U.S. Retail Price List: Mobile Audio

W7AE 10th Anniversary Edition Subwoofer Drivers

The Tenth Anniversary edition of JL Audio's ultimate performance subwoofers feature multiple patented technologies and extreme excursion capabilities. DMA-optimized motor systems, OverRoll™ Surround, cast aluminum-alloy frame, W-Cone™ technology, Elevated Frame cooling, Floating Cone™ Attach Method. 8W7, 10W7 and 12W7 have a single voice coil, 13W7 has dual voice coils. Designed for sealed and ported enclosures. W7AE's feature black powder-coated baskets, a special bright nickel finish clamp ring and unique Anniversary Edition badging and labeling.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
8W7AE-3	#92117	Anniversary Edition - 8-inch subwoofer driver (500W, 3 ohm)	549.95
10W7AE-3	#92114	Anniversary Edition - 10-inch subwoofer driver (750W, 3 ohm)	799.95
12W7AE-3	#92115	Anniversary Edition - 12-inch subwoofer driver (1000W, 3 ohm)	999.95
13W7AE-D1.5	#92116	Anniversary Edition - 13.5-inch subwoofer driver (1500W, Dual 1.5 ohm voice coils)	1,399.95

W6v2 Subwoofer Drivers

W6v2 subwoofers incorporate multiple patented technologies and feature high power handling with very small box volume requirements. DMA-optimized motor systems, cast aluminum-alloy frame, W-Cone™ technology, Elevated Frame cooling, Floating Cone™ Attach Method. Designed for sealed and ported enclosures.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
10W6v2-D4	#92120	10-inch subwoofer driver (600W, dual 4 ohm voice coils)	549.95
12W6v2-D4	#92121	12-inch subwoofer driver (600W, dual 4 ohm voice coils)	649.95
13W6v2-D4	#92131	13.5-inch subwoofer driver (750W, dual 4 ohm voice coils)	749.95

TW5 Thin-Line Subwoofer Drivers

The TW5 subwoofer drivers offer exceptionally shallow mounting depth and operate in very compact enclosures, making them ideal for challenging installations requiring excellent output and fidelity. High-power handling, single voice coil, patented Concentric Tube suspension technology. Grille receiver is built into frame design (uses SGRU-13, sold separately).

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
13TW5-3	#92181	13.5-inch thin-line subwoofer driver (600W, 3 ohm)	649.95

W3v3 Subwoofer Drivers

Clearly the best sounding W3's yet, these subwoofers feature DMA-optimized, long linear excursion capability to minimize distortion and increase output. Multiple patented technologies, shared with W6v2 and W7 subwoofers, enhance performance and reliability. The W3v3 is a superb performer at medium power levels in compact sealed or ported enclosures (grille sold separately).

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
6W3v3-4	#92145	6.5-inch subwoofer driver (150W, 4 ohm)	179.95
6W3v3-8	#92146	6.5-inch subwoofer driver (150W, 8 ohm)	179.95
8W3v3-4	#92148	8-inch subwoofer driver (250W, 4 ohm)	219.95
10W3v3-2	#92150	10-inch subwoofer driver (500W, 2 ohm)	279.95
10W3v3-4	#92151	10-inch subwoofer driver (500W, 4 ohm)	279.95
12W3v3-2	#92153	12-inch subwoofer driver (500W, 2 ohm)	299.95
12W3v3-4	#92154	12-inch subwoofer driver (500W, 4 ohm)	299.95
13W3v3-2	#92156	13.5-inch subwoofer driver (600W, 2 ohm)	369.95
13W3v3-4	#92157	13.5-inch subwoofer driver (600W, 4 ohm)	369.95
13W3v3-8	#92158	13.5-inch subwoofer driver (600W, 8 ohm)	369.95

