Important Message

In the event that protestors interrupt the meetings, please ignore them. Their goal is to attract attention and any attention you give them will only help their cause. Convention staff have a plan in place to handle these situations, and they depend on our cooperation. If members of the media approach you for an interview about the disturbance, please politely decline and direct them to the convention's media room, where spokespersons will be available.

Thank you for your cooperation.

Welcome to JAM 2015!

On behalf of the American Dairy Science Association® and the American Society of Animal Science, we welcome you to JAM 2015 at the Rosen Shingle Creek Resort in Orlando. This year's meeting begins on Sunday, July 12, and runs through Thursday, July 16. The 2015 Interbull Annual Meeting will take place July 9 through 12 at the Rosen Shingle Creek Resort. Many opportunities exist for networking and socializing with old and new friends. Join us on Sunday night for the opening session and keynote address by Michele Payn-Knoper, author of *No More Food Fights!* Payn-Knoper is a passionate advocate for the global

agri-food system and is principal of Cause Matters Corp., a company designed to "build connections around the food plate." The opening session will be followed by a reception for all attendees. In addition to the Interbull meeting, other pre-meeting events include the Triennial Reproduction Symposium sponsored by Bayer Animal Health and the Jim Lauderdale Appreciation Club; a teaching workshop: "Changing the animal science teaching and learning paradigm—An interactive workshop on how to use case study teaching to foster critical thinking and classroom discussion"; the National ASAS Academic Quadrathlon; and the Late-Breaking Original Research session.

More than 2,500 abstracts and 41 symposia are scheduled that cross species, disciplines, and societal topics of importance in food production and companion animals. On Sunday, we are holding two Breeding and Genetics symposia that are joint sessions with Interbull: "Milk spectral data—Cost-effective information to improve expensive and limited traits in dairy cattle breeding" (morning) and "Use of genomics to improve limited and novel phenotypes in animal breeding" (afternoon). All JAM attendees are welcome to attend those symposia at no additional cost. The Bioethics symposium on Monday will address the effects of science, government, and the public in directing the future of animal agriculture. The ADSA Foundation symposium addresses the present and future demand for employees with a PhD, and the Teaching/Undergraduate and Graduate Education Symposium is "Teaching graduate students to teach and be successful at teaching." The Forages and Pastures symposium tackles climate change, the EAAP Genetics symposium focuses on breeding for environmental sustainability, and the ADSA Southern Section symposium addresses ways to maximize forage quality in the southeastern United States. The Cell Biology symposium will cover regulation of growth through amino acid sensing. Several symposia will address topics in basic and applied nutrition for ruminants and nonruminants. Two companion animal symposia will discuss bioenergetics of pet food and comparative nutrition. The Beef Cattle Nutrition symposium will focus in feeding Holstein steers, and the Beef Species symposium addresses consumer demand for beef. The ADSA Multidisciplinary and International Leadership Keynote (MILK) Symposium is titled "Global dairy perspective—Production, processing, people, politics, and priorities" and various other dairy food symposia discuss dairy ingredient innovations. Organizers will again conduct the Mixed Models workshop on Wednesday and Thursday.

JAM attendees are encouraged to take full advantage of these great opportunities to share ideas across species and societies, visit with each other in person, and make new acquaintances.

ASAS is sponsoring or working with sponsors to host two very special events at the 2015 JAM. On Tuesday, join us as we work together to reduce hunger. Participants will pack 100,000 balanced meals for distribution by Hunger Fights to a food desert in northern Florida. Ensuring a safe and adequate food supply is a cause dear to ASAS and we are proud to partner with a number of sponsors and Hunger Fights to make this program a reality. On Wednesday, join ASAS as we combine our love of science and love of animals to enjoy a night at SeaWorld.

We are grateful to the many people involved in making this meeting a success, starting with our sponsors. Their support is essential to the quality program that makes JAM unlike any other meeting. A list of sponsors of this year's meeting is available in this program book. Please take time to thank them during the meeting. The program committee has worked long and hard to organize an excellent program. Our thanks to the overall program committee of Geoff Dahl (chair), Mark McGuire, Connie Larson, Shawn Archibeque, and Filippo Miglior for their efforts in bringing forth this outstanding scientific program. We also thank the many others who contributed to this huge undertaking, including the staffs of FASS, ADSA, and ASAS.

Finally, thank you, the attendees, for participating in JAM 2015 and making it a grand success!

General Meeting Information

Location

The meeting will be held at the Rosen Shingle Creek Resort in Orlando, Florida. All meeting space, exhibits, and most official JAM social events are conveniently located under one roof. All of the attractions that Orlando offers are within a few minutes of the Rosen Shingle Creek Resort.

Schedule of Events

The 2015 ADSA-ASAS JAM will be held July 12–16 (Sunday through Thursday). The opening session will be held on Sunday evening, July 12; scientific sessions will begin Monday morning, July 13, and run through noon on Thursday, July 16. Several pre-conference events are scheduled for Sunday, including the Triennial Reproduction Symposium and Teaching Workshop; please check the scientific program starting on page 41.

Opening Session

This year's opening session, on Sunday evening, will feature a presentation by Michele Payn-Knoper, author of *No More Food Fights!* Michele is principal of Cause Matters Corp. and a passionate advocate for the global agrifood system. Michele has worked with farmers in more than 25 countries and raised over \$5 million in sponsorships for the National FFA Foundation. She founded the weekly Twitter conversation AgChat, which has involved more than 15,000 participants since April 2009. Payn-Knoper resides with her daughter on a small farm in central Indiana, where they enjoy Registered Holsteins, MSU Spartans, and cooking. After the opening session, please join us for food, drinks, and camaraderie at the reception.

Speaker Ready Room

The Speaker Ready Room is located in Gatlin A-2 of the Rosen Shingle Creek Convention Center. This room will be available for speakers from 7:00 am to 5:00 pm on each day of the meeting.

Media Room

A media room (Suwannee 21) will be available throughout the meeting to provide a space for media representatives to work. Meeting press releases will be available there. Complimentary registration is available for members of the media. For more information, please contact adsa@adsa.org.

Media Check-In

Please check in at the Registration Desk in the Gatlin Foyer of the Rosen Shingle Creek Convention Center.

JAM Hospitality Lounge

The JAM hospitality lounge will be located in Suwannee 18 in the Convention Center. This lounge will offer attendees an area to relax, network, and catch up with friends.

ASAS Hospitality Suite

The ASAS hospitality suite will be located in Suwannee 20 in the Convention Center. Join your colleagues in the ASAS hospitality suite to relax and catch up. While you are there, take advantage of the mobile charging station and the ASAS Foundation Coffee Club. Registration for the Coffee Club is open year round. Sign up now at <https://www.asas.org/membership-services/foundation/call-for-donations/coffee-club>.

Business Center

The business center is located on the lower level of the Rosen Shingle Creek Convention Center, near the JAM Registration Desk. Use of the business center is at your own expense.

Presentation Information

Oral and Invited Speakers: Onsite Upload Information

Oral sessions will begin at 9:30 am on Monday and Tuesday, 10:30 am on Wednesday, and 8:30 am on Thursday.

Onsite Upload Information

Onsite upload: Onsite presentation upload will be available; files can be delivered to the Preload Room (Gatlin A-1) at the convention center (Saturday: 3:00 to 5:00 pm; Sunday to Wednesday: 7:00 am to 5:00 pm; Thursday: 7:00 am to noon). **Presentations must be uploaded by 5:00 pm on the day before your scheduled presentation. Files will not be accepted via e-mail. No presentations will be loaded while the session is in progress or between presentations.**

Poster Presentations

We have dedicated a two-hour block each morning to poster presentations. The “open poster” sessions will be from 7:30 to 9:30 am Monday, Tuesday, and Wednesday in the Gatlin Ballroom. Coffee and pastries will be served in the hall from 8:00 to 9:00 am on all three days.

Each poster will be available for public viewing for the entire day, with the presenting authors in attendance during the open posters time (7:30–9:30 am). All posters must be mounted on the board 30 minutes before the beginning of the day’s session (**poster sessions begin at 7:30 am so posters must be mounted on boards by 7:00 am**) and must list the abstract number and corresponding day. The exhibit hall will open at 6:30 am on Monday through Wednesday. **Posters must be removed after 5:00 pm each day.** Any posters remaining after 5:30 pm each day will be removed by the convention center staff and discarded.

Each poster board area is **48 inches high and 96 inches wide**. Use of this space is determined by the presenter, with the following exceptions: the top of the poster space must include the abstract number with corresponding letter of the day it is being presented, title, authors, and affiliations. The lettering for this section should be at least 1 inch high.

Locating the Correct Poster Board

Each poster board number corresponds to the abstract number as noted in the program. For Monday posters an “M”; Tuesday posters a “T”; and for Wednesday posters a “W” precedes the board number.

Poster in my Pocket: JAM Poster App

New this year is the JAM poster app, *Poster in my Pocket*. JAM attendees can download the app, scan the QR code on participating posters, and within seconds have a crisp, clear replica of the poster on their mobile device. Posters can be favorited, forwarded to colleagues, and saved for offline reading until 60 days after the meeting ends. The app also allows attendees to connect with poster presenters via e-mail.

Camera, Video Camera, and Cell Phone Policy

Use of cameras, video cameras, and phones (for calls or audio/video recording) is prohibited during oral and poster presentations to minimize disruption and unauthorized dissemination of data. Anyone found in violation of this policy will be asked to leave the session. Smartphones or tablets may be used in the poster area to access the JAM poster app via QR code.

ARPAS Continuing Education Units

The 2015 Joint Annual Meeting has been approved for up to 21 continuing education units (CEUs) for the American Registry of Professional Animal Scientists (ARPAS) certification requirements. Check the schedule of events for times and location of the ARPAS exams.

Continuing Education Credits for Veterinarians (RACE credits)

Many of the symposia at the 2015 Joint Annual Meeting will be approved for RACE credits. We are in the process of having specific symposia approved. Symposia approved for RACE credits will be posted online at <http://www.jtmtg.org/2015>. Information regarding RACE can be found at www.aavsb.org.

Job Resource Center and Interview Room

The ADSA-ASAS Job Resource Center is located in the exhibit hall. Job announcements and CVs will be organized into the following categories for posting: Animal Behavior and Well-Being; Animal Health; Animal Breeding; Companion Animals; Extension; Food Safety; Food Science; Forages and Pastures; Genetics; Growth and Development; International Animal Agriculture; Lactation; Meat Science and Muscle Biology; Nonruminant Nutrition; Pharmacology and Toxicology; Physiology and Endocrinology; Production and Management; Ruminant Nutrition; and Teaching. An interview room (Gatlin A-4) is available for company representatives to interview candidates during JAM. Reservations are required, so please visit <http://www.jtmtg.org/2015/interviews.asp> for more information and to book a time.

Free Wi-Fi and Cyber Café

Free Wi-Fi is available in all meeting areas and the exhibit hall. Located in the exhibit hall, the cyber café is available to all meeting attendees. The cyber café will also have a computer with a printer for limited printing during the meeting.

