### 3.00 Credits

A study of the significant ideas of western man as manifest in art, music, literature, and philosophy, this course covers a period of time from pre-historic man to the Renaissance.

## HUM 2223 General Humanities II <br> 3.00 Credits

This course covers a period of time from the Renaissance to the Twentieth Century.

## JOURNALISM

## JOUR 1013 Intro to Mass Communications 3.00 Credits

This course is an introductory survey of the role of the mass media in modern society with particular emphasis on critical evaluation of the press, radio, and television. Open to non- journalism majors.

## JOUR 1023 News Writing and Reporting I

### 3.00 Credits

Beginning news writing is studied with emphasis on types of news, leads, and body treatment of stories. Extensive lab work is required

## JOUR 1113 Introduction to Film

### 3.00 Credits

By screening award-winning films, this course introduces the student to the analysis of narrative film in the context of film theory, expression and aesthetics. All the elements of film language are studied to
give the student a better understanding of the art form. In this course, the history of film is viewed as an art form and cultural phenomena. It is a survey of the trends in film in our time, emphasizing the historical and cultural viewpoint.

## JOUR 1243 Broadcast Internship

3.00 Credits

A cooperative agreement between Carl Albert State College and KPRV-FM providing college credit for training and experience in broadcast news.

## JOUR 1343 Broadcast Internship

3.00 Credits

A cooperative agreement between Carl Albert State College and KFSM-TV providing college credit for training and experience in broadcast production.

## JOUR 2243 Beginning Broadcasting 3.00 Credits

Individual and class projects in every phase of producing radio and television programming are included in this class.

## JOUR 2313 Writing for the Mass Media

3.00 Credits

This course covers theory and practice of gathering, writing, and evaluating information for dissemination through the mass media, both print and electronic.

## JOUR 2323 News Editing

3.00 Credits

An introduction to basic editing skills, this course includes copy reading and headline writing, plus some emphasis on basic make-up practices. Extensive lab work is required.

## JOUR 2343 Broadcast Internship

3.00 Credits

A cooperative agreement between Carl Albert State College and KHBS-TV providing college credit for training and experience in broadcast news.

## JOUR 2443 Broadcast Internship

3.00 Credits

A cooperative agreement between Carl Albert State College and KFSM-TV providing college credit for training and experience in broadcast promotions.

## LEADERSHIP

## LEAD 1413 CASC Leadership I

### 3.00 Credits

This course brings together the student and the community together with the opportunity to learn about the local communities' structure. Students are provided with leadership tools that will aid them in academics, campus activities, and the local community interactions. Leadership topics will include character, conflict resolutions, partnerships, time management, college orientation, and other team building projects involving civic, college, or community assignments. Course satisfies orientation degree requirements.

## LIBRARY

LIB 1011 Information Literacy I
1.00 Credit Information
literacy examines information structures and organization, as well as skills needed for effectively identifying, acquiring, evaluating, using and communicating information in various formats.

## LIB 1111 Information Literacy II

1.00 Credit Information
literacy II builds upon the content learned in Information Literacy I and is designed to provide the
basic research and information seeking skills commonly used in research for college courses.

## MATHEMATICS

## MATH 0111 Fast Track Math Lab

This course is a one-hour per week lab designed for students who have not proven math proficiency through ACT or placement testing, but who have otherwise demonstrated intermediate algebra skills. The lab is to be taken in conjunction with MATH 1513 and must be completed in order to remove the math deficiency. Content will focus on algebra skills that will complement content from Math 1513.

## MATH 0113 Developmental Math

### 3.00 Credits

Arithmetic fundamentals and applications, elementary algebra, number systems, basic geometry, formulas, tables, and graphs are studied.

## MATH 0123 Intermediate Algebra

3.00 Credits

Elementary algebra is rapidly reviewed and includes the study of real numbers, polynomials, algebraic fractions, exponents, roots, radicals, first-and second-degree equations, functions, graphing, and linear systems of equations.

