JUST WHAT MATTERS

Is your vaccine adapting as fast as equine influenza does? If not, maybe it's time to switch. Vetera[®] Gold^{XP} and Vetera[®] 2^{XP} were the first vaccines in the U.S. updated to contain both Florida sublineage clade 1 and clade 2 EIV, as recommended by the OIE. “One to Ride the River With”

This old west phrase says so much in just six words! The phrase is all about choices we make. A friend that sticks with you through good times and bad. A horse that is more than just transportation, but instead, is a partner that anticipates your direction and gets you where you want to go with safety and confidence in every step.

These choices can make or break any person but can be even more important to a cattleman. Strong character, steadfastness and skill are the hallmarks of “one to ride the river with”.

All of us at Matlock and Associates endeavor to be just that. It is our goal to give you the same trusted reliance on our “brand” as the legendary brands that are on the horses for sale here today. We offer integrity, highly trained and experienced staff along with products that give you peace of mind.

PRF (Pasture, Range, Forage) protection has proven itself time and again. We would consider it an honor to consult with you about your 2024 PRF plans.

From the Spanish word remudar, meaning to change or replace. Cowboys derived their word "remuda" to signify the roster of seven to ten mounts they depended on for their daily work.

There were circle horses, herd horses, running horses, roping horses, branding horses and night horses. There were also cutting horses with speed, stamina and uncanny cow sense. Often, there as a favorite; no special qualifications required.

For over one hundred years, horses carrying the ranch brands of 6666, Beggs, Pitchfork, Tongue River, King and Wagonhound have been bred, raised, trained and selected to meet the tasks of ranch life. We breed 'em well, raise 'em right and ride 'em lots of miles.

Though the changing times present challenges, there is always one constant: we know we can depend on our horses every day. They are here for us...to start and finish every job well done.

BEGGS CATTLE

Company

1876

The Beggs family's 100-plus years in ranching and livestock began in 1876, when George Beggs Sr. settled in what is now Handley, Texas. He leased land in that area and began dealing in cattle and horses. In 1893, Beggs moved his family and business to Fort Worth, and opened a livestock commission and loan business in the Stockyards District.

Beggs' sons, W.D. and John Erin "Crowbar", were ranchers operating as Beggs Brothers. They ranched on leased land at Bluff Dale, Texas, and later moved their operation to Wellington. The senior Beggs' youngest son, George Jr., opened a real estate and insurance office in Fort Worth.

In 1923, the three brothers joined forces to operate the E.D. Farmer Ranch in Parker County, located between Weatherford and Fort Worth. In 1926, they purchased the Pete Scoggins Ranch in Garza and Kent counties. In 1932, the George Beggs Trust purchased the Pursley and Foley Ranches in Dickens, Kent, King, and Stonewall counties. In 1936, the Trust purchased the Farmer Ranch, and these ranches were all operated by Beggs Brothers.

In 1941, Ed Farmer Beggs and George Beggs III started a cattle operation on part of the family's holdings in Dickens and King counties. Beggs Brothers branded their cattle with a lazy 3 on the left hip. The partnership formed by Ed and George wanted to use a brand not previously registered, and their father, having long had ties with Great Britain, suggested the English Pound mark (£).

This new brand met all the requirements, and was registered as the brand for the partnership and later for the Beggs Cattle Company.

In the late 1940s, the Beggs Brothers partnership was dissolved as the original three brothers retired. The third generation, George Beggs III, took over the day-to-day operations, and in 1950 incorporated all the ranches as Beggs Cattle Company.

Today, the Beggs Cattle Company raises commercial cattle and quarter horses. Ed Farmer Beggs II operates the ranches located in Parker County, while his brother, George Beggs IV, manages ranches located in King, Kent, Stonewall, Dickens, and Garza counties.

FOUR SIXES

Ranch

1870

The untamed, rugged land of Texas became home to legendary ranchers and cowboys as big and windy as the state itself. The vast horizon sprawled across the big country in which they established prosperous land and cattle operations. Among them was the Four Sixes Ranch. Legend has it that the history of the ranch began with a poker game and a winning hand of four sixes. In true Texas fashion, it does make a good story, but the real history of the Four Sixes began with Samuel Burk Burnett, who became one of the most influential and prosperous cattlemen in Texas.