U.S. Retail Price List: Mobile Audio

W1v2 Subwoofer Drivers

W1v2's are superb performers at low to moderate power levels in very compact enclosures and feature shallow mounting depths and DMA-optimized motors with Patented VRC™ and Elevated Frame cooling technologies. Striking, injection-molded, metallic finish mica-filled polypropylene cone with embossed JL Audio Logo. Rubber sealing gasket and grille receiver are included (grille sold separately). Designed for sealed and ported enclosures.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
8W1v2-4	#92070	8-inch subwoofer driver (150W, 4 ohm)	129.95
10W1v2-4	#92072	10-inch subwoofer driver (300W, 4 ohm)	179.95
10W1v2-8	#92073	10-inch subwoofer driver (300W, 8 ohm)	179.95
12W1v2-4	#92074	12-inch subwoofer driver (300W, 4 ohm)	199.95
13W1v2-4	#92076	13.5-inch subwoofer driver (350W, 4 ohm)	249.95
13W1v2-8	#92077	13.5-inch subwoofer driver (350W, 8 ohm)	249.95

W0v3 Subwoofer Drivers

Overbuilt and ultra tough-looking W0v3 Subwoofer Drivers are "Absolute Beasts" at moderate power levels in compact enclosures. DMA-optimized motors and Elevated Frame cooling technology combined with large-diameter voice coils results in best-in-class excursion. Striking, injection-molded, mica-filled polypropylene cone with printed JL Audio logo. Rubber sealing gasket and grille receiver are included (grille sold separately). Designed for sealed and ported enclosures.

	MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
NEW	10W0v3-4	#92165	10-inch subwoofer driver (300W, 4 ohm)	129.95
NEW	12W0v3-4	#92166	12-inch subwoofer driver (300W, 4 ohm)	149.95
NEW	15W0v3-4	#92167	15-inch subwoofer driver (500W, 4 ohm)	259.95

WXv2 Subwoofer Drivers

The WXv2 Subwoofer Drivers employ exclusive JL Audio technology, such as DMA-optimized motors and Elevated Frame™ cooling technology for outstanding performance and reliability. Designed for sealed and ported enclosures. Single 4 ohm voice coil.

	MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
NEW	8WXv2-4	#92174	10-inch subwoofer driver (200W, 4 ohm)	79.95
NEW	10WXv2-4	#92175	10-inch subwoofer driver (200W, 4 ohm)	99.95
NEW	12WXv2-4	#92176	12-inch subwoofer driver (200W, 4 ohm)	119.95

U.S. Retail Price List: Mobile Audio

Subwoofer Grilles

Custom-engineered steel-mesh grilles allow proper clearance for JL Audio subwoofer surrounds (available for WX, WXv2, WØ, WØv2, WØv3, W1v2, W3v2, W3v3, W6v2 and TW5 subwoofer drivers). Special aluminum bar grille system is offered for W7 subwoofers.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
SGR-6.5	#90575	Fits 6WØ with rubber gasket/grille receiver, bulk packaged. (Must be ordered in master pack quantities only.)	6.95 ea.
SGR-8	#90576	Fits 8WØ, 8W3, 8W3v2 with rubber gasket/grille receiver, bulk packaged. (Must be ordered in master pack quantities.)	7.95 ea.
SGR-10	#90577	Fits 10WØ, 10W3, 10W3v2 with rubber gasket/grille receiver, bulk packaged. (Must be ordered in master pack quantities.)	9.95 ea.
SGR-12	#90578	Fits 12WØ, 12W3, 12W3v2 with rubber gasket/grille receiver, bulk packaged. (Must be ordered in master pack quantities.)	11.95 ea.
SGR-15	#90579	Fits 15WØ, 15W3, 15W3v2 with rubber gasket/grille receiver, bulk packaged. (Must be ordered in master pack quantities.)	14.95 ea.
SGRU-6	#90597	Fits 6W3v3 only, Packaged for individual sale. (Must be ordered in master pack quantities.)	16.95 ea.
SGRU-8	#90593	Fits 8W1v2, 8W3v3 only, Packaged for individual sale. (Must be ordered in master pack quantities.)	17.95 ea.
SGRU-10	#90594	Fits 10WX, 10WXv2, 10WØv2, 10WØv3, 10W1v2 & 10W3v3, Packaged for individual sale. (Must be ordered in master pack quantities.)	19.95 ea.
SGRU-12	#90595	Fits 12WX, 12WXv2, 12WØv2, 12WØv3, 12W1v2, & 12W3v3. Packaged for individual sale. (Must be ordered in master pack quantities.)	24.95 ea.
SGRU-13	#90596	Fits 13W1v2, 13W3v3 & 13TW5. Packaged for individual sale. (Must be ordered in master pack quantities.)	29.95 ea.
SGRU-15	#90598	Fits 15WØv2 & 15WØv3. Packaged for individual sale. (Must be ordered in master pack quantities.)	34.95 ea.
SGR-10W6v2	#90586	Fits 10W6v2 only, bulk packaged. (Must be ordered in master pack quantities.)	15.95 ea.
SGR-12W6v2	#90587	Fits 12W6v2 only, bulk packaged. (Must be ordered in master pack quantities.)	20.95 ea.
SGR-13W6v2	#90588	Fits 13W6v2 only, bulk packaged. (Must be ordered in master pack quantities.)	25.95 ea.
SGR-8W7	#90244	Set of three aluminum bars to protect 8W7 & 8W7AE, includes mounting template	26.95 ea.
SGR-10W7	#90245	Set of three aluminum bars to protect 10W7 & 10W7AE, includes mounting template	32.95 ea.
SGR-12W7	#90246	Set of three aluminum bars to protect 12W7 & 12W7AE, includes mounting template	38.95 ea.
SGR-13W7	#90247	Set of three aluminum bars to protect 13W7 & 13W7AE, includes mounting template	41.95 ea.

