

**Choose AceDoors DuraDoor
for a high security, top quality
metal door, suitable for many
applications.**

**Manufactured in New Zealand
with an injected polyurethane
foam core sheathed in powder
coated stucco aluminium sheet.**

Features and Components

- Designed to be installed into pre-cast concrete, timber, block work, insulated panel or long run roofing walls
- Security Feature: Lock tongue is protected by leaf frame overlapping the door facing
- Eliminates all swelling, sticking and painting problems associated with timber doors
- Powder coated aluminium finish, to colour match building appearance. No on site painting needed
- Pre-hung in one piece frame with your choice of hardware fitted
- Energy saving polyurethane foam core is used to deliver exceptional insulation values
- Full perimeter gasket seals to decrease energy costs and reduce air infiltration
- Lightweight, high performance construction
- Can be supplied as single or double leaf doors
- Able to be used in high wash down areas, warp & rot free
- Competitively priced against timber doors

Applications

- Fire escapes
- Storage rooms
- Plant rooms
- Communications rooms
- Sprinkler valve rooms
- Service Stations
- Retail shops
- Heavy traffic doors
