

Join Your Colleagues in San Diego for ACG 2009

The Premier GI Clinical Event of the Year!

Dear Colleagues,

Welcome to ACG 2009, ACG's Annual Scientific Meeting and Postgraduate Course, the premier GI clinical event of the year. The Postgraduate Course Directors and ACG's Educational Affairs Committee, along with Friday Course Directors, have brought together internationally-recognized experts and rising stars in the field. This year's program promises to deliver the latest clinical updates in gastroenterology and hepatology, plus discuss what is on the horizon that may impact your practice.

Abstract submissions for ACG 2009 were the highest in our meeting's history and nearly 1,300 were selected for presentation at the meeting, with 67 slated for oral presentation and the remainder as poster presentations. I congratulate all of our colleagues for their research efforts and I encourage you to attend the oral presentations and to view the posters during the three-day Annual Meeting.

Speaking of posters, we will again offer Poster Rounds with the Experts. Each day of the poster sessions, well-known experts will lead attendees around to posters of interest. This is a great opportunity to discuss posters, garner insight from the expert, and make new contacts with other attendees in a low-key, relaxed atmosphere. Poster Rounds with the Experts runs from Sunday through Tuesday.

ACG has been hard at work these past few months building a new ACG member benefit, the ACG GI Circle. The ACG GI Circle is an interactive online community that lets you connect with fellow ACG members in your local community, on the state level, across the U.S. and around the world. When you join the GI Circle, you'll be able to engage with experts on clinical challenges and the latest science, share your experiences and keep pace with emerging trends, and connect with colleagues and friends to discuss new research and clinical updates presented at ACG meetings or discuss top-of-mind issue like health care policy and practice management challenges. To learn more about the ACG GI Circle and to create your profile, visit the ACG GI Circle booth #1927.

Attending ACG 2009 shouldn't be all work and no play. Plan on attending the President's Reception, on Monday evening, from 7:00 pm-9:00 pm at the Manchester Grand Hyatt, in the Manchester Ballroom, D-I. Be sure to plan some additional downtime and explore the beautiful city of San Diego.

In closing, I want to thank you for the opportunity to serve you this year. It has been my great pleasure to be the ACG President and I welcome everyone to the ACG 2009 Annual Scientific Meeting and Postgraduate Course.

Sincerely,

Eamonn M.M. Quigley, MD, FACG
ACG President

Cancellation

Written notice of cancellation and requests for refunds must be received by the College's office by October 2, 2009. After this date, no refunds will be possible. Registration cancellations are not accepted by telephone. An explanation must be provided in writing. There will be a \$50 administrative fee assessed for cancellation of any paid event. Refunds will be issued after the meeting.

Annual Scientific Meeting (*Ballroom 20*)

There is no registration fee for ACG Members (including FACG and MACG), ACG Residents/Trainee/Candidate Members, and ACG Allied Health Members. In addition, Residents/Non-Member Trainees will have their registration fee waived if they provide a letter from their Program Director indicating they are currently in training. Guests/Non-Member Physicians/Exhibitors are required to submit a registration fee. Non-Member Allied Health Professionals are also required to submit a registration fee. Tickets for the optional breakfast sessions on Tuesday and Wednesday may be purchased for \$40. Please visit the ACG Registration Desk in the Exhibit Hall Lobby to purchase tickets. All registrants of the Annual Scientific Meeting will receive a copy of the meeting syllabus. Attendees of the optional Breakfast Sessions will receive an additional syllabus which includes the presentations for all breakfast sessions. For course details, see page 48.

Annual Postgraduate Course (*Ballroom 20*)

A comprehensive syllabus with a separate self-assessment examination will be included. The Postgraduate Course again offers registrants the opportunity to participate in the optional Learning Luncheon programs. There are a limited number of participants who may attend each Learning Luncheon. There is a separate charge of \$50 per ticket for the Learning Luncheons. Please visit the ACG Registration Desk in the Exhibit Hall Lobby to purchase tickets. For course details, see page 41.

Optional Courses – Friday, October 23 and Monday, October 26

Details for optional Friday and Monday courses begin on page 27.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The American College of Gastroenterology designates these educational activities for a maximum as noted below of *AMA PRA Category 1 Credits™*. Each physician should claim credit commensurate with the extent of their participation in the activity.

Exhibit Hall (*Exhibit Halls E-H*)

The science and technology of medicine is ever changing and advancing the practice of gastroenterology. Showcasing these latest advances in technology and therapeutics is the ACG 2009 Exhibit Hall where more than 150 companies will display and demonstrate their products and services. With the variety of exhibitors expected to participate, there are certain to be displays of interest for all attendees. Companies who exhibit include pharmaceuticals manufacturers, medical instrument suppliers, research companies, technology companies, publishers, non-profit organizations, recruiters and many others.

Exhibit Hall Scavenger Hunt (*Exhibit Halls E-H*)

Again this year ACG will offer the Exhibit Hall Scavenger Hunt. The vast amount of new information available in the Hall is reason enough to visit, but attendees also have the opportunity to be entered into a drawing to win fabulous prizes by visiting certain areas of the Hall. The Exhibit Hall will be open from Sunday, October 25 to Tuesday, October 27. Don't miss the chance to benefit your practice by exploring what the Exhibit Hall has to offer, and have some fun while doing so! Exhibit Hall hours are:

Sunday, October 25	12:00 noon - 7:00 pm
Monday, October 26	9:30 am - 4:00 pm
Tuesday, October 27	9:30 am - 4:00 pm

The ACG Store (*Ballroom Lobby*)

Authors are requested to check the Press Board for interviews. No announcements will be made in the Scientific Sessions.

ONLINE Self-Assessment Test

Beginning Monday, October 26, the ONLINE Self-Assessment Test will be available for purchase. The online version of the popular print resource from ACG allows you to answer questions at your own pace. Start and stop the exam as often as you need. Your work is saved each time you access the online test. The test is organized by organ system and includes more than 300 multiple-choice questions. The test tracks your responses, indicates correct answers with detailed discussion and supporting references, and provides your overall/ category scores. Complete the test and earn a maximum of 12 *AMA PRA Category 1 Credits™*. In addition, even after you've finished the test you can continue to go back and review, re-read, and check on linked references for further study. \$75 for members; \$100 for non-members. For more information and to purchase, visit www.acg.gi.org.

ACG's Self-Assessment Program for Maintenance of Certification

ACG is pleased to announce that the American Board of Internal Medicine has approved ACG's Self-Assessment Program (SAP) for credit in the ABIM Maintenance of Certification (MOC) program. ABIM diplomates enrolled in the MOC program who successfully complete the program will be awarded 20 self-evaluation of medical knowledge points by ABIM. ACG's web-based module, a comprehensive educational program dedicated to providing clinical updates in specific topic areas in Gastroenterology, is comprised of 50 case-based, multiple-choice questions. Upon completion, users are able to access detailed explanations and linked references to other educational resources, and earn up to 4 *AMA PRA Category 1 Credits™*.

ACG Member: \$60 each module/Non-member: \$80 each module. For more information and to purchase, visit www.acg.gi.org.

Points earned for the successful completion of this medical knowledge module can be applied one time only. Attendees who completed this module at the 2008 ACG Recertification Course in Orlando, or who have completed the module independently, will NOT receive ABIM credit again.

CD-ROMs/DVDs

Shire is proud to sponsor the ACG 2009 Abstracts on CD-ROM. The Abstracts on CD-ROM contains all abstracts in the plenary and poster sessions. You may pick up your complimentary copy by redeeming the ticket included with your badge materials or completing the form enclosed in your registration bag. CD-ROMs will be available for pick-up at the Shire booth #1235. Limited quantities available.

In addition, AstraZeneca is proud to sponsor the Esophageal Disorders DVD 2009, a collection of esophageal disorder presentations from ACG's 2009 regional courses. The Esophageal Disorders DVD may be picked up at the ACG booth #613. Limited quantities available.

There are numerous opportunities at ACG 2009 to network with your peers. Here are a few of the events taking place this year at ACG 2009.

Unless otherwise noted, all events will take place at the San Diego Convention Center.

ACG Presidential Address

ACG Presidential Address

Monday, October 26
9:00 am – 9:25 am • Ballroom 20

Eamonn M.M. Quigley, MD, FACP, ACG President, will address attendees during the Presidential Address to mark the beginning of the Annual Meeting. The President uses this opportunity to welcome members, highlight ACG's accomplishments over the past year, and bid farewell as he passes leadership of the ACG on to the President-Elect.

Receptions

Women and Minorities in Gastroenterology Reception

Sunday, October 25
6:00 pm – 7:00 pm • Manchester Grand Hyatt, Molly Room

All those interested in the issues facing women and minorities in the GI field are invited to attend.

International Reception

Monday, October 26
6:00 pm – 7:00 pm • Manchester Grand Hyatt,
Manchester Ballroom A

All International attendees are invited to attend and enjoy cocktails and hors d'oeuvres while meeting colleagues.

President's Reception

Monday, October 26
7:00 pm – 9:00 pm • Manchester Grand Hyatt,
Manchester Ballroom D

The President's Reception is a light-hearted, social gathering open to all meeting attendees. Join us for refreshments and a chance to network and mingle with your fellow professionals.

Alumni Receptions

Every year, several Alumni Receptions are planned for alumni of various medical schools. Invited attendees will receive an invitation by mail from their alumni group.

Additional Events

Career Opportunities for Women in GI Luncheon

Saturday, October 24
12:20 pm-1:35 pm • Room 29 A

The Women in Gastroenterology Committee is hosting a program geared towards medical students and residents who are facing difficult decisions in the future of their medical careers. Female gastroenterologists from a variety of medical backgrounds will address the issues of being a female subspecialist, balancing career and family, and opportunities for women in medicine and more specifically, gastroenterology. Advance registration required. Space is limited. See the ACG Registration Desk for questions.

ACG Annual Business Meeting

Monday, October 26
5:30 pm-6:00 pm • Ballroom 20 AB

All ACG Members and Fellows (FACP) are encouraged to attend the College's Annual Business Meeting, where College business will be discussed and voted on. The meeting will be held on Monday, October 26 from 5:30 pm-6:00 pm, immediately following that day's Annual Scientific Session.

Women's Networking, Negotiating and Leadership Skills Workshop

Friday, October 23
4:00 pm-8:00 pm • Room 32 B

The Women in Gastroenterology Committee is hosting a program geared to Senior GI Fellows and Junior Faculty discussing networking, negotiation and leadership skills for women. Advance registration required. Space is limited. See the ACG Registration Desk for questions.

ACG Auxiliary

Saturday – Tuesday, 8:00 am-12:00 noon
Manchester Grand Hyatt, Betsy Room

The ACG Auxiliary will provide a Hospitality Suite for spouses during the ACG Annual Meeting, offering a place to relax and unwind, review tour and visitor information, or just chat with friends. Registration for Auxiliary members will also be available in the suite. A Schedule of Events for the ACG Auxiliary is on page 24.

The ACG Auxiliary will offer a complimentary luncheon for all auxiliary members on Sunday, October 25, from 12:00 noon-1:30 pm at the Manchester Grand Hyatt, Edward BC Room. Pre-registration for this lunch is required and space is limited. Visit the ACG Registration Desk for registration information. All Auxiliary members are invited to attend the Auxiliary Board Meeting on Sunday, October 25 at 7:00 am in the Edward BC room of the Manchester Grand Hyatt.

The Auxiliary will also offer a special tour for adults and children, "La Jolla: Pacific Jewel." See page 24 for a description of this tour and more information.

ACG's 2009 Fellows-in-Training Events

GI Jeopardy: Buzz In for Your Training Program

Saturday, October 24

5:15 pm–7:00 pm • Room 29 A-D

ACG's favorite quiz show, GI Jeopardy, will be back again in 2009. To become a contestant, you must be a fellow-in-training, but all are welcome to attend the competitive final round, a spirited GI version of the television classic. The competition began in August with a preliminary round open to all GI training programs. The top five scoring programs have been invited to send two-person teams to compete in front of a live audience at the 2009 ACG Annual Postgraduate Course. Travel expenses for the teams will be covered by ACG. Last year's GI Jeopardy finalists were supported by more than 300 lively audience members giving the event a real game show atmosphere. A reception will immediately follow the competition.

ACG thanks Takeda Pharmaceuticals North America, Inc. for their support of GI Jeopardy.

Trainees' Luncheon: What Every Trainee Should Know

Sunday, October 25

12:10 pm–1:35 pm • Room 29 A

This year the Trainees' Luncheon will feature two hot topics: The Art of Presentation and How to be Successful in Practice. David T. Rubin, MD, FACP, from the University of Chicago, will show trainees how to create and deliver high quality, effective presentations. Harry E. Sarles, Jr., MD, FACP, from Digestive Health Associates of Texas, will then share his insights on what it takes to have a successful private practice. Don't miss this opportunity to learn from two well-established leaders in clinical GI.

Registration for this lunch is limited to Fellows-in-Training. A separate fee of \$25 is required for this event and space is limited. Visit the ACG Registration Desk for registration information.

Trainees' Forum: Scoping Out Your Future: Finding a Job and Transitioning into Practice

Sunday, October 25

5:15 pm–7:00 pm • Room 31 A-C

If you're looking for tools to find the right job environment after graduation, the annual Trainees' Forum may be just what you need. The program will include presentations by experienced physicians from both private practice and academia, and recent graduates who will provide insights into the process of finding a job, obtaining advanced fellowship training beyond 3 year GI fellowships, negotiating a contract, and balancing work and life issues. Following the panel discussion, small round table discussions will take place. Available to all trainees in gastroenterology and hepatology at no charge. Don't miss out on this important information; it can help you take control of your career. Hors d'oeuvres and beverages will be served.

ACG Job Forum

Gastrojobs: Where Job Candidates Find Employers

Sunday, October 25, 12:00 noon–7:00 pm

Monday & Tuesday, October 26 & 27, 9:30 am–4:00 pm

Booth 2001- Exhibit Halls E-H

Looking for a job? Recruiting candidates for an open position? With the thousands of GI professionals convening in San Diego, the ACG Annual Scientific Meeting provides an ideal setting for employers to post job openings and for applicants to review available positions all across the country. Powered by naturejobs, the award-winning scientific and medical online job board, gastrojobs is a unique, highly targeted website dedicated to posting employment opportunities for researchers and medical professionals specializing in gastroenterology and hepatology.

Gastrojobs will be available live in the Exhibit Hall Booth 2001. Visit www.nature.com/gastrojobs for more information.

David Sun Lecture

Gut Microbes: From Bugs to Drugs

Saturday, October 24

10:00 am – 10:30 am • Ballroom 20

This year's David Sun Lecture has been awarded to **Fergus Shanahan, MD, FACG**, who will present "Gut Microbes: From Bugs to Drugs." Held during the Annual Postgraduate Course, The David Sun Lectureship in Postgraduate Education was established by Mrs. Sun in memory of her husband, Dr. David Sun, an outstanding gastroenterologist and investigator. The Lecturer, with a distinguished background in gastroenterology or an allied field, is chosen by the Course Directors of the Postgraduate Program subject to the approval of the Educational Affairs Committee and the Board of Trustees. All who are registered for the Postgraduate Course are invited to attend.

