PARTNERS

Lenovo builds connections to inspire and enable learning anywhere.

Every teacher has the potential to unleash boundless creativity in their students. And every student holds a world of possibility in their hands. In today's evolving education landscape, it can be challenging to create effective learning experiences when the classroom is defined in so many different ways. Lenovo is constantly innovating smarter solutions to engage students, maintain safety and security, and ensure collaborative interaction and continuity—wherever learning happens. We understand the challenge of balancing functionality and budget, and our education experts will work with administrators and IT specialists to help develop a cost-effective plan to meet their unique digital requirements. Lenovo is dedicated to education, with global research and development teams engineering cutting-edge technology that enables confidence for teachers and students at every level.

Solutions

Lenovo

Security Solutions

Secure by design

Learning should take place in a secure environment for students and teachers.

We bring together a sophisticated suite of applications including Absolute®, SentinelOne®, Lenovo Patch, Lenovo Vantage, Lenovo Device Intelligence Plus, and Lenovo NetFilter. Plus, Lenovo ThinkShield, our comprehensive portfolio of secure hardware, software, and services, offers security by design from development through the supply chain and the full lifecycle of every device.

Hybrid Classroom

Embrace next-level solutions for hybrid learning.

Educators were already using modern technology to spark learning in the classroom. Now, as educational settings have moved to flexible hybrid models, it's vital to maintain connections and enable collaboration. Lenovo's innovative solutions for education engage students and empower educators wherever class is in session.

Smarter technology for all **Lenovo**

Smarter builds collaboration and connections for hybrid learning.

With students learning in class, remotely, or in a hyflex environment, Lenovo hybrid classroom solutions create an adaptable solution for every teaching and learning model.

Engage students where they are with flexible learning tools that pair Lenovo's robust learning devices with a collection of innovative hardware solutions for collaborative learning. Hybrid classroom ecosystems facilitate a flexible learning environment and include Google Meet Series One Room kits and ThinkSmart Core Kits built on Microsoft Teams or Zoom Rooms platforms.

Easy to reconfigure for a range of classroom sizes and and simple to manage with user-friendly software and services, these purpose-built ecosystems deliver best-in-class solutions for learning success.

Lenovo hybrid classroom

Empowered by Lenovo ThinkSmart

Building a hybrid classroom starts with collaboration solutions from Lenovo ThinkSmart. With the ThinkSmart Core Kits, an all-in-one meeting room system for Zoom Rooms or Microsoft Teams Rooms, students and teachers can connect, share, and collaborate seamlessly and securely wherever learning takes place.

In addition to user-friendly features, Lenovo ThinkSmart Core Kits also include remote manageability capabilities through Lenovo’s custom-built ThinkSmart Manager software.*

Each kit comes with Lenovo ThinkSmart Core, a compute powered by 11th Gen Intel® Core™ vPro™ processors with Intel® Iris® Xe graphics, along with either the Lenovo ThinkSmart Controller or Lenovo IP Controller, both with a 10.1-inch, 10-point touch HD display with anti-glare and anti-fingerprint coating.

Another powerful hybrid classroom solution is the Lenovo ThinkSmart One with Controller, which combines a high-resolution camera, premium sound, and powerful compute running Microsoft Windows for an unbeatable in-person experience. This solution also includes either the Lenovo ThinkSmart Controller or Lenovo IP Controller to ensure students stay on task.

*ThinkSmart Manager comes preloaded on all ThinkSmart Core devices. ThinkSmart Manager has two levels: Basic and Premium. Premium is included with your ThinkSmart Core purchase for one year. You can choose to continue service for an additional cost.

Lenovo ThinkSmart One

Google Meet Series One Room kits from Lenovo

Open the box to more flexible hybrid learning.

Google Meet Series One Room kits from Lenovo have everything schools need to offer a richer hybrid learning experience—all in one box—with features that work better for everyone.

- Improve communication and lesson delivery utilizing TrueVoice™ noise cancellation technology and 4K-capable AI cameras.
- Spend more time focused on the lesson and not on IT through seamless integration with a school's existing ChromeOS infrastructure.
- Increase student engagement by inviting guest speakers and subject matter experts from around the world into the virtual classroom.
- Bring a master teacher into multiple classrooms simultaneously.
- Allow classrooms across a building or campus to collaborate and communicate seamlessly.

No matter how big or small your school may be, Google Meet Series One Room kits make learning more accessible for all.

Lenovo VR Classroom

Smarter awakens potential.

The next generation of world-changing scientists, physicians, and engineers will not be a product of traditional textbooks, which are outdated as soon as they finish printing. Equipping today's students for tomorrow's opportunities requires educational technology that gives them a breakthrough edge in the global market.

Lenovo VR Classroom provides an immersive education experience for every kind of learner, expanding lessons beyond the books—and outside classroom walls. Now that distance and hybrid learning are more prevalent than ever, **Lenovo VR Classroom** is ideal for engaging K12 and higher-ed students, building collaboration no matter where students are.

Providing a seamless combination of hardware, software, and device and content management, Lenovo VR Classroom empowers educators, administrators, and IT staff at every learning level to easily integrate virtual reality lessons for real-world application—right out of the box. Lenovo VR Classroom is immersive learning that's simple by design.

Smarter technology for all **Lenovo**

Lenovo VR Classroom

Engaged learners. Meaningful learning outcomes.

Open, flexible, and secure, Lenovo's VR Classroom solution has everything needed to access, launch, and customize VR learning to enhance your curriculum. Educators can find—or create—great content, plan innovative lessons, and deeply engage students in immersive learning experiences with this complete VR solution.

Software

Immersive Learning Hub

- **Classroom Management:** Manage VR lessons and push content to the headsets during the session
- **Content Management:** Create and save curated playlists to deliver lesson plans with that content
- **Device Management:** Secure cloud-based platform for updating and monitoring your VR headsets

Extensive collection of curated educational content from vetted providers

- Veative: Immersive content for STEM, History & Culture, and more
- Wild Immersion: Stunning 360 wildlife experiences in Africa, Asia, and Amazonia
- Uptale: Enables you to create your own interactive immersive learning experiences

Hardware

P1 Pro Headset from DPVR, customized for education by Lenovo

- Lightweight, all-in-one device
- XR1 Processor, 2560 x 1440 resolution, 3 DoF controller, 6GB RAM + 128 GB storage

Carts and cases available based on your configuration

Optional hardware, accessories, and professional development are also available. Engage your students to embrace new perspectives.

Esports

With a **custom Esports solution** from Lenovo, it's game on.

