

BEFORE THE SECRETARY OF AGRICULTURE, TOPEKA, KANSAS
FEDERAL NOXIOUS WEED QUARANTINE

The Secretary of the Kansas Department of Agriculture, pursuant to authority authorized by K.S.A. 2-2117, hereby determines that quarantine action is necessary to prevent the further introduction and spread of federal noxious weeds into and within the State of Kansas.

The Secretary does hereby make the following findings relevant to these federal noxious weeds:

WHEREAS, the U.S. Department of Agriculture (USDA); Animal and Plant Health Inspection Service (APHIS); and Plant Protection and Quarantine (PPQ) has designated 96 species of plants as noxious weeds pursuant to authority provided in the federal Plant Protection Act (Public Law 106-224).

WHEREAS, the Kansas Department of Agriculture has determined that all federal noxious weeds are plant pests as defined in K.S.A. 2-2113.

WHEREAS, federal noxious weeds have innate tendencies for invasiveness which requires that an internal and external quarantine of all federal noxious weeds be established in the State of Kansas.

THE SECRETARY DOES THEREFORE ORDER THAT:

In order to prevent and retard, suppress, and control the spread of the plant pests, the movement of federal noxious weeds **into the State of Kansas** from any other state of the United States, by any person is prohibited.
