Overview

This Job Aid details the procedure for the retirement of an asset. Depending if it is a Retirement with or without Revenue and depending on Retirement (Disposal) Method, we are using different procedures, T-Codes and Transaction Types.

Note: Both the FA.15 and FA.16 roles can review, report on, and update Notifications (IW59) and run asset reports, however only the FA.15 “Financial Accounting: Asset Accounting User” users can post the actual impairment.

T1 – Retirement without Revenue:

Methods of Retirements without Revenue can be:

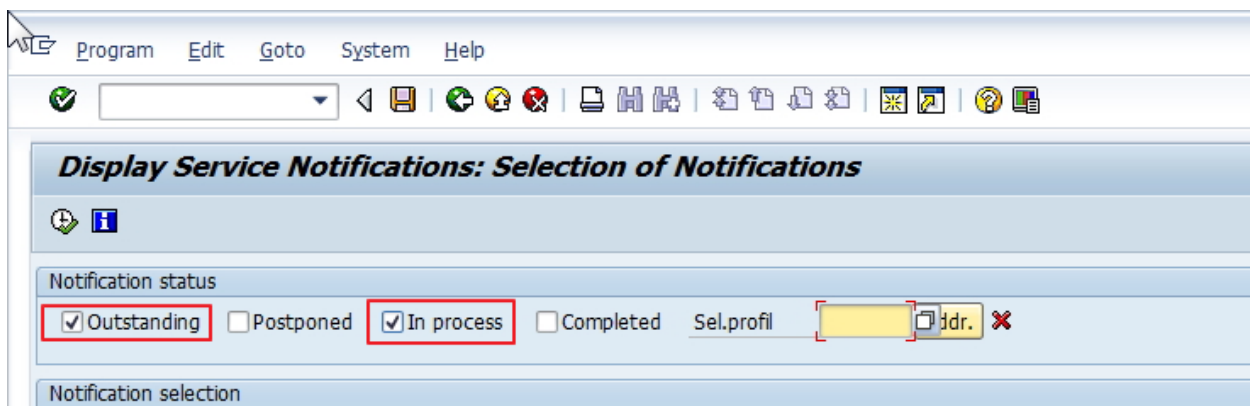

- Write-Off (including scrapping)
- Donation
- Not Found

The procedure and T-Codes are the same for all three methods, however, different Transaction Types are to be utilised. Equipment User Status will differ based on the the Disposal Method (this information can be found within the equipment record).

Note: Tables with breakdown of Retirement Process, Notifications and Transaction Types are provided in Appendix for your easier reference.

T-1.1 Review notifications for retirement

1. Log in to Umoja ECC.
2. Execute Transaction code **IW59** to get the report on current Notifications in the system.
3. In the Notification Status ensure **Outstanding** and **In process** are checked

4. In **Notification selection** Select Notification Type PW

5. In General Data/Administrative data select Coding **UNWRTOFF**

6. Coding Code either left blank (you can later filter within report) or use appropriate codes: UN01, UN02, UN10, UN17 (see table for reference).

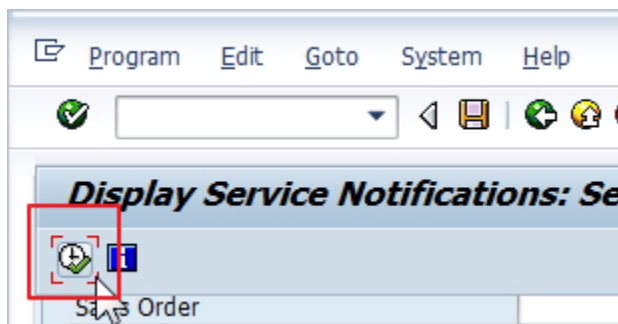

7. If necessary filter by Maintenance Plant under the section “Location Data/Acc....”

8. In Others, select Layout /ASSETNOTIF

9. [Alternatively, you can use list of Equipment numbers (if you know them) or list of Notification numbers for selection].

