#ThinkBaby

We consider our job to be the best in the world. Miracles and happiness are part of our workdays and our customers' language is made of smiles.

With our products, we accompany parents and their offspring from the first day of their new life together. We create closeness and security, bring special moments of happiness, contribute to a pleasant feeling of safety and facilitate family's everyday life.

We are well aware of the high level of responsibility we bear in our work. Parents from all over the world place their trust in us and our products.

This is what makes us feel committed. To deal with this trust in a responsible way is both a requirement and an obligation for us. From the first sketch on a blank piece of paper to the last grip in manufacturing, our ideas, every thought and action are inspired by and oriented towards satisfying the needs of babies.

To discern and understand what is best for baby's well-being and their healthy development is our motivation.

Starting from this responsibility and conviction, our products are designed and developed.

Edition 2021

Timeless. Aesthetic. Pure. These designs have what it takes to become classics. Simple beauty that stands out. The Edition impresses with its clear, linear silhouette and restrained elegance: the perfect art of understatement.

Fashion

On trend. Bold. Unique. Made for the catwalk. Impactful prints, limited designs and a fashionable flair combine for a strongly individual look. The Fashion Edition offers striking colours, original accents, contrasts and selected details to create something special.

DIAMOND E D I T I O N

Stylish. Luxurious. Exclusive. A new definition of aesthetics. High-quality materials, expressive styling and elegant designs combine for a stunning up-to-the-minute look. The Diamond Edition stands for pure elegance and high design standards down to the last detail.

coal

Individual and distinctive: the light aluminium frame impresses with its inspired matt black appearance. The smart whitewall tyres skilfully emphasise the meticulous look.

The seat and the imitation leather elements on the push-bar grip and bumper bar are also finished in an elegant, dark black. The sapphire-black sun hood gives the striking appearance that finishing touch.

graphite grey

The high-quality melange fabric gives the graphite grey design its special appearance. The special processing makes the outer fabric appear fine and polychromatic.

The high quality imitation leather elements on the pushbar and bumper bar are in a warm brown. These together with the silver-coloured frame give the pram its striking modern look.

street

The high-quality melange fabric's special processing gives the street design a fine polychromatic appearance. The warm brown tones of the elegant imitation leather elements on the push-bar grip and bumper bar add to the distinctive character.

The high-quality aluminium frame impresses with its striking anthracite look and puts you in the limelight.

Fashion smaragd

The Smaragd fashion design grabs attention with its distinctive checked fabric on the carrycot and seat, reminiscent of the legendary Burberry pattern.

In combination with the luxurious diamond seam in quilted leather on the push-bar and bumper bar, the whitewall tyres and the matt black frame, Smaragd stands for individuality and self-expression like no other design.

Fashion
midnight

Black is beautiful: no other colour incorporates so much elegance and deepness.

The high-quality aluminium frame wows with its elegant matt black look. Together with the chic whitewall wheels, it creates a stylish silhouette. The beige inner fabric of the carrycot and the deep black "midnight" outer fabric create a powerful colour combination. All fabrics of the carrycot & sports seat are produced from sustainable recycled material for the sake of the environment.

All fabrics of the carrycot & sports seat are produced from sustainable recycled material for the sake of the environment.

On the road with the best friends of the world: the cute dog motives inside the carrycot accompany and delight both parents and children.

The outer fabric of the carrycot and the sports seat is deliberately kept in discreet dark gray to emphasize the stylish look.

The chic whitewall wheels and the distinctive matt black aluminium frame give the „stone“ design the final touch.

Fashion

nature

The frame, made of high-quality aluminium, convinces with its elegant and distinctive matt black look.

For the sake of the environment, all fabrics of the carrycot & sports seat are produced from sustainable recycled material. The outer fabric skilfully picks the „nature“ theme up with its earthy natural tones.

The elegant diamond stitching of the inner fabric of the carrycot makes the expressive and confident design perfect.

All fabrics of the carrycot & sports seat are produced from sustainable recycled material for the sake of the environment.

Fashion

cornet

The modern look „cornet“ has an audacious and unique piqué fabric design.

The honeycombed fabric structure with light blue interweavings is not only a trendy eye-catcher: the unmistakable feel invites you to touch, marvel and experience it.

The elegant matt black aluminium frame gives the design „cornet“ its distinctive finishing.

DIAMOND

E D I T I O N

asphalt

The simple elegance of this design completes the noble and exclusive silhouette of this edition.

Enjoy sparkling moments – the noble shining frame made of high-quality chrome is not only on trend, it sets the trend.

A stylish look – whether on the streets in the city or off the beaten track.

DIAMOND

E D I T I O N

navy

Whether in a cosy café by the harbour, while shopping in the city or during a quiet evening walk: the design „navy“ is reminiscent of a pleasant summer walk at the beach.

With the chromed aluminium frame and the chic whitewall wheels, you can enjoy sparkling moments and you're perfectly fashionable.

The combination of the dark blue outer fabric and the beige inner fabric of the carrycot convey a holiday feeling with a navy look.