Esports fosters an inclusive environment, free from most physical restrictions, for students who may not be interested in or are unable to participate in traditional sports. Students gain solution-finding and team-building skills, boosting self-confidence along the way. Some students can even earn scholarships as colleges and universities are now building varsity esports programs. Businesses are also starting to see what skills gamers can bring to the workplace.

Lenovo Esports has experienced Esports consultants who listen and can help you determine your next steps with a number of professional services and solutions to achieve your goals. To round it off, we offer a fantastic set of products and accessories in the Legion and Workstation lines, all backed by education warranty and leasing options.

Smarter technology for all **Lenovo**

Game-winning gaming

With all the potential that Esports offers, you'll want an approach that helps you get the most out of your program. Lenovo's team of experienced gaming professionals is with you every step of the way to begin or expand your K12 or university Esports programs.

Discovery

Lenovo will help you envision what your Esports program could be like and share best practices from other schools.

Consultation

Our experienced gaming professionals are standing by to advise and consult for free.

Goal Setting

Lenovo can help you future-proof your program and identify key success metrics to track over time, ensuring esports is a smart, long-term investment.

Custom Solution

Lenovo offers custom end-to-end solutions to help fill in any gap on your Esports roadmap, from install and design to operations and expansion.

Reach out to your Lenovo rep to start building your Esports program today.

Software Solutions

ggCircuit Suite offers software solutions that:

- Manage and automate your game library updates
- Engage your students and grow your program
- Keep your entire infrastructure secure and up to date

Services

Lenovo offers comprehensive service and support for your Legion of gamers:

- Lenovo TruScale Device as a Service for Esports
- Legion Ultimate Support
- Esports event programming and services

Products

Select the right products for home or gaming arenas:

- Lenovo Legion desktops, laptops, and monitors
- Lenovo Workstations
- Lenovo ThinkSystem servers
- Headsets and other accessories

Leasing Options

With Lenovo's TruScale Device as a Service, we can bundle everything you need to run your Esports program—including products, services, and software—for a complete solution.

Laptops / Ideal for K-12 learners

Lenovo 13w Yoga Gen 2

Versatile performance for modern education

Built on the new Windows 11 Pro platform and packed with next-gen AMD Ryzen™ processors, the Lenovo 13w Yoga Gen 2 supports students across every hybrid learning environment. Upgradable memory and storage options easily adapt to increased workloads, while an array of ports and connectivity options offer faster connectivity for virtual lessons and collaboration.

- 13.3" FHD IPS Touch with 16:10 ratio
- MIL-STD 810H durability
- Powered by up to AMD 7000 series R7 processors
- Up to 16GB DDR4 memory
- 51 Whr battery

Lenovo 10w Tablet

A versatile tool for everyday learning

Operating on Windows 11 on Snapdragon™, the Lenovo 10w is designed to grow with students as they move from touch-based learning games to content creation and group presentations. In addition to its new 180-degree hinge, detachable keyboard, and tablet-housed garaged pen, this transformable device now includes a trackpad for elevated usability.

- Qualcomm® Snapdragon™ 7c Gen 2 compute platform optimized for tablets
- Always-connected Windows on Snapdragon™ platform
- MIL-SPEC and EDU compliance
- High-resolution 2MP FHD user-facing camera
- 8MP world-facing camera

Laptops / Ideal for K-12 learners

Lenovo 100e Chromebook Gen 4

Built for untethered learning

Because learning happens everywhere, students need a machine that's ready where and when they need it. Engineered to be durable, the Lenovo 100e Chromebook Gen 4 is fast, secure, and built for bumps—empowering students for uptime, any time.

- MediaTek Kompanio 520 processor
- 11.6" screen
- Up to 8GB LPDDR4x memory
- 720p front-facing camera
- Wi-Fi 6 and Bluetooth 5.1 capability
- Long battery life*

Lenovo 100w Gen 4

Unstoppable learning starts here

Built on the Windows 11 platform, the Lenovo 100w Gen 4 enables learning anywhere and everywhere with a familiar interface, advanced security features, and simplified device management. Designed to withstand the bumps, drops, and spills of K-12 students on-the-go, it's the perfect device to ensure education continues uninterrupted no matter what the future holds.

- Intel® Processor N100
- 11.6" screen
- Wi-Fi 6 and Bluetooth 5.1 capability
- 720p front-facing camera
- MIL-SPEC-810H and Lenovo DuraSpec durability
- All-day battery life

Laptops / Ideal for K-12 learners

Lenovo 300e Yoga Chromebook Gen 4

Designed to unleash creativity

The 11.6" HD IPS touch display of the Lenovo 300e Yoga Chromebook Gen 4 provides a tactile experience that will captivate the imagination of every student. Built to be as agile as today's learners, its 360-degree Sync hinge allows for seamless transitions between use modes for every task.

- MediaTek Kompanio 520 processor
- 11.6" touch display
- Optional 5MP world-facing camera
- MIL-SPEC-810H and Lenovo DuraSpec durability
- Up to 64GB storage
- Up to 8GB LPDDR4x memory
- Optional garaged pen

Lenovo 300w Yoga Gen 4

Tough and learning-ready

Packed with power and future-ready features, including robust security and simplified device management with Windows 11, the Lenovo 300w Yoga Gen 4 enables an interactive learning experience in the classroom and beyond. A drop-resistant design, improved water-resistant keyboard, and reinforced 360-degree Sync hinge deliver tough technology for bright minds.

- 11.6" touch display
- Up to Intel® Processor N200
- Wi-Fi 6, 4G/LTE, and Bluetooth 5.1
- 720p front-facing and optional 5MP world-facing camera
- Up to 128GB UFS or 256GB SSD storage
- MIL-SPEC-810H and Lenovo DuraSpec durability

Lenovo 500e Yoga Chromebook Gen 4

Powered by endless possibilities

Designed to meet the learning style—and location—of any student, the lightweight, convertible Lenovo 500e Yoga Chromebook Gen 4 is purpose-built for versatility. Durable engineering and faster connectivity mean students and teachers can maximize their creativity in and out of the classroom.

- Up to Intel® Processor N200
- Up to 128GB storage
- 12.2" 16:10 IPS Touch display
- 720p or 1080p front-facing and optional 5MP world-facing cameras
- MIL-SPEC-810H and Lenovo DuraSpec durability
- Wi-Fi 6/6E and LTE capability
- Optional garaged pen

Lenovo 500w Yoga Gen 4

Perfect for today's agile learners

Maintaining meaningful connection is key in today's learn-from-anywhere environment, and the Lenovo 500w Yoga Gen 4 is the perfect tool. This lightweight, convertible laptop is purpose-built to inspire curiosity and help K-12 students unleash their creativity. Safe and tough by design, including Windows 11 built-in security and privacy features, this device ensures the learning won't stop.