10. Execute report

11. Filter Notifications based on Type (if not identified in selection as PW) and Notification System Status (NOPR and NOPT)

[NOPR= Notification in Process, NOPT Notification Printed, OST=Outstanding tasks exist).

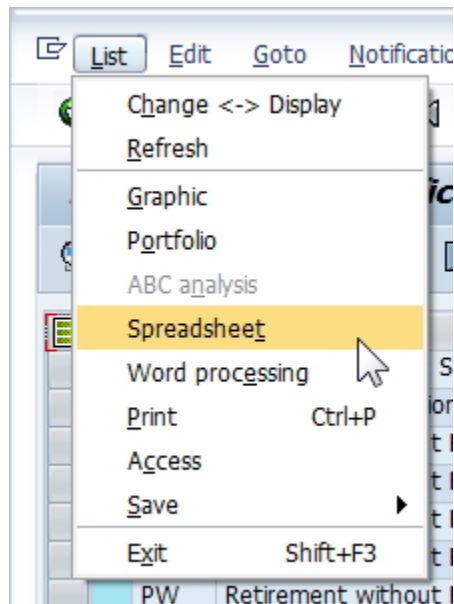

S	Notification	Notif.date	Type	Description
	10000001	19.03.2015	PW	Write-off request : Sedan Car
	10000002	24.03.2015	PW	test GM, FA donation
	10000040	16.06.2015	PW	Retirement without Revenue
	10000041	16.06.2015	PW	Retirement without Revenue
	10000042	16.06.2015	PW	Retirement without Revenue
	10000043	16.06.2015	PW	Retirement without Revenue
	10000044	16.06.2015	PW	Retirement without Revenue
	10000045	16.06.2015	PW	Retirement with Revenue
	10000049	16.06.2015	PW	Impairment
	10000050	16.06.2015	PW	Impairment

rd.	System status	Use
	NOPR NOPT	APP
	NOPR	
	NOPR	AA
	NOPR NOPT OST	REV
	NOPR OST	DIN
	NOPR OST	REV
	NOPR NOPT OST	REV
	NOPR OST	REV
	NOPR OST	APP
	OSNO OST	RQ

12. Filter Notifications based on Notification User Status (REWA and DINP)

System status	UserStat...	Asse
NOPR NOPT	APPR	3100
NOPR		2100
NOPR	AAPD	3100
NOPR NOPT OSTs	REWA	3100
NOPR OSTs	DINP	3100
NOPR OSTs	REWA	3100
NOPR NOPT OSTs	REWA	3300
NOPR OSTs	REWA	3300
NOPR OSTs	APPR	5200
OSNO OSTs	RQCR	5200

13. You can export report in Excel to allow manipulation if necessary.

14. Review each approved (REWA, Review Approved; DINP, Disposal in Process). Review the notification to confirm all relevant documents (approvals) are included and information is sufficient. You can view Notification with double-click on Notification Number.

Display Service Notifications: L

S	Notification	Notif.date	Typ	Desc
	10000001	19.03.2015	PW	Writ

T-1.2 Run the Equipment Asset report (review the status).

During this task the users will run the equipment/asset report and review the status to ensure the status is relevant to retirement.

17. Execute Transaction code **ZAAEQASREC** to run report for Equipment and Asset Reconciliation. Use Get Variant  and select User Variant **ZEQAS**.
18. Expand All Selections  to limit selection of Equipment/Assets:
(You can also restrict by Business Area or other specific elements if required).