Mobile MyProgram—An Easier Way to Plan Your Schedule

The MyProgram planner is now mobile! Mobile MyProgram provides JAM attendees with convenient access to the conference schedule via most mobile devices. With Mobile MyProgram, the JAM program is more convenient than ever. Mobile MyProgram includes a personal scheduler for symposia, sessions, and events you wish to attend, and you can access and share abstracts for all presentations, read invited speaker bios, find exhibitors, and more, making it easier than ever to plan your meeting while on the go. Visit m.JtMtg.org today!

Transportation in Orlando

Orlando International Airport serves more than 35 scheduled airlines, providing nonstop service from more than 100 US domestic and international cities. Once in Orlando, you can choose from a large selection of rental vehicles, taxis, limousines, and public transportation. Travel by car is also convenient, with a number of major highways flowing into Central Florida and throughout the rest of the state. JAM attendees who choose to drive to the meeting will enjoy free overnight self-parking; a discounted parking rate of \$5/day is available for JAM attendees not staying at the Rosen Shingle Creek. Attendees traveling around International Drive can board the I-Ride Trolley, a hop-on, hop-off service route exclusive to the International Drive Resort area. Orlando's public transportation system, LYNX, is a great way to get around town.

The Rosen Shingle Creek Resort is approximately 11 miles from Orlando International Airport (MCO). The one-way taxi fare from the airport to the resort is approximately \$45.00. Start networking by sharing a cab with other JAM attendees to save expense; just print out this sign: http://www.jtmtg.org/2015/2015_JAM_Taxi_Sharing.pdf and display it near the taxi stand at the airport. There are also many shuttle services available to choose from; SuperShuttle is one of the most popular (<http://www.supershuttle.com>).

Orlando Sightseeing Options

With 7 of the world's top 20 theme parks in 1 destination, not to mention nearly 100 other attractions, Orlando certainly knows how to entertain. If rollercoasters aren't your thing, consider 18 holes of golf on one of Orlando's 176 courses. Orlando was recently named the North American Golf Destination of the Year by the International Association of Golf Tour Operators. Play 18 holes on courses designed by golf legends, including Palmer, Watson, Nicklaus, and Norman. Orlando is also a true culinary hot-spot with award-winning restaurants and celebrity chefs catering to visitors from across the globe. An extensive list of fine-dining establishments, casual cafés, and chic wine bars meets just about any taste or budget. Visit the CVB (<http://www.visitorlando.com>) for many more ideas on what to do for fun in Orlando!

Check the Orlando area map on page 21 for attractions close to the Rosen Shingle Creek Resort.

Special Events

Coffee and pastries will be served in the exhibit hall on Monday, Tuesday, and Wednesday from 8:00 to 9:00 am. Please make time to talk with our exhibitors while you are enjoying complimentary coffee and pastries!

ASAS Undergraduate Academic Quadrathlon Sunday and Monday Times and Locations Below

ASAS is excited to offer our four undergraduate regional championship teams the chance to compete for the National Academic Quadrathlon (AQ) title. The AQ has been an integral part of ASAS history and we are excited to use it as a platform to integrate more undergraduate involvement at our meetings. The competition will be hosted at the University of Florida.

Sunday, July 12: Practicum and written exam (University of Florida)

Monday, July 13: Oral reports and quiz bowl, including finals (University of Florida). Video presentations by each team to take place during ASAS Awards Program in the evening (at the Rosen Shingle Creek).

ASAS Hospitality Suite Sunday 12:00 – 5:00 pm Monday – Wednesday, 8:00 am – 5:00 pm Suwannee 20

Join your colleagues in the ASAS Hospitality Suite to relax and catch up. While you are there, take advantage of the mobile charging station and the ASAS Foundation Coffee Club. Registration for the Coffee Club is open year round. Sign up now at <https://www.asas.org/membership-services/foundation/call-for-donations/coffee-club>.

ADSA Undergraduate and Graduate Student Event: Animal Rescue and Rehabilitation Laboratory, SeaWorld Orlando Saturday, July 11 11:30 am – 5:00 pm Meet in Transportation Lobby

Departing from the transportation lobby of the Rosen Shingle Creek, we will be shuttled by motor coach to nearby SeaWorld Orlando. Students will participate in a one-hour course taught by a SeaWorld instructor. The course will give an insider's look at SeaWorld's efforts to help preserve and protect endangered and threatened species through its rescue, rehabilitation, and release program. The remainder of the afternoon is free for you to explore the many shows, rides, and exhibitions offered at SeaWorld. This event is offered to both undergraduate and graduate students.

ADSA Undergraduate Student Mixer: Pizza and Pool Party Saturday, July 11 7:00 pm Lap Pool, Rosen Shingle Creek Resort

Gather with friends old and new for a fun night filled with good music, good food, and good friends, all poolside on a balmy Florida night—it doesn't get any better than this! Ticket price includes soft drinks and pizza. Don't miss this perennial meeting highlight!

ADSA SAD Student Midday Mixer Sunday, July 12 12:00 – 1:00 pm Butler

Join your fellow dairy clubs for a fun hour of getting reacquainted and making new friends, and get to know your 2015–2016 Student

Affiliate Division (SAD) Officer candidates. Ticket price includes lunch. Note: Registration is limited to ADSA undergraduate student members and advisors.

ADSA Graduate Student Division Workshop: Making Science Sexy: Communicating Your Relevance Sunday, July 12 2:00 – 4:00 pm Conway

Join us for an exciting interactive workshop with the 2015 JAM keynote speaker, Michele Payn-Knoper. One of the greatest challenges the scientific community faces currently is how to demonstrate the importance of their research to gain the trust of the general public. Attend to learn how to "sell" science and influence the non-science world. A \$10 registration fee is required, and space is limited, so sign up early! Attendees will receive a copy of Michele Payn-Knoper's book titled "No More Food Fights!"

ADSA Graduate Student Division Business Meeting and Open Forum Sunday, July 12 4:30 – 5:15 pm Wekiwa 5

In addition to meeting the incoming GSD officer team, be sure to attend this meeting to voice your ideas and opinions about ADSA GSD activities. Join us for a new, more interactive style of business meeting and great conversations with your fellow dairy science graduate students.

ADSA SAD Student Dairy Quiz Bowl Final Round Sunday, July 12 5:30 – 6:00 pm St. John's 22/23

University teams from across North America will compete in the ADSA-SAD Dairy Quiz Bowl. The event gives schools an opportunity to demonstrate their knowledge about dairy production, processing, and ADSA history. The Student Affiliate Division (SAD) invites you to join them for the excitement of the final round of competition as the top two schools go head to head for the title of 2015 Dairy Quiz Bowl Winning Team.

Opening Session and Reception Sunday, July 12 7:00 – 8:00 pm; 8:00 – 10:00 pm Panzacola G/H (opening session) and Gatlin Foyer (reception)

Come help us kick off the 2015 Joint Annual Meeting at the opening session. Then, wind down the evening by joining us after the opening session for food and drinks and some long-awaited socializing time with colleagues and friends.

ADSA Undergraduate Student Poster and Oral Competitions Monday, July 13 Gatlin Ballroom (posters) and meeting rooms (orals)

Please support our undergraduate students by planning time to visit the undergraduate posters and oral presentations on Monday. See scientific program for complete details.

Graduate Student Professional Development Lunch: Your résumé may get you in the door but your APCs will separate you!
Monday, July 13
12:30 – 2:00 pm
Sandlake

All graduate students are invited to listen to Mike Moseley, a Dale Carnegie Instructor for 25 years, speak about career development. Students will learn how their Attitude, Aptitude, Passion, Persistence, and Communication skills will separate them beyond their résumés. A \$10 registration fee is required and a box lunch is included.

ASAS Undergraduate Lunch and Learn
Monday, July 13
12:30 – 2:00 pm
Suwannee 16

This interactive discussion will focus on preparing for a future in animal science with specific emphasis on navigating career choices in a challenging economic and societal environment.

ASAS President's Picks Posters
Monday, July 13
6:00 – 9:00 pm
Sebastian J Foyer

We will display 10 to 20 posters beginning 30 minutes before the ASAS awards. The posters will represent science that the current ASAS president finds innovative! Take a moment to walk through the posters and see what Dr. Aaron thinks is new and exciting at JAM this year.

ADSA Undergraduate Student Mixer: Downtown Disney and House of Blues
Monday, July 13
6:30 – 11:00 pm
Meet in Transportation Lobby

Choose from the wide array of world-class restaurants, dazzling entertainment and unique shops that line the waterfront in the Downtown Disney area. Shop in the world's largest Disney store, dine amid life-size prehistoric creatures, bowl a game at the 30-lane alley and more. This fun-filled district includes Downtown Disney West Side, Downtown Disney Marketplace and Pleasure Island. At 8:30 pm, students can keep the Disney Magic going by meeting at the legendary House of Blues. Shuttle service will be provided between the Rosen Shingle Creek and Downtown Disney.

ASAS Awards Program
Monday, July 13
7:15 – 8:45 pm
Sebastian J

All meeting participants, families, and friends are welcome to attend the ASAS Awards Program. Please join us at this special event to recognize and congratulate the 2015 ASAS National Award Winners. The 2015 Awards Celebration follows immediately after the awards ceremony. ASAS Academic Quadrathlon finals will take place at the University of Florida on Monday morning. There will be a special video presentation by each AQ team about their school and themselves during the Awards Program.

ASAS Awards Celebration, Big Scoop Ice Cream Competition, and Battle of the Brats Competition
Monday, July 13
8:45 – 10:30 pm
Sebastian J Foyer

Come and join ASAS after our awards ceremony to celebrate and congratulate all of the 2015 ASAS National Award winners. ASAS and sponsors welcome you to this exciting reception. We will have food, cash bars, and designated areas where you can meet with award winners and colleagues. New this year is the Battle of the Brats

Competition. Back by popular demand, the Big Scoop Competition will be held during the awards celebration with the winner being presented a trophy at the business meeting on Wednesday morning.

ASAS Graduate Student Mixer: Splitsville at Downtown Disney
Monday, July 13
9:30 pm
Meet in Transportation Lobby

Join your fellow graduate students from ASAS at a mixer for all to enjoy at Splitsville at Downtown Disney. This event will provide an opportunity to catch up with old friends and make new ones. Don't miss it! Preregistration is highly recommended.

ASAS Undergraduate Poster Contest
Tuesday, July 14
7:30 – 9:30 am
Gatlin Ballroom

Join us for the 2015 national undergraduate research poster competition. Please come out to support our undergraduate presenters.

ADSA SAD Student Career Symposium
Tuesday, July 14
9:30 – 11:00 am
Sandlake

This highly interactive event will give students the opportunity to meet with industry professionals representing various facets of the animal agriculture industry. They will learn about careers in the industry, get useful tips on planning for their careers, and much more. Students are encouraged to dress professionally (business casual or better) and bring several copies of their resumes. Students should also plan time to visit industry reps in the exhibit hall for information about internships and job opportunities.