## MATH 1413 Survey of Contemporary Math

### 3.00 Credits

An overview of mathematics for the non-mathematics major is examined including an explanation of the basic nature of algebra, calculus, number theory, geometry, and other areas of mathematics. This course also includes introduction logic, postulation systems, and other thought structures used in mathematics and practical applications of mathematics to everyday problems using calculators, arithmetic, simple algebra, and statistics. (May not be taken for major credit in mathematics) Prerequisites: Math 0123 or equivalent.

## MATH 1513 College Algebra

### 3.00 Credits

This brief review and continuation of Intermediate Algebra includes the study of nonlinear relations and functions, exponential and logarithmic functions, systems of equations, matrices and determinants, sequences and series, and partial fractions. Prerequisite: Math 0123 or equivalent.

## MATH 1613 Plane Trigonometry

### 3.00 Credits

This course examines a two-dimensional study of angular measure, trigonometric solution of right and oblique triangles, logarithms, trigonometric and inverse trigonometric equations, complex numbers, graphing trigonometric functions, and polar coordinates.
Prerequisites: Math 0123 and Math 1513 or their equivalents.

## MATH 2213 Math Structures I

3.00 Credits

This course includes a study of the origins of numerals and number systems; sets; relations and their properties, and systems of whole numbers, integers, rational numbers; and intuitive geometry. Prerequisite: Math 0123 or equivalent.

## MATH 2265 Analytic Geometry and Calculus I

### 5.00 Credits

This course covers rectangular coordinates, straight lines and conic sections, polar coordinates, general equations of the second degree, function, limits, derivatives, differentials, indefinite and definite integrals, and applications. Prerequisites: Math 1513 and Math 1613.

## MATH 2275 Analytic Geometry and Calculus II <br> 5.00 Credits

This course is a continuation of Math 2265 and covers further applications of the integral, conic sections, parametric equations, polar coordinates, limits and continuity, indeterminate forms of limits, infinite series, vectors, partial derivatives, and multiple integrals. Prerequisite: Math 2265.

## MATH 2413 Math Structures II

### 3.00 Credits

This course is a study of the fundamental structure of mathematics for non-mathematics majors. Topics include: number theory: probability; statistics and graphing; and geometric concepts including properties of standard shapes and area and volume formulas. Prerequisite: Math 2213 or Math 1513.

## MARKETING

## MKTG 1103 Introduction to Marketing

### 3.00 Credits

This course is designed to provide students with an understanding of theories, research, and practice when dealing with marketing, and the concepts associated with marketing. Topics covered include selling, advertising, marketing, target markets, product mix, promotions, and marketing mix. Emphasis on consumer behavior, market opportunities, marketing research and strategies, and marketing plans is also covered as part of this course.

## MUSIC

MUS 1013 Freshman Theory I 3.00 Credits
Designed for music majors, this course includes key signatures, meter, major and minor modes, intervals, the diatonic triads, and the dominant seventh chord.

## MUS 1023 Freshman Theory II

3.00 Credits

This course is a continuation of Music 1013. Prerequisite: Music 1013 or permission of instructor.

## MUS 1103 Fundamentals of Music <br> 3.00 Credits

A study of scales, intervals, triads, and basic terminology, this course is for non- music majors and students majoring in elementary education.

## MUS 1111 Freshman Instrumental Ensemble I

1.00 Credit

This course is designed to prepare students to perform in an instrumental ensemble. Music choices and styles are determined by the needs, skills and experience of participants. Public performances are part of this course. Prerequisite: Permission of instructor.

## MUS 1112 Freshman Ear Training and Sight Singing I $\quad$ 2.00 Credits

Designed for music majors, this course includes rhythmic, melodic, and harmonic dictation and covers the application of materials studied in Music 1013. Prerequisite: Music 1013.

## MUS 1113 Music Appreciation

3.00 Credits

This course is designed to create an interest in the enjoyment of music through better understanding of the great composers and their works.