- Up to Intel® Processor N200
- Wi-Fi 6
- 12.2" 16:10 IPS Touch display
- Up to 128GB UFS or 256GB SSD storage
- Up to 8GB LPDDR5 memory
- Garaged AES pen

Ideal for teachers and administrators

Lenovo ThinkPad X1 Carbon Gen 11

Where aspiration meets innovation

The refined Lenovo ThinkPad X1 Carbon delivers an impressive user experience while remaining thin and light. The communications bar makes the lid easy to open and close, and it houses the new FHD IR camera options. Powered by Intel vPro®, an Intel® Evo™ Design with 13th Gen Intel® Core™ processors, faster memory, and cutting-edge connectivity options, teachers and administrators can stay productive and collaborative from anywhere.

- Intel vPro®, an Intel® Evo™ Design with 13th Gen Intel® Core™ i7 processor and Core i5 processor P series
- Intel® Iris® X^e Graphics
- Up to FHD + IR MIPI camera with webcam privacy shutter and Computer Vision
- 2.8K OLED display option with low blue light Eyesafe® certification
- Up to 64GB LPDDR5 memory
- Up to 2TB Gen 4 performance PCIe NVMe SSD storage

Smarter technology for all **Lenovo**

Laptops / Ideal for teachers and administrators

Lenovo 14e Chromebook Gen 3

Made for learning beyond classroom walls

Designed to help students and teachers thrive in classrooms without walls, the Lenovo 14e Chromebook Gen 3 fosters learning in any environment. Built on the popular ChromeOS platform, this light and durable device is packed with new features, delivering the power and versatility for every user to succeed.

- Up to Intel® Core™ i3-N305 processor
- Up to 8GB LPDDR5 memory
- Up to 128GB of storage
- MIL-STD-810H durability
- Long battery life*

Lenovo K14

World-class performance for real-world learning

This education laptop is built to perform, with powerful Intel® Core™ processors and impressive storage and memory. Plus, students can easily stay connected to more devices and data with four USB and an HDMI port, as well as Wi-Fi 6E capability.

- 11th Gen Intel® Core™ i5 processor
- Integrated Intel® UHD graphics
- Up to 16GB DDR4 memory
- 256GB SSD storage
- All-day battery life*

Lenovo 14w Gen 2

Power without intimidation

This app-friendly and durable notebook with up to Windows 11 is ready to take on the school day from anywhere. Perfect for hybrid education, this device embraces the power of simplicity, enabling users to thrive whether learning is taking place in the classroom or the dining room. More durable and lightweight than ever, the Lenovo 14w Gen 2 includes convenient new connectivity options and an easy-to-use Windows interface.

- 2.3 GHz AMD® 3015e dual-core Processor
- Up to 8GB of RAM
- Up to 256GB of storage
- 720p front-facing camera with dual microphones
- HDMI port and Wi-Fi 6 capability

Laptops / Ideal for teachers and administrators

Lenovo 13w Yoga Gen 2

Versatile performance for modern education

Built on the Windows 11 platform and packed with next-generation AMD Ryzen™ processors, this flexible laptop supports instructors and administrators across every hybrid learning environment. Upgradable memory and storage options easily adapt to increased workloads, while an array of ports and connectivity options offer faster connectivity for virtual lessons and peer collaboration.

- 13.3" FHD IPS Touch with 16:10 ratio
- MIL-STD 810H durability
- Powered by up to AMD Ryzen™ 7000 series R7 processor
- Up to 16GB DDR4 memory
- 51 Whr battery

Lenovo ThinkPad L Series

The Lenovo ThinkPad L Series combines productivity and portability in an array of high-value education laptops and 2-in-1s that offer something for everyone. Enhancements in processors, graphics, ports, and wireless connectivity options combine to offer impressive performance and a better use experience ideal for today's learn-from-anywhere world.

Performance

Educators power through the day with up to 13th Gen Intel® Core™ i7 vPro® processors or next-generation AMD Ryzen™ PRO processors, ample memory and storage, and stunning graphic options.

Connectivity

Faster connections, plenty of ports, and Modern Standby keep teachers and students connected in and out of the classroom.

Security

These devices stay secure with Window Hello™, Touch Fingerprint Reader, and webcam privacy shutter, plus integrated Lenovo ThinkShield solutions.

Lenovo ThinkPad Z13 Gen 2

Engineered to impress

This Lenovo ThinkPad defines progressive mobility for teaching from anywhere. Thin and ultralight at under 1.2 kg, this 13" powerhouse delivers an unexpected, iconic craft design using recycled materials. This Lenovo ThinkPad provides the highest screen-to-body ratio of any ThinkPad notebook. Ever.

- Next-generation AMD Ryzen™ PRO processors
- FHD RGB+IR dual camera with new e-shutter
- Ultraslim 4mm bezel design
- Up to 64GB LPDDR5x memory
- Up to 2TB PCIe Gen4 SSD storage

Laptops / Ideal for higher education

Lenovo ThinkBook 13x Gen 2

Take-anywhere learning performance

Perfect for the on-the-go higher ed student, the Lenovo ThinkBook 13x is designed with a sleek, portable, and lightweight chassis. With processor cores optimized for multitasking, this device gives you the power you need for whatever the day demands.

- Built on the Intel® Evo™ platform
- Up to 12th Gen Intel® Core™ processor
- Advanced Intel® Iris® Xe graphics
- A 13.3" display with a tall, 16:10 aspect
- Long-lasting battery life

Lenovo ThinkPad X1 Carbon Gen 11

Big ideas start here

The refined Lenovo ThinkPad X1 Carbon delivers an impressive user experience while remaining thin, light for learning on the go. The communications bar houses the new FHD IR camera options for crystal-clear collaboration.

- Intel vPro®, an Intel® Evo™ Design with 13th Gen Intel® Core™ i7 processor and Core i5 processor P series

- 2.8K OLED display option with low blue light Eyesafe® certification
- Up to 64GB LPDDR5 memory
- Up to 2TB Gen 4 performance PCIe NVMe SSD storage

Lenovo ThinkPad Z13 Gen 2

Progressive mobility for hi-ed learning

Students can tackle any challenge with this thin and ultralight Lenovo ThinkPad, weighing in at under 1.2 kg. This 13" powerhouse delivers an unexpected, iconic craft design using recycled materials—sure to get you noticed on campus.

