**Our Mission:** We will strengthen our ability to meet the individual and evolving needs of those affected by domestic violence by investing in the growth of our people, deepening community engagement, and amplifying the voices of all survivors.

## What does it mean to be an advocate?

An advocate takes action to create change. For each and every member of the WC&S team, advocacy is dual-purpose. We are advocates each day, working directly with survivors and their children to help them on their journeys. At the same time, we collaborate with many partners to create changes in the systems that prevent survivors from seeking support, pursuing justice, and receiving healing resources.

This year has not been without its struggles but there have also been some huge wins in the arena of advocacy. Courageous survivors have been raising their voices. Community partners have been organizing. We're seeing real, tangible results — across the country and in our local community, too.

In July 2021, the VOCA (Victims of Crime Act) Fix bill was signed into law after months of uncertainty. This bipartisan law is the largest source of federal funding for domestic and sexual assault services in the country and is not taxpayer funded. VOCA funds come from federal criminal fines and fees that are deposited in the Crime Victims Fund. This fix ensured a continued stream of funding. This is a huge victory for survivors and agencies all over the country. Thank you to everyone who answered the call to reach out to their representatives to push this through. Your advocacy is key.

WC&S has been fortunate to work closely with City of Pittsburgh Councilwoman Erika Strassburger on an ordinance that protects survivors from experiencing discrimination from employers as a result of domestic violence. Survivors often need extra time off work because of court hearings or injuries. It's also very common for abusers to stalk their victims at work or threaten co-workers. Survivors have been unfairly terminated for their partner or ex-partner's actions and this legislation provides a level of protection. We're excited to say this ordinance was signed into law in late November 2021 — because of extraordinary teamwork, dedication, and perseverance.

The most effective advocacy work happens when an organization is committed to equity and, in our case, recognizes the intersectionality of social issues that impact those experiencing domestic violence. WC&S has two groups that are working at a tactical and systematic level to live out the agency's commitment to diversity, equity, and inclusion (DEI) — the Diversity Committee and the Equity and Action Collaborative. The Diversity Committee was formed in 2019 and is comprised of staff members who work together in an advisory role to integrate initiatives and ensure accountability on DEI across the agency. The Equity and Action Collaborative was formed in the wake of George Floyd's murder and the country's resulting racial reckoning; in the EAC, Board and staff work together to address the internal WC&S practices and external systems that impact domestic violence victims. These two groups are working to stand up, speak out, and take action to ensure WC&S fosters an equitable environment for all.

We've all heard the saying "Be the change you wish to see in the world." It's quoted so often that maybe it has been a while since you have really thought about the meaning. There is so much contained in that one verb: "be." To "be" an advocate, you must "do." Advocates take action. They organize. They support. They speak out. They change systems. Each of you — our cherished supporters, donors, and friends — are advocates, for the work you do, the time and resources you dedicate, and the spirit you bring to this essential, life-saving work.

Thank you for being advocates. In solidarity and in action,

Nicole Molinaro  
President/CEO

# Programs & Services

## Hotline Services

Our hotline is available 24/7 and text & chat services are available from 9a-9p daily. Trained advocates provide support, safety planning, and explain options to anyone who has experienced domestic violence (DV) from a current or former partner or those concerned about a loved one or coworker.

## Emergency Shelter

WC&S' Emergency Shelter provides safety for adults and children in immediate, lethal danger. Services include safety planning, goal planning, and advocacy for housing, career, health, & mental health. WC&S provides all basic essentials so that families can begin their journeys of healing. On-site housing for pets is also available.

## Children's Advocacy Program (CAP)

CAP provides a safe, welcoming, culturally competent, and nurturing space where child survivors of DV can heal from trauma. Our goal is to help children explore their feelings in an open and positive environment, while their parent addresses housing, employment, and other needs to rebuild their lives.

## Legal Advocacy & Civil Law Project (CLP)

The Legal Advocacy Department helps survivors navigate the court system by providing accompaniment, resources, and ongoing support. Through CLP, qualifying WC&S clients can receive free legal representation for Protection From Abuse (PFA) orders, custody and child support, and divorce.

## Education & Outreach (Schools & Community)

WC&S delivers training and presentations on DV awareness and prevention to students, criminal justice professionals, human service providers, clergy, corporations, and other professionals.

## LGBTQIA+ Advocacy

Specialized support groups allow LGBTQIA+ survivors to come together in an accessible, inviting space to relate to one another and work together through the challenges they face. Individual counseling is also available.

## Support Groups & Individual Therapy

Support groups help survivors to tell their stories and grow stronger through shared experiences. One-on-one therapy is also available for those survivors who are interested in exploring their trauma in a more individual way.

## Services for Refugees, Immigrants & Limited-English Speakers (RIL)

This specialized team includes multilingual staff members who work at two levels — assisting individual clients on-site and in the community and advocating improvements in systems to better serve RIL clients.

## Children, Youth, and Families (CYF)

CYF Specialists consult with and coach CYF Caseworkers who work with families experiencing DV, and work with both parents in an educational environment that empowers the survivor around resources, safety, and healing, and encourage change in the parent who is abusive.

## Immediate Needs Coordination (INC) Program

INC meets the immediate emotional, psychological, and physical health & safety needs of clients using non-resident services. The INC Program also assists survivors with meeting their family's basic needs such as childcare, housing utility, food, and more.

## Medical Advocacy

The Medical Advocacy Coordinator works closely with area hospitals, clinics, and doctor's offices to provide crisis intervention, educational resources, and hands-on trainings.

## STANDING FIRM

The Business Case to End Partner Violence: STANDING FIRM alerts employers to the financial, safety, and human costs of partner violence in the workplace and workforce and equips them with tools for taking effective organizational action.

## MENS Group

*(Men Embracing Nonviolence & Safety)*

The MENS Group is for men who need help with changing their violent and abusive behaviors. This program offers counseling, education, and tools to help people who use abuse understand and begin to gain control of their feelings and behaviors.