Born in Bates County, Missouri in 1849, Samuel Burk Burnett and his family moved from Missouri to Denton County, Texas after their home was destroyed in the Jayhawk raids of 1858. Burnett's father, Jerry, became involved in the cattle business and Burk grew up watching and learning. At age 19, Burnett went into business for himself with the purchase of 100 head of cattle, which were wearing the 6666 brand. With the title to the cattle came ownership of the brand.

By 1874, Burnett had survived the panic of the previous year by holding over the winter, 1,100 steers. The next year, he sold the cattle for a profit of \$10,000 and became one of the first ranchers in Texas to buy steers

and graze them for market. Increasing his herd yet again, he soon saw the need to have control over the lands on which his cattle fed and began buying property.

Drought conditions in the 1880s forced Burnett and other ranchers to go in search of grass for their cattle. The tribal lands of the Kiowa and Comanche north of the Red River in Oklahoma had not suffered the dry conditions, which devastated the range farther south. So, Burnett negotiated with Comanche chief Quanah Parker for the lease of the Indian lands. Not only was Burnett able to acquire the use of some 300,000 acres of grassland, but he also gained the friendship of the Comanche leader. The much-needed lease continued until the early 1900s at which time the federal government ordered the land turned back to the tribes.

By the end of the 19th century, the open range was coming to an end. Independent ranchers in Texas found it increasingly difficult to profit from agriculture as corporations. While individual land holdings fell, the Burnett Ranches grew steadily. A purchase of the 8 Ranch near Guthrie, Texas and the Dixon Creek Ranch marked the beginning of an empire.

Burk Burnett's son, Tom, followed in his father's footsteps. At age 16, he began moving cattle and worked as a wagon hand drawing the same wages as other cowboys. As he approached the age of 21, Tom was made wagon boss of the Nation (Indian Territory) Wagon.

By the turn of the century, Tom had already established himself as a respected cowboy and was on his way to becoming a cattle baron. In 1910, he acquired the 26,000-acre Triangle Ranch. He continued to expand his Triangle holdings, buying five ranches in the next 15 years, which were consolidated into one vast range of more than 100,000 acres.

Tom Burnett died in 1938, leaving his estate to his only daughter, Anne Valliant Burnett. "Miss Anne" was known for her knowledge of cattle, horses, and fine art. She was instrumental in the establishment of the American Quarter Horse Association, a founder of the Quarter Horse Hall of Fame and an avid supporter of the Texas and Southwestern Cattle Raisers Association.

Under, "Miss Anne," the most important change, other than the discovery of oil, for the Four Sixes Ranch was the addition of an equine

breeding program in the 1960s. The ranch was very soon known for its world-class horses used for competition and ranch work, including GREY BADGER II and HOLLYWOOD GOLD.

"Miss Anne" passed away on January 1, 1980, her daughter "Little Anne" - Anne W. Marion - inherited her great-grandfather Captain Burnett's ranch holdings through directives stated in his will. Mrs. Marion was known for her active involvement in the ranches and their good management.

For the first time in the history of the Four Sixes Ranch, it was sold in 2021 to a group of investors, led by Taylor Sheridan. Like the those before them they are dedicated to promoting and preserving the brand and its legacy in the history of Texas and the American West.

An Overview of the 6666 Ranch Quarter Horse Breeding Program

The Quarter Horse operation at the Four Sixes consists of a state-of-the-art horse breeding and veterinary facility, at which 1,500-1,800 mares are bred annually from the ranch, and performance. In 2023 the ranch experienced a record year, with a significant increase of more than 1800 mares being bred from the clinic. This ultra-modern facility provides veterinary care for Four Sixes horses and those owned by ranches and clients in the surrounding area.

In addition to on-site breeding, reproductive services offered include embryo transfer, cooled transported and frozen semen, mare management, and Sixes Direct, a cooled transported semen courier service that serves the I-35 corridor from Aubrey/Pilot Point and Weatherford areas of North Texas to Central Oklahoma. Frozen semen is routinely supplied to breeders in Europe, Australia, Argentina, Brazil, Uruguay, Paraguay, and New Zealand.