- Next-generation AMD Ryzen™ PRO processors
- FHD RGB+IR dual camera with new e-shutter
- Ultraslim 4mm bezel design
- Up to 64GB LPDDR5x memory
- Up to 2TB PCIe Gen4 SSD storage

Tablets

Lenovo Tab M10 Gen 3

Thanks to its 10.1-inch HD screen, facial recognition, and Kids Mode, this device keeps students safe whenever and wherever they're learning. And with dual front-facing Dolby Audio™, every lesson delivers immersive sound.

- Unisoc T610 Octa-Core processor
- Dual speakers with Dolby Atmos®
- Up to 4GB RAM + 64GB ROM memory
- 10-point multitouch display
- 8MP auto-focus rear-facing camera and 5MP fixed-focus front-facing camera

Lenovo Tab K10

Built for sturdy learning, this entry-level tablet features a 10.3-inch reinforced screen and crisp IPS display resolution. It's robust enough to withstand knocks and bumps, and suitable for multiple users and over-enthusiastic fingers.

- MediaTek Helio P22T Octa-Core processor
- Dual mics and dual Dolby Audio® speakers
- Up to 4GB RAM + 128GB ROM memory
- Batteryless power

Lenovo Tab P11

With a large 11-inch, 2K display, and Dolby Atmos® front-facing speakers, students can immerse themselves in vibrant videos and explore detailed illustrations. Plus, the high-resolution 8MP camera enables collaborative learning from anywhere.

- Up to 85% screen-to-display ratio
- Powerful Qualcomm® Snapdragon™ 662 Octa-Core processor
- Up to 2.0 GHz CPU clock speed
- Slim aluminum-alloy casing with modern dual-tone finish
- All-day battery life

Lenovo Workstations

With a greater emphasis on STEAM coursework from elementary school through higher education, the power of workstations is crucial for successful learning outcomes.

Lenovo ThinkStation P360 Ultra

Redefining the power of small

A brand-new workstation featuring a revolutionary form factor, the Lenovo ThinkStation P360 Ultra breaks new ground by delivering superior performance and flexibility in a chassis less than four liters in total volume. This powerhouse enables STEAM students to confidently soar.

- Up to Intel vPro® with 12th Gen Intel® Core™ i9 processor
- Up to NVIDIA® RTX™ A5000 mobile
- 170W, 230W, 300W power supply (89% efficient)
- Up to 128GB DDR5, 4000MHz memory
- Up to two 4TB NVMe SSDs storage
- 3 DisplayPort™ ports* on board, up to 8 independent displays

*1x serial port standard; 1x serial port optional

Smarter technology for all **Lenovo**

World's smallest workstation
with 1L chassis

Lenovo ThinkStation P360

Small size, big performance

The industry's smallest workstation, the Lenovo ThinkStation P360 Tiny is engineered to go where others can't, offering uncompromising performance in a form factor that is 96% smaller than a traditional desktop. Focused on functionality and configurability, this ISV-certified tiny workstation is perfect for those pursuing big career goals, like engineering, architecture, science, and medicine.

- The industry's smallest, ISV-certified workstation
- Built to perform with 12th Gen Intel® Core™ processors
- Choice of professional NVIDIA® discrete graphics
- Configurable with dual M.2 PCIe Gen 4 NVMe SSD storage and loads of memory
- Support for 6 independent displays to maximize screen real estate and multitasking

Lenovo ThinkStation P360 Tower/SFF

Power on a budget

Complete mission-critical tasks with the superior reliability and powerful performance of the Lenovo ThinkStation P360. This powerful entry-level workstation is offered in two form factor options for ultimate workspace flexibility and exceptional all-around value for today's STEAM and CTE learners.

- High performance with 12th Gen Intel® Core™ processors
- NVIDIA® professional graphics support and VR-ready option
- Configurable with dual M.2 PCIe Gen 4 SSD storage
- Up to Up to 128 GB DDR5 4400MHz memory
- Eco-certified and built with sustainable materials

Lenovo ThinkStation P358

Workstation reliability. Desktop pricing.

The ideal solution for entry-level CAD and STEAM educators and students, the Lenovo ThinkStation P358 tower provides value without compromising on reliability. Built for mission-critical tasks that require high performance, this system features exceptional all-around value—and it boasts ISV-certification, next-generation AMD Ryzen™ PRO processors, and NVIDIA® graphics support.

- Premium workstation performance without the hefty price tag
- Powerful AMD Ryzen™ PRO processors and NVIDIA® discrete graphics options
- Highly configurable with 1TB storage, 32GB memory, plus two PCIe slots
- Supports up to 750W, 92% efficient power supply for demanding workflows
- ISV-certified to seamlessly handle industry-leading applications

Lenovo ThinkPad P15 Gen 3

Built for creators who demand more value

Unlock ultimate power configured your way. The Lenovo ThinkPad P15 delivers next-level performance so you can tackle the toughest projects. Vibrant colors and amazing audio take this mobile workstation to a new level, whether you're viewing or creating or multimedia. Tested to the extreme and built with integrated security, this Lenovo ThinkPad enables students to move forward with confidence.

- Up to 12th Gen Intel® Core™ i7 processor
- Up to NVIDIA RTX™ A2000 graphics
- Up to 64GB DDR5 4800MHz memory
- Up to 4TB M.2 PCIe Gen4 NVMe SSD storage
- Up to UHD display with HDR400, Dolby Vision® HDR, and X-Rite color calibration

Lenovo ThinkPad P16s Gen1 i

Perfect mix of performance, sustainability, and power

With a fresh style and high-level performance, this Intel-powered mobile workstation delivers everything you need for everywhere productivity. Dual-bypass design with dual fans, vapor chamber colling, a keyboard air intake, and rear vents keeps this 16-inch powerhouse stays as cool as it looks.

- Up to 12th Gen Intel® Core™ i7 processor
- Discrete graphics NVIDIA T550, 4GB VRAM
- Up to 32GB 6400MHz LPDDR5 memory
- Up to 2TB PCIe Gen4 NVMe storage
- Multiple 16" screen options including QHD+ with X-Rite color calibration

Lenovo ThinkPad P1 Gen 5 + ThinkReality A3 smart glasses

Form, function, and vision

Collaborate, design, and train with this immersive solution for higher education. Ideal for STEAM coursework, the powerful Lenovo ThinkPad P1 along with ThinkReality A3 smart glasses lets you augment your reality by accessing multiple monitors in a limited space or mobile environment while keeping all your data secure.