Companion Event 1: Winter Park Cultural Tour
Tuesday, July 14
10:00 am – 2:00 pm
Meet in Transportation Lobby

Downtown Winter Park's charm is magnified in its details: hidden gardens and side streets that are home to unique stores, a farmer's market that attracts both locals and visitors alike each Saturday morning, and festive parades that make the seasons. The Scenic Boat Tour cruises through three of the city's lakes and border the area's most prestigious homes. The relaxing, narrated, one-hour, 12-mile cruise through the lakes and canals is really the only way to see the true beauty of Winter Park. Lunch is included at Chez Vincent, which is located in the recently renovated artsy Hannibal Square of Winter Park and it's one of "the" places to dine in the Winter Park and Orlando areas. Preregistration for this event is required. Register early—capacity is limited!

ADSA SAD Student Awards Luncheon
Tuesday, July 14
11:45 am – 2:00 pm
Butler

Plan to attend this year's SAD awards luncheon. The afternoon will be capped with presentation of student awards and announcement of new SAD officers. Both students and professionals are encouraged to attend. This is a wonderful chance to get to know the next generation of the dairy industry.

ASAS Graduate Student Lunch and Learn
Tuesday, July 14
12:30 – 2:00 pm
Sandlake

This interactive discussion will focus on future career options and opportunities after graduation.

ASAS Foundation Heritage Luncheon

Tuesday, July 14
12:30 – 2:00 pm
Conway

Each year, the Foundation Heritage Lunch honors notable animal scientists for their achievements. Please join us at this Foundation fundraiser to honor pioneers of animal science.

ASAS JAS Editorial and Open Forum Luncheon

Tuesday, July 14
12:30 – 2:00 pm
St. John's 26/27

Section editors are invited to the *Journal of Animal Science* Open Forum Luncheon to discuss the current status of the journal and future development opportunities.

ADSA Student Three-Minute Thesis Challenge

Tuesday, July 14
3:00 – 4:30 pm
Wekiwa 5

Plan to take part in the new "Three-Minute Thesis" competition open to all ADSA student members! This event will test the competitors' abilities to concisely convey their research in a way that is understandable to all. Entry will be limited to those students selected by a panel of judges based upon strength of CV and a 100-word abstract describing the presentation. Five graduate students and five undergraduate students will be invited to participate in this inaugural event and will compete for cash prizes to be awarded to the first- and second-place graduate and undergraduate students, as determined by a panel of judges. Please join us to make this event a success and to see these students present their research in a fun and challenging way.

Hunger Fight Food Packing Event, sponsored by ASAS and AMSA

Tuesday, July 14
4:30 – 7:00 pm
Panzacola G-2

Animal scientists work toward feeding the future every day—here is a chance to give back even more. ASAS has partnered with Hunger Fight in 2015! Attendees are invited to help pack nutritional meals for the Florida-based Hunger Fight organization as well as make a monetary donation to help pay for the meal packages. These nutritional meals are distributed to individuals and families in Florida. With the help of great partners, Hunger Fight is able to supply four meals for a dollar. We need approximately 350 people to pack 100,000 meals. Come be part of the solution as we work to combat world hunger. Learn more about this event, sign up, or make a monetary donation at <https://www.asas.org/meetings/hungerfightevent>.

ADSA Awards Program

Tuesday, July 14
7:00 – 8:00 pm
Sebastian J

All meeting participants, families, and friends are welcome to attend the 2015 ADSA awards program. Please join us at this special event to recognize and congratulate the 2015 award winners.

JAM Ice Cream Social, sponsored by ADSA

Tuesday, July 14
8:15 – 9:30 pm
Gatlin Foyer

All meeting participants, families, friends, and award donors are invited to join us for the always-popular ice cream social.

ADSA Graduate Student Division Mixer

Tuesday, July 14
9:00 pm – 12:00 am
Howl at the Moon, 8815 International Drive, Orlando

Enjoy a fun and entertaining night with your fellow ADSA graduate students. Howl at the Moon features dueling pianos playing the most popular hits from today and the past. Free drink ticket AND free admission for the first 100 at the door! After the first 100, there is a \$5 admission fee. Howl at the Moon is located just a short cab ride away from the conference location and close to other restaurants and venues. Join your colleagues from around the world for a fun-filled night of entertainment!

Companion Event 2: Kennedy Space Center and Lunch with an Astronaut

Wednesday, July 15
8:30 am – 2:00 pm
Meet in Transportation Lobby

Worlds apart from Orlando's theme parks, but just a short drive away, Kennedy Space Center is NASA's launch headquarters. Each year, millions of visitors make the trek to this hub of technology and discovery where many of mankind's greatest accomplishments take place. Tour NASA's launch and landing facilities, experience live shows and jaw-dropping encounters with massive rockets as well as have the opportunity to meet a real member of NASA's Astronaut Corps. View 10-story-high rockets from all eras of space exploration in the Rocket Garden, walk through a full-size Space Shuttle mock-up, enjoy IMAX Theater space films on gigantic five-story screens and see an actual Gemini program capsule on display. Shopping and food concessions are also available here for your enjoyment. Guests will take a break from self-exploring the facility and have a one-of-a-kind experience for lunch. While guests enjoy their meal, they will be introduced to a real astronaut who will give a presentation and participate in a question and answer session. Guests will also have the opportunity to take pictures with the astronaut. Preregistration for this event is required. Register early—capacity is limited!

Central Life Sciences
1501 E Woodfield Rd
Suite 200 West
Schaumburg, IL 60173-6052
<http://www.centralflycontrol.com>
Booth(s): 415

ClariFly Larvicide is a feed supplement that prevents adult house flies, stable flies, face flies, and horn flies from developing in and emerging from the manure of treated cattle. Unlike conventional insecticides that attack the nervous system of insects, ClariFly works by interrupting the fly's life cycle, rather than through direct toxicity. When mixed into cattle feed, ClariFly passes through the digestive system and into the manure. With only very small concentrations, ClariFly is able to disrupt the normal molting process of the fly larvae. ClariFly even controls organophosphate and pyrethroid resistant flies.

SoyBest
PO Box 157
West Point, NE 68788-0157
<http://www.soybest.com>
Booth(s): 403, 502

SoyBest High Bypass Soybean Meal with Gums is bypass protein for dairy cows. Manufactured by the mechanical process, it contains no chemical solvents and is all-natural. Soy Best includes fresh soy gums with lecithin and phosphatidyl-choline. Research shows these nutrients behave like rumen-protected fat, resulting in even more bypass protein with excellent intestinal digestibility. Now nutritionists and dairy producers can choose between two Soy Best formulations: Original Soy Best with fresh soy gums and now Soy Best PEARL—the only high-bypass soybean meal available with rumen-protected lysine fortification.

UMG Trading LLC

Druzhkovka, Donetsk Region 84205, Ukraine
<http://www.umgukraine.com>
Booth(s): 525

UMG Holding was established in 2006 by SCM Company (System Capital Management), the largest industrial-financial group in

Ukraine. There are 3 clay mining companies in the holding: VESCO, Druzhkovskoe Rudoupravleniye, and Ogneupornerud. Today, UMG is one of the largest clay mining companies in the world according to production volume—3 million tonnes per year and total balance of about 300 million tonnes. Eleven open mines extract more than 100 types of clay. UMG is a young company still in development. In addition to confirmed plans to optimize production activity and development of existing deposits, the company is looking for new segments and considering the possibility of organizing production and trading of other types of raw materials. One such new activities is production of the feed additive EcoMix, which is used in farming.

ANNUAL REVIEWS ✨ SPARK A CONNECTION

Annual Review of Animal Biosciences

animal.annualreviews.org • Volume 3 • February 2015

Co-Editors: **Harris A. Lewin**, *University of California, Davis* and **R. Michael Roberts**, *University of Missouri*

The *Annual Review of Animal Biosciences*, in publication since 2013, places a particular emphasis on biotechnology, genetics, genomics, and breeding, as well as veterinary medicine, especially veterinary pathobiology, infectious diseases and vaccine development, and conservation and zoo biology. This journal is intended for scientists focused on domesticated and wild animal species, veterinarians, conservation biologists, and geneticists.

Access this and all Annual Reviews journals via your institution at www.annualreviews.org.

ADSA-Student Affiliate Division Program

SAD Special Events

Saturday, July 11

ADSA Undergraduate and Graduate Student Event: Animal Rescue and Rehabilitation Laboratory, SeaWorld Orlando

11:30 am – 5:00 pm

Meet in Transportation Lobby

Departing from the lobby of the hotel, we will be shuttled by motor coach to nearby SeaWorld Orlando. Students will participate in a one-hour course taught by a SeaWorld instructor. The course will give an insider's look at SeaWorld's efforts to help preserve and protect endangered and threatened species through its rescue, rehabilitation, and release program. The remainder of the afternoon is free for you to explore the many shows, rides, and exhibitions offered at SeaWorld. This event is offered to both undergraduate and graduate students.

ADSA Undergraduate Student Mixer: Pizza and Pool Party

7:00 pm

Lap Pool, Rosen Shingle Creek Resort

Gather with friends old and new for a fun night filled with good music, good food, and good friends, all poolside on a balmy Florida night—it doesn't get any better than this! Ticket price includes soft drinks and pizza. Don't miss this perennial meeting highlight!

Sunday, July 12

ADSA SAD Student Midday Mixer

12:00 – 1:00 pm

Butler

Join your fellow dairy clubs for a fun hour of getting reacquainted and making new friends, and get to know your 2015–2016 Student Affiliate Division (SAD) Officer candidates. Ticket price includes lunch. Note: Registration is limited to ADSA undergraduate student members and advisors.

ADSA SAD Student Dairy Quiz Bowl Final Round

5:30 – 6:00 pm

St. John's 22/23

University teams from across North America will compete in the ADSA-SAD Dairy Quiz Bowl. The event gives schools an opportunity to demonstrate their knowledge about dairy production, processing, and ADSA history. The SAD invites you to join them for the excitement of the final round of competition as the top two schools go head to head for the title of 2015 Dairy Quiz Bowl Winning Team.

Opening Session and Reception

7:00 – 8:00 pm; 8:00 – 10:00 pm

Panzacola G/H and Gatlin Foyer

Come help us kick off the 2015 Joint Annual Meeting at the opening session. Then, wind down the evening by joining us after the opening session for food and drinks, and some long-awaited socializing time with colleagues and friends.

Monday, July 13

ADSA Undergraduate Student Poster and Oral Competitions Gatlin Ballroom (posters) and meeting rooms (orals)

Please support our undergraduate students by planning time to visit the undergraduate posters and oral presentations on Monday. See scientific program for complete details.

ADSA Undergraduate Student Mixer

6:30 – 11:00 pm

Downtown Disney and House of Blues

Meet in Transportation Lobby

Choose from the wide array of world-class restaurants, dazzling entertainment and unique shops that line the waterfront in the Downtown Disney area. Shop in the world's largest Disney store, dine amid life-size prehistoric creatures, bowl a game at the 30-lane alley and more. This fun-filled district includes Downtown Disney West Side, Downtown Disney Marketplace and Pleasure Island. At 8:30 pm, students can keep the Disney Magic going by meeting at the legendary House of Blues. Shuttle service will be provided between the Rosen Shingle Creek and Downtown Disney.

Tuesday, July 14

ADSA SAD Student Career Symposium

9:30 – 11:00 am

Sandlake

This highly interactive event will give students the opportunity to meet with industry professionals representing various facets of the animal agriculture industry. They will learn about careers in the industry, get useful tips on planning for their careers, and much more. Students are encouraged to dress professionally (business casual or better) and bring several copies of their résumés. Students should also plan time to visit industry representatives in the exhibit hall for information about internships and job opportunities.