The Four Sixes continually strives to offer top stallions in their respective disciplines, providing breeding services to some of the finest cutting, reining and all-around performance bred stallions in the country. The goal of the ranch's own breeding program is to produce the world's best ranch horse, utilizing most of today's popular bloodlines as well as proven foundation bloodlines. Particular emphasis is placed on adequate size, stamina, athletic ability, intelligence and superior cow sense. Also, important traits such as adequate withers, proper bone structure, good hoof quality and depth of heart girth are not forgotten. Because this is a working cattle ranch covering nearly 300,000 acres, Four Sixes cowboys require all these traits in the horses they use for daily ranch work.

On the Quarter Horse racing side of the operation, the Four Sixes stand some of the most respected sires in the industry.

PITCHFORK

Land & Cattle Company

EST. 1883

From all accounts, the Pitchfork Land and Cattle Company would not exist if it wasn't for Daniel Baldwin Gardner and Eugene Flewellyn Williams, both cousins and life-long friends. They were born in Mississippi in 1851 to plantation-owning families.

In 1871, tales of abundant opportunity in Texas lured Gardner to Fort Griffin, located near present-day Albany. In February of 1877, Gardner was one of 17 men who drafted plans for what was to become one of the most powerful and prestigious livestock organizations in the world, which is known today as the Texas and Southwestern Cattle Raisers Association.

In the summer of 1881, Gardner learned that Jerry Savage, who had been running cattle on the South Wichita River under a Pitchfork brand, was interested in selling land, equipment and stock. Needing capital, Gardner thought of his boyhood friend and cousin, Eugene Williams.

In 1881, Williams journeyed to Fort Worth and after a dinner meeting announced he was ready to close the deal, without seeing either the land or the cattle. Williams said he was investing in the venture solely because he had the highest regard for his cousin, Dan Gardner. Williams wrote a check and took the night train back to St. Louis.

The property Gardner and Williams purchased included 2,600 longhorn cattle, 70 horses, wagons and camp equipment, but little land. They did obtain rights to the ranch that bordered the South Wichita River in eastern Dickens and western King counties.

Wishing to expand, but lacking capital, the two men found two willing investors from Texas, A.P. Bush, Jr. and Samuel Lazarus and two from St. Louis, A.D. Brown and W. H. Carroll.

In St. Louis on December 29, 1883, the partners gathered to adopt the by-laws and elect officers of the newly formed corporation known as the Pitchfork Land and Cattle Company. Gardner was chosen to be general manager, a position he held until his death in June of 1928. Six managers have filled the vacancy left by Gardner. These included Rudolph Swenson, Virgil Parr, D. Burns, Jim Humphreys and Bob Moorhouse. Today, the ranch is managed by Brooks Hodges. The Pitchfork Land and Cattle Company stretches some 175,000 acres in two west Texas counties and acreage in Waurika, Oklahoma known as the Pitchfork OK Ranch. The descendants of Eugene Williams continue to operate the 141-year-old ranch in the same conservative manner as did the ranch's founders.

TONGUE RIVER

EST.

Ranch

1898

In 1898 Eric and Albin Swenson purchased the 79,000 acre Scab 8 Ranch. The ranch was located in the excellent ranch country of King, Cottle, Motley and Dickens counties. The brothers renamed it Tongue River Ranch (TRR) because of its location on the Tongue (South Pease) River, aptly named in reference to black tongue, a nineteenth century disease which wiped out many buffalo in the region. Folklore also states that the many different Indian tribes in the area nicknamed the river “River of Many Tongues” which was later shortened to Tongue River.

Present day owner, Millard Morris purchased the picturesque Tongue River at its current size of 89,000 rolling acres in 1997. The facilities are modern, but the feel of the ranch is that of the old west, cattle are worked just as they were 100 years ago. The ranch is managed today by Bubba Smith.

Paramount to the Tongue River Ranch operation is their outstanding horse program. Tongue River Ranch has concentrated on raising horses that are well built, highly intelligent and incredible athletes. Honored to be the 2011 AQHA Best of Remuda Award winner the ranch’s horse program has continued to advance, which is seen across the country as Tongue River Ranch Quarter Horses have qualified to 13 WRCA finals, two of

which included Top Horse titles. They have also received Champion and Reserve Champion Titles at the RHAA finals held in Abilene Texas and have had multiple horses recognized for their achievements including TRR MS PEPCID OLENA, named the 2016 AQHA Leading NRCHA Dam of the Year. The Ranch has been privileged to have been awarded an exemplary amount of Top Horse Awards in the 3 largest and most recognized Ranch Rodeos in Texas: Fort Worth Stock Show and Rodeo, Texas Ranch Roundup in Wichita Falls, Texas, and the Western Heritage Classic in Abilene, Texas.