## MUS 1121 Freshman Show Choir I

1.00 Credit

The show choir is a touring vocal ensemble; public performances are required in this course. Prerequisite: Permission of instructor
course is a continuation of Music 1112. Prerequisite: Music 1112 and concurrent enrollment in Music 1023.

## MUS 1211 Freshman Instrumental Ensemble II 1.00 Credit

This course is a continuation of Music 1111 with additional music and continued public performances. Prerequisite: Music 1111 and/or permission of instructor.

## MUS 1221 Freshman Show Choir II <br> 1.00 Credit

The show choir is a touring vocal ensemble; learning additional music and continuing public performances are required in this course. Prerequisite: Music 1121 and/or permission of instructor.

## MUS 2013 Sophomore Theory I

3.00 Credits

Part-writing and harmonization, classification of chords with study of non-dominant seventh chords and other chromatically altered chords are studied in this course. Prerequisite: Music 1023.

## MUS 2023 Sophomore Theory II

3.00 Credits

This course is a continuation of Music 2013. Prerequisite: Music 2013.

## MUS 2101 Applied Piano Study I

1.00 Credit

MUS 2111 Sophomore Instrumental Ensemble I
1.00 Credit

Music styles and selections are expanded based on experience and skills of participants. Public performances are part of this course. Prerequisite: Permission of instructor.

MUS 2112 Sophomore Ear Training and Sight Singing I
2.00 Credits

This course is a continuation of Music 1122 and should be taken concurrently with Music 2013. Prerequisites: Music 1112 and 1122.

MUS 2121 Sophomore Show Choir I
1.00 Credit

The show choir is a touring vocal ensemble. Learning a new program and participating in additional public performances are required in this course. Prerequisite: Permission of instructor.

## MUS 2122 Sophomore Ear Training and Sight Singing II

2.00 Credits

This course is a continuation of Music 2112 and should be taken concurrently with Music 2023. Prerequisite: Music 2112.

## MUS 2211 Sophomore Instrumental Ensemble II

1.00 Credit

This course is a continuation of Music 2111 with additional music and continued public performances.

## MUS 2221 Sophomore Show Choir II

1.00 Credit

The show choir is a touring vocal ensemble. Additional music and continuing public performances are required in this course.

MUS 2301 Applied Piano Study II
MUS 2401 Applied Piano Study III
MUS 2501 Applied Piano Study IV
1.00 Credit
1.00 Credit
1.00 Credit

## NURSING

NUR 1103 Role Transition In Nursing
3.00 Credits

This course is designed to facilitate the transition of advanced placement students into the Associate of Applied Science in Nursing program. The course will introduce the philosophy and framework of the nursing program. It will include the nursing process, roles and functions of the nurse, therapeutic communication and assessment of the client utilizing the human needs framework. The course will include clinical experiences to apply the nursing process and will also explore the student's perception of the role transition and present methodologies to ease role transition. Prerequisites: Admission with Advanced Standing (LPN or Transfer), English1113, English 1213, Psychology 1113, Sociology 1113, Zoology 2114 and 2124, and AHS 1203. Note: One three credit hour course may be taken concurrently. Theory 2.5 hours, Laboratory 0.5 hours.

## NUR 1129 Nursing Practicum: Human Needs I

### 9.00 Credits

This first nursing clinical course provides instruction in basic nursing skills and supporting scientific principles which create the foundation for other nursing courses. In this course the student is introduced to and applies the nursing process and physical assessment skills to the older adult client in the community and long term care setting. Content focus of the course includes the concepts of: human needs, nursing practice, the health-illness continuum, interpersonal and therapeutic communication, life cycle, and beginning pharmacology. Legal and ethical nursing content is included as a basis for accountability. This course provides campus lab practice and check-off for selected nursing skills. Credit: 9 semester hours; 5.5 hours theory, and 3.5 hours laboratory.