U.S. Retail Price List: Mobile Audio

OEM Integration Products

Turn OEM nightmares into aftermarket dream systems with JL Audio OEM Integration products. The original CL-441dsp processor corrects OEM frequency response, providing clean line-level outputs to aftermarket amplifiers. The CL-SSI allows for fast, efficient and accurate summing of crossed-over OEM signals.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
CL441dsp	#98110	OEM Audio Interface with Automatic Digital EQ, 4-ch. IN / 4-ch. OUT / 1 AUX input.	349.95
CL-SSI	#98112	Signal Summing Interface. Sums crossed-over signals to full-range for CL441dsp input.	129.95
CL-LSA	#98116	Load Sensing Adaptor for use with CL441dsp (prevents muting of certain OEM radio/amp outputs)	15.95

System Expansion Products

The CL-SES allows you to expand any Aux Input (including the one in the CL441dsp) to accept up to three stereo source units with manual or automatic, signal-sensing switching. The CL-RLC is a true, active level control preamplifier that can be used for subwoofer level control or as an audiophile-grade, full-range volume control with any system.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
CL-SES	#98114	Source Expander Switch. Connects up to three source units to one stereo input.	139.95
CL-RLC	#98117	Fully Active, 2-channel Remote Level Control / Line Driver with Pass-Through outputs.	69.95

OEM Integration Replacement Parts

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
 CL-CAL-CD	#97018	CleanSweep® Calibration Disc (Audio CD). Includes Test-Tones and other useful tracks for sound system set-up.	9.95
 Black Knob	#98190	Black plastic replacement knob for the CL441dsp, CL-RLC, HD-RLC and RBC-1.	4.95
 Aluminum Knob	#98191	Aluminum replacement knob for CL441dsp, CL441dsp, CL-RLC, HD-RLC or RBC-1.	9.95
 CL-VOL-18FT-CABLE	#98192	Replacement Master Volume Control cable for CL441dsp. Control Cable - 18 ft. (for use with CL441dsp) #16207	9.95
 CL-INPUT-CABLE	#98194	Replacement OEM Input Harness for CL441dsp. Will not fit CL-SSI	7.95
 CL-POWER-CABLE	#98195	Replacement Power Harness for use with CL441dsp, CL-SSI and CL-SES. Includes fuse holder.	4.95
 CL-VOL-ASSY	#98193	Replacement Master Volume Control Assembly for the CL441dsp. Includes Black Knob and Source Indicator LED. CL-VOL-18FT-CABLE to connect this with CL441dsp (sold separately).	29.95