- 16" powerhouse with low blue light and X-Rite Factory Color Calibration for color accuracy
- Up to Intel vPro® with 12th Generation Intel® Core™ H Series processors
- Choice of NVIDIA® RTX™ or NVIDIA® GeForce RTX™ graphics
- Carbon-fiber Weave or Black chassis options
- Up to 165Hz blazing fast refresh rate
- DDR5 memory and tons of SSD storage for speedy system performance

Lenovo ThinkPad P14s Gen 3 i

Power that moves

Innovate anytime, anywhere with Lenovo's lightest mobile workstation. Designed with STEAM students in mind, this mobile powerhouse delivers the perfect balance of high performance, security, and portability.

- Powered by up to 12th Gen Intel® Core™ i7 processors
- Superb Wi-Fi connectivity and ports, including Intel® Thunderbolt™ 4
- Choice of NVIDIA® discrete graphics or integrated Intel® graphics
- Light, high-performance 14" mobile workstation, ISV-certified
- Next-gen storage for seamless multitasking
- Secure & durable, tested to work in almost any environment

The Lenovo ThinkCentre M70 Tower has more than enough ports

Lenovo Desktops

Desktops are ideal for students with high-powered, focused needs, including aspiring programmers, architects, and engineers.

Lenovo ThinkCentre M70t Gen 3

Engaging innovative thinkers

No matter how big the project, Lenovo ThinkCentre M70 Tower can handle it quickly and efficiently. With the latest powerful processors, ultra-fast memory and dedicated graphics option, it can boost student productivity in no time. It's also easy to set up and to use, and it can connect to multiple monitors for an immersive experience.

- Up to 12th Generation Intel® Core™ i9 Processors
- Up to 128GB DDR4-3200
- ThinkShield compliance & Intel vPro Essentials
- Intel HD Graphics 730/770 in processor to support multiple monitors
- EPEAT™ Gold, Energy Star 8.0, TCO 9.0

Desktops

Lenovo ThinkCentre M75s-2 (SFF) Small footprint, big achievements

With the Lenovo ThinkCentre M75s-2, students can breeze through their toughest tasks or school projects. They can multitask, create content, and crunch data easily thanks to the strong AMD processor and quick memory. It's designed to be energy-efficient and reliable, and it was rigorously tested for durability, making it ideal for those who want to focus on their productivity.

- Up to AMD Ryzen™ 9 PRO processor
- Up to AMD Radeon™ 520 2GB graphics for multitasking
- Up to 128GB DDR4-3200 memory
- Energy Star® 8.0 and EPEAT™ Gold rating for selected configurations

Lenovo ThinkCentre M70s (SFF) Gen 3

Fostering creativity

The Lenovo ThinkCentre M70s SFF is designed to help students quickly and efficiently get things done. This SFF device is easy to manage and configure to meet any user needs. Recognizing individual work style, this smart next-gen technology accelerates everything—from booting up and opening large apps to finding files fast and multitasking seamlessly.

- Up to 12th Generation Intel® Core™ i9 processors
- Up to 128GB DDR4-3200 memory
- ThinkShield compliance & Intel vPro Essentials
- Flexible expandability with up to Gen 4 PCIe x16
- EPEAT™ Gold, Energy Star 8.0, TCO 9.0

Lenovo ThinkCentre M70c (SFF) Unleashing potential

The Lenovo ThinkCentre M70c SFF is a cost-optimized option perfect for classrooms. Everything on this power-packed machine points to performance. From the box straight to the classroom, it's perfect for those who want to hit the ground running. It's also designed to handle two monitors at once without any specialized software or technical setup.

- DDR4 memory (up to 32GB)
- Multiple ports, including USB 2.0 and 3.1, a DisplayPort™, plus space for speakers, headphones, and a microphone
- 5 sustainability and green certifications, including Energy Star® and RoHS

Lenovo ThinkCentre M80t Gen 3

Everyday schoolwork just got easier with the reliable, speedy, and efficient Lenovo ThinkCentre M80t desktop. Packed with Intel processors and ample memory space so students can make the most of their projects, this Lenovo ThinkCentre also has robust security features, so important data will always be safe.

- Up to 12th Generation Intel Core i9 Processors
- Up to 128GB DDR5 memory
- ThinkShield compliance & Intel vPro Essentials
- Intel UHD graphics 710/730/770 in processor, Intel Iris[®] X^e MAX 100 (optional), AMD Radeon[™] RX 6400/6500XT (optional), or NVIDIA[®] GeForce[®] RTX[™] 3050 (optional)
- EPEAT[™] Gold, Energy Star 8.0, TCO 9.0

Lenovo ThinkCentre M70q (Tiny) Gen 3

Responsive to your every inspiration

Despite being 96% smaller than a full-sized desktop, the Lenovo ThinkCentre M70q Tiny is just as powerful and responsive. Engineered for manageability, security, and performance, this high-performing Tiny device blends seamlessly into today's evolving classroom experience—remote or hybrid.

- Up to 12th Generation Intel[®] Core[™] i9 processors
- Up to 64GB DDR4-3200 memory
- ThinkShield compliance & Intel vPro Essentials
- VESA Mount, Burner Kit, and TIO solution for multiple scenarios
- EPEAT[™] Gold, Energy Star 8.0, TCO 9.0

Lenovo ThinkVision iLFD S75

ThinkVision iLFD (Interactive Large Format Displays) bring learning to life with rich whiteboard solution tools, in-class device collaboration, and centralized control and update.

Inspire bright minds with **Lenovo** **ThinkVision** monitors.

Unleash creativity and limit eye strain in any learning environment with crisp, vivid Lenovo ThinkVision monitors. Simple and clean cable and connectivity options make it easy to take a full-size display wherever class is in session. From the high-performing P Series to the value-focused E Series, there's a monitor for every budget.

Smarter technology for all **Lenovo**

Monitors / Best for all-day learning

Lenovo ThinkVision T24i-2L

Conquer every learning task using this crisp FHD IPS monitor. Natural Low Blue Light display helps reduce eye fatigue without color distortion. Various connection options and flexible positioning help keep the workspaces organized and comfortable as students power through the school day.

- 23.8" FHD IPS 3-side near-edgeless display
- VGA+DP+HDMI with audio out and 4x USB 3.0
- Up to 150mm lift range ergonomic design
- Natural Low Blue Light display for eye protection

Lenovo ThinkVision P24h-2L

Unifying simplicity and aesthetics, this 23.8-inch display comes with QHD resolution, In-Plane Switching (IPS), and 3-side near-edgeless bezels. With Natural Low Blue Light technology built in, this monitor doesn't compromise on color performance of picture quality while reducing harmful blue light.