## NUR 1219 Nursing Practicum: Human Needs II

### 9.00 Credits

This clinical course allows the student to apply nursing skills and theory to nursing care of clients in acute care and community-based settings. The course focuses on nursing care delivery to the surgical client and childbearing family. The course expands the student's knowledge base of the health-illness continuum, human needs, life cycle, and pharmacology. The nursing process, interpersonal and therapeutic communication and principles of learning/teaching are used in the delivery of nursing care. Emphasis is placed on the maintenance and restoration of health and encouragement of an appropriate level of self- care for clients. The nursing student develops an awareness of cultural influences on family structure and health maintenance. The campus laboratory is used to advance nursing skills. Credit: 9 semester hours; 5 hours theory, 4 hours laboratory. Prerequisite: Nursing 1129 (or advanced standing).

## NUR 2110 Health Illness Nursing I

10.00 Credits

This clinical nursing course provides content and clinical experience related to management, and critical care concepts. This course emphasizes assisting clients toward attainment and maintenance of optimum levels of health, managing nursing care for groups of clients, working with a team of health care providers, and performing complex nursing procedures and decision-making skills. An understanding of the nurse's legal, ethical, and professional responsibilities is expanded. Students use communication and learning/teaching principles to enhance care. Through active participation in a variety of formats, the students will have an opportunity to explore the complexity of health care issues facing society. This is considered the capstone course of the nursing program. Prerequisites: Nursing 1129, 1219, 2110 or equivalent. 7 hours theory, 3 hours laboratory.

NUR 2210 Health Illness Nursing II
10.00 Credits

This clinical nursing course provides content and clinical experience related to management, and critical care concepts. This course emphasizes assisting clients toward attainment and maintenance of optimum
levels of health, managing nursing care for groups of clients, working with a team of health care providers, and performing complex nursing procedures and decision-making skills. An understanding of the nurse's legal, ethical, and professional responsibilities are expanded. Students use communication in learning/teaching principles to assist clients and other members of the health team. Through active participation in a variety of formats, the students will have an opportunity to explore the complexity of health care issues facing society. Students participate in the roles of provider of care, manager of care, and member within the discipline of nursing. This is considered the capstone course of the nursing program. Prerequisites: Nursing 1129, Nursing 1219 or equivalents and Nursing 2110.7 hours theory, 3 hours laboratory.

## OCCUPATIONAL HEALTH AND SAFETY

OHS 1313 Introduction to Health and Safety

### 3.00 Credits

This course is an introductory identifying appropriate procedures to minimize or eliminate injuries and illness in the workplace, incorporate job safety analysis (JSA) and appropriate training, and name elements of an effective safety culture.

OHS 2003 Introduction to Fire Science
3.00 Credits

This course is the study of the principles of fire protection and fire prevention as they apply to business and industry.

## OHS 1413 Physical Hazards Controls

### 3.00 Credits

This course is the study of physical hazards in industry and the methods of workplace design and redesign to control these hazards. Emphasis is placed on the regulation codes and standards associated with the control of physical hazards.

OHS 2103 OSHA: Construction Industry and Safety Regulations
3.00 Credits

This course is the study of Occupational Safety and Health Administration (OSHA) regulations pertinent to the construction industry. (Prerequisites: OHS 1313 and 2003)

OHS 2203 Legal Aspects and Environmental Regulations
3.00 Credits

This course will provide a foundation for understanding and analyzing today's environmental problems. Discusses environmental systems, human population growth, biodiversity, air and water quality, waste disposal, conservation, pollution, energy, and sustainability. Includes, review of employer's legal responsibilities and proactive measures to ensure compliance with OSHA's General Duty Clause.

## OHS 2303 Introduction to Hazardous Materials and Waste

### 3.00 Credits

This course is the study of hazardous waste management issues, programs, regulations, hazards, identification, characterization, storage, disposal, and treatment options. Includes relevant methods associated with hazardous wastes in the corporate, industrial, or municipal setting.

