PART OF THE SPECIALIST JOURNEYS GROUP OF TOUR OPERATORS

2024 HAS ARRIVED!

We are delighted to share the final edition of the 2024 brochure with you. Within the pages of this brochure, you will find journeys exploring almost every corner of the ancient world – all on the hunt for that spine tingling shiver you get when you stand where history was made. We want you to return home with something much more substantial than a whistle stop tour and a souvenir from the local bazaar. You can see it in every programme we offer: expertise, integrity and passion for our specialism, whether you are looking for a classical odyssey amongst the great temples of the Mediterranean or ancient petroglyphs on the edge of the Arabian desert.

We have applied this same philosophy to our growing portfolio of cruise itineraries. This new venture has allowed us to poke into corners of the ancient world we have previously had difficulty accessing and those new to cruising have been thoroughly enjoying the experience. Take a look at our cruise brochure included with this package.

In this brochure you will find two new epic programmes designed to appeal to those adventurers among us. We are returning to Central America where we discover the Maya and explore the shores of the beautiful Lake Atitlan page 132 and travelling to Oman & Saudi Arabia where we unpack the history of ancient Arabia page 120.

And remember our group size has now got smaller. With maximum numbers of 18 on every tour, you can enjoy the sociability of travelling with people who share your passion but in a group small enough to allow for ease of access and quality time with your Guide Lecturer.

Make sure you don't miss your spot on our most popular tours. Several are already full and whilst we are adding extra departures where we can, we cannot guarantee that this will always be possible.

Happy browsing!

Often imitated, never matched

No one does archaeological touring quite like Andante, the first specialist UK operator to go beyond the surface of cultural travel, to dig deeper into the past and create unique explorations of some of the world's most important sites. From the relationships we have with local custodians to the way travelling with an expert enhances the experience, and from 24-hour support from our team while you're on tour to the careful thought that goes into each itinerary, trust Andante for your next ancient world adventure and travel with the best.

KEEPING IT SMALL

As a small 'in house' team we are able to exercise personal control over the many aspects of our intricate tour arrangements. Thoughtful attention is given to the itinerary, from the places we stop for refreshments to the possible addition of a special site known only to archaeologists. And now with a maximum group size of 18, we can travel with more flexibility and enjoy more of those spontaneous encounters which are simply not available to travellers on a typical group tour of 40 or more.

INSIDER KNOWLEDGE GARNERED FROM NEARLY 40 YEARS OF TOURING

We are fast approaching our 40th anniversary in travel and our longevity in the industry means that not only do we know the destinations and sites we visit inside and out, we have also fostered strong relationships with the people on the ground who help us bring our carefully curated itineraries to life. This, in turn, enables us to create the most in-depth, all-encompassing, and immersive tours possible for our guests. We know the best way to get you there, the most effective routes to travel around and how to make your time on site as memorable and worthwhile as it can be.

QUALITY TIME ON SITE – WE DON'T CUT CORNERS

When you choose an archaeological tour with Andante, rest assured that your time at sites both iconic and lesser known will be very well spent. We don't cut corners, you won't be rushed, and your visits throughout will be at a pace that independent travellers aim for when they explore the ancient world.

WE ONLY SEE THE VERY BEST ON TOUR AND ONLY ADD FREE TIME WHEN IT IS IN THE BEST INTERESTS OF GUESTS TO DO SO

While our tours are still holidays, we understand that our guests want to explore the destination they have chosen and really get the most out of their time away. Our itineraries are designed to showcase the best of what's on offer, travelling between archaeological sites and museums, restaurants, and hotels, so that nothing worth experiencing is missed.

TOUR MANAGERS AS WELL AS GUIDE LECTURERS SO THEY CAN FOCUS ON INFORMING

In addition to travelling in the company of an expert Guide Lecturer, you

will be accompanied by a Tour Manager throughout your trip, who will be on hand to manage the day-to-day aspects of the overall experience, leaving your Guide Lecturer free to focus on informing and entertaining.

CALIBRE OF OUR GUIDE LECTURERS - HIGHLY SOUGHT AFTER FOR THEIR IN-DEPTH KNOWLEDGE

Our Guide Lecturers can present a site in a much wider historical context than any local guide. As excavating archaeologists and historians they are some of the few (and sometimes very few indeed) real specialists in their field of expertise. Archaeology is all about discovery and our lecturers will paint vivid pictures of life in the past as they guide you across the ancient world and inspire you beyond the usual boundaries of a locally guided tour.

CAREFULLY THOUGHT-OUT PROGRAMMES THAT FOLLOW A THEME

Our itineraries are designed by experts and led by them, too. We work closely with our Guide Lecturers from the early tour development stages, and, thanks to their insight, our tours remain engaging and invigorating, as it's in their warm and skilful presence that the past quickly springs to life. Our programme is diverse and exciting, with each itinerary delving deeper into the stories of an era, a particular civilisation, or the life of a particular individual.

EXCELLENT VALUE – INCLUSIVE OF MEALS AND WINE AT DINNER, NO PASSING AROUND A HAT FOR TIPS AS THESE ARE ALL INCLUDED

The price you pay for your Andante Travels tour represents excellent value for money. With most aspects of your tour included, from return flights and entry to all sites as per the itinerary, from tips to treats and – more often than not – wine with dinner. There is very little you will need to budget for on holiday except souvenirs and drinks at the bar.

24HR PRACTICAL ASSISTANCE

Should you need any help or advice before your tour, our friendly team is always ready to help from the office. While you are on holiday, our Tour Manager is on hand to help, at the end of the phone or just a step or two away, should you need them. And with round the clock support from our operations team, we can provide practical assistance at every point of the tour.

Knowledge you won't find elsewhere

What makes an Andante Travels tour a cut above the rest? The simple answer is our expert Guide Lecturers. They are not just guest speakers who rely on local guides to point the way. Our outstanding team of engaging presenters will lead you through the sites you see, focusing on the detailed indicators of the past, explaining how things work and what a miracle of human ingenuity they represent. And they are your travelling companion, part of the group, there at all times to join in the laughter and chat, your expert on hand to converse with and put those all important questions to. Guests who travel with us frequently tell us that is not only the high quality of guiding they receive but also the informality and easiness of travelling with an Andante lecturer which keeps them coming back.

OUR AWARDS & ACCOLADES

The past year has been a tremendous one for us here at Andante. Not only did we win a Feefo 2023 Gold Trusted Service Award for excellence in customer service, but we also won a silver for the Best Travel Company to Italy/Western Mediterranean Islands. Plus of course, our very own John Shepherd won the Wanderlust World Guide Award - History & Culture 2023. Historically, we have also seen our tours included in National Geographic's 'Trips of a Lifetime' feature. Here's to continued success throughout the year!

With us, travel solo but not alone

Travel takes us out of our comfort zones and inspires us to see, taste and try new things. It constantly challenges us, not only to adapt to and explore new surroundings, but also to engage with different people, to embrace adventures as they come and to share new and meaningful experiences. It can be daunting when travelling alone but with Andante Travels, you are never alone unless you choose to be.

A COMPANIONABLE EXPERIENCE

Our tours are inclusive, informal and fun and Andante guests are some of the most interesting people you could care to meet. Travelling in a party of people who share your interests is an enriching experience. Friendships are quickly formed – and some last for decades with guests meeting up long after their tour has returned and arranging to travel together on future adventures.

As part of an Andante escorted tour, you will have the reassurance that our tour staff are very much part of the group. Unlike some guides who only engage when leading and make themselves scarce as soon as the opportunity arises, Andante staff are with you every step of the way, sharing the same experiences, enjoying the same meals (and often the same tittle at the bar), and laughing at the same absurdities that can happen on tour (a tortoise holding up the bus springs to mind!). Meal times are therefore never solitary, evenings are never dull and our tours are delightfully companionable. Regardless of whether you are travelling with friends, with a partner or solo, rest assured you'll be at the heart of it all with Andante.

ZERO SINGLE SUPPLEMENT OR 50% DISCOUNT PLACES

Over half of our guests travel solo and many of them tell us that single supplements across the travel industry, including ours, are sometimes too high. They feel disadvantaged for travelling alone. We listened, and we negotiated hundreds of places on a selection of our tours in 2024 at zero single supplement or 50% discount*. As you might expect many of these places have already sold, but we still have a few left on selected tours.

What's more, we offer double rooms (for sole use) as standard for our solo travellers so you will never be stuck in a room with just a single bed in a distant corner of a hotel. And our Tour Managers are experts in supporting solo travellers on the road. This is all part of our commitment to become the very best special interest travel company for solo guests.

THE IMPORTANCE OF THE INDIVIDUAL

We may travel as a group but we always respect the individual. There is no badge-wearing, roll-calling, umbrella-waving or whistle-blowing on Andante tours. And, wherever possible, we build time into our site visits to allow our guests the freedom to explore and make discoveries of their own. So, if you want to spend some time sketching, writing, mediating on a mosaic or settling down for a chat and a coffee with new friends, we are the travel company for you.

Which tour should
you choose?

BIG NAMES OF THE ANCIENT WORLD

There are some places so famous and evocative that even people who might think they were not particularly interested in archaeology find themselves fascinated by them. There are many ways of visiting them, and many operators who will take you there, but it would be a shame not to do justice to these iconic ruins. You could go home as a tourist who has ticked it off your list or you could go home with an understanding of why this place was so important and how it fitted into the huge jigsaw of the human past. Do it properly - you won't regret it.

Machu Picchu p134 | Petra p118 | Delphi p54 | Pyramids p100 & 102 | The Parthenon p52 & p58

DIGGING DEEPER

Something which Andante does especially well is to create tours based on a specific time frames, culture or geographic area. When the spotlight of the tour is on one overriding theme, we can engage in an even richer dialogue with the past. Those who travel regularly with Andante or who want to dig deeper into a particular subject, may find these tours particularly appealing.

**The Etruscans p28 | The Samnites p36 | Crete & Santorini p56 | Cave Art of the Dordogne p76
Rock Art in Spain & Portugal p82 | Egypt Encompassed p102**

HIDDEN HISTORY OF ICONIC CITIES

Combine the conviviality and convenience you've come to expect from Andante with access to special and often overlooked sites. Whether you are celebrating a special anniversary or big birthday or just want to explore your favourite European destinations in greater detail – these are the tours for you.

Hidden Rome p26 | Hidden Paris p68 | Athens p52 | Berlin p77

EXCITING AND ADVENTUROUS

There are still many wonderful sites in the world which require adventurous forms of travel and some effort to reach them. We travel by motor-launch boat to Lamanai Outpost Lodge in the jungle in Belize, by bullet train from Samarkand to Tashkent, and mountain train to Machu Picchu, by 4x4 vehicles through the Savannah and reaching far into the Pacific, we venture to Easter Island, one of the remotest places in the world.

Chile & Easter Island p130 | The Maya p132 | Southern Peru p134**

OMNIVOROUS ARCHAEOLOGICAL TRAVELLERS

Sometimes it isn't enough to explore a single culture or period of time in an area. It is more fun to go and discover the human past from its earliest beginnings to the present day. Our quest in such cases is to follow the development of humankind in the area through archaeology, ancient and medieval and modern history in a marvellous layer cake of fabulous sites.

Sicilian Civilisation p32 | Puglia & Basilicata p34 | Morocco & Andalucia p92 | Tunisia - North & South p96 | Carthage & Roman Tunisia p98 | North East Turkey p112 | Turkey - from Catal Hüyük to Göbekli Tepe p114

NATURALLY APPEALING PROGRAMMES

Archaeological sites are often in beautiful and remote places. Even those at the very heart of the tourist trail frequently hide in the untouched hinterland. This means that the wild flowers, natural geology and birds and beasts of the field add a special interest to many of our holidays but there are a selection which will bring you closer to nature than others.

DISCOVERING THE ROMANS OUTSIDE OF ROME

The reach of the Roman Empire was vast and at its height in the 2nd century AD, stretched all the way from Britain's unruly northern borders to the Arabian Peninsula and the Middle East, and as far south as the sands of the Sahara. The Latin phrase imperium sine fine ("empire without end") expressed the ideology that neither time nor space limited the Empire. This colossal empire left its mark on the European continent – much of which can still be seen today. Here's our pick of the best tours to discover the Romans outside Rome.

**Romans & Gauls p74 | Roman Germany p78 | Algeria p94 | Tunisia - North & South p96
Carthage & Roman Tunisia p98 | Jordan p118**

Cruising into 2024

On a river cruise you gain a unique perspective when you explore a region from its waterways. Free from the obstacles imposed when travelling by land, you can sail in the wake of legendary heroes, glide along rivers once exploited by Viking raiders and traders and admire the ingenuity of the engineers of the industrial age, making your way along canals which helped link river to ocean and continent to continent. On a cruise at sea you'll travel along coastlines and across stretches of the Aegean, Tyrrhenian and Adriatic for authentic voyages of discovery.

We can take you to places that bigger vessels simply cannot venture to as our small ships can sail right into port and stepping from river boat to shore is simplicity itself. This means more time not only to explore lovely port cities but to reach further inland and uncover hidden gems, as well as to soak up the sites and digest their stories. You'll find full details of all of these cruise in our separate cruise brochure and on our website.

HIGHLIGHTS OF THE VIKING HOMELANDS

The Vikings were the greatest seafarers, raiders, and traders of the Early Middle Ages. Far from being a race of unwashed barbarians, they presided over a trading network which extended from Greenland to Baghdad. They fought with swords forged from Afghan steel, imported silk from China, reached the coast of North America and sent mercenaries to Constantinople. Following in the Viking's footsteps, we make our own epic voyage across Denmark into Norway and culminating in Sweden. **For more details, see page 70.**

We will also indulge in a spot of wine tasting along the way. **For more details, see page 74.**

New tours for 2024

THE ARCHAEOLOGY OF ROMAN ISTRIA

An idyllic peninsula famed for its ancient ruins and beautiful Venetian cities, Istria is an ideal destination for the archaeological enthusiast. This new tour visits Roman remains in the elegant city of Trieste, the Euphrasian Basilica in Poreč with its magnificent shimmering mosaics, and the site of Vizula, where the remains of an opulent Roman villa can be observed. During this six-day tour, we will also visit Pula, which has some of the finest ruins anywhere outside of Italy, including the superb Temple of Augustus and a famous amphitheatre. **For more details, see page 80.**

ROCK ART OF PORTUGAL & SPAIN

Led by Dr Paul Bahn this tour offers a rare opportunity to visit rock art away from the typical tourist trail across the Spanish and Portuguese border region. In the Côa Valley, we discover cave art without the caves as there are over a thousand rock art depictions here across more than 80 different sites. Enjoy a scenic rail trip along the valley of the Foz Coa on the MiraDuoro train, spend two nights in Porto and hop across the border to Spain and visit Siega Verde, where we explore many of the rock art sites, some of which date back twenty millennia. **For more details, see page 82.**

PREHISTORIC MALTA & GOZO

This week-long tour on the island of Malta packs a punch where historical sites are concerned. Our focus throughout is on the earliest occupation, when this tiny archipelago was home to an astonishing culture that created elaborate stone temples and rock cut tombs. Visit Haġar-Qim and Mnajdra, the UNESCO-listed Hal Saflieni Hypogeum and, on neighbouring Gozo, the Xagħra Stone Circle and prehistoric megalithic complex of Ggantija. **For more details, see page 88.**

EGYPT ENCOMPASSED

Egypt is a country where adjectives are insufficient to describe the monuments and experiences which are not to be found anywhere else in the world. This new epic tour encompasses all of these iconic sites and so much more. Starting with the Old Kingdom and the 'Age of the Pyramids' and ending with the Ptolemaic Dynasty and the Romans, we take a journey of a lifetime as we explore Upper and Lower Egypt travelling through the millennia. **For more details see page 102.**

EXTRA DEPARTURE DATE ADDED

SOUTH AFRICA & GREAT ZIMBABWE

Trace our human origins in the African Savannah on this 16-day exploration, led by expert Guide Lecturer John MacNabb. This tour includes a chance to spot the Big 5 during game drives at Kruger National Park, and we will take you from the famous Sterkfontein Caves to the relatively unknown archaeological treasures over the border in Zimbabwe, giving you a chance to tick some real wishlist-worthy sites off your must-visit list. **For more details, see page 106.**

EXTRA DEPARTURE DATE ADDED

TURKEY: FROM ÇATAL HÜYÜK TO GÖBEKLI TEPE

Enjoy 14 memorable days on a kaleidoscopic journey through the heartlands of Turkey in the expert company of Terry Richardson, our Guide Lecturer for the tour. We will travel from Çatal Hüyük, arguably the earliest city in the world, to Göbekli Tepe, a remarkable early Neolithic complex in upper Mesopotamia, visiting an array of other sites in between that range from the UNESCO-listed site of Nemrut Dag to the incredible rock-cut churches in Cappadocia. **For more details, see page 114.**

OMAN & SAUDI ARABIA

Oman has been a crossroads of commerce for millennia, 3rd Millennium BCE Akkadian traders came here from Mesopotamia for copper, Petra's Nabateans for incense. Greek and Roman merchants rode the monsoon winds that blew them to India and back, and Arab seafarers used it as a base for trade to East Africa. Over recent years Saudi Arabia has opened up to the world and we explore its incredible history from the ancient petroglyphs at Al-'Ula to the Nabatean Rock cut tombs at Hegra and the historic Roshan in Jeddah. **For more details, see page 120.**

THE MAYA

The juxtaposition of extreme cruelty and high cultural sophistication in the Maya world takes modern visitors by surprise but this enduring mystery of a magnificent civilisation, compounded by exotic jungle surroundings, make for a thrilling 'page-turner' of a tour. We now have intricate details of the lives, politics, religious rituals and wars of the all-powerful and colourful figures who were the Mayan aristocracy. A vivid picture has emerged of competitive city-states headed by aggressive dynasts regularly at war, with blood-letting and human sacrifice at the centre of their religious practice. **For more details, see page 132.**

THE ROMANS IN NORTHERN ENGLAND

Hadrian's Wall is among the most famous monuments in the vast Roman Empire. Yet the Wall is only a small part of a far greater range of archaeological remains of Roman Britain's provincial army. Primarily a military region at the edge of the empire, northern England was a complex of roads and defences and everywhere there is evidence of the trail they blazed during those four centuries when the greater part of Britain became a province of the mighty Roman Empire. **For more details, see page 148.**

Italy

It is not an exaggeration to say that the peninsula of Italy, shaped as it is by its vast history, is crawling with world-class sites and monuments. Here, we find the haunting site of Pompeii, the Valley of the Temples, the phenomenal remains in the city of Rome and much, much more. Our Italy portfolio has expanded over the years, and we are proud to present our full – and possibly largest – collection of itineraries that can take you there in 2024.

What is staggering about Italy's cultural remains is not just the sheer number of them – 53 cultural World Heritage Sites and 31 tentative World Heritage Sites – but the wonderful variety. From the white-tipped peaks of the Dolomites to the orange groves at the foot of Mount Etna, this destination offers a unique insight into our cultural past, not just because it is the homeland of the Eternal City but because it hosts such a rich collection of archaeological sites, including the world-famous, utterly breathtaking Vesuvian towns.

Southern Italy, called Magna Graecia by the Romans, was once one of the most affluent parts of ancient Greece, conquered by the Normans and later ruled by an Islamic Caliphate. As a result, it is home to some of the most awesome Greek Temples and impressive Norman castles in the world. Sardinia and Sicily, two of the largest islands in Mediterranean, traded with and were colonised by peoples from all over southern Europe and North Africa, and are blessed with a plethora of extraordinary Neolithic and Bronze Age sites as well as Phoenician settlements, giving rise to the culturally rich havens that they are today.

Moreover, Italy has been indelibly influenced by that city on the Tiber, which was the epicentre of an empire that encompassed all of the Mediterranean, as well as a third of the world's population at the time. For its centrality to Christianity, Rome can still lay claim being called the caput mundi and nowhere is this more felt than in Italian cities, which were nearly all shaped in the Roman period and reinvigorated in the Medieval and Renaissance, which sought, above all, to emulate Rome. It is for the splendour of its medieval cityscapes and richness of its Renaissance architecture that central and northern Italy is justly famous. It is here that artists, trying to go back to Roman aesthetics, produced those uniquely exquisite frescoes that adorn churches and palazzi, as well as canvases that grace a multitude of museums.

"We had a wonderful time seeing amazing sites with a great guide lecturer and an excellent tour manager.... The thought that went into planning the tour, plus the flexibility to make adjustments at the last minute, was quite impressive, and a demonstration of the deep knowledge of the area by the guide lecturer and other tour planning personnel. John Shepherd has an outstanding ability to explain Roman (and Greek) culture in an interesting way, and it was a joy to travel with him."

Guest, September 2023

"I really enjoyed it - I saw many places I would not have been able to visit if I was just on my own and I learned much from our archaeological guide, Tony O'Connor. The group mixed well on the whole (18 of us) and I have made some new friends."

Guest, September 2023

"The very best guide we have ever experienced. John Shepherd was professional, knowledgeable and very easy to listen to and to learn from."

Guest, September 2023

Nowhere in the world gives deeper insight into Roman life than the dramatic seaside towns of Pompeii and Herculaneum. Before the cataclysmic eruption of Vesuvius these were thriving, lively seaside towns.

Pompeii, a trading town equipped with many bars, shops and brothels, while neighbouring Herculaneum was an affluent and elegant town. All this came to an abrupt halt, however, one autumnal day in AD 79, when Vesuvius - which had done little more than rumble for years - erupted with incredible force.

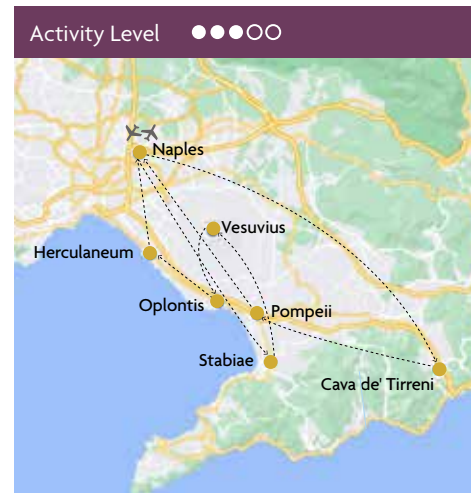

Two thousand years later, the sites of the Bay of Naples confront the modern visitor with a vivid, haunting immediacy like nothing else in the ancient world. In some cases we even know the names, professions and personal histories of the people who owned the villas and shops we visit. The preservation of Herculaneum, Pompeii and its surrounding sites is remarkable and the archaeology beyond compare, which is why we have been leading tours here for over 30 years. And this is an exciting time for visitors as new discoveries are being made and new houses opened. Walk with us as the Romans did, from amphitheatre to baths to forum, as our Guide Lecturer conjures an evocative picture of the everyday life of these prosperous Roman towns.

Tour Highlights

- Special access to Villa Sora in Torre del Greco
- Enjoy visits to off the beaten track villas at Stabiae
- Private access to the Cave of Sejanus (Grotta di Seiano) and the adjoining Villa of Pausilypon with its dramatic coastal views
- Explore the newly excavated House of Leda in Regio V

"It was wonderful. The hotel was lovely, arrangements were excellent throughout. Tour manager and guide were exceptional. It was everything I hoped for in terms of where we visited. It is lovely to go on holiday and not have to worry about driving, or finding restaurants, or being on your own. It was a magical trip for me."

Guest, September 2023

Day One | Cava de' Tirreni

Arrive Naples and then we transfer to our hotel on arrival.

Day Two | Cava de' Tirreni - Paestum

Our day begins with a visit to the fascinating site at **Paestum**, ancient Poseidonia. Long before the Romans came, this was a thriving Greek city that was part of greater Greece from the 6th century BC. After lunch, we visit the **Paestum Museum**, famed for its archaic metopes and its painted tombs. We will also be able to visit the magnificent **Store Rooms** of Paestum after almost a two-year closure due to the pandemic.

Day Three | Pompeii

We devote the entire day to **Pompeii**. No other site compares in revealing details of daily life in a Roman town. We visit some of the most well-preserved buildings as well as an amphitheatre, theatre, forum, bath-houses, bars and even brothels. Fountains in the street are worn from where countless people rested their hands to take a drink and Roman graffiti can still be seen on the walls. Travelling via the best routes to avoid the crowds, we visit some houses that are newly reopened to the public.

Day Four | Naples - Pozzuoli

Our first visit of the day is to the fabulous **National Archaeological Museum** in Naples, home to exceptional collections of artefacts. After lunch, we move on to **Pozzuoli** and visit one of the world's most impressive amphitheatres. Later, we are granted private access to the **Cave of Sejanus**, an impressive tunnel dating to the age of Augustus, which gives access to the lovely seaside villa of **Pausilypon**. During our visit here, we can see a theatre and odeon, built at a later date.

Day Five | Stabiae

Go off the beaten track today to the villas of **Stabiae**, an exclusive Roman resort for the very wealthy. The vast **Villa San Marco**, with its swimming pool and bath complex, is one of the most opulent along this coast and it remains very impressive in its scale. Subject to renovations being completed, we hope to visit the **Villa Arianna**, with its wonderful frescoes and fabulous views over the Bay of Naples. After lunch we visit the **Archaeological Museum of Castellammare di Stabia Libero D'Orsi** which opened in September 2020 specifically for the exhibition of the many important items found in the region of Stabia. There are a large number of finds on display, some never before exhibited in Italy, including frescoes, inlaid floors, stuccoes, sculptures and tableware.

Day Six | Herculaneum

This morning we travel to **Villa Sora in Torre del Greco**, where we have special access to a fine residence once thought to be owned by a member of the Julio Claudian Family. Later, we head to **Herculaneum**, which perfectly complements a visit to Pompeii. This seaside city was buried to a significantly greater depth than Pompeii — under 23 metres of pyroclastic to be exact — perfectly preserving every-day objects as well as houses up to their rooftops. In addition to the site, we explore the Antiquarium, newly opened after 44 years, and which houses precious articles found along Herculaneum's sea front, including a well-preserved boat.

Day Seven | Vesuvius - Oplontis

Today, we ascend to the great volcanic crater of **Vesuvius**. The majority of our journey will be by bus, but the final part requires a short walk, which will be well worth the effort. The walk starts at Monte Somma, the crater of the AD 79 eruption, where we grasp the scale of it. After the ascent and peering into the crater being forged since the ancient eruption, you will see fumaroles and the layers of previous eruptions, while walking around the perimeter of the crater affords magnificent views over the Bay of Naples. On good days, you can even make out Pompeii. After lunch, we will continue on to the impressive villa at **Oplontis**, which boasts sumptuous frescoes, a bath complex, an enormous swimming pool, and interesting slave quarters. This villa was supposedly owned by Emperor Nero and was both destroyed and subsequently preserved by Vesuvius' eruption.

Day Eight | Naples

After breakfast, our tour ends..

Reasons to return to Pompeii...

Pompeii is an archaeological site with enduring appeal. With new discoveries constantly being made and new houses frequently opened up, it offers the visitor a promise of something new if they were to return.

We have been taking groups of curious guests to Pompeii for decades now and no two tours are rarely the same - and this year is no exception. Our itinerary includes everything you could possibly want from an exploration of Pompeii and its surrounding areas, but we have updated it as a result of new openings and we hope you will find our new inclusions most fascinating.

Following a 20-year restoration, the House of the Vettii has now been opened to the public and we can take you there. Home to colourful (and risqué) frescoes, it is named after its owners - Aulus Vettius Restitutus and Aulus Vettius Conviva - who were former slaves. According to experts, the pair rose through the ranks as merchants, selling wine, and reached the peak of social status, albeit economically. The House of the Vettii was extravagant and its opulent architecture, bronze and marble statues, and courtyard garden are astounding to witness, even today.

Additionally, a new exhibit has opened up at the Reggia di Portici entitled 'The Wood that Didn't Burn', which consists of wooden artefacts found in Herculaneum that were preserved by virtue of the more than 20-metre deep pyroclastic flow that hermetically sealed the seaside city, delicately preserving its organic objects. Speaking about the exhibit, which we visit on this tour, Dr Eireann Marshall said: "The survival of these wooden objects is due to the unsung heroes of the exhibit, namely the restorers and archaeologists who have developed new techniques for preserving ancient wood, which have involved bathing objects in increasingly concentrated solutions of hydrogenated sugars, which crystallise in the wood, when it is dried, reinforcing it. The exhibit is unmissable for anyone with a passion for the ancient world and goes to the heart of what makes Herculaneum special."

Another new visit on this, our flagship tour, is to the Villa Sora in Torre del Greco, where we have special access to a fine residence once thought to be owned by a member of the Julio Claudian family. The excavations here are opened exclusively for our group.

Finally, we will also take you to the newly excavated houses of Orion and The Garden, where you will get to see the charcoal graffiti that may be evidence for the eruption of Vesuvius being later in the year than originally thought.

The Villas of Lazio

Senators and sinners

7 DAYS

From \$4,653pp **SAVE UP TO \$517pp**

Departing June

Fantastically elaborate, brimming with sculpture and symbology, the villas of Lazio embody the high art and low political intrigues of Renaissance Italy. Built for popes and princes, these villas hark back to a much older tradition when Roman emperors would retreat to their palaces in the Sabine Hills. Oliver Gilkes, an archaeologist who has excavated extensively in Italy, explores the 'villa' in all its many and various forms. From the rustic farms of antiquity, beloved of Roman poets, to the vast complexes of later eras, villas reflected their owners' wealth and status whether modest farms or palaces. Iconic sites set in the rolling hills of central Italy: they are the setting for hothouse politics and veritable treasures of architecture and art.

Tour Highlights

- Discover the evocative countryside of South Etruria and the Sabine and Alban Hills, forests, hills and mountains
- Explore fabulous gardens and admire an extravaganza of water features, fantastical sculptures and rustic ruins
- Admire the pristine blue waters of Lake Nemi, inspiration for artists and writers undertaking their grand tour

Activity Level ●●●○○

Day One | Rome - Frascati

We fly to Rome and transfer to our hotel in Frascati.

Day Two | Villa of Horace & Arcinazzo Romano

We drive into the beautiful Sabine Hills, the retreat of Renaissance princes and Roman emperors. Here we discover the little valley of Licenza and the **Villa of Horace**. The villa was once a modest farm estate, which underwent later aggrandisement with a suite of baths, latrine, a vivarium, or ornamental pool, with niches cut into the walls for the breeding of fish. We continue to **Arcinazzo Romano** where we view the sprawling remains of Emperor Trajan's villa and hunting lodge. No doubt providing the emperor with some 'R and R' after a hard campaign subduing the edges of Empire. In the afternoon, we visit Subiaco, **Sacro Speco**, St. Benedict's first abbey founded near the ruins of Nero's villa.

Day Three | Barberini Gardens & Lake Nemi

This morning we explore the **Barberini Gardens**, laid out over the remains of a grand villa of Emperor Domitian. The gardens are attached to the Papal

Villa at Castel Gandolfo. We continue to **Lake Nemi**, where excavations recovered the remains of two 'floating' villa ships, built by Caligula. Having survived the end of Rome, the ships were sadly destroyed in WWII, but a museum tells their story. The Antonine emperors owned several villas in the vicinity, including one near Genzano at Lake Nemi, where a small amphitheatre seems to have been added at the time of Emperor Commodus, perhaps for him to practice? After lunch, we continue to Frascati and the baroque **Villa Aldobrandini**, with extensive gardens and 17th century 'water theatre'.

Day Four | Tivoli

We visit **Hadrian's Villa**, which sprawls across the rolling countryside at the foot of the hills below the town of Tivoli. Beginning around AD 117, Hadrian took a small family villa owned by his wife and added on a whole series of grand pavilions, many of them modelled after places he had seen on his travels around the empire. The complex ended up larger than most Roman cities. We visit the town this afternoon and pay a visit to the great 16th century **Villa D'Este**. It was built by Cardinal Ippolito

D'Este, the son of Lucrezia Borgia and a major figure in the church politics of the era.

Day Five | Caprarola & Orsini

We spend the morning at **Caprarola** to visit the staggering conception of the Villa Farnese built by Alexander Farnese, nephew of Pope Paul III, to an elaborate architectural scheme of the architect Giacomo Vignola. The mannerist and 'wild' gardens conceal a 'secret garden' and smaller villa. Then on to the **Orsini/Odescalchi** castle by Lake Bracciano.

One of the largest strongholds in Italy, in the 15th century the Orsini family managed to repel attempts by Pope Alexander VI and the notorious Cesare Borgia to capture it. The castle was rebuilt as a luxurious fortified retreat and houses a museum.

Day Six | Bagnaia & Bomarzo

We enjoy a day of gardens today. The famous mannerist gardens of **Villa Lante** at Bagnaia are our first stop. They consist of an extravaganza of 16th century hydraulic engineering, which has

created cascades and the famous outdoor water dining table. We later visit the enigmatic **Park of Wonders** (Park of Monsters) at Bomarzo conceived by a wealthy mercenary general. The extraordinary sculptures scattered about the park include the heads of monsters, which served as exotic dining rooms.

Day Seven | Frascati - Rome

We transfer to the airport.

From here we will make the short drive to Sarteano where, after lunch, we have arranged a special visit to the **Tomba della Quadriga Infernale**. The tomb was a rare find in 2003 and is decorated with an extraordinary pictorial cycle in excellent condition. We will also have a chance to explore the excellent archaeological museum, housed in the 16th century **Palazzo Gabrielli**. Here we will see numerous artefacts from the area dating from the 9th century to the 1st century BCE including splendid human-shaped canopic jars.

Day Five | Rome

We spend the morning visiting the remarkable **Banditaccia cemetery at Cerveteri**, a truly extraordinary Etruscan site famed for its necropolis. This is a real 'city of the dead' with rock-cut tombs under tumuli or arranged in rows along streets. Many interiors are carved to imitate houses and temples. One tomb even has painted relief depictions of armour, household goods, furniture, and the family dog. This afternoon, we drive east to visit the **Villa Giulia Museum** in Rome, which houses one of the world's best collections of Etruscan art and artefacts including the masterpiece Apollo of Veii from Portonaccio Temple.

Day Six | Tarquinia

We visit **Tarquinia** to see the **Archaeological Museum** and exquisitely painted subterranean chamber tombs. The museum has a fine collection of grave goods, including the remarkable terracotta winged horses from the Ara della Regina Temple. Over 6000 tombs have been discovered at the

Monterozzi cemetery, which we visit next, making this one of the largest burial grounds of the ancient world. We see a selection, with depictions of banquets and funerary games.

Day Seven | Orvieto

Today we have an opportunity to explore **Orvieto**, or ancient Velzna, which the Etruscans presumably established because of the excellent defensive opportunities offered by the spectacular volcanic citadel. You will have free time to explore in the town including two archaeological museums, 'underground Orvieto', and the magnificent Renaissance cathedral. In the afternoon we visit the **Belvedere Temple Podium**, and the small Etruscan cemetery of **Crocifisso del Tufo**, where family names are carved above the entrance to each tomb.

Day Eight | Sutri

Before we head to the airport, we will visit the **Archaeological Park of Sutri**, one of the southernmost Etruscan cities and Rome's first

colony. The amphitheatre, cut out of the rock in the Etruscan style, is the perhaps the earliest in Italy. We will also visit part of the necropolis, where one of the tombs were converted first into a Mithraeum and then into a church.

Romans on the Bay of Naples

New discoveries and highlights in the shadow of Vesuvius

8 DAYS

From \$3,492pp **SAVE UP TO \$441pp**

Departing March, May, October & November

Activity Level ●●●○○

The extraordinary Roman sites in the Bay of Naples have undergone an incredible regeneration in recent years. This beautiful stretch of coast, which was developed in the Roman era by elites and emperors in search of leisure, has witnessed exciting new archaeological activities, as well as an unprecedented number of newly opened sites. While much attention has been given to the wonderful new excavations of Pompeii, much less has been said about the opening of new sections of Herculaneum, the opening of Roman sites in Positano and Boscoreale, and the excavations taking place in Terzigno and Somma Vesuviana. This tour offers a fresh take of Romans in the Bay of Naples, taking into consideration these new discoveries and sites, and offering an up-to-date examination of this prosperous and beautiful part of the ancient world. There has never been a better time to visit the towns in the shadow of Vesuvius with the advantage of it being a less crowded time of year.

Tour Highlights

- Examine the newly opened Regio V in Pompeii
- Explore the newly opened Roman Villa at Positano, with its wonderful frescoes
- Visit the newly opened Museum at Terzigno, which houses incredible remains of newly excavated villas
- A private visit to the Villa Augustea in Somma Vesuviana, which was destroyed in the eruption of AD 472 and is still being excavated

the earliest in Italy after the Roman period, and a wonderful Romanesque campanile decorated with Majolica tiles and interlacing arches. We proceed to the Arabic style 13th century **Cloister of Paradise** which has a wonderful peristyle, as well as 13th century frescoes.

Day One | Naples - Salerno

We fly to Naples and, on arrival, transfer to our hotel, the Hotel Scapolatiello, in the hills in the Monti Lattari above Salerno.

Day Two | Positano & Amalfi

This morning we drive to Positano, where we visit the **Roman Villa and museum**, with its dazzling frescoes. Discovered under the church of Santa Maria Assunta, this villa maritima, one of many opulent coastal villas built along the Bay of Naples, may have been owned by the gladiator Posides who was a slave freed by the emperor Claudius. After a period of restoration, the villa has only recently been opened to the public. After lunch, we travel down the Amalfi Coast to Amalfi to explore the **Cathedral of St. Andrew** first built in the 9th century and which is a mixture of different styles from its Arabic-Norman beginnings to the Renaissance and Baroque. The cathedral has magnificent bronze doors from the 11th century,

Day Three | Pompeii

The poignant site of **Pompeii** richly rewards a full day of exploration, walking the streets of a once-bustling Roman town, its houses, institutions, shops, bars and brothels inundated by volcanic material. The focus of today's visit is the new discoveries at the city. We will be visiting the Regio V to see the **House of Leda and the Swan**, as well as the **antiquarium** to see the coin which confirmed the date of the eruption. We will also be visiting newly opened sites such as the **House of the Fruit Orchard** and the **Praedia of Julia Felix**.

Day Four | Naples

We start the day with a visit to the fabulous **Museum of Archaeology** in Naples, which exhibits the precious frescoes and mosaics discovered in the Vesuvian towns, including the Alexander Mosaic and the paintings of Sappho and the Pompeii riot. The western wing has recently re-opened following a decades long renovation project and showcases

hundreds of previously stored finds from key sites in Campania. After lunch we explore two fascinating sites in Naples. Our first visit is to the church of **Santa Chiara**, burial place of the Angevin kings, and Bourbon dynasty where we admire the cloisters with their magnificent 18th century majolica tiles. Next, we visit **San Lorenzo Maggiore** founded in the late 13th century as a Franciscan church on the site of the site of the basilica (covered hall) of the Roman Forum.

Day Five | Baia & Pozzuoli

We enjoy a morning of Roman waterworks, beginning with a visit to the amazing **Piscina Mirabilis** - a huge cistern which stored water for the fleet stationed in the harbour at Misenum. We continue to **Baia**, terraced into the side of an extinct volcanic crater, and developed entirely in the Roman period to cater to the desires of the super-rich who built enormous villas in order to take advantage of thermal springs. We visit the **Archaeological Park** where the imperial family built an enormous thermal and palatial complex. After lunch, we venture to the **Flavian amphitheatre** in Pozzuoli, one of the largest amphitheatres in the ancient world. Here we will explore the best-preserved service rooms of any extant amphitheatre.

Day Six | Herculaneum, Boscoreale & Terzigno

Today we visit **Herculaneum**, sealed by 23 metres of pyroclastic flow from the same eruption which buried Pompeii. The nature of the eruption has meant that organic materials have survived, making this a more poignant site than Pompeii: here we see a wonderfully preserved wine shop, the stunning **House of the Stags** with its pergola

overlooking the sea and many fragments which attest to the everyday life in this upmarket city. There has never been a better time to visit the site, as two new museums have recently opened, as well as the **House of the Bicentenary** opened for the first time after decades. After an included lunch in Herculaneum, we visit Boscoreale where we visit the **Villa Regina**, discovered in the late 20th century while digging for the foundations of council housing. In contrast to the opulent villas we have seen on other days, this is a modest small holding which provides us with evidence of how ordinary people lived. We then head to the **Museum of Archaeology at Terzigno**, which houses precious remains and frescoes of 3 ancient farms destroyed by the AD 79 earthquake and excavated only recently.

Day Seven | Villa Sora & Somma Vesuviana

This morning we travel to the **Villa Sora in Torre del Greco**, where we have special access to a fine residence once thought to be owned by a member of the Julio Claudian Family. After lunch we make our way to **Somma Vesuviana** where the **Villa Augustea** will be opened especially for us. This unique site, which is still being excavated, was destroyed not by AD 79 eruption but by one in AD 472, giving us precious evidence of the regeneration of the area after the famous eruption which destroyed Pompeii.

Day Eight | Cava de Tirreni - Naples

We end our tour with one final private visit to the extraordinary archives of the **Monastery of the Most Holy Trinity at Cava de Tirreni**, which contains 15,000 parchments dating as early as the 8th century. When then head to the airport.

Sicilian Civilisation

Rich archaeological sites and impressive artistic achievements

12 DAYS

From \$6,710pp **SAVE UP TO \$750pp**

Departing May & October

Some of the richest archaeological sites and the most impressive artistic achievements of European culture are to be found in Sicily, the largest island in a sea which was itself thought to lie at the centre of the ancient world, the Mediterranean. Controlling the trade routes between east and west and the pivot of power between the 'superpowers' of antiquity, Sicily was fought over and repeatedly won throughout the history of western civilisation. As part of Magna Graecia, the city of Syracuse was second only to Athens and Carthaginians wrestled with Rome for control here during the first Punic War. This tour presents an extraordinary panorama of changing identities – Phoenician, Greek, Roman, Byzantine, Arab and Norman.

Tour Highlights

- Admire truly exceptional mosaics at the Villa Romana, Piazza Armerina
- Discover the unique landscape around Marsala with its shallow water, windmills and glistening pyramids of salt
- Discover the Valley of the Temples in Agrigento, a UNESCO World Heritage Site
- Enjoy a special access evening visit to view the stunning mosaics at Cappella Palatina

Day One | Catania

Arrive in Catania before transferring to Palermo.

Day Two | Segesta & Monreale

After breakfast, we drive out to the rolling hills, where we find the ancient Greek city of **Segesta**, home to an elegant but unfinished 5th century BC Doric temple and the remains of an impressive hilltop theatre. This afternoon we make our way to **Monreale**, the former hunting ground of the Norman kings of Sicily. Here, we discover an opulent Norman-Byzantine cathedral and abbey, founded by King William II in 1174. The site recently achieved UNESCO World Heritage status thanks to its stunning construction and mosaic work – a brilliant testament to the former opulence of Norman rule.

Day Three | Palermo

Today is ours to explore the wonders of Palermo. We start at the **Archaeological Museum**, which houses one of the most significant collections of Punic and Ancient Greek art in all of Italy. Here, we find famous metopes from the Selinus temples, as well as a fascinating array of artefacts discovered underwater. Later, we visit the beautifully decorated church of **La Martorana** and the neighbouring **Chiesa di San Cataldo**. After lunch, we visit **Palermo Cathedral**, a 12th century construction that replaced a Moorish mosque and which houses the tombs of some of the Norman Kings. This evening we enjoy a special private visit to the **Cappella Palatina**, an extravagant chapel, glittering with mosaics and gold leaf.

Day Four | Cefalù & Himara

Today we visit the charming little port of **Cefalù**. It derives its name from the Greek cephaloedion, the term used to describe the head-shaped rock which dominates the town below. In 1131 Roger II founded a cathedral here, ostensibly as a thanksgiving for

refuge on Cefalù's safe beach in a storm. Inside, reused Roman columns and capitals support gothic arches and the presbytery and apse are decorated with stunning mosaics. In the afternoon we visit the archaeological park at **Himera**, site of the legendary battle between the Greeks and Carthaginians in 480 BCE. Excavations which took place in recent years have revealed an ancient necropolis with more than 12,000 almost untouched burials, an incredibly rare find in the ancient Greek world.

Day Five | Palermo – Motya - Marsala

This morning we drive to **Marsala**, Carthaginian Lilybaeum, and visit the museum with its remains of a Carthaginian warship sank in the first Punic war, along with fascinating Punic funerary stelae. After lunch, we cross by boat to the island of Motya, a stronghold of the Phoenicians, sacked in 397 BC by the Syracusan tyrant Dionysius the Elder. While on **Motya** we visit the **Archaeological Museum**, taking time to admire its world-renowned statue of the charioteer, a striking sculpture from the early

Activity Level ●●●○○

5th century BC.

Day Six | Selinus

We start the day at the quarries of the **Cave di Cusa**, used by Selinus for their titanic temples. Their heavy work was abandoned in 409 BC when Carthaginians mercilessly sacked their city, a common refrain in the violent history of Sicily. We can still see the remnants of columns on site, sadly destined to remain both unfinished and in situ. We then travel on to **Selinus** itself to see the temples of the eastern sanctuary, including the incredible Temple G, one of the largest temples of the Greek world. We finish the day at the **Acropolis of Selinus**, dramatically positioned on plains overlooking the Mediterranean sea. Here we not only see remains of ancient temples, but of Punic housing inhabited by Carthaginians who took over the site after the sacking.

Day Seven | Agrigento

We spend a whole day exploring the magnificent remains of **Agrigento** today, the site of the ancient Greek city of Akragas. We take in the **Valley of the Temples**, a World Heritage Site of seven Doric sanctuaries, including the remarkably well-preserved Temple of Concord, with its elegant walls and columns. We also view the remains of the **Temple of Olympian Zeus**, another gigantic, Sicilian temple, with an unusual layout characterised by enormous telemons.

Day Eight | Piazza Armerina – Morgantina - Ortygia

Our journey takes us through central Sicily, stopping at the magnificent **Villa Romana del Casale in Piazza Armerina**. This late antique villa is noted for its superb collection of mosaics – the largest in the world – which can now be viewed from a newly installed network of raised walkways. Here we find the famous depiction of the “Bikini Girls”, as well as lively images of hunting and ancient games. We proceed to **Morgantina**, a city founded by the native Sikels under their leader Ducetius. The last

of the Sicilian towns to succumb to Roman rule, the city was later captured by slaves in the First Servile War in the Roman period. Morgantina has been the focus of intensive excavations in recent decades, and research here is still ongoing. We find an exciting collection of remains, including a bouleuterion – an ancient Greek political chamber – a theatre, kilns and houses complete with mosaics.

Day Nine | Syracuse

Today is all about **Syracuse**, which Cicero described as “the greatest Greek city and the most beautiful of them all”. We discover traces of Syracuse’s glorious past in the exceptional **Paolo Orsi Archaeological Museum**, where we will explore a staggering array of vases and statues, along with a unique treasury containing a collection of jewels and coins from the area. Later, we make our way to the **Neapolis Archaeological Park**, home to the Great Theatre where Aeschylus’ tragedies were once performed in the playwright’s presence. In the afternoon we walk around **Ortygia**, the oldest part of the ancient city, and the site of the remarkable 5th century BC Temple of Athena, which has been converted into the Cathedral of Our Lady’s Nativity.

Day Ten | Ortygia & Noto

Enjoy some free time exploring the wonderful island of **Ortygia** this morning. Later, we proceed to **Noto**, a baroque fantasy of a city that is now a UNESCO World Heritage Site. We explore the city with its elaborate balconies and dramatically placed churches. This afternoon we visit the late Roman villa at **Tellaro**, which contains fine mosaics depicting scenes such as the ransom of Hector’s body, and a hunting scene reminiscent of those seen in Piazza Armerina.

Day Eleven | Ortygia – Catania - Taormina

This morning we drive to **Catania** and the Piazza del Duomo, Catania’s principal square and a UNESCO World heritage site. The Duomo itself is one of Catania’s grandest sights. The facade dates from

the Baroque rebuilding of the town, although some of the earlier church did survive the earthquake of 1693. We will also visit the Roman theatre and Odeon. After lunch we drive to Taormina to visit the superbly situated Roman theatre.

Day Twelve | Catania

We return to Catania.

The Samnites

War and peace in the ancient Apennines

7 DAYS

From \$3,992pp **SAVE UP TO \$444pp**

Departing September & October

For three hundred years the hardy peoples of central Italy were Rome's bitterest enemies. Rome fought three wars against the tenacious mountaineers who had a habit of humiliating Roman generals. The Samnite Wars were fundamental for establishing Rome's control over the Italian peninsula, as well as developing Roman warfare. As an indication of this, the Via Appia was created because of the Samnite Wars, in order to facilitate troop movements. In later centuries, the homeland of the Samnites was vital for feeding the great cities of the north and south. Set amongst spectacular mountains, ancient cities, castles and abbeys, this tour reaches to the heart of Italy and considers early Italians who were so important for establishing and maintaining the might of Rome.

Tour Highlights

- Visit the theatre and sanctuary at Pietrabbondante, the Samnite religious and political centre in the mountains of Molise
- Explore the ancient site of Saepinum with an impressive theatre, which was developed to pasture flocks sent to Rome, something still done to this day
- Admire the massive abbey at San Vincenzo al Volturno, established by Charlemagne
- Examine the stunning UNESCO-listed Carolingian Oratory of San Pellegrino with its priceless frescoes

Activity Level ●●●○○

Day One | Rome - Venafrò

We arrive in Rome and travel to the ancient site of **Venafrò** on the River Volturno, famous for its olive groves. Created as a Samnite sanctuary, Venafrò was refounded as an Augustan colony at the end of the civil wars to guard the road into the mountains. Here, in the centre of the town, we explore the remains of its amphitheatre, which once held 15,000 spectators but was later reused as stables and storage for agricultural equipment.

Day Two | Venafrò - Castelpetroso

The day starts with a visit to the **Santa Chiara National Archaeological Museum**, which houses finds from Venafrum, as well as other important sites, including the abbey of San Vincenzo. Here alongside imperial statues, we see the so-called Venus of Venafrum. We proceed to the **Pandone Castle**, originally built in the 10th century on the remains of earlier fortifications and redecorated in the Renaissance. We proceed along the River Volturno, where, at the headwaters of the river, we

visit **San Vincenzo al Volturno**. Here we explore the excavations, partly conducted by your Guide Lecturer, which have revealed the great 9th century Carolingian Abbey and its painted crypt. This was a major centre of culture in the Medieval period - a light in the so-called Dark Ages.

Day Three | Isernia & Saepinum

This morning we explore **Isernia**, which was a strategic Samnite city that dominated the roads across Italy. Renamed Aesernia after its seizure by Rome, the city proved its worth in the war against Hannibal. Our first visit is to the **National Museum of the Palaeolithic**, which displays the amazing Palaeolithic finds from the area; we continue to the excavations under the **Cathedral** and the **Civic Museum of the Memory and History**. We drive onwards to **Saepinum** where a market town was established to control the movement of flocks from the grasslands of Apulia north to Rome, as is attested in an inscription found on the site.

Day Four | Pietrabbondate & Schiavi di Abruzzo

We drive to **Agnone** famed for its bronze casting tradition and the location of a Papal bell foundry and has been making bells for generations. The Oscan table, found here in the 19th century, is the most important inscription in the region and gives us priceless information about Oscan, the language spoken by Samnites. We move onto **Pietrabbondante** where we explore the excavated remains of the ritual sanctuary of the Pentri tribe. Used for major religious events, the huge temple and theatre were the seat of discussions regarding peace and war. It was destroyed by Cornelius Sulla in the Social War. In the afternoon we drive to **Schiavi di Abruzzo** where we see another mountain sanctuary which boasts two well preserved and reconstructed temples.

Day Five | Castelpetroso - Silvi Marina

Today we venture into the Abruzzi mountains to **Iuvanum**, a market town established for the ancient shepherds of the uplands, which includes a sizeable forum designed as an ancient market for the buying and selling of livestock, as well as temples and a small theatre. We proceed across the Sangro River to the **Rocca Scalegna**, where we visit the Angevin castle, which was built during its conflict with the Aragonese and which is dramatically set, clinging to an overhanging rock. Afterwards, we head to **Chieti** to visit the **National Museum Villa Frigerj** whose highlights include the extraordinary Capestrano Warrior, and an inscription found in Penna Sant'Andrea which is written in Paleosabellic, an ancient Italian language.

Day Six | Silvi Marina - L'Aquila

The days starts in the wide valley of **Sulmona** where we visit the sanctuary of **Hercules Curino**, one of

the most important ancient shrines of Abruzzo, dedicated to a deity venerated by travellers and sailors. The sanctuary is laid out on a number of terraces, the oldest of which is on the highest level; on the middle level there is a shrine which preserves a polychromatic mosaic and frescoes. We proceed to the UNESCO-listed Oratory of San Pellegrino in **Bominaco**, a Benedictine Carolingian chapel that preserves priceless frescoes, as well as the Romanesque church of **Santa Maria Assunta**. After lunch we visit **Fossa**, where a unique Samnite tumulus cemetery is criss-crossed with rows of standing stones.

Day Seven | L'Aquila - Aminternum

On our last day, we pay a quick visit to **L'Aquila**. Here, we visit the famous fountain of the 99 spouts, gifted to the city by Emperor Frederick II. Then on to **Aminternum**, a substantial Roman city whose remains include a theatre and amphitheatre. After lunch we proceed to Rome for our flight home.

Archaeology in the Heart of Italy

Etruscans, Romans and cultural transformation in Umbria and Lazio

8 DAYS

From \$4,217pp **SAVE UP TO \$469**

Departing May

On this tour, we explore the historical wonders of Umbria and Lazio, in what is geographically and historically the heart of Italy. Based in one hotel, in the beautiful city of Viterbo, we explore famous sites, as well as those that are lesser-known and considered off the beaten track. In this epicentre of Italy, we will explore the different peoples who lived here and how they were transformed first by Etruscans and later by Romans who dominated them culturally. We will be exploring Latin and Faliscan sites, such as Sutri and Falerii Novii, which first came under the influence of Etruscans and were later transformed by Rome. Likewise, we will be exploring Etruscan sites at Vulci and Volsinii, today's Orvieto, which metamorphosed in the period of Roman dominance. At many of the sites, we will also be exploring the evolution of the cities after the Roman period, when ancient monuments were used to build medieval abbeys and churches. By mapping the historical changes which occurred in these precious archaeological sites, we are exploring the heart of what it was to be Roman or Etruscan. In asking these questions, our visits will take us to indescribably beautiful hilltop cities, such as Orvieto and Narni, with their medieval cores and Renaissance treasures.

- Explore the well-preserved site of Vulci, with its Etruscan tombs, Roman monuments and medieval abbey
- Examine Sutri with its amphitheatre, unique mithraeum and medieval Templar church, built amidst the ruins of the ancient city
- Consider the important Etruscan remains in the beautiful city of Orvieto with its precious medieval cathedral
- Visit the important National Etruscan Archaeological Museum and the Palace of Popes in the amazing city of Viterbo

Day One | Rome - Viterbo

We fly to Rome Fiumicino and travel to the lovely city of **Viterbo**, once Etruscan and transformed in the medieval period when it became the resident of popes. Time permitting, we will have an orientation walk around the city when we arrive.

Day Two | Viterbo

Today we spend the day in Viterbo, the city with Etruscan origins which became home of the popes in the 13th century when they were fleeing the hostility of the Roman populace. We start at the **National Etruscan Museum**, which is housed in the Rocca Alborno, where we see precious remains of Etruscan housing and a well-preserved cart. We proceed to the medieval **Palace of the Popes**,

including the atmospheric audience hall, which held the longest conclave in history, and the beautiful loggia of the benedictions. We end the day with a visit to the 12th century **Cathedral of Saint Laurence**, whose Romanesque character is retained in its cosmatesque floors and austere nave.

Day Three | Vulci

We set off this morning to visit the famous Etruscan city of **Vulci**, once a known leading member of the Etruscan league. We start with the **archaeological park**, which contains a wonderful Mithraeum, as well as a domus with a stunning cryptoporticus, and a good forum area. We continue to the atmospheric Etruscan tombs, which date from the 7th century onwards and include the famous Francois tomb. In the afternoon, we consider the so-called bridge of the devil, an intact 20-metre-tall Roman bridge, which leads us to the Abbey Castle, built on the site of Vulci, reusing its materials. Once a Cistercian abbey which offered accommodation to pilgrims including Knights Templar, it is today a **museum** which houses important remains from Vulci, which highlight the prosperity of the ancient city.

Day Four | Falerii Novi & Sutri

This morning we explore the site of **Falerii Novi**, so named because Rome forced the original inhabitants of this Faliscan city to move to the current site as it was more accessible and controllable. Here we see the gloriously well-preserved city walls, including the wonderful Jove Gate, which is one of the earliest arches in the regions. Here we see the remains of a theatre, houses and a temple, as well as an 11th century Benedictine abbey church, built on the site, reusing ancient materials. After lunch, we proceed to the superb archaeological site of **Sutri**, where we can see an amphitheatre cut out of the tuff rock, as well as a cavernous mithraeum which was Christianised in the 4th century AD and restructured in the 13th century into the Church of Santa Maria del Parto. On the site of Sutri, we also visit the 13th century Church of Santa Maria del Tempio, which once belonged to the Knights Templar, and which preserves frescoes from different periods.

Day Five | Narni & Orte

Today we visit two picturesque towns to explore underground excavations which offer precious

glimpses into the cities' past. We start with the pretty Umbrian hill-side town of Narni, first settled by the ancient Umbri. Here we start with a visit to the **Church of Saint Francis**, built shortly after his death in commemoration of the time he spent in Narni; the Romanesque church is noted for its rich cycle of 14th century frescoes. We proceed to explore a series of buildings only recently discovered under the ground, including a 12th century church replete with frescoes, a Roman domus and parts of the Roman aqueduct. After lunch, we travel to the small town of **Orte in Lazio** to see further subterranean excavations that allow us to understand the water management systems of the ancient city from the 5th century to its Roman conquest.

Day Six | Lucus Feroniae & Ferento

The tour takes us this morning to **Lucus Feroniae**, a city which developed around a lucus, or sacred grove, dedicated to the goddess Feronia who was worshipped, above all, by freedmen. Although it was an ancient religious sanctuary important to Faliscans and Sabines, as well, perhaps, to Etruscans, the site that we visit today was developed in the Roman period, bearing all the hallmarks of a Roman city. Here we visit a forum area, an amphitheatre and an insulae of houses. After visiting the **antiquarium**, which has interesting remains of a funerary monument depicting gladiators, we walk a very short distance to the **Villa of the Volusii**, an incredibly opulent late republican elite dwelling constructed for an elite Roman family as a getaway from the city. Several rooms of the villa have been excavated, some of which have intact mosaics. After lunch, we make our way to the archaeological site of **Ferento**, which flourished in the early imperial period and was the home of both the Emperor Otho and the wife of Vespasian, Domitilla Flavia Maior. Here we will see the remains of a fine theatre, as well as a bath complex and forum area.

Day Seven | Orvieto

On our last full day, we will explore the world-renowned city of **Orvieto**, ancient Volsinii, whose Etruscan roots are evident in its wonderful musea, as well as its important sites. We start with a visit to one of the few surviving Etruscan temples

and continue to the **Museo Claudio Faina**, which houses important artefacts from the Necropolis of Crocifisso del Tufo, as well as characteristic Etruscan sarcophagi and important Greek red and black figure vessels, which were so prized by Etruscans. After an independent lunch, we have the choice of either visiting the extraordinary cathedral of Orvieto, made famous by the Signorelli frescoes in the San Brizio chapel, or visiting the adjacent National Archaeological Museum. We end the day with a visit to the spectacular **Necropolis of Crocifisso del Tufo**, which hosts Etruscan tombs that mainly date from the 6th-5th centuries BC and are arranged in orthogonal streets. Inscriptions above the lintels of some of the burials give the names of the deceased, a detail which brings these ancient Etruscans closer to us.

Day Eight | Viterbo - Rome

Today we make our way back to the Fiumicino Airport in Rome.

We fly to Bologna and make our way to Rimini where, time permitting, we have an evening stroll.

Day Two | Rimini - Pesaro

This morning we explore ancient **Ariminum**. We start with the remains of the **amphitheatre** and continue to **Augustus' Triumphal Arch**, the oldest surviving Roman arch which marks the end of the Via Flaminia. Walking through the ancient forum, we make our way to the **Domus of the Surgeon**, a well-preserved house that provides precious evidence of the city's prosperity. We end our morning with **Tiberius' Bridge**, which brought the Via Flaminia to the city and is still in. After lunch, we make our way to **Pesaro** and explore the **Archaeological Area of the Via dell'Abbondanza**, which includes the remains of an elite house from the 1st century AD replete with mosaics, and the **cathedral** with its mosaics dating from the 4th and 6th centuries that are rich in symbolism.

Day Three | Fossombrone - Gubbio

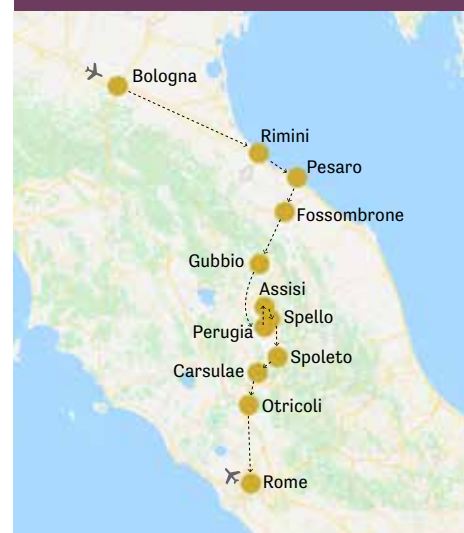

Our journey down the Via Flaminia continues towards Umbria. We stop briefly to admire Roman bridges at **Fossombrone** and **Cagli**, which bore the Via Flaminia and highlight the incredible engineering

skills of the Romans. The road takes us to **Gubbio**, ancient Iguvium, where we explore the Palazzo Priori – home to the unique **Iguvine Tablets**, written from the 3rd to the 1st centuries in both Umbrian – a language written in Etruscan script – and Latin, which give truly priceless evidence of ancient Italian rituals. We continue to the sizeable remains of the **Roman theatre** built in the 1st century BC and which seated 6,000. We end the day in the wonderful city of Perugia.

Day Four | Perugia

The ancient city of **Perugia**, Etruscan in origin, is a fine blend of ancient and renaissance remains. We visit some of its most spectacular remains, starting with a private visit to the **Hypogeum of the Volumni**, an Etruscan tomb that includes four chambers and a number of very well-preserved urns. We proceed to the superb **archaeological museum**, which houses priceless Etruscan remains, such as the tomb of cai cutu and the Cipuus Perusinus, one of the longest inscriptions in Etruscan. The morning ends with a walk through the **Rocca Paolina**, the medieval part of the city buried by Paul III out of vengeance to the **Etruscan Arch** at its entrance. A free afternoon awaits and we can explore this Renaissance city at leisure.

Activity Level ●●●○○

Day Five | Assisi

This morning we travel to **Assisi**, ancient Assisium and the birthplace of the Roman poet Propertius along with the even more famous Saint Francis. We start with an exploration of the Roman heart of the city, including private visits to the **Domus del Larario**, a superbly preserved 1st century AD house replete with mosaics and frescoes that was found in 2001, and the **Domus di Properzio**, a house built at the same time that has fabulous opus sectile floors and frescoes. We continue to the **ancient forum** and the **Temple of Minerva** before venturing to the UNESCO-listed Basilica of San Francesco with its priceless Giotto and Cimabue frescoes. There will be free time to explore the city in the afternoon.

Day Six | Spello - Spoleto

We journey to **Spello** to see the **Villa of the Mosaics**, a house complete with mosaics found only recently and opened after meticulous restoration. Our exploration of ancient Hispellum continues with a visit to the **Roman arch** before proceeding to the UNESCO-listed **Temple of Clitumnus**, built in the 7-8th centuries AD and containing fine frescoes. Continuing on the Via Flaminia, we make our way to **Spoleto** and see remains of the **Triumphal Arch**, built in honour of Drusus and Germanicus, as well as the **Roman theatre**, built in the 1st century BC, and the **Domus of Vespasia Polla**, a house with lovely mosaics once owned by the Emperor Vespasian's mother. We end our day at the Romanesque **Cathedral of Spoleto**, known for its Fra Filippo Lippi apsidal fresco.

Day Seven | Carsulae - Otricoli

We travel to the site of **Carsulae**, which became wealthy because of the Via Flaminia and also drew in ancient tourists wanting respite from the hustle and bustle of Rome. The ancient town was despoiled in the intervening years, though it has a fine section of the Via Flaminia framed by the **Arch**

of **St. Damian**. After lunch we venture to the site of **Ocriculum**, modern Otricoli, which has a number of remains including a bath complex, theatre and basilica as well as an amphitheatre. Next, we journey to Rome, stopping to consider the famous **Milvian Bridge**, which was the site of the famous battle between Constantine and Maxentius.

Day Eight | Rome

We venture to the **Roman Forum**, where all Roman roads started and where the master itinerarium was stored. Here we see newly opened sites such as the **Aula Isiaca**, a 1st century subterranean room found underneath the so-called basilica of the Domus Flavia, and **Domitian's Ramp**, the monumentalised entrance to Domitian's Palace on the Palatine. In the forum, we also see the **Umbilicus Urbis Romae** which marked the centre of Rome and the starting point of all roads leaving from Rome. We end the day at the **Palatine** where we see remains of Nero's Domus Transitoria, opened to the public only since 2019, as well as the Domus Flavia and Augustana, built by Domitian. After lunch, we explore the **Arch of Constantine** and the **Imperial Fora**.

Day Nine | Rome

On our last full day, we venture to the Campus Martius to explore the route of the Via Flaminia. We start with a visit to the **Pantheon**, the Hadrianic masterpiece that is covered by what remains the largest unreinforced concrete dome in the world. Nearby we venture to Domitian's stadium, today's **Piazza Navona** complete with Bernini's wonderful Fontana dei Quattro Fiumi, and we continue until we reach the **Porta del Popolo**, a gate of the Aurelian Walls where the Via Flaminia entered Rome. We walk down the Via Flaminia to the **Ara Pacis**, the superb altar built to celebrate the peace instituted by Augustus, and to the **Mausoleum of Augustus**, which has been undergoing restorations in recent years. We have free time in the afternoon.

Day Ten | Rome

We start the day with a visit to **Ostia Antica**, the wonderfully preserved port of Rome where highlights include the Piazzale delle Corporazioni, the Caserma dei Vigili as well as several Mithraea and wonderfully preserved latrines in the Forum baths. After lunch, we travel to the airport.

Latium Countryside

Retreats of the Roman rich

8 DAYS

From \$4,716pp **SAVE UP TO \$524pp**

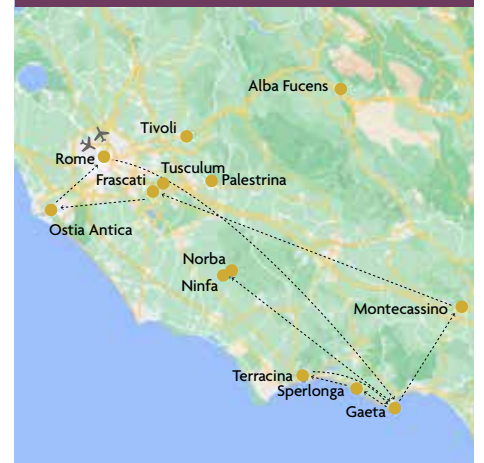

Departing May

The countryside south of Rome, stretching from the rugged high Apennines to the Mediterranean coast, is idyllically beautiful and provides a bucolic contrast to the city of Rome. The picturesque Sabine Hills made the ideal retreat for the great and good of Imperial Rome who came to escape the oppressive summer heat of the Eternal City. Two emperors had villas in this area – Hadrian and Tiberius. Hadrian built a villa complex here in the beautiful setting of Tivoli and his opulent and extravagant creation is one of the ‘blockbuster’ sites on this tour. Tiberius favoured Sperlonga, and the remains of his summer retreat with its huge garden grotto sit close to the sea. This area is fundamental to our understanding of Roman culture and includes surviving stretches of the Via Appia, oracular and healing sanctuaries, palatial villas and towns.

Tour Highlights

- Enjoy the indescribably beautiful gardens of Ninfa in full bloom in late May
- Discover a hidden gem in the spectacularly situated site of Alba Fucens
- Explore the sprawling and extravagant villas at Tivoli and Sperlonga

Activity Level ●●●○○

Day One | Rome - Gaeta

We fly to Rome and transfer to our hotel near Gaeta.

Day Two | Terracina & Sperlonga

We begin in **Terracina**, an important Roman town on the Via Appia main roadway to the rich southern lands of Campania. This still runs through the centre of the modern town, and the forum survives under the Piazza del Municipio. The ancient remains of the hilltop sanctuary of Jupiter Anxur overlooks the walls and town, and there are wonderful coastal views from here. We continue to the remains of the amazing seashore villa built for Emperor Tiberius in the beautiful seaside town of **Sperlonga**. Its most remarkable feature is an outdoor dining room located at the mouth of a cave filled with gigantic sculptures of mythological scenes.

Day Three | Ninfa & Norba

We visit the famous gardens at **Ninfa**, which overlie a former medieval town. The ruins were landscaped into botanical gardens in the 1920s. They are now recognised as some of Europe's finest gardens

and this magical place is a joy to explore with ruins romantically draped with rambling roses and wisteria. In the afternoon we follow the road which climbs from the Pontine plain to the Latin town and Roman colony at **Norba** which sits perched on the edge of a cliff in the Lepini Mountains. The views over the Pontine Marshes are magnificent.

Day Four | Gaeta - Monte Cassino - Frascati

This morning we visit the remains of the Roman town of **Casinum**. The site is situated on the slope of a substantial hill, at the top of which now sits the famous monastery of **Monte Cassino**, in ancient times an acropolis with a temple to Apollo. The Roman town seems to have been in decline when St. Benedict of Nursia chose the acropolis for his new monastery, which we will visit later this morning. This beautiful abbey is an outstanding example of restoration work following its almost total destruction by bombardment in 1944.

Day Five | Tivoli

We visit **Hadrian's Villa**, which sprawls across the rolling countryside at the foot of the hills below the town of Tivoli. Beginning around AD 117, Hadrian took a small family villa owned by his wife and added on a whole series of grand pavilions, many of them modelled after places he had seen on his travels around the empire. The complex ended up larger than most Roman cities. We visit the town this afternoon and pay a visit to the great 16th century **Villa D'Este**. It was built by Cardinal Ippolito D'Este, the son of Lucrezia Borgia and a major figure in the church politics of the era. Here we will have some free time to explore at our own pace.

Day Six | Tusculum & Palestrina

We drive into the Alban Hills to **Tusculum**, a significant Roman city destroyed in the 12th century after conflict between the Holy Roman Empire and the Pope. The stones of the walls were seized as spoils of war by Rome. After its destruction, the land became woodland and pasture lands. Tusculum was Cicero's local town, and his suburban villa could be found nearby. We continue to **Palestrina**, ancient Praeneste, once dominated by a magnificent Sanctuary of Fortuna Primigenia, the first example of 'dynastic' architecture in Roman

Italy. It is most famous for a huge mosaic depicting scenes of life beside and on the Nile in the 17th century, removed from the site and now housed in the nearby **Palestrina Museum**.

Day Seven | Alba Fucens

We ascend the mountains to **Alba Fucens** where we will spend the day. Its importance for the Romans lay in the fact that it lies on Via Valeria (which links Rome with the Adriatic) thus controlling a strategic part of the route. The large site stretches over a hill with three spurs. This spectacularly situated city is often mentioned as a highlight by guests on this tour.

Day Eight | Ostia Antica - Rome

We finish our tour with a visit to **Ostia Antica**, the harbour city at the mouth of the Tiber - a classic site to rival even Pompeii. Huge structures such as multi-storey accommodation blocks and the headquarters of various trade consortia have been preserved by the encroaching river silt. We continue to the airport to travel home.

The Island of Sardinia

Neolithic, Nuragic and Punic mysteries of this Mediterranean island

9 DAYS

From \$5,112pp **SAVE UP TO \$568pp**

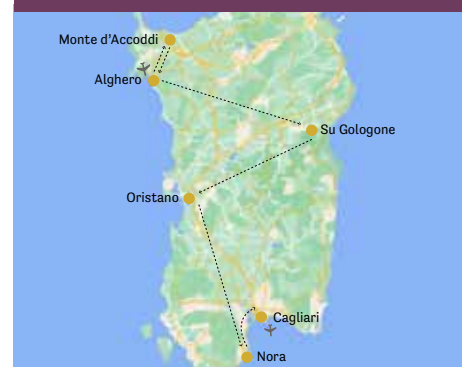

Departing April & September

Sardinia offers one of the richest and most fascinating standing archaeological repertoires in Europe. Known to the Greeks as *Sandaliotis* ("Sandal", due to its shape), or *Ichnoussa* ("Stepping stone"), the island has seen Phoenicians, Greeks, Carthaginians, Romans, Arabs and Catalonians come and go. Before them, the mysterious Nuraghi people left an astonishing plethora of wonderful archaeology.

Tour Highlights

- Visit the highest Bronze Age structure in the Mediterranean at the Nuragic site of Su Nuraxi at Barumini
- Travel in 4x4s to visit off the beaten track sites such as the megalithic chamber tomb at S'Ena e Thomes and the Nuragic complex of Sa Sedda 'e Sos Carros
- Examine the island's Phoenician past at Tharros and Sulcis, including mysterious tophets, children's cemeteries

Activity Level ●●●●○

Day One | Alghero

Arrive in the wonderful Catalan city of Alghero, colonised in antiquity by Phoenicians who grew wealthy from trade with Etruscans. In the modern period, Alghero was ruled by the Genoese before being taken over by the Aragonese. After settling down in the hotel, if there is time, we will have an orientation walk around the city before dinner.

Day Two | Monte d'Accoddi & Palmavera

This morning we make our way to one of the oldest and most interesting sites in our tour, the pyramid complex at **Monte d'Accoddi**, which was built over two millennia by people who predated the Nuragic culture. Discovered in the 1950s, the first structure, built in the 5th millennium by the Ozieri culture, appears to either have been an altar or the platform for a pyramid, while the second, built in the Copper Age in the 3rd millennium, resembles a Mesopotamian ziggurat. After lunch, we explore **Palmavera**, the first of our Nuragic sites built by a culture which thrived in the Bronze and Iron Ages. Here at **Palmavera**, we see several intertwined nuraghi, truncated towers with vaulted interiors.

Day Three | Alghero - Su Gologone

We leave Alghero this morning and head east towards Oliena, stopping during the morning at **Santu Antine**, a complex of nuraghi built from the 19th to 15th centuries BC. Constructed from sizeable blocks of basalt, the central tower is three storeys high and uses sophisticated, dry mortar corbelling. We proceed off the beaten track to **Romanzesu-Poddi Arvu**, another Bronze Age Nuragic site which is notable for its hundred-odd huts and public structures and includes a mysterious labyrinthine edifice and temples. For our last site of the day, we explore the little-known **National Archaeological Museum Giorgio Asprone** in Nuoro, where we look at artefacts dating from the Paleolithic to Roman periods, including artefacts from the village of Sa Sedda 'e Sos Carros, which we visit tomorrow.

Day Four | Su Gologone

Today we venture off the beaten track in 4x4s to visit breathtaking sites which shed insights into the extraordinary Sardinian Bronze Age. We start with the monumental **Giants' graves of S'Ena e Thomes**, a funerary site comprising a dolmen and a funeral hall made of enormous slabs of such scale that it was believed to be superhuman by later Sardinians. Proceeding to **Su Tempiesu**, we examine a late Bronze Age/Iron Age shrine to a sacred spring constructed with impeccable ashlar masonry and whose structure has an extraordinary double sloped roof. For our final site, we venture to Middle Bronze settlement of **Sa Sedda 'e Sos Carros** where we see well preserved stone huts and workshops, as well as a circular sanctuary. After an adventurous day, we return to our picturesque hotel.

Day Five | Su Gologone - Oristano

This morning we travel west to the 4th millennium necropolis at **Sas Concas** where we see a cluster of twenty *Domus de janas*, or "fairies' houses" - tombs carved out of the rock to resemble their houses, affording us glimpses into everyday life in pre-Nuragic Sardinia. We proceed to the Bronze Age Nuragic complex of **Tamuli**, an important archaeological site which comprises a nuraghe, as well as a group of huts and a necropolis which has six mysterious betyls, sacred stones which were

seen to be imbue with life. We end the day at another tantalizing religious site, the sacred well at **Santa Cristina**, which is very well preserved with staggeringly precise ashlar masonry walls leading to a subterranean chamber with a corbelled roof which contained water, seemingly used for religious rites.

Day Six | Oristano - Baia di Nora

Traversing the enchanting Sardinian landscape, we make our way south to **Tharros**, first inhabited in the late Bronze Age and later colonised by Phoenicians in the 8th century when they had an important presence in Sardinia and Corsica, jostling for trade with Etruscans and later Phocaeen Greeks. At Tharros, we explore the Tophet and consider whether Phoenicians these necropoleis only included children's burials because children were seen differently, or whether children were sacrificed. This discussion will continue with our visit to the **Civic Archaeological Museum "Giovanni Marongiu" of Cabras**, where we see artefacts from Tharros. We also visit the highest Bronze Age structure in the Mediterranean at the Nuragic site of Su Nuraxi at Barumini. We end the day with a visit to the **National Archaeological Museum of Cagliari** to further explore the Phoenicians and their skilful goldsmithing; here we also see the Nora Stone, an 8th century inscription which may be referring to a Phoenician victory against Sardinians.

Day Seven | Nora

Waking up in delightful Nora, we spend the morning exploring the archaeological site of **Nora** where we see well preserved remains of buildings we would typically see in a town from the Roman period, including a bath complex, a theatre and *macellum*. The site also preserves the remains of a Phoenician site, including a Tophet, demonstrating the city's Semitic roots. In the afternoon, we have free time in Nora to unwind on the beach or relax in the hotel.

Day Eight | Sulcis & Sant'Antioco

Our final full day is dedicated to Phoenician sites near Nora, starting with the ancient necropolis at **Monte Sirai**, first inhabited in the 8th century and enlarged in the 6th century, where we see another

Tophet. In the afternoon, we visit the Phoenician/Roman site of Sulky or Sulcis on the beautiful island of **Sant'Antioco**, founded in the 8th century, where we explore the remains of housing and a republican Roman temple with an attractive *opus signinum* floor, as well as a series of rock-cut tombs, some of which are painted. We close the day with a visit to the **Ferruccio Barreca Archaeological Museum** which sheds light on this important site, including its delicate jewellery and pottery. On our last night, we will have a celebratory dinner at our lovely hotel.

Day Nine | Cagliari

Time permitting, we may have a final walk along the beach before we return home, setting off from Nora to Sardinia's capital, Cagliari.

Lake Garda & the Cities of Veneto

Romans to the Renaissance

8 DAYS From \$4,172pp SAVE UP TO \$464pp Departing April & October

From Roman Province to Doge Republic, the Veneto has a long and illustrious history. We take a closer look at the intriguing area around Lake Garda and explore a truly unique mix of archaeology, art and architecture. From a prehistoric cave site adjacent to a 15th century 'Roman' villa, to a medieval monastery perched on the steps of an ancient Roman theatre, there is a great deal to unpick here. Visiting in the quieter months of spring and early autumn, we enjoy the undulating landscapes of vineyards and olive groves which surround the southern shores of Lake Garda and explore the pretty piazzas, medieval market places and tangled streets of Verona, Vicenza, Mantua and Padua. We're sure this tour will hold your imagination and, to cap it all, we will be in the region of the Valpolicella wine villas – noted for their products and histories.

Tour Highlights

- Discover the extraordinary cave site of Fumane, one of the major prehistoric archaeological sites in Europe
- Enjoy the picture-perfect setting and cobalt blue waters of Lake Garda, Italy's largest lake
- Explore the beautiful cities of Verona and Vicenza, Padua and Mantua and their plethora of UNESCO World Heritage Sites

Activity Level ●●●○○

Day One | Verona - Sirmione

We arrive in Verona and transfer to our hotel in Sirmione, a picturesque medieval town perched on the tip of a narrow peninsula at the edge of Lake Garda.

Day Two | Verona

In the morning, we travel to the **Desenzano Roman Villa**, a once large and sumptuous property which enjoys stunning views of the lake. Here we discover a rich group of coloured figurative mosaic floors depicting various scenes of cupids, maenads and satyrs; wild beasts and images of the four seasons. We return to Sirmione by ferry and, after lunch, we take the small train up the hill to the **Villa Catullus**, the largest and most complete Roman villa in northern Italy. The villa was constructed with long porticoes and terraces to maximise the views over the lake and at its centre was an extensive garden.

Day Three | Verona

Today is devoted to **Verona**, a city immortalised by Shakespeare and blessed with an abundance of

Roman and medieval remains reflecting the evolution of this fortified town over its 2,000-year history. We shall explore the core of the Roman town, its city gate, Porta Borsari, the Arco dei Gavi, the Roman theatre, and the magnificent amphitheatre, the third-largest in the Roman world, and we will admire many of its medieval structures. We will also pay a visit to the **Archaeological Museum** housed in an deconsecrated monastery which was literally built on top of the Roman theatre.

Day Four | Mantua

We spend our day today in **Mantua**, a gem of Italian art and architecture often overlooked by unenlightened visitors to the region. Once home to many literary figures of the late 1st century BCE Augustan age, it is also full of Renaissance wonders and contains the **Palazzo Ducale**, the largest residence in Italy after the Vatican. For 400 years this was the home of the Gonzaga family, the dukes of Mantua who ruled until 1707. We will explore this labyrinth which includes a castle, basilica, courtyards, sumptuous galleries and gardens.

Day Five | Fumane & Villa della Torre

We take a step further back into the past this morning when we visit the cave site of **Fumane**. The cave contains traces of Neanderthal man and evidence of habitation by modern Homo sapiens, including sharpened flints, bones and decorations made from sea shells. The finds provide a crucial link in the history of human life on Earth as well as a first glimpse of the creative instinct that inspired Leonardo da Vinci and Michelangelo in a later age. Afterwards we visit nearby **Villa della Torre**, a beautiful villa by architect Giulio Romano, where we enjoy a wine-tasting and lunch before returning to Sirmione for some free time.

Day Six | Vicenza

We spend our day in **Vicenza**, a UNESCO World Heritage Site and almost archetypical ideal of the Renaissance and Baroque era. Vicenza was a Roman settlement, which came under the sway of the Scaligeri family from Verona and was passed between Napoleon's empire, Austria and Venice several times in its history. This jewel of a place is full of galleries, palaces and churches, and is noted for the works of the great architect Andrea Palladio. We will visit his amazing villa at **La Rotunda**.

Day Seven | Padua

Our final visit of the tour is to **Padua**, which according to tradition going back at least to Virgil's *Aeneid*, was founded in 1183 BCE by the Trojan prince, Antenore. This university town was home to some of the greatest philosophers, scientists, and artists in Western culture: Dante, Galileo, Giotto, Donatello and Copernicus, and the city is one of Europe's great cultural and artistic destinations. Our visits will include the Scrovegni chapel, with its priceless frescoes by Giotto, the Civic museum, located in the cloister of the former Eremitani monastery, the Palazzo del Bo and the Basilica of St. Anthony and baptistry.

Day Eight | Sirmione - Verona

Greece

Home to sun-bleached ruins and renowned for being the setting for legendary myths known the world over, Greece is perhaps the ultimate destination for the archaeological traveller.

While it may be a familiar destination to many, we offer unique and innovative itineraries that are often imitated but never matched. Choose one of the tours among the following pages and you will learn that this country is, to some extent, a product of its environment and geology. Throughout its vast and rich history, its vertiginous mountain ranges and mysterious landscapes were imbued with the divine, from the Vale of Tempe, associated with Apollo and the Muses, to Dodona and Delphi, dedicated to Zeus and Apollo respectively, just as Meteora became home to hermit monks who made their home in these isolated mountains to feel closer to God.

This country is also home to several famously beautiful island groups, including the Dodecanese and the Cyclades, whose importance lies far beyond their stunning sun-kissed seascapes. Located at the crossroads between Europe and Asia Minor, as well as Africa and the Near East, it was through the Aegean islands that prosperity and cultural development was brought to Greece, starting with the Bronze Age Cycladic culture, as well as the staggering Minoan culture in Crete, which can justly be called the first significant culture in Europe.

The Hellenic rebirth in the Archaic period, instigated through its contact with Egypt and the Phoenicians, gave rise to a Greece which can justly be called the cradle of Europe, because so much of what defined Rome, and from thence Europe, was first developed here. Surveying the magnificent Classical sites found in Athens, Olympia and Corinth becomes a kind of pilgrimage in which the pages of Herodotus and Thucydides come to life, and we arrive at an understanding of where we have come from.

Athens

A short break to this ancient capital, unimpeded by the usual crowds

4 DAYS From \$2,079pp **SAVE UP TO \$231pp** Departing February & November

An informed, in-depth visit to this ancient capital awaits. In winter, the city belongs to the locals. The queues for the Parthenon melt away, there is space to gaze at museums' treasures and the paths through the Agora grow greenery again. Wrap up warm and explore the city where democracy, architecture, classical art and literature both germinated and flourished.

Tour Highlights

- Ascend the Acropolis to the Parthenon, the universal symbol of the classical world and the quintessential classical ruin
- Explore two fabulous world-class museums, housing between them some of the greatest collections of antiquities in the world
- Soak up the atmosphere of ancient Athens, exploring the quieter corners and monuments which have survived here for 2,500 years

Day One | Athens

Arrive in Athens and settle in to our hotel.

Day Two | Athens

Our first full day will be dedicated to the **Acropolis** and its museum. We will walk through ancient Athens and then climb to the incomparable Acropolis, which still dominates the city with a complex of religious sanctuaries, most famous of which is the Parthenon – 'Chamber of the Maiden' built in the 5th century to house a colossal statue of Athena, patron goddess of the city. The views from here are stunning. After lunch in the Plaka, we visit the fabulous **Acropolis Museum**, which is consistently rated as one of the best museums in the world.

Day Three | Athens

We continue our exploration of Athens, visiting its ancient economic centre, the **Agora**, where a wide range of goods were shipped in from the nearby port of Piraeus and members of the elected democracy assembled to discuss affairs of state. Next, we visit **Kerameikos**, named in ancient times after the hero Keramos, son of Dionysus and Ariadne, where an extensive cemetery was

excavated during the 19th and early 20th centuries. After lunch we visit the **National Museum of Athens**. Now somewhat overlooked by visitors flocking to the Acropolis Museum, it is worth remembering that this older museum is still home to one of the greatest collections of antiquities in the world.

Day Four | Athens

In the morning, we travel to **Piraeus** which once consisted of three separate harbours - Kantharos, Zea, and Munichia. All three harbours are still used today but since the sea level has risen two metres since antiquity many of the ancient installations of Piraeus are now underwater. Excavations still continue, however, and notable finds have included several bronze statues, perhaps the most famous being of Apollo now in the **Piraeus Archaeological Museum**.

Day Five | Midea & Nemea

Our morning starts at **Midea**, considered one of the three most important Bronze Age fortresses in the region alongside Mycenae and Tiryns. Beginning in Athens, journey into the Peloponnesian hills, joining our expert Guide Lecturer as we trace the story of Greece from the Bronze Age to Classical glory. This will be a memorable trip for anyone who has ever dreamed of standing at the starting line of the Olympics, debating with Socrates or following in the footsteps of Hercules.

Tour Highlights

- Explore the well-preserved Mycenaean Palace of Nestor
- Visit the famous Acropolis of Athens with its unique masterpieces of ancient architecture
- Gaze upon the National Archaeological Museum of Athens' galleries, which house the most important collection of ancient Greek art
- Wander around the renowned citadel of Mycenae and see the Lion Gate, the grave circles and the Treasure of Atreus

Day One | Athens

Arrive in Athens and drive to our hotel upon arrival.

Day Two | Athens

We spend an entire day on foot in ancient **Athens**. According to legend the city was founded by King Theseus, best known for his Minotaur slaying heroics in Crete. We climb up to the **Acropolis** to visit the **Parthenon**, **Theatre of Dionysus** and **Temple of Athena**. The most important structures visible today derive from the Golden Age of Pericles. The afternoon is spent at the **Acropolis Museum**, which was built to house every artefact found at the Acropolis.

Day Three | Athens - Delphi

We continue our exploration of Athens with a walk through the sites of the **Agora**, the political and commercial heart of ancient Athens, where Socrates stood trial and where free-born male Athenian citizens could come to cast their vote. We view finds from the area in the **Museum of the Ancient Agora**, housed in the reconstructed Stoa of Attalos. After lunch, we enjoy our first drive through the Peloponnesian hills to our hotel at Delphi.

Day Four | Delphi - Olympia

Spend a day at the **Panhellenic Sanctuary at Delphi**. The oracle was given by a priestess called the Pythia, who sat on a tripod over a chasm in the inner sanctum and, inhaling the vapours that came from it, subsequently uttered prophecies in a trance. We leave in the early afternoon, crossing the Rion-Antirion bridge, and we travel to the Peloponnese peninsula at Olympia.

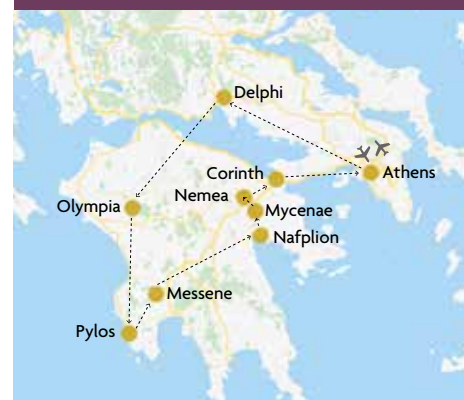

Day Five | Olympia

This morning we explore **Olympia**, home of the first and greatest Panhellenic Games and the most important religious centre in the 8th century BC. Here we find the ruins of the ancient stadium, and temples such as the **Pelopion**, once the alleged tomb of Pelops, the mythical chariot-racing king who gave this region its name. The major festivals here provided opportunities for the meeting of representatives from the Greek states.

Day Six | Olympia - Pylos

Today starts with a visit to the **Archaeological Museum of Chora**, which houses finds from Pylos. We head on to the **Palace of Nestor**, mentioned in Homer's writings as home of the oldest and

Activity Level ●●●○○

wisest among the Greeks fighting at Troy. The palace here is the best preserved Mycenaean palatial structure excavated and includes reception areas, baths, store rooms and workshops. Enjoy a free afternoon in Pylos with an optional boat trip in the bay (not included).

Day Seven | Pylos - Messene - Nafplion

We spend the morning in **Messene**, one of the most beautiful ancient cities in Greece. Pausanias visited the city between 155 and 160 AD and described it in his 'Guide to Greece'. Excavations in the city have continued for over a century, revealing a well-preserved stadium, odeon and many other buildings. We view a great array of finds from the area in the **Archaeological Museum of ancient Messene**. After lunch, we make our way towards Nafplion.

Day Eight | Nafplion & Epidaurus

This morning we journey to the lovely town of **Nafplion**, where we visit the **Archaeological Museum**. Before lunch we continue with a visit to the ancient site of **Epidaurus**, a celebrated centre of healing in the ancient world. Perched on the slopes of a hill, the town has both some

of the finest examples of 14th and 15th century architecture in Greece, and some of the finest views. The afternoon is free to spend at your own leisure in Nafplion.

Day Nine | Nafplion - Mycenae

We explore the great Bronze Age hilltop site of **Mycenae**, another major hub of Greek civilisation, and, according to Greek tradition, capital of legendary King Agamemnon. Excavations support Homer's claim of a city 'well built and rich in gold'. We wander into the city with its Cyclopean walls through the famous **Lion Gate** and we view the archaeological remains of the acropolis, including

the palace and the grave circles, where the so-called mask of Agamemnon was found.

Day Ten | Nemea - Tiryns

This morning, we visit the site of **Nemea** where, according to legend, Heracles fought the Nemean Lion. We see the **Temple of Zeus**. After lunch we will continue to the archaeological site of **Tiryns**, a Mycenaean hillfort said to have been the mythical birthplace of Heracles. We will see the citadel with its Cyclopean walls as well as the palace remains.

Day Eleven | Corinth - Athens

We drive to **Corinth**, which owed its prosperity to the isthmus that joins the Peloponnese

to the mainland. One of the great cities of classical Greece, it was founded by Corinthos, a descendent of the god Helios, according to Hellenic myth. Upon arrival in Athens, we will view the **National Archaeological Museum** in Athens with its fantastic collections.

Crete & Santorini

Rise and fall of the Minoan civilisation

8 DAYS

From \$4,257pp **SAVE UP TO \$498pp**

Departing April to October

The Minoans are known for their incredible labyrinthine palaces - the greatest of which is at Knossos, where Theseus defeated the Minotaur. Our journey across these two beautiful islands will showcase the architectural and artistic skills of this Bronze Age civilisation, whose writing, ambition and organisation profoundly influenced ancient Greece's development.

Tour Highlights

- Tick the mighty Palace of Knossos off your archaeological wish-list
- Explore the city of Akrotiri – the “Pompeii of the Aegean” – and admire the fascinating frescoes on display in the museum
- Take a boat trip to the island of Spinalonga, a leper colony that was in use right up until the 60s, where we will explore the abandoned buildings and its history
- Visit the vast Archaeological Museum in Heraklion and view its fascinating collections

Day One | Santorini

Arrive in Santorini, where we transfer to our hotel and stay for the next two nights.

Day Two | Fira & Akrotiri

Our first full day begins at the **Prehistoric Museum in Fira**, home to dazzling wall paintings from the Minoan buildings at Akrotiri, as well as a large number of artefacts found in various island excavations. Don't miss jugs depicting elegant birds, dating from the middle Cycladic period of 1800 to 2000 BC, and the statue of the golden goat, discovered in Akrotiri in 1999. This afternoon we continue to **Akrotiri** itself. Destroyed by a catastrophic volcanic eruption in around 1500 BC and buried in ash, the city is reminiscent of Pompeii, and it has retained some impressively well-preserved houses. The drainage systems and complex buildings indicate a once prosperous society with many successful trade links. We stop to admire the delightful 'Fresco of the Monkeys' as well as the 'House of the Ladies', with its striking central light well.

Day Three | Thera - Heraklion

After breakfast we journey up winding roads to the ancient city of **Thera**, located on a ridge of Mesa Vouno mountain, some 360 metres above sea level. The site has been under excavation since 1904, and findings from the city have contributed immensely to our understanding of Minoan culture and history. We imagine the people whose lives were centred around Thera's 800-metre long main street, who attended performances in the city's enormous theatre and who worshipped Hermes and Heracles within the walls of the sacred grotto. This afternoon we visit **Panagia Episkopi**, a Byzantine cathedral containing many beautiful frescoes, before a ferry takes us to our next destination of historic Heraklion. We arrive in Crete's largest city in time for dinner.

Day Four | Palace of Knossos & Vathypetro

The fourth day of our holiday begins with a trip to the world-renowned **Palace of Knossos**, a majestic complex erected in Greece's Bronze Age, and the largest Bronze Age site in the country. The intricate, multi-storeyed layout of the palace has led to its connection with numerous myths and legends, including that of the Minotaur and

Activity Level ●●○○○

the labyrinth. We take in the royal quarters, with their decorated Throne Room, as well as noting the axe stands within the House of the High Priest. We continue on to the Minoan country house and outbuildings of **Vathypetro**, the surviving remnants of a settlement that stretched across three hills. Here we observe an elaborate shrine as well as a wonderfully preserved wine press – one of the oldest in the world. Following this we return to Heraklion to spend time at the exceptional **Heraklion Museum**, with its exquisite jewellery and brightly-coloured wall paintings. Within this peerless collection of artefacts from the Minoan age is the iconic bull's head 'rhyton', or ceremonial drinking vessel, which was brought here from the Palace of Knossos.

Day Five | Palace of Phaistos - Gortyn

We enjoy a morning at the columns and courtyards of Phaistos to visit **Ayia Triada**, a grand but ruinous Bronze Age villa that has yielded more examples of Linear A tablets than any other site of its kind. After this we travel to the magnificent **Palace of Phaistos**. Famous finds here include thousands of documents, some inscribed with the earliest known occurrence of the still undeciphered writing of

the Minoans – a script also known as ‘Linear A’. We resume our adventures at the important Greco-Roman site of **Gortyn** in the verdant Messara Valley, a gem of the archaeological world since its discovery in 1884. Thought to have once been populated by over 300,000 people, the site is best known for its collection of 5th century stone blocks, inscribed with the law codes of classical Greece – the oldest and most complete example of coded ancient Greek laws ever found.

Day Six | Palace of Malia - Gournia

Our day starts with a trip to the **Palace of Malia**, a huge Minoan complex just north of the Lasithi Mountains, significant not only for its size, but also its strategic port and grand façades. We then proceed to the well-preserved late Minoan town of **Gournia**, one of the few sites in the region to have been fully excavated. The remains of Gournia cluster around cobbled streets on the side of a hill and are crowned by the now-ruined palace. Traces of some 50 houses are in evidence here, as well as a court and cemetery. This afternoon we have the option of a boat trip to the haunting and evocative island of **Spinalonga**, the location of a former leper colony that was still in use right up until 1962. It is believed that the island was cut off from

the mainland by occupying Venetians in the 16th century in order to strengthen their defences.

Day Seven | Mochlos

This morning, if the weather permits, we have the option to journey by fishing boat across the turquoise Gulf of Mirabello to the tiny island of **Mochlos**, on which an important Minoan town once stood – a hub of trade and industry. A number of pit graves and tombs have been unearthed here, and the excavations, begun in 1908, continue to this day. This afternoon is free for us to enjoy our spectacular surroundings at our leisure. Stroll along the splendid coastline, doze in the sunshine or plunge into the warm and welcoming waters near our hotel – the choice is yours.

Day Eight | Sissi - Heraklion

This may well be our last morning in Crete, but the discoveries aren't over yet. Before we make our journey to the airport, we drive to stunning **Sissi** to visit the excavations on Kephali Hill, where evidence of Early Minoan mortuary activity has been found near Crete's latest Minoan palace to be discovered. Alas, it is now time to say goodbye to the Minoan world and to our fabulous group.

Following in the footsteps of Herakles

9 DAYS

From \$5,517pp **SAVE UP TO \$613pp**

Departing September

See another side of the lovely islands of Rhodes and Kos and rediscover their ancient origins. Long beloved by British travellers, there is more to appreciate here than their lovely beaches and sheltered bays. Hugging the coastline in the south-eastern corner of the Aegean, these islands were in the midst of a crucial sea lane in antiquity and served as a bridge between east and west during their long and eventful history. From Hellenistic sanctuaries, Roman villas and Crusader fortresses to Byzantine churches and stylish Italian architecture, characteristics of both worlds can be found here. And venturing inland, the landscape swiftly changes from urban dwellings to juniper and thyme-clad hills where broom, myrtle and laurel grow in profusion.

Tour Highlights

- Enjoy a day spent on the lovely island of Kalymnos, where we discover the Castle of Chrysocheria
- Admire the fabulous collection of statuary at Rhodes Archaeological Museum
- Soak up the stunning views at Lindos and Kalavarda
- Discover the Asklepieion, one of the pre-eminent healing centres in the ancient world

Day One | Rhodes

We fly to Rhodes and transfer to our hotel.

Day Two | Rhodes

Today we explore **Rhodes**, occupied by the Knights of the Order of St. John for over two centuries and one of the best-preserved medieval cities in Europe. We walk through its beautiful medieval centre down the Avenue of the Knights to the **Archaeological Museum**, housed in the former hospital of the Knights. This fantastic Gothic building contains some remarkable finds from the island including an exquisite marble statue of Aphrodite and extraordinary Hellenistic pebble mosaics. In the afternoon we visit the **Acropolis** and its precipitous terraces on the slopes of Agis Stefanos Hill.

Day Three | Lindos & Kalavarda

This morning we visit the small village of **Lindos** which was founded by the Dorians in the 10th century BCE. The dramatic natural landscape here is enhanced by the picturesque quality of the more

Activity Level ●●●●○

modern town with the **Acropolis** rising dominantly behind it. The stunning views from the top are worth the 250 steps it takes to reach it and here we see Temple of Athena lodged within the ruins of a medieval castle. In the afternoon we travel on to **Kalavarda**, a well-preserved Hellenistic and Roman city with superb views of the ocean.

Day Four | Kamiros & Ialysos

Today we drive along the northwest coast of the island to ancient **Kamiros**, built amphitheatrically overlooking the sea. Together with Lindos and Ialysos, it was one of the three most powerful cities in Rhodes which reached their peak in the 6th – 7th centuries BCE. Kamiros was the smallest of the three and relied more heavily on its agriculture in the production of wine, olive oil and the cultivation of fig trees. In the afternoon we explore **Ialysos** which lies at the highest point of the Filerimos hill, overlooking Rhodes.

Day Five | Rhodes - Kos

We take the early morning ferry to the island

of Kos famed throughout the ancient world for its sanctuary dedicated to the healing god Asclepios. Arriving mid-morning, we head to the **Archaeological Museum**. Housed in one of the last major public buildings constructed during Italian occupation, the collections here include artefacts found in the Sanctuary of Kos. Later we explore the substantial ruins of Nerazia Castle, a 14th century construction built by the Order of St. John. The fortress is situated at the entrance of Kos harbour and faces Halikarnassos Castle just opposite on the Turkish coast with which it collaborated to control this strategic body of water. In the ancient world this strait was a great maritime crossroad for ships from Egypt, Rome, Syria and Persia.

Day Six | Asklepieion & Antimachia

We travel along the cypress-lined road to the **Asklepieion**, a healing sanctuary dedicated to the god Asclepios, built in the 4th century BC. Formed

along tree terraces, the sanctuary is situated on the slopes of Mount Dikeos and is set among natural springs and pine woods. Overlooking the narrow straits to Bodrum we find wonderful views here across the sea and coast. We continue to the **Castle of Antimachia**, the target of Turkish assault in the Middle Ages - with only one entrance and exit, doubly fortified, it was able to withstand many attacks. Finally, we stop at the ruins of the Early Christian basilica **Agios Stephanos**.

Day Seven | Kalymnos

We enjoy a day trip to the beautiful island of Kalymnos, described as 'rich in honey' by Homer. We explore the Castle of Chrysocheria, built in the 15th century by the Knights Hospitaller and also discover some of the beautiful white Byzantine churches which dot the hills. In the afternoon we visit **Kalymnos Archaeological Museum** where we discover a fine collection of marble statues found in

2001 off the coast, along with the splendid bronze figure of the 'Lady of Kalymnos' pulled from the seabed by a Kalymnian fisherman in 1995.

Day Eight | Kos

We spend our last day in **Kos**. There are many Graeco-Roman ruins scattered through the town to enjoy, including streets and houses, the agora and the **Pandemos Aphrodite Sanctuary**. In the afternoon we will see the Western Excavation area, which includes a Roman Odeon, Casa Romana, and the Baptistry of St. John Prodromos.

Day Nine | Kos

Our tour ends as we transfer to the airport for our onward flight home.

The Cyclades

Explore sacred islands and sprawling ruins

11 DAYS

From \$6,944pp **SAVE UP TO \$772pp**

Departing May

Of all the Greek islands scattered over the Aegean Sea, the Cyclades have the most evocative mythology. Travelling by land and crossing by ferry, discover atmospheric archaeological sites on these fascinating islands from beautiful Delos, the legendary birthplace of Apollo, to unassuming Tinos, well off the tourist radar.

Tour Highlights

- Sail by private charter to Delos and spend the day exploring one of the most important sites in Greece
- Visit the spectacular prehistoric settlement of Skarkos and 'Homer's' tomb on the delightful island of Ios
- Admire the sleeping giants of Naxos, the Flerio Kourous, scattered throughout this beautiful Aegean landscape

Day One | Santorini

Arrive in Santorini and transfer to our hotel.

Day Two | Thera & Akrotiri

We visit ancient **Thera**, the classical city built after the catastrophic eruption that ended the Bronze Age prosperity of the island. Public buildings, markets, theatre, baths, temples, private residences, and one complete road network with sewage system constitutes the city's picture. After lunch, we visit the **Prehistoric Museum**, where finds from the area are on display, including some vibrant Bronze Age frescoes found at Akrotiri. We end the day with a visit to **Akrotiri**, the once well-connected Minoan port town with trading links throughout the eastern Mediterranean.

Day Three | Santorini - Ios

We take the morning ferry to the hilly island of **Ios**. In antiquity, the island prospered because it lay at the junction of key trading routes that linked the Cyclades with mainland Greece, Crete and Asia Minor. Occupied since the early Cycladic period, there is archaeology here from all the major periods of this region's history – Minoan, Mycenaean, Phoenician, Roman and Byzantine. We start our exploration at the small **Archaeological Museum**, which displays artefacts found during excavations

on the island over the last 30 years. After lunch we will check in to our hotel for some free time to relax.

Day Four | Ios

Today we explore this rugged, hilly island, starting with a visit to **Skarkos**. Situated in Kambos, one of the most fertile areas of the island, the middle Early Bronze Age settlement is one of the oldest and best-preserved Cycladic prehistoric sites in Greece. After lunch, we continue to the remains of the **Paleokastro** built by the Venetians in the 15th century. Now very ruinous, this was once a substantial fort and there are spectacular views over the seas to neighbouring islands. We end the day at **Homer's tomb**, allegedly one of three grave sites on the northern edge of the island.

Day Five | Ios - Naxos

Taking to the sea once more we cross to **Naxos**, the largest island in the archipelago, where we arrive in time for lunch. In the afternoon, we drive to the **Flerio** area, where ancient marbles quarries were situated. Here we see the two oversized but incomplete stone figures of young men (Kourai) dating to the early 6th century BC. Probably damaged during their creation, these marble statues, each weighing between 7 and 8 tonnes,

Activity Level ●●●○○

were abandoned on the mountainside.

Day Six | Naxos

Spending the day on Naxos, we drive to the south of the island and the fertile valley of Livadi to visit the **Sanctuary of Apollo and Demeter** at Sangri to see the remains of the all-marble temple constructed in the late 6th century. After lunch, we continue to the ruins of the **Sanctuary of Iria**, dedicated to the god Dionysus. Its importance is attested not only by splendid architectural finds but also the numerous votive offerings found here. A limited sample of the movable finds can be seen in the small on-site museum.

Day Seven | Delos

Today we take our private boat to the UNESCO World Heritage Site of **Delos**. Now 'an isle of ghosts, uninhabited since antiquity' (John Freely), it was once one of the most sacred places of ancient Greece and one of the most robust trade centres. Its claim as the birthplace of Apollo gave Delos a strong religious identity that lasted for hundreds of years. Excavations began in 1872 and are still in progress, having unearthed the Sanctuary and a

good part of the Hellenistic town, and the findings are in the on-site museum. We explore the temples, houses and agorae of this sacred island.

Day Eight | Naxos - Tinos

We visit the **Archaeological Museum** in Naxos. Situated in the central square leading to the Kastro, it is housed in a 17th century Venetian house, spread over several storeys. Its collection of early Cycladic marble figurines is second only to that of Athens' National Museum. In the afternoon we catch our ferry to **Tinos**. This unsophisticated, mountainous island is famous for its marble and distinctive architecture – Tinian dovecotes, a legacy of the Venetians, are scattered across the landscape.

Day Nine | Tinos

Today we visit the **Archaeological Museum**, which includes finds from the **Sanctuary of Poseidon**. Afterwards, we visit the sanctuary itself, situated

opposite the beach of Kionia. Tinos was the only island in the Cyclades that dedicated an entire temple to Poseidon. Worshippers came here to cleanse and purify before travelling to the sacred island of Delos. We end the day at the **Pyrgos Museum**, which is dedicated to the local history of marble and explains the quarrying and sculpting techniques used on the island since antiquity.

Day Ten | Tinos - Athens

We take the ferry to Rafina and from there we travel to **Sounion**, where we visit the beautiful Temple of Poseidon. Later we transfer to Athens for our final night in Greece.

Day Eleven | Athens

We transfer to Athens airport for our return flight.

Day Two | Kavala & Phillippi

Today we explore the **Archaeological Museum** in Kavala which houses remains from Amphipolis and other ancient sites found nearby. We proceed to an important UNESCO-listed site on the Via Egnatia, the Macedonian and Roman colony of **Phillippi**, named after Philip II, who conquered it, and which is famed for the decisive battle between Octavian, Antony and the Conspirators who killed Caesar. Here we explore the forum, heroon and well-preserved theatre, as well as impressive Byzantine monuments. We end the day with a visit to **Kavala** where we see the **Byzantine Castle**.

Day Three | Thasos

We travel by ferry to the Island of **Thasos**, the most northerly of all Greek islands surrounded by the crystal clear waters of the Aegean Sea. Here we visit the remains of the classical city. This was originally a Parian colony, enriched by its gold and silver mines. Marble was the island's other commodity, and some of its beaches are composed of marble sand. After lunch we make a stop at the **Limenas Museum** before returning to the mainland.

Day Four | Abdera & Xanthi

We spend the day exploring the site of ancient **Abdera** which had strong links with Phoenicians and produced a number of important scholars including the Sophist Protagoras and historian Hecataeus. The city, which became prosperous in the Classical period through its trade with Thrace, has left important remains, including a number of houses from the Roman period and later Byzantine churches. We journey afterwards to **Xanthi**, a major trading town in Byzantine and Ottoman eras. The city is well known in Greece for its distinctive period architecture.

Later today we return to the mainland and our hotel in Alexandroupolis.

Day Seven | Didymoteicho & Mikri Doxipara Zoni

Today we visit the border fortress of **Didymoteicho** whose idiosyncratic name might derive from its two sets of walls built in the 6th century under Justinian. Here we visit some of the Byzantine monuments, including the castle.

We proceed to the aristocratic Thracian tumulus cemetery at **Mikri Doxipara Zoni**, built in the 2nd century AD for four family members buried with a rich assortment of elite goods, including bronze and glass goods, as well as carriages and horses buried with the deceased.

Rest of Europe

With its vast history, Europe offers some of the most varied sites in the world and, archaeologically speaking, is particularly important for its unique collection of Palaeolithic and Neolithic remains in addition to its fine Roman sites. We have a broad range of European tours on offer for next year, which explore fascinating sites in Germany, France and Spain.

Where Palaeolithic cave art is concerned, there is a marked concentration of sites in France and Spain, many of which showcase some of the finest art that has ever been produced. Scholars debate, for example, why it is that humans depicted such skillful art in the deepest parts of caves, where there was no light and where it is unlikely that they were often viewed. Then again there are the questions about why humans felt a compulsion to stencil handprints, while not wanting to depict themselves, or whether the geometric symbols seen in many of the caves have specific meanings.

Europe also produces fine archaeological sites dating to the Roman period. As is clear from the wondrous sites in the south of France, the archaeology found in frontier areas and the fabulous remains nestled among the Illyrian coast, Europe has been defined by the brilliant period of prosperity which existed in the time of the Roman empire.

Hidden Paris

Peek beyond the famous landmarks and explore the secret archaeology

6 DAYS

From \$4,208pp **SAVE UP TO \$468pp**

Departing April

The tree-lined boulevards, elegant architecture and cobbled riverbanks along the silvery Seine have made Paris one of the most recognisable and romantic cities in Europe. First-time visitors are understandably impressed by its historic monuments, but peek beyond the famous landmarks and you will see another side of Paris to which only the most curious are privy.

Tour Highlights

- Explore the Conciergerie, formerly part of the palace complex but repurposed during the Revolution as tribunal and prison
- Admire the architectural masterpiece of Sainte Chapelle, one of the greatest examples of Gothic art
- Enjoy the ultimate hidden attraction – the subterranean Catacombes de Paris

Day One | Paris

We depart from London aboard the Eurostar, and glide into the Gare du Nord. After checking in to our hotel, we gather for an exploration of the historic **Marais** district, where a 12th century fortress remains tucked away among its streets.

Day Two | Sainte Chapelle & Musée de Louvre

This morning we visit the **Île de la Cité**. This area of Paris is home to many famous sites, but our goal is the infamous Palais de Justice and hidden within it, **Sainte Chapelle**. This architectural masterpiece was built to accommodate holy relics acquired by Louis IX in 1239 and it ranks as one of the greatest examples of Gothic art in France alongside the cathedrals of **Notre Dame and Chartres**. We continue to the **Conciergerie**, formerly part of the palace complex but repurposed during the Revolution as tribunal and prison. We end the day at the **Musée de Louvre**.

Day Three | Egouts & Saint-Germain-en-Laye

We make an unusual visit to the **Egouts**, a complex network of tunnels which mirror the city streets. The sewers have long been an unusual attraction for visitors and guided tours were conducted by boat or wagon as early as the 19th century. Later, we head to the leafy suburbs of Saint-Germain-en-Laye, and the **National Archaeological Museum**.

Day Four | Sacré Coeur & Musée de Montmartre

We head to **Montmartre** in the 18th arrondissement. This hilltop right bank neighbourhood with its narrow alleys and cobbled lanes retains some of the famous village atmosphere that appealed so much to the artists of the 19th and 20th centuries. Here we visit the snow-white confection of **Sacré Coeur** and the nearby unsung gem, the **Church of St. Pierre**. There is a Roman temple to Mars tucked away within its holy grounds and we admire the spolia repurposed within the church. We end the day at the **Musée de Montmartre**.

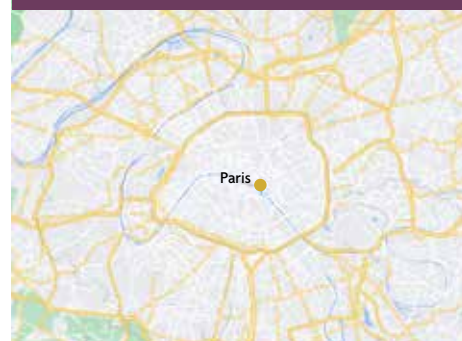

Day Five | Arènes de Lutèce & Catacombes de Paris

We explore the city's Romano-Gallic origins with a visit to the **Arènes de Lutèce**, site of the Roman amphitheatre. Built in the 2nd century AD, it was designed to seat up to 15,000 people. In the afternoon we visit the **Musée de Cluny** where we visit the Roman baths that lurk beneath the museum. We end the day with a visit to the **Catacombes de Paris**. After several years of modernisation and accessibility work, the museum reopened in May 2022 with a brand new museography.

Day Six | Paris

We leave Paris behind and return to London.

EXTRA TOUR DEPARTURE
DATE ADDED

Chauvet & Cosquer

An in-depth analysis of two of palaeontology's greatest finds

4 DAYS

From \$2,934pp **SAVE UP TO \$326pp**

Departing April & October

Palaeolithic cave painting and engravings are mankind's first recognisable artistic expression, but they mean more even than that. They show creatures which were extant during the Ice Age, shed light on hunter-gatherer culture thousands of years old and many archaeologists believe that the art is a highly sophisticated way of expressing complex beliefs about the supernatural world. The story of mankind is a constantly changing jigsaw puzzle in which many pieces are missing or even change shape as improvements in scientific dating methods and new discoveries redefine them yet again.

Join us for an in-depth analysis of two of palaeontology's greatest finds in the company of an expert on rock art and fabulous exponent of popular and accessible archaeology.

Tour Highlights

- An in-depth analysis of two of palaeontology's greatest finds in the company an expert
- Visit to Grotte Chauvet II to explore this unique facility
- See the state-of-the-art facsimile of La Grotte Cosquer

Day One | Marseille - Avignon

We fly to Marseille and transfer to our hotel. There will be an evening lecture before dinner.

Day Two | Chauvet

Lessons learned at Lascaux, where the cave suffered irreparable damage before its closure in 1963, the Chauvet cave has never been opened to the public since its discovery in 1994. Restrictions imposed by the French Ministry of Culture bar all but scientists and other researchers from the fragile environment of the cave itself. However, recognising that an international audience was clamouring to view the cave, a \$62.5 million facsimile, called the **Grotte Chauvet II** was created and we will explore this unique facility. The simulated cavern is not only a stunning real-life recreation of the cave but also a celebration of its discovery when three weekend cavers tunnelled their way through a narrow passage, and descended into a world frozen in time - its main entrance blocked off by a massive rock slide perhaps 21,000 years ago. In the afternoon we will drive to Aven D'Ornac where we visit the **Cite de la Prehistoire**. The exhibitions here take us on a journey from the Middle Paleolithic to the first

Iron Age covering a period of 350,000 years from Neanderthal to Homo Sapiens.

Day Three | Cosquer

We spend our morning at **Cosquer Mediterranee**, to see the state-of-the-art facsimile of La Grotte Cosquer. Six years in the making, this new museum opened its doors in June 2022, and it is evident that the technical skill used to create the facsimile at Lascaux and Chauvet has shown dividends here. The entire scale of the 2,300m² cave system has been faithfully replicated with meticulous attention to detail. As you are conveyed through the tunnels, skilful lighting reveals more than 500 images which unfold just as you travel deeper into the facsimile. In the afternoon we will explore the Museum of Mediterranean Archaeology, second in France only to the Louvre, which occupies part of the imposing old monastery, the Centre de la Vieille Charité. The Mediterranean Basin and Near East department offers a very rich ceramic and lapidary collection, some of which are unique.

Far from being a race of unwashed barbarians, they presided over a trading network which extended from Greenland to Baghdad. They fought with swords forged from Afghan steel, imported silk from China, reached the coast of North America and sent mercenaries to Constantinople. Following in the Viking's footsteps, we make our own epic voyage across Denmark into Norway and culminating in Sweden.

Tour Highlights

- Visit Copenhagen, Oslo and Stockholm, Scandinavia's fascinating capital cities
- Sail through the Kattegat and the Skagerrak straits connecting the Baltic and North Seas
- View the famous Viking longships at Roskilde, the best-preserved collection in Scandinavia

Activity Level ●●●●○

Day One | Copenhagen - Odense

We fly to Copenhagen and transfer to our hotel in Odense.

Day Two | Jelling

This morning we drive to **Jelling**, a UNESCO World Heritage site and one of the most extraordinary archaeological sites in Denmark. We will see Gorm's Stone and Harald's Stone, both decorated and inscribed with runes and with two substantial burial mounds with a church between them. The north mound was found to contain a wooden burial chamber when excavated and may have been the grave of King Gorm the Old. The Kongernes Jelling Visitor Centre provides a splendid view of the whole monument complex from its roof terrace.

Day Three | Odense - Copenhagen

We travel west to visit the famous **Ladby ship burial** which has been preserved in situ beneath a reconstructed mound. Nothing of the timber has survived, but like Sutton Hoo, the clenching rivets remained in place, with an impression in the earth of the planking. The burial had been plundered but the skeletons of eleven horses, three or four dogs and many other grave goods escaped the robbers. It is thought to have been a rowing boat

for 32 oarsmen, and dates to about 850-950 AD. We conclude our visit with the **Ladby Museum** before we cross the Great Belt Bridge to Zealand and our site visit at **Trelleborg**. Here we see the ring fortress, one of a number of extraordinary, well-planned circular forts built at the time of King Harald Bluetooth in the 10th century. We end the day in Copenhagen.

Day Four | Gammel Lejre & Roskilde

This morning we visit **Gammel Lejre**, the site of a prosperous manor owned by the Danish crown in the Middle Ages. Its association with important literary material, including Beowulf, shows us that this was a particularly important Iron-age and Viking-period royal centre. We continue to **Roskilde** where the **Viking Ship Museum** displays one of the best-preserved groups of Viking period ships from the Scandinavian world. There will be an opportunity to sail in a replica Viking ship. We also visit the **cathedral**, burial place of Danish royalty.

Day Five | Copenhagen - Oslo

On our last morning in Denmark, we visit the excellent **National Museum in Copenhagen** with prehistoric and Viking artefacts including the Gundestrup caludron, the Trundholm chariot, an amazing series of Bronze Age coffined burials and a magnificent Bronze Age lur (a long natural blowing horn). In the afternoon we take the ferry to Norway.

Day Six | Tønsberg

We arrive in Oslo and after breakfast, we disembark and drive south to **Tønsberg**, once an important trading centre. We will visit the **Slottsfjellsmuseet**, a small museum dedicated to the history of the area and includes the Klastad ship, which when excavated was found to be carrying a cargo of sharpening stones from Telemark, a Norwegian export for more than a thousand years. We continue to the **Borre Burial Mounds** and the **Midgard Viking Centre** before returning to Oslo.

Day Seven | Oslo

This morning we visit the **Medieval Archaeological Park** in Gamle Oslo. Recent excavations in this area have yielded a lot of new information about key

architectural and societal developments between 1050 and 1537 AD. After lunch we return to the centre of Oslo to explore the **History Museum** which houses amid its Viking and early medieval wing, several magnificent Stave Church portals decorated with fantastical dragons and beasts. The rest of the day is yours to spend at leisure.

Day Eight | Oslo - Stockholm

Leaving Norway this morning, we take the high-speed train east to Stockholm. This afternoon, we take a walk around **Gamle Stan**, the Old Town which occupies the island of Stadsholmen. It is not a Viking Age town, since it dates from the 13th century, but it retains its medieval street pattern with numerous narrow alleyways.

Day Nine | Anundshög & Uppsala

Venturing out of the capital city we head to **Anundshög**, the largest royal burial mound in Sweden. Next, we move to **Gamla Uppsala** to view three huge royal burial mounds that legend attributes to kings Aun, Egil and Adlis. The beautiful Gamla Uppsala kyrka (church) stands over the site of a great temple, where it is believed that sacrifices to the Norse gods Thor, Frey, and Odin took place. Legend and history intertwine as we visit tinghög (parliament hill) and the **Gamla Uppsala Historical Centre**, which displays the artifacts from the excavated mounds.

Day Ten | Birka

We take a boat to the island of Björkö (meaning 'Birch Island') to explore the UNESCO-listed Viking town of **Birka**. Founded in the year 750, it benefited from its strategic location and became an important Viking trading centre until 975, when Gotland and Sigtuna took over the Russia-Byzantine trade. A silver ring from a Viking-era grave in Birka is the first with Arabic inscription from that era to be found in Scandinavia's centre. 700 people lived at Birka when it was at its largest, and 3,000 graves have been found.

Day Eleven | Stockholm

Flight time permitting, we will visit the amazingly complex Vasa warship before we head to the airport for our flight home.

EXTRA TOUR DEPARTURE
DATE ADDED

"I absolutely loved every minute of it. We were able to see such a lot of the prehistoric sites of the Carnac area, and were treated to some wonderful French cuisine. A wonderful week."

Brittany - Carnac & Beyond

Encounter the world's largest assemblage of megalithic sites

7 DAYS From \$4,739pp SAVE UP TO \$527pp Departing September

Activity Level ●●●○○

Brittany offers a prehistoric landscape filled with some of the world's best megalithic monuments, from standing stones to chambered tombs. A whole day is rightly dedicated to Carnac, where stone rows stud the heather-clad countryside, and we explore passage graves with depictions of weaponry that mark the resting places of a selected few of the wider Neolithic population.

- Tour Highlights**
- Come face-to-face with a selection of fascinating passage graves, chambered tombs and polished axes
 - Devote an entire day to the stunning monuments of historic Carnac
 - Take a ferry to the island of Gavrinis to visit its famous and elaborately decorated passage tomb

Day One | Carnac
We travel by Eurostar and TGV to Carnac.

Day Two | Locmariaquer - Table des Marchands
A morning in and around the fishing village of **Locmariaquer** awaits us. Monuments in the area include the **Mané-Lud Carnac** mound, a large and prominent passage tomb with a central burial at the entrance to the village, the passage-tomb of **Mané Rutuel** and the fallen stone known as the **Grand Menhir Brisé**. When intact, the latter stone was over 20 metres high and weighed an incredible 280 tonnes. We end the day at the **Table des Marchands**, a passage grave with an exceptionally high burial chamber, capped with a huge, partly decorated stone.

Day Three | Gavrinis - Carnac
We travel by boat to the island of **Gavrinis** in the Gulf of Morbihan, where we visit a large and important passage grave that was constructed around 3500. The stones of the passage and capstone of the tomb are decorated with symbolic and abstract designs in a virtuoso display of prehistoric art. In the distance, we see the stone circle of **Er-Lannic** on its islet before we return to Lamor Baden. One circle marches into the sea and the second has long since vanished beneath the waves. We continue to **Carnac Prehistory Museum**, the richest in the world for Megalithic culture and founded by the Scottish antiquary James Milns, who was the first (and last) to excavate extensively at Carnac. This museum contains a wonderful array of artefacts, including Alpine jade axes, some of the

best-preserved jewellery and exquisitely knapped arrowheads.

Day Four | Plouharnel - Erdeven - Quiberon

We visit various sites between Plouharnel and Erdeven, including **Mané-Kerioned**, a group of three dolmens, the impressive dolmen at Crucuno that is partly incorporated into a farmhouse, and also the passage graves of **Mané-Groh** and **Rondossecc**. Later on, we visit the Quiberon Peninsula, where we visit the **Port Blanc Dolmens**, a set of 2 passage tombs where the bodies of around 50 people were preserved by the sandy environment. Lastly, we stop at the **Kerbougne Alignment**, on the eastern side of the peninsula. Here the stones can be seen at low tide stretching out into the sea.

Day Five | Carnac - Geant du Manio

Today is spent exploring the megalithic sites of **Carnac**. The fantastic rows of stones, over 3,000 of them, run for over three kilometres across the Breton countryside. They are accompanied by tombs in the form of tumuli and dolmens (eroded stone-built tombs with capstones). There are four groups of alignments, three of which may once have formed a single conglomeration. We visit the rows at **Le Menec** and view the alignments of **Kermario**. After lunch, we explore the passage grave at **Kercado** and visit the menhir known as **Le Géant du Manio**. Along a forest trail, we find this giant in a clearing, standing over six metres high.

Day Six | Le Rocher - Petit Mont Cairn

We delve into the **Le Rocher** passage tomb and then we explore the **Arzon peninsula**, on the south

side of the Gulf of Morbihan, where we visit the **Petit Mont Cairn**. This extraordinary cairn has been much reconstructed, but is still a very impressive construction of about 4600 BC, with several phases of burial chambers. It was commandeered in 1943 to have a bunker – part of the Atlantic Wall – built into it. Ironically, the damage created revealed the very first dolmen chamber.

Day Seven | Carnac

Our tour comes to an end today as we make our return journey by train back to London.

Romans & Gauls

From Alesia to Lugdunum

8 DAYS

From \$5,796pp **SAVE UP TO \$644**

Departing June

Join us in Burgundy, the gorgeous French region served by the conjoining Rhône and Saône. This is a region where two great French passions collide - wine and food. Aside from its gastronomic pedigree, however, amidst its mustard field-dotted rolling green hills, we find cobbled Medieval streets, glorious Gallo-Roman and Celtic antiquity, and some of the most important Western churches and monasteries of the Middle Ages. This territory was right in the heart of Gaul, and it is here at Alesia that Julius Caesar finally conquered his Gallic opponents. A statue of Vercingetorix, the Celts' supreme commander, symbolises the extinction of the Celts' independence and marks the place where France was born, or at least conceived.

Tour Highlights

- Discover the hidden gems of Autun and Vienne including the best-preserved Roman temple in France
- View the wonderful collections of the Musée Gallo Roman in Lyon
- Gain new understanding of one of Rome's formidable adversaries, the Gauls

Activity Level ●●●○○

Day One | Lyon - Dijon

We fly to Lyon and transfer to our hotel in Dijon.

Day Two | Châtillon-sur-Seine & Alésia

This morning we visit the **Musée du Pays Châtillonnais** in the pretty town of Châtillon-sur-Seine. Its collections cover the entire history of the region and include the astonishing **Vix krater**, a 6th century BC Greek bronze vessel discovered at the burial mound nearby. We continue to Alésia, the battle site of Caesar's final Gallic victory, and its museum. We also view the **Vercingetorix statue** and then on to the **Muséopark Museum** and reconstructions.

Day Three | Autun & Bibracte

We travel to **Autun** in the Saône Valley in the hill country of the Morvans, an unsung but lovely part of France. The mottled greys and pinks of local granite often featured in the work of artist Pierre Bonnard. Autun was one of the wealthiest towns in Roman Gaul and we will visit the **impressive** theatre, town walls and gates, together with fascinating remains of a large Romano-Celtic temple. We continue to Bibracte in the **afternoon**. One of the largest and most important hillforts

of Gaul and site of Caesar's defeat at the hands of the Helvetii tribe the climax of his first campaign in Gaul.

Day Four | Dijon & Nuits-St-George

We begin the day at **Dijon Museum**, housed in the former abbey of Sainte Bénigne. Here we see the display of wooden Gallo-Roman statues found at Sources-de-la-Seine, a sanctuary associated with healing cult. The many wooden, bronze and stone ex-votos they placed there represent the parts of the human or animal body affected by disease. Leaving the city, we travel through the Burgundy vineyards, with a spot of wine tasting on the way, to **Nuits-St-Georges**. Here, we visit the Roman town and temple site and the museum.

Day Five | Dijon - Lyon

We travel south to Lyon today stopping on the way at the charming riverside town of

Chalon-sur-Saône. Once a busy Roman port, we visit the **Musée Denon** with its finds recovered from the River Saône. Next we visit the small town of **Cluny**, where, in the 10th century, monastic reform developed and took wing, extending throughout Europe. We visit the impressive remains of the **Abbey**, mother house of the Cluniac Order. We continue to Lyon where we will stay for the remainder of our tour.

Day Six | Lyon

Today is dedicated to **Lyon**. In antiquity its position at the confluence of the Rhône and Saône placed it on an important axis linking the Mediterranean to the future interior provinces. Here we discover the capital of the Three Gauls (Gallia Celtica, Belgica, and Aquitania) in the **Gallo-Roman Museum**, and the adjacent theatre and odeon. Early Christian churches and cathedral baptistery give us an insight into the importance of Lugdunum in late

Roman times. The afternoon is spent exploring the aqueducts of the city, unique in the western Roman Empire for their complexity and engineering.

Day Seven | Vienne & St. Romain-en-Gal

We spend the morning in Vienne, visiting the near complete **Temple of Augustus and Livia**, the theatre and other remains of this wealthy Roman town on the banks of the river Rhône. In the afternoon, we cross the river to St. Romain-en-Gal, a suburb that has seen extensive excavation, and now has a rich display of houses and mosaics on display in situ and in the new **Gallo-Roman museum**.

Day Eight | Lyon

We transfer to the airport.

Roman Germany

Exploring the Rhine Frontier

10 DAYS

From \$5,670pp **SAVE UP TO \$630pp**

Departing September

In AD 9, the largest army of the Roman Empire suffered unprecedented defeat at the Teutoburg Forest where Publius Quinctilius Varus famously lost three legions along with accompanying auxiliary troops. This episode – long remembered in Rome and etched in Augustus’ memory – brought about a change in Roman strategies in Germany. Rome by and large abandoned further expansion in Germany and, instead, constructed the limes Germanicus, a defence system of bank, ditch, wall and forts which developed over time. This involved a massive concentration of the army in this area and, with that, the acculturation of the native populations as troops interacted with locals. For this reason, there is a plethora of Roman archaeological sites, both domestic and military, along the limes. In this beautiful part of Europe often overlooked by tourists, we will explore extraordinary museums, such as the Romano-Germanic museum in Cologne and the Museum für Antike Schifffahrt in Mainz, stunning houses such as the Ahrweiler Villa and the Villa Nennig, along with the limes itself and Rome’s strategies for controlling its borders. We end with the Aachen, the stunning capital of the Holy Roman empire with its unique cathedral.

Tour Highlights

- Explore the remains of the fort and reconstructed watchtower at the UNESCO site of Saargemünd
- Admire the richly illustrated gladiatorial mosaic at the Villa Nennig, one of the most important Roman artefacts north of the Alps
- Visit the Museum für Antike Schifffahrt in Mainz for an unparalleled exploration in the ancient art of seafaring
- Explore the impressive Roman remains the UNESCO listed Trier, including the Porta Nigra

Day One | Düsseldorf - Cologne

Arrive Düsseldorf and transfer to our hotel in Cologne. Time permitting, there will be an evening walk where we might admire the skyline dominated by Cologne’s famous cathedral.

Day Two | Xanten

Heading north, we arrive at **Xanten** where the Roman town of **Colonia Ulpia Traiana** has been reconstructed. The city was constructed by the army in order to service the legion and the auxiliary troops stationed here; the latest incarnation was built ex novo in the Trajanic period – after the previous city was destroyed in the revolt of the Batavi. The result was one of the largest colonia in the Roman empire and included all the amenities associated with a Roman city, including baths and an amphitheatre. The **archaeological park** at Xanten

today is a recreation of this colonia on the site of the archaeological site; though somewhat controversial, it offers us the chance to experience Roman buildings as they must have been.

Day Three | Cologne

Today, we explore the impressive remains of **Cologne**, the erstwhile Colonia Claudia Ara Agrippinensium. Despite the Romano-Germanic Museum will be closed for some time, we will be able to visit a new display of it in the Belgian House. We continue on to the impressive burial chamber at **Koln-weiden**, and the remains beneath the churches of Gross St. Martin and St. Severin. After lunch we visit the hidden gems dating from the Roman period, including the renowned Ubier monument.

Activity Level ●●●○○

Day Four | Cologne – Boppard - Braubach

Today we visit the extensive **Ahrweiler villa** which was built in the 1st century AD at the height of the empire and transformed in the crisis ridden late antique period into a smelting plant. The imposing remains, which have survived thanks to a 5th century AD landslide preserving the villa, are testament to the wealth of the German elites in the early imperial period, as well as the struggle they faced from the 3rd century onwards. We explore the ruins as well as the excellent museum which preserves artefacts from the site. Then on to **Boppard**, a UNESCO listed town lying in the picturesque Rhine Gorge, with a Medieval core. From here we travel by boat on a beautiful part of the Rhine to our next hotel in Braubach.

Day Five | Zugmantel, Saargemünd & Feldberg

We reach the **limes** – the 500km boundary fortified with great banks and ditches overlooked by 900 watchtowers and patrolled from 60 forts. We start with an exploration of the remains of a fort in **Zugmantel** built in the Flavian period as part of the Upper Germanic-Rhaetian Limes and today located in an atmospheric edge of a wood. Next to the fort, which has been reconstructed, is a vicus, a settlement which grew next to the fort, a spill over

from the fort which may have included locals who lived near the army to provide support for it. We proceed to the UNESCO listed site **Saalburg**, where we explore a spectacularly reconstructed cohort fort, as well as an excellent museum. We end the day at the *limes* in **Feldberg** which preserves remain of a bath house, granary and praetorium.

Day Six | Braubach - Mainz - Trier

A drive along the Rhine, takes us to **Mainz**, ancient Mogontiacum, the founded at the end of the 1st century BC by Drusus as a military fortress and capital of Germania Superior. We start the day at the world class **Museum für Antike Sciffahrt** established in order to display the remains of 6 remarkably well-preserved ships found in the Rhine in 1981, two which have been reconstructed. Four of the ships, are a type known as the *navis lusoria*, a nimble, shallow draft ship used for transport troops previously only known from written sources. In the museum, we see other artefacts from the *classis Germanica*, the Rhine fleet. After lunch, we visit the **Temple of Isis** in Mainz, which shows how cosmopolitan the province was in the Roman period. Afterwards, we have free time where you might visit the Gutenberg Museum before we head to Trier.

Day Seven | Trier

Today is the first of our days in Imperial **Trier**, the erstwhile Augusta Treverorum which became prosperous in the 4th century when it was made capital of the Prefecture of Gaul. The city is a UNESCO listed site for its spectacular Roman remains, the most significant in German. Trier also has wonderful Gothic remains, some of which we will explore in the **Museum am Dom**, which is UNESCO listed for its wonderful collection of early art and illuminated manuscripts. We proceed to the **Rheinisches Landesmuseum**, which contains one of the best collections of ancient artefacts in Germany, including the Trassem gold hoard from 1600 BC. In the afternoon, we view **Constantine's Basilica**, built by the emperor Constantine as part of a palace complex and which remains the largest extant ancient hall.

Day Eight | Porta Nigra & Villa Borg

This morning we spend the morning in Trier, visiting the famous **Porta Nigra** whose remarkable preservation is due to its transformation into two superimposed churches, as well as the **Kaiserthermen Baths** whose impressive remains were built in the 4th century. We proceed to the funerary monument of **Igel**, decorated with remarkable detail of wool merchant's lives before driving to the **Villa Nennig** where see the remarkably well-preserved gladiatorial mosaic – the most important north of the Alps – which belonged to the atrium of a Roman villa built in the end of the 2nd century. We end the day with a visit to the and the impressive reconstruction of the **Villa Borg**, a villa rustica whose *pars dominica* and *pars rustica* both survive.

Day Nine | Trier - Aachen

We drive to **Aachen**, where Charlemagne was crowned in 800 and his preferred residence. A city redolent of Germanic identity, it is where the Holy Roman Emperors were crowned from the 9th to the 16th centuries. In a tour which started with the imperial period, continued to the late antique period, it is fitting that it ends with the Holy Roman empire. In the morning we take a walking tour of the city and visit the **Treasury**, richly endowed by Holy Roman emperors, including Charlemagne himself. It includes the Aachen Gospels and a diptych of Christ from the Carolingian period, as well as the Lothar cross from the time of Otto III. We end the day at the incredible UNESCO listed **Cathedral of Aachen**, built at the order of Charlemagne to resemble the Basilica of San Vitale in Ravenna and to challenge the Basilica of San Giovanni in Lateran in splendour. Richly decorated with marbles taken from Rome and Ravenna, this cathedral, one of the oldest in Europe is a fitting way to (almost) end the tour.

Day Ten | Aachen - Dusseldorf

Before transferring to the airport for our flight home and time permitting, we pay our final visit is to the 14th century **Gothic Rathaus** or town hall whose coronation hall contains 19th century frescoes of Charlemagne.

Guided by Tony Wilmott

Senior Archaeologist at Historic England. Tony has directed a number of excavations, among which include an impressive 23 seasons of work on the Hadrian's Wall World Heritage Site and the ruined Whitby Abbey.

The Archaeology of Roman Istria

Exploring idyllic Croatia

5 DAYS

From \$3,011pp **SAVE UP TO \$335pp**

Departing August

The idyllic peninsula of Istria, with its staggeringly beautiful coastline, has a rich history linking it to the Veneti and is now famed for its wonderful ancient ruins as well as its beautiful Venetian cities. This tour brings different layers of history to life, exploring the sites in the comfort of one hotel based in the gorgeous Poreč.

Tour Highlights

- View the Roman ruins in the elegant city of Trieste, including a stunning theatre and the remains of a forum
- Visit Pula with its staggering collection of Roman ruins, including its impressive amphitheatre and stunning Temple of Augustus
- Examine the Euphrasian Basilica in Poreč, a stunning early Byzantine church with a magnificent array of shimmering mosaics
- Explore the beautifully located archaeological park of Vizula, which contains the remains of an opulent Roman luxury villa

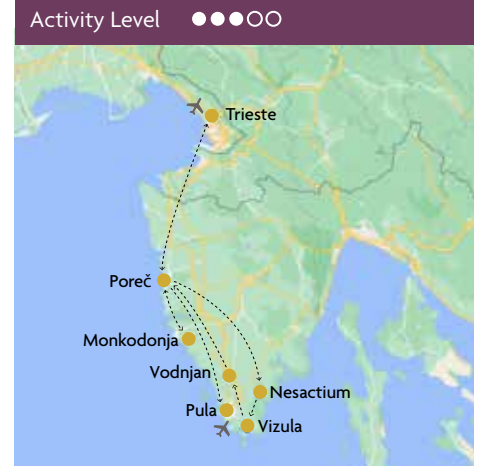

Day One | Pula

Arrive at Pula airport late evening. Upon arrival, we make our way to our hotel.

Day Two | Pula & Vizula

This morning we explore the wonderful remains of **Pula**, which offer precious testimony to the Roman presence and influence in Istria. Most prominent among these is the stunning **amphitheatre**, which preserves the underground service rooms, as well as the four outer towers, which contained water for the sparsiones sprinkled on the spectators during performances. We can

also see evidence of the structures necessary for the awnings used to shade the spectators. We proceed to the **Roman forum** where we see the **Temple of Augustus**, one of the best-preserved Roman temples outside of the Italian peninsula. Dating from the same period is the Arch of the Sergii, which was both a city gate as well as a commemoration of the victory at Actium. Nearby is the Gate of Hercules, recognisable from the high relief sculpture of the hero's bearded head, together with his club. Nearby is the well-preserved Roman theatre, built into the hillside on which the castle now sits.

We take a short drive to the charming fishing village of Medulin for lunch after which we head to **Vizula Archaeological Park**. The peninsula which constitutes the archaeological park is beautiful in natural terms but has a wealth of remains. Evidence shows habitation here from the Neolithic period onwards. One of the most striking sites is an Imperial villa, whose large size and rich decorations underlines the prosperity of some of the city's inhabitants. We round off the day at **Nesactium** whose Roman remains were built upon the original Histrian town destroyed by the Romans in 177 B.C. It was an important station on the Via Flavia from Tergeste to Dalmatia.

Day Three | Monkodonja - Poreč - Trieste

This morning we drive to the Bronze Age hill fort at **Monkodonja**. It was discovered in 1953 and has given much evidence of the lives led there. It was inhabited and not merely a defensive refuge, with the Acropolis itself having residential buildings and streets. A good deal of pottery has been unearthed and shows a thriving local culture of craftsmen as well as trade across the Mediterranean even as far as the Levant. We continue to lovely town of **Poreč**, situated on the western side of the Istrian peninsula. Inhabited since prehistoric times, it was a Roman castrum in the second century B.C. making use of the natural harbour and became a municipium during the time of Augustus. We start at **Marafor Square**, site of the Roman forum. There are remains still visible of some of the Roman temples, as well as paving from the forum itself. We note the **Romanesque House**, erected in the 13th century, as well as the **Kanonika**, which still has its original stone portal. Here we see the pediment of the Temple of Neptune, once the largest in Istria. We make our way to beautiful **Euphrasian Basilica** in a complex that includes baptistery and bell tower. This UNESCO listed building is a particularly good example of Byzantine architecture, built in the 6th century on top of an older, 4th century basilica, as well as a Roman domus. Inside, the eye is caught by the staggering mosaics in this complex; the oratory retains a mosaic floor that belonged to the domus.

Day Four | Trieste

Today is dedicated to exploring **Trieste**, the capital of Friuli, which is on the border with Slovenia, and which was shaped by centuries of Habsburg rule when it was one of Europe's most important ports and the bridge between central and southern Europe. Walking along the city's elegant avenues, we explore the archaeological remains of the city which was a military camp. We start with the **Paleochristian Basilica** first discovered in the 19th century and which is notable for its 4th and 6th century mosaics which are reminiscent of those found in the Euphrasian Basilica, including those which record the names of donors who paid for the floor. We continue to the **Cattedrale di San Giusto**, built between the 9th and 11th centuries on top of an early Christian church and a Roman temple and notable for its Venetian apsidal mosaics. Just outside the cathedral, we explore the remains of the **Roman forum**. The afternoon is spent exploring more Roman remains, including the Arco di Riccardo which monumentalised the entrance to the Cardo, and the well-preserved Roman theatre.

Day Five | Trieste - Pula

Before we make our journey to Pula Airport, we drive to the pretty town of **Vodnjan** for a guided walk of its architecture which shows its Venetian heritage.

NEW FOR 2024

Rock Art of Portugal & Spain

Cave art without the caves

7 DAYS

From \$4,329pp **SAVE UP TO \$481pp**

Departing May

Activity Level ●●●○○

As an immense open-air gallery, the Côa Valley is blessed with more than a thousand rock art depictions, identified in more than 80 different sites, with predominance of Palaeolithic engravings, executed around 30,000 years ago. This is a rare opportunity to visit rock art away from the beaten tourist trail, across the Spanish/Portuguese border region, in unspoiled countryside. Set within the peaceful valley of the Côa river, surrounded by rolling hills and vineyards, the engravings were only discovered 20 years ago when they were about to be drowned as part of a huge dam project. An international outcry saved the rock art for prosperity. It is not only the largest outdoor collection of Palaeolithic images, but also, the only known place where rock art from the Upper Palaeolithic (c2400 BCE) through to historical times is found together. There is an interesting comparison with the Spanish site at Siega Verde just across the border.

Tour Highlights

- Explore the most remarkable open-air ensemble of Palaeolithic art on the Iberian Peninsula
- Stay two nights in Porto, enjoying its old-world charm and UNESCO heritage status
- Enjoy a lovely rail trip along the valley of the Foz Coa on the MiraDuoro train

Day One | Porto

Arrive in Porto and make our way to our hotel.

Day Two | Porto - Foz Côa

We make the most of our time in the lovely town of **Porto** this morning with a guided walk through the key parts of the city, which have helped to make the town into the UNESCO heritage site it is today. We might visit the cathedral, or the Casa do Infante. After an early lunch, we board a train on a

scenic journey along the green and pleasant Douro river valley towards Foz Côa and Pocinho. From here we will transfer to our hotel in preparation of our first rock art sites tomorrow morning.

Day Three | Canada do Inferno & Fariseu

We begin appropriately, at **Canada do Inferno**, where the first petroglyphs were discovered in 1991. The chronology of rock art here encompasses all phases of Palaeolithic art and the tradition of

engraving continued during the Neolithic period. This afternoon we visit **Fariseu**, a site so unique that for a long time its authenticity remained the subject of hot debate and later in the early evening, we will take a trip up to **Penascosa**. By visiting in the evening with artificial light, we are able to see details in the artwork that cannot easily be picked out during daylight.

Day Four | Ribeira de Piscos - Foz Côa Museum - Penascosa

We return to the Côa Valley again today, this time venturing further to the **Ribeira de Piscos**. Some of the best known of all the region's images are to be found here including the 'Man of Piscos', a rare human figure etched into the rocks. After lunch we visit the **Foz Côa Museum**, housed in a beautiful contemporary building with plenty of space and light to view the displays. The museum tells the story not only of the art itself, but also its discovery and the fight to preserve the heritage of the region. Afterwards, we return to the Penascosa site to view it in daylight.

Day Five | Siega Verde & Castelo Rodrigo

We take another lovely drive through rolling countryside to **Siega Verde** where we will explore many of the rock art sites, some of which date back

twenty millennia. The site boasts a menagerie of prehistoric wildlife, from goat to bison and reindeer to woolly rhinoceros. Before returning to our hotel we stop at **Castelo Rodrigo**, a fortified medieval town with a well-preserved Gothic castle. We will have some time to explore its winding streets at leisure before we head back to Foz Côa.

Day Six | Foz Côa - Porto

Before our return to Porto this afternoon, we make one final visit to the **Foz Côa Museum**, where we can explore at our own pace. After lunch we will make our way back to the station and board our train for our second trip along the river valley back to Porto.

Day Seven | Porto

We transfer to the airport.

Day Three | Seville

Founded by General Scipio in the 3rd century BC, Itálica is home to many Roman remains, ancient cobbled streets and one of the largest amphitheatres in the Empire. Rock Art of Altamira

A close encounter with our Stone Age antecedents

8 DAYS

From \$4,437pp **SAVE UP TO \$497pp**

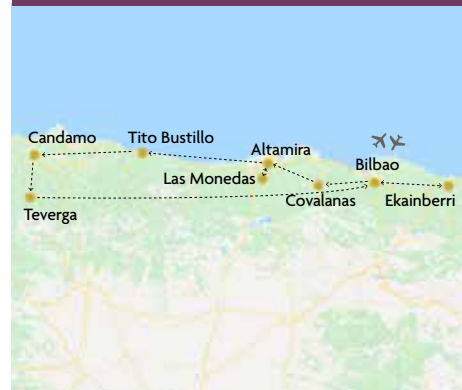

Departing June & September

Decorated 35-15,000 years ago, the caves of Altamira still display some of humankind's first great artistic achievements. This is a unique chance to view the vivid images of horse, bison and deer that have come to epitomise Palaeolithic art. A visit to this area's Ice Age caves is a genuine privilege. Where else can you gaze upon masterpieces of such antiquity in situ?

Tour Highlights

- Examine the contrast between ancient art seen in the caves themselves and the modern art on display at the renowned Guggenheim in vibrant Bilbao
- Visit the spectacular cave at Tito Bustillo and stand before its awe-inspiring images, which are both painted and engraved
- Pay a memorable visit to the celebrated Altamira Cave facsimile, widely regarded as the Sistine Chapel of cave art

Activity Level ●●●○○

Day One | Bilbao

We fly to Bilbao and travel to our hotel.

Day Two | Ekainberri - Bilbao

This morning we drive out to see the facsimile of the painted cave discovered in 1969 at **Ekain** in the Basque country, home to some of the most realistic colourful depictions of horse and bison. We leave the prehistoric era behind at the **Guggenheim Museum** in Bilbao. Note the stark contrast between ancient and modern art.

Day Three | Covalanas - El Pendo

A scenic drive through the mountains brings us to the small cave of **Covalanas**, decorated with

deer that are drawn entirely in red dotted outlines. After lunch, we visit the cave of **El Pendo**, which contains a panel of painted animals 8.8 metres in length. Interestingly, portable art made from bone and antler was also found here in tremendous quantities.

Day Four | Altamira - El Pindal

The famous site of **Altamira** awaits, where we see the superb facsimile of the cave and the museum. Continue along the coast to **El Pindal**, a cave set into the cliffs above the sea – one of the most beautiful and spectacular locations of all the decorated caves. Here, we find a series of geometric signs and a variety of animal figures, including bison, deer, a fish, and also an unusual painting of a mammoth.

Day Five | Las Monedas - El Castillo

Travel to the south of **Santillana del Mar**, the site of several decorated caves, two of which we will visit. Firstly, we explore **Las Monedas**, a large, labyrinthine cave in which bear bones were also found. The art here is extremely homogeneous and it is considered likely that it was produced by just one person. The art at our second visit – the cave of **El Castillo** – clearly belongs to a number of different phases and recently produced some of the earliest dates for cave art in the world – more than 40,000 years. There are hundreds of animal figures and 50 red hand stencils to be observed here.

This afternoon, there is time to explore the town of Santillana del Mar.

Day Six | La Loja - Tito Bustillo

We head west into the mountainous region of Asturias to **La Loja** – a cave with some fine engravings, which stand out clearly in white against the dark rock. This afternoon, we see the cave of **Tito Bustillo**, which was discovered in 1968. The cave is famed for its frieze of horses and reindeer.

Day Seven | Candamo - Teverga

We visit **Candamo**, where the most famous engraving is a big stag turning its head, pierced by many spears. We also view many other fine figures, some in surprising locations. Our final visit of the tour is to the prehistoric park at **Teverga**, where we are treated to a superb final overview of the caves and their myriad discoveries.

Day Eight | Bilbao

We return to the airport today.

NEW FOR 2024

Prehistoric Malta & Gozo

Malta's first inhabitants

7 DAYS

From \$5,054pp **SAVE UP TO \$562pp**

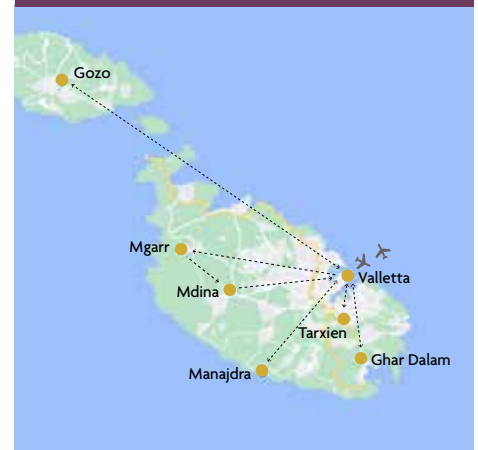

Departing April

The island of Malta might be small but it certainly packs a big punch in historical terms. In the struggle for dominion of the Mediterranean it has played a key role in centuries of sparring between the east and west. Enduring occupation from the Phoenicians, Romans, Greeks, Arabs, Normans, Sicilians, Hospitallers, French, and British, it has a colourful and complex heritage. Our focus, however, is on its earliest and most extraordinary occupation when some 5,000 years ago this tiny archipelago was home to an astonishing culture, that created elaborate stone temples and rock-cut tombs. A thousand years before the Great Pyramid at Giza was erected, people on the tiny island of Malta were moving stones that weighed up to 50 tonnes to make huge temples. Among the oldest ritual structures in the world, the number of them is astounding and in their complexity must have required considerable planning and organisation. Join us as we explore some of the island's most extraordinary archaeology of a sophistication, character and quantity unparalleled elsewhere.

Tour Highlights

- Discover the extraordinary prehistoric culture, whose stone monuments predate the pyramids by over 1,000 years
- Explore the cave and associated museum at Ghar Dalam Cave, the lowest layers of which are over 500,000 years old
- Enjoy the timeless atmosphere of Valletta, Malta's charming UNESCO World Heritage capital city

Activity Level ●●●○○

Day One | Valletta

Arrive in Malta and transfer to our hotel in Valletta for our first dinner together as a group.

Day Two | Mgarr & Mdina

Beginning in the town of Mgarr, we visit the two conjoined temples of **Ta' Haġrat** and **Mgarr** built during the 4th millennium BC. We continue to the village site of **Skorba**, which has made a significant contribution to our understanding of early Maltese prehistory providing a stratigraphy from c5000 to 1500BC. We spend the afternoon in **Mdina** – The Silent City – which served as the island capital from antiquity through to the Medieval period and end the day seeing some of the renowned '**cart ruts**' in the hillside at Buskett – features that occur on both Malta and Gozo and are comprised of parallel grooves which have been worn into the bedrock, sometimes for long distances.

Day Three | Valletta

A day spent exploring **Valletta** on foot. Founded by the Knights Hospitallers following the Great Siege of 1565, this UNESCO World Heritage Site occupies a commanding position over two

Images top to bottom: Valletta & Mdina street architecture

harbours. We begin with the exceptional array of artefacts from Malta's unique prehistoric periods in the **Archaeological Museum**, from man's first arrival on the island up to the end of the Bronze Age. We also visit **St. John's Co-Cathedral** and the **Grand Master's Palace** with façades of some of the many Auberges of the Knights.

Day Four | Haġar-Qim, Mnajdra & Tarxien

Today we visit the magnificent temple sites at **Haġar-Qim** and **Mnajdra**, megalithic structures which sit clustered close together at the top of a promontory with superb views over the sea. The internal arrangement of Haġar Qim is highly complex involving what are probably many building and reconstruction phases and the lower temple at Mnajdra is astronomically aligned. Their use of as religious or ceremonial places have been determined through the on-site discoveries of animal bones, sacrificial flint, knives and rope holes, possibly used to hold sacrificial animals. In the afternoon, access permitting, we explore the **Hal Saflieni Hypogeum**, a UNESCO World Heritage Site and funerary complex, a vast subterranean complex, outstandingly presented. It seems that the monument was in use for most of the

4th millennium BC. Nearby, we will visit **Tarxien** megalithic site, one of the most elaborate of all the Megalithic temples on the island which has undergone extensive excavation and restoration.

Day Five | Ghar Dalam & Xemxija Heritage Trail

This morning we visit **Ghar Dalam**, the oldest of Malta's monuments. This water worn tunnel is approximately 15.5m above sea level and 45m deep, and is accessible for about 80m on foot. Here, large quantities of Pleistocene faunal remains (including dwarf hippos and elephants) were found, together with evidence for earliest known human activity on the island. In the afternoon we will explore **Xemxija** where we will walk along the heritage trail and seek out some of the rock-cut tombs dotted around the hillside. Here we will also see the Romano-Punic apiaries built into a natural cave recess. The honeycombs would have hung in vertical panels in their small chambers within easy reach of the bee keepers.

Day Six | Gozo

We take the short crossing by ferry to **Gozo**, associated by locals with Homer as the island home of Calypso, Odysseus' temptress and captor.

The pace of life is slower here and the landscape greener. We spend all day on the island where we see **Ggantija**, a prehistoric megalithic complex of exceptional grandeur; the **Xagħra Stone Circle**, a significant funerary complex; and the ruins **Santa Verna**, a megalithic site left to the ravages of time. We will also visit the town of Victoria and the **Archaeology Museum**, which provides a small but important window onto the earliest cultures of Gozo up to the arrival of the Knights of St. John.

Day Seven | Valletta

We transfer to the airport for our flight home.

Guided by Dr Jeremy Bennett

A British archaeologist, Jeremy was awarded his PhD at Magdalene College, Cambridge. His research focuses on the development of agrarian landscapes of Malta and Gozo.

Africa & Egypt

The sites in North Africa are vital for shedding light on other ancient peoples, notably the Phoenicians/Carthaginians, as well as the Numidians and Romans. Visiting Punic sites in Africa not only sheds light on the complexity of Carthaginian urban infrastructures but poses questions about the city's enmity with Rome and what would have happened had the Punic wars not be won by Rome. The wonder of North African archaeological sites is their fabulous state of preservation; cities such as Timgad, Dougga and Volubilis can scarce be found in Europe, whose sites have been encroached upon over succeeding millennia. At the same time, North African sites - abounding with olive oil presses, magnificent mosaics, temples and baths - pay homage to the region's prosperity in the Roman period, when it was the bread basket of the empire. Plus, Morocco and Andalusia separated only by a narrow body of water, is a fascinating tour where Africa and Europe meet.

Our expanding portfolio includes a fabulous variety of tours that explore Africa, from Algeria to Egypt and Tunisia, and we now have a brand new itinerary that will see you discover human origins in the African Savannah, taking in sites in both South Africa and Zimbabwe while offering a chance to spot the Big Five on game drives in national parks.

Egypt is also likely to be an incredibly popular destination for archaeological travellers in 2024, what with the highly anticipated opening of the new Grand Egyptian Museum in Giza on the horizon. The incredible age and audacious size of the Egyptian sites, which were seen as ancient to those living in Classical Antiquity, astonish us still today. The seemingly impossible Great Pyramids of Giza, as well as the breath-taking temple complex at Karnak, underscore the prosperity and vitality of Egyptian culture over an enormous period. Perhaps more than anything, it is the longevity of Egyptian history that strains belief.

Day Sixteen | Málaga - Córdoba - Granada

We spend the day in extraordinary Córdoba, which exemplifies perhaps more than any other city the

blend of cultures found in Andalucía. We start with the **Medina Azahara** then continue to the **Alcázar de los Reyes Cristianos**, ending our exploration with the stunning **Cordoba Mosque-Cathedral**. Afterwards we travel to Granada where we stay for the last two nights of the tour.

Day Seventeen | Granada

Granada, Muslim until its defeat in 1485, was the last bastion of Moorish history and culture in Andalucía. Our visits here include the **Cathedral** built in the century of the old Muslim Medina and **El Banuelo**, the site of Arabic baths dating from the 11th century. A visit to the extraordinary **Alhambra** is a fitting end to this day.

Day Eighteen | Granada - Málaga

After the tour of a lifetime exploring the wonders of Morocco and Spain, we make our way to Malaga airport.

Algeria

Roman Mauretania

10 DAYS

From \$5,981pp **SAVE UP TO \$666pp**

Departing February & October

Algeria is still one of the least-visited countries in the world, but access to its ruinous Classical cities is now easier than it has been for some years. The sites are a palimpsest of Numidian, Roman and Byzantine remains, and include probably the best-preserved colonia anywhere in the Empire – Timgad.

Tour Highlights

- Wander the perfectly preserved streets at the UNESCO-listed sites of Roman Djémila and Timgad
- In Sétif, gaze upon one of the most exquisite mosaics in all the Roman world – the fantastic 'Triumph of Dionysus'
- Explore the Roman 'City of Bridges' – Constantine – and visit the evocative ruins of Hippo Regius

Activity Level ●●●○○

Day One | Algiers

Arrive in Algiers and transfer to our hotel stopping en route to admire the **Makam Echahid**, one of the most striking landmarks in the city and memorial to those who lost their lives during Algeria's hard-won war for independence. After lunch we will explore the **Kasbah**, built on the ruins of old Icosium, a Phoenician commercial outpost later overtaken by the Romans. Little remains of its ancient past but having survived bombardment and civil war, the Casbah of Algiers remains the largest old walled city or 'citadel' in North Africa and is a UNESCO World Heritage Site.

Day Two | Cherchell & Tipasa

We spend the whole of today along Mediterranean west of Algiers. Driving west we reach **Cherchell**, Phoenician Iol and Roman Caesarea, which was once the capital of the Numidian client King Juba II and his wife Cleopatra Selene, daughter of Mark Anthony and Cleopatra. Our afternoon is spent at the Roman city of **Tipasa**, a UNESCO World Heritage Site overlooking the sea, with impressive remains both of the high Roman Empire, and of the early Christian period. We also stop at the huge cylindrical tomb, variously called the 'Royal Mausoleum of Mauretania' or the 'Tomb of the Christian Woman'.

Day Three | Algiers - Annaba

This morning we have time to visit the **Bardo Museum**, housed in a neo-Moorish Villa and the **Museum of Antiquities and Islamic Arts**, before transferring to the airport for our flight to Annaba. We arrive in Annaba in time for a late lunch and an afternoon visit to **Hippo Regius**. The great North African churchman later known as St. Augustine ended his days here in AD430, and we visit the remains of this once splendid city a mile to the south of modern Annaba. It was once a port, situated on an inlet which has since silted over, leaving the ruins isolated and complete, and now dominated by the basilica of St Augustine which was built on a nearby hill during the 19th century. We visit the basilica as well as the site.

Day Four | Annaba - Constantine

We depart early this morning to visit the theatre and museum at **Guelma**. The Numidian Jugurtha won an important battle against the Romans here. We continue south to **Khemissa**, this relatively little-known or visited site was certainly a significant Numidian settlement from at least the second century AD. This huge ancient city is set in glorious surroundings, and among the ruins we find an old forum built on an artificial terrace on the north slope of the hill with shops and adjoining temples,

as well as a Basilica dating probably to the second century AD. We then head west to Constantine, making one final stop to see the tomb of **Massinissa** and the site at **El Khroub**.

Day Five | Constantine & Tiddis

Our morning is spent at the beautifully situated ruined city of **Tiddis**, an authentic Berber site modified by Roman civilization. The site has been occupied a least since the Neolithic period and several circular 'bazina' burial monuments from the pre-Roman Numidian period are visible at the site. We return to **Constantine** for lunch and later explore this extraordinary city, dramatically situated on a plateau by a deep ravine. Here we'll see its museum, kasbah, suspension bridge and the **Palace of Ahmed Bey**, one of the finest Ottoman-era buildings in the country.

Day Six | Constantine - Setif

We journey west to the site of **Djemila** situated on a narrow triangular plateau, 900m above sea level and described as 'one of the most perfect expressions of the meeting of Roman power and African beauty'. The town here is thought to have been founded by either Emperor Nerva or Trajan between AD 96 – 117 initially as a military garrison. Despite the challenging topography of the undulating landscape, its builders tried to conform, largely unsuccessfully, to Roman grid planning standards. It is partly owing to the consequent interesting layout and linear urban expansion and its good state of preservation that the site was granted UNESCO World Heritage status in 1982. In the afternoon we drive to Setif and end the day at the **Setif Archaeological Museum**, home to some unusual artefacts, but also some exceptional Roman mosaics including the 'Triumph of Dionysus'.

Day Seven | Setif - Batna/Timgad

An early start this morning as we make the long journey south to **Timgad**, the Roman city founded in AD 100 by Emperor Trajan, principally as a colony for veterans of the Legio III Augusta. This huge site was declared a UNESCO World Heritage site in 1982 and is famed for its formal orthogonal grid layout of the original town plan, measuring some 355m on each side, and for the good preservation of some

of its monuments. Still visible is a rare example of a Roman Library and no less than eight bath complexes scatter the site.

Day Eight | Batna - Biskra

Continuing south, our first stop today is at **Lambaesis**. This was the main military base of the Third Legion Augusta. The Legion may have numbered up to 25,000 men, recruited initially from Gaul, but later also from other Roman provinces and North Africa. The site is now rather forlorn, but parts of it, such as the amphitheatre and the four-sided arch in the military camp, are still quite substantial and worthy of some exploration. From here we drive through the spectacular scenery of the Aurès Mountains to the **Biskra** province which lies on the northern edge of the Sahara. We will stop on the way in the area of the gorges of Tighanimine and the breathtaking canyon of Rhouffi and we will visit the **Balconies of Ghoufi** where the cliffs cascade in naturally formed balconies and were used centuries ago to carve out cave dwellings from the sandstone.

Day Nine | Biskra - Algiers

We enjoy a relaxing morning visiting the Oasis of **Biskra** and the Palmerie at Tolga. For centuries, inhabitants of the Ziban mountain range have carefully planted and pollinated their precious date palms here – the local adage being 'give to the date palm and she will return the favour'. There are more than 100 cultivars of dates produced from four million trees in Biskra, ensuring agriculture remains the lifeblood of the region's economy. After lunch at the Palmerie, we transfer to Biskra airport for our flight to Algiers, arriving in time for dinner.

Day Ten | Algiers

We transfer to Algiers airport..

Please note that due to the unpredictable nature of local arrangements, some elements of our itinerary may be subject to change. In these circumstances, we will ensure that the integrity of our archaeological programme is not compromised but a certain degree of flexibility is required when travelling in this challenging but stunningly beautiful country.

Tunisia - North & South

Carthage to the edge of the Sahara

15 DAYS

From \$5,571pp **SAVE UP TO \$619pp**

Departing February

Tunisia has some of the best preserved Roman cities in the world and many retain the romance of ruins in the countryside unspoiled by mass tourism. Starting with Carthage, we travel south through ruined towns of the high Roman Empire before continuing to the landscapes of the salt chotts, palm oases and dunes of the south.

Tour Highlights

- Explore Tunisia's historical sites from Carthage and Rome to fortified Berber villages
- Traverse the vivid white landscape of the chotts, its salt structures shaped by the desert wind
- View the mosques and medinas of Kairouan's rich architectural and historical heritage
- Discover a treasure trove of Roman mosaics remarkable for the intricate beauty of their design

Day One | Tunis

We fly to Tunis and check in to our hotel.

Day Two | Carthage

Today we explore what remains of that once great Phoenician city, Carthage. We start at the **Byrsa Hill** site, where Dido is said to have first founded her city, and we continue to the site of the Tophet, where the cremated remains of thousands of children were found. Later we visit the **Cothon**, the Punic harbour and the impressive **Antonine Baths**, ending our day at the amphitheatre.

Day Three | Oudna & Thuburbo Majus

Travelling south, we stop en route to examine a section of the longest aqueducts built in the Roman Empire. A short drive takes us **Oudna**, where we explore the remains of its substantial public buildings, before continuing to **Thuburbo Majus**, originally a Numidian settlement in the midst of rich farming country.

Day Four | Tunis - Dougga - Teboursouk

We journey to **Dougga** via **Testour**, a small town characterised by its unique blend of Spanish and local influences. Later, we visit the magnificent site of Dougga, perched high on the hill above olive groves. One of the oldest towns in Tunisia, Dougga

began life as a Numidian walled citadel and was built over by the Romans.

Day Five | Teboursouk - Musti - Kairouan

This morning we visit the ancient site of **Musti**. Once a town of some importance, the site has been neglected and is still largely unexcavated. We continue north to **Bulla Regia** to explore its superbly preserved, subterranean Roman houses. After our visit here we start the long journey south to Kairouan.

Day Six | Kairouan

We spend the day in **Kairouan**, the fourth holiest city of Islam. We visit the Aghlabid pools, reservoirs built on the outskirts of the city in the 9th century, the **Barber Mosque** and also the Great Mosque – one of the major monuments of Islam and an architectural masterpiece. In the afternoon we explore the **Medina** with its network of winding streets, shops and courtyard houses.

Day Seven | Kairouan - Tozeur

We depart early this morning for our long drive south to Tozeur. We will stop en route to see the extraordinary wall at **Bir Oum Ali**. Reaching **Tozeur** around lunchtime, we will take a walk through the old town in the afternoon.

Activity Level ●●●○○

Day Eight | Tozeur

A day to relax or explore. Walk among the date palms, visit the rock formation of Ong Jemal where *Star Wars* was filmed or choose to visit the oases of Chebika and Tamerza (pre-bookable, payable locally).

Day Nine | Tozeur - Douz

Today we cross the vast salt flats known as the chotts. A layer of superficial water can occasionally be seen during winter, but for most of the year the area is desiccated by the sun, leaving a residual film of salt. After lunch we visit **Tamezret**, a traditional village of the indigenous Amazigh people.

Day Ten | Douz & Matmata

During our last day on the fringes of the Sahara, we explore some of the unusual architecture of the region. We visit one of the troglodyte houses, which are scattered in and around **Matmata**, and we will also see a ksar, a form of fortified village, which is common in southern Tunisia.

Day Eleven | Douz - El Djem - Kairouan

Its an early departure this morning for our long return journey to the north. We will break our journey with a visit to **El Djem**, where we explore the massive amphitheatre – the sixth largest in the world. Afterwards we visit the museum, which houses some of the most impressive mosaics in Tunisia, and outside in the museum gardens, the foundations of some large Roman townhouses – some with mosaics still in situ.

Day Twelve | Kairouan - Sousse - Hammamet

A rather more leisurely start awaits us this morning, with time to relax before we visit Sousse and its museum, housed in part of the Kasbah. The displays here include an exceptionally fine series of mosaics. Many are arranged on the floors and walls of the patio, and in a group of rooms beyond the garden. We continue to the coast and our hotel near Hammamet.

Day Thirteen | Kerkouane & Nabeul

Today we travel along the beautiful coastline of the Cap Bon peninsula to **Kerkouane**, considered to be the best preserved Punic town in Africa. After lunch we continue to Nabeul to see its small museum before visiting the site of ancient Neapolis, a city founded by Greek immigrants in the 5th century BC.

Day Fourteen | Tunis

This morning we visit the world-famous **Bardo Museum**, which ranks alongside the Egyptian Museum in Cairo as one of the two great museums in North Africa. In the afternoon we will take a walk through the narrow streets of the 9th century medina, a UNESCO World Heritage site, before returning to our hotel in Hammamet for some free time.

Day Fifteen | Hammamet - Tunis

Our tour comes to an end and we return to the airport.

Carthage & Roman Tunisia

Stand before the mighty ancient amphitheatre of El Djem

10 DAYS

From \$4,014pp **SAVE UP TO \$446pp**

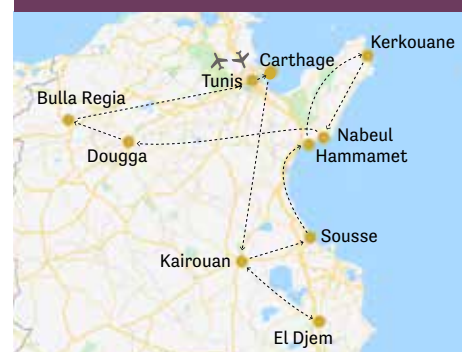

Departing April & October

A land where dramatic events shaped ancient history – the superpowers of Carthage and Rome clashed in three Punic Wars, which determined the course of Western history. Lasting over 100 years, this conflict resulted in the destruction of Carthage and assured Roman ascendancy. Superb sites and changing landscapes, from rolling hills and olive groves to sparkling sea, makes this an excellent tour.

Tour Highlights

- Visit the incredible El Djem amphitheatre, Africa's largest and best preserved
- Gaze upon some of the world's most impressive mosaics at the Bardo, Sousse and El Djem museums
- Tour a selection of little-known sites, including Mustis and Ain Tounga as well as the Bulla Regia
- Explore the UNESCO-listed sites of Dougga and Kairouan, and the beautifully preserved site of Kerkouane

Activity Level ●●●○○

Day One | Tunis

Arrive in Tunis and check in to our hotel.

Day Two | Carthage

Today is devoted to **Carthage**, now a wealthy suburb of Tunis, but scattered with the remains of this once great Phoenician city. We start our day at Byrsa Hill, once the citadel and a central feature of the Punic settlement. There are fantastic views over the modern city from here. Next we continue to the disquieting Salambo Tophet, a cemetery which contained the remains of children who were sacrificed to Tanit, after they were already dead, or, more likely, as live victims. We also visit the Cothon, or harbour, testament to Carthage's famous maritime might; the Roman Antonine Baths, one of the largest in the whole of the Roman empire and the huge cisterns which supplied them.

Day Three | Tunis

This morning we begin with a visit to the famous **Bardo Museum**, situated in an old Beylical palace. It houses one of the most important collections of mosaics anywhere in the world. Highlights include the Virgil Mosaic and the Odysseus Mosaic, as well as many depicting beast hunts. There is a wonderful collection of Carthaginian artefacts and Paleo Christian baptisteries. In the afternoon we study a

section of the Carthage **aqueduct at Jebel Oust**, before exploring nearby **Oudna**, a city established by Emperor Augustus for retired soldiers of the Third Legion.

Day Four | Tunis - Dougga

We drive west to **Dougga**, one of the best preserved and most famous ancient sites in North Africa. Here, we visit the theatre and famous Capitulum. We also explore bath complexes, houses and sanctuaries, all in the kind of peace no longer found at European sites. Dougga is one of the Roman world's best sites and a visit here is always a memorable one.

Day Five | Bulla Regia

We start at the ancient site of **Musti**, once a town of some importance but still largely unexcavated before continuing north to **Bulla Regia**. The city was made the Numidian capital by Massinissa and here we will explore a bath complex, as well as a series of houses, replete with mosaics, which have underground rooms, offering their elite owners protection from the African heat. These houses include the impressive House of the Hunt and the House of Amphitrite. From here, we continue north to Hammamet.

Day Six | Dougga - Kairouan

We journey south to the delightful and little visited site of **Thuburbo Majus**. Originally Punic (though it has a characteristic *Th* sound associated with Numidian cities), the city was later re-founded as a Roman veteran colony in the Augustan period. Here we will explore the forum, dominated by the Capitulum, before moving on to the Winter Baths

and Summer Baths. In between the two, there is the well-preserved Palaestra of Petronius, which belonged to the Summer Baths, and a memorable latrine. We walk up to view some temples with a Punic flavour: the Temple of Baalit and Temple of Caelestis, both Romanised names of Punic goddesses. Later this afternoon, we travel to Kairouan, Tunisia's most important religious city, founded by the Umayyads in the 7th century AD.

Day Seven | El Djem

Today we make our way southeast to El Djem. Originally a Numidian city called Thysdrus, El Djem was particularly wealthy in the 2nd century AD and into the late antique period when it was an olive oil production centre. On the back of this wealth, the city built several amphitheatres, the most important of which was built in the 3rd century AD and is one of the largest in the empire. We will explore this huge structure – visible for miles – and continue to the **museum of El Djem**, which has a wonderful collection of mosaics, as well as in situ houses, which provide glimpses of the city's wealth. This afternoon we return to Kairouan to visit the **Great Mosque**, which has a plethora of reused Roman pillars and lintels and explore the city's medina.

Day Eight | Kairouan - Hammamet

We travel to **Sousse** to visit its museum, located in the city's 12th century kasbah and which has the second largest collection of mosaics in the world, after the Bardo. The earliest artefacts in the museum date from the city's Punic period, when it was called Hadrumetus. The most splendid, however, date from the prosperous Roman period, when the citizens of Hadrumetum, made rich from trade, could afford the best mosaics in the Roman empire. Here we will see mosaics which testify to this maritime background, the most famous of which is the large mosaic of Neptune on his chariot. From here we continue north to Hammamet.

Day Nine | Kerkouane

Today we drive along the Cap Bon Peninsula, the point of Tunisia that is closest to Sicily. Our morning will be spent at **Kerkouane**, a UNESCO-listed site overlooking the sea. It was inhabited from the 7th

to 3rd century BC and it was abandoned after the first Punic War, making it the only purely Punic site in Africa. The highlights of this site are the houses that typically contain bathtubs waterproofed with a pinkish mortar. We visit the site museum, which has interesting remains from the nearby necropolis. We have a picnic on site here before travelling to **Nabeul** – today famed for its ceramics but in antiquity a trading port founded by Cyrene. On arrival, we visit the museum to view its mosaics and to read about the production of garum in the area.

Day Ten | Hammamet - Tunis

We transfer to Tunis airport for our flight home.

- Explore the enigmatic Valleys of the Kings and Queens, and pay a visit to the exceptionally well-preserved tomb of Nefertari

Day One | Cairo

Arrive in Cairo – this buzzing, energetic metropolis that is Egypt’s extraordinary capital – a city that Egyptians admirably refer to as ‘the Mother of the World’.

Day Two | Cairo

We devote our day to **Saqqara**, the vast necropolis to the ancient Egyptian capital of **Memphis**. We discover the extraordinary **Step Pyramid of Djoser**, the smooth-sided **Pyramid of Unas** and the **Mastaba of Mereruka**. Later we explore the fabulous Serepeum, catacombs for the sacred Apis bulls and the Imhotep Museum, due to re-open after recent refurbishment.

Day Three | Cairo

This morning, we pay a visit to the pyramid complex on the **Giza Plateau**, including the **Great Pyramid** – a true wonder of ancient world, where atmospheric passageways lead to the breathtaking grand gallery and royal burial chamber. We also explore the **Valley Temple of Khafra** and the enigmatic **Great Sphinx**. In the afternoon, we enjoy a visit to the new **Grand Egyptian Museum***, where the world’s most extensive exhibition in pharaonic artefacts

can be seen. Among the treasures on display are the solid gold mask of Tutankhamun and the Narmar Palette. The new museum is also now home to **King Khufu’s Solar Boat**.

Day Four | Cairo – Luxor

We start with a visit to the pyramid complex at Dahshur where we discover the Bent Pyramid and the Red Pyramid, two well preserved early constructions built during the reign of King Sneferu. “It was an amazing and unforgettable experience. This was my first tour with you, and it lived up to my expectations and more.”

Guest, October 2023

Activity Level ●●●○○

Userhet and Khaemhet and Deir El Medina, the village of the workers who constructed the tomb in the Valley of the Kings.

Day Six | Luxor

The **Valley of the Kings** awaits us today. This was the final resting place of royals and nobility for almost 500 years, with excavations dating the site back as far as the 16th century BC. Its most notable occupant is, of course, King Tutankhamun, so famously discovered by Howard Carter in 1922, and since returned to his original burial place where he now lies undisturbed. After lunch, we visit the **Valley of the Queens**, which includes the exceptionally preserved Tomb of Nefertari, who was the wife of Pharaoh Ramesses II.

Day Seven | Luxor

This morning we lose ourselves in the captivating complex of **Karnak**. Here, we encounter the cult temple of Amun-Ra, chief of the deities of the New Kingdom. This is a spectacular multi-period location

with a wealth of religious and historical inscriptions at every turn. This afternoon we visit the **Ramesseum**, with its fallen colossus of Ramesses II, an astounding testament to the Pharaoh's reign. Afterwards, we make our way to **Medinet Habu**, arguably the best preserved temple of the New Kingdom. On the East Bank we check in to our Nile cruise boat. After lunch on board, we explore **Luxor Temple**, with its avenue of sphinxes, military reliefs and gorgeous papyrus columns.

Day Eight | Luxor - Edfu

Before we set sail this afternoon we visit the fantastic **Luxor Museum** - a masterfully arranged collection of archaeological artefacts and home to celebrated works of art, including the famous statue of Tutmosis III, and Luxor Temple with its avenue of sphinxes, military reliefs and gorgeous papyrus columns.

Day Nine | Edfu - Kom Ombo

We make our way to the temples of the gods of Upper Egypt, starting with the **Temple of Horus at Edfu**. Towering at a jaw-dropping 37 metres, it's decorated with vivid scenes of King Ptolemy VIII destroying his enemies before Horus. The complex even houses an Nilometer, a structure made to measure the depth and clarity of flooding Nile water. This afternoon, we explore the **Temple of Sobek and Horus the Elder** at Kom Ombo and the site's Crocodile Museum.

Day Ten | Philae - Aswan

Today we make our way to ancient Egypt's southern border and visit the impressive **Temple of Isis** in Philae. The flooding of Lake Nasser caused the whole complex to be moved from its original location. After a stop at **Aswan (High) Dam**, we visit the ancient Quarries at Aswan, famous as the source of pink granite which was widely used in many pharaonic monuments and site of the spectacular '**Unfinished Obelisk**'.

Day Eleven | Aswan - Abu Simbel - Cairo

It's an early morning start as we disembark the MS Tulip and transfer to Aswan Airport and fly to **Abu Simbel**. Here, we make the most of our last day exploring what is considered to be Egypt's most impressive temple site, home to temples of **Ramesses II and Nefertari**. After lunch, we fly to Cairo, where a farewell dinner awaits this evening.

Day Twelve | Cairo

Today we return home.

Departs November

Howard Carter's description of his first sight into Tutankhamen's tomb is also a fitting description of Andante's exploration of the archaeology of this amazing country. Egypt is indeed a land of 'wonderful things', a country where adjectives are insufficient to describe the monuments and experiences which are not to be found anywhere else in the world. While certain images of Egypt have become familiar, there is no substitute for witnessing at first hand the glittering treasures of Tutankhamen's tomb, the quiet intrigue of the hypostyle hall at Karnack, the beautiful setting of the Temple of Isis at Philae or standing over-awed at the feet of the colossal statues of Ramesses II at Abu Simbel. This epic tour encompasses all of these iconic sites and so much more. Starting with the Old Kingdom and the 'Age of the Pyramids' and ending with the Ptolemaic Dynasty and the Romans, we take a journey of a lifetime as we explore Upper and Lower Egypt travelling through the millennia.

Tour Highlights

- Journey to the Middle Nile and discover the city of the heretic pharaoh Akhenaten at Tell el-Amarna
- Admire the exquisite artistry of the special tombs of Nefetari, Seti I, Sennefer and Rekhmire
- Enjoy privileged access at Tapasiris, conjectured to be the site of Cleopatra's burial
- Spend a whole day at Saqqara where we discover sites seldom viewed by the casual visitor

Day One | Cairo

We arrive in Cairo – this buzzing, energetic metropolis that is Egypt's extraordinary capital and a city that Egyptians admiringly refer to as 'the Mother of the World'.

Day Two | Saqqara

We dedicate today to one of the most archaeologically important sites in Egypt - the sprawling necropolis of **Saqqara**. Here were buried some of the most important officials of Memphis and it was also the place of Egypt's first pyramid. We will discover the 3rd Dynasty Pharaoh Djoser's distinctive **Step Pyramid** complex and the smooth-sided **Pyramid of Unas** as well as the Imhotep Museum (due to reopen late 2023 after extensive

renovation). After lunch we return to focus on the lesser-visited parts of this huge site and visit two important tombs, the **mastaba of Mereruka**, a large and complex tomb of the Vizier to King Teti, and the superb **mastaba tomb of Ti** as well as the **Serapeum**, burial place of the sacred Apis bulls in the northern part of the Saqqara complex.

Day Three | Giza

This morning we visit the best preserved of the Seven Wonders of the World, the **Great Pyramid of Khufu** (Cheops) which towers some 481 feet (147 meters) above the plateau, its estimated 2.3 million stone blocks each weighing an average of 2.5 to 15 tons. But there is a great deal more to the site. We will also discover the **Pyramids of Khafre and Menkaure** as well as the enigmatic **Sphinx** carved from a knoll of rock left in one of the stone quarries used to provide stone for the pyramids and tombs at Giza. Its face probably represents Khafra,

but arguments have been made for Djedefra and recently for the Sphinx being much older than the pyramids themselves. In the afternoon, we visit the **Great Egyptian Museum*** where the world's most extensive exhibitions in pharaonic artefacts can be seen. Among the many treasures on display are the solid gold mask of Tutankhamun, and the Narmer Palette, thought to depict the unification of Upper and Lower Egypt. The new museum is also home to King Khufu's Solar Boat.

Day Four | Cairo - Beni Hassan - Minya

We set off early for Beni Hassan this morning, winding our way out of the traffic heavy roads of Cairo and onto the fast highway to Minya. The journey will take us around 4 hours as we travel through the desert tracking the Nile. Our goal is the site of **Beni Hassan**, just south of Minya. These rock cut tombs high in the desert cliff overlooking the Nile take a little effort to reach but the view

from the top is breath-taking and the tombs are fabulous. These Middle Kingdom tombs are painted, rather than decorated in carved reliefs and covered in scenes of daily life in extraordinary detail. These include scenes of agriculture, crafts, fishing, fowling and hunting. We overnight in Minya, now a small city mostly overlooked by tourists but once a powerful regional capital within Egypt.

Day Five | Tell el-Amarna

Today we visit **Tell el-Amarna**, one of the most important archaeological sites in Egypt. It is also one of those which is usually ignored or given scant attention by tour operators because there are no monumental structures here. Amarna is, however, the most significant surviving city site from ancient Egypt; the majority having been built over by later settlements. It was also a new Capital city, constructed by Amenhotep IV beginning in the 5th year of his reign. The original name of the city was Akhenaten, the 'Horizon of the Aten', a title corresponding to the actions of the so-called 'heretic Pharaoh' Akhenaten as he later became to be known. The city itself was abandoned after the Pharaoh's death, only 20 years or so after its creation. Here, we visit the tombs of important priests Meryre and Panehesy as well as the Royal Tomb of Akhenaten, Nefertiti's Palace, and the Temple of Aten.

Day Six | Minya - Tuna el-Gebel - Abydos

Our day starts at the rich and varied archaeological site of **Tuna el-Gebel** which functioned as the necropolis for the ancient town of Khemnu/ Hermopolis at the edge of the western desert. It marks the boundary of Akhenaten's city some 11kms from the centre of Tell el-Amarna and is home to

one of Akhenaten and Nefertiti's 'boundary stela' carved into the limestone cliff. We also visit vast catacombs for ibis and baboons, associated with the god Thoth, and impressive tombs, including that of a High Priest of Thoth c300 BC – Petosiris, whose reliefs combine Greek and Egyptian artistic styles. In the afternoon, we continue our drive south to Abydos.

Day Seven | Abydos – Dendera - Luxor

This morning we visit **Abydos**, one of the most sacred sites in Egypt, identified as the burial place of Osiris. The main focus of our visit is the important cult **temple of Seti I** with its fabulous wall decorations, some of the finest of the New Kingdom. The temple is also the home of the only King List still to remain in situ. After a picnic lunch we continue to **Dendera** once the capital of the Sixth Upper Egyptian nome. Like Saqqara it was the site of burials of sacred animals, particularly cows associated with the cult of the local goddess Hathor. The roof of the temple includes a number of chapels, symbolic mortuary chapels for Osiris. One of these contained the famous Dendera Zodiac, which is now in the Louvre Museum in Paris, but it is replicated here in situ by a circular plaster cast depicting the hours of the day and night as well as the journey of the sun, moon, and stars across the sky.

Day Eight | West Bank

This morning we cross the river by motorboat and then travel by coach, to visit the famous **Colossi of Memnon** on the West Bank at Thebes. These two enormous statues of the Pharaoh Amenhotep III stand at a towering 18-metres high and were erected to guard the entrance to the pharaoh's vast

and opulent memorial temple. Alas, only traces of that once-great temple remain. Next, we visit the **Valley of the Kings**. Here on the west bank is the necropolis area reserved for royal burials from around 2100 BCE, but it was the Pharaohs of the later New Kingdom period, who chose these once remote desert valley sites for their grand rock-cut tombs. Of over 60 tombs discovered in the Valley of the Kings, only a small number are open to the public and we enter a selection of these, including the elaborately decorated **tomb of Seti I**, which details the opening of the mouth ceremony. In the afternoon we visit **Deir el-Medina**. This is a special place because here, perhaps more than anywhere else in Egypt, we come closest to the daily lives of a group of individuals living in a community. This was no ordinary community however, but the settlement of the craftsmen responsible for constructing the tombs in the Valley of the Kings, and as such employees of the state.

Day Nine | West Bank

This morning we return to the west bank and the **Valley of the Queens** where we visit its most famous tomb, that belonging to the Chief Royal Wife of Ramesses II, Queen Nefertari. The tomb has vividly painted reliefs with inscriptions describing the queen's beauty, sweetness and charm and the decoration is exquisite. We continue to the **Ramesseum**, with its fallen colossus of Ramesses II, an astounding testament to the Pharaohs reign – and the inspiration behind Percy Bysshe Shelley's masterpiece 'Ozymandias.' Later we make our way to **Medinet Habu**, arguably the best-preserved temple of the New Kingdom, filled as it is with a wealth of exemplary paintings, carvings and

sculptures. In total, the precinct contains over 7 square kilometres of decorated reliefs.

Day Ten | West Bank & Luxor

We start today at the Memorial Temple of Hatshepsut at **Deir el-Bahri**, a stunning shrine cradled by the dramatic natural sculptures of neighbouring cliffs. The site is often regarded as one of the most spectacular and beautiful in Egypt although the temple to which visitors now come, is not the first on the site, nor is it entirely original in its architecture! It is famous for its scenes showing a trading expedition to the land of Punt where the Egyptians traded with the local people for exotic products, including incense trees. Next we visit **Howard Carter's House** – the property used by the archaeologist during his search for the tomb of Tutankhamun and eventual discovery and to round off the day we will visit to the excellent **Luxor Museum**, where we see a masterfully arranged collection of archaeological artefacts and celebrated works of art, including the famous statue of Tuthmosis III, an extraordinary figure carved out of greywacke and an alabaster figure of Amenhotep III protected by the great crocodile god Sobek.

Day Eleven | Karnak & Luxor

We spend the morning at **Karnak**, exploring the largest temple complex in Egypt, and some have argued, the largest religious complex in the world. In addition to its religious significance, it also served as a treasury, administrative centre, and palace for the New Kingdom pharaohs. Added to by generation after generation of pharaohs over a period of 1500 years, it's a dazzling maze of monumental gateways, obelisks, pillared halls and subsidiary shrines. From Hatshepsut, Seti I and Ramesses II to the Ptolemies, Romans, and early Christians; all have left their mark here. In the afternoon, we visit **Luxor Temple**, linked to the Karnak complex by an avenue of sphinxes, processions would travel along this 1.5k mile route on a regular basis. There were barque shrines where the boats, which carried the image of the god, could be placed and where ceremonies could be conducted. At the end of the day, we embark on our Nile cruise and the first of our 4 nights on board.

Day Twelve | West Bank - Edfu

Before we set sail today, we make one last visit to the west bank and the **Tombs of the Nobles**. Here we see two of the most splendid non-royal tombs dating to the New Kingdom period, the vibrantly painted burial chamber of **Sennefer** and the intricately decorated funerary chapel of **Rekhmire**. After lunch on board, we start our journey to Aswan, slipping anchor and sailing up the Nile towards Edfu.

Day Thirteen | Edfu - Kom Ombo - Aswan

Today we discover the temples of the gods of Upper Egypt, starting with the **Temple of Horus at Edfu**. One of the country's most magnificently preserved shrines, the construction of which is thought to have spanned an incredible 180 years, from the 3rd to the 2nd century BC. Towering at a jaw-dropping 37 metres, its pylon - or gateway - is the highest among all of Egypt's surviving temples and is decorated with vivid scenes of King Ptolemy VIII destroying his enemies before Horus. The complex even houses a Nilometer, a structure

made to measure the depth and clarity of flooding Nile waters. This afternoon we explore the **Temple of Sobek and Horus the Elder** at Kom Ombo and the site's **Crocodile Museum**. The partially restored remains of Kom Ombo's Ptolemaic temple stand dramatically above the Nile and its situation overlooking the river, is particularly picturesque. It is peculiar in its double dedication, reflected in its perfectly symmetrical layout; the eastern half dedicated to the crocodile god Sobek, his wife Hathor, and their son Khonsu and the western to the falcon god Horus, his wife Tasenetnofret, and their son Panebtawy.

Day Fourteen | Aswan

Arriving in Aswan, we make our way to ancient Egypt's southern border to visit the atmospheric ruins of the Ptolemaic **Temple of Isis** in Philae, a labyrinthine complex of chapels and shrines – which were originally dedicated to the goddess Isis. To nineteenth century travellers Philae was 'the pearl of the Nile' set on its own island, with just enough vegetation to make this the archetypal romantic ruin. It was pictured by David Roberts, Frances Frith and a generation of other artists and photographers. These individuals would recognise most of the site we see today but might be surprised to learn that it is no longer on its original island. After a stop at the High Dam, we continue to the **Quarries** at Aswan, famous as the source of pink granite which was widely used in many pharaonic monuments. We see the spectacular 'Unfinished Obelisk, some 42 metres long and weighing approximately 1,197 tons. After lunch on board our ship, we will visit **Elephantine Island**, the location of the ancient town and temple in Aswan.

Day Fifteen | Aswan - Abu Simbel - Cairo

Today we fly from Aswan to the world-renowned Nubian site at **Abu Simbel**, 140 miles south-west of Aswan at the edge of the desert. Miraculously rescued from Lake Nasser's rising waters after the creation of the High Dam and rebuilt on the western bank, the two massive rock temples of Ramesses II and his favourite queen, Nefertari, were originally carved into the mountainside in 1244 BCE to honour the deified royal pair. In an effort to prevent the temples' destruction, UNESCO embarked on its first-ever collaborative international rescue effort. This later became the catalyst for a World Heritage list that would help protect and promote over a thousand significant cultural and natural sites around the globe. After our site visit, we fly to Cairo.

Day Sixteen | Cairo - Alexandria

Our day starts at the **National Museum of Egyptian Civilisation**. The NMEC opened in 2017 and is the first of its kind to display the richness and diversity of Egyptian civilization throughout the ages, from prehistoric times to the present day. The museum's exceptional collection includes the royal mummies, which are exhibited in a new interactive display using 21st century cutting-edge technology to go beneath the wrappings and reveal their secrets, in addition to shedding light on the rituals and religious beliefs surrounding mummification in ancient Egypt. After lunch we leave Cairo on the desert road and travel to Alexandria.

Day Seventeen | Alexandria

We spend the day in Alexandria exploring the major monuments of the ancient city. We visit the **Catacombs of Kom el-Shoqafa** an underground labyrinth of decorated tombs from the Roman period, we also visit **Pompey's Pillar**, the site of the **Serapeum**, the temple dedicated to the god Serapis and his consort Isis and one of the most important temples of the Hellenistic world. We explore part of the civic centre of Roman Alexandria at **Kom al Dikka**, with its major monuments including an Odeon type building and a fine house, the **Villa of the Birds**. In the afternoon we visit the **Bibliotheca Alexandrina**, the modern Library, here we will see superb mosaics recovered from the royal palace of the Ptolemies and, hopefully, the Greco Romano Museum due to reopen after 20 years 'under wraps'.

Day Eighteen | Alexandria - Cairo

This morning we explore the **National Museum** of Alexandria, located in a beautifully restored Italianate palace and contains galleries containing artefacts from the Pharaonic, Greco Roman, Coptic and Islamic periods. The Greco-Roman galleries on the ground floor contain some of the material previously on display in the Greco-Roman Museum as well as finds from the programme of underwater excavations being conducted off the coast at Alexandria. Afterwards we travel on to Abu Sir, ancient Tapasiris where the Ptolemaic temple and a funerary monument modelled on the Pharos were built on a ridge between lake Mareotis and the Mediterranean. Recently there has been much speculation that it may contain Cleopatra's tomb which as yet, remains undiscovered.

Day Nineteen | Cairo

At the end of our epic journey, we return to Cairo airport for our onward flight home.

South Africa & Great Zimbabwe

Human origins in the African Savannah

14 DAYS

From \$12,488pp **SAVE UP TO \$1,388pp**

Departing March

Southern Africa's vast and open expanses hide a wealth of archaeology – from some of the earliest evidence of human ancestors who left behind stone tools and skeletons to kingdoms who traded gold and ivory beyond China. There are thousands of Stone Age sites in the wild, caves and rock shelters, inland and along the coast, that have recorded the way of life and history of people in the region over nearly two million years. From the famous Sterkfontein Caves to the relatively unknown archaeological treasures over the border in Zimbabwe, this is a fabulous opportunity to explore the far depths of the human past in the company of an expert in human origins while revelling in the magnificent Savannah landscapes in which humankind developed.

Tour Highlights

- Discover the UNESCO World Heritage Sites of the Cradle of Humankind and Great Zimbabwe
- Adventure into the bush on a walking rock art safari at Berg en Dal
- Admire the paintings depicted at Koaxa's Shelter, opening up the hidden world of the ancient San people
- Explore Mapungubwe, one of the glories of South African archaeology

Day One | Johannesburg - Maropeng

We take an overnight flight to Johannesburg and arrive in the morning of Day Two. On arrival we continue to **Maropeng** where we start our introduction to human origins with a visit to the **Maropeng Visitor Centre**. Later, we transfer to our hotel and check in.

Day Two | Sterkfontein Caves & Swartkrans

Continuing our exploration of the **Cradle of Humankind**, we start today with the **Sterkfontein Caves**. Finds here included the 2.1-million-year-old *Australopithecus* skull, and "Little Foot", an almost complete skeleton more than three million years old. In the afternoon we visit nearby **Swartkrans**, rich in archaeological material and a prominent fossil site. There is evidence which suggests that more than one species of hominin lived in the region at the same time.

Day Three | Braamfontein

We visit two important museums today. First, the **Origins Centre** in **Braamfontein**. The centre displays an extensive collection of rock art from the

Rock Art Research Institute at Wits University and follows the path of hominin innovation that began over two million years ago. Offering a stark contrast to the morning, we visit the **Apartheid Museum** in the afternoon, a superb example of design, space and landscape offering the international community a unique South African experience. The exhibits have been assembled and organised by a multi-disciplinary team of curators, filmmakers, historians and designers. The Apartheid Museum is critical to our understanding of this beautiful and troubled country.

Day Four | Maropeng - Polokwane

This morning we journey north to Polokwane in Limpopo, stopping en route at **Arend Dieperink Museum** to set the scene for tomorrow's explorations. The museum charts the history of the town and its surroundings from the discoveries at Makapan's Cave right through to the Anglo-Boer War. Here we will take a step back in time to look at the cultural heritage of the Afrikaans people, particularly in what is now Limpopo province, but was once Transvaal, one of the three Boer

Activity Level ●●●●○

Republics.

Day Five | Makapansgat

Transferring to 4x4s, we travel to **Makapansgat**, an important Palaeolithic site that is littered with caves. At Makapansgat we will gain insight into one of the most famous hominin sites in the world – the **Limeworks Cave**, the oldest cave within the complex. Searches here revealed remains of about 40 individuals of *Australopithecus africanus* a species of hominin dating from 2.5 to 3 million years ago or more. Moving on in time we will also visit the **Cave of Hearths** which will show us something of how hand axe makers lived half a million years ago and the importance of their surrounding landscape to their survival.

Day Six | Polokwane - Mapungubwe National Park

We make our way to **Mapungubwe National Park**, an expansive Savannah landscape which was once a large kingdom before its abandonment in the 14th century. Situated in the far north of South Africa, where the Limpopo and Shashe rivers meet,

it is geologically rich, scenically beautiful and has an impressive biodiversity. We explore the bush land and climb up to the site's lost city on the **Mapungubwe Hill**. Mapungubwe is one of the glories of South African archaeology. A little earlier than its more famous neighbour Great Zimbabwe, this city was connected through its trading links to an Indian Ocean-sized trading web, which reached to India and the great imperial court of far off China. This magical place is a must see.

Day Seven | Mapungubwe - Tzaneen

Today we drive to **Koaxa's Shelter** in our search for rock art. The paintings depicted here will take your breath away and open up the hidden world of the ancient San people. You can almost hear them conversing in their click language as they painted their experiences and beliefs. These 200 images of fine detail, depicting at least 16 animal species including lion, hyena, mongoose and locusts are almost as bright and moving as the day they were painted.

Day Eight | Tzaneen - Kruger National Park

We continue south to **Kruger National Park** today, one of the prime game-watching destinations in the world. This area has an incredibly diverse ecosystem and is home to an impressive array of wildlife: lions, cheetah, rhinos and buffalo wander a 20,000km square expanse of parkland. We arrive in time for lunch and a late afternoon game drive.

Day Nine | Berg en Dal

An adventure today at **Berg en Dal**, where we walk through the bush on the hunt for rock art scattered on boulders across the landscape. The sites here bring us face-to-face with the modern difficulties of preservation. The beauty and fragility of the rock art scattered amongst the bush will stay with you. We have some free time today to relax and rest before our return to Johannesburg.

Day Ten | Kruger National Park - Johannesburg

After an optional early morning game drive, we make the journey back to Johannesburg where will stay before our onward travel to Zimbabwe tomorrow.

Day Eleven | Johannesburg - Bulawayo - Great Zimbabwe

We take a flight from Johannesburg to Bulawayo this morning arriving in time for lunch. In the afternoon we journey to Great Zimbabwe, known locally as "Dzimba Dzamabwe" meaning the house of stone or stone buildings. We will overnight nearby ready for our site visit tomorrow.

Day Twelve | Great Zimbabwe

We dedicate most of our day to the extensive site of the **Great Zimbabwe**, the largest and most important capital of the vast Shona Kingdom which at its peak controlled 100,000 km² between the Zambesi and Limpopo rivers. We will examine its extraordinary stonework and the fascinating architecture of its Great Enclosure as well as the finds from the site displayed at its museum. There will be some free time in the afternoon to spend relaxing or you could choose an optional game drive in the Lake Mutirikwi Recreational Park.

Day Thirteen | Great Zimbabwe - Nalatale - Bulawayo

We make our way back to Bulawayo stopping en route at the **Madzimbabwe of Nalatale**, in the remote Somabula Flats in central Zimbabwe. Nalatale was once the capital of the Butua Kingdom, which rose to prominence following the decline of Great Zimbabwe. The ruins are unique for their intricate herringbone, chevron and chequer-patterned stone walls.

Day Fourteen | Bulawayo - Khami - Johannesburg

We make our last site visit this morning and take a short trip to **Khami** on the outskirts of Bulawayo. Continuously inhabited for 40,000 years, Khami was the court of the Rozvi's Mombo dynasty and later an important spiritual shrine of the Ndebele. This afternoon we transfer to Johannesburg airport for our independent onward journeys.

Guided by John MacNabb

Eastern Mediterranean & the Middle East

With a range of tours that can take you to Turkey and Jordan, and from sites that include the rock-cut city of Petra, the Eastern Mediterranean and Middle East are truly astounding places to explore from an archaeological perspective.