U.S. Retail Price List: Mobile Audio

Evolution ZR

Reference Quality Component Loudspeaker Systems. Reference-quality woofers with DMA-optimized motors, cast aluminum baskets, elevated frame cooling, machined field plates. Rubber-suspended, aluminum dome tweeters with neodymium magnets. Reference quality, programmable outboard crossover networks. Grilles included.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
ZR650-CSi	#91122	2-Way Component System with 6.5-inch(165mm) woofer, 1-inch (25mm) neodymium magnet/aluminum dome tweeter, reference quality, programmable outboard crossover network.	999.95/pr.
ZR525-CSi	#91120	2-Way Component System with 5.25-inch(130mm) woofer, 1-inch (25mm) neodymium magnet/aluminum dome tweeter, reference quality, programmable outboard crossover network.	999.95/pr.
ZR100-CT	#91124	1-inch (25mm) Aluminum Dome Tweeter. 12dB/Octave inline filter included.	239.95/pr.
ZR800-CW	#91123	8-inch (200mm) Component Woofer. Grille included.	259.95 ea.
ZR650-CW	#91152	6.50-inch (165mm) Component Woofer.	199.95 ea.

Evolution C5

Premium Quality Component and Coaxial Loudspeaker Systems. Woofers feature DMA-optimized motors, cast aluminum baskets, elevated frame cooling. Pure silk soft-dome tweeters with neodymium magnets. Premium quality, programmable outboard crossover networks. Grilles included (except C5-570, C5-570x and C5-570cw).

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
C5-525x	#99101	5.25-inch (130mm) Coaxial with 0.75-inch (19mm) silk soft-dome tweeter with neodymium magnet, programmable outboard crossover network.	599.95/pr.
C5-570x	#99103	5 x 7 / 6 x 8-inch (125 x 180mm) Coaxial with 0.75-inch (19mm) silk soft-dome tweeter with neodymium magnet, programmable outboard crossover network.	599.95/pr.
C5-650x	#99105	6.5-inch (165mm) Coaxial with 0.75-inch (19mm) silk soft-dome tweeter with neodymium magnet, programmable outboard crossover network.	599.95/pr.
C5-525	#99100	2-Way Component System with 5.25-inch (130mm) woofer and 0.75-inch (19mm) silk soft-dome tweeter with neodymium magnet, programmable outboard crossover network.	599.95/pr.
C5-570	#99102	2-Way Component System with 5 x 7 / 6 x 8-inch (125 x 180mm) woofer and 0.75-inch (19mm) silk soft-dome tweeter with neodymium magnet, programmable outboard crossover network. Grilles not included.	599.95/pr.
C5-650	#99104	2-Way Component System with 6.5-inch (165mm) woofer and 0.75-inch (19mm) silk soft-dome tweeter with neodymium magnet, programmable outboard crossover network.	599.95/pr.
C5-653	#99125	3-Way Component System with 6.5-inch(165mm) woofer, 4-inch (100mm) midrange driver and 0.75-inch (19mm) silk soft-dome tweeter with neodymium magnet, programmable outboard crossover network.	799.95/pr.
C5-075ct	#99106	0.75-inch (19mm) Silk Soft-Dome Tweeter with neodymium magnet. 12dB/Octave inline filter included.	189.95/pr.
C5-400cm	#99127	4-inch (100mm) Component Midrange Driver.	TBA
C5-525cw	#99107	5.25-inch (130mm) Component Woofer.	179.95 ea.
C5-570cw	#99109	5 x 7 / 6 x 8-inch (125 x 180mm) Component Woofer.	179.95 ea.
C5-650cw	#99108	6.50-inch (165mm) Component Woofer.	179.95 ea.

U.S. Retail Price List: Mobile Audio

Evolution C3

Component System or Coaxial System... you decide with these convertible loudspeaker systems featuring programmable outboard crossover networks and pure silk soft-dome tweeters. Glass-filled, non-magnetic, injection-molded polymer woofer baskets, oversized 1.2-inch voice coils, Mica-filled polypropylene cones. Grilles included (except C3-570 and C3-570cw).