- 99% sRGB, 99% BT.709, and 83% DCI-P3 color gamuts
- USB-C Hub for one-cable solution
- Smart Power Technology
- Flexible VESA mounting options

Monitors / Best for all-day learning

Lenovo ThinkVision T32p-20

Learn with pixel-perfect clarity with this 4K UHD resolution screen, delivering a 99% accurate sRGB color gamut. The three-side, near-edgeless screen and 178°/178° viewing angles enhance classroom collaboration wherever school is in session.

- 31.5" UHD (3840x2160) display
- HDMI, DP ports with USB hub
- USB Type-C one-cable solution
- TÜV Rheinland Eye Comfort certification for reduced eye strain and fatigue

Lenovo ThinkVision T27h-2L

This 27-inch monitor provides a Natural Low Blue Light display to accommodate those long days of learning and discovery. The fully adjustable stand allows for tilt, swivel, and pivot to create that just-right positioning for all-day comfort.

- 27" 109 dpi display
- HDMI, DP, and USB Type C Inputs
- 99% sRGB
- Natural Low Blue Light technology for eye protection

Lenovo ThinkCentre Tiny-in-One

Compatible with Lenovo ThinkCentre Tiny and Lenovo ThinkStation Tiny, learners can easily create a modular All-In-One (AIO) workspace free of cables and clutter. This crisp borderless LED touchscreen with a lift/tilt/pivot/swivel stand and DisplayPort connectivity delivers reliable performance at an affordable price.

- Modular AIO by TIO + TINY
- USB-C one-cable solution
- 23.8" FHD 3-side near-edgeless display
- 1920 x 1080 resolution
- VOIP and touchscreen support

Lenovo ThinkVision T24v-20

Built to empower the next-generation workforce, this smart, innovative display is ideal for today's learners. This 23.8-inch monitor has an IR camera, Windows Hello, and enterprise-grade security to ensure an instant and secure login, and the camera is equipped with a webcam privacy shutter for added privacy. Dual microphones and speakers offer an enhanced VoIP meeting experience.

- 23.8" FHD IPS 3-side near-edgeless display
- Integrated 1080p IRRGB camera with dual microphone and 2x3W speaker
- Facial recognition camera with Windows Hello
- Angle adjustable camera with webcam privacy shutter

Monitors / Best for remote learning

Lenovo ThinkVision T27hv-20

Explore, create, and collaborate in vibrant color and with enhanced clarity. Get top-of-the-class features, like 1080p IRRGB webcam, noise-canceling mics, and powerful speakers. With USB-C Hub, this monitor provides superb, single-cable connectivity and allows you to daisy chain a second monitor for greater productivity.

- 27.0" QHD In-Plane Switching (IPS) display
- Two 3W front-facing speakers
- Natural Low Blue Light technology for eye protection
- HDMI, DP, and USB-A ports
- Glance by Mirametrix® software for privacy

Lenovo ThinkVision M14t

Scale new heights of discovery and creativity in today's hybrid learning environment. This slim and light mobile monitor provides you with an extra screen whenever you need it. With 10-point touch functionality and pressure-sensitive active pen, enjoy the freedom to design, animate, present, and annotate on an intuitive monitor interface.

- 14" full-HD IPS display
- 1920 x 1080 resolution
- 10-point touch (with 4096 pressure level active touch pen)
- 2x USB-C ports
- USB-C cable (1m)

Monitors / Best of the best

Lenovo ThinkVision P32p-20

Engineered to impress, this vibrant display enhances details and augments creativity. Versatile connectivity ports, factory-calibrated color accuracy with average Delta E<2, 99% sRGB, and USB-C one-cable solution make this monitor a true inspiration.

- 31.5" UHD (3840 x 2160) 3-side near-edgeless display
- USB-C one-cable solution
- Built in Ethernet port
- Factory-calibrated color accuracy with multiple color gamut

Lenovo ThinkVision P27h-30

The QHD resolution and easy connectivity make this stunning display ideal for the evolving learning environment. It delivers a premium functional and ergonomic experience with an impressive 27-inch, 4-side near-edgeless anti-glare screen for all-day creativity and discovery.

- 27-inch 2560 x 1440 QHD resolution IPS display
- 4-side borderless sleek, large screen with excellent contrast ratio
- 99% sRGB, 95% DCI-P3, and 99% BT.709
- Supports HDR10 for enhanced viewing experience
- Features Natural Low Blue Light technology and a fully adjustable stand
- Easy multitasking with daily chain

Lenovo ThinkVision T24t-20

Lenovo ThinkVision T24t-20 puts success in both students' hands thanks to its 23.8-inch, touch-screen, In-Plane Switching panel display that recognizes input from 10 points at once. Now they can draw and edit images with precision and work with apps that use variable touch.

- 23.8" touch-screen
- 1920 x 1080 resolution
- 3-side NearEdgeless screen
- TÜV Low Blue Light certified

Lenovo ThinkVision E24-28

Experience a clear 23.8-inch FHD display for vivid, accurate images from a wide viewing angle. With built-in power and HDMI, it can connect to both analog and digital devices for inspired learning from anywhere.

- 23.8" FHD display
- 1920 x 1080 resolution
- HDMI connection versatility
- TUV Low Blue Light certification for eye protection

Lenovo ThinkVision S24e-20

This 23.8-inch FHD display delivers a rich visual experience and connectivity options for learning and play. The VGA and HDMI ports offer total versatility, and the VESA mount allows for flexibility and comfort. Long days are no problem with Low Blue Light certification to help minimize eye fatigue.

- 23.8" FHD anti-glare display
- 3-side near-edgeless panel
- HDMI connection versatility
- TUV Low Blue Light certification for eye protection

Lenovo G34w-10

This monitor delivers immersive experiences both in learning and entertainment. Its 34-inch WLED Ultra-Wide display with curved panel draws you in and places you amid the games or educational movies. And with a fast refresh rate, no movement is lost.

- 34-inch WLED ultra-wide curved display
- Refresh rate of 144Hz
- AMD Radeon FreeSync™ technology
- Low Blue Light certification

Lenovo Legion Y25g-30

Ideal for both professional gaming and intense learning, the Lenovo Legion Y25g-30 has a FHD LED Backlit LCD display showcases even the smallest of details. Its rapid response time and refresh rate ensure that every moment flows without lag or blur.