The American Journal of Gastroenterology Lecture

PPI-Clopidogrel Interaction: Fact or Fiction?

Monday, October 26

2:40 pm – 3:20 pm • Ballroom 20 AB

Loren A. Laine, MD, FACG, will present *The American Journal of Gastroenterology* lecture, entitled "PPI-Clopidogrel Interaction: Fact or Fiction?" The *Journal* lecture will feature a description of the role of clopidogrel in cardiovascular disease as well as the role of proton pump inhibitors in potentially reducing upper GI bleeding in clopidogrel users. There will also be a discussion of the evidence regarding a potential interaction between clopidogrel and proton pump inhibitors.

J. Edward Berk Distinguished Lecture

Gastroenterologist/Hepatologist: Identical or Complementary?

Tuesday, October 27

10:00 am – 10:30 am • Ballroom 20

This year's J. Edward Berk Distinguished Lecture has been awarded to **Michael F. Sorrell, MD, FACG**, who will present "Gastroenterologist/Hepatologist: Identical or Complementary?" Awarded to individuals prominent in gastroenterology or a related area, the J. Edward Berk Distinguished Lecturer is nominated by the President and the appointment is subject to approval by the Board of Trustees. The lectureship was established in recognition of the significant contributions made by J. Edward Berk, MD, MACG, to clinical gastroenterology during his long and distinguished clinical and academic career. A nationally and internationally renowned physician and teacher, Dr. Berk also served as ACG President from 1975-1976. All who are registered for the Annual Meeting are encouraged to attend.

Emily Couric Memorial Lecture

The Adenoma-Carcinoma Sequence Revisited—Has the Era of Genetic Tailoring Finally Arrived?

Tuesday, October 27

2:00 pm – 2:45 pm • Ballroom 20 AB

Dennis J. Ahnen, MD has been designated to deliver the Emily Couric Memorial Lecture. The title of his presentation will be "The Adenoma-Carcinoma Sequence Revisited—Has the Era of Genetic Tailoring Finally Arrived?" This lecture was developed by the ACG, the Virginia Gastroenterological Society and the Old Dominion Society of Gastroenterology Nurses and Associates to honor Virginia State Senator Emily Couric who died of pancreatic cancer in October of 2001. Senator Couric was a strong advocate for health care issues, particularly in her instrumental work to pass the nation's first legislation mandating health insurance coverage for colorectal cancer screening. All who are registered for the Annual Meeting are encouraged to attend.

David Y. Graham Lecture

Esophageal Motor Disorders in Terms of High Resolution Pressure Topography: What has Changed?

Wednesday, October 28

10:15 am – 10:45 am • Ballroom 20 AB

Peter J. Kahrilas, MD, FACG, is being honored this year as presenter of the David Y. Graham Lecture, "Esophageal Motor Disorders in Terms of High Resolution Pressure Topography: What has Changed?" The presenter is chosen by the President and is subject to approval by the Board of Trustees. This named lectureship was established in 2004 in recognition of the many contributions to clinical gastroenterology made by David Y. Graham, MD, MACG. The lectureship was made possible through a donation by Otsuka Pharmaceutical Co., Inc., and Meretek Diagnostics, Inc. All who are registered for the Annual Meeting are encouraged to attend.

MINORITY HEALTH CARE

This award recognizes an ACG Member or Fellow whose work in the areas of clinical investigation or clinical practice has improved the digestive health of minorities or other underserved populations of the United States.

- 2008 Abbasi J. Akhtar, MD, FACP
 2007 LaSalle D. Leffall, Jr., MD, FACP

2009 ACG Auxiliary Award Recipient (Member)

Paper 2. A Randomized, Open-Label Clinical Trial with Levofloxacin, Omeprazole, Alinia® (Nitazoxanide), and Doxycycline (LOAD) versus Lansoprazole, Amoxicillin and Clarithromycin (LAC) in the Treatment Naïve *Helicobacter pylori* Population

P. Patrick Basu, MD, Columbia University College of Physicians and Surgeons, New York, NY; Krishna Rayapudi, MD, Tommy Pacana, MD, Niraj James Shah, MD, Forest Hills Hospital, Forest Hills, NY

2009 ACG Auxiliary Award Recipient (Trainee)

Paper 57. Higher Prevalence of Chronic Kidney Disease and Poor Renal Survival in Patients with Chronic HCV Infection

Sanjaya Satapathy, MBBS, MD, DM, North Shore University Hospital, Long Island Jewish Medical Center, New Hyde Park, NY; Chandra Sekhar Lingisetty, MD, Susan Williams, MD, New York Medical College, Metropolitan Hospital, New York, NY

2009 ACG Governors Award Recipients for Excellence in Clinical Research

Paper 1. Post-Infectious Functional Gastrointestinal Disorders in the U.S. Military

Mark S. Riddle, MD, DrPH, Robert Gormley, MD, PhD, Chad K. Porter, MPH, PhD, Naval Medical Research Center, Silver Spring, MD; David R. Tribble, MD, DrPH, Uniformed Services University of the Health Sciences, Bethesda, MD; Brooks D. Cash, MD, FACG, National Naval Medical Center, Bethesda, MD

Paper 4. Effect of ERCP Mechanical Simulator (EMS) Practice on Trainees' ERCP Performance in the Early Learning Period: U.S. Multi-Center Randomized Controlled Trial

Brian S. Lim, MD, MCR, Kaiser Permanente Riverside Medical Center, Riverside, CA; Joseph Leung, MD, FACG, Sacramento VA Medical Center, Mather, CA; John Lee, MD, UC Irvine Medical Center, Irvine, CA; Danny C. Yen, MD, Laurel Beckett, PhD, Daniel Tancredi, PhD, UC Davis Medical Center, Sacramento, CA; Felix W. Leung, MD, FACG, Sepulveda ACC, VAGLAHS/David Geffen School of Medicine at UCLA, North Hills, CA

Paper 5. A More Efficient System for Gastric Cancer Screening Using the Combination Assay of Serum Anti-*Helicobacter pylori* IgG Antibody and the Serum Pepsinogen Levels

Kazumasa Miki, MD, PhD, Japan Research Foundation of Prediction, Tokyo, Japan; Shinya Kodashima, MD, PhD, Mitsuhiro Fujishiro, MD, PhD, The University of Tokyo, Tokyo, Japan; Naohisa Yahagi, MD, PhD, Toranomon Hospital, Tokyo, Japan

Paper 7. Predictors of Overall Survival in a Large Population Based Barrett's Esophagus Cohort

Ganapathy A. Prasad, MD, MS, Kenneth Wang, MD, FACG, Yvonne Romero, MD, Nicholas J. Talley, MD, PhD, FACG, Giles R. Locke, MD, Cathy D. Schleck, MS, Alan R. Zinsmeister, PhD, Kelly T. Dunagan, BS, Mary B. Frederickson, CCRP, Debra M. Geno, CCRP, Lori S. Lutzke, LPN, Lynn S. Borkenhagen, MS, NP, Ngozi I. Okoro, MD, Mayo Clinic, Rochester, MN

Paper 53. Hepatitis C Virus Associated Primary Hepatocellular Carcinoma in a Non-Cirrhotic Liver

Mazen Albeldawi, MD, Mohamed Soliman, Rocio Lopez, MS, Nizar Zein, MD, Cleveland Clinic, Cleveland, OH

2009 ACG International Award Recipient

Paper 58. Warm Water Irrigation Versus Air Insufflation for Unsedated Colonoscopy: Preliminary Results of a Randomized Controlled Trial

Silvia Paggi, MD, Franco Radaelli, MD, Arnaldo Amato, MD, Vittorio Terruzzi, MD, Valduce Hospital, Como, Italy

2009 Lawlor Resident Award Recipient

Paper 23. Gastric Intestinal Metaplasia (GIM): Natural History and Surveillance

Vlado Simko, MD, FACG, Brooklyn VA Medical Center, Brooklyn, NY; Naveen Anand, MD, Mujtaba Butt, MD, SUNY Downstate Medical Center, Brooklyn, NY

2009 ACG Obesity Award Recipient

Paper 19. Clinical Presentation of Beriberi After Roux-en-Y Gastric Bypass (RYGB) Surgery

Hiral Shah, MD, Bikram Bal, MD, Frederick Finelli, MD, JD, Timothy Koch, MD, FACG, Washington Hospital Center, Washington, DC

2009 ACG/AstraZeneca Clinical Vignette Award Recipients

***Poster 120. Post Gastric Bypass Nesidioblastosis**

Miguel Ordonez, MD, Nancy Barquero, BSc, Daniel Fraga, BSc, Craig Fisher, MD, Tiana Shiver, MD, Dale Hamilton, MD, The Methodist Hospital, The Methodist Hospital Research Institute, Houston, TX

***Poster 872. Meningitis: A Rare Complication of Esophageal Dilatation**

Satya Mishra, MD, Frida Abrahamian, MD, Bashar Attar, MD, PhD, FACG, John H. Stroger, Jr. Hospital of Cook County, Chicago, IL

2009 ACG/AstraZeneca Senior Fellow Abstract Award Recipients

Paper 9. Significance of Microvesicular Steatosis in Nonalcoholic Fatty Liver Disease (NAFLD)

Sweta R. Tandra, MD, Raj Vuppalanchi, MD, Oscar W. Cummings, MD, Naga Chalasani, MD, FACG, Gastroenterology/Hepatology, Indiana University School of Medicine, Indianapolis, IN; Matthew Yeh, MD, University of Washington, Seattle, WA; Laura Wilson, ScM, Unalp-Arida Aynur, MD, PhD, John Hopkins School of Public Health, Baltimore, MD; Elizabeth Brunt, MD, Saint Louis University School of Medicine, St. Louis, MO

Paper 10. The Role of Probe Based Confocal Laser Endomicroscopy (pCLE) in Predicting Recurrence of Neoplasia After Endoscopic Mucosal Resection of Colorectal Lesions

Anna M. Buchner, MD, PhD, Muhammad W. Shahid, MD, Muhammad Hasan, MD, Massimo Raimondo, MD, Timothy Woodward, MD, Paul Fockens, MD, PhD, Michael Wallace, MD, MPH, FACG, Mayo Clinic, Jacksonville, FL; Frank van den Broek, MD, Evelien Dekker, MD, PhD, Academic Medical Center, Amsterdam, Netherlands

* Also a 2009 ACG Presidential Poster Award Recipient.

Paper 13. Risk Stratification of Upper GI Bleeding Patients in the Emergency Room with “Real Time” Capsule Endoscopy – A Pilot Study

Albert Shalomov, MD, Syed Hussain, MD, Rafael A. Cortes, MD, Sang H. Kim, MD, Kaumudi Somnay, MD, Neil Brodsky, MD, Moshe Rubin, MD, FACG, New York Hospital Queens, Weill-Cornell Medical College, Flushing, NY; Michael S. Smith, MD, MBA, Temple University School of Medicine, Philadelphia, PA

Paper 21. The Interaction of GERD and Mental Health Disorders (MHDs) Among World Trade Center (WTC) Workers

Yvette Lam, MD, Douglas Brand, MD, FACG, Juan Carlos Bucobo, MD, Division of Gastroenterology, Stony Brook University Medical Center, Stony Brook, NY; Suvin Banker, DO, Benjamin Luft, MD, Department of Medicine, Stony Brook University Medical Center, Stony Brook, NY; Julie Brohier, MA, World Trade Center Volunteer and Worker Medical Monitoring and Treatment Program, Islandia, NY

Paper 22. Serum Ghrelin Level in Adults with Cyclic Vomiting Syndrome

Reza Hejazi, MD, Richard McCallum, MD, FACG, Texas Tech University Health Sciences Center, El Paso, TX; Teri Lavenbarg, RN, Scott Stanley, MD, Pernilla Foran, LPN, Kansas University Medical Center, Kansas City, KS

Paper 32. Enhanced Salivary Protection in Patients with Negative Endoscopically Reflux Disease Could Be a Factor Contributing to Prevention of the Esophageal Mucosal Injury and Complications

Marek Majewski, MD, Grzegorz Wallner, MD, Medical University of Lublin, Lublin, Poland; Richard McCallum, MD, FACG, Texas Tech University Health Science Center, Paul L. Foster School of Medicine, El Paso, TX; Jerzy Sarosiek, MD, Kansas University Medical Center, Kansas City, KS

***Poster 121. Coming of Age: Developing a Curriculum in Geriatric Gastroenterology (GeriGI)**

Brijen Shah, MD, Sita Chokavathia, MD, FACG, Karen Hall, MD, PhD, Joanne Wilson, MD, Gastroenterology, Mount Sinai Medical Center, New York, NY, University of Michigan, Ann Arbor, MI, Duke Medical Center, Durham, NC

***Poster 476. Incidence, Predictors, and Outcomes of Gastrointestinal Bleeding in Patients on Dual Antiplatelet Therapy with Aspirin and Clopidogrel**

Oluseun Alli, MD, Colin Smith, Micah Hoffman, Steven Amanullah, Philip Katz, MD, FACG, Aman Amanullah, MD, Albert Einstein Medical Center, Thomas Jefferson Medical School, Philadelphia, PA, Cornell University, New York, NY

***Poster 492. Comparison of BISAP, Ranson’s, APACHE-II and CTSI Scores in Predicting Organ Failure, Complications and Mortality in Acute Pancreatitis**

Venkata Muddana, MD, Georgios Papachristou, MD, FACG, Dhiraj Yadav, MD, MPH, FACG, Michael O’Connell, PhD, Michael Sanders, MD, FACG, Adam Slivka, MD, PhD, FACG, David Whitcomb, MD, PhD, FACG, UPMC, Pittsburgh, PA

***Poster 1054. Incidence and Novel Risk Factors for Neutropenic Enterocolitis Following 1528 Courses of Chemotherapy in a Homogenous Cancer Population**

Somashekar Krishna, MD, MPH, Weizhi Zhao, MS, Kavya Krishna, MD, Bart Barlogie, MD, PhD, Elias Anaissie, MD, University of Arkansas for Medical Sciences, Myeloma Institute for Research and Therapy, Little Rock, AR

2009 ACG/Centocor IBD Abstract Award Recipients

Paper 6. Incidence and Risk Factors for Non-Melanoma Skin Cancer in Patients with Inflammatory Bowel Disease

Millie D. Long, MD, MPH, Hans Herfarth, MD, PhD, Carol Q. Porter, MS, Robert S. Sandler, MD, MPH, Michael D. Kappelman, MD, MPH, University of North Carolina, Chapel Hill, NC; Clare A. Pipkin, MD, Duke University, Durham, NC

Paper 44. Role of BMI in Predicting Outcomes of Surgical Intervention in Crohn’s Disease

Talha A. Malik, MD, Charles Hotte, MD, Robert Oster, PhD, Alexandra Gutierrez, MD, University of Alabama at Birmingham, Birmingham, AL

Paper 45. What Is the Incidence of Small Bowel Cancer in Patients with Crohn’s Disease and Is There a Detection Bias?