ADSA SAD Student Awards Luncheon

11:45 am – 2:00 pm

Butler

Plan to attend this year's SAD awards luncheon. The afternoon will be capped with presentation of student awards and announcement of new SAD officers. Both students and professionals are encouraged to attend. This is a wonderful chance to get to know the next generation of the dairy industry.

ADSA Student Three-Minute Thesis Challenge

3:00 – 4:30 pm

Wekiwa 5

Plan to take part in the new "Three-Minute Thesis" competition open to all ADSA student members! This event will test the competitors' abilities to concisely convey their research in a way that is understandable to all. Entry will be limited to those students selected by a panel of judges based upon strength of CV and a 100-word abstract describing the presentation. Five graduate students and five undergraduate students will be invited to participate in this inaugural event and will compete for cash prizes to be awarded to the first- and second-place graduate and undergraduate students, as determined by a panel of judges. Please join us to make this event a success and to see these students present their research in a fun and challenging way.

WORKSHOP

Teaching Workshop: Changing the animal science teaching and learning paradigm—An interactive workshop on how to use case study teaching to foster critical thinking and classroom discussion

Sponsors: **USDA-National Institute of Food and Agriculture and Virtus Nutrition**
Suwannee 13/14
7:30 AM to 5:00 PM

The purpose of the case study workshop is to engage participants in different types of case study methods of instruction, demonstrate how to teach with case studies, and how to write cases and teaching notes so that others individuals can use them. During this highly interactive workshop, participants will experience case study teaching from the student's viewpoint, and discuss how this teaching method can contribute to critical thinking and effective classroom discussions. In breakout sessions, participants will write their own cases or modify existing cases relevant to specific disciplines within the animal sciences undergraduate program (e.g., nutrition, genetics, management, physiology). This daylong workshop will be facilitated by Dr. Clyde (Kipp) Herreid, who is the founding director of the National Center for Case Study Teaching in Science (<http://science-cases.lib.buffalo.edu/cs/>) and distinguished teaching professor of the State University of New York. Kipp has published over 150 articles and five books in the fields of ecology, behavior, and physiology of animals and written extensively in the field of science education.

Late-Breaking Original Research Session

**Panzacola F-1/2
3:00 to 5:00 PM**

**Opening Session
Panzacola G/H
7:00 to 8:00 PM**

This year's opening session will feature a presentation by Michele Payn-Knoper, author of *No More Food Fights!* Michele is principal of Cause Matters Corp. and a passionate advocate for the global agrifood system. Michele has worked with farmers in more than 25 countries and raised over \$5 million in sponsorships for the National FFA Foundation. She founded the weekly Twitter conversation AgChat, which has involved more than 15,000 participants since April 2009. Payn-Knoper resides with her daughter on a small farm in central Indiana, where they enjoy Registered Holsteins, MSU Spartans, and cooking. After the opening session, please join us for food, drinks, and camaraderie at the reception.

POSTER PRESENTATIONS

ADSA-SAD (Student Affiliate Division) Undergraduate Competition

ADSA-SAD Undergraduate Student Poster Competition

Chair: Jeffrey Bewley, University of Kentucky

- M1 **An analysis of cow cooling methods in lactating Jersey cows, while simultaneously assessing the accuracy of infrared thermography in characterizing heat stress.**
Amy P. McBirney*¹, Stan L. Henderson¹, and Luis A. Rodriguez², ¹California Polytechnic State University, San Luis Obispo, CA, ²Innovative Liquids LLC, El Dorado Hills, CA.
- M2 **Comparison of dry matter measurements between a hand-held near infrared unit and 48 hour-60°C oven drying with corn silage and alfalfa silage.**
Derek M. Donnelly*, Robb W. Bender, and David K. Combs, *University of Wisconsin-Madison, Madison, WI.*
- M3 **Evaluation of pH test strips for accuracy in determining pH of cow urine.**
Colleen N. Curtiss*¹, Kayleigh G. Gratz¹, David P. Chamberlin¹, Timothy F. Brown², and Elizabeth L. Karcher¹, ¹Michigan State University, East Lansing, MI, ²West Central, Ralston, IA.
- M4 **Rumen epithelial gene expression in response to oral NaHCO₃ treatment in Holstein bull calves.**
Emily R. Meese*¹, Taylor T. Yohe^{1,2}, Hannah L. M. Tucker^{1,2}, and Kristy M. Daniels^{1,2}, ¹The Ohio State University, OARDC, Wooster, OH, ²Virginia Tech, Blacksburg, VA.
- M5 **Effect of overstocking at the feed bunk on indicators of cow temperament.**
Danielle N. Coleman*, Maurice L. Eastridge, Jessica A. Pempek, and Kathryn L. Proudfoot, *The Ohio State University, Columbus, OH.*
- M6 **Relationship between cow lying behavior and freestall barn design.**
Jennifer Callanan* and Amber L. Adams-Progar, *Washington State University, Pullman, WA.*
- M7 **Effect of carbon dioxide on oxidative stability of raw milk.**
Jayendra Kumar Amamcharla and Jia Xin Tang*, *Kansas State University, Manhattan, KS.*
- M8 **Hepatic patatin-like phospholipase domain-containing protein 3 protein is regulated during the transition to lactation period in dairy cows.**
Ryan S. Pralle*, Rafael C. Oliveira, Tawny L. Chandler, Sandra J. Bertics, and Heather M. White, *University of Wisconsin-Madison, Madison, WI.*
- M9 **Effect of management practices and housing type on somatic cell counts in Kentucky dairy farms.**
Mickayla A. Myers*, Amanda E. Stone, and Jeffrey M. Bewley, *University of Kentucky, Lexington, KY.*
- M10 **Effect of milking procedures and mastitis detection methods on somatic cell counts for Kentucky dairy herds.**
Kerri A. Bochantin*, Amanda E. Stone, and Jeffrey M. Bewley, *University of Kentucky, Lexington, KY.*
- M11 **Effect of a probiotic on dairy calf diarrhea and growth rate.**
Alexis C. Thompson*, Donna M. Amaral-Phillips, and Jeffrey M. Bewley, *University of Kentucky, Lexington, KY.*
- M12 **Genomic testing of female Holsteins: A resource for selection and improvement.**
Kimberly M. Davenport*, Joshua J. Peak, and Brenda M. Murdoch, *University of Idaho, Moscow, ID.*
- M13 **Effects of rubber coverings for slatted floor facilities on cattle performance and cleanliness.**
Derrick S. Smith*, Bryant R. Chapman, Colleen N. Curtiss, Monica J. Atkin, Steven R. Rust, and Dan L. Grooms, *Michigan State University, East Lansing, MI.*
- M14 **Expression of aryl hydrocarbon receptor in the endometrium of dairy heifers during early pregnancy and the estrous cycle.**
Michelle C. Hartzell*, Troy L. Ott, Manasi M. Kamat, and Sreelakshmi Vasudevan, *Pennsylvania State University, State College, PA.*

- M15 **Absence of milk residues after using a hydrogen peroxide pre-dip.**
Jamie E. Leistner*, Joey D. Clark, and Jeffrey M. Bewley, *University of Kentucky, Lexington, KY.*
- M16 **Effects of adding a pasteurized milk balancer on dairy calf growth and performance.**
Lydia H. Hoene*¹, B. Houin², and Tamilee Nennich^{1,3}, ¹*Purdue University, West Lafayette, IN*, ²*Homestead Dairy, Plymouth, IN*, ³*Famo Feeds, Freeport, MN.*

Animal Behavior and Well-Being I

- M17 **Associations between feed push-up frequency, lying and feeding behavior, and milk composition of dairy cows.**
Emily K. Miller-Cushon*¹ and Trevor J. DeVries², ¹*Department of Animal Sciences, University of Florida, Gainesville, FL*, ²*Department of Animal and Poultry Science, University of Guelph, Guelph, ON, Canada.*
- M18 **Effect of timing of feed delivery on feeding behavior and productivity of dairy cows.**
Meagan T. M. King*, Robin E. Crossley, and Trevor J. DeVries, *Department of Animal and Poultry Science, University of Guelph, Guelph, ON, Canada.*
- M19 **Relationships between dry matter intake, rumination time, lying behavior, and milk yield in lactating cows.**
Dafu Shao*, Fengxia Wang, YaJing Wang, Shengli Li, and Zhijun Cao, *State Key Laboratory of Animal Nutrition, College of Animal Science and Technology, China Agricultural University, Beijing, China.*
- M20 **Association between lying behavior and subclinical ketosis in transition dairy cows.**
Emily I. Kaufman*¹, Stephen J. LeBlanc², Brian W. McBride¹, Todd F. Duffield², and Trevor J. DeVries¹, ¹*Department of Animal and Poultry Science, University of Guelph, Guelph, ON, Canada*, ²*Department of Population Medicine, University of Guelph, Guelph, ON, Canada.*

Bioethics Symposium
Effects of science, government, and the public in directing the future of animal agriculture
Chair: **Kathryn Proudfoot, The Ohio State University**
Sponsor: **Elanco Animal Health**
Panzacola F-3

- 9:30 AM **Introduction.**
Jessica Pempek, The Ohio State University.
- 9:30 AM 32 **Role of science in the future of animal agriculture.**
Paul H. Hemsworth*, *University of Melbourne, Parkville, Victoria, Australia*.
- 10:00 AM 33 **Update on the US Technical Advisory Group to the International Organization for Standardization (ISO) Working Group 16—Welfare of Food-Producing Animals.**
Craig A. Morris*, *United States Department of Agriculture, Agricultural Marketing Service, Washington, DC*.
- 10:30 AM 34 **Effect of consumer choices on food animal production practices in the future.**
Charlie Arnot and J. J. Jones*, *Center for Food Integrity, Gladstone, MO*.
- 11:00 AM **Panel Discussion**
- 11:30 AM **Break**
- 11:45 AM 35 **US consumer perceptions of animal use for food, recreation, and more: Are feelings about Bambi the deer, Bessie the cow, and Buster the dog more related than we thought?**
Elizabeth Byrd* and Nicole Widmar, *Purdue University, W. Lafayette, IN*.
- 12:00 PM 36 **Willingness to pay for pork chops and chicken breasts: Are hunters (and those who approve of hunting) different (from the average US consumer)?**
Elizabeth Byrd*, Nicole Widmar, and John Lee, *Purdue University, W. Lafayette, IN*.
- 12:15 PM 37 **Willingness to pay for pork chops and bacon: Effects of perceived farm sizes and information shocks.**
Ann Cummins*, Nicole Widmar, Joan Fulton, and Candace Croney, *Purdue University*.

Breeding and Genetics Symposium
Relevance of modeling in the genomics era
Chairs: **Ignacy Misztal, University of Georgia, and Jennifer M. Bormann, Kansas State University**
Panzacola F-1/2

- 9:30 AM 38 **Is complex modeling important in the age of genomic selection?**
Guilherme J. M. Rosa*, *University of Wisconsin, Madison, WI*.