- 1920x1080 resolution display
- 240 Hz refresh rate
- 1ms response time
- NVIDIA® G-SYNC® Compatible technology

Lenovo G27q-30

The Lenovo G27q-30 has a future-chic, Vector V-shaped base that is not only good looking, but adds stability to the ergonomic design. Its 27-inch, 2560 x 1440 QHD resolution In-Plane Switching VA panel display delivers crystal-clear detail and true-to-life lighting that immerses the viewer.

- 30-inch QHD resolution display
- 165Hz refresh rate
- 4ms MPRT2 response time
- TÜV Rheinland Low Blue Light and Flicker Free certified technology

Make Lenovo devices even better with the **right accessories.**

Students and teachers alike can take their desktop or laptop to next-level awesome with customized accessories to optimize efficiency, mobility, and convenience. Discover how Lenovo headphones, keyboards, docks, and more can enhance your education technology.

Smarter technology for all **Lenovo**

Lenovo Protective Cases

New protective case is for 300e, 500e, 300w, 500w

- Full access to keyboard and ports
- Limited lifetime warranty protection
- Easy snap-on installation with durable and cleanable exterior

Services

Lenovo

End-to-end services support ongoing learning.

Serving education far beyond our innovative technology, Lenovo's world-class services portfolio delivers end-to-end solutions that span the lifecycle of Lenovo systems, helping learning institutions maintain, protect, support, connect, configure, and eventually, retire end-of-life assets in an environmentally sound and cost-effective way.

Smarter technology for all **Lenovo**

A refreshingly simple approach to device management

Focus on what you do best. Lenovo Device as a Service for Education manages your device lifecycle, so educators and ITDMs can ensure better learning outcomes.

Affordable Monthly Payments

- Simple monthly cost includes devices, software, and services.
- Delivery of the latest devices.
- Maximize cost efficiency with custom solution built around your institution's unique requirements.

Education-Specific Software & Solutions

- Support modern classrooms with a DaaS solution that can grow and change with your institution.
- Empower learning both inside and outside of the classroom with Hybrid Classroom and VR Classroom solutions.
- Select your custom software and solutions with options from advanced classroom management to airtight security with protection from cyberbullying and illicit content.

Flexible Service Support

- Keep users productive and devices running smoothly with Premier Support.
- Protect devices with Accidental Damage Protection, Onsite and School Year Warranty Services, and ThinkShield security.
- Leverage expert end-to-end lifecycle management services, including configuration, deployment, device management, warranty repairs, and secure asset disposition.

Device as a Service for Esports

- Keep your esports devices up to date as technology advances.
- Affordable payments with gaming products, services, and even furniture included.
- End-of-term flexibility to meet your school's needs.

Configure & connect

Asset Tagging & Etching

Protect and track your PCs with an asset tag, from day one.

- Establish a strong asset management program
- Streamlines deployments and saves time
- Reduces the risk of loss or theft of valuable technology assets
- PCs are protected from day one and are easily identifiable and trackable right out of the box
- Laser etching provides a secure, tamper-resistant means to identify your assets

Lenovo's Google Chrome White Glove Services

Reduce deployment cost and time.

- Ensures teachers and students don't waste valuable learning time setting up and configuring new hardware
- Includes planning, setup, and end-to-end management of custom rollouts and deployments
- Pre-enrolled and activated in Google Admin Console
- Integrate new PCs seamlessly into existing environment, right out of the box

Lenovo Custom Imaging Services

Automate the imaging process and free up IT resources.

- Creates, verifies, and deploys customized image during manufacturing
- Lowers costs and supports faster, error-free deployment
- Automates labor-intensive IT services
- Delivers customized image to hardware in the most secure way possible

Sustainability Services

Improve sustainability for a smaller environmental impact.

- **CO₂ Offset Service**
Provides a simple and transparent way to give back to the environment by helping customers offset the carbon emissions associated with their Lenovo PC
- **Bulk Packaging Service**
Offers a sustainable packaging solution designed for multiple product types that minimizes the amount of material used without jeopardizing packaging integrity
- **Asset Recovery Service (ARS)**
Mitigates environmental and security risks through a customized single-source solution for secure, documented disposition at the product's end of life.

Protect

Keep Your Drive

Avoid potential data leaks that can put your education institution in jeopardy.

- Eliminates the risk of data leaks, allowing educational institutions to maintain ownership of a failed drive
- Eliminates the need for tracking failed drives in transit
- Gives your limited IT staff the time to concentrate on mission-critical activities

Cloud Recovery

Access your custom image anytime via secure credentials from Lenovo's secure cloud portal.

- Custom image stored securely on the cloud
- Hard drive or software failure can be easily recovered by users, without assistance from IT
- Results in an error-free, custom image, fully restored in just a few minutes
- Subscription service models available

Support

Premier Support Plus

Elevate your IT support experience to unprecedented levels.

Allow students and teachers to stay focused on teaching and learning by providing best-in-class accidental damage protection, extended sealed battery protection, international service, and much more. You've invested in Lenovo devices, and we'll help you maximize your ROI by protecting them and having Lenovo support engineers available 24/7/365 focused on rapid, first-time fix. Premier Support Plus is a 'human-centric' approach to delivering support with the spotlight on customer experience.

We help you monitor the overall health of your device fleet by leveraging AI insights, powered by Lenovo Device Intelligence, to deliver proactive and predictive alerts. These insights enable preemptive issue remediation to avoid downtime and ensure productivity.

Support

Sealed Battery Warranty

Provides extended battery replacement in the event of a battery failure.

- Protects your investment by extending one-year base battery warranty
- Prevents the hassles and frustrations of system unavailability
- Lenovo-certified technicians ensure effective and efficient battery replacement

Flexibility

Match the needs of your school and your buying cycles.

- Buy hardware and warranties on your own schedule
- Available for Depot Warranty Service, Onsite Warranty Service, and Accidental Damage Protection
- Available on any Lenovo N Series, ThinkPad 11e, or ThinkPad 13 laptop
- Available to add depot and onsite services as needed.

Accidental Damage Protection

When accidents happen, minimize student downtime with unlimited repairs.