Selections

Asset class	<input type="text"/>	to	<input type="text"/>	
Fund	<input type="text"/>	to	<input type="text"/>	
Funds Center	<input type="text"/>	to	<input type="text"/>	
Grant	<input type="text"/>	to	<input type="text"/>	
Functional area	<input type="text"/>	to	<input type="text"/>	
Business area	<input type="text" value="S300"/>	to	<input type="text"/>

28. Post (Save) Retirement and note the posted document number:

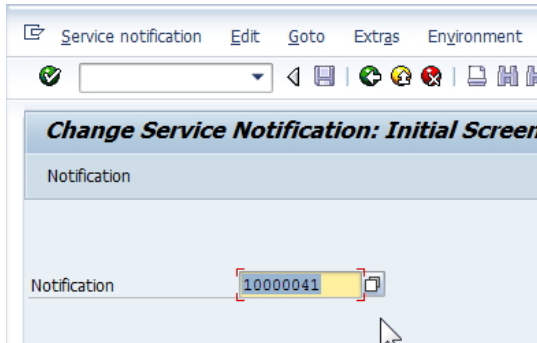

Transaction Edit Goto Settings

Asset transaction posted with document no. 1000 4100000300

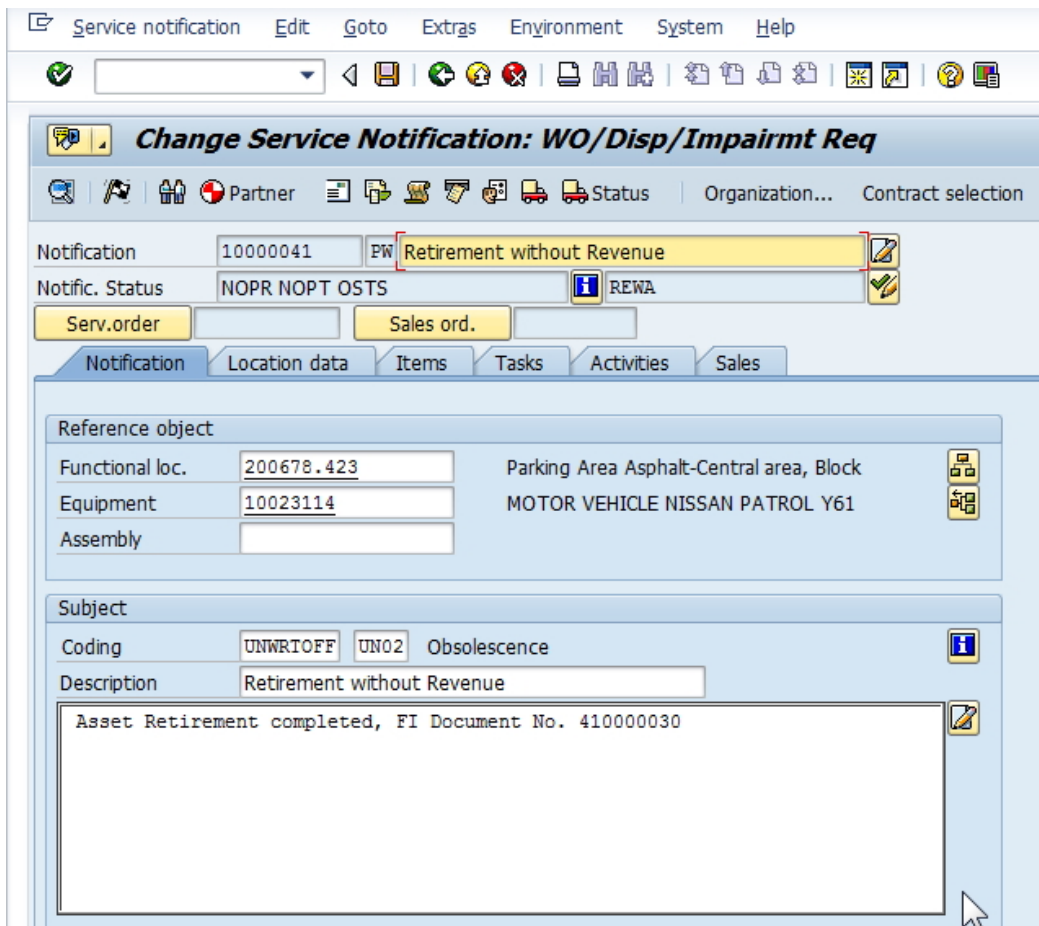

T-1.4 Update the notification status to completed.