10:00 AM	39	BLUP, REML, and other tools in the age of genomic selection. Esa A. Mäntysaari* and Martin Lidauer, <i>Natural Resources Institute Finland, Green Technology, Jokioinen, Finland.</i>
10:30 AM	40	Practical implications for genetic modeling in the genomics era for the dairy industry. Paul M. VanRaden*, <i>Animal Genomics and Improvement Lab, Agriculture Research Service, USDA, Beltsville, MD.</i>
11:00 AM	41	Experiences in bioinformatics. Luc L. Janss*, <i>Aarhus University, Tjele, Denmark.</i>
11:30 AM	42	Practical implications for genetic modeling in the genomics era for the beef industry. Andy D. Herring*, <i>Texas A&M University, College Station, TX.</i>
12:00 PM		Panel Discussion

Comparative Gut Physiology and Nonruminant Nutrition Symposium The gut–brain axis—Sensing and signaling

Chairs: **Joanne Knapp, Fox Hollow Consulting LLC (AM session) and
Joshua Jendza, BASF (PM session)**

Sponsors: **APC Inc., King Techina Group, Novus International, and Pancosma
Sebastian I-1**

9:30 AM		Introduction. Joanne Knapp.
9:45 AM	43	Nutrient and non-nutrient sensing in the gastrointestinal tract. Soraya P. Shirazi-Beechey*, <i>University of Liverpool, Institute of Integrative Biology, Liverpool, UK.</i>
10:30 AM	44	Effects of supplemental amino acids in low-protein diets on intestinal tight junction and amino acid transporters in growing pigs. S. J. Zhang* ^{1,2} , W. Parnsen ¹ , and S. W. Extension Education Symposium
Extension and industry outreach for tomorrow’s producers
Chair: Victor E. Cabrera, University of Wisconsin-Madison
Wekiwa 1/2

- 9:30 AM 55 **Developing partnerships between academia and industry.**
Todd R. Bilby*, *Merck Animal Health, Fort Worth, TX*.
- 10:00 AM 56 **What I’ve seen and done on both sides: Academia and Industry.**
Larry Corah*, *Certified Angus Beef, Wooster, OH*.
- 10:30 AM 57 **Training of students: Real-world experience on farm, in extension, and industry.**
Robert E. James*, *Virginia Tech, Blacksburg, VA*.
- 11:00 AM 58 **Retaining qualified extension faculty: An administrator’s perspective.**
Gregory P. Lardy*, *North Dakota State University, Fargo, ND*.
- 11:30 AM 59 **Development of mobile applications in extension.**
R. Lawton Stewart*¹ and G. Cliff Lamb², ¹*The University of Georgia, Athens, GA*, ²*The University of Florida, Marianna, FL*.
- 12:00 PM 60 **Social media to deliver extension.**
Alison Van Eenennaam*, *University of California, Davis, CA*.

Forages and Pastures
Forages for livestock systems

Chair: Kathy Soder, USDA-ARS-Pasture Systems and Watershed Management
Suwannee 15

- 9:30 AM 61 **Forage-finished steer performance and carcass characteristics from grazing high-energy forages during the finishing period.**
Rachel M. Martin*¹, Jason E. Rowntree¹, Kim A. Cassida¹, Joseph Paling¹, and Douglas Carmichael², ¹Michigan State University, East Lansing, MI, ²Michigan State University AgBio Lake City Research Center, Lake City, MI.
- 9:45 AM 62 **Using weekly pasture growth and utilization measurements to make management decisions on Oregon dairies.**
Troy W. Downing*, Oregon State University, Corvallis, OR.
- 10:00 AM 63 **Evaluation of sound-based detection of rumination in grazing dairy cows.**
Santiago A. Utsumi*¹, Julio R. Galli², Diego Milone^{3,4}, Hugo L. Rufiner^{3,4}, and Leonardo Giovanini^{3,4}, ¹Michigan State University, East Lansing, MI, ²Universidad Nacional de Rosario, Santa Fe, Argentina, ³Universidad Nacional del Litoral, Entre Rios, Argentina, ⁴CONICET, Argentina.

**Chair: Cathleen Williams, Louisiana State University
St. John's 26/27**

- 2:00 PM 227 **Use of green vegetative index maps to predict nutritional quality variation of corn silage.**
Eleonor L. Cayford*¹, Leyang Feng², Shao Yang², and Gonzalo Ferreira¹, ¹*Department of Dairy Science, Virginia Polytechnic Institute and State University, Blacksburg, VA*, ²*Geography Department, Virginia Polytechnic Institute and State University, Blacksburg, VA*.
- 2:15 PM 228 **Processed water and its effect on daily intake and growth in dairy calves.**
Patrick J. Neff*¹, Matt C. Claeys¹, and Tamilee D. Nennich^{1,2}, ¹*Purdue University, West Lafayette, IN*, ²*Famo Feeds, Freeport, MN*.
- 2:30 PM 229 **Calving detection in dairy cattle using a novel vaginal temperature device.**
Megan C. Hardy*, Denise L. Ray, Joey D. Clark, and Jeffrey M. Bewley, *University of Kentucky, Lexington, KY*.
- 2:45 PM 230 **Consideration of *DGAT1* interactions with DNA markers improved genetic predictions.**
Amber N. Gabel* and Chad D. Dechow, *The Pennsylvania State University, University Park, PA*.
- 3:00 PM 231 **Effectiveness of treating subclinical ketosis in dairy cows.**
Albert J. Brown*¹, Maurice L. Eastridge¹, Leon D. Weaver², and K. J. Chapman², ¹*The Ohio State University, Columbus, OH*, ²*Bridgewater Dairy, Montpelier, OH, US*.
- 3:15 PM 232 **Assessing the impact of bovine fecal contamination in water on health and management practices.**
Sarah J. Thomsen*¹, Jillian F. Bohlen¹, and J. Brooks Crozier², ¹*University of Georgia, Athens, GA*, ²*Roanoke College, Salem, VA*.

**Animal Behavior and Well-Being Symposium
Novel and multidisciplinary approaches to animal welfare**

**Chair: Kathryn Proudfoot, Ohio State University
Sponsor: Merck Animal Health
Suwannee 13/14**

- 2:00 PM 233 **Opportunities and challenges of interdisciplinary approaches to quantifying welfare.**
Peter D. Krawczel*, *The University of Tennessee, Department of Animal Science, Knoxville, TN*.
- 2:45 PM 234 **Animal welfare as a source of confounding and variation in science.**
Amy L Stanton*, *University of Wisconsin-Madison, Madison, WI*.
- 3:30 PM 235 **Interaction between coping style/personality, social stress, and disease risk.**
J.M. Koolhaas*, *University of Groningen, Groningen, the Netherlands*.
- 4:15 PM 236 **Of nature and nurture: The role of genetics and environment in behavioral development.**
T. Bas Rodenburg*, *Behavioural Ecology Group, Wageningen University, Wageningen, the Netherlands*.

Animal Health
Swine health and transition cows
Chair: **Marnie Mellencamp, Zoetis**
Sebastian I-2

- 2:00 PM 237 **Protected sodium butyrate may reduce *Salmonella* spp. excretion in contaminated fattening pig farms.**
M. Puyalto*¹, R. C. Mainar-Jaime², S. Andres-Barranco³, E. Creus⁴, and J. J. Mallo¹, ¹Norel S.A, Spain, ²Department of Animal Pathology, University of Zaragoza, Zaragoza, Spain, ³AgriFood Research and Technology Centre of Aragon, Spain, ⁴Agrofestic S.L, Spain.
- 2:15 PM 238 **Rapid cooling after acute hyperthermia alters intestinal morphology and may negatively affect pig health.**
J. S. Johnson*, A. Sapkota, and D. C. Lay, *USDA-ARS Livestock Behavior Research Unit, West Lafayette, IN.*
- 2:30 PM 239 **Mycotoxin-contaminated diets affect immunity parameters of piglets.**
Simone Schaumberger*, Sabine Masching, and Ursula Hofstetter, *Biomin Holding GmbH, Herzogenburg, Austria.*
- 2:45 PM 240 **Butyrate enhances disease resistance of piglets through up-regulated gene expression of endogenous host defense peptides.**
Haitao Xiong*, Bingxiu Guo, and Yizhen Wang, *College of Animal Sciences of Zhejiang University, Hangzhou, Zhejiang, China.*
- 3:00 PM 241 **The effect of antiseptic compounds on umbilical cord healing and infection rates in neonatal piglets from a commercial facility.**
Amanda L. Robinson*, Jessica D. Colpoys, Glenn D. Robinson, Elizabeth A. Hines, Leo L. Timms, Erika M. Edwards, Kenneth J. Stalder, Anna K. Johnson, and Howard D. Tyler, *Iowa State University, Ames, IA.*
- 3:15 PM 242 **Porcine hepcidin protects piglet intestinal epithelial cells by aggregating *Escherichia coli* K88.**
Huahua Du*, Dan Liu, and Zhenshun Gan, *Zhejiang University, Hangzhou, China.*
- 3:30 PM 243 **Limited sun exposure increases 25(OH)D serum concentration and affects mRNA expression of the vitamin D enzymes in liver and kidney of growing pigs at high altitude.**
Samanta R. Fensterseifer*¹, D. Enette Larson-Meyer², Bennett C. Ingold², Kathleen J. Austin¹, Kacey C. Myers¹, and Brenda M. Alexander¹, ¹Department of Animal Science, University of Wyoming, Laramie, WY, ²Department of Family and Consumer Sciences, University of Wyoming, Laramie, WY.
- 3:45 PM 244 **Relationship between left displacement of the abomasum and daily milk yield in high-producing Chilean dairy cows.**
Pedro G. Melendez*¹, Catalina Romero², Maria P. Marin², Mario Duchens³, Patrick Pithua¹, and Pablo J. Pinedo^{4,5}, ¹University of Missouri-Columbia, Columbia, MO, ²University Santo Tomas, Viña del Mar, Chile, ³University of Chile, Santiago, Chile, ⁴Texas A&M AgriLife Research, Amarillo, TX, ⁵Texas A&M University System, College Station, TX.
- 4:00 PM 245 **Comparison of hematological parameters in dairy cows during periparturient period.**
Samir Kumar Dash*¹, Hemant Dasharath Kadam¹, Asmita Anant Kulkarni¹, Mohua Das Gupta¹, Narayan Laxman Phadke¹, and Arun P. Phatak², ¹BAIF Development Research Foundation, Central Research Station, Uruli Kanchan, Pune, Maharashtra, India, ²Waterford, CA.
- 4:15 PM 246 **Characterizing the effect of feed restriction on biomarkers of leaky gut.**
Sara K. Stoakes*¹, Erin A. Nolan¹, David J. Valko¹, Mohannad Abuajamieh¹, Jake Seibert¹, Maria V. Sanz Fernandez¹, Patrick J. Gorden¹, Howard B. Green², Katie M. Schoenberg², William E. Trout², and Lance H. Baumgard¹, ¹Iowa State University, Ames, IA, ²Elanco Animal Health, Indianapolis, IN.
- 4:30 PM 247 **Neutrophil function is dysregulated over the transition period.**
Mallory A. Crookenden*¹, Caroline G. Walker¹, Axel Heiser^{6,5}, Juan J. Loor², Kasey M. Moyes³, Jane K. Kay¹, Susanne Meier¹, Alan Murray⁵, Venkata S. R. Dukkipati⁵, Murray Mitchell⁴, and John R. Roche¹, ¹DairyNZ, Hamilton, New Zealand, ²University of Illinois, Champaign-Urbana, IL, ³University of Maryland, College Park, MD, ⁴University of Queensland, Brisbane, Queensland, Australia, ⁵Massey University, Palmerston North, New Zealand, ⁶AgResearch, Palmerston North, New Zealand.

