

# HP Scanjet N6310 Document Flatbed Scanner

Manage all your office scanning – single or double-sided documents, bound reports, business cards, photos and even slides and negatives – from one versatile machine. Boost productivity with document enhancement and programmable shortcuts.

**The HP Scanjet N6310 Document Flatbed Scanner is designed for busy office users who need to be able to capture and manage large numbers of documents – often different sizes – while also having the flexibility to scan photos, slides and negatives.**

**Capture everything from single receipts to stacks of papers with this ultra-versatile scanner.**

Put an advanced document capture device at the heart of your business and get versatile image scanning and more from the same reliable machine. Scan stacks of documents using the automatic document feeder and use the landscape flatbed to capture bound, stapled or irregular materials – you can even convert business cards into a digital database. Get high-quality photo scans with 2400 dpi, 48-bit colour and digitise 35 mm slides and negatives using the built-in transparent media adapter.

**Streamline your scanning processes with easy shortcuts and automatic image enhancement features.**

Get more done, more easily, with an intuitive task-based user interface. Set shortcuts to common tasks such as scan-to-PDF or scan document to Microsoft Word, then access them at the touch of a button in future. Use HP scanning technology to automatically deskew, crop and rotate digitised files, and choose colour drop-out to improve OCR accuracy. Save scans in a choice of formats including PDF, TIFF and JPEG, and send them directly to a folder, application or email.

**Scan multipage documents quickly and reliably with the duplex automatic document feeder.**

Boost office productivity with easy unattended document capture. Load up to 50-sheets into the automatic document feeder and leave them to scan at speeds of up to 15 pages per minute, or 6 images per minute for double-sided documents. Preview, edit and adjust scans using HP Scanning Software. Manage, organise and share images with ScanSoft® PaperPort® or Presto! PageManager®<sup>1</sup>. Integrate with existing document management systems using included ISIS®, TWAIN and WIA drivers.

<sup>1</sup> ScanSoft® PaperPort® is compatible with Windows 2000, XP and Vista  
Presto! PageManager® is compatible with Macintosh OS v10.4.11 and higher.