- Execute Transaction **IW52** to start modifying Notification – use the same Notification number identified in **IW59**.

Enter Notification number and press Enter:

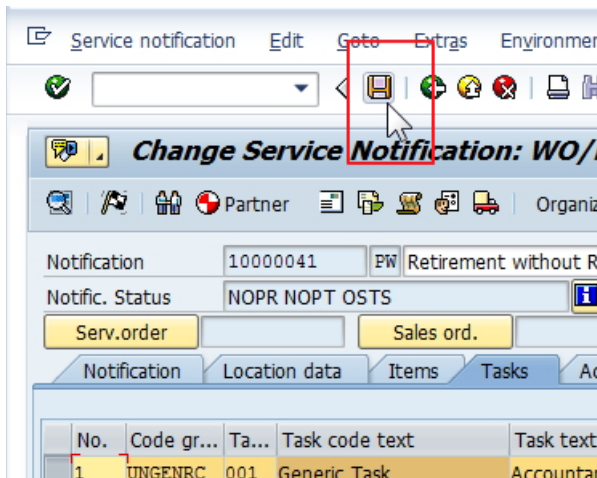

- Start modifying the Notification, make sure to record comment “Asset ## retired as of ..., FI Document No” in Description in NotificationTab.

31. In Tasks tab identify Asset Retirement task, add any comments to it as required, select the task line and click on Complete Task flag in the bottom of the screen to mark Asset Retirement task complete.

32. Save Notification and exit.

T2 – Retirement with Revenue (Sale)

This is the procedure for Retirement of an Asset with Revenue – Sale.

IMPORTANT: If the asset to be sold has a WBSE in its account assignment elements, the Asset must first be transferred to an Internal Order. Refer to job aid 5.1 and follow the process for non-budget relevant transfer. The internal order may need to be created first. The internal order used should be associated with the same Cost Center and Grant (if relevant).

There are two steps in FI

1. ABAON (the asset accounting transaction, discussed below)
2. The Sales Order or follow-on FI document posting (e.g. if sold by UNDP recording a UJ document to clear the posting from the SCA¹, or if sold to a staff member manually recording a receivable on their Vendor BP). Users are reminded to refer to separate job aids in isseek covering both these processes.

In the case where the asset is **sold by UNDP** and the funds from the sales will be received via the Service Clearing Account (**SCA**) **NO Sales Order** will be raised.

Also on service notification the UJ document from the SCA file should be included where possible in the description. Ensure the sales amount you are using is net of UNDP fees where applicable.

In the case where the asset is **sold to a Staff Member** there will not exist a Sales Order, instead a receivable must be manually raised on the staff member's Vendor BP using a Credit Note (t-code FV65)

Note: Tables with breakdown of Retirement Process, Notifications and Transaction Types are provided in Appendix for your easier reference.

T-2.1 Review notifications for retirement

1. Log in to Umoja ECC.
2. Execute Transaction code **IW59** to get the report on current Notifications in the system.
3. In the Notification Status ensure **Outstanding** and **In process** are checked

Display Service Notifications: Selection of Notifications

Notification status

Outstanding Postponed In process Completed Sel.profil [] dr. ✕

¹ The FI posting of the Sales Order is DR Accounts Receivable (GL defined by customer type) CR 69101020. The FI Posting for ABAON is DR Accum. Depreciation CR Asset Cost DR/CR Loss on sale/Gain on Sale DR 69101020 (postings to 69101020 offset one another).

4. In **Notification selection** Select Notification Type PW

5. In General Data/Administrative data select Coding **UNWRTOFF**, for Coding Code either leave blank (if you will filter later in report, or you want to see all Retirements) or use appropriate code: UN01 (see table for reference).