- 4:45 PM 248 **The effects of grain-induced subacute ruminal acidosis on blood plasma proteomic characterization in dairy cows.**
S. C. Li^{*1}, A. M. Danscher², P. Azevedo², P. H. Andersen³, P. Ezzati⁴, J. A. Wilkins⁴, E. Khafipour¹, and J. C. Plaizier¹,
¹*Department of Animal Science, University of Manitoba, Winnipeg, Manitoba, Canada,* ²*Department of Large Animal Sciences, University of Copenhagen, Copenhagen, Denmark,* ³*Department of Clinical Sciences, Swedish University of Agricultural Sciences, Uppsala, Sweden,* ⁴*Manitoba Centre for Proteomics & Systems Biology, Winnipeg, Manitoba, Canada.*

Animal Health Symposium
**Understanding and reducing the impact of various stressors on
immune responses and health of cattle**
Chair: **Charlie Elrod, Balchem Corporation**
Sponsor: **Merck Animal Health**
Sebastian I-3

- 2:00 PM 249 **Understanding what stresses a dairy cow and the effect on immunity.**
Michael A. Ballou^{*}, *Texas Tech University, Department of Animal and Food Sciences, Lubbock, TX.*
- 2:45 PM 250 **Stress, immunity, and management of calves.**
Lindsey E. Hulbert^{*} and Sonia J. Moisé^a, *Department of Animal Sciences and Industry, Kansas State University, Manhattan, KS.*
- 3:15 PM **Break**
- 3:30 PM 251 **Effects of late-gestation heat stress on immunity and performance of calves.**
Geoffrey Dahl^{*1}, Ana Monteiro², and Sha Tao², ¹*University of Florida, Gainesville, FL,* ²*University of Georgia, Tifton, GA.*
- 4:00 PM 252 **Social stressors and their effects on immunity and health of periparturient dairy cows.**
Ricardo C. Chebel^{*1,2}, Paula R. B. Silva², Karen Luchterhand², and Marcia Endres², ¹*University of Florida, Gainesville, FL,* ²*University of Minnesota, St. Paul, MN.*
- 4:30 PM 253 **Metabolic and physiological stressors during the periparturient period and effects on immunity and health of dairy cows.**
José E. P. Santos^{*}, Eduardo S. Ribeiro, and Natalia Martinez, *University of Florida, Gainesville, FL.*

Bovine tuberculosis (TB) and paratuberculosis (Johne's disease) Symposium
What we know and what we need to know
Chair: **Ken Olson, KEO Consulting**
Sponsor: **American Association of Mycobacterial Diseases (AAMD)**
Panzacola F-3

- 2:00 PM **Introduction.**
Vivek Kapur, *The Pennsylvania State University.*
- 2:00 PM 254 **A three-year study of bovine tuberculosis in an enzootic area, the Nile Delta.**
Adel M. Talaat^{*1}, Hazem A. Abdelaal¹, and Essam A. Nasr², ¹*University of Wisconsin-Madison, Madison, WI,* ²*Veterinary Serum and Vaccine Research Institute, Cairo, Egypt.*
- 2:30 PM 255 **Host genomics—What have we learned?**
Holly L. Neiberger^{*}, *Washington State University, Pullman, WA.*

- 3:00 PM 256 **Johne's disease and bovine tuberculosis: Updates on control and prevention.**
Scott J. Wells*¹, Kimberley L. VanderWaal¹, Catalina Picasso¹, Eva A. Enns¹, Meggan Craft¹, Federico Fernandez², Andres Gil³, Julio Alvarez¹, Lucas Dominguez¹, and Andres Perez¹, ¹University of Minnesota, St Paul, MN, ²Ministerio de Ganadería, Agricultura y Pesca, Montevideo, Uruguay, ³Facultad de Veterinaria, Universidad de la República, Montevideo, Uruguay.
- 3:30 PM 257 **MDA outreach: Communicating for a change.**
Julia M. Smith*, University of Vermont, Burlington, VT.
- 4:00 PM 258 **Zoonotic potential of bTB and MAP—Nothing to worry about...right?**
Tim Bull*, Institute of Infection and Immunity, St George's University of London, London, UK.
- 4:30 PM **Discussion—Where do we go?**
Ken Olson, KEO Consulting.

Breeding and Genetics: EAAP Genetics Symposium
Breeding for environmental sustainability
Chairs: Eileen Wall, SRUC, and Han Mulder, Wageningen University
Sponsor: European Federation of Animal Science (EAAP)
Panzacola F-1/2

- 2:00 PM 259 **ASAS-EAAP Speaker Exchange Presentation: Breeding goals to deal with climate change and food security.**
Eileen Wall*, Scotland's Rural College (SRUC), Edinburgh, UK.
- 2:45 PM 260 **ASAS-EAAP Speaker Exchange Presentation: Genomic selection for the high-hanging fruit in livestock breeding programs.**
Donagh P. Berry*¹, Yvette de Haas², Roel F. Veerkamp², Mike Coffey³, and Mario P. L. Calus², ¹Animal & Grassland Research and Innovation Centre, Teagasc, Moorepark, Co. Cork, Ireland, ²Animal Breeding and Genomics Centre, Wageningen UR Livestock Research, Wageningen, the Netherlands, ³Animal and Veterinary Sciences, SRUC, Easter Bush Campus, Easter Bush, Edinburgh, UK.
- 3:30 PM 261 **ASAS-EAAP Speaker Exchange Presentation: Statistical approaches to increase resilience of animals towards environmental challenges and to increase homogeneity of animal products.**
Han A. Mulder*¹, Ewa Sell-Kubiak¹, Juanma Herrero-Medrano^{1,2}, Pramod K. Mathur², and Egbert F. Knol², ¹Animal Breeding and Genomics Centre, Wageningen University, Wageningen, the Netherlands, ²TOPIGS Norsvin BV, Beuningen, the Netherlands.
- 4:15 PM 262 **ASAS-EAAP Speaker Exchange Presentation: The role of sustainable commercial pig and poultry breeding for food security.**
Pieter W. Knap*¹, Anne-Marie Neeteson-Van Nieuwenhoven², and Santiago Avendaño², ¹Genus-PIC, Schleswig, Germany, ²Aviagen, Newbridge, UK.

Forages and Pastures
Grasses and silages
Chair: Jeffrey W. Lehmkuhler, University of Kentucky
Suwannee 15

- 2:00 PM 263 **Maturity is a larger driver of fatty acid content in summer annuals than nitrogen fertility.**
Caleb P. Goossen*, Sidney C. Bosworth, Heather M. Darby, and Jana Kraft, University of Vermont, Burlington, VT.

- 2:15 PM 264 **Effect of grazing seedhead-suppressed tall fescue pasture on the vasoactivity of serotonin receptors.**
James L. Klotz*¹, Glen E. Aiken¹, Amanda M. Egert², and David L. Harmon², ¹USDA-ARS, Forage-Animal Production Research Unit, Lexington, KY, ²Department of Animal and Food Sciences, University of Kentucky, Lexington, KY.
- 2:30 PM 265 **Microbial count, fermentation, and aerobic stability of regular- and brown midrib-corn hybrids ensiled with and without a combo inoculant.**
Juan J. Romero*¹, Yuchen Zhao², Youngho Joo³, Jinwoo Park³, Marco A. Balseca-Paredes¹, Adam J. Heitman¹, and Miguel S. Castillo¹, ¹Department of Crop Science, North Carolina State University, Raleigh, NC, ²Department of Animal Nutrition and Feed Science, China Agricultural University, Beijing, China, ³Department of Animal Science, Gyeongsang National University, Jinju, Korea.
- 2:45 PM 266 **In vitro digestion kinetics of NDF from stockpiled Tifton 85 bermudagrass as influenced by N fertilization.**
Samantha R. Sechler*, Courtney M. Holland, Carla J. Weissend, Mary K. Mullenix, and Russell B. Muntifering, Auburn University, Auburn, AL.
- 3:00 PM 267 **Variation in aerobic stability of maize silage with and without microbial inoculant.**
Ida K. Hindrichsen* and Nina Milora, Chr. Hansen A/S, Hørsholm, Denmark.
- 3:15 PM 268 **A comparative study of lignin assays and relationship with grass digestibility.**
Alejandro Vargas Velásquez* and Romualdo Shiguelo Fukushima, Department of Animal Nutrition and Production (VNP), Faculty of Veterinary and Animal Science (FMVZ), University of São Paulo, Pirassununga, São Paulo, Brazil.
- 3:30 PM 269 **Using Bayesian inference to delineate diet composition of mixed forages.**
Napoleón Vargas Jurado*¹, Amy E. Tanner², and Ronald M. Lewis¹, ¹University of Nebraska, Lincoln, NE, ²Virginia Tech, Blacksburg, VA.
- 3:45 PM 270 **Interaction of isoflavones and endophyte-infected tall fescue seed extract on vasoactivity of bovine mesenteric vasculature.**
Yang Jia*¹, David L. Harmon¹, and James L. Klotz², ¹Department of Animal and Food Sciences, University of Kentucky, Lexington, KY, ²USDA-ARS, Forage-Animal Production Research Unit, Lexington, KY.
- 4:00 PM 271 **Proximate and fiber composition of leaves and stems of *Pennisetum purpureum* varieties fertilized with animal manure.**
Victoria O. Ojo*, Sarafadeen T. Adewuyi, Alaba O. Jolaosho, Adebayo O. Oni, and Oludotun O. Adelusi, Federal University of Agriculture, Abeokuta, Ogun State, Nigeria.
- 4:15 PM 272 **Effects of inoculated lactic acid bacteria on aflatoxin B₁ in corn silage.**
Zhengxin Ma*, Felipe X. Amaro, Juan J. Romero, and Adegbola T. Adesogan, Department of Animal Sciences, University of Florida, Gainesville, FL.
- 4:30 PM 273 **In vitro digestibility of dried cassava peel, mushroom degraded cassava peel and silage from guinea grass.**
Bolanle T. Akinyemi*, Moronfolu Ige, Alaba O. Jolaosho, Moses O. Arigbede, and Shamsideen O. Iposu, Federal University of Agriculture, Abeokuta, Abeokuta, Ogun State, Nigeria.

Graduate Student Competition

ADSA Production Division Graduate Student Oral Competition, PhD

Chair: Eric Reid, Cooperative Feed Dealers

Wekiwa 6

- 2:00 PM 274 **Carry-over effect of an individual feeding strategy on milk production of Holstein cows managed for extended lactation.**
Charlotte Gaillard*¹, Nicolas C. Friggens², Martin R. Weisbjerg¹, and Jakob Sehested¹, ¹Aarhus University, Foulum, Tjele, Denmark, ²AgroParisTech, INRA UMR 0791 MoSAR, Paris, France.
- 2:15 PM 275 **Moisture, temperature, cow health, and bedding bacteria relationships in compost bedded pack barns.**
Elizabeth A. Eckelkamp*, Joseph L. Taraba, Robert J. Harmon, Katherine A. Akers, and Jeffrey M. Bewley, University of Kentucky, Lexington, KY.