Tongue River Ranch horses and horses sired by our stallions have had another successful year! In 2023 our ranch stallion CR TUFF BE GREYT and Hegan Lamb were The Run For A Million Cowboy Invitational Reserve Champions. TRR WARES REX (sired by PEPCID) and Hegan Lamb won Top Horse and the rodeo team won the Best Remuda Award at the Texas Ranch Roundup. TRR FRECKLES HOLIDOC (sired by PEPCID) and PRCA heeler Logan Medlin won the Top Horse award at the Bob Feist Invitational.

Tongue River Ranch takes great pride in preserving the land for future generations. Continuing tradition and preserving history is a way of life, nota job at Tongue River Ranch.

KING RANCH

EST. *Quarter Horses* 1853

In 1853, Captain Richard King founded a modest cow camp overlooking Santa Gertrudis Creek on the edge of the Wild Horse Desert in South Texas. Through a relentless commitment to efficiency, innovation and quality, that cow camp grew to become one of America's largest and most respected cattle operations: King Ranch. Improvements to carcass quality, fertility and longevity of cattle on the Ranch have significantly increased the profitability of its commercial cattle and feedyard operations. King Ranch now spans 825,000 acres where it maintains industry-leading genetics for Santa Gertrudis and American Red beef cattle.

Building and sustaining this Profit Proven, vertically integrated cattle operation would not be possible without the King Ranch cowboy and the King Ranch Quarter Horse. Every cowboy on the Ranch still does his work from the saddle of a horse bred from the King Ranch Quarter Horse program. As a result, the program's primary focus remains unchanged for over 170 years: produce the best working ranch horses possible.

By focusing on genetic traits and training that create the agility, strength, stamina and intelligence necessary for a superior working ranch horse in the harsh conditions of South Texas, the men and women who led the program over the years knew they would produce competitors for the arena as well. Descendants of King Ranch foundation sire, OLD SORREL,

are among the most renowned champions in the history of American Quarter Horses: WIMPY, REY DEL RANCHO, MR SAN PEPPY and PEPPY SAN BADGER.

In 2013, the King Ranch Quarter Horse program implemented a new strategic approach designed to build upon the proven practices refined by generations of master horsemen on the Ranch and reinforce its OLD SORREL bloodline. This new strategy yielded results sooner than expected when CORONEL DEL RANCHO became the 2021 AQHA Versatility Junior Ranch Horse World Champion. At this year's Return to the Remuda Sale, select members from a new generation of King Ranch Quarter Horses are available for purchase.

As a founding member of AQHA, King Ranch has bred and registered more American Quarter Horses than any other ranch or operation in history, currently over 7,300, and the broodmare band are all descended from MR SAN PEPPY and PEPPY SAN BADGER. Our 2022 and 2023 foal crops are sired by all three current King Ranch stallions Marsala Red, KINEÑOS MOON, and Coronel Del Rancho as well as some of the industry's leading stallions and performers including WR This Cats Smart, The Boon, and Sanctus. This year's breeding season, we have our top-quality ranch mares in foal to Metallic Rey Mink, Kit Kat Sugar, Saddling At Sunrise, Jesses Topaz, and RO One Time Kat.

WAGONHOUND

EST.

Land & Livestock 1999

Wagonhound Land and Livestock's roots go back to the late 1800s when the cattle drives came up from Texas and the pioneers traveled through on the Oregon Trail. As settlers moved across the land, a tough-to-cross creek became well-known as the Wagon Hound Creek because many wagons broke their hounds as they crossed. Today, this creek is located only yards from Wagonhound headquarters and the ranch brand, "quarter circle, bar, quarter circle," is the territorial brand that loosely resembles a wagon hound.

Today the ranch consists of more than 300,000 acres located along Wyoming's Laramie Range on the east edge of the Rocky Mountains, with an elevation varying from 5,000 to 9,000 feet.

Wagonhound Land & Livestock is comprised of four divisions. The Horse Division's objective is to build on the pedigrees that have been ever-present in top ranch and performance horses and to compliment and improve the American Quarter Horse breed. In recognition of its efforts the ranch was awarded with the 2017 AQHA Best of the Remuda award.