- Protects devices from non-warranty damage
- Saves up to 80% compared to repair or replacement costs
- Covers damage from accidental drops, spills, bumps, and structural failures, electrical surges, and from damage to the integrated LCD screen

Lenovo Support Services

Premier Support Plus

- All Premier Support benefits with a 24/7/365 human-centric support experience
- Lenovo engineers provide support directly to your IT teams and your end-users
- Seamless support from anywhere
- Combines with smarter proactive and preventative services

Premier Support

- 24/7 support from expert technicians
- Manage routine support tasks
- Free IT to focus on strategic efforts to improve learning outcomes

Education Premium Care

- 24/7 access to experienced technicians
- Choice of onsite or depot repairs
- Single source for trained technicians

Manage & retire

Provisioning Packages

Maximize learning with minimal disruptions with automated provisioning.

- Simplifies the IT process to optimize costs
- Tailors BIOS settings for your specific needs
- First Boot Services automate provisioning tasks in manufacturing
- Moves configuration activities to manufacturing, so devices are ready on arrival

IMAC: Install, Move, Add, Change Services

Take back your time, capital, and resources to focus on learning.

- Deploy new hardware and/or software
- Relocate IT assets to other locations
- Rebuild or reinstall software images
- Add new accessories, memory, or processor upgrades

Asset Recovery Services

Securely dispose of old hardware assets, regardless of brand.

- Destroys sensitive data
- Ensures compliance with environment and government laws
- Certifies the asset and data disposal, taking the burden off your IT team

Lenovo Professional Development Services

Build capacity to innovate teaching and learning

- Assists you in the pursuit of digital transformation
- Meets you where you are, so you can choose the solutions and services that best meet your needs
- Helps you expand your digital ecosystem

Lenovo

Software

Software solutions for learning **from anywhere.**

Lenovo software solutions help schools adapt to the dynamic settings of today's learners. Along with our trusted partners, Lenovo offers dependable and budget-friendly tools to promote engagement and ensure student online safety. We provide bundled offerings around our Lenovo software, as well as Google Education software.

Smarter technology for all **Lenovo**

Security, safety & device management

Track, assess, and protect remote devices 24/7 and effectively manage live class sessions with tools to share and filter content.

ABSOLUTE®

Track, assess and manage your device fleet. Remotely investigate potential threats and remediate security incidents using self-healing technology to return compromised devices to a healthy security status.

SentinelOne™

Protect your school's networks and safeguard student data against malware, ransomware, and phishing attacks with this next-generation anti-virus that provides one-click rollback.

Lenovo Device Intelligence Plus

Assess, predict, and prevent device performance issues at scale for focused student learning.

- Predict & prevent anomalous behaviors that could cause device failures
- Analyze & resolve issues to reduce repair time
- Optimize & improve PC health data with AI metrics

Lenovo NetFilter

Helps protect students from digital dangers with cloud-based, AI-driven web filtering and keystroke alerts.

- Customized filtering to block access for specific users
- Built-in and customizable reporting
- Compliant with data privacy and other regulations
- Easy mass deployment and management
- Threat detection against digital dangers

Lenovo NetFilter+

Upgrade to receive real-time keystroke alerts for digital dangers, including cyberbullying, threats of violence, and suicidal ideation.

- Scheduled, customizable reporting and screen captures for better insight
- Monitors content across the device with configurable settings based on policies

Google Chrome Education Upgrade

Manage thousands of Chromebooks in seconds from one cloud-based console, including deployment, customizing features, and configuring security settings. Plus, access the latest learning tools to personalize the classroom experience.

Classroom software

Classroom management

Support synchronous learning sessions and offer students a collaborative, distraction-free learning environment.

- Student screen monitoring
- Messaging and collaboration tools
- Raise hand feature for remote learning

Curriculum

Allow remote student users to access 3D STEM learning experiences through web-based VR.

- Lesson library of 500+ VR experiences with learning objectives and assessments
- Accessible on any device with an internet connection
- Analytics for engagement and performance

VictoryXR

Access 240 unique VR and AR experiences spanning more than 50 different learning units.

- VictoryXR Academy
- VXR.Direct
- Hardware for VR education

Classroom software

Engage students with robust learning options, including tech-enabled curriculum, STEM and CTE readiness, and digital creation tools.

Digital tools

Google Creativity Apps for Chromebook

Scale app licenses as needed for screencasts, drawings, podcasts, books, videos, and notes.

- Licenses can be purchased and easily managed within Google Admin Console
- Apps foster interactive teaching and learning

Google Workspace for Education

Make collaboration easier, streamline instruction, and keep your learning environment secure with flexible and secure no-cost tools or enhanced capabilities to suit the needs of your institution.

Microsoft Teams

Support synchronous and asynchronous lessons with video conferencing and collaboration tools.

- Microsoft Whiteboard
- Video conferencing
- Content management
- Gradebook
- Collaboration groups
- Chat
- Professional development

Whiteboard for Microsoft Teams

Create beautifully engaging content for your class with this visually rich and interactive tool. Now directly built into Teams, Whiteboard features are easier to use and enable seamless collaboration.

Microsoft 365 Education

Get the software solutions to improve the educational experience across the board.

- Improve learning outcomes
- Fuel classroom efficiencies
- Unlock student creativity
- Promote collaboration
- Save time and money

uptale

Transforms education into project-based and experiential learning.

- Language learning
- Hands-on practice
- Immersive tours
- Professional orientation

Partners

Empowering every student on the planet to achieve more

Microsoft software and tools can accommodate different learning styles, facilitate independent and collaborative work, and encourage student achievements—all while saving teachers time and getting students future-ready. Both are compatible and available for integration with Lenovo technology solutions.

A Fresh perspective on education technology

AMD understands the thrill of breakthrough discoveries and is passionate about leading the way in technology-enabled teaching and learning. With innovations that help unlock more engaging, rewarding, and inspiring experiences, AMD offers solutions for every layer of the education system.

Making mobile learning more accessible

Qualcomm is committed to building a better tomorrow and empowering the next generation of learners through our innovative technologies and strategic initiatives. We deliver a comprehensive portfolio of devices that are purpose-built for classroom and blended education.

Enriching the learning experience

Make anytime, anywhere learning possible with a solution powered by Intel. Today's students are always connected and always learning, both on and off school grounds. The right technology can help students develop real-world, career-ready skills while empowering educators to manage classroom operations efficiently and personalize learning experiences for their students. Intel powers Lenovo's technology solutions.

Helping to expand learning for everyone

Google is working to support education through our products, programs, and philanthropy. Chromebooks, Google Workspace for Education, Google Meet Series One Room kits, and other education-based product solutions are available from Lenovo.

MediaTek has played a pivotal role in keeping students and teachers connected for in-person and virtual learning. Our chipsets deliver the perfect balance of power and performance to conquer every challenge and foster big ideas.