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
C3-525	#99020	Convertible System with 5.25-inch (130mm) woofer and 1-inch (25mm) silk dome tweeter with neodymium magnet, programmable outboard crossover network.	529.95/pr.
C3-570	#99021	Convertible System with 5 x 7 / 6 x 8-inch (125 x 180mm) woofer and 1-inch (25mm) silk dome tweeter with neodymium magnet, programmable outboard crossover network.	529.95/pr.
NEW C3-600	#99034	Convertible System with 6-inch (150mm) woofer and 1-inch (25mm) silk dome tweeter with neodymium magnet, programmable outboard crossover network.	529.95/pr.
C3-650	#99022	Convertible System with 6.5-inch (165mm) woofer and 1-inch (25mm) silk dome tweeter with neodymium magnet, programmable outboard crossover network.	529.95/pr.
C3-100ct	#99023	1-inch (19mm) Silk Soft-Dome Tweeter. 12dB/Octave inline filter included.	149.95/pr.
C3-525cw	#99025	5.25-inch (130mm) Convertible Component Woofer.	149.95 ea.
C3-570cw	#99026	5 x 7 / 6 x 8-inch (125 x 180mm) Convertible Component Woofer.	149.95 ea.
NEW C3-600cw	#99033	6-inch (150mm) Convertible Component Woofer.	149.95 ea.
C3-650cw	#99027	6.50-inch (165mm) Convertible Component Woofer.	149.95 ea.

U.S. Retail Price List: Mobile Audio

Evolution C2

Coaxial and Component Loudspeaker Systems with integral crossovers (except components systems which feature outboard crossovers) and silk dome tweeters with neodymium magnet. Mica-filled polypropylene cones. Grilles included (except C2-350x and C2-570x).

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
C2-350x	#99611	3.5-inch (90mm) Coaxial with 0.75-inch (19mm) silk dome tweeter with neodymium magnet.	99.95/pr.
C2-400x	#99612	4-inch (100mm) Coaxial with 0.75-inch (19mm) silk dome tweeter with neodymium magnet. Includes 4 x 6-inch adaptor plate.	159.95/pr.
C2-525x	#99613	5.25-inch (130mm) Coaxial with 0.75-inch (19mm) silk dome tweeter with neodymium magnet.	199.95/pr.
C2-570x	#99614	5 x 7 / 6 x 8-inch (125 x 180mm) Coaxial with 0.75-inch (19mm) silk dome tweeter with neodymium magnet.	199.95/pr.
C2-600x	#99616	6-inch (150mm) Coaxial with 0.75-inch (19mm) silk dome tweeter with neodymium magnet.	199.95/pr.
C2-650x	#99618	6.5-inch (165mm) Coaxial with 0.75-inch (19mm) silk dome tweeter with neodymium magnet.	199.95/pr.
C2-690tx	#99619	6 x 9-inch (150 x 230mm) 3-Way with 2-inch (51mm) midrange and 0.75-inch (19mm) silk dome tweeter with neodymium magnet	229.95/pr.
C2-525	#99620	Component System with 5.25-inch (130mm) woofer and 0.75-inch (19mm) silk dome tweeter with neodymium magnet, programmable outboard crossover network.	299.95/pr.
C2-600	#99615	Component System with 6.0-inch (150mm) woofer and 0.75-inch (19mm) silk dome tweeter with neodymium magnet, programmable outboard crossover network.	299.95/pr.
C2-650	#99617	Component System with 6.5-inch (165mm) woofer and 0.75-inch (19mm) silk dome tweeter with neodymium magnet, programmable outboard crossover network.	299.95/pr.
C2-075ct	#99610	0.75-inch (19mm) Silk Soft-Dome Tweeter with neodymium magnet. 12dB/Octave inline filter included.	119.95/pr.
C2-525cw	#99625	5.25-inch (130mm) Component Woofer.	119.95 ea.
C2-600cw	#99626	6.0-inch (150mm) Component Woofer.	119.95 ea.
C2-650cw	#99627	6.50-inch (165mm) Component Woofer.	119.95 ea.