DIAMOND E D I T I O N

dolphin

The design „dolphin“ stands for expressive aesthetics down to the smallest detail. The beige inner fabric of the carrycot is provided with a filigree diamond seam and powerfully brings the contrast to the elegant black outer fabric out.

The high-quality synthetic leather on the push-bar and bumper bar is also decorated with the distinctive diamond seam and contributes to the unmistakable personality.

The chromed anthracite-coloured aluminium frame and the chic whitewall wheels skillfully make this classy look complete.

DIAMOND E D I T I O N

rose gold

Stylish. Luxurious. Exclusive. A new definition of aesthetics. High-quality materials, expressive styling and elegant designs combine for a stunning up-to-the-minute look.

The Diamond Edition stands for pure elegance and high design standards down to the last detail.

Top quality you can feel, admire and experience. We focus on superior quality where our fabrics are concerned.

For little ones, discovering the world starts right on your doorstep.

But for those families who are always on the go or love to travel, the world of adventure continues far away from home. Travelling with small children needs the right equipment for the challenge, and a light, small buggy is of course an essential.

The handy and practical Ping stroller is ideal for travel-loving parents and their offspring. Its extra-compact folding ability, down to hand luggage size, and its very light weight impress on journeys by car, plane, bus or train.

The manoeuvrable travel buggy can be effortlessly folded, unfolded and steered with just one hand. Besides the practical handling, your child's comfort always comes first, especially when travelling. Thanks to 4-wheel suspension, a padded seat with completely flat reclining position and the generous sun canopy, your child can enjoy stress-free, relaxed and comfortable journeys.

Whitewall tyres and trendy designs make the practical travel companion a buggy with global style visually too.

The perfect travel companion

Are you ready for a city adventure? The plan is to negotiate the streets of the urban jungle effortlessly with your loved ones. Regardless of where you might end up, the Limbo stroller is your perfect companion at any time.

This pushchair is extremely narrow and lightweight. It can go anywhere and you will be impressed by its extremely compact folded size, allowing it to fit into the tiniest of spaces. Its compact frame can be folded down easily and safely for transporting, using its handy trolley function. The stroller cuts an attractive figure visually as well. The whitewall tyres are manoeuvrable and funky, ensuring a stable ride with good manoeuvrability and flexibility.

Your child will enjoy travelling in the comfortably padded seat, which grows with them and can be turned around, extended and laid completely flat with just a few clicks. It's your choice – use the pushchair as a stroller or you can add the Limbo comfy carrycot with its generously-sized mattress, with a seat unit or as a compact travel system with a Group 0+ car seat.

Discover the world dancing with the light and agile convertible stroller Samba

The ABC Design 2in1 convertible pram Samba leaves nothing to be desired and offers maximum flexibility and comfort. The height-adjustable pushbar, the legroom while pushing and the integrated suspension ensure an elevated pushing comfort for you and your baby. Thanks to the ergonomic overnight sleep mattress, your baby is always comfortable. The integrated air holes in the mattress assure an optimal ventilation and prevent heat accumulation.

Very clever: you can quickly fold the carrycot and store it in the boot of your car to save space. You can adjust the backrest and the footrest as you desire. Like that your child can take a relaxing nap after the adventurous walk in the complete layflat position.

Whether in the city, in the park or on stable ground - your new ABC Design stroller Samba masters any terrain. Thanks to its practical swivel wheels, the Samba literally dances around tight bends and can be navigated easily.

The parking brake and the 5-point harness system ensure optimal safety for your baby. Sophisticated travel system: with the optional adapter you can easily clip your baby car seat onto your pushchair. Thanks to the small folding size, you can store the stroller in the boot of your car to save space or take it with you on the bus or train without any difficulty.

Very clever: If you need to get moving fast, the Samba folds down very quickly, even with the stroller attachment.

The joy at the birth of twins or of a little brother or sister is simply indescribable.

But the double bundle of joy holds new challenges. The role of the pushchair in family life becomes more important than ever. The Zoom allows you to keep the freedom and flexibility which you cherish.

The seat, carrycot and car seat can be combined in any way depending on age. The Zoom is easy to manoeuvre with its swivel wheels, and its compact design is a boon in confined spaces. It can be converted to a travel system in just a few clicks and folded away to a minimum.

For your children the Zoom is the nicest place to discover the world together. They can look at each other as they are pushed along, laugh together, look up at you or just sit and watch the world go by.

Little Dolly's parents will be thrilled to bits with the Migno doll's travel system

The Migno is every bit as good as the big version in both quality and function, offering everything a child could wish for.

The doll's pram is very popular thanks to its stylish design, just like the bigger models. The push-bar grip and bumper bar have high-quality imitation leather handles. Your child will set trends with the sophisticated aluminium frame. The smart whitewall wheels give the doll's pram an impressive and elegant look.

Thanks to the swivelling front wheels, this stylish doll's pram is child's play to steer. You can adapt the hinged push handle to suit your child's individual needs. This is particularly important to ensure a comfortable and healthy pushing experience.

You can simply click the carrycot onto the nifty frame – just like the “grown-up” pushchairs from ABC Design. When Dolly gets a bit bigger, you can swap the carrycot for the stroller seat. The bumper bar on the doll's pram is easily removable. This makes it easy to lift Dolly out of the stroller.

The stroller seat and carrycot can be attached either facing the direction of travel, or with Dolly looking at Mummy or Daddy. Ideal for adventures: The large shopping basket provides enough storage space for Dolly's things or shopping. You can easily fold the doll's pram up to transport it.

Recommendation	from 3 years
Maximum doll size	up to 53 cm
Unfolded (L x W)	63 cm x 44 cm

The Tulip car seat offers optimum protection at all times.

The integrated seat cushion provides good support for your baby while you are out and about, and the slightly rounded base adds a gentle rocking motion. The Tulip car seat boasts a simple attachment mechanism for rapid conversion to a travel system, requiring only a few hand movements to be mounted on the ABC Design pushchair models, or it can be fitted securely into your vehicle using the Tulip Isofix Base.

The car seat Tulip is suitable for children from 0 to 15 months, 45 - 85 cm or weighing up to 13 kilograms. Its adjustable headrest can be easily adapted to the child's individual size. The removable cover is washable.

Isofix Base Tulip | black
Art.-No. 12001611000

The Isofix Base Tulip combined with the Tulip car seat achieves optimum protection through the use of Isofix fittings.

The base unit is fixed into the vehicle with the Isofix anchor points. The car seat is then simply attached onto this base unit. While the car seat can be flexibly removed, the base unit remains fastened in the vehicle.

ISOFIX: Isofix is a standardised fitting system which is safe and simple.

Please refer to the user manual of your vehicle to find out whether it is compatible with Isofix.

R129 (i-Size) is the new European standard for child car seats. The i-Size regulations are designed to provide children with additional protection and safety in the car. There is increased support for the child's head and neck and better protection in the event of both frontal and side-impact.

Dimension (L x W x H)	64 cm x 44 cm x 59 cm
Standard (combined with Tulip car seat)	R 129 (i-Size)

2in1 child's seat with long service life for children from 76 – 150 cm (15 months - 12 years)

Safety and stability: i-Size standard, 5-point harness system, Isofix and Top Tether attachment.

Outstanding comfort: soft seat cushions & integrated ventilation system for a pleasant ride

The 2in1 i-Size child's seat Aspen brings your child safely & comfortably to its destination and is characterized by its long service life.

You can adjust the car seat optimally to the needs of your child. In the beginning, you fasten your little one in with the 5-point safety belt. The child's seat is firmly connected to the car thanks to the Isofix connector system. In addition, the Top Tether attachment ensures even more safety.

- 7-way adjustable and comfortable headrest
- 4 sitting and resting positions
- side-collision protection

You can easily adjust the angle of the seat with one hand into a comfortable resting position. If your child is older, you can simply remove the seat minimizer and use the 3-point harness system from your car to strap your child. The clever belt guide system prevents the belt from slipping and twisting. You can perfectly adjust the headrest to your child's height thanks to 7 different height positions. The soft, breathable seat cushions and the integrated ventilation system ensure a pleasant sitting feeling even on the hottest days. In case of a side crash, the side-collision protection distributes the resulting forces evenly and thus reduces them. The head, upper body and pelvis are therefore even more protected.

- integrated ventilation system
- removable seat minimizer

Dimension (L x W x H)	52 cm x 44 cm x 82 cm
Weight	12,8 kg

R129 (i-Size) is the new European standard for child car seats. The i-Size regulations are designed to provide children with additional protection and safety in the car. There is increased support for the child's head and neck and better protection in the event of both frontal and side-impact.

Universal child's seat group 2/3 with long service life - for children from 15 - 36 kg (approx. 3 - 12 years), ideal for cars with and without Isofix

Growing system: the seat can be individually adjusted in height and width

Your new ABC Design child's seat Mallow adapts to the needs of your child and is super comfortable. Ideal for cars with or without Isofix: you attach the car seat with the 3-point harness system in your car. The additional Isofix-system provides even more safety and stability. The 4-way adjustable backrest with headrest can be easily adjusted in height and width to the size of your child. Like this the child's seat Mallow grows with your kid for a long time.

The clever belt guide system prevents the belt from slipping and twisting. Like that the belt is always in the right position. Thanks to the extra-soft cushioning and the comfortable armrest of the seat, your child enjoys high comfort even on longer journeys. In case of a side crash, the side-collision protection distributes the resulting forces evenly. This provides even more protection for the head, the upper body and the pelvis. You can attach the child seat in two ways: either with the 3-point harness system of your car or additionally with the Isofix system.

- height-adjustable backrest
- side-collision protection
- integrated energy absorbent
- leaning-adjustable backrest

Dimension (L x W x H) 45 cm x 55 cm x 80 cm

Weight 7,2 kg