## OHS 2333 Safety Program Training Presentation Techniques

3.00 Credits

Principles of developing and presenting effective industrial/business training are explored in this course. Emphasis is placed on instructor qualifications and responsibilities, principles of teaching including the use of teaching aids and presentation skills.

OHS 2403 Principles of Industrial Hygiene

### 3.00 Credits

This course introduces basic concepts in threshold limits, dose response, and general recognition of occupational hazards, including sampling statistics, calibration and equipment use. It also provides a
study of the control of occupational hazards and sample collection and evaluation methods. Prerequisites: OHS1313 and 2003; complete general education MATH requirement.

## OHS 2413 Ergonomics and Human Factors in Safety

3.00 Credits

This course is an in-depth study of relationship of human behavior and ergonomics as applied to workplace safety.

## OHS 2423 Safety Program Management

3.00 Credits

This course examines the major safety management issues that impact the workplace including safety awareness, loss control, regulatory issues and human behavior modification.

## OHS 2433 Risk Management

### 3.00 Credits

This course is the study for developing fundamental elements and techniques for managing an effective safety system, controlling workers' compensation costs, and learning to create a budget for your safety efforts.

## ORIENTATION

## ORI 1111 Freshman Orientation

1.00 Credit

A course required in the personal adjustment program of all freshmen, this course considers academic, social, vocational, and other basic problems common to first-year college students.

## PHILOSOPHY

PHIL 1113 Introduction to Philosophy 3.00 Credits
This course is an elementary study of ethical concepts and theories, theories of reality, and principles of communication and argument.

## PHIL 2123 Ethics

### 3.00 Credits

This course is a study of the basic ethical systems such as hedonism, formalism, Christianity, stoicism, and Nietzschean ethics and includes an analysis of such terms as good, right, duty, justice, love, and courage.

## PHYSICAL THERAPIST ASSISTANT

PHTA 1113 Introduction to Physical Therapy

### 3.00 Credits

History, philosophy, ethics, settings, and trends in Physical Therapy are studied. This course also delineates roles of the health care team and of Physical Therapy personnel and interpersonal skills needed to function as a health care provider and team member. Principles and procedures of basic patient care skills, documentation, and medical terminology are included. Prerequisite: Permission of Instructor. 2 hours theory, 1 hour laboratory.

## PHTA 1203 Applied Anatomy and Physiology

### 3.00 Credits

A supplementary study of the human body's structure and function as they relate to the practice of Physical Therapy, this course emphasizes musculoskeletal, circulatory, and nervous systems. Instruction in palpation is also included. Prerequisites: PHTA 1113, Zoology 2124, concurrent enrollment in Zoology 2114, and required PHTA courses or permission of instructor. 2 hours theory, 1 laboratory.

PHTA 1231 Clinical Orientation

### 1.00 Credit

An orientation and observation of physical therapy services, this course includes observation of
selected treatment facilities and skills and introduction to medical documentation. Prerequisites: PHTA 1113, Zoology 2124, concurrent enrollment in Zoology 2114, and required PHTA courses or permission of instructor. 1 hour theory.

## PHTA 1283 Physical Disabilities

### 3.00 Credits

A study of selected anatomical, physiological, and pathological factors which relate to specific clinical conditions seen in physical therapy. Prerequisites: Zoology 2124, concurrentenrollment in Zoology 2114, PHTA 1113, and required PHTA courses or permission of instructor. 3 hours theory.

## PHTA 1292 Physical Therapy Procedures I

2.00 Credits

Theory, physiology, and application of heat, cold, light, water, electricity, mechanical compression/distraction, and massage in therapeutic treatment. Overview of medical physics. Prerequisites: Zoology 2124, PHTA1113, concurrent enrollment in Zoology 2114 and required PHTA courses or permission of instructor. 1 hour theory, 1 hour laboratory.

