Training News January to March 2019

Welcome to the Xmas TTA 2018/19 winter season newsletter. This is our beloved Jayne's memorial winter training season —Rest In Peace Jayne—you will be very much missed by us all. FACTS still has the odd place left but all other BASIS type courses are now over-subscribed. The HSE sessions have gone well and helped to enhance our understanding of the HSE's approach and expectations around the County. Have a Merry Christmas one and all and a Happy New Year—we will see you in the new year. Best Wishes *Rob*

Brexit and Business Resilience Workshop—Teresa Meadows and team—Watton—31 Jan

Brexit – how to make the most of the upcoming uncertainty, interpret the emerging and existing market changes. Further enhance business resilience in the light of the upcoming changes. Review the grain market in the light of these impending changes and finishing with a crop health and protection resume. 12 BASIS, 1 NRoSO pt

Cultivations and Soil Management— with Dr Mark Stalham— Watton—Thurs 17 January 2019

Improve understanding of the importance of soil cultivatability, organic matter, depth of cultivation and wetness of soil and crop responses. Avoiding damaging soils by untimely and excessive cultivation. Improve soil stability, improving cultivatability, reduce energy consumption. Increase the efficiency of N and other nutrients by the crop and minimise losses to the environment. Plus an open forum opportunity for problem solving and issue resolution. 12 BASIS, 1 NRoSO

Potatoes—The New Revolution 26 February Watton With Martyn Cox

We are lucky to get Martyn to speak to us this year—A complete new look at potato agronomy from beginning to end; soil, nutrition, crop and pest/disease lifecycle. Assessing soils and irrigation, choosing the right crops, looking after them. Planning rotation, dealing with pests and diseases— 12 BASIS, 1 NRoSO pts

ADR Carriage of Dangerous Goods by Road plus tanks if required - SQA qualification with 21 lorry driver CPC points if required

4-8 Feb 2019 Shipdham.

Combinable Crops Agronomy with Russell Armstrong - Tuesday 5 February

The latest trends and developments in Wheat, Barley and OSR agronomy for the winter season and into 2018 and beyond. 12 BASIS 3 NRoSO pts

Confined Space Training - 19/20 February—Saham

HSE now focussing heavily on this as there have been a number of accidents around grain silos and other spaces where they would be defined as 'confined' within the farming environment. Make sure you keep ahead of the game. We have limited spaces on December's course so please register interest early if you haven't done it before.

Crop Nutrition - Mark Tucker and team from YARA- 14 February 2019 Watton

We are lucky to have Mark and team this year as YARA always do an excellent session for us— helping us to make the most of your very expensive but vital inputs plus the latest developments and looking ahead to how best to make use of these in 2018/19 and beyond. Aim is to maximise PN points Est 10 BASIS, 1 NRoSO pts

FACTS – Jim Lewis - 30 BASIS pts— ask about part funded places asap —10,22 Jan, 7,18th Feb, 25th revision day, exam 28 Feb—Watton 3 places - **LAST CALL**