6. In “Location Data/...” filter by Maintenance Plant (if necessary)

7. In Others, select the Layout **/ASSETNOTIF**

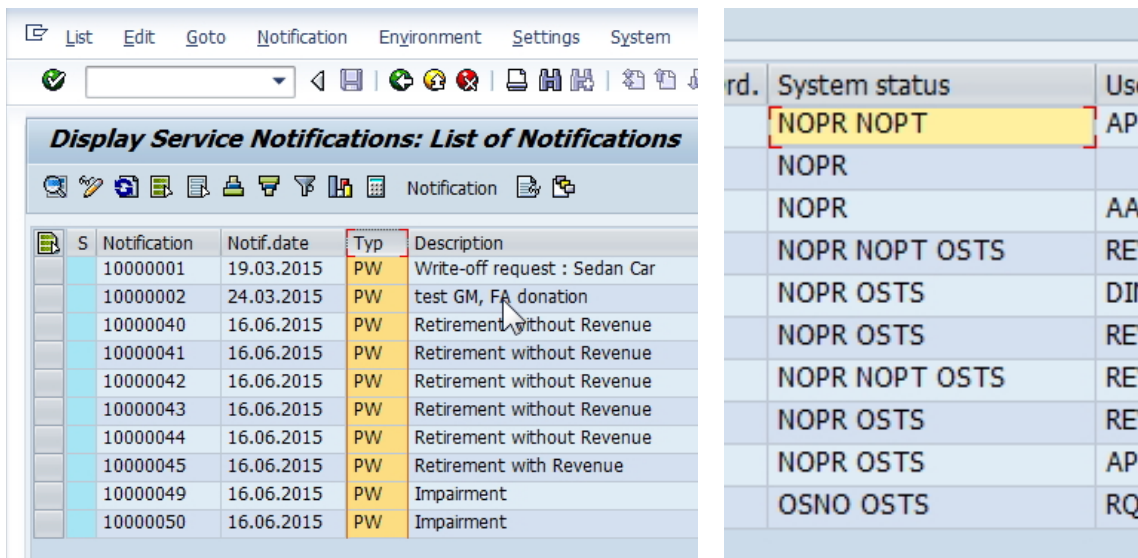

8. Alternatively, you can use list of Equipment numbers (if you know them) or list of Notification numbers for selection.

9. Execute report

10. Filter Notifications based on Type (if not identified in selection as PW) and Notification System Status (NOPR and/or NOPT).

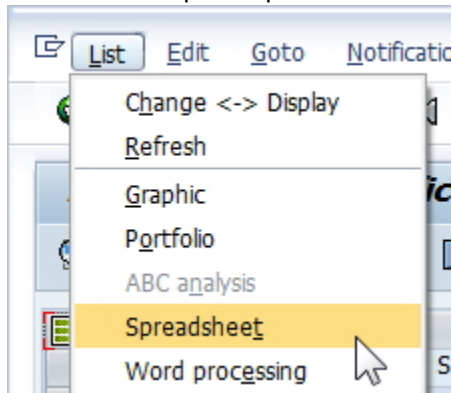

[NOPR= Notification in Process, NOPT Notification Printed, OSTs=Outstanding tasks exist).

11. Filter Notifications based on Notification User Status (REWA- review approved and DINP-disposal in process).

System status	UserStat...	Asse
NOPR NOPT	APPR	3100
NOPR		2100
NOPR	AAPD	3100

	19.01.2015	10000117			Transfer of Vehicle	10

In the Sales Order header, locate Net value to be recorded in Asset Retirement as revenue

Sales document Edit Goto Extras Environment System Help

Display UN Standard Order 54: Overview

UN Standard Order	54	Net value	220.00	USD
Sold-To Party	1500000443	KENYA RED CROSS SOCIETY (KRCS) / P.O.BOX 40712-00100 ...		
Ship-To Party	1500000443	KENYA RED CROSS SOCIETY (KRCS) / P.O.BOX 40712-00100 ...		
PO Number	123456789	PO date	12.01.2015	

b) In the case where the sale proceeds are collected by UNDP there will be NO Sales Order. The Notification itself should have recorded, in the Sales area, corresponding UNDP Office Business Partner/Customer Number in the 'Sold-To Party' field. The revenue to be used will not be shown in the Notifications Report, nor there will be associated Sales Order, instead the revenue should be based on the value in the UJ Document from the SCA file. The Senior Asset Accountant will reference however, the UJ Document from the SCA file in the Service Notification, if known, otherwise they should note in the description that the proceeds were collected by UNDP. The UJ document will be posted to offset the posting in GL 69101020². For Further information, please refer to the UMOJA job aid on iseek (under Financial Accounting) called **“UNDP Advance and Reconciliation”**.