Daniel Virnig, MD, University of Minnesota, Minneapolis, MN; Aasma Shaukat, MD, MPH, VA Medical Center, Minneapolis, MN; Shanthi Sitaraman, MD, PhD, Jonathan Liff, PhD, Emory University, Atlanta, GA

***Poster 1122. Accutane Use Is Associated with Inflammatory Bowel Disease: A Case Control Study Using Administrative Data**

Seth Crockett, MD, Christopher Martin, PhD, Carol Porter, MS, Michael Kappelman, MD, MPH, Department of Medicine, Division of Gastroenterology, Department of Pediatrics, Division of Gastroenterology, Cecil G. Sheps Center for Health Services Research, University of North Carolina, Chapel Hill, NC

2009 ACG/Naomi Nakao Gender Based Research Award Recipient

Paper 51. The Impact of Cirrhosis or Prior Liver Transplant on Obstetrical Outcomes: A National Study

Sanjay Murthy, MD, E. Jenny Heathcote, MD, Geoffrey Nguyen, MD, University of Toronto, Toronto, Ontario, Canada

2009 ACG/Olympus Award Recipients

Paper 12. The American College of Gastroenterology High Definition Chromocolonoscopy Study: Findings and Implications for Colorectal Cancer Screening

Charles J. Kahi, MD, MSc, William Kessler, MD, Thomas F. Imperiale, MD, Xiaochun Li, PhD, Douglas K. Rex, MD, FACG, Indiana University, Indianapolis, IN; Joseph C. Anderson, SUNY, Stony Brook, NY; Irving Waxman, MD, University of Chicago, Chicago, IL

Paper 16. Prevalence and Risk Factors for Adenomas in 40-49 Year-Old Individuals with a Family History of Colon Cancer and/or Polyps

Akshay Gupta, MD, Philip Schoenfeld, MD, MPH, FACG, University of Michigan, Ann Arbor, MI; Saurabh Sethi, MD, MPH, Wayne State University, Detroit, MI

Paper 28. A Randomized Trial of Standard vs. Split-Dose Polyethylene Glycol Electrolyte (PEG-E) Bowel Preparation for Inpatient Colonoscopy

Roxanne Lim, MD, Sameer Barkatullah, MD, A. Samad Soudagar, MD, Michael Brown, MD, FACG, Rush University Medical Center, Chicago, IL

Paper 48. Does the Presence of Multiple Risk Factors for Metachronous Advanced Neoplasia Confer Additive Risk for CRC After Polypectomy?

Jonathan Mellen, MD, Francisco Ramirez, MD, FACG, Carl T. Hayden VA Medical Center, Phoenix, AZ; Lydia Aye, DO, Banner Health Good Samaritan Hospital, Phoenix, AZ

2009 ACG/Radhika Srinivasan Gender-Based Research Award

Paper 50. The Colon Adenoma-Carcinoma Paradox in Women: Role of Transforming Growth Factor (TGF) β Signaling

Hemant Roy, MD, Laura Bianchi, MD, Mohammed Jameel, MD, Maitri Shah, MD, Michael Goldberg, MD, Eugene F. Yen, MD, Ramesh Wali, PhD, North Shore University Health Systems, Evanston, IL; Chris Weber, MD, PhD, University of Chicago Hospitals, Chicago, IL

2009 ACG Presidential Poster Award Recipients

Poster 15. Esomeprazole Dose and Symptom Resolution in Patients with Gastroesophageal Reflux Disease (GERD): Is There a Ceiling Effect?

Marta Illueca, MD, Sherry Liu, PhD, Roy Orlando, MD, AstraZeneca LP, Wilmington, DE, University of North Carolina, Chapel Hill, NC

Poster 90. Endoscopic Ultrasound (EUS) and Secretin Endoscopic Pancreatic Function Test (EPFT): Histopathological Correlation in Chronic Pancreatitis (CP)

Siwar Albashir, MD, Mary Bronner, MD, Mansour Parsi, MD, R. Matthew Walsh, MD, Tyler Stevens, MD, Cleveland Clinic, Cleveland, OH

Poster 103. Biliary Obstruction and Pancreatitis Caused by Diffuse Nodular Hyperplasia of Brunner's Gland

Rizwan Kibria, MD, Shazdeh Butt, MD, Salma Akram, MD, Syed Ali, MD, Wright State University School of Medicine, Dayton, OH

Poster 194. Development of Non-Alcoholic Steatohepatitis (NASH) Post Orthotopic Liver Transplantation (OLT) Is Associated with Higher Mortality

Hany Alwakeel, MD, Hassan Zaghla, MD, PhD, Nabeel Omar, MD, PhD, Hassan Alshinnawy, MD, PhD, Eman Rewisha, MD, PhD, Roberto Lopez, MD, Paulo Fontes, MD, Micheal De Vera, MD, Azza Taha, MD, Hossam Kandil, MD, PhD, National Liver Institute, Public Health, College of Medicine, Shibin Alkom, Egypt; Surgery, Center for Liver Diseases, UPMC, Pittsburgh, PA

Special Tours & Auxiliary Events

ACG Auxiliary

The ACG Auxiliary will provide a Hospitality Suite in the Betsy Room of the Manchester Grand Hyatt Hotel for spouses during the ACG Annual Meeting, offering a place to relax and unwind, review tour and visitor information, or just chat with friends. Registration for Auxiliary members will also be available in the suite. All Auxiliary members are invited to attend the Auxiliary Board Meeting on Sunday, October 25 from 7:00 am–8:00 am in the Edward BC room of the Manchester Grand Hyatt Hotel. The Auxiliary will also offer a special tour. Please visit the ACG Physician Registration Desk at the San Diego Convention Center for more information about the Auxiliary and the tour.

The field of clinical gastroenterology continues to experience an enormous and seemingly ever increasing array of options and advancements affecting many elements of managing GI disorders. These advancements apply to both diagnostic and treatment options, including pharmacological agents and enhancements to technology options for diagnosis and interventions. The busy gastroenterology clinician must remain on top of these advancements, must be knowledgeable about every diagnostic and treatment option that is available for managing each of their patients, as well as learn, understand and effectively utilize these available technology advancements.

The pressure to include new and ever changing administrative requirements by policymakers and payors continues to create unique challenges for the gastroenterology clinician. Additionally, patients are increasingly more educated when they walk into their physician's office—even if all of the information they have is not of the highest quality. The result for busy clinicians is a significant set of challenges that make this knowledge and understanding of the full array of state of the art science and treatment options more important than ever. While the traditional goals of thorough diagnostics and sound therapeutic options continue to remain in place, the place for outcomes measurement and turning these findings into evidence-based care continues to grow.

The reimbursement limitation and work force challenges that have been apparent in recent years have continued unabated. For GI clinicians and their practices, the imperative is to find more efficient ways to gain the latest scientific knowledge and institute scientifically sound therapy without compromising the highest quality of patient care. Notwithstanding research indicating that different venues present significantly different safety profiles for patients, over the past several years, a host of large payors have attempted to step in and substitute judgment regarding the appropriate venue for treatment and procedures. Unfortunately, these changes have been made largely based on financial considerations and without the input of clinicians or against their recommendations. The risk of inconsistent outcomes as a result of these changes is an area of concern and the latest data regarding safety and technical developments will be critical to assuring continued high quality patient care. This attempt to substitute judgment of the clinician is not limited to issues such as venue for care delivery. There have been efforts focused on details such as which sedatives can or should be used or even which equipment or accessories should be used for various procedures. The multi-faceted pressures of new and increasing scientific developments, pressures from payors and policymakers and demands by patients with ever greater amounts of information of various levels of quality mandate that clinical gastroenterologists find ways to constantly reevaluate the treatments used and mechanisms for delivery in their practices, regardless of the specific practice setting, to guarantee that each individual patient obtains the treatment and services that are the best possible options for their specific needs.

The emphasis of ACG's educational efforts focuses on these advancements in diagnosis and treatment options, as well as the policies, procedures, and guidelines the GI clinician employs in the overall management of their practice. Certain GI disorders have seen an increasing prevalence over the past years, while prevalence of others has not drastically changed, even have seen a decline. And certain conditions consistently provide clinicians a more challenging case to manage than other conditions. The CME educational program goal is to heighten the knowledge of clinicians and other health care professionals involved in GI patient care in all areas of GI treatments and management options, with an emphasis on those identified conditions where prevalence is increasing and patient management proves to be a known challenge. Attention is also placed on advanced and improved endoscopic techniques and practice management tools which can increase a GI clinician's efficiency and effectiveness in their daily practice.

Obtaining the most timely diagnosis through screening for myriad gastroenterological diseases and conditions so that appropriate interventions, treatments and disease management can begin in the most timely fashion possible is imperative. This specifically includes encouraging screening and surveillance for colon cancer, functional GI disorders, liver diseases including liver cancer, the various forms of hepatitis and NAFLD, other GI cancers, GERD, eosinophilic esophagitis, Barrett's esophagus, peptic ulcer disease, acute and chronic pancreaticobiliary conditions and screening surveillance of the family of inflammatory bowel diseases.

Colon cancer is the third most commonly diagnosed cancer among both men and women. But colon cancer incidence rates have declined over the last 2 decades and survival rates have increased (according to the National Cancer Institute). This is very likely due to increased colorectal cancer screening and surveillance, which allows physicians to detect and remove pre-cancerous polyps or cancers at an early stage. Although these trends are moving in a positive direction, the need to increase screening rates even higher as they still trail other preventive screening by a significant margin. Providing gastroenterologists with the most effective and efficient means to conduct the screening and surveillance continue to be very important issues as well. Providing and quantifying indicators that define a quality colonoscopy, especially in light of recent findings on the prevalence of flat lesions, is a need that affects the gastroenterologist each time they perform a screening colonoscopy.

As the survival rate from the full range of gastroenterological cancers across the board improves, the need to keep educating the clinicians who will be following post-surgical patients increases. This important, evolving educational need must be met in a way that touches on the impact of various forms of cancer to the overall health of the patient's GI tract.

One condition that has drastically increased in prevalence in the U.S. is obesity, increasing from less than 15% in the 1960s to over 30% in 2004. It has been predicted that if the rates continue at their current pace, by 2015, 75% of adults could be overweight or obese (according to researchers at the Johns Hopkins Bloomberg School of Public Health Center for Human Nutrition). Therefore, not only is it imperative for clinicians to be well educated on the treatment and management options for obese patients, but patient education is a necessity to improve compliance and to achieve desired treatment results. Practical data and information on post-surgical management and treatment options of bariatric surgery patients have become increasingly important and requested by clinicians as has the latest information on what GI conditions are tied to or made worse by obesity.

An area of GI that continues to see more significant developments in pharmacological therapy options is inflammatory bowel disease (*American Journal of Gastroenterology, Gastroenterology, FDA.gov*). The GI clinician must be fully aware of the latest developments in biologics therapy and administration and patient management options in this area as well as advances that are being made in genetics as it relates to testing and diagnosis. The post-surgical management process and treatment options for these IBD patients continues to be a topic of interest and one where the clinician often faces challenges due to the complexity of the condition.

The GI clinician is frequently faced with challenges related to liver disorders. Often the GI relies on the expertise of the hepatologist to assist in the management of these patients, but with hepatologists operating at capacity, the gastroenterologist must be able to offer the best quality of care and treatment options to patients with liver disease, including hepatitis B and C, NAFLD, hepatic encephalopathy, cirrhosis, and other autoimmune liver diseases. With increased incidence of hepatitis C and data showing fewer patients are in treatment with hepatologists, practical, clinically relevant physician education is extremely important in this area.

Recognizing that pancreaticobiliary diseases are amongst the most difficult to treat, education on identification, treatment and management of various forms of pancreatitis, pancreatic cysts and biliary disorders is critical to obtaining the best patient outcomes.

Developments in understanding the underlying causes of motility disorders continue to move forward at a rapid pace as the amount of clinical research in this area expands. In some cases, the result has been that effective treatments have become available for various manifestations of these disorders. Understanding the latest science in the area of motility is critical to opening the door to treatment for a large group of patients who have been among the most difficult to treat. Evaluating the role of enteric flora, bacteria, and inflammation in motility disorders will help determine the appropriate course of action and play a critical role in managing an often challenging condition. Exposure to the latest data will assist in the identification of the incidence of disorders such as celiac sprue and other nutritional disorders and identification of new treatments, both pharmacological and device based, for well known but difficult to treat problems such as gastroparesis, cyclical vomiting and irritable bowel syndrome.

GI bleeding remains one of the most common and most challenging issues confronted by the clinical gastroenterologist. Be it the result of pain management techniques, cardiac care, patients with chronic liver disease or even occult bleeding of unknown origins, the clinician must be up to date on the latest information on strategies and techniques to identify, prevent and treat bleeding all through the GI tract. This will include providing accurate, practical information directly to patients and referring physicians.

Gastroesophageal reflux disease (GERD) affects at least 5-7 percent of the global population. The diagnosis, symptom recognition, treatment options, and surveillance are extremely important factors for the GI clinician to know, understand, and put into practice in order to provide these patients the best quality care and to prevent further complications. Other upper GI conditions such as Barrett's esophagus, eosinophilic esophagitis, dyspepsia, peptic ulcer disease, and H. pylori are all areas where disease management- symptoms, diagnostic tools, treatment options, complications—all need to be well understood by the GI clinician and put into practice each time the situation presents. It is with these esophageal and upper GI conditions and many other identified GI conditions where published evidence based practice guidelines should be explained and available to the GI clinician for their explicit understanding and to enhance their ability to most effectively manage each of their patients and the GI conditions those patients are faced with.

The constant technological advancements that are seen in endoscopic and other technologies employed in GI procedures creates a need to communicate the latest strategies for dealing with everything from patients with altered anatomy to identification and removal of large and difficult polyps using endoscopic technology to the developing practice of natural orifice transluminal endoscopic surgery. In addition to using the same technology in a more efficient manner, new technological developments permit the gastroenterologist to observe areas that have not traditionally been viewable, such as the small bowel. The development of CT colonography, or virtual colonoscopy, requires the GI clinician to fully understand the positive characteristics as well as the significant limitations of the technology as well as how to perform the procedure, and how to read, interpret and act upon the findings. Clinicians in a variety of practice settings are able to learn and integrate new therapies into their practice regime using technologies they are already using and able to learn and use the technological advancements to provide cutting edge services to their patients (*American Journal of Gastroenterology, Gastroenterology, American Journal of Radiology*).

The demand for increased practice efficiency across all settings continues to drive the search for practical tools to positively impact care delivery and patient outcomes. Through the use of evidence based approaches to treatment and rational public health policy, clinicians need to identify new and innovative ways to deliver care across the community. The ever expanding access to information on a real time basis by both physicians and patients provides unique opportunities as well as challenges to the healthcare delivery system. When this is combined with the pressures associated with increased spending on the healthcare delivery system that does not reward spending more time with patients and ever decreasing reimbursement for GI, the importance of top quality education of physicians and patients cannot be overstated.