The second division is the Cattle Division, consisting of a foundation herd of 5,000 red angus cows. All cattle are selected and managed to produce high quality replacement heifers and premium beef. The ranches replacement

stock comes from within the breeding program and is supported by using bloodline diversity from the finest bulls available.

Wagonhound Land and Livestock also owns and operates two feedlots, which are located in the heart of the farming division, making the movement of daily feed rations more efficient.

The Farming Division primarily produces alfalfa with rotating crops including corn silage, barley hay, barley grain and oats. With 39 center pivots covering approximately 5,000 acres, the farm produces approximately 20,000 tons of alfalfa annually. Most hay is sold via hay auction to dairies across the country as well as to horse operations looking for premium hay.

Finally the outfitting program is diverse with elk, mule deer, whitetail deer, antelope, bear and fishing. The Outfitting Division is managed in house by licensed outfitter Dax McCarty.

While the Wagonhound has many state-of-the-art facilities, much about the ranch has not changed since the 1800s...the current owners have seamlessly blended time-honored values and traditions with the 21st century. Wagonhound's philosophy emphasize conservation as the way to preserve the land, wildlife, livestock and the western way of life.

The Circle Bar Ranch was founded in 1981 by Jerry Bob and Eugenie Daniel. They began purchasing and leasing property in the Truscott, Texas area where the ranch is presently headquartered. They have operated in Foard, Cottle, King and Knox counties, but in 1991 decided to focus operations in Knox county. The Daniel's operation is primarily a cow-calf operation with a wheat stocker program. Their focus has been on angus cattle for over 37 years.

Their ranch operation consists of 43,000 acres, which was established mainly from three historic ranches located in Truscott. Since 1926 five generations of the Daniel family have been cattlemen or cowboys in the Truscott and western Foard county area.

Eugenie's family founded the Pitchfork Ranch near Guthrie, Texas in 1883. Eugenie is the only member of the Williams family who has committed her lifestyle full-time to ranching.

Circle Bar horses are bred, selected, and developed to carry on the genetics of highly respected ranch horse bloodlines. They prove their genetic ability every day in all phases of ranch work. CIRCLE BAR PISTOL, a son of PLAYGUN, has sired many of the geldings in this sale. Pistol won several ranch rodeo top horse honors, including 2010 AQHA Amateur

Versatility World Champion and was named Champion in RHAA and SHOT. CIRCLE BAR MR PEPTO, by PEPTOBOONSMAL and out of a SMART LITTLE LENA mare, has NCHA earnings of \$85,000 and is currently standing at the ranch. Additionally, Colton Daniel competes on Circle Bar Mr Pepto in many ranch rodeos.

Circle Bar Ranch is a family operation that employs eight full-time personnel, including Jerry Bob and Eugenie's son, Colton, who graduated from Texas Tech University. Colton is currently manager in charge of Circle Bar Ranch operations. Their daughter, Becky, is employed by Alert Media in Austin, Texas. Notes Being a seasoned ranch horse in every sense, hard work and long days don't faze "Hi De Ho." This athletic, handsome gelding has been used all over the ranch, from driving cattle, doctoring calves and yearlings, sorting or branding; he has seen and done it all. A member of Will Boedeker's team, he describes this strong gelding as having perfect balance, creating a comfortable gait and being easy to rope off of. His speed, cow instinct and endurance make him a valuable asset. A cowboy or experienced rider would best match his all-business attitude. Height: 14.1; Weight 1,244.

Notes His traditional cow horse pedigree paints the picture of this top-shelf consignment, but he is so much more than that. With his kind disposition, willingness to work and all-day energy, "Okie Dokie" is a perfect horse for anyone looking for a steady and dependable companion. He is sure-footed and brave, can go to the ground in his stops and turn some heads spinning. His smooth gait and responsive attitude make him a pleasure to ride. Fun to sort on in the gate, he gets low in front of a cow and is fantastic to rope yearlings outside. Hegan Lamb has hauled him to some jackpots, he is quiet in the box. Also ridden by his son Rylan, he is a gentle giant with a kind heart who loves attention and is an excellent horse for any level of rider. Notes “Hippy” is a handsome, nicely put together gelding from the string of Levi Jones. He has a big stop, is good on his feet and rides around quietly. Notes This filly's eye appeal does not stop with her cowboy color. She has a muscular, well-made frame with a strong loin and will be a powerhouse capable of getting you where you need to be in any discipline you choose. For the past two months, Kelton Carver has prowled pastures on this bold young prospect. Caught in the cold as a baby, she shows some signs of frostbite on her ears, which makes her that much cuter.