c) In the case where the asset is sold to a Staff Member there will be NO Sales Order. The Notification itself should have recorded, in the Sales area, corresponding Staff Member's Business Partner/Vendor Number in the 'Sold-To Party' field. The Senior Asset Accountant will reference documentation in the Service Notification to determine the sales revenue. An Accounts Payable User will post a document to offset the posting in GL 69101020.

² The FI posting of the UJ Document is DR 18105020 Advance UNDP Pay Agent Request CR 69101020. The FI Posting for ABAON is DR Accum. Deprec. CR Asset Cost DR/(CR) Loss on sale/(Gain on Sale) DR 69101020 (postings to 69101020 offset one another).

T-2.3 Retire the asset.

Retirement of Assets can only be done by users granted the Enterprise Role of “Financial Accounting: Asset Accounting User” (FA.15).

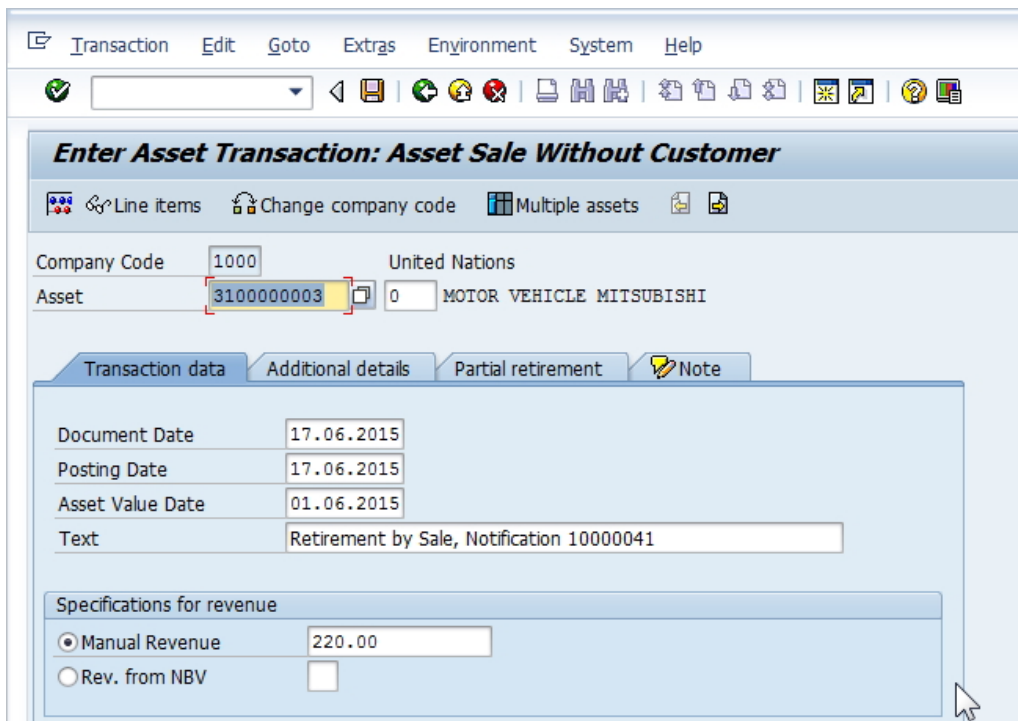

23. Execute Transaction code **ABAON** to start retirement of the asset.

24. In the Header enter Asset Number (and Sub-Number if applicable).

25. In “Transaction data” tab:

- 25.1. Enter current Document and Posting Dates
- 25.2. Enter actual date of retirement in the Asset Value Date
- 25.3. Enter Description and reference for the Retirement
- 25.4. Enter Manual Revenue value = Net value from Sales Order

