

 **BOLIVIA**

The new generation: coffee dream on little space.

HMI 4.0: innovative user platform

Brilliant "Human Machine Interface" (HMI): user-friendly, automatic program.

Touch Display

Modern presentation of your products: individual colour worlds on easy-to-use touch screen, simply swiping.

2 types of coffee with 1 grinder

Spacious bean containers for 600 grams of beans. Enjoy directly the fresh grinding process.

Cup stand foldable or easy to remove

To ensure clean drink preparation for cups up to 10 cm high.

Double outlet

Double outlet to prepare two cups at the same time.

Aequator Flexi Grind (AFG)

Our Swiss made coffee grinders offers you 100% freshly ground premium coffee, due to our special empty grinding process. The product specific automatic grinder setting (coarse/fine) provides you best in cup quality for each drink.

BOLIVIA

«AFG» technology (Aequator Flexi Grind) in our coffee machine Bolivia creates the perfect pleasure enjoying your favourite coffee drink. The innovative user platform with integrated 7" touch screen make drink selection and general use of the machine really easy. Icons, automatic user interface, movies and pictures help you to prepare fabulous coffee without problems.

Approval marks

Our ISO 9001 and ISO 14001 certificates prove that the company Aequator AG fulfils the international standards of quality management and environment management.

HOT-START

Aequator's unique heating system creates pleasantly hot coffee enjoyment, from the very first cup.

HYGO-MILK

Best hygiene milk system keeps bacteria away and reduces maintenance and cleaning work (meets EU hygiene regulations HACCP).

FLEXI-GRIND

Excellent taste guaranteed by automatic quality control of grinder and automatic adjustment of grinding and brewing times.