Notes There is nothing mundane about this ranch horse! He is cow smart, sure-footed when you take him off the trail, stout to the horn and he will not get outrun by a bovine. When you ride “Little Big Town” at the ranch rodeos, rest assured you will help each other shine and when things get western, he will step up and take the lead. Scott Cutright says this gelding loves human attention, and the only flaw he has is that when loading in a trailer, he will set back, but he can walk you through the steps needed to give him confidence. Honest, faithful and talented, you will be proud to own him, and he will be safe and enjoyable for your whole family. Notes Zack Peters brings you this seasoned ranch horse out of our highly coveted 99 mare line! A pro at every phase of ranch work, "Sagebrush" is always ready to start the day and willing to work long hours without complaint. With extensive experience on big drives, dragging calves to the fire and navigating some of the rougher parts of the ranch, not much intimidates or unnerves this rock-solid gelding. He is uniquely colored due to his bird catcher spots, medically known as Idiopathic Leukotrichosis, which are white clusters of hairs throughout the body. He is well-made with substance, a strong topline, a pronounced set of withers and easily travels. He has a light mouth, is responsive to his rider and is fast enough to catch a runaway in the pasture and stout enough to stop them in their tracks. Full brother to DALHART (3rd South Texas RCHA Road To Nowhere Limited Open Futurity and 7th Int. Open Futurity). Height: 15.2; Weight 1,210.

Notes This young, stout-made palomino is an accomplished ranch gelding that is no stranger to big drives, sorting, branding or rough country. Stout to the horn with plenty of speed, he is really nifty when you need to rope something in the pasture and is started nicely out of both the head and heel box. With abundant bone, a deep girth and a solid frame, “Bananas” is an athlete with a good stop. This gelding has been a great asset to Hegan Lamb’s family. His son Hazen uses him regularly to doctor cattle and allows him to hone his roping skills. AQHA Ranching Heritage Breeders & Challenge Programs

*All Return to the Remuda Consignors are
AQHA Ranching Heritage Breeders.*

The American Quarter Horse Association is committed to the promotion of the ranch horse. There are programs to help ranchers to market their ranch-bred American Quarter Horses and opportunities for ranch-bred horses to be showcased in competition.

Ranching Heritage Breeders Program

Ranching Heritage Breeders are AQHA member-owned ranches and individuals who represent longevity, honesty and integrity in raising quality American Quarter Horses and uphold ranching heritage traditions.

Ranching Heritage Breeders must breed and register at least five foals annually and must maintain a remuda of horses used to operate a working cattle operation. The ranch also must have received an AQHA 10-year breeder award to be eligible for the program.

Ranching Heritage Breeders support the Young Horse Development program by donating weanlings and/or offering for sale to members of the American Quarter Horse Youth Association. Youth train and keep these horses, which builds a lifelong passion for the American Quarter Horse.

Ranching Heritage Breeders also can earn cash awards and recognition for their horses competing in 20 events across the country with the Top RHB Horse Award. Owners and Breeders also are presented a cash award.

The horses that come from Ranching Heritage Breeders uphold the tradition and heritage of the working cattle ranch and when horses are purchased from a Ranching Heritage Breeder, that great tradition continues.

AQHA Ranching Heritage Challenge

An exclusive opportunity for Ranching Heritage bred-horses, the AQHA Ranching Heritage Challenge is a way to showcase ranch-bred American Quarter Horses.

The Challenges offer multiple divisions for various ages and skill levels for both horse and rider. Classes include working ranch horse, ranch riding, team roping, barrel racing, and cutting. In 2023, steer stopping and breakaway roping will also be offered.

To be eligible, horses must have been bred by a Ranching Heritage Breeder, plus all payments – weanling, yearling, 2-year-old and 3-year-old – must be complete in order to compete. Those payments also generate the purses for Ranching Heritage Challenge events. Horses that compete in a Ranching Heritage Challenge qualify for the RHC Finals.

For more information about AQHA's ranching programs, including a list of Ranching Heritage Breeders, an application to become Ranching Heritage Breeder, Top RHB Horse Award winners and Ranching Heritage Challenge information, visit aqha.com/ranching.