Weatherproof Fiberglass Enclosed Subwoofer Systems

While originally developed as a Marine Audio product, these attractive subwoofers are also suitable for land-based vehicle applications (especially those requiring a weatherproof solution). These systems are loaded with our premium Marine M10W5-4 subwoofers and feature 100% fiberglass construction with a smooth gel-coat finish in either black or white. The sealed enclosure design is optimally matched to the M10W5 driver for clean, extended bass performance. These enclosures do not include binding post connectors and must be drilled, wired and sealed as part of the installation process.

Core Bulk Power Wire (Spooled)

Oxygen-free, fine-strand pure copper wire, comparable to alleged "4 AWG" and "8 AWG" wire sold by many other companies. Compact strand orientation and high strand count provide excellent conductivity while maintaining flexibility. Available in 60 Amp and 30 Amp capacities, wrapped on a heavy-duty plastic spool. Display spool holder pictured is available separately.

Bulk Blue/Clear Speaker Cable (Spooled)

This ECS speaker cable is constructed of 99.999% pure fine-strand OFC copper for optimum flexibility and conductivity and is tinned for corrosion resistance. Frosted blue and clear jackets match our blue and clear power wire. The 12 AWG cable is excellent for all-purpose speaker and subwoofer wiring while the 16 AWG cable is small enough to fit through tight door boots making it a great choice for component speaker wiring.

Speaker Cable (Retail Packs)

Retail packs are blister-packed lengths of ECS speaker cable. Ideal for retail sale and for dealers who prefer not to manage bulk wire inventory. Frosted blue and clear jackets match our blue and clear power wire. Multi-speaker twisted cable (XB-BLU9CON-20) is useful for long runs of up to four channels (standard 4-channel codes are used). Ninth conductor can be used for remote turn-on connection.

Core Amplifier Connection Systems

ECS Core Amplifier Connection Systems are budget-conscious connection solutions for a single amplifier. Kits include generous lengths of red power and black ground wire, a 2-channel audio interconnect cable, speaker wire, remote turn-on wire and a master fuse block (with MAXI™ fuse). 30 Amp and 60 Amp kits are available.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
XD-ACS60	#90357	Core Single Amplifier Connection System, 60 Amp capacity (60A MAXI™ fuse included), includes 2ch Audio Interconnect and Speaker Wire, Red power wire & Black ground wire	109.95
XD-ACS30	#90358	Core Single Amplifier Connection System, 30 Amp capacity (30A MAXI™ fuse included), includes 2ch Audio Interconnect and Speaker Wire, Red power wire & Black ground wire	89.95

Power Connection Products

JL Audio's family of ECS Power Connection Products gives installers the ultimate degree of flexibility with a minimum number of products to stock. Flexible wire routing and OmniSert™ wiring terminals that accept a wide range of wire gauges make these the logical choice for any system's power wiring needs. Marine-grade Stannum plating on metal parts and high-temperature polycarbonate bases and covers complete the package.

Premium Audio Interconnect Cables

ECS Premium Audio Interconnect Cables begin with small diameter silver-plated OFC copper conductors with Teflon® dielectrics constructed in a tight twisted-pair arrangement for optimum noise rejection. An overmolded strain-relief secures the silver-soldered connections inside the machined brass connector ends for maximum durability. The RCA plug barrels are short by design to facilitate installation in tight spaces while an extremely supple cable jacket greatly facilitates wire routing. The solid PVC channel splitter features a built-in screw-down point while a second sliding screw-down point can be positioned to securely anchor each channel pair at the most desired position.

MODEL	SKU #	DESCRIPTION	SUGG. RETAIL
XB-BLUAIC2-3	#91629	2-channel Twisted-Pair Audio Interconnect Cable w/ Machined Connectors - 3 ft. / 0.91 m	29.95

XB-BLUAIC2-12	#91627	2-channel Twisted-Pair Audio Interconnect Cable w/ Machined Connectors - 12 ft. / 3.66 m	59.95
XB-BLUAIC2-18	#91628	2-channel Twisted-Pair Audio Interconnect Cable w/ Machined Connectors - 18 ft. / 5.49 m	69.95
XB-BLUAIC2-25	#91695	2-channel Twisted-Pair Audio Interconnect Cable w/ Machined Connectors - 25 ft. / 7.62 m	89.95

Core Audio Interconnect Cables

ECS Core Audio Interconnect Cables begin with small diameter OFC copper conductors with polyethylene dielectrics constructed in a tight twisted-pair arrangement for optimum noise rejection and encased in a translucent, small-diameter PVC jacket. Machined, nickel-plated, brass contacts offer superb connection integrity. Molded connector bodies feature an all new design with soft grips and are short by design to facilitate installation in tight spaces. Flexible silicone channel splitters make them easy to run through tight openings.

Specialty Interconnect Cables

These cables are designed to interface portable audio electronics with factory and aftermarket car audio equipment. Small diameter OFC copper audio conductors with polyethylene dielectrics constructed in a tight twisted-pair arrangement for optimum noise rejection. Video conductors are shielded and feature 75 ohm termination impedance. Molded connector bodies with machined, nickel-plated, brass contacts offer superb connection integrity. Satin black cable and connector finish.

IMPORTANT INFORMATION ABOUT STEALTHBOX® CARPET COLORS

Our goal is to provide all Stealthbox® products in colors that match well with factory interiors. Because of availability issues with carpet colors, some Stealthbox® colors are not precise matches at this time. The match grades below give you an indication of how precise our color match is for each Stealthbox® model.

Over time as new carpet colors become available to us, we may upgrade the match grades for certain models.

Perfect: Actual exact factory color and texture (dye lot may differ slightly)

Excellent: Precise color match, different texture

Good: Very close to factory shade/texture

Fair: Same basic color, different shade/texture

Poor: Same basic color, substantially different shade/texture

None: No matching color currently available

**Anything graded lower than "Excellent" will differ from the factory color to some extent.
Carpet Match Grades may not be accurate in older vehicles due to aging/fading in the color of the OEM Carpet.**

Please make your customers aware of these facts to avoid confusion!

Stealthbox® Retail Price / Color Information

BMW 3-Series (E90/E92) '06-Up Sedan (4-Door) & Coupe (2-Door)

Contains two 13TW5-3 subwoofers in a sealed enclosure. 1200 Watt power handling. Wired for 3 ohm stereo (two individual 3 ohm terminals), can be wired as 1.5 ohms mono. Installs in the trunk against the back of the back seats. On vehicles equipped with folding rear seats, the enclosure will prevent access between the trunk and cabin.

Repacking and Return Freight charges (Ground Service/Continental U.S.) are included in repair price.

Products with altered, defaced or removed serial numbers:

An additional re-serialization fee will be charged for any eligible product returned for non-warranty service with defaced, altered or removed serial numbers. Any item returned without a serial number MUST be accompanied by a bill of sale / receipt proving legitimate ownership of the product. This bill of sale may be from an authorized or non-authorized dealer. Products returned for repair without proof of ownership will not be accepted under any circumstance. Repaired, re-serialized products will carry a 90 day parts and labor warranty from the date of return shipment.

Under no circumstance will JL Audio honor warranties on products with altered, defaced or removed serial numbers!

Non-Warranty Service: Re-Serialization Fee (all products)

Please read the explanation box above. This charge will apply to any product requiring service and lacking a legible, legitimate serial number.

MX Series Marine Cockpit Speakers

UV and corrosion-resistant polymer baskets with gold-plated, marine-grade brass terminals. Sealed 12dB/octave high-pass filter included. Grille and stainless-steel mounting hardware included. 6.5-inch models are designed to directly replace conventional marine 6.5-inch speakers with specially-designed universal-fit mounting flange. Larger 7.7-inch diameter coaxial models are designed to offer higher output and better bass response. Choose from Titanium/Black or White in Classic or Sport Grille look.

MX Series Marine Subwoofer Drivers

MX Marine Subwoofer Drivers offer boaters a friendly price for a real bass upgrade. These subwoofers feature the same quality materials as their premium siblings, the M Series Subwoofers, and are specifically designed to combat the ill-effects of the marine environment while sounding great. Choose from Titanium/Black or White in Classic or Sport Grille look.