FACULTY DISCLOSURES

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. Individuals participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship held within the past 12 months that may pose a potential commercial bias. Conflicts of interest will be identified and resolved prior to the beginning of the activity. ACG also requires presenters to disclose to participants any uses of drugs or devices mentioned in their presentations that are off-label or investigational.

2008-2009 ACG Board of Trustees Disclosure Declaration

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. The Accreditation Council for Continuing Medical Education requires CME providers to demonstrate that everyone who is in a position to control the content of an education activity has disclosed all relevant financial relationships with any commercial interest to the provider. Oversight of all educational programming content is conducted by the ACG Board of Trustees through a review and approval process. Board of Trustees members have noted the following relationships.

ACG ALLIED HEALTH PROFESSIONALS' SYMPOSIUM

Collaborating for Excellent Patient Care

Monday, October 26, 2009 • 12:15 pm – 2:40 pm • Room 30 A-D

Course Co-Directors: *Jean-Paul Achkar, MD, FACP and Lynn Borkenhagen, RN, MS, CNP*

Members/Fellows (includes Allied Health Members):	\$35*
Non-Members:	\$50*

ACG will host its 3rd Annual Allied Health Professionals Symposium. The program will feature leading physician and nonphysician experts. During this symposium, allied health professionals caring for patients with digestive diseases will be able to increase their knowledge and expertise about the current status of diagnostic tests and evidenced based treatments for some of the most common and chronic GI disorders including: management of the cirrhotic patient, treatment of GERD and Barrett's Esophagus, evaluation of the patient with GI blood loss, and diagnosis of fatty liver disease. In addition, they will understand the current colorectal cancer screening recommendations for patients as outlined in the ACG's newest guideline. This symposium is designed for nurses, physician assistants, nurse practitioners and other allied health professionals interested in the latest information on diagnostic gastroenterology and state of the art treatment of gastroenterologic illnesses. Physicians are strongly encouraged to attend this symposium with their allied health personnel, as the optimal management of patients with digestive diseases often requires a dedicated and knowledgeable "team" of health care providers.

*Pre-registration required. Boxed lunch will be provided.

Accreditations

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 2.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This program has been reviewed and is approved for a maximum of 2.25 hours of AAPA Category I CME credit by the Physician Assistant Review Panel. Physician assistants should claim only those hours actually spent participating in the CME activity.

This program was planned in accordance with AAPA's CME Standards for Live Programs and for Commercial Support of Live Programs.

This continuing nursing education activity was approved by the Society of Gastroenterology Nurses and Associates, Inc., an accredited approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity is approved for 2.25 contact hours.

AGENDA

- 12:15 pm **Welcome and Introduction**
Jean-Paul Achkar, MD, FACP, Course Co-Director
Lynn Borkenhagen, RN, MS, CNP, Course Co-Director
- 12:30 pm **Complexity of Cirrhosis: How Do We Simplify and Streamline Management?**
K. Rajender Reddy, MD, FACP
Brenda Appolo, PA-C

ACG PRACTICE MANAGEMENT COURSE

Escaping the Commodity Trap: Developing Your Practice Through Marketing and Excellence in Care Delivery

Friday, October 23, 2009 • 8:00 am – 5:00 pm • Room 33 A-C

Course Co-Directors: *Ece A. Mutlu, MD, FACG and James S. Leavitt, MD, FACG*

Members/Fellows:	\$225
Resident/Trainee/ Candidate Members:	\$0*/\$150
ACG Allied Health Members:	\$150
Non-Members:	\$275
Practice Managers:	\$150

Course Description

How will you differentiate your practice in a tight economy with declining reimbursement? Learn how at ACG's 2009 Practice Management Course. Course Directors Ece A. Mutlu, MD, FACG, and James S. Leavitt, MD, FACG, have organized a course that focuses on efficient practices and updates in areas of interest to the clinical gastroenterologist.

Leading experts will discuss strategic positioning and marketing, creating a culture of excellence, using metrics to improve practice, plus using technology to improve the quality of care. In addition, hear the latest on National Affairs and how pending legislation may impact you and your practice, plus coding updates and the latest in PQRI.

Program Description

The practice of gastroenterology has become a volume driven commodity type business, primarily as a result of declining reimbursements. The limitations of this business model in healthcare are many, including waning quality of care, escalating patient dissatisfaction and physician discontent. The 2009 Practice Management Course fundamental objective is to introduce the concept of marketing and demonstrate how appropriate marketing can alter a gastroenterology practice from being a commodity to a profitable and sustainable business in which high quality healthcare delivery and patient and physician fulfillment can be achieved.

To this end, the course will introduce the concepts of a gastroenterology market and provide the fundamentals on what is marketing, on differentiating oneself in the market place, as well as on business tools for market and individual practice analysis. The expected outcomes from these types of analyses and how they can be applied to gastroenterology will be presented.

The course will expand upon the concept of finding and creating a competitive marketing advantage and how it can be used to meet patient demand and improve quality of care and practice efficiency. Three approaches to have a competitive advantage within a practice will be examined. These include: achieving service excellence in the practice, the use of technology to improve care access and delivery and patient outcomes, and the use of metrics to analyze practice performance and improve reimbursements. Course topics are of interest to both the clinical gastroenterologist and the practice manager.

The course format will include an exceptional featured speaker for the morning and will have an interactive format with the audience. The afternoon sessions will be presentations on each of the above areas. At the end of the course, a final commentary on the entire course will be given by the featured speaker and all lectures will be critiqued.

8:00 am **Introduction**

Ece A. Mutlu, MD, FACP and James S. Leavitt, MD, FACP

8:05 am **Roads to Practice Growth: Strategic Positioning and Marketing for the GI Practice**

Eric N. Berkowitz, BA, MBA

Analyze the position of a gastroenterology practice within its market; examine how competitive advantages may be used to alter market position and achieve practice growth in a declining reimbursement environment; determine appropriate marketing strategies based on a practice's competitive advantage; and create plans for practice growth.

10:00 am **Break**

10:15 am **Roads to Practice Growth: Strategic Positioning and Marketing for the GI Practice** continued

11:15 am **Achieving Service Excellence**

Strategies for Creating a Culture of Service Excellence

Stephen E. Deal, MD, FACP

Define the meaning of service excellence and its role in patient satisfaction and establish how service excellence can impact market position.

11:40 am **Q & A**

11:45 am **National Affairs Update Luncheon**

Scott M. Tenner, MD, MPH, FACP

Assess the healthcare plan of the new Administration and any upcoming legislation that may affect gastroenterology practices.

1:15 pm **Regulatory Updates**

Coding Update

Daniel C. DeMarco, MD, FACP

Apply the newest coding updates and examine potential coding changes in the future.

PQRI Update

Ira L. Flax, MD, FACP

Discuss the current status as well as the future of PQRI and demonstrate how PQRI participation by a practice may provide an advantageous position in the gastroenterology marketplace.

2:05 pm **Q & A**

2:05 pm **Quality Care through Technology**

E-Prescribing

Raj I. Narayani, MD, FACP

Define e-prescribing, implement the mandated phase-in schedule for e-prescribing, determine the marketing and financial advantages e-prescribing can provide; and outline efficiencies e-prescribing provides the practice and its patients.

EMR and Patient Portals

James S. Leavitt, MD, FACP

Define the role of EMR and patient portals in gastroenterology practice; demonstrate the utility of these technologies as performance improvement tools; and illustrate how patient portals meet customer expectations and can be a marketing advantage for a gastroenterology practice.

ASGE-SPONSORED POSTGRADUATE COURSE

Integrating Endoscopic Advances into Clinical Practice

Friday, October 23, 2009 • 7:55 am – 5:15 pm • Room 29 A-D

Course Co-Directors: *Brian C. Jacobson, MD, MPH, FASGE, and Banke Agarwal, MD*

Members/Fellows:	\$375
Resident/Trainee/Candidate Members:	\$200
ACG Allied Health Members:	\$200
Non-Member Physician/Exhibitor/Guest:	\$495
Non-Member Resident/Trainee:	\$250
All Other Non-Members:	\$250

Course Description

New advances in technology have enhanced our endoscopic capabilities. Adoption of these technologies into clinical practice should be based on rigorous and critical review of outcomes data for optimum results. The ASGE Postgraduate Course will convene expert panels and focus on specific areas of controversy involving important and commonly encountered clinical scenarios by gastrointestinal endoscopists. Through detailed case discussions, the participants will receive practical and evidence based information on how to best use advances in endoscopic technology.

Intended Audience

This course has been specifically designed for practitioners in gastrointestinal endoscopy, especially gastroenterologists, gastrointestinal surgeons, gastrointestinal nurses, and fellows in training. This course is equally relevant to those in private practice and academic practice.

Program Objectives

At the conclusion of this course, participants should be able to:

- Describe a reasoned approach to the management of patients with Barrett's esophagus.
- Incorporate current evidence into the treatment of patients with overt and obscure upper gastrointestinal bleeding.
- Identify important challenges and potential solutions when choosing the single best imaging test for pancreaticobiliary disease.
- Integrate state-of-the-art principles and techniques into the practice of colonoscopy.
- Explore options for introducing cost-effective, quality improvement measures into clinical practice.

Accreditation

The American Society for Gastrointestinal Endoscopy (ASGE) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ASGE designates this educational activity for a maximum of 8.75 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Practical Advice about Barrett's Esophagus

8:00 am **Screen, Survey, or Walk Away?**
Glenn M. Eisen, MD, MPH, FASGE
Should we screen for Barrett's esophagus at all? If so, in whom? How effective is surveillance? Would ablation of non-dysplastic Barrett's esophagus change the equation?

8:20 am **What's the Best, Realistic, Way to Image?**
Marcia I. Canto, MD, MHS, FASGE
Is there still a role for white-light endoscopy? Does chromoendoscopy really offer any benefit? If we have narrow band imaging, should we use it? Should we only biopsy abnormal areas seen by NBI, or should we still take random, four-quadrant biopsies?

8:40 am **It's Dysplastic... Now What?**
Nicholas J. Shaheen, MD, MPH, FACG
Is surgery still the gold-standard? When is EMR appropriate? Should we use photodynamic therapy or radiofrequency ablation? Are buried glands a real concern? When should the patient return for surveillance?

Recertification Preparation and Update Course

Friday, October 23, 2009 • 5:30 pm – 9:00 pm • Room 31 A-C

Course Director: *Brooks D. Cash, MD, FACP*

Registration fee: \$125

Course Description

The challenges of quality patient care and optimal patient outcomes seem to increase exponentially from year to year through a combination of increased demand and burgeoning information/treatment options relating to disease guidelines, disease management recommendations, and introduction of new pharmacotherapeutic agents and devices. The clinical gastroenterologist needs to build on his/her educational foundation regarding GI anatomy and disease states that lead to their board certification and recertification while distilling the essence of new information and integrating it into their day-to-day practice. The requirement for recertification has posed an educational challenge for board certified gastroenterologists who are trying to manage their practice with their educational needs. This program is designed for physicians studying for their recertification exam who seek to increase their comfort level with the nature of the information they will be required to know as they take the exam. Using ACG's second module developed under the leadership of Philip O. Katz, MD, FACP, and approved for self-evaluation credit toward ABIM Maintenance of Certification, faculty comprised of gastroenterologists with expertise in selected areas will review some of the types of question topics and scientific rationale needed to achieve awareness of/command over and be prepared to answer to be successful in specific recertification component areas. A boxed dinner will be provided to all registered attendees.

Self-Evaluation Module:

ACG's Self-Assessment Program for Maintenance of Certification, 2nd edition (2008)

Available in Conjunction with the 2009 ACG Recertification Preparation and Update Course

Earn 20 self-evaluation of medical knowledge points toward your ABIM Maintenance of Certification. Additionally, when you complete the program, you'll earn a maximum of 4 *AMA PRA Category 1 Credits*[™].

ACG member price: \$60

Non-member price: \$80

Points earned for the successful completion of this medical knowledge module can be applied *one time only*. Attendees who completed this module at the 2008 ACG Recertification Course in Orlando, or who have completed the module independently, will NOT receive ABIM credit again.

Program Objectives

Upon completion of this program attendees will:

- Learn the scope of the substantive areas in organ systems and disease management that they will need to be fully conversant in to successfully complete the exam.
- Obtain a clear understanding of the most effective test taking approaches.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 3.5 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Attendee Requirements

Registrants are required to purchase the ACG's Self-Assessment Program for Maintenance of Certification, 2nd edition (2008), (\$60 for ACG members; \$80 nonmembers). Once registered, participants will be contacted regarding how to purchase the required module. Attendees enrolled in the ABIM's MOC program who successfully complete the ACG module will be awarded 20 self-evaluation of medical knowledge points by ABIM. Visit www.acg.gi.org/sapmoc/ for more information.

NOTE: Points earned for the successful completion of this medical knowledge module can be applied one time only. Attendees who completed this module at the 2008 ACG Recertification Course in Orlando, or who have completed the module independently, will NOT receive ABIM credit again.

ACG's 2009 Three-Day Board Review / Postgraduate Course

ACG'S 2009 THREE-DAY BOARD REVIEW

Friday, October 23 through
Sunday, October 25, 2009

Program Description

Designed as a board review for the young specialist preparing for the exam, the Three-Day Board Review includes the GI Pathophysiology: Applications for Clinical Practice Course, the What's New in GI Pharmacology Course, and the Annual Postgraduate Course. This collection of courses is designed to provide a comprehensive update in basic science and help prepare attendees for specific topics covered in the exam. Additionally, through the Postgraduate Course, you will learn better ways to integrate the newest tools in diagnosis with the latest therapeutic/treatment alternatives to achieve optimal outcomes, improve your awareness and ability to incorporate patient care decision-making issues relating to common and not-so-common GI patient conditions, and enhance your overall capacity to frame effective disease management strategies in your practice. When you sign up for the Three-Day Board Review, you will automatically be enrolled in the three designated courses. Visit the ACG Registration Desk for registration information.

Your schedule for the Three-Day Board Review includes:

ACG 2009 ANNUAL POSTGRADUATE COURSE

Saturday, October 24 and
Sunday, October 25, 2009

Program Description

With the ever increasing demands to remain abreast of the many new and emerging advancements in the field of gastroenterology and the volume of patients continuing to increase as the population ages, the clinical gastroenterologist is more challenged than ever to deliver the best patient care in each situation they encounter. Research in a multitude of gastroenterology and hepatology areas continues to progress at a rapid pace. The outcome of advances in technology, diagnostic modalities, and therapeutic options has had a positive impact on the management of many GI diseases and this impact can be expected to grow as we move into the future. Scientific education, based on critical foundational knowledge and clinical skills, the communication of practical methods for treatment, and the ability to integrate the newest tools in diagnosis with the latest therapeutic/treatment options are key necessities for the GI clinician to deliver top quality patient care. The ACG Annual Postgraduate Course will provide updates on a variety of important gastroenterology and hepatology subjects, including IBD, obesity, pancreaticobiliary topics, esophageal disorders, functional disorders, colorectal cancer screening, hepatitis B and C, NAFLD, acute and chronic liver disease, GI bleeding, and endoscopic techniques. Expert faculty will deliver scientific presentations in a variety of formats. Didactic lectures, followed by interactive question and answer sessions, learning luncheons in case based and debate formats, and a choice of exciting breakout sessions of the latest topics in GI and liver clinical care will be offered.