## PHTA 2332 Clinical Experience I

### 2.00 Credits

Supervised clinical experience, including observation and application of physical therapy services, is the core of this course that also includes group discussion of selected clinical cases in a seminar format. Prerequisites: All previous PHTA coursework and concurrent enrollment in required PHTA courses or permission of instructor. 2 hours laboratory.

## PHTA 2343 Physical Therapy Procedures II

### 3.00 Credits

A study of principles of movement during rehabilitation of cardiac patients, wound care patients, respiratory patients and other techniques used in rehabilitation. Theory and therapeutic application of rehabilitative equipment and treatment techniques for different diagnoses. Prerequisites: All previous PHTA coursework and concurrent enrollment in required PHTA courses or permission of instructor. 2 hours theory, 1 hour laboratory.

## PHTA 2353 Neurology and Pathology

### 3.00 Credits

This course covers two main components: Pathology - a study of the structural and functional changes in tissues and organs of the body in conditions seen in the practice of Physical Therapy; Neurology - a comprehensive review of the anatomy and physiology of the nervous system and the muscular-skeletal system. Prerequisites: All previous PHTA coursework and concurrent enrollment in required PHTA courses or permission of instructor. 3 hours theory.

## PHTA 2363 Kinesiology

### 3.00 Credits

A study of anatomical structures and movement as related to physical therapy procedures, this course covers the basic principles of the relationship between joint motion and mechanical action and application of principles with emphasis on the analysis and bio-mechanics of all human motion. Prerequisites: All previous PHTA coursework and concurrent enrollment in required PHTA courses or permission of instructor. 2 hours theory, 1 hour laboratory.

## PHTA 2373 Therapeutic Exercise I

### 3.00 Credits

This course is designed to provide entry level knowledge of Therapeutic Exercise. The student will begin an investigation of the fundamentals of Exercise Physiology, Range of Motion, Proprioceptive Neuromuscular Facilitation, Anaerobic Exercise, and Aerobic Exercise and their role in Physical Therapy. Practical applications of exercise and exercise equipment will follow accordingly.

## PHTA 2413 Rehabilitation

### 3.00 Credits

A study of the principles and treatments of selected physical disabilities and diseases, this course covers theory and therapeutic application of rehabilitative techniques and equipment. Includes a study of principles of movement during bed mobility, walking, and activities of daily living as well as theory and therapeutic application of the following rehabilitative equipment: slings, walkers, splints, canes, wheelchairs, crutches, orthotics, and prosthesis. Prerequisites: All previous PHTA coursework and concurrent enrollment in required PHTA courses or permission of instructor. 2 hours theory, 1 hour laboratory.

## PHTA 2432 Clinical Experience II

2.00 Credits

Supervised clinical experience in clinical observation and application of physical therapy services is the core of this course. Group discussion of selected clinical topics in a seminar format is included. Prerequisites: All previous PHTA coursework and concurrent enrollment in required PHTA courses or permission of instructor. 2 hours laboratory.

## PHTA 2442 Psychosocial Aspects Physical Therapist

### 2.00 Credits

This course is designed to develop the Student Physical Therapist Assistant in becoming a professional by building evidence based directives in Professionalism, Communication Skills, Understanding Human Behavior in Healthcare, Ethics, Abuse, Legal Concerns, and Cultural and Generational Diversity.

## PHTA 2473 Therapeutic Exercises II

3.00 Credits

A continuation of Therapeutic Exercise I and additional theory and application of exercise techniques, this course emphasizes treatment of orthopedic disabilities. Prerequisites: All previous PHTA coursework and concurrent enrollment in required PHTA courses or permission of instructor.