Enclosed 3-Way Weatherproof Subwoofer/Satellite

Bi-Amplified, Large format enclosed subwoofer/satellite systems for high-output applications requiring a weatherproof solution. Separate amplifier channels with active crossover filtering are required for subwoofer driver and coaxial speaker (not included).

	MODEL	SKU #	GRILLE TYPE	COLOR	DESCRIPTION	SUGG. RETAIL
	M103EWS-CG-WH-L	#90137	Classic	White	Left Side: One M10W5-4 (250W) and M770-TCX Coaxial (100W) sealed fiberglass enclosure with mounting bracket.	1,250.00 ea.
	M103EWS-CG-WH-R	#90136	Classic	White	Right Side: One M10W5-4 (250W) and M770-TCX Coaxial (100W) sealed fiberglass enclosure with mounting bracket.	

Enclosed Subwoofer Systems

These beautiful enclosed marine subwoofer systems are loaded with our premium M10W5-4 subwoofers and are available in two distinct looks: black with a sport-grille or white with a classic grille. They feature 100% fiberglass construction with a smooth gel-coat finish for years of reliable service. The sealed enclosure design is optimally matched to the M10W5 driver for clean, extended bass performance. These enclosures do not include binding post connectors and must be drilled, wired and sealed as part of the installation process.

ETX Enclosed Speaker Systems

Ideal for wakeboard towers or any tube-mounted application, these beautiful enclosed coaxial systems deliver stunning JL Audio sound quality thanks to their 7.7-inch JL Audio coaxial speakers. Unlike most enclosed speaker systems, these feature 100% fiberglass construction with a smooth gel-coat finish, for years of reliable service. Aluminum decorative accents on the enclosures add a custom touch. Each enclosure's mounting post is designed for full 360 degree rotation and quick removal/installation. The posts are compatible with a selection of mounting fixtures designed to fit a wide range of pipe diameters. Mounting fixtures are sold separately.

ETXv2 Enclosed Speaker Systems

These gorgeous enclosed speaker systems are ideal for mounting onto wakeboard towers or other tubular structures on a boat. ETXv2 systems can be ordered with our maximum-performance, M-Series 7.7-inch coaxial tower speakers. Specifically tuned for tower enclosure applications, these coaxial drivers deliver clean, loud audio that can be heard well beyond the boat when mounted up high. For lower power applications, you can choose a version with our more affordable MX-Series 7.7-inch coaxial. The enclosures are injection-molded from marine-grade polymer materials and feature a decorative, aluminum JL Audio logo cap on the end opposite the speaker. Each is designed to mate with one of our clamp systems (sold separately and available to fit a wide range of pipe diameters).

Premium Bulk Power Wire (Spooled)

TRUE AWG SPECIFICATION pure oxygen-free, fine-strand copper wire, tinned for corrosion resistance. Compact strand orientation and high strand count provide excellent conductivity while maintaining flexibility. ECS Premium Power Wire is available in four gauges, with a blue, red or clear translucent jacket and wrapped on a heavy-duty plastic spool. Display spool holder pictured is not included.

Power Connection Products

JL Audio's family of ECS Power Connection Products gives installers the ultimate degree of flexibility with a minimum number of products to stock. Flexible wire routing and OmniSert™ wiring terminals that accept a wide range of wire gauges make these the logical choice for any system's power wiring needs. Marine-grade Stannum plating on metal parts and high-temperature polycarbonate bases and covers complete the package.

Marine Audio Interconnects

ECS Marine Audio Interconnect Cables begin with small diameter OFC copper conductors with polyethylene dielectrics constructed in a tight twisted-pair arrangement for optimum noise rejection and encased in a white, small-diameter PVC jacket. Machined, nickel-plated, brass contacts offer superb connection integrity. Molded connector bodies feature an all new design with soft grips and are short by design to facilitate installation in tight spaces. Flexible silicone channel splitters make them easy to run through tight openings.