- 2:30 PM 276 **Effect of dry period length and dietary energy source in dairy cows on natural antibody titers and somatic cell count in milk.**
Novi Mayasari*^{1,2}, Wilke Rijks¹, Ger de Vries Reilingh¹, Gerrit Remmelink³, Bas Kemp¹, Henk Parmentier¹, and Ariette van Knegsel¹, ¹*Adaptation Physiology Group, Department of Animal Science, Wageningen University, Wageningen, Gelderland, the Netherlands*, ²*Faculty of Animal Husbandry, Universitas Padjadjaran, Bandung, West Java, Indonesia*, ³*Livestock Research, Wageningen University and Research Centre, Wageningen, Gelderland, the Netherlands*.
- 2:45 PM 277 **Towards a better understanding of the effect of genetic merit for milk production on post-partum cyclicity of first lactation dairy cows.**

POSTER PRESENTATIONS

Animal Health Lactating cows

- T1 **Health and productive responses of dairy cows treated with reduced doses of recombinant bovine somatotropin during the periparturient period.**
Paula R. B. Silva^{*1}, Henrique F. Soares¹, Gabriel D. Bombardelli¹, Wagner D. Braz¹, Daniela N. Liboreiro¹, and Ricardo C. Chebel^{1,2}, ¹University of Minnesota, St Paul, MN, ²University of Florida, Gainesville, FL.
- T2 **Reduction in hepatic functionality can delay resumption of ovarian activity postpartum in dairy cows.**
Paula Montagner^{*1,2}, Rubens A. Pereira^{1,2}, Ana Rita T. Krause^{1,2}, Marina M. Weschenfelder^{1,2}, Elizabeth Schwegler^{1,2}, Fernanda M. Gonçalves^{1,2}, Carolina B. Jacometo^{1,2}, Cássio C. Brauner^{1,2}, and Marcio N. Corrêa^{1,2}, ¹Federal University of Pelotas, Pelotas, RS, Brazil, ²Center for Research, Teaching and Extension in Animal Science (NUPEEC), Pelotas, RS, Brazil.
- T3 **Organic trace minerals during the transition period. 4. Corium gene expression profiling reveals a beneficial effect of supplementing Zn, Mn, and Cu from Availa Mins and Co from CoPro on hoof health of periparturial dairy cows.**
J. S. Osorio^{*1}, E. F. Garrett¹, M. M. Elhanafy¹, E. Trevisi², J. K. Drackley¹, M. T. Socha³, and J. J. Looor¹, ¹University of Illinois at Urbana-Champaign, Urbana, IL, ²Università Cattolica del Sacro Cuore, Piacenza, Italy, ³Zinpro Corporation, Eden Prairie, MN.
- T4 **Effects of postpartum uterine diseases on milk yield, milk components, and culling in dairy cows under certified organic management.**
J. M. Piñeiro^{*1}, M. G. Maquivar², A. A. Barragan¹, J. S. Velez³, H. Bothe³, and G. M. Schuenemann¹, ¹The Ohio State University, Columbus, OH, ²Washington State University, Pullman, WA, ³Aurora Organic Farms, Boulder, CO.
- T5 **Cows diagnosed with metritis showed blood alterations related to innate immunity and carbohydrate and lipid metabolism during early dry off period.**
Guanshi Zhang, Dagnachew W. Hailemariam, Elda Dervishi, Qilan Deng, Tran H. Lam, Seyed A. Goldansaz, Suzanna M. Dunn, and Burim N. Ametaj^{*}, Department of Agricultural, Food and Nutritional Science, University of Alberta, Edmonton, AB, Canada.
- T6 **Activation of innate immunity ahead of occurrence of ketosis.**
Guanshi Zhang, Dagnachew W. Hailemariam, Elda Dervishi, Qilan Deng, Tran H. Lam, Seyed A. Goldansaz, Suzanna M. Dunn, and Burim N. Ametaj^{*}, Department of Agricultural, Food and Nutritional Science, University of Alberta, Edmonton, AB, Canada.
- T7 **Effects of repeated oral administration of lipopolysaccharide and lipoteichoic acid either alone or in combination with subcutaneous exposure on metabolite responses in periparturient dairy cows.**
Emily F. Eckel^{*}, Dagnachew W. Hailemariam, Grzegorz Zwierzchowski, Guanshi Zhang, Suzanna M. Dunn, and Burim N. Ametaj, University of Alberta, Edmonton, AB, Canada.
- T8 **Effect of repeated oral administration of lipopolysaccharide and lipoteichoic acid either alone or in combination with subcutaneous exposure on humoral immunity in periparturient dairy cows.**
Emily F. Eckel^{*}, Dagnachew W. Hailemariam, Grzegorz Zwierzchowski, Guanshi Zhang, Suzanna M. Dunn, and Burim N. Ametaj, University of Alberta, Edmonton, AB, Canada.
- T9 **Blood alterations indicate subclinical mastitis diagnosed postpartum might start during early dry-off period.**
Guanshi Zhang, Dagnachew W. Hailemariam, Elda Dervishi, Qilan Deng, Seyed A. Goldansaz, Suzanna M. Dunn, and Burim N. Ametaj^{*}, Department of Agricultural, Food and Nutritional Science, University of Alberta, Edmonton, AB, Canada.
- T10 **The effect of lipopolysaccharide (LPS) and phorbol 12-myristate 13-acetate (PMA) on whole blood oxidative response as assessed by luminol-amplified chemiluminescence in dairy cows.**
Y. Qu^{*1}, S. Kahl², T. H. Elsasser², E. E. Connor², and K. M. Moyes¹, ¹University of Maryland, College Park, MD, ²Agricultural Research Service, US Department of Agriculture, Beltsville, MD.
- T11 **Efficacy of a novel antimicrobial post-milking teat dip on rate of new intramammary infections with an experimental bacterial challenge against contagious mastitis organisms.**
David M. Galton¹ and Leo L. Timms^{*2}, ¹Cornell University, Ithaca, NY, ²Iowa State University, Ames, IA.

- T12 **Effects of a 6-week duodenal supplementation of quercetin on metabolic stress and liver health in peripartur dairy cows.**
Ann-Kathrin Stoldt¹, Manfred Mielenz¹, Alexander Starke², Siegfried Wolfram³, and Cornelia C. Metges*¹, ¹*Institute of Nutritional Physiology, Leibniz Institute for Farm Animal Biology, Dummerstorf, Germany*, ²*Faculty of Veterinary Medicine, University of Leipzig, Leipzig, Germany*, ³*Institute of Animal Nutrition and Physiology, Christian-Albrechts University of Kiel, Kiel, Germany*.

M. R. Donnelly*¹, A. R. Hazel¹, B. J. Heins², and L. B. Hansen¹, ¹*University of Minnesota, St. Paul, MN*, ²*West-Central Research and Outreach Center, Morris, MN*.
- T24 **Rumination behavior alert indexes for detecting health disorders during early lactation.**
Sushil Paudyal¹, Fiona Maunsell², Carlos Risco², Arthur Donovan², Albert De Vries³, John Richeson¹, and Pablo Pinedo*^{4,5}, ¹*West Texas A&M University, Canyon, TX*, ²*Department of Large Animal Clinical Sciences, College of Veterinary Medicine, University of Florida, Gainesville, FL*, ³*Department of Animal Sciences, University of Florida, Gainesville, FL*, ⁴*Texas A&M AgriLife Research, Amarillo, TX*, ⁵*Department of Veterinary Pathobiology, College of Veterinary Medicine & Biomedical Sciences, Texas A&M University System, College Station, TX*.

- T25 **OmniGen-AF alters rectal temperature (RT) and leukocyte profiles in dairy cows exposed to heat stress (HS) following acute activation of the stress axis.**
Nicole C. Burdick Sanchez*¹, Jeffery A. Carroll¹, Paul R. Broadway¹, Matthew L. McBride², Xavier A. Ortiz², Jayne L. Collier², James D. Chapman³, Derek McLean³, and Robert J. Collier², ¹USDA-ARS, Livestock Issues Research Unit, Lubbock, TX, ²University of Arizona, Department of Animal Science, Tucson, AZ, ³Phibro Animal Health Corp, Quincy, IL.
- T26 **Altered microbiomes in bovine digital dermatitis lesions, and the gut as a pathogen reservoir.**
Martin Zinicola*¹, Fabio Lima¹, Svetlana Lima¹, Vinicius Machado¹, Charles Guard¹, Dörte Döpfer², and Rodrigo Bicalho¹, ¹Cornell University, Ithaca, NY, ²University of Wisconsin, Madison, WI.
- T27 **Characterization of the leukocyte transcriptome in cows challenged with *Mycobacterium bovis* and healthy controls.**
Robmay Garcia*, Dianelys Gonzalez-Pena, and Sandra L. Rodriguez-Zas, University of Illinois at Urbana Champaign, Urbana, IL.
- T28 **Evaluation of antimicrobial activity of chitosan microparticles in different matrices from dairy cows.**
Zhengxin Ma*^{1,2}, Lin Teng^{1,2}, Donghyeon Kim¹, Klíbs N. Galvão³, Corwin D. Nelson¹, Adegbola T. Adesogan¹, and K. Casey Jeong^{1,2}, ¹Department of Animal Sciences, University of Florida, Gainesville, FL, ²Emerging Pathogens Institute, University of Florida, Gainesville, FL, ³Department of Large Animal Clinical Sciences, University of Florida, Gainesville, FL.
- T29 **Targeted oxylipid analyses of milk obtained from periparturient dairy cows.**
Jeffery C. Gandy*, Vengai Mavangira, and Lorraine M. Sordillo, Michigan State University, East Lansing, MI.
- T30 **Prevalence and antimicrobial resistance of mastitis pathogens in cattle dairy in a region of Colombia.**
Maria del P. Sanchez*, Norma P. Gutierrez, and Ivan J. Posada, Universidad Cooperativa de Colombia Sede Ibagué, Ibagué, Tolima, Colombia.
- T31 **Variation in clinical mastitis detection frequency and etiology among milkers.**
Paulo Cesar Duque-Madrid^{1,3}, Cedric Blanc², and Alfonso Lago*³, ¹Universidad de Caldas, Manizales, Colombia, ²GTV Dairies, Tipton, CA, ³DairyExperts Inc., Tulare, CA.
- T32 **The effect of concentrate allocation strategy on the metabolic and immune function of high genetic merit dairy cows offered a grass silage based diet.**
Mark W. Little*^{1,2}, Niamh O'Connell², Jason Barley³, Michael D. Welsh³, and Conrad P. Ferris¹, ¹Agri-Food and Biosciences Institute, Hillsborough, UK, ²School of Biological Sciences, Queens University Belfast, Belfast, UK, ³Agri-Food and Biosciences Institute, Veterinary Sciences Division, Belfast, UK.
- T33 **Evaluation of experimental novel germicide postmilking teat dips and a commercial iodine barrier postmilking teat dip on teat end and teat skin health and integrity.**
Rae Sires, Kia Knutson, and Leo L. Timms*, Iowa State University, Ames, IA, 50011.
- T34 **Study of the activity of soluble and nanostructured IFN γ and metalloproteinases as a new tool for the optimization of the dry-off of dairy cows.**
Francesc Fabregas¹, Olivia Cano^{2,3}, Sandra Genís*¹, Silvia Parés¹, Joaquim Seras-Franzoso^{2,3}, Alex Bach^{1,4}, Antonio Villaverde^{2,3}, Elena Garcia-Fruitos^{2,3}, and Anna Aris¹, ¹Department of Ruminant Production, Institute of Research in Agriculture and Technology, Caldes de Montbui, Spain, ²Department of Genetics and Microbiology, Institute of Biotechnology and Biomedics, Universitat Autònoma de Barcelona, Bellaterra, Spain, ³CIBER de Bioingeniería, Biomateriales y Nanomedicina, Bellaterra, Spain, ⁴ICREA, Barcelona, Spain.
- T35 **Metabolic parameters of cows with different status for bovine leukemia.**
Irina V. Vinogradova*¹, Elena A. Gladyr¹, Ludmila A. Ivanova², Alexandr S. Kramarenko¹, Igor V. Gusev¹, Roman V. Rykov¹, Michael I. Guljukin², and Natalia A. Zinovieva¹, ¹L.K. Ernst Institute of Animal Husbandry, Dubrovitsy, Moscow, Russia, ²Y.R. Kovalenko Institute of Experimental Veterinary Medicine, Moscow, Russia.
- T36 **High forage diet alters feeding behavior, health, and milk production in fresh Holstein dairy cows.**
Juliana M. Huzzey*^{1,2}, Hesam A. Seifi^{1,3}, Muhammad A. Khan^{1,4}, Marina A. G. von Keyserlingk¹, and Daniel M. Weary¹, ¹Animal Welfare Program, University of British Columbia, Vancouver, BC, Canada, ²Animal Science Department, California Polytechnic State University, San Luis Obispo, CA, ³Department of Clinical Sciences, School of Veterinary Medicine, Ferdowsi University of Mashhad, Iran, ⁴AgResearch, Grasslands Research Centre, Palmerston North, New Zealand.
- T37 **Prepartum rumination patterns in dairy cows that develop health disorders in the early postpartum period.**
Matias L. Stangaferro*, Robert Wijma, Miranda M. Medrano, Mohammed A. Al Abri, and Julio O. Giordano, Department of Animal Science, Cornell University, Ithaca, NY.