## PHTA 2482 Seminar

### 3.00 Credits

This course synthesizes knowledge gained from each course taken within the PTA curriculum to better prepare the graduate for entry level career positions. The student will learn how to organize and review the material that has been presented in the PTA curriculum. The student will undergo a curriculum review process, log formative feedback, and self-reflect to identify learning needs and individual weaknesses regarding content of PTA courses and the NPTE-PTA exam. This course is intended to prepare the student to successfully complete the National Physical Therapist Assistant Exam (NPTE), continue to develop a commitment to lifelong learning, and navigate various forms and fees required for licensure in the state of their choice

## PHTA 2534 Clinical Experience III

4.00 Credits

This course emphasizes supervised application of physical therapy procedures in the treatment of patients at a variety of selected physical therapy facilities. Prerequisites: Completion of all PHTA courses with a grade of C or higher or permission of instructor. 4 hours laboratory.

## PHTA 2536 Clinical Experience III

6.00 Credits

This course emphasizes supervised application of physical therapy procedures in the treatment of patients at a variety of selected physical therapy facilities. Weekly assignments via E-mail and World Wide Web. 2 hours lecture, 4 hours lab. Prerequisites: Completion of all PHTA courses with a grade of C or higher or permission of instructor.

## PHYSICS

PHYS 1114 General Physics I
4.00 Credits

This is algebra and trigonometry based course. It includes mechanics, thermodynamics, and/or waves. Prerequisite: Math 1613.3 hours theory, 2 hours laboratory.

## PHYS 1214 General Physics II

4.00 Credits

This is an algebra and trigonometry based course. It includes electricity and magnetism, light, thermodynamics, and/or waves. It may also include modern physics.
Prerequisite: Math 1613.3 hours theory, 2 hours laboratory.

## PHYS 2014 Engineering Physics I

4.00 Credits

This is a calculus-based course. It includes mechanics, heat, and thermodynamics. Prerequisite: Math 2265 or concurrent enrollment. 3 hours theory, 2 hours laboratory.

## PHYS 2114 Engineering Physics II 4.00 Credits

This is a calculus-based course. It includes electricity, magnetism, and geometrical and physical optics. Prerequisite: Math 2265 or concurrent enrollment. 3 hours theory, 2 hours laboratory.

## POLITICAL SCIENCE

POS 1113 American Federal Government 3.00 Credits
This course is a study of the origin and framework of the federal government.

## POS 2113 Constitution and Government of Oklahoma 3.00 Credits

This course is a study of the origin and framework of the constitution and government of Oklahoma.

## PSYCHOLOGY

## PSY 1113 Introduction to Psychology 3.00 Credits

A survey of the major areas of study in psychology as a science, this course covers motivation, learning, physiology, personality, abnormal behavior, perception, memory, and cognitive/thought process.

## PSY 1123 Psychology of Development Leadership Behavior 3.00 Credits

This is a course in human development psychology designed to meet specific needs of students through participation in activities. The focuses of this course will be on the development of group dynamics, leadership, and human relations skills. Students will be required to participate in the management experience of planning, execution, and evaluation of activities. The theoretical body of knowledge regarding leadership development and growth in group dynamics and management skills will be emphasized.

## PSY 2011 Psychology and Sociology Capstone

### 1.00 Credit

This required one-hour course for majors is to be completed during their graduating semester. A course outline and syllabus will be provided for each student. This course may include the following: A comprehensive exam, a summary essay, portfolio, and/or an exit interview that would include an oral exam based on the objectives and content of the required courses within the major. Pre-requisite: Student must be sophomore status or have instructor's approval.

## PSY 2113 Introduction to Behavior and Adjustment

3.00 Credits

This course is designed to help the individual discover the factors that influence the dealing with personal
problems and adjustment and maintaining mental stability. Discussion will include the analysis of psychological, physiological and, sociological implications that influence behavior.

## PSY 2123 Developmental Psychology <br> 3.00 Credits

A theoretical and research-based course focusing on the principles and patterns of development throughout the life span, this course gives special consideration to social, emotional, physiological, and cognitive aspects of human development. Prerequisite: psychology 1113 or consent of Division Chairperson.