The program is designed primarily for clinicians in GI/hepatology as well as physician assistants, nurse practitioners and other advanced practice healthcare professionals interested in an aggressive but scientifically sound approach to the management of GI and liver illnesses.

Course Description

New! GI Pathophysiology: Applications for Clinical Practice is devoted to better understanding of the gastrointestinal disease processes and their impact on clinical presentation of patients. The goal of this course is to review the underlying causes and clinical implication of commonly encountered diseases seen in GI practice. The outline includes discussion of Immunology of IBD, Interpreting Liver Tests, Molecular Diagnostics, Gut Hormone and Tumor Markers, Chronic Diarrhea and Malabsorption, Motility Labs, and Testing for Reflux. The presentations and discussions will be clinically based and help in better management of patients with difficult to manage disease processes. The course faculty are recognized experts in their fields and pioneers in better understanding of the disease processes in gastroenterology. The course is designed primarily for clinicians in GI/hepatology as well as physician assistants, nurse practitioners and other advanced practice healthcare professionals interested in the clinical application of GI pathophysiology.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 4.75 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Agenda

6:30 am	Continental Breakfast
7:25 am	Welcome/Introduction
7:30 am	A Scientific Approach to the Assessment of Chronic Diarrhea and Malabsorption <i>Ralph Giannella, MD</i> Design a scientific approach to the assessment of chronic diarrhea and malabsorption.
8:10 am	Interpreting Liver Tests: What Do They Mean? <i>Roman Perri, MD</i> Interpret different liver test abnormalities and the implication of the test results in patients presenting with various liver diseases.
8:50 am	Molecular Diagnostics—What Is Their Basis: How to Interpret? <i>Yuri A. Saito-Loftus, MD</i> Understand and apply the molecular diagnostic tests available in gastroenterology for different disease processes.
9:30 am	How Can We Be More Selective and Effective in Requesting Levels of Gut Hormone and Tumor Markers? <i>John Del Valle, MD</i> Assess selectivity and effectiveness of various gut hormones and tumor markers in GI diseases.
10:10 am	Break
10:30 am	The Immunology of IBD: Diagnostic and Therapeutic Implications <i>Scott Plevy, MD</i> Demonstrate the diagnostic and therapeutic implication of immunology in patients with IBD.
11:10 am	When to Call the Motility Lab? What Can They Do and What Do the Results Mean? <i>Satish S.C. Rao, MD, FACG</i> Formulate the need for GI motility testing and differentiate which test to order.
11:50 am	Testing for Reflux—From Basic Physiology to Influencing Therapy <i>Marcelo Vela, MD, FACG</i> Distinguish between tests available for reflux disease and describe the physiologic basis for these tests.
12:30 pm	Adjourn

Faculty Listing and Disclosure Information

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. The intent of this disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion.

Faculty have noted the following relationships related to their Pathophysiology Course presentations.

Course Director

Michael F. Vaezi, MD, PhD, MSc(Epi), FACG

Professor of Medicine, Vanderbilt University Medical Center, Nashville, TN
Advisory Board: Restech
Research Support: Restech, AstraZeneca, Takeda

Faculty

John Del Valle, MD

Professor, Department of Internal Medicine, University of Michigan Medical School, Ann Arbor, MI
Dr. Del Valle has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Ralph A. Giannella, MD

Mark Brown Professor of Medicine, University of Cincinnati College of Medicine, Cincinnati, OH
Dr. Giannella has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Roman E. Perri, MD

Assistant Professor of Medicine, Vanderbilt University Medical Center, Nashville, TN
Dr. Perri has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Scott Plevy, MD

Associate Professor of Medicine, Microbiology and Immunology, University of North Carolina, Chapel Hill, NC
Dr. Plevy has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Satish S.C. Rao, MD, PhD, FACG

Professor of Medicine, University of Iowa Hospitals & Clinics, Iowa City, IA
Dr. Rao has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Yuri A. Saito-Loftus, MD, MPH

Consultant, Assistant Professor of Medicine, Mayo Clinic, Rochester, MN
Advisory Committee/Board Member: Rose Pharma A/S
Consultant: Rose Pharma A/S
Grant/Research Support: Gastrotech Pharma A/S, Solvay Pharmaceuticals

Marcelo F. Vela, MD, MSCR, FACG

Associate Professor, Medical University of South Carolina, Charleston, SC
Grant/Research Support: AstraZeneca
Speaker's Bureau: AstraZeneca, Sandhill Scientific, Takeda

Reviewer

Jason M. Lake, MD

Major, Medical Corps, U.S. Army, Gastroenterology Service, Walter Reed Army Medical Center, Associate Program Director, National Capital Consortium GI Fellowship, Assistant Professor of Medicine, Uniformed Services University of the Health Sciences, Bethesda, MD
Dr. Lake has indicated no relevant financial relationships.

Investigational Use Disclosure

ACG's disclosure policy maintains that if any unapproved or off-label use of a product is to be referenced in a CME program, the faculty member is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. The following faculty member has indicated he may reference an off-label use in his GI Pathophysiology Course presentation.

Dr. Giannella - Use of various antibiotics for treatment of bacterial overgrowth; use of cholestyramine and welchol in treating bile salt diarrhea.

What's New in GI Pharmacology Course

Friday, October 23, 2009 • 1:45 pm – 5:00 pm • Room 30 B-E

Course Co-Directors: *Philip O. Katz, MD, FACP and Francis A. Farraye, MD, MSc, FACP*

Members/Fellows:	\$150
Resident/Trainees/Candidate Members:	\$110
ACG Allied Health Members:	\$125
All Non-Members:	\$175

Course Description

Attend ACG's What's New in GI Pharmacology Course for an intensive review of key GI pharmacology, including comparisons and contrasts between conventional and emerging pharmacological treatment options. This 3+ hour course will consist of lectures and Q&A sessions reviewing such topics as determining available therapies that are safe and effective for the pregnant GI patient, ensuring and maximizing the GI patient's bone health and reviewing the dos and don'ts in the pharmacological management of pancreatitis. Additional topics include understanding the downside and potential side effects of PPIs, assessing the use of bile salts in liver disease, and identifying and formulating the most effective treatment options for the management of microscopic colitis and pouchitis. The course is designed primarily for clinicians in GI/hepatology as well as physician assistants, nurse practitioners and other advanced practice healthcare professionals interested in the latest information on state of the art treatment of these illnesses.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 3 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Agenda

- 1:45 pm **Medication Use in Pregnancy**
Sunanda V. Kane, MD, MSPH, FACP
Determine available pharmacological therapies that are safe and effective, and those to be avoided, for treatment of GI disorders in the pregnant patient.
- 2:10 pm **Pharmacologic Management of Pancreatitis: Dos and Don'ts**
Scott M. Tenner, MD, MPH, FACP
Evaluate the efficacy of current pharmacologic therapies in the management of pancreatitis.
- 2:35 pm **A Gastroenterologist's Guide to Managing Bone Health in Patients with Gastrointestinal Disorders**
Seymour Katz, MD, MACG
Select pharmacological therapies for the management of bone disorders in patients with gastrointestinal diseases.
- 3:00 pm **Break**
- 3:20 pm **The Use of Bile Salts in the Treatment of Liver Disorders**
Mitchell L. Shiffman, MD, FACP
Assess the use of bile salts in the management of liver disorders.
- 3:45 pm **Treatment of Microscopic Colitis and Pouchitis**
Francis A. Farraye, MD, MSc, FACP
Identify the most effective pharmacological treatment options for the management of microscopic colitis and pouchitis.
- 4:10 pm **PPIs — The Down Side in Perspective**
Philip O. Katz, MD, FACP
Review new data on potential side effects of PPIs.
- 4:35 pm **Q & A**
- 5:00 pm **Adjourn**

Annual Postgraduate Course

Saturday and Sunday, October 24 and 25, 2009 • Room: Ballroom 20

Course Co-Directors: *John K. DiBaise, MD, FACG and Renée L. Young, MD, FACG*

Saturday, October 24, 2009

7:50 am – 5:00 pm

7:50 am Introduction by Course Directors
John K. DiBaise, MD, FACG
Renée L. Young, MD, FACG

Session 1A: The Upper Gut

MODERATOR: *William D. Chey, MD, FACG*

8:00 am Eosinophilic Esophagitis: When to Check, How to Confirm and How to Treat
Joel E. Richter, MD, MACG
Determine key presenting symptoms, diagnostic measures and therapeutic options for eosinophilic esophagitis.

8:20 am GERD: What To Do When PPIs Don't Help
Michael F. Vaezi, MD, PhD, MSc(Epi), FACG
Formulate a diagnostic and treatment plan for patients refractory to standard GERD treatments.

8:40 am H. pylori 2009: When to Test, How to Test and How to Treat
William D. Chey, MD, FACG
Analyze testing options to adequately detect *Helicobacter pylori* infection and select appropriate medication to eradicate *H. pylori*.

9:00 am Celiac Disease: Diagnostic Challenges and Treatment Options
Ciaran P. Kelly, MD, FACG
Apply updated diagnostic methods and treatment options for celiac disease.

9:20 am Panel Q & A

9:40 am Break

10:00 am The David Sun Lecture: Gut Microbes: From Bugs to Drugs
Fergus Shanahan, MD, FACG
Explore the possibility for a bugs-to-drugs program of discovery in which the gut ecosystem is explored as a repository from which bioactives or novel drugs might be mined and translated to human healthcare.

Session 1B: Colon

MODERATOR: *Douglas K. Rex, MD, FACG*

10:30 am Screening and Surveillance for Colorectal Cancer: Review and Rationale
Sidney J. Winawer, MD, MACG
Review current guidelines for colon cancer screening and surveillance and discuss their rationale.

10:50 am Controversies in Colorectal Cancer Prevention: Stool, Scope, Stain or Scan?
Douglas K. Rex, MD, FACG
Analyze the options and controversies in colon cancer screening and surveillance.

11:10 am Persistent Watery Diarrhea: Is It All Microscopic Colitis?
Darrell S. Pardi, MD, FACG
Review the evaluation and differential of persistent watery diarrhea.

11:30 am What's the Initial Approach to Fecal Incontinence?
Satish S.C. Rao, MD, PhD, FACG
Compare and contrast diagnostic and treatment strategies for fecal incontinence.

11:50 am Panel Q & A

12:10 pm Break for Learning Luncheons

Saturday Learning Luncheons

12:20 pm - 1:35 pm

Cost is \$50 per person/per lunch. Separate registration required. If you have not registered, visit the ACG Registration Desk.

- 1. Extraesophageal GERD: Still a Concern?**
Michael F. Vaezi, MD, PhD, MSc(Epi), FACG
Review the evaluation and management of suspected extraesophageal manifestations of GERD.
- 2. Hepatocellular Cancer Screening: In Whom and How?**
Hashem B. El-Serag, MD, MPH
Apply updated recommendations for hepatocellular cancer screening in different populations and diseases.
- 3. Biofeedback for Pelvic Floor Disorders: Does It Really Help?**
Satish S.C. Rao, MD, PhD, FACG
Explain the rationale for biofeedback in pelvic floor disorders and how it's done.
- 4. Approach to Malabsorption: Where to Start?**
Lawrence R. Schiller, MD, FACG
Establish the initial course of action with a patient presenting with signs and/or symptoms suggestive of malabsorption.
- 5. Nonalcoholic Fatty Liver Disease: Does Anything Help?**
Stephen H. Caldwell, MD
Identify treatment options for NAFLD and its relationship to the current obesity crisis.
- 6. Intestinal Ischemia: How to Confirm and Treat?**
Lawrence J. Brandt, MD, MACG
Determine how to diagnose and treat intestinal ischemia.

7. **Endoscopic Mucosal Resection: When, Where and How?**
Charles J. Lightdale, MD, MACG
Verify when and where to consider endoscopic mucosal resection and learn how it is performed.
8. **Barrett's Ablation: Cut, Burn, Freeze or Leave Alone?**
Virender K. Sharma, MD, FACP
Analyze the evidence surrounding the use of endoscopic ablation techniques in Barrett's esophagus.
9. **Food Allergies versus Intolerance: How to Tell the Difference**
Sheila E. Crowe, MD, FACP
Differentiate between food allergy and food intolerance and their roles in clinical illness.
10. **Probiotics in GI Disease: When, Which One and How Much?**
Eamonn M.M. Quigley, MD, FACP
Critique the evidence surrounding the use of probiotics in GI diseases.
11. **Challenges in ERCP: Difficult Cannulation, Large Stones, SOM**
Richard A. Kozarek, MD, FACP
Implement strategies to manage complications and challenges in ERCP.
12. **New Developments in Endoscopic Sedation: Do They Apply to My Endoscopy Unit?**
John J. Vargo, MD, MPH, FACP
Compare and contrast sedation alternatives, while considering their medicolegal implications.

Session 1C: Motility and Functional Disorders

MODERATOR: *Lawrence R. Schiller, MD, FACP*

- 1:45 pm** **Has Our Understanding of IBS Pathophysiology Improved Its Treatment?**
Lin Chang, MD
Correlate the pathogenesis of IBS with the most appropriate treatment options.
- 2:05 pm** **Functional Dyspepsia: What Is It? How Do I Test for It? What Treatments Work?**
Brian E. Lacy, MD, PhD, FACP
Determine the presence of functional dyspepsia and treatment strategies available.
- 2:25 pm** **Is There Anything I Can Do for the Refractory Functional GI Patient?**
Lawrence R. Schiller, MD, FACP
Apply the biopsychosocial approach to the management of the difficult functional GI patient.
- 2:45 pm** **What Really Helps to Treat Gastroparesis?**
Eamonn M.M. Quigley, MD, FACP
Critically evaluate the treatment options for gastroparesis.
- 3:05 pm** **Panel Q & A**
- 3:25 pm** **Break**

Simultaneous Sessions

3:45 pm - 5:00 pm

Symposium A: Pregnancy in GI and Liver Disease (Ballroom 20 AB)

MODERATOR: *Renée L. Young, MD, FACP*

- 3:45 pm** **Pregnancy and Liver Disease**
Rebecca Van Dyke, MD
Describe special considerations for the pregnant patient with concomitant liver disease as well as liver diseases associated with pregnancy.
- 4:10 pm** **IBD and Pregnancy**
Renée L. Young, MD, FACP
Discuss fertility, preparation of the patient for pregnancy, monitoring and postpartum issues in patients with inflammatory bowel disease.
- 4:35 pm** **GI Medications and Pregnancy**
Philip O. Katz, MD, FACP
Review contraindications and indications of GI medications in the pregnant patient.