- T38 **Plasma phosphatidylcholine and lysophosphatidylcholine profiling of heat-stressed lactating dairy cows.**
He Tian¹, Jianbo Cheng², Yangdong Zhang¹, Nan Zheng^{*1}, and Jiaqi Wang¹, ¹*Institute of Animal Science, Chinese Academy of Agricultural Sciences, Beijing, China*, ²*College of Animal Science and Technology, Anhui Agricultural University, Hefei, China*.

WORKSHOP

Mixed Models Workshop Gatlin A-3

8:00 AM to 5:00 PM (continues on Thursday)

The Mixed Models Workshop provides a comprehensive exposition of proper statistical data analysis and power determinations of commonly used experimental designs in the animal sciences; our approach is example-driven and primarily based on the various mixed model analysis procedures available in SAS software.

Instructors: **Nora Bello, Ken Koehler, and Kevin McCarter**

OTHER EVENTS

Global Networking Reception
Butler
4:30 to 6:00 PM

The Global Networking Reception will feature a presentation by Kevin Folta, professor and chair of the Horticultural Sciences Department, University of Florida. All meeting attendees, family, and friends are invited.

Thursday, July 16

WORKSHOP

Mixed Models Workshop

Gatlin A-3

8:00 AM to 12:00 PM (continues from Wednesday)

The Mixed Models Workshop provides a comprehensive exposition of proper statistical data analysis and power determinations of commonly used experimental designs in the animal sciences; our approach is example-driven and primarily based on the various mixed model analysis procedures available in SAS software.

Instructors: **Nora Bello, Ken Koehler, and Kevin McCarter**

ORAL SESSIONS

Nonruminant Nutrition

Fiber

Chair: **Pedro Urriola, University of Minnesota**

Panzacola F-3

- 8:30 AM 835 **Effects of dietary mannan oligosaccharide supplementation on performance and immune response of sows and their offspring.**
X. D. Duan¹, D. W. Chen¹, P. Zheng¹, G. Tian¹, J. P. Wang¹, X. B. Mao¹, J. Yu¹, J. He¹, B. Li¹, Z. Q. Huang¹, Z. G. Ao², and B. Yu^{*1}, ¹*Institute of Animal Nutrition, Sichuan Agricultural University, Chengdu, Sichuan, China*, ²*Alltech Biological Product (China) Co. Ltd, Beijing, China*.
- 8:45 AM 836 **Dietary chitooligosaccharide supplementation alleviates immune challenge induced by lipopolysaccharide in weaned piglets.**
L. Zhang, G. Tian, D. W. Chen, B. Yu*, Y. Yao, J. Yu, P. Zheng, X. B. Mao, J. He, and Z. Q. Huang, *Animal Nutrition Institute, Sichuan Agricultural University, Chengdu, Sichuan, China*.
- 9:00 AM 837 **Effects of feeding fermented wheat with *Lactobacillus reuteri* on nutrient digestibility, growth performance, and intestinal fermentation in weaned pigs.**
M. H. A. Le^{*1}, Y. Yang¹, S. Galle¹, J. L. Landero¹, E. Beltranena^{1,2}, M. G. Gänzle¹, and R. T. Zijlstra¹, ¹*University of Alberta, Edmonton, AB, Canada*, ²*Alberta Agriculture and Rural Development, Edmonton, AB, Canada*.
- 9:15 AM 838 **Extracted rice bran improves performance and fecal parameters in weaning pigs via prebiotic action.**
M. Begum*, B. Balasubramanian, M. M. Hossain, S. D. Upadhaya, and I. H. Kim, *Department of Animal Resource & Science, Dankook University, Cheonan, Chungnam, South Korea*.

Production, Management, and the Environment VI

Chair: **Rafael Bisinotto, Cornell University**

Panzacola F-4

- 8:30 AM 839 **Associations between management practices and reproductive performance in Canadian dairy herds.**
José Denis-Robichaud^{*1}, Ronaldo L. A. Cerri², Andria Jones-Bitton¹, and Stephen J. LeBlanc¹, ¹*Department of Population Medicine, University of Guelph, Guelph, Ontario, Canada*, ²*Faculty of Land and Food Systems, University of British Columbia, Vancouver, British Columbia, Canada*.

- 8:45 AM 840 **Evaluation of Ovsynch and CIDR inserted concurrently with or two days after initiation of Ovsynch protocol to improve reproductive performance in lactating dairy cows with low estrus detection efficiency.**
Abid Hussain Shahzad*¹, Abdul Sattar¹, Nasim Ahmad¹, Ijaz Ahmad¹, Deniz Nak², and Yavuz Nak², ¹University of Veterinary and Animal Sciences, Lahore, Lahore, Punjab, Pakistan, ²Uludag University, Bursa, Bursa, Turkey.
- 9:00 AM 841 **Reproductive outcomes following presynchronization of dairy heifers with a 14-d CIDR and prostaglandin F_{2α}.**
Courtney K. Claypool*¹, Jennifer A. Spencer¹, Saulo Menegatti Zoca³, Bahman Shafii¹, William J. Price¹, Amin Ahmadzadeh¹, Neil R. Rimbey², and Joseph C. Dalton², ¹University of Idaho, Moscow, ID, ²University of Idaho, Caldwell, ID, ³UNESP, Botucatu, Sao Paulo, Brazil.
- 9:15 AM 842 **Effects of expression of estrus measured by activity monitors on ovarian dynamics and conception risk in Holstein cows.**
Augusto M. L. Madureira*^{1,2}, Bruna F. Silper², Tracy A. Burnett², Liam B. Polsky², Eraldo L. Drago Filho¹, Sergio Soriano³, Alex F. Sica³, José L. M. Vasconcelos¹, and Ronaldo L. A. Cerri², ¹Sao Paulo State University, Botucatu, SP, Brazil, ²University of British Columbia, Vancouver, BC, Canada, ³Colorado Dairies, Araras, SP, Brazil.
- 9:30 AM 843 **Vitality and morphology of Boer buck spermatozoa stored fresh for 72 hours.**
Olumide A. Ajao*, Daniel M. Barry, and Kow K. Benyi, University of Venda, Thohoyandou, Limpopo Province, South Africa.
- 9:45 AM **Break**
- 10:00 AM 845 **Environmental and economic consequences of subclinical ketosis and related diseases in dairy farming.**
P. F. Mostert*, E. A. M. Bokkers, C. E. Van Middelaar, and I. J. M. De Boer, Wageningen University, Animal Production Systems group, Wageningen, the Netherlands.
- 10:15 AM 846 **Characterizing the temporal pattern of leaky gut biomarkers in healthy and ketotic cows during the transition period.**
M. Abuajamieh*¹, S. K. Stoakes¹, M. V. Sanz Fernandez¹, J. S. Johnson¹, J. T. Seibert¹, E. A. Nolan¹, S. M. Lei¹, H. B. Green², K. M. Schoenberg², W. E. Trout², and L. H. Baumgard¹, ¹Iowa State University, Ames, IA, ²Elanco Animal Health, Indianapolis, IN.
- 10:30 AM 847 **A randomized clinical trial assessing the use of a single injection of dexamethasone combined with oral propylene glycol therapy for the treatment of hyperketonemia.**
Elise H. Tatone*¹, Michael B. Capel², Jessica L. Gordon¹, Stephen J. LeBlanc¹, and Todd F. Duffield¹, ¹Department of Population Medicine, University of Guelph, Guelph, ON, Canada, ²Perry Veterinary Clinic, Perry, NY.
- 10:45 AM 848 **Effects of prepartum digital dermatitis on first-lactation performance.**
Arturo Gomez*^{1,2}, Nigel Cook¹, Mike Socha², and Dörte Döpfer¹, ¹University of Wisconsin-Madison, Madison, WI, ²Zinpro Corporation, Eden Prairie, MN.
- 11:00 AM 849 **Identification of the most likely classical swine fever outbreak scenarios in the swine industry of Indiana.**
Shankar Yadav*¹, Nicole Olynk Widmar², and Hsin-Yi Weng¹, ¹Department of Comparative Pathobiology, Purdue University, West Lafayette, IN, ²Department of Agricultural Economics, Purdue University, West Lafayette, IN.

Author Index

Numbers following names refer to abstract numbers; a number alone indicates an oral presentation, an M preceding the number indicates a Monday poster, a T indicates a Tuesday poster, and a W indicates a Wednesday poster. Monday, Tuesday, and Wednesday posters are listed first, followed by orals in numeric order.

The author index is created directly and automatically from the submitted abstracts. If an author's name is typed differently on multiple abstracts, the entries in this index will reflect those discrepancies. Efforts have been made to make this index consistent; however, error from author entry contributes to inaccuracies.