## RELIGIOUS EDUCATION

RLED 1123 New Testament
3.00 Credits

This course is a survey of New Testament literature, with special attention given to literary form, historical background, and religious message.

## RLED 2113 World Religions 3.00 Credits

This course is a survey and comparison of the world's major religions, including--but not limited to -Hinduism, Buddhism, Taoism, Confucianism, Judaism, Christianity, and Islam.

## SOCIOLOGY

## SOC 1113 Introduction to Sociology <br> 3.00 Credits

This course is a general survey of the fundamental concepts of sociology, the elements and processes of social interaction, and the application of sociological principles to social institutions, groups, and problems.

SOC 2123 Social Problems
3.00 Credits

This course surveys and analyzes human institutions and aspects of major social problems that confront the community today.

## SOC 2133 Marriage and Family

3.00 Credits

The history of the family as a social and educational institution is the focus of this course and includes problems confronting the modern family.

SOC 2143 Comparative Cultures
3.00 Credits

This course examines inter-group relations between dominant groups and minority groups.
SPANISH
SPAN 1113 Conversational Spanish I
3.00 Credits

Designed to fulfill foreign language requirements for teacher education certification, this course will emphasize frequently-used vocabulary, practical applications, of grammar, illustrated language contexts, and engaging activities to successfully develop good communication.

## SPAN 1115 Elementary Spanish I

5.00 Credits

This course is a study of pronunciation with the use of tapes, fundamentals of grammar, idioms used in everyday life, composition, reading of basic stories. 2 hours laboratory

## SPAN 1223 Conversational Spanish II

3.00 Credits

This course is a continued study of Conversational Spanish I.

## SPAN 1225 Elementary Spanish II <br> 5.00 Credits

A continued study of grammar, composition, and practical conversation used in translation, This course includes some use of newspapers and magazines. 2 hours laboratory.

SPEECH
SPCH 1001 Intercollegiate Forensics I 1.00 Credit
Students participate in intercollegiate speech contests. Prerequisite: Approval of Director of Forensics.

## SPCH 1113 Intro to Speech Communication

3.00 Credits

This course covers principles and techniques of preparing for and participating in communication behavior in conversation, the interview, group discussion, and the public speech.

## SPCH 2011 Intercollegiate Forensics II

1.00 Credit

Students participate in intercollegiate speech contests. Prerequisite: Approval of Director of Forensics.

## SPCH 2223 Group Discussion

3.00 Credits

Small group communication theory is applied to problem solving and decision-making. This course includes projects in researching, conducting, and evaluating group discussions.

## SPCH 2233 Argumentation and Debate

3.00 Credits

This study and application of logic and argumentation in persuasion includes assignments in practical application through debate and discussion. Prerequisite: Speech 1113 or consent of Director of Forensics.

## SPCH 2323 Public Speaking

3.00 Credits

Public speaking skills are developed with emphasis on organization, supporting material, delivery, and audience analysis. Prerequisite: Speech 1113.

ZOOLOGY
ZOO 1114 General Zoology
4.00 Credits

Designed for students with majors and minors in biological science, this course presents the major concepts of biology as illustrated by animal life and studies selected vertebrates as laboratory animals. 3 hours Theory, 2 hours Laboratory.

## ZOO 2114 Human Physiology

4.00 Credits

This course examines the functions of the human body systems in maintaining the ultimate goal, homeostasis. Prerequisites: Zoology 1114 and Chemistry 1115. 3 hours Theory, 2 hours Laboratory.

## ZOO 2124 Human Anatomy

### 4.00 Credits

An introductory study of the gross anatomy of the human body and its systems is presented. This course includes laboratory studies of the human skeleton, models and other visual aids and dissection of selected mammalian examples with reference to man. Prerequisites: Zoology 1114.3 hours theory.

[^0]:    Notation:
    ${ }^{1}$ ACCT 2103 Financial Accounting is prerequisite.
    ${ }^{2}$ ECON 2113 Principles of Macroeconomics is prerequisite.