Symposium B: What the Gastroenterologist Should Know About Obesity (Ballroom 20 CD)

MODERATOR: *Amy E. Foxx-Orenstein, DO, FACP*

- 3:45 pm** **Satiety and Appetite Regulation**
Amy E. Foxx-Orenstein, DO, FACP
Explain the physiology and clinical implications of appetite and satiety as they relate to obesity.
- 4:10 pm** **Diet, Drugs or Surgery: What Works and How to Choose**
Donald Kirby, MD, FACP
Determine nutritional, medical and surgical options to treat obesity and how to choose among them.
- 4:35 pm** **Complications and Monitoring After Bariatric Surgery**
David A. Johnson, MD, FACP
Describe the potential GI and nutrition-related complications occurring after bariatric surgery and their management strategies.

Symposium C: New Insights on the Evaluation and Management of GI Bleeding (Room 30 B-E)

MODERATOR: *Jonathan A. Leighton, MD, FACP*

- 3:45 pm** **Upper GI**
Loren A. Laine, MD, FACP
Evaluate the etiologies, diagnostic approach and best treatments for upper GI bleeding.
- 4:10 pm** **Lower GI**
Dennis M. Jensen, MD, FACP
Assess the etiologies, diagnostic approach and best treatments for lower GI bleeding.
- 4:35 pm** **Obscure GI**
Jonathan A. Leighton, MD, FACP
Explore the etiologies, diagnostic approach and best treatments for obscure GI bleeding.

Sunday, October 25, 2009

7:50 am – 5:00 pm

- 7:50 am Introduction by Course Directors**
John K. DiBaise, MD, FACG
Renee L. Young, MD, FACG

Session 2A: Inflammatory Bowel Disease

MODERATOR: *Sunanda V. Kane, MD, MSPH, FACG*

- 8:00 am IBD 2009: What's the Role of Non-endoscopic Testing in Patient Management?**
Sunanda V. Kane, MD, MSPH, FACG
 Describe the role of non-endoscopic testing in IBD patient management.
- 8:20 am Can We Tailor Therapy to Phenotype and Genotype in IBD?**
Maria T. Abreu, MD
 Justify choosing a treatment for Crohn's disease based upon phenotype and genotype testing.
- 8:40 am Biologics: When to Consider, What to Choose**
David T. Rubin, MD, FACG
 Compare and contrast biologic agents and their place in the IBD treatment algorithm.
- 9:00 am Colon Cancer in IBD: What's the Latest on Screening, Surveillance and Treatment?**
Bret A. Lashner, MD, FACG
 Apply the latest recommendations for screening and surveillance of colon cancer in IBD patients.
- 9:20 am Panel Q & A**
- 9:40 am Break**

Session 2B: Liver

MODERATOR: *Mitchell L. Shiffman, MD, FACG*

- 10:00 am Acute Liver Failure: What's the Cause and How Do I Keep Them Alive?**
Timothy M. McCashland, MD
 Determine how to diagnose and evaluate the options available to treat patients with acute liver failure.
- 10:20 am Treatment of Hepatitis C 2009: What Are the Options?**
Hugo E. Vargas, MD, FACG
 Compare and contrast current and emerging therapies for hepatitis C.
- 10:40 am Hepatitis B: Why We Care and How to Treat**
Jorge L. Herrera, MD, FACG
 Describe the current state of hepatitis B and current and emerging therapies.
- 11:00 am What's the Best Approach to Evaluate the Liver Mass?**
Mitchell L. Shiffman, MD, FACG
 Determine the best method to examine the liver mass.

- 11:20 am Hemochromatosis 2009: When to Check, How to Confirm and Treat**
Bruce R. Bacon, MD, FACG
 Recognize risk factors, symptoms and complications associated with hemochromatosis.

- 11:40 am Panel Q & A**

- 12:00 noon Break for Learning Luncheons/Exhibit Hall Opens**

Sunday Learning Luncheons

12:10 pm - 1:35 pm

Cost is \$50 per person/per lunch. Separate registration required. If you have not registered, visit the ACG Registration Desk.

- 13. Complications of Portal Hypertension: How to Manage**
Arun J. Sanyal, MD
 Identify major complications of portal hypertension and their management.
- 14. Esophageal Motility Disorders: How to Diagnose and Treat**
Phillip O. Katz, MD, FACG
 Establish diagnostic and therapeutic approaches to various esophageal motility disorders.
- 15. Refractory Constipation: Drugs, Stimulation or Surgery?**
Arnold Wald, MD, MACG
 Formulate a plan to manage constipated patients refractory to standard therapy.
- 16. NOTES 2009: Are We Closer to Primetime?**
Anthony N. Kalloo, MD, FACG
 Explore the roles of NOTES in the future of gastrointestinal endoscopy.
- 17. New Techniques and Tools for Colonoscopy**
Douglas K. Rex, MD, FACG
 Evaluate new and emerging colonoscopic techniques and tools.
- 18. Polyposis Syndromes: Making Sense of Genetic Testing**
Carol A. Burke, MD, FACG
 Apply genetic testing to polyposis syndromes, HNPCC and FAP in clinical practice.
- 19. Enteral Access Options and Complications**
Stephen A. McClave, MD
 Analyze enteral access options for the patient with intestinal failure and potential complications associated with their use.
- 20. Difficult Cases in IBD**
Sunanda V. Kane, MD, MSPH, FACG
 Identify challenging IBD patient scenarios and potential treatments to turn to when faced with these situations.
- 21. Extrahepatic Manifestations of Chronic Hepatitis**
Rowen K. Zetterman, MD, MACG
 Describe the extrahepatic manifestations of chronic hepatitis.

- 22. IPMN: How to Confirm and Treat**
William R. Brugge, MD, FACG
Provide details of the clinical presentation, diagnostic tools and management approaches to IPMN.
- 23. Luminal and Biliary Stenting: When, How and What to Do When Problems Develop**
Richard A. Kozarek, MD, FACG
Discuss when to consider stenting and how to manage complications resulting from luminal and biliary stenting.
- 24. Pouchitis: How to Treat Recurrent and Refractory Disease**
Darrell S. Pardi, MD, FACG
Formulate a management plan for patients with pouchitis when recurrent or refractory to standard therapy.

Session 2C: Pancreaticobiliary

MODERATOR: *William R. Brugge, MD, FACG*

- 1:45 pm Is There Still a Role For Endoscopy in Acute and Chronic Pancreatitis?**
Darwin L. Conwell, MD
Determine the role, type and timing of endoscopic intervention in acute and chronic pancreatitis.
- 2:05 pm Pancreatic Cysts: What Tests Are Useful?**
William R. Brugge, MD, FACG
Identify the types of tests available and their optimal use in the evaluation of pancreatic cystic lesions.
- 2:25 pm Does Idiopathic Pancreatitis Still Exist?**
Peter V. Draganov, MD, FACG
Explore the diagnostic approach to acute pancreatitis.
- 2:45 pm Autoimmune Pancreatitis: When to Check, How to Confirm and How to Treat**
Suresh T. Chari, MD, FACG
Analyze the pathogenesis, diagnosis and treatment of autoimmune pancreatitis.
- 3:05 pm Panel Q & A**
- 3:25 pm Break/ Visit Exhibits**

Enhance your learning by purchasing the 2009 ONLINE Self-Assessment Test. The online version to the popular print resource tracks user responses, indicates the correct answer and provides overall/category scores. It also provides detailed explanations and bibliography, with links to PubMed and resources like ACG's practice guidelines. General sale of this online test begins October 26 (ACG members: \$75; non-members: \$100). Visit www.acg.gi.org/satest to register.

Simultaneous Sessions

3:45 pm - 5:00 pm

Symposium D: Complex Problems in IBD

(Ballroom 20 AB)

MODERATOR: *Gary R. Lichtenstein, MD, FACG*

- 3:45 pm IBD in the Elderly — Does Management Differ?**
Seymour Katz, MD, MACG
Compare and contrast the treatment of IBD in the elderly population to the general population.
- 4:10 pm Bones and Stones**
Gary R. Lichtenstein, MD, FACG
Distinguish the risk factors, screening recommendations and treatment of metabolic bone disease and nephrolithiasis in IBD.
- 4:35 pm Safety Issues in IBD: Topics to Discuss with Your Patients**
Corey A. Siegel, MD
Explain the benefits as well as the potential risks and concerns of IBD therapies to the patient.

Symposium E: Nutrition in GI Disease

(Ballroom 20 CD)

MODERATOR: *John K. DiBaise, MD, FACG*

- 3:45 pm Inflammatory Bowel Disease**
Douglas L. Seidner, MD, FACG
Identify nutrition-related complications and the role of nutrition therapies in the IBD patient.
- 4:10 pm Pancreatitis**
Stephen A. McClave, MD
Examine the role of nutrition support in the patient with acute or chronic pancreatitis.
- 4:35 pm Short Bowel Syndrome**
John K. DiBaise, MD, FACG
Describe the management approach to short bowel syndrome.

Symposium F: Issues in Liver Transplantation

(Room 30 B-E)

MODERATOR: *Rowen K. Zetterman, MD, MACG*

- 3:45 pm Selection and Survival**
Naga P. Chalasani, MD, FACG
Review the indications for liver transplantation, the selection process and survival after transplant.
- 4:10 pm Care of the Post-Transplant Patient**
Rowen K. Zetterman, MD, MACG
Determine the management regimen in the transplant patient after they return home.
- 4:35 pm Recurrent Liver Disease After Transplant**
K. Rajender Reddy, MD, FACG
Describe the occurrence and management of recurrent liver disease after transplant.

5:00 pm POSTGRADUATE COURSE ADJOURNS

Annual Postgraduate Course

Saturday and Sunday, October 24 and 25, 2009 • Room: Ballroom 20

Course Co-Directors: *John K. DiBaise, MD, FACG and Renée L. Young, MD, FACG*

Faculty Listing and Disclosure Information

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. The intent of this disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion.

Faculty have noted the following relationships related to their Postgraduate Course presentations.

Course Co-Directors

John K. DiBaise, MD, FACG

Professor of Medicine, Mayo Clinic Scottsdale, Scottsdale, AZ
Research Grant: SmartPill Corp.

Renée L. Young, MD, FACG

Associate Professor, University of Nebraska Medical Center, Omaha, NE
Dr. Young has indicated no relevant financial relationship.

Faculty

Maria T. Abreu, MD

Chief, Division of Gastroenterology, University of Miami, Miami, FL
Consultant: Abbott, Elan, Procter and Gamble, Prometheus, Salix, Shire, UCB
Grant/Research Support: Abbott, Procter and Gamble, Shire
Speaker's Bureau: Abbott, Elan, Procter and Gamble, Prometheus, UCB

Bruce R. Bacon, MD, FACG

Director, Division of Gastroenterology and Hepatology, St. Louis University School of Medicine, Saint Louis, MO
Dr. Bacon has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Lawrence J. Brandt, MD, MACG

Chief of Gastroenterology, Montefiore Hospital, Bronx, NY
Dr. Brandt has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

William R. Brugge, MD, FACG

Professor of Medicine, Harvard Medical School Director, GI Endoscopy Unit (MGH), Massachusetts General Hospital, Boston, MA
Advisory Committee/Board Member: XLumena
Consultant: Boston Scientific, XLumena

Carol A. Burke, MD, FACG

Director, Center for Colon Polyp and Cancer Prevention, Cleveland Clinic Foundation, Cleveland, OH
Consultant: Pfizer
Grant/Research Support: Pfizer

Stephen H. Caldwell, MD

Associate Professor of Internal Medicine, University of Virginia Health System, Charlottesville, VA
Advisory Committee/Board Member: Amylin Pharmaceutical, Sanofi
Consultant: Bioengineering Inc
Grant/Research Support: Nordic Natural Omega 3

Naga P. Chalasani, MD, FACG

Professor and Director, Division of Gastroenterology and Hepatology, Indiana University School of Medicine, Indianapolis, IN
Dr. Chalasani has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Lin Chang, MD

Professor of Medicine, David Geffen School of Medicine, UCLA; Co-Director, UCLA Center for Neurovisceral Sciences and Women's Health, Los Angeles, CA
Dr. Chang has indicated that she has no relationships which, in the context of her presentation, could be perceived as a potential conflict of interest.

Suresh T. Chari, MD, FACG

Professor, Mayo Clinic, Rochester, MN
Dr. Chari has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

William D. Chey, MD, FACG

Professor of Medicine, Director, GI Physiology Lab, University of Michigan Medical Center, Ann Arbor, MI
Consultant: Axcan, Takeda
Speaker's Bureau: Axcan, Takeda

Darwin L. Conwell, MD, MS

Associate Professor of Medicine, Brigham and Women's Hospital, Boston, MA
Dr. Conwell has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Sheila E. Crowe, MD, FACG

Professor of Medicine, University of Virginia Health System, Charlottesville, VA
Dr. Crowe has indicated that she has no relationships which, in the context of her presentation, could be perceived as a potential conflict of interest.

John K. DiBaise, MD, FACG

Professor of Medicine, Mayo Clinic Scottsdale, Scottsdale, AZ
Dr. DiBaise has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Peter V. Draganov, MD, FACG

Associate Professor of Medicine, University of Florida College of Medicine, Gainesville, FL
Dr. Draganov has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Hashem B. El-Serag, MD, MPH

Professor of Medicine, Chief, Gastroenterology & Hepatology, Houston VA Medical Center/Baylor College of Medicine, Houston, TX
Grant/Research Support: AstraZeneca, Bayer Pharmaceuticals

Amy E. Foxx-Orenstein, DO, FACG

Associate Professor of Medicine, Mayo Clinic, Rochester, MN
Dr. Foxx-Orenstein has indicated that she has no relationships which, in the context of her presentation, could be perceived as a potential conflict of interest.

Jorge L. Herrera, MD, FACG

Professor of Medicine, University of South Alabama, Mobile, AL
Grant/Research Support: Roche
Speaker's Bureau: Gilead, Novartis, Roche

ACG's 2009 Postgraduate Course — Faculty Listing

Dennis M. Jensen, MD, FACC

Professor of Medicine, CURE Digestive Diseases Research Center, Los Angeles, CA

Dr. Jensen has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

David A. Johnson, MD, FACC

Professor of Medicine and Chief of Gastroenterology, Eastern Virginia School of Medicine, Digestive & Liver Disease Specialists, Norfolk, VA

Dr. Johnson has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Anthony N. Kalloo, MD, FACC

Director, Gastroenterology & Hepatology, Johns Hopkins Hospital, Baltimore, MD

Consultant: Apollo Endosurgery

Founder & Equity Holder: Apollo Endosurgery

Sunanda V. Kane, MD, MSPH, FACC

Associate Professor of Medicine, Mayo Clinic, Rochester, MN

Consultant: Elan, Procter and Gamble, Shire, UCB

Grant/Research Support: Elan, Procter and Gamble, Shire, UCB

Philip O. Katz, MD, FACC

Chairman, Division of Gastroenterology, Albert Einstein Medical Center, Philadelphia, PA

Consultant: AstraZeneca, Horizon Therapeutics, McNeil, Schering-Plough, Takeda

Speaker's Bureau: Santarus

Adjudicator: Eisai

Seymour Katz, MD, MACG

Clinical Professor of Medicine, New York University School of Medicine, Great Neck, NY

Advisory Committee/Board Member: Procter & Gamble, UCB, Abbott, Centocor, GSK, Shire, AstraZeneca

Consultant: Procter & Gamble, UCB, Abbott, Centocor, GSK, Shire, AstraZeneca

Grant/Research Support: Procter & Gamble, UCB, Abbott, Centocor, GSK, Shire, AstraZeneca

Speaker's Bureau: Procter & Gamble, UCB, Abbott, Centocor, GSK, Shire, AstraZeneca

Ciaran P. Kelly, MD, FACC

Associate Professor of Medicine, Beth Israel Deaconess Medical Center/GI Division, West Newton, MA

Advisory Committee/Board Member: Alba, Alvine

Consultant: Alba, Alvine

Stockholder/Ownership Interest (excluding diversified mutual funds): Alvine

Donald F. Kirby, MD, FACC

Director, Center of Human Nutrition, Cleveland Clinic, Cleveland, OH

Dr. Kirby has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Richard A. Kozarek, MD, FACC

Clinical Professor, University of Washington School of Medicine, Virginia Mason Clinic, Seattle, WA

Grant/Research Support: Boston Scientific, Cook, Fujinon, NIH, Olympus, Repligen, Taewoong

Brian E. Lacy, MD, PhD, FACC

Associate Professor of Medicine, Dartmouth-Hitchcock Medical Center, Lebanon, NH

Dr. Lacy has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Loren Laine, MD, FACC

Professor of Medicine, USC School of Medicine, Los Angeles, CA

Consultant: AstraZeneca, Eisai, Santarus

Grant/Research Support: GSK, Takeda

DSMB: Merck

Bret A. Lashner, MD, FACC

Professor of Medicine, Director, Center for Inflammatory Bowel Disease, Cleveland Clinic Foundation, Cleveland, OH

Dr. Lashner has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Jonathan A. Leighton, MD, FACC

Professor of Medicine, Mayo Clinic, Scottsdale, AZ

Consultant: Given Imaging

Grant/Research Support: Fujinon, Given Imaging, Olympus

Gary R. Lichtenstein, MD, FACC

Director, Inflammatory Bowel Disease Program, Hospital of the University of Pennsylvania, Philadelphia, PA

Consultant: Abbott Corporation, Bristol-Myers Squibb, Centocor, Inc., Elan, Ferring, Merck, Procter and Gamble, Prometheus Laboratories, Inc., Salix Pharmaceuticals, Schering-Plough Corporation, Shire Pharmaceuticals, UCB, Wyeth

Grant/Research Support: Abbott Corporation, AstraZeneca, Bristol-Myers Squibb, Centocor, Inc., Millenium Pharmaceuticals, Procter and Gamble, Prometheus Laboratories, Inc., Salix Pharmaceuticals, Shire Pharmaceuticals, UCB

Lecturer: Centocor, Inc., Procter and Gamble, Salix Pharmaceuticals, Schering-Plough Corporation, Shire Pharmaceuticals

Charles J. Lightdale, MD, MACG

Professor of Clinical Medicine, Columbia-Presbyterian Medical Center, New York, NY

Consultant: Cook Medical, Olympus

Timothy M. McCashland, MD

Associate Professor of Medicine, University of Nebraska Medical Center, Omaha, NE

Dr. McCashland has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Stephen A. McClave, MD

Professor of Medicine, University of Louisville School of Medicine, Louisville, KY

Dr. McClave has indicated that he has no relationships which, in the context of his presentation, could be perceived as a potential conflict of interest.

Darrell S. Pardi, MD, FACC

Associate Professor of Medicine, Mayo Clinic, Rochester, MN

Consultant: Salix

Investigational Use Disclosures

ACG's disclosure policy maintains that if any unapproved or off-label use of a product is to be referenced in a CME program, the faculty member is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. The following faculty members have indicated they may reference an off-label use in their PG Course presentation(s).

- Dr. Brugge – Ethanol ablation of pancreatic cystic neoplasms
- Dr. Burke – Celecoxib for FAP in children
- Dr. Caldwell – None of the agents to be discussed for NAFLD are approved
- Dr. Chang – Domperidone, metoclopramide, botulinum toxin, Iberogast, electric gastric stimulation
- Dr. Chari – Rituximab
- Dr. Herrera – Emtricitabine for hepatitis B, Combination nucleoside/nucleotide therapy
- Dr. Katz – Off-label PPIs; No medications are approved in pregnancy
- Dr. Kelly – All of the medications to be mentioned for refractory celiac disease are “off label” as there are no FDA approved treatments
- Dr. Kirby – Fluoxetine and bupropion
- Dr. Lacy – Tricyclic antidepressants, PPIs, H2RAs, SSRIs, prokinetic agents
- Dr. Laine – PPIs or octreotide for upper GI bleeding
- Dr. McCashland – NAC for nonacetaminophen ALF
- Dr. Quigley – Probiotics for specific GI diseases; rifaximin for IBS
- Dr. Quigley – Erythromycin for gastroparesis
- Dr. Rex – Capsule colonoscopy, Invendo, Soft Scope not FDA approved
- Dr. Richter – All medications for the treatment of eosinophilic esophagitis are off label
- Dr. Rubin – Adalimumab and certolizumab pegol for fistulizing Crohn's disease; Adalimumab and certolizumab pegol for UC
- Dr. Schiller – Pain modification with antidepressants
- Dr. Vaezi – Use of PPIs in b.i.d. dosing and in atypical GERD; use of PPIs in atypical GERD and use of b.i.d. dosing of PPIs
- Dr. Van Dyke – Ursodiol and cholestyramine for intrahepatic cholestasis of pregnancy; lamivudine and other anti-viral agents for women with hepatitis B during pregnancy
- Dr. Vargas – Off-label therapies for hepatitis C
- Dr. Vargo – Propofol

Support — The American College of Gastroenterology acknowledges an educational grant in support of the Postgraduate Course Syllabus from Procter & Gamble.

Annual Scientific Meeting

Monday – Wednesday, October 26 through 28, 2009 • Room: Ballroom 20

Program Description

The field of gastroenterology and hepatology continues to see advancements in multiple areas relating to diagnostic measures, therapeutic options and technology. In order to provide appropriate and top-quality patient care, the clinician is challenged to stay abreast of the changes and advancements affecting the management of many gastrointestinal and liver disease states. Throughout this three day annual meeting, you will be exposed to updates in a variety of topics including IBD, hepatitis B and C, colorectal cancer screening, endoscopic techniques and GI bleeding, diverticular disease, Barrett's esophagus, GERD, IBS and motility disorders, nutrition, obesity and bariatric surgery, pancreatic conditions, GI issues in pregnancy and in pediatric patients.

Eleven scientific plenary symposia will allow attendees to hear lecture presentations from experts and to participate in interactive question and answer sessions with the faculty. In addition, 16 optional scientific breakfast sessions will be offered, where a smaller setting allows for heightened interaction with the speakers and audience involvement. One session, "IBD Case Presentations: Stump the Experts," is structured to review audience generated challenging IBD cases with the panel of experts.

The program is designed primarily for physicians in gastroenterology and hepatology as well as physician assistants, nurse practitioners and other advanced practice healthcare professionals interested in the latest information on state of the art treatment of these illnesses.

Accreditation

The American College of Gastroenterology is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Gastroenterology designates this educational activity for a maximum of 16.75 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

“PPI-Clopidogrel Interaction: Fact or Fiction?”

Loren A. Laine, MD, FACP

see page 17 for more information.

3:20 pm–3:50 pm **Break – Visit Exhibits** (Exhibit Halls E-H)

3:50 pm–5:15 pm **SIMULTANEOUS SYMPOSIA 2**

Simultaneous Symposia 2A: Colorectal Cancer Screening in 2009: Understanding the Guidelines and Controversies

(Ballroom 20 CD)

Compare the three most recent guidelines that outline approaches to colon cancer screening; determine if approaches to screening should vary based upon age, gender, ethnicity and family history.

MODERATOR: *Douglas K. Rex, MD, FACP*

1. **ACG Guideline Review**

Douglas K. Rex, MD, FACP

2. **Tailored Screening: Should Lifestyle, Age, Race and Ethnicity Matter?**

David A. Lieberman, MD, FACP

3. **High Risk Screening: Approach to Patients with a Personal or Family History of Colorectal Neoplasia**

Carol A. Burke, MD, FACP

Simultaneous Symposia 2B: The Hepatitis B Revolution

(Ballroom 20 AB)

Identify importance of viral load in predicting development of cirrhosis and hepatocellular carcinoma; distinguish the short-term vs. long-term effectiveness of available antiviral therapies for hepatitis B; interpret recent data about the role of antiviral treatment of pregnant women in prevention of vertical transmission of hepatitis B.

MODERATOR: *William D. Carey, MD, MACG*

1. **Is It All About Viral Load?**

William D. Carey, MD, MACG

2. **Avoiding Drug Resistance**

K. Rajender Reddy, MD, FACP

3. **New Anti-Viral Therapy in Hepatitis B in Pregnancy**

Tram T. Tran, MD

5:30 pm–6:00 pm **Annual Business Meeting** (Ballroom 20 AB)

College Members and Fellows invited.

6:00 pm–7:00 pm International Attendee Reception
(Manchester Grand Hyatt,

6:45 am – 6:00 pm

OPTIONAL BREAKFAST SESSIONS

6:45 am–8:30 am

Cost is \$40 per person/per session. Separate registration is required. If you have not registered, visit the ACG Registration Desk.

Breakfast Session A: Challenges in HCV Management

Define standard outcomes measures from initial treatment of HCV and implications from retreatment; interpret data and conclusions from HALT-C trial; describe the likely impact of protease inhibitors on genotype 1 HCV.

MODERATOR: *Paul Y. Kwo, MD*

- 1. Separating Fact from Myth in Retreatment of Non-Responders**
Paul Y. Kwo, MD
- 2. Interferon Maintenance Therapy for HCV Infection: What Now?**
Mitchell L. Shiffman, MD, FACP
- 3. The Promise of Better Things to Come: Protease Inhibitors for Genotype 1 HCV**
Paul J. Pockros, MD, FACP

Breakfast Session B: GERD – Thinking Outside of the Gullet

Improve care of patients with extra-esophageal manifestations of GERD and identify risks of long-term usage of PPIs.

MODERATOR: *Philip O. Katz, MD, FACP*

- 1. Sleep and GERD: An Eye Opening Experience**
Ronnie Fass, MD, FACP
- 2. Cough, Sneeze and I Can't Breathe: Doctor, Is It GERD?**
Michael F. Vaezi, MD, PhD, MSc(Epi), FACP
- 3. What To Do When All PPIs Failed**
Philip O. Katz, MD, FACP

Breakfast Session C: Children Aren't Just Small Adults: Challenges in Pediatric Gastroenterology

Identify challenging issues in pediatric gastroenterology and how to reconcile these issues with respect to adult care.

MODERATOR: *Marla C. Dubinsky, MD*

- 1. Biologic Therapy in IBD: Forever for Now?**
Marla C. Dubinsky, MD
- 2. Childhood Functional Abdominal Pain and Long-Term Outcomes**
Carlo DiLorenzo, MD
- 3. Transitioning the Pediatric Patient to Adult Care**
Brian P. Bosworth, MD

Breakfast Session D: Nutritional Considerations in the Hospitalized Patient

Improve your ability to readily identify hospitalized patients in need of nutrition support and determine how to provide optimal nutrition.

MODERATOR: *Stephen A. McClave, MD*

- 1. Approach to Nutritional Assessment**
Douglas L. Seidner, MD, FACP
- 2. Nuts and Bolts of Enteral Nutrition**
Stephen A. McClave, MD
- 3. Parenteral Nutrition: When, How and Ways to Avoid Complications**
James S. Scolapio, MD, FACP

Breakfast Session E: Leave No Stone Unturned: A Modern Approach to Choledocholithiasis

Determine the optimum diagnostic strategy for intermediate and low probability CBD stones; identify the best therapeutic approach for difficult CBD stones.

MODERATOR: *Walter J. Coyle, MD, FACP*

- 1. Diagnostic Approach to Intermediate and Low Probability Choledocholithiasis**
Patrick E. Young, MD
- 2. It's Too Big for My Balloon: Now What?**
Walter J. Coyle, MD, FACP
- 3. Laparoscopic CBD Exploration: The Time Is Now!**
Katherine A. Morgan, MD

Breakfast Session F: Things That Go Bump in the Night

Differentiate lesions which can be managed endoscopically from those which cannot.

MODERATOR: *Robert H. Hawes, MD, FACP*

- 1. What to Do with Carcinoids?**
Mitchell L. Schubert, MD, FACP
- 2. What to Do with Duodenal Polyps?**
Robert H. Hawes, MD, FACP
- 3. What to Do with Flat Polyps in the Colon?**
Laura K. Bianchi, MD

Breakfast Session G: Practical Solutions to Difficult Nausea and Vomiting Syndromes

Discuss challenging syndromes caused by or confused with nausea and vomiting.

MODERATOR: *Kenneth L. Koch, MD, FACG*

- 1. Rumination Syndrome: Bringing Back an Old Disorder**
John E. Fortunato, MD
- 2. Cyclic Vomiting and Functional Vomiting Syndrome: What's the Difference?**
Kevin W. Olden, MD, FACG
- 3. Gastroparesis: New Insights into the Diagnosis and Treatment**
Kenneth L. Koch, MD, FACG

Breakfast Session H: IBD Case Presentations: Stump the Experts

Consult with IBD experts on the management of complicated IBD cases and gain the panel's perspective on different therapeutic options.

MODERATOR: *Jonathan A. Leighton, MD, FACG*

PANEL: *Russell D. Cohen, MD, FACG, Asher Kornbluth, MD and William J. Tremaine, MD, FACG*

6:45 am–6:00 pm Registration (Exhibit Lobby)

8:30 am–10:00 am PLENARY SESSION

Plenary Session: Colon/Stomach/Functional (Ballroom 20)

MODERATORS: *Carol A. Burke, MD, FACG*
Amy E. Fox-Orenstein, DO, FACG

21. The Interaction of GERD and Mental Health Disorders (MHDs) Among World Trade Center (WTC) Workers

★ **2009 ACG/AstraZeneca Senior Fellow Abstract Award Recipient**
Yvette Lam, MD, Douglas Brand, MD, FACG, Juan Carlos Bucobo, MD, Division of Gastroenterology, Stony Brook University Medical Center, Stony Brook, NY; Suvin Banker, DO, Benjamin Luft, MD, Department of Medicine, Stony Brook University Medical Center, Stony Brook, NY; Julie Broihier, MA, World Trade Center Volunteer and Worker Medical Monitoring and Treatment Program, Islandia, NY

22. Serum Ghrelin Level in Adults with Cyclic Vomiting Syndrome

★ **2009 ACG/AstraZeneca Senior Fellow Abstract Award Recipient**
Reza Hejazi, MD, Richard McCallum, MD, FACG, Texas Tech University Health Sciences Center, El Paso, TX; Teri Lavenbarg, RN, Scott Stanley, MD, Pernilla Foran, LPN, Kansas University Medical Center, Kansas City, KS

23. Gastric Intestinal Metaplasia (GIM): Natural History and Surveillance

★ **2009 Lawlor Resident Award Recipient**
Vlado Simko, MD, FACG, Brooklyn VA Medical Center, Brooklyn, NY; Naveen Anand, MD, Mujtaba Butt, MD, SUNY Downstate Medical Center, Brooklyn, NY

24. Predictors of Mortality Among Patients with Non-variceal Upper Gastrointestinal Bleeding: An Observational European Study

Angel Lanas, MD, DSc, Instituto Aragones de Ciencias de la Salud, University Hospital "Lozano Blesa," Zaragoza, Spain; Monica Tafalla, MD, Javier Nuevo, MD, AstraZeneca, Madrid, Spain

25. PN400 Significantly Improves Upper Gastrointestinal Tolerability Compared with Enteric-Coated Naproxen Alone in Patients Requiring Chronic NSAID Therapy: Results from Two Prospective, Randomized, Controlled Trials

Jay L. Goldstein, MD, FACG, University of Illinois at Chicago, Chicago, IL; Marc Hochberg, MD, University of Maryland School of Medicine, Baltimore, MD; John G. Fort, MD, Pozen, Inc., Chapel Hill, NC; Joseph Crawley, MS, Mark Sostek, MD, FACG, AstraZeneca, Wilmington, DE

26. Efficacy, Safety and Pharmacokinetics of Oral NKTR-118 in Patients with Opioid-Induced Constipation: Results of a Randomized, Double-Blind, Placebo-Controlled Phase 2 Study

Sunita Dhar, MD, Theresa Neumann, PhD, Michael A. Eldon, PhD, Nektar Therapeutics, San Carlos, CA; Teresa J. Patrick, MD, Dayton Science Institute, Dayton, OH; Lynn R. Webster, MD, Lifetree Clinical Research, Salt Lake City, UT; E. Richard Blonsky, MD, Pain and Rehabilitation Clinic of Chicago, Chicago, IL; Paul Matz, MD, Medford Medical Clinic, Medford, OR; Dale Levinsky, MD, Genova Clinical Research, Tucson, AZ; Rene Martz, MD, Clinical Research Hamburg GmbH, Hamburg, Germany

27. Comparison Between Community Acquired and Hospital Acquired *Clostridium difficile* Infection: A Population-Based Study

Sahil Khanna, MBBS, Scott Aronson, MD, Patricia P. Kammer, CCRP, Robert Orenstein, MD, Darrell S. Pardi, MD, Mayo Clinic College of Medicine, Rochester, MN

28. A Randomized Trial of Standard vs. Split-Dose Polyethylene Glycol Electrolyte (PEG-E) Bowel Preparation for Inpatient Colonoscopy

★ **2009 ACG/Olympus Award Recipient**
Roxanne Lim, MD, Sameer Barkatullah, MD, A. Samad Soudagar, MD, Michael Brown, MD, FACG, Rush University Medical Center, Chicago, IL

29. New Oral Sulfate Solution Provides Superior Overall and Right Colon Cleansing Versus a Standard PEG and Electrolyte Preparation

Douglas K. Rex, MD, FACG, Indiana University Medical Center, Indianapolis, IN; John McGowan, MD, Mark Cleveland, MD, Braintree Laboratories, Inc., Braintree, MA; Jack Di Palma, MD, FACG, University of South Alabama, Mobile, AL

10:00 am–10:30 am J. Edward Berk Distinguished Lecture
(Ballroom 20)

"Gastroenterologist/Hepatologist: Identical or Complementary?"

Michael F. Sorrell, MD, FACG

Introduced by:

Eamonn M.M. Quigley, MD, FACG

ACG President

See page 17 for more information.

10:30 am–11:00 am Break – Visit Exhibits (Exhibit Halls E-H)

11:00 am–12:15 pm SIMULTANEOUS SYMPOSIA 3

Simultaneous Symposia 3A: Is IBS Another Inflammatory Bowel Disease? (Ballroom 20 CD)

Review the growing body of evidence which supports a role for inflammation in IBS and discuss treatment implications.

MODERATOR: *Eamonn M.M. Quigley, MD, FACG*

- Clinical Evidence of Inflammation in IBS**
G. Richard Locke, III, MD, FACG
- Pathogenesis for Clinicians: From Microflora to Mast Cells**
Eamonn M.M. Quigley, MD, FACG
- Treatment Options: Food, Bugs or Drugs?**
William D. Chey, MD, FACG

Simultaneous Symposia 3B: The Inpatient Hepatology Consult (Ballroom 20 AB)

Demonstrate understanding of newer trials of anti-TNF agents in management of acute alcoholic hepatitis; differentiate patterns of liver dysfunction and diagnostic probabilities; formulate risk factor analysis for morbidity and mortality in cirrhotics undergoing surgical procedures.

MODERATOR: *Rowen K. Zetterman, MD, MACG*

- Alcoholic Hepatitis: Are We Back to Prednisone?**
Vijay Shah, MD
- Abnormal Liver Tests: A Rational Approach**
Rowen K. Zetterman, MD, MACG
- Evaluation and Management of the Surgical Patient with Cirrhosis: When They Have to Go to the Operating Room**
Richard K. Sterling, MD, FACG

Simultaneous Symposia 3C: A Worldwide Perspective on Screening for Gastrointestinal Malignancies (Room 33 A-C)

Understand the world-wide prevalence of and screening choices for the three major gastrointestinal and hepatic malignancies from a distinguished international faculty.

MODERATOR: *Morris Sherman, MB, BCh, PhD, FACG*

- Hepatocellular Cancer: The Scope of the Problem**
Morris Sherman, MD, BCh, PhD, FACG
- Screening Tools for Gastric Cancer**
Tetsuo Arakawa, MD, FACG
- Colorectal Cancer Screening in the 21st Century: A Worldwide Context**
Linda Rabeneck, MD, MPH, MACG

12:15 pm–2:00 pm Lunch Break

12:15 pm–2:00 pm Poster Session (Exhibit Halls E-H)

12:30 pm–1:00 pm FAQ Session (Exhibit Halls E-H)

1:15 pm–1:45 pm FAQ Session (Exhibit Halls E-H)

2:00 pm–2:45 pm Emily Couric Memorial Lecture
(Ballroom 20 AB)

“The Adenoma-Carcinoma Sequence Revisited—Has the Era of Genetic Tailoring Finally Arrived?”

Dennis J. Ahnen, MD

Sponsored by the ACG, the Virginia Gastroenterological Society and the Old Dominion Society of Gastroenterology Nurses and Associates

Introduced by:

Eamonn M.M. Quigley, MD, FACG
ACG President

See page 17 for more information.

2:45 pm–4:15 pm SIMULTANEOUS PLENARY SESSIONS

Plenary Session 1: Esophagus/Pancreas (Ballroom 20 AB)

MODERATORS: *Scott M. Tenner, MD, MPH, FACG*

Edgar Achkar, MD, MACG

30. Arbaclofen Placarbil Monotherapy Improves Sleep Quality in Patients Who Have Previously Responded to a PPI

Nimish B. Vakil, MD, University of Wisconsin School of Medicine and Public Health, Milwaukee, WI; Jacob Huff, MD, Drew Jones, MD, Amy Bian, ME, David Stampler, MD, Xenoport, Santa Clara, CA

31. Dexamethasone MR for Treatment for Nocturnal Heartburn in Patients with Symptomatic Nonerosive GERD

Breakfast Session J: Issues in Pregnant Women: Is It Overdue?

Improve care of GI disorders in pregnant women.

MODERATOR: *Neena S. Abraham, MD, FACG*

1. **To Scope or Not to Scope**
Neena S. Abraham, MD, FACG
2. **Conception with Colitis: Pursuing Pregnancy in the IBD Patient**
Uma Mahadevan, MD
3. **Evaluating the "Mellow Yellow" Pregnant Patient**
Eileen Hay, MD, FACG

Breakfast Session K: Development of a Quality Program: Which Measures to Choose and How to Implement?

Define important measurement parameters and tools appropriate to assess quality performance in clinical gastroenterology.

MODERATOR: *Irving M. Pike, MD, FACG*

1. **The Government's Role in Quality: What Can We Expect for the Future?**
David A. Johnson, MD, FACG
2. **Endoscopic Quality Measures: What Should We Use?**
Irving M. Pike, MD, FACG
3. **Using EMRs and Endoscopic Report Writers to Enhance Quality of Care**
James S. Leavitt, MD, FACG

Breakfast Session L: Food-Related Gastrointestinal Diseases: What's on the Menu?

Discuss the role of food in important GI disorders and review the evidence supporting dietary modification as a treatment modality.

MODERATOR: *Nicholas J. Talley, MD, PhD, FACG*

- 1. Eosinophilic Esophagitis**
Stuart J. Spechler, MD, FACG
- 2. Celiac Disease**
Alessio Fasano, MD
- 3. Functional Dyspepsia and Irritable Bowel Syndrome**
Nicholas J. Talley, MD, PhD, FACG

Breakfast Session M: Obesity — The Role of the Gastroenterologist and the Hepatologist

Identify the GI and liver consequences of obesity; contrast the medical and surgical treatments available for treatment of obesity and understand the post-operative complications in the post-bariatric patient.

MODERATOR: *Hashem B. El-Serag, MD*

- 1. GI and Liver Consequences of Obesity**
Hashem B. El-Serag, MD
- 2. Obesity Treatment: What's on the Buffet?**
Philip Schauer, MD
- 3. Managing the Post-Bariatric Patient**
Christopher C. Thompson, MD, FACG

Breakfast Session N: 911 — Doctor, I Can't Swallow

Describe management of eosinophilic esophagitis and oropharyngeal dysphagia and determine the usefulness of new tests to assess esophageal function.

MODERATOR: *Sami R. Achem, MD, FACG*

- 1. What to Do with Rings, Dings and Other Things in Eosinophilic Esophagitis**
Ikuo Hirano, MD, FACG
- 2. What to Do with the Patient with Esophageal Motility Disorder?**
Sami R. Achem, MD, FACG
- 3. Burger in the Bronchus: Diagnosis and Management of the Transfer Dysphagia**
Reza Shaker, MD, FACG

Breakfast Session O: The "How To" Guide for IBD Dilemmas in Daily Practice

Formulate evidence-based practical approaches to difficult and controversial clinical management issues in inflammatory bowel disease.

MODERATOR: *David A. Schwartz, MD, FACG*

- 1. Pain in the Butt: Management of Perianal Disease**
David A. Schwartz, MD, FACG
- 2. Management of Post-Op Crohn's Disease: Who, What and When to Treat**
Miguel D. Regueiro, MD
- 3. I Thought I Was Cured! I Have Pouchitis, Now What?**
Bo Shen, MD, FACG

Breakfast Session P: Organized Slime in the Pancreas: The Approach to Severe Acute Pancreatitis

Describe the appropriate management approach for patients with severe acute pancreatitis.

MODERATOR: *Darwin L. Conwell, MD*

- 1. Medical Management**
Darwin L. Conwell, MD
- 2. Endoscopic Management of Pancreatic Fluid Collections**
Shyam S. Varadarajulu, MD
- 3. Surgical Management: Open vs. MIS**

Faculty Listing and Disclosure Information

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. The intent of this disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion.

Faculty have noted the following relationships related to their Annual Meeting presentations.

Investigational Use Disclosure

ACG's disclosure policy maintains that if any unapproved or off-label use of a product is to be referenced in a CME program, the faculty member is required to disclose that the product is either investigational or it is not labeled for the usage being discussed. The following faculty members have indicated they may reference an off-label use in their Annual Meeting presentation(s).

- Dr. Achem - Botox, nitrates and PPI use in patients with esophageal motility disorders*
- Dr. Ahnen - NSAIDs for adenoma prevention/regression*
- Dr. Chey - R-verapamil, IBAT inhibitor, ATI-2042, linaclotide, dextofisopam, rifaximin*
- Dr. Di Palma - Various bowel preparations are used in combinations and regimens that have not been FDA approved. Oral sulfate preparation has not been approved.*
- Dr. Dubinsky - Azathioprine and 6-MP and methotrexate*
- Dr. Hirano - Topical steroids*
- Dr. Kwo - Telaprevir, Boceprevir*
- Dr. Olden - Imipramine*
- Dr. Pockros - Telaprevir, Boceprevir, others*
- Dr. Present - 6-MP, Azathioprine*
- Dr. Shen - Rifaximin, tinidazole, AST120*
- Dr. Shiffman - Peginterferon*
- Dr. Spechler - Fluticasone for eosinophilic esophagitis*
- Dr. Thompson - Most in presentation unlabeled, no medications will be mentioned, most devices are off-label use especially, BARD, BSC, USGI.*

ACG 2008-2009 Planning Committee

Disclosure of Potential Conflicts of Interest

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. The intent of this disclosure is not to prevent a speaker with a relevant financial or other relationship from making a presentation, but rather to provide listeners with information on which they can make their own judgments. It remains for the audience to determine whether the speaker's interests or relationships may influence the presentation with regard to exposition or conclusion.

The 2008-2009 Annual Meeting Planning Committee Members have noted the following relationships.

Paper/Poster Disclosures

It is the policy of the American College of Gastroenterology to ensure objectivity, balance, independence, transparency, and scientific rigor in all its sponsored educational activities. All faculty participating in the planning or implementation of a sponsored activity are required to disclose to ACG any relevant financial relationship or other relationship held within the past 12 months that may pose a potential commercial bias and to assist in resolving any conflict of interest that may arise from the relationship. Conflicts of interest will be identified and resolved prior to the beginning of the activity. The absence of any such affirmative statement of disclosure means that the abstract authors have submitted a complete disclosure statement, and have indicated that they have no relevant relationships to report. ACG also requires presenters to disclose to participants any uses of drugs or devices mentioned in their presentations that are off-label or investigational.

Information on the Genesis of Study Concepts and Design: Author Responsibility

The American College of Gastroenterology has supplemented the current conflict of interest disclosure with an additional series of questions completed by the authors of abstracts indicating whether they have been actively and personally involved in developing the study's concept and design and in collecting the data to assure that authors are not reporting data actually collected and developed by others, e.g., a pharmaceutical company or other commercial entity.

An abstract not referenced below indicates that the authors reported no industry involvement took place in any aspect or phase of the research.

The research in the following abstracts was reported to be industry-initiated:

Poster Abstracts

This year's Final Program does not include the full abstract for Paper and Poster presentations. Print versions of the abstracts are included in a special supplement printed with the October issue of *The American Journal of Gastroenterology*. The chart below lists the Poster numbers and their corresponding numbers as published in the special supplement, allowing you to easily locate posters in the Exhibit Hall or the complete abstract as published in the special supplement. Please turn to page 129 to search by supplement number.
