

WOODBURN & NURSERY AZALEAS

2020-2021 CATALOG

Welcome

Woodburn Nursery & Azaleas Inc. truly values and appreciates each and every one of our customers. We are thankful for all of you and look forward to continuing our work with you in the future. Providing each of our customers with high quality plant material is always our goal.

We are pleased to announce that we have hired Ken McVicker as our new sales manager. We welcome Ken to our team and are excited for what is to come. We continue to make strides toward evolving our efforts here as we move past the various challenges we have been presented with this past year. Our partnership with our customers is of top importance and priority for us.

We continue to use new technologies to produce high quality material for you. The beneficial insect program here at the nursery continues to be refined. We are learning how to adapt to this new technology and improve our product because of it.

Our team has worked hard to build a new sprayer (see on page 3). This helps us to do a more effective job of applying pesticides to our Pot N Pot. We have also ordered a new pruning machine to prune our Pot N Pot material. This will help us produce more consistent, quality plants. We are also currently in the process of building a new pruning machine to be used in our can yards and greenhouses, utilizing our forklifts and reducing labor needs in this area.

Lastly, we are now accepting orders through the Excel format to help reduce order entry time by our staff so we can better serve your needs. Order forms can be accessed through our website: www.woodburnnursery.com

Again, we want to thank you for your business and wish you continued prosperity in the future.

The Fessler Family & Woodburn Nursery & Azaleas Staff

In Loving Memory

It is with heavy hearts that we continue to mourn the death of our co-founder, Jean Fessler, on December 22, 2019. We all miss her more than words can express. Jean was a mother and grandmother not only to her own family, but to our employees as well. We hope to continue on the good work she began with Bob over 51 years ago.

Important Dates

2020

Early order entry deadline:
August 15, 2020

Farwest Show:
Has been cancelled this year

Fall acknowledgements will be completed by:
October 15, 2020

The target date for completing spring confirmations is
December 2020

2021

Mid-Atlantic Nursery Trade Show (MANTS):
January 6-8, 2021

NorCal Spring Trade Show:
February 25, 2021

Deadline for shipping spring orders:
May 15, 2021

Catalog and Program Information

Order Forms:

Our order form is available in Excel on our website: www.woodburnnursery.com

We encourage each of you to use this tool to place your orders. Placing your order online allows our office to automate order entries, increasing our efficiency, and getting you your product faster. If you would like an order form sent directly to you, please request one by email to our office at sales@woodburnnursery.com

Special Tags for Retail Customers:

Information for special tags is due in our office by February 1st. If you require special tags with retail prices or other information, the sooner we know the better. Let your sales representative know you are interested so we can provide you with the proper paperwork. There is no additional charge for this service.

Spring Billing Program:

This program provides customers with the opportunity to ship material from September 1, 2020 through February 28, 2021 and delay payment until May 1, 2021.

1. This program is for customers whose accounts are current and good standing.
2. The first nursery stock order shipped must exceed 10,000 units, where one unit is equivalent to a one-gallon pot.
3. Once a customer ships an order meeting these requirements, any subsequent orders will also qualify if shipped on or before February 28, 2021.
4. Payment is due in our office on or before May 1, 2021. Customers that miss this date are not eligible for the program the following season.

Claims:

No claim will be honored unless made in writing on the bill of lading upon receipt of the shipment. We also request notification within 5 days of delivery if there is a count discrepancy or if any damage or quality issues occurred during shipment. It will be at the sole discretion of Woodburn Nursery & Azaleas, Inc. to evaluate and issue any and all credit adjustments.

Below is a list of our pot designations and NCWM Guideline equivalents.

<i>Catalog Container Description</i>	<i>Description per NCWM Guidelines</i>	<i>Abbreviations</i>
#1	2.95 qt (2.8 L)	qt = quart
#3	2.14 gal (8.1 L)	L = liter
#3True	3.00 gal (11.4 L)	gal = gallon
#6	4.19 gal (15.9 L)	
#10	9.64 gal (36.5 L)	
#15	12.33 gal (46.7 L)	

- Minimum order volume is \$2,500.00, after any applicable discounts.
- Accounts who choose to pay by credit card will have 3.5% added to their total amount owed.
- If customers request cardboard for dry rail car or trailer, we offer cardboard-lining for a \$75 charge.
- Prices listed in this catalog are subject to change due to minimum wage increases and other increased costs.
- Royalties for specified plants will be added to invoices after all applied discounts.