26. In “Additional details” tab:

- 26.1. Select correct Transaction Type, as per table below and reference table “Notifications and Asset Accounting Elements” in Appendix:
- 26.2. Enter Reference info (Notification Number, LPSB Case, Sales Order as applicable)

The screenshot shows the SAP 'Enter Asset Transaction: Asset Sale Without Customer' form. The 'Additional details' tab is active. The form contains the following fields and values:

- Company Code: 1000
- United Nations

T-2.4 Update the notification status to completed.

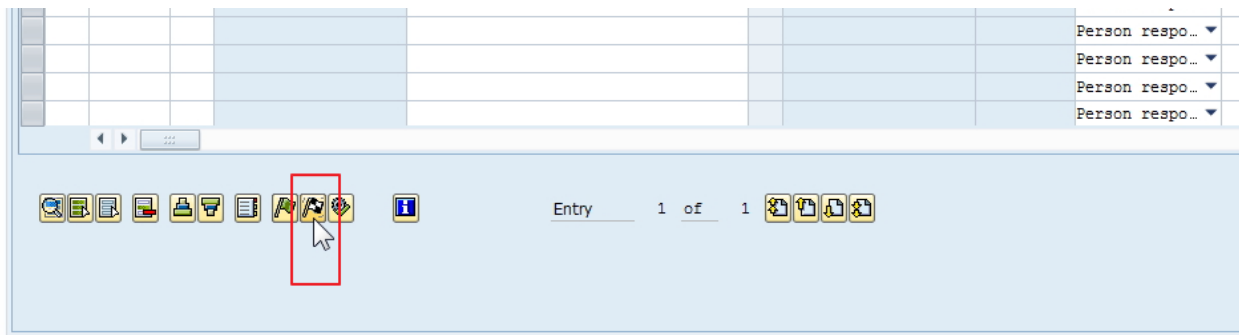

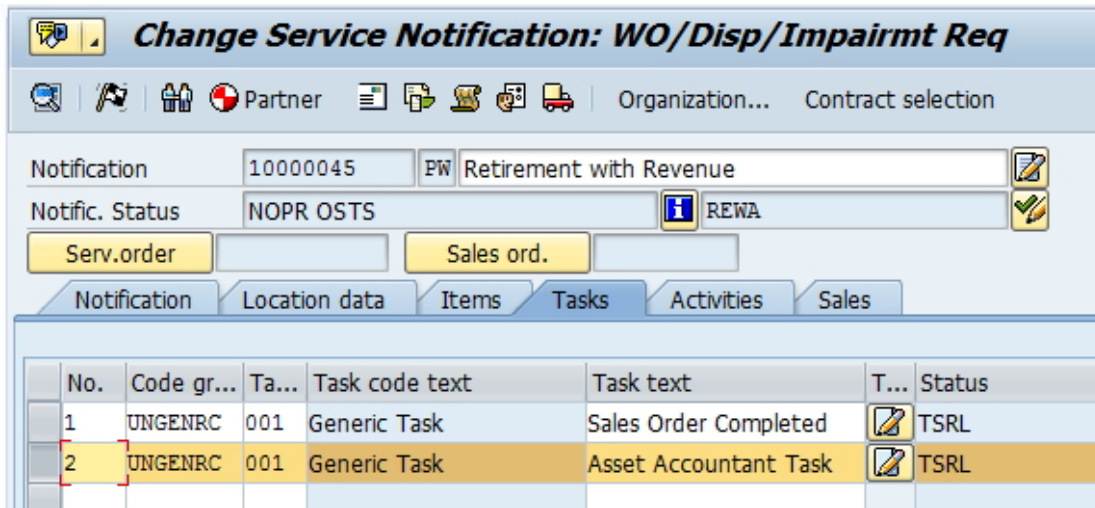

30. Execute Transaction **IW52** to start modifying Notification – use the same Notification number identified in **IW59** above or run **IW59** again to list available Notifications. Enter Notification number and press Enter:

The screenshot shows the SAP 'Change Service Notification: Initial Screen'. At the top, there is a menu bar with 'Service notification', 'Edit', 'Goto', 'Extras', 'Environment', and 'System'. Below the menu is a toolbar with various icons. The main area has a title bar 'Change Service Notification: Initial Screen' and a 'Notification' field containing the number '10000045'.

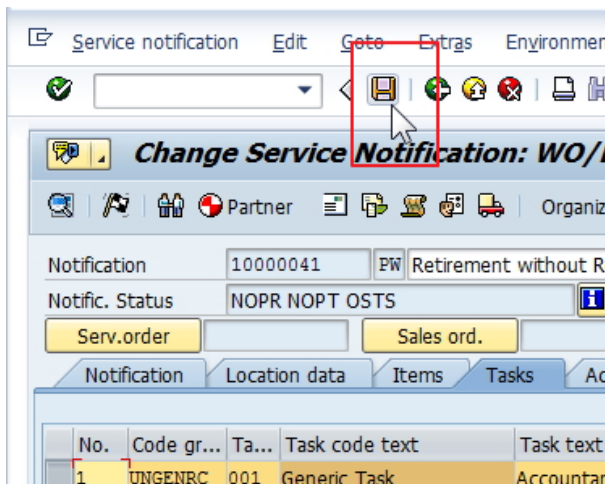

31. Start modifying the Notification, make sure to record comment “Asset ## retired as of ..., FI Document No” in Description in NotificationTab.

The screenshot shows the SAP 'Change Service Notification: WO/Disp/Impairmt Req' screen. The title bar is 'Change Service Notification: WO/Disp/Impairmt Req'. The main area is divided into several sections: 'Notification' (10000045), 'Notific. Status' (NOPR OSTS), 'Reference object' (Functional loc. 200678.039, Equipment 10023286), and 'Subject' (Coding UNWRTOFF UN01 Surplus, Description Retirement with Revenue). A text area at the bottom contains the comment: 'Asset Retirement Completed, FI Document No. 4100000301'. The 'Tasks' tab is selected at the bottom.

32. In Tasks tab identify Asset Retirement task, add any comments to it as required, select the task line and click on Complete Task flag (Checked Flag) **in the bottom of the screen** to mark Asset Retirement task complete.

33. Save Notification and exit.

T-2.5 Reminder Record Receivable/Allot funds

34. As mentioned the Receivable should be processed as well as a part of the process. In most cases (where the entity is receiving money from the customer directly) a Sales Order will be raised (please refer to the relevant job aid on Sales Orders).
35. In the case where UNDP sells the asset and the funds are received via the Service Clearing Account (SCA), a sales order is not raised. However, a UJ document is posted to record the receivable and the offsetting account is 69101020 as earlier mentioned. Refer to the relevant job aid on the UNDP process "UNDP Advance and Reconciliation".
36. In the case where the asset is sold to a Staff Member there will not be a Sales Order. Instead, if sold in the current year, an Accounts Payable User should raise a receivable against the staff member's vendor BP using transaction FV65, posting to 69101010 as the contra account to the staff members vendor.
37. When posting ABAON there would have been a posting to 69101010, (NSP Gain Sale Fixed Asset). If the Revenue is however spendable an FV50 document will need to be raised to move the amount from SP Gain Sale Fixed Asset 68001010. Please consult with FM colleagues (or the relevant Budget Office to determine whether funds received are spendable or non-spendable).
38. Tasks should be open in the Service notification related to the sales order (or UJ document if UNDP collected the sales proceeds) and budget allocation (if relevant) to ensure no step is forgotten.

Appendix: Notifications Report and Reference Table

Sample of Notifications Report with various types of Notifications and Statuses:
