

Doctor of Veterinary Medicine- General Practice

Continue your passion for healing as you join an exceptional team committed to medical and surgical excellence in an exciting and friendly, two times accredited AAHA practice. At Wilson Veterinary Hospital, we recognize that our team is the foundation of patient care. Through consistent growth we are excited to invite new talent to join our 17 doctor team. Wilson Veterinary Hospital is situated in the developing and growing Washington Township of Michigan, in the northern suburbs of Detroit. We offer service to patients and clients from all over Southeast Michigan, but also Northern portions of Michigan, Northern Ohio, as well as Ontario, Canada. Our unique campus is composed of a smaller general practice which houses a surgical suite, 7 exam rooms, rehab practice, and CT machine. Our larger building acts as a full service urgent care/emergency department, as well as critical and hospitalized patient care facility (complete with infectious disease wards), orthopedic/laparoscopic and soft tissue surgery suites, reproductive department with semen storage, special procedures room for flexible and rigid endoscopy, nuclear medicine storage and 15 exam rooms.

About Wilson Veterinary Hospital:

Wilson Veterinary Hospital is a privately owned, two times AAHA accredited small animal hospital. We provide general practice services, ER/ Urgent Care services, critical care/hospitalization, soft tissue, orthopedic, arthroscopic and laparoscopic surgeries, Vimago CT scanner, ultrasonography, endoscopy and small rigid scoping abilities, certified rehab technicians with underwater treadmill. We also have chiropractic care, acupuncture and radioactive medicine (Synovetin OA). Once a month a board certified cardiologist visits. The original owner (Dr. John Wilson, DVM, DACVP) believed in affordable, complete veterinary care for everyone. We have strived to continue this service. The current owners are moving the practice in a positive direction by continuing the long standing tradition of quality care at affordable prices, while promoting a positive work environment that is dedicated to our employees' work-life balance.

General Practice Position:

We are currently interviewing for our General Practice department for full-time and part-time availability, as a 7 day a week facility flexible shifts are available with additional availability to work in our urgent care/emergency departments is welcomed. Duties for this position include a focus on client education, wellness care, preventive medicine, rechecking previous visits, surgical intervention, particularly for spaying and neutering animals as well as consultation for other services we provide.

About You:

- Ability to build rapport with customers, fellow team members and management
- Excellent client communication skills, with the ability to form long lasting relationships with clients and patients
- Confident and compassionate
- Ability to thrive in a fast paced environment
- A positive and empathetic attitude