Anatolia and the Levant were central to the development of permanent settlements and to the agricultural revolution. The domestication of crops in the beginning of the Holocene, which saw a transformation in the natural environment with the introduction of irrigation and deforestation, was later accompanied by the domestication of animals and, later, by the development of pottery. This fundamental change in the lifestyles of humans is hotly debated as scholars contest a variety of questions, including whether permanent settlements gave rise to the development of farming or whether the advent of farming gave rise to static habitations. For these questions, Göbekli Tepe in Turkey is instrumental. The site, which dates to the 10th millennium, houses several monumental circular buildings which appear to have a religious aspect to them, and which may have serviced peoples coming from a wide area. What is interesting is that dwellings and evidence of cultivation haven't yet been found, which may give clues to the development of permanent settlements. Turkey is also home to Çatal Hüyük, dating from the 8th to the 6th millennium BC, which provides invaluable evidence for the development of this agricultural revolution a few millennia after Göbekli Tepe.

Both Anatolia and the Levant also prospered in Classical Antiquity, as is clear from the proliferation of such outstanding archaeological sites as the Lebanese site of Baalbek with its enormous Temple of Bacchus, as well as the Anatolian sites of Ephesus, Pergamon and Aphrodisias with their stunning collection of monuments. What is, perhaps, not emphasised enough is how multicultural this part of the world is, as is particularly evident with the Nabateans who produced the stunning rock cut buildings, such as the Monastery and Treasury in Petra. The Levant also houses a number of impressive castles, notably Kerak, erected in the medieval period and instrumental in understanding the crusades and concomitant Christian attempts to regain the Holy Land.

Classical Turkey: The Aegean Coast

Powerful city states of ancient history

11 DAYS

From \$5,828pp **SAVE UP TO \$652pp**

Departing April & October

The ruined cities of the famously beautiful Aegean coast of Turkey were once some of the most powerful in the ancient world. From, if Homer is to be believed, the site of the legendary conflict between Greeks and Trojans, Troy, to the World Heritage Site of Hierapolis. The remains of these splendid cities are set in a breath-taking landscape of rugged limestone peaks, plunging valleys, olive groves, pine forests and flower-dotted meadows, with the glittering blue waters of the Aegean Sea as a constant backdrop. We travel widely along the littoral of the Aegean and occasionally towards the interior in search of these evocative sites. Our journey ranges through time, too, reaching back to the early Bronze Age kingdoms, the time of the Hittite Empire and the Homeric period.

Tour Highlights

- Gaze upon the mighty walls of Troy as everyone from Achilles to Alexander the Great has desired to do
- Explore remarkably well-preserved classical cities such as Pergamon, Miletus and Aphrodisias, and discover a range of evocative lesser-known ruins
- Discover the Hagia Sophia, one of the most remarkable ancient structures in the world

Day One | Istanbul

We fly to Istanbul and transfer to our hotel in the historic district of Sultanahmet.

Day Two | Istanbul

Istanbul is kaleidoscopic and every street yields a different refraction. We explore some of its major sites today including the magnificent **Hagia Sophia**, **Yerbatan Sarayı** a cavernous and palatial Byzantine underground water cistern, the **Hippodrome** with its Egyptian obelisk and the **Blue Mosque** with its richly decorated interior.

Day Three | Istanbul - Assos

We make the long journey around the sea of Marmara to Çannakale where we take the ferry across the Dardanelles and continue to **Troy**. This is a place to quicken the senses and it is tantalising to imagine the Greek army ranged across the landscape while Paris paced the walls of the city and Hector duelled with Achilles. Its first excavator, Heinrich Schliemann dug between 1871 and 1879 cutting through nine later levels to get to the second, which he thought was 'Homeric' Troy.

Following later excavations, we now know that the sixth level (1750-1300 BC) is most likely Homer's city.

Day Four | Assos - Ayvalik

This morning, we drive from sea level up to the site of **Assos**, one of the most beautifully situated sites in Turkey, perched on a prominent hilltop overlooking the Aegean and Sappho's island of Lesbos. The site has a fine set of city walls, magnificent theatre and the famous **Doric Temple of Athena** situated on the east side of the acropolis. This afternoon we continue our journey around the coast to Ayvalik, stopping on the way to visit a hidden gem, the small archaeological site of **Antandros**. This Greco-Roman city is located on the slopes of Mount Ida and was established in the 7th century BCE. Excavations here have been ongoing for some time and there have been some exciting new discoveries. Later we arrive in Ayvalik.

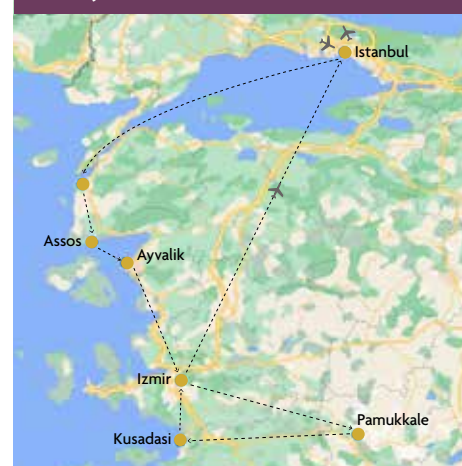

Day Five | Ayvalik - Izmir

We spend the day at the Hellenistic city of **Pergamon**, one of the greatest ancient cities in Turkey, whose extensive remains range across a dramatic rocky outcrop reached by cable car.

"Very enjoyable. Excellent expert lecturer, Isabella. Friendly and helpful local guide. A lovely group to be part of."

Guest, October 2023

Activity Level ●●●○○

Our explorations include the Acropolis and the extraordinary precipitous theatre, more landscape architecture than public building. After lunch we visit **Pergamon Museum** and the **Aesclepium**. This was the shrine of the healing God Asclepius whose cult became one of the most popular in the ancient world. Pilgrims would visit the shrine, take part in rituals and then be visited by the god in their sleep to be healed. Equally revived, we continue to Izmir.

Day Six | Izmir - Pamukkale

Our first visit of the day is to the **Agora of Smyrna**, located in the Mezarlıkbasi neighbourhood of Izmir. Built during the reign of Alexander the Great, it served as a commercial, judicial, and political centre of the ancient city. Recent excavations here have promoted a tentative World Heritage listing as part of the historic port of Izmir. We continue inland to **Sardis**, a city that has always functioned as a centre of Power. We see its massive gymnasium and bathhouse, and the finely preserved **Temple of Artemis**. We continue to **Pamukkale**, the limestone 'cotton castle' of calcite pools with warm thermal springs. Located in the River Menderes Valley,

Images top to bottom: Ortakoy Mosque and Bosphorus Bridge

the Roman ruins here remain remarkably well-preserved.

Day Seven | Hierapolis & Laodicea

Today we explore ancient **Hierapolis**, which benefited hugely from the nearby thermal springs, with its extensive tombs and the oracular Temple of Apollo. Adjacent to the temple lies the Plutonium, a shrine of the lord of the underworld. It conceals a vent which does still release noxious fumes. This would have been used to induce trance like states and is the source of the oracular powers of the temple. The limescale formations with cascading pools and hot springs make this site very picturesque. In the afternoon we visit **Laodicea**, a site largely unknown until 2003 when excavations revealed its history dates to 5,500 BCE, with the city's peak occurring between the first and third centuries AD. With a population estimated at around 80,000 at that time, Laodicea was far larger than Hierapolis.

Day Eight | Pamukkale - Kusadasi

We travel east up the long valley of the Menderes River, through magnificent scenery to **Aphrodisias**. The river appears in Homer's Iliad and was noted in antiquity for the winding course it struck through the hills. We get our own word Meander, for a winding river, from this ancient original. Aphrodisias was capital of the Roman province of Caria and the mountains surrounding this idyllic site produce very fine white Carian marble. The city became famous for its sculptors and traces of their work can be seen everywhere.

Day Nine | Priene, Didyma & Miletus

We spend the morning at **Priene**, which is set on a peaceful wooded hillside beneath a towering limestone peak. The Temple of Athena stands as a substantial ruin. The city was never large and was forced to shift its location due to the silting of its harbour by the Menderes River. From here we follow in the footsteps of the Greeks to **Didyma**. Originally a Carian city it became an Ionian Greek settlement with a huge temple that housed a shrine and oracle of Apollo, famed for its religious festival, the Didymea. A number of significant personalities participated in the festivals including Alexander the

Great and in AD 129 Emperor Hadrian. We end the day at Miletus, well built with its regular street grid on a peninsula. This was the home of Hippodamus of **Miletus**, among others, who is credited as inventing regular city organisation, the origin of town planning no less!

Day Ten | Ephesus & Selçuk

Our tour culminates at **Ephesus**, one of western Turkey's highlights. This was one of the richest cities in Asia Minor and continued to thrive through the Roman period. Ephesus was famed for its gigantic temple and sanctuary of Diana/Artemis, built in around 550 BC it was reckoned one of the wonders of the ancient world and a major example of Ionic architecture. A single column now marks its sad remains. Images of the famous cult statue were extensively copied in the ancient world, the goddess draped with sacrificial remains. The city is full of fine architecture, including the restored but harmonious library of Celsus. After exploring the city, we visit the museum that houses treasures from the site. We end the day at the fortifications and **Basilica of St. John at Selçuk**.

Day Eleven | Kusadasi - Izmir

We drive to Izmir, where the tour ends, for our flight home via Istanbul.

North East Turkey

From the Black Sea to Lake Van

11 DAYS

From \$7,880pp **SAVE UP TO \$876pp**

Departing July

Join us on an exceptionally beautiful journey into a part of Turkey seldom penetrated by mainstream tourism. Travelling through dramatic landscapes between the Black Sea and Lake Van, we explore the Kingdom of the Urartu which, for around 3 centuries, rivaled the mighty Assyrian Empire to the south. We learn more about these intriguing people and explore some of the many evocative sites which litter this frontier land from summit forts, spectacularly situated castles, exquisite medieval churches, ruined palaces and caravanserais. We end our journey at the glorious Lake Van, one of Turkey's best kept secrets. Fringed by tawny-hued peaks soaring to 13000 foot, this glittering, placid inland sea once sat aside a major branch of the Silk Road.

Tour Highlights

- Learn more about the history of these little-visited parts of Turkey in the company of an expert
- Explore the remote kingdom of Urartu and the ruined medieval Armenian city of Ani
- Discover the Greek Orthodox Sumela Monastery, which is built into the side of a sheer cliff in a remote mountain valley
- Admire spectacular scenery - a tour to this part of the world is picturesque and surprising in equal parts

Activity Level ●●●○○

Day One | Istanbul - Trabzon

Arrive via Istanbul to **Trabzon**, located on the historic Silk Road, and we check into our hotel upon arrival.

Day Two | Trabzon - Erzurum

Today, we tour **Trabzon**, once an important Greek colony on the Black Sea. We view the outside of the 13th century **Church of Hagia Sophia**, with its unusual late-Byzantine relief carvings, and the impressive citadel built on a spur of land sloping down towards the Black Sea. We then travel up into the lower reaches of the Pontic Alps to visit as much as is possible of the **Sumela Monastery**. Spectacularly built into a sheer cliff it dates from the 6th century and it boasts some fine frescoes. We then drive over the dramatic **Zigana Pass** and follow the old Silk Road to Erzurum, the highest city in the country.

Day Three | Erzurum - Kars

We walk around the historic city of **Erzurum**, visiting a number of atmospheric buildings left by

the Saltukid and other Islamic dynasties. These include the 13th century **Çifte Minare Medrese** (Double-minaret religious school), the glazed-tile adorned **Yakutiye Medrese**, a number of elegant tombs with conical roofs, and the **Ulu Cami** (Friday Mosque), notable for its wooden dome. The afternoon journey onto **Kars** is beautiful, taking us through remote country where rivers have cut deep gorges through the mountainous landscape.

Day Four | Ani & Kars

Today we head out east from Kars to the frontier with the modern Republic of Armenia. Here lies the medieval 'ghost' town of **Ani**, a once powerful, church-filled settlement astride a branch of the Silk Route. We admire the frescoes within the **Church of St. Gregory the Illuminator**, before returning to **Kars** in the afternoon. Here, we visit the impressive crag-top citadel, the 10th century **Armenian Church of the Holy Apostles** (now a mosque) and some fine late 19th century Russian houses and administrative buildings.

Day Five | Kars - Doğubayazıt

This morning we drive to **Doğubayazıt**. Our main focus here is the romantic 17th century Ishak Pasha Palace, a wonderfully ornate and architecturally intricate palace dramatically situated on a limestone ridge with superb views over the Ararat Plain below. Weather permitting, the views to Mount Ararat from Doğubayazıt are superb.

Day Six | Doğubayazıt - Tatvan

We drive over the near 10,000 feet high **Tendurek Pass**, past frozen lava flows, and get our first tantalising glimpses of **Lake Van**, a startlingly blue high-altitude soda lake seven times larger than Lake Geneva. Navigating the northern shore of the lake, we pass beneath towering Mount Suphan to the medieval city of **Ahlat**, famed for its monumental tombs and elaborately carved gravestones.

Day Seven | Nemrut Dag & Por

Today we visit **Nemrut Dag** (Mt Nemrut), located on the southwest shores of Lake Van. This dormant volcano, over 9,500ft in height, has three lakes within its massive crater, and was an obsidian source in Neolithic times. After lunch we drive south to the former caravan town of **Bitlis**, then continue to **Por** where we visit a Kurdish village once inhabited by Armenian Christians. Here you will visit a small

7th century church, used as a barn by a village family, and the best collection of khachtkars (Armenian stelae) left in Turkey.

Day Eight | Tatvan - Van

We depart Tatvan for **Van**, following the beautiful southern shores of Lake Van. A twenty-minute boat ride off shore is the spectacular island of **Akdamar**, home to the small but delightful tenth-century Armenian Church of the Holy Cross. We continue to the city of Van on the eastern shores of the lake and visit the impressive **Van Archaeological Museum**, home to a fabulous collection of Urartian artefacts.

Day Nine | Van & Ayanis

Today we explore the mighty **Rock of Van**, a natural limestone outcrop topped by Urartian and later-era fortifications and other structures. For those with a head for heights, we view the burial chambers of the Urartian King Argishti, set high in the sheer south face of the citadel rock. We descend to explore the atmospheric remains of the walled city that once stood at the foot of the 'rock', completely destroyed bar a couple of well-restored Ottoman mosques, and several ruined buildings including an Armenian church. In the afternoon, we head north to the **Urartian fortress of Ayanis**,

perched on the shore of the lake, which contains an impressive temple dedicated to the chief god of the Urartian pantheon, Haldi. The site is still under excavation.

Day Ten | Hosap & Çavuştepe

We drive south into the heart of the mountains to visit the fairy tale fortress of **Hosap**, which was built by a Kurdish chieftan in the 17th century. Our final visit today will be to the fortified-palace of **Çavuştepe**, built on a mountain spur snaking out into a wide valley. Constructed relatively late in the Urartian period the site is notable for its beautifully-carved basalt masonry, blind windows, cisterns and twin temples.

Day Eleven | Van - Istanbul

We return home today

EXTRA TOUR DEPARTURE DATE ADDED

Turkey: from Çatal Hüyük to Göbekli Tepe

A journey through Cappadocia and south east Turkey

14 DAYS

From \$9,437pp **SAVE UP TO \$1,060pp**

Departing April, September & October

Join us on a kaleidoscopic journey through the heartlands of Turkey from Çatal Hüyük, arguably the earliest city in the world, to Göbekli Tepe, a remarkable early Neolithic complex in upper Mesopotamia. We discover the otherworldly geology of Cappadocia, a bizarrely beautiful landscape matched by its unique archaeology, underground cities and vividly frescoed churches, and the elaborate ritual sites of the ancient kingdoms in South East Turkey. We travel through The Fertile Crescent, arcing around the flat lands of Mesopotamia, which saw the birth of agriculture and the first domestication of cattle, goats, sheep and pigs, and we see the spectacular Roman mosaics in Gaziantep, rescued from the flood waters of a dam on the nearby Euphrates. Our journey includes an astonishing array of world-class sites, four of them UNESCO-listed, as we chart the civilisations which rose and fell here over the millennia.

Tour Highlights

- Discover one of the oldest settlements in the world at Çatal Hüyük
- View the extraordinary volcanic landscapes, underground cities and rock-cut churches in Cappadocia
- Visit the excavations at Göbekli Tepe, with megaliths predating Stonehenge by an impressive 7,500 years
- Walk up to the World Heritage Site of Nemrut Dag, where huge statues of syncretised Greek-Persian gods and the kings of Commagene gaze imposingly from the summit of a remote peak

Day One | Istanbul - Konya

We fly to Konya Airport via Istanbul and transfer to our hotel.

Day Two | Çatal Hüyük & Binbir Kilise

We begin with one of the oldest settlements anywhere in the world: **Çatal Hüyük**, which comprises two tells rising 20m up from the plain. One of the largest and most distinctive sites of the Neolithic period, dating 7500-6500 BC, it is exceptional in its layout of closely packed houses with roof access into the buildings. In the afternoon we explore the remote early Byzantine site of **Binbir Kilise**, complete with Syriac style churches, monasteries and houses.

Day Three | Konya

Before we leave Konya, we visit the **Mevlana Museum**, former tekke (dervish hall) and mausoleum of the famous Sufi mystic Rumi, the **Karatay Madrasa**, an excellent example of Selçuk Turkish architecture, and the **Alaeddin Mosque**

with its typically Selçuk 'forest' of columns and very early ebony prayer platform. After lunch we make the long journey to Göreme.

Day Four | Göreme & Sarıhan Caravansary

Engaging with the regional culture this morning we visit a local co-operative which produces Anatolian rugs, a tradition which has integrated different motifs and practices introduced by the Armenians and Caucasian and Kurdish tribes. Afterwards we head out to the **Sarıhan Caravansary**, one of the many which once serviced the Selçuk trade route from Konya to Kayseri. After lunch we continue to our main visit of the day at **Göreme Open Air Museum**. This UNESCO World Heritage Site is a fairytale landscape of eroded volcanic tuffs, full of rock-cut churches of the mid-Byzantine period, which bear witness to the faith, fervour and tenacity of devout Christian communities, beset both by Arab raiders and the persecutions of the Iconoclastic movement.

Activity Level ●●●○○

Day Five | Ilhara Valley & Aşıklı Hüyük

We start our explorations of **Cappadocia** with a visit to the **Ilhara Valley**, a beautiful, verdant gorge occupied by a fast-flowing river. The gorge is believed to have contained more than four thousand dwellings and a hundred churches cut into the rocks, used for worship by early Christian communities. We will explore some of these churches this morning before moving on to visit **Aşıklı Hüyük**, an impressive settlement mound comprised of layers dated between 9000 and 7400 BC, and which developed in part owing to its proximity to an important obsidian source.

Day Six | Göreme - Derinkuyu - Adana

Today we head south, stopping en route at the extraordinary underground city of **Derinkuyu**. This is one of the largest and most accessible of many such Byzantine settlements. Little is known of their true function, however, with such a geology at their disposal, it may almost have been as easy to dig down as build up. We continue our journey south

across the Anatolian plateau before crossing the formidable Taurus range and dropping down to the fertile Cilician Plain to overnight at Adana.

Day Seven | Adana - Karatepe - Gaziantep

This morning we visit **Adana Archaeology Museum**, which houses a fine collection of Hittite artefacts. We continue east and rise into wooded mountains to visit the 8th century BC fortress palace of **Karatepe**, now located in an archaeological park. A bilingual text inscribed on the gate here reveals the name of the neo-Hittite ruler who built the fortress: "I am indeed Azatiwatas, The Blessed of the Sun, the servant of the Storm-God, whom Awarikus exalted, king of Adanawa...". The twin gateways of the fortress palace are lined with relief-carved figurative slabs.

Day Eight | Gaziantep

Our main focus this morning is the **Zeugma Mosaic Museum**, which contains the very fine Roman mosaics from Zeugma, a city which stood on a crossing of the Euphrates river, and which has now been largely flooded by the construction of the Birecik Dam. We also visit the town of **Halfeti**, itself partially submerged as a result of the same project. Here we can see houses and minarets emerging from the water, and further up the river the monumental bulk of the largely Medieval fortress **Rumkale**.

Day Nine | Gaziantep - Adiyaman

We start the day today with a walk around historic **Gaziantep** and explore the **citadel**, largely built by Turkish Mamluks in the 13th – 16th centuries. The citadel itself lies on top of existing Roman walls and a Neolithic tell. The bazaars are full of copper ware, dried pepper flakes and pistachio nuts, and the mosques betray the influence of the Arab lands to the south. Indeed, Gaziantep is reminiscent of Aleppo, some 50 miles away in Syria. In the afternoon we take the long but scenic road north to overnight at Adiyaman, at the foot of 7,000 ft high Mount Nemrut.

Day Ten | Mount Nemrut & Adiyaman

We spend the day with the rulers and monuments of the Commagenian kingdom today – beginning at the **Roman bridge at Cendere**, built by the

Legio XVI Flavia Firma in the reign of Septimius Severus around AD 200, and the **Karakuş (Black Bird) Tumulus**, probably built to cover the burials of the mother, sister and niece of Antiochus' son and successor. After lunch we continue to the remote hilltop site of **Mount Nemrut** (UNESCO World Heritage Site), where Antiochus I had a monumental sanctuary constructed to promote his rule, comprising the world's largest tumulus and a collection of huge statues of the gods and of himself.

Day Eleven | Adiyaman - Şanlıurfa

This morning we journey to Şanlıurfa where we visit **Şanlıurfa Museum**, a huge complex completed in 2015 and home to a treasure trove of finds. Its exhibition halls contain a remarkable series of finds from the Neolithic sites around Şanlıurfa, as well as a life-sized reconstruction of one of the stone circles at Gobekli Tepe, along with Assyrian, Babylonian, Hittite, Neolithic, and Bronze Age artefacts. Adjoining the main museum another large structure houses a superb collection of in-situ late-Roman/early Byzantine mosaics, once part of the palace of the rulers of the kingdom of Osroene.

Day Twelve | Göbekli Tepe & Karahan Tepe

Our morning is dedicated to the excavations at **Göbekli Tepe**, designated a UNESCO World Heritage Site in 2018. Situated on top of a rounded hill in the anti-Taurus mountains a few miles northeast of Şanlıurfa, this spectacular early Neolithic complex, an extraordinary series of structures centred on carved megaliths up to 5 metres in height, has challenged the conventional view that only settled societies could produce monumental architecture. In the afternoon we continue further east and south to the remote site of **Karahan Tepe**, where a series of circular enclosures and T-shaped monoliths (250 of them) have been uncovered. The 10-hectare site, along with Göbekli Tepe, forms one of the so called Taş Tepeler (Stone Hills) sites in the region.

Day Thirteen | Şanlıurfa

Today we explore more of Şanlıurfa. We view the **Pools of Abraham**, filled with sacred carp. It was

here that Muslim teachings tell how Abraham was thrown into the fire by Nimrod, but upon landing in the fire, the flames were turned into water and the logs into fish. Şanlıurfa is Turkey's most Middle Eastern city, and we continue our exploration of this bustling place with a foray into the labyrinthine bazaar, a glass of tea in the courtyard of an Ottoman caravanserai and ascent of the rocky citadel for splendid views of the old city.

Day Fourteen | Şanlıurfa - Istanbul

After breakfast this morning we head to Şanlıurfa airport for our return journey to the UK.

Lebanon

Discover a wealth of history in this intriguing country

8 DAYS

From \$4,842pp **SAVE UP TO \$538pp**

Departing May & October

A small country dominated by great mountain ranges, Lebanon's impact on the history of the Mediterranean is out of all proportion to its size, for here is a rich archaeological history to explore. This is the homeland of the Canaanites/Phoenicians, whose great coastal trading supplied the known world with luxuries, including cedarwood, spices and metals.

Tour Highlights

- Explore Byblos, the oldest continuously inhabited city in the world
- Visit the great Temple of Jupiter Heliopolis in Baalbek and of Eshmoun in Sidon
- Admire the Roman remains at Tyre, including the Hippodrome and monumental streets
- View the sarcophagus of Ahrim with the earliest Phoenician inscription in the National Archaeological Museum

Activity Level ●●●○○

Day One | Beirut

Arrive Beirut and upon arrival we enjoy dinner together as a group.

Day Two | Byblos

Byblos awaits today, site of one of the great trading cities of the early Bronze Age and arguably the oldest continuously inhabited site in the world. Through its trading contacts with the Greek world, Byblos exported the alphabet to the West. Our morning includes visits to the citadel and **St. John's Church**, and in the afternoon we visit the archaeological park as well as monuments from the Crusader period. We'll also stop to view the inscriptions left by ancient armies at the Nahr-el-kalb (the Dog River), between Byblos and Beirut.

Day Three | Beirut

We spend all day in **Beirut**. The rebuilding programme that followed the civil war (1975 -1990) gave a unique opportunity for an archaeological study of the city. The earliest occupation dates to the Palaeolithic period, but the first urban phase belongs to the Middle Bronze Age (c. 3000BC). The Roman city of Colonia Julia Augusta Felix Berytus was famous in the 3rd century for its law school. The major surviving monuments also date from this period, including a large bath complex and

one of the main thoroughfares lined with shops, luxury houses and a laundry. We visit the **National Museum** with excellent collections of Lebanon's cultural heritage, the reconstructed heart of the city and the central archaeological zone, which is home to the remains of Roman Berytus. Afterwards, we make our way to Zahle.

Day Four | Baalbek

We explore the great temple complex of **Baalbek** in the heart of the Bekka Valley today.. It includes the vast **Temple of Jupiter Heliopolis**, once the largest in the world (22.9 m high), with peristyles and hexagonal courts. To the side lies the **Temple of Bacchus** and the remarkable state of preservation of these temples – particularly the latter – show fine detail of their devotional purpose. We also visit the nearby quarries, which contain some of the largest monoliths ever quarried.

Day Five | Anjar & Niha

Following the Arab conquest in the 7th century, the first Islamic dynasty of the Umayyads saw themselves as heirs of Rome and Byzantium, and used the architectural and artistic language of those earlier powers to express their own ideas. This fusion between East and West is nowhere more evident than at the planned city of **Anjar**. In the afternoon we visit the temples of the Roman period at **Niha**. The chief temple here is well-restored and dedicated to the god Hadaranes.

Day Six | Beit Eddine

We start our day with a visit to the palace at **Beit Eddine**. Built by the Emir Bechir at the end of the 18th century in an opulent oriental style, today it also contains a museum of Byzantine mosaics. We visit the town of Deir El Qamar and the Archaeological Museum of the American University before heading back to Beirut.

Day Seven | Sidon & Tyre

Sidon grew wealthy from the production of glass and textiles, and held a favoured position with the great King of Persia. In their wars with the Greeks, the Persians relied on Sidon's navy. We visit the **Temple of Eshmoun**, patron god of Sidon, and see evidence of the Crusader past with a visit to the Sea Castle. **Tyre**: "Say to Tyre, that city standing on the edge of the sea, doing business with the nations in innumerable islands" – this was Ezekiel's description of Iron Age Tyre, one of the great cities of the ancient Near East. Its wealth, through trade and manufacture, particularly of purple dye from the murex, was the benchmark from which all others were measured, and the influence of the city's colonies spread right across the Mediterranean. We also visit the two archaeological parks, which show the wealth of Tyre in the Roman period.

Day Eight | Beirut

Our tour ends in Beirut.

Jordan - Petra & the Desert Fortresses

Spend two days in the evocative rock-cut city of Petra

10 DAYS From **\$5,499pp** **SAVE UP TO \$611pp** Departing February, October & November

Nothing can prepare you for Petra - the scale, the colours and the grandeur. Lively, cosmopolitan and rich, with goods from every corner of the world, ancient Petra was an extraordinary city. Its streets were swathed in a fusion of Nabataean and Classical architecture - elaborate tombs, colonnaded streets and temples carved into the rose-red rock.

Tour Highlights

- Admire the almost lunar-like desert scenery of Wadi Rum
- Discover the mighty crusader castle at Kerak, built in the 12th century
- Visit Jerash, the best preserved (and Jordan's largest) Roman town in the east, a site that is home to the Oval Plaza and the Corinthian columns of the Temple of Artemis

Day One | Amman

Arrive to Amman and travel to our hotel.

Day Two | Wadi Seer - Dead Sea - Amman

After a leisurely start, we head to the valley of Wadi Seer. Here we find the remains of **Qasr-al-Abd**, a well-preserved Hasmonian and rare Hellenistic period Palace. Hyrcanus of Jerusalem built the palace around 200 BC as part of a much larger estate, that is now covered by the village of Iraq al-Emir. We then spend time both at and in the **Dead Sea**. The lowest place on earth is also the deepest hyper-saline lake in the world, over nine times saltier than the ocean. This salinity has created a harsh environment so it is unsuitable for any plants of wildlife, hence its name. It is however, a unique experience to be able to 'float' on the Dead Sea, so we make the most of this opportunity. After our time here, we return to Amman.

Day Three | Gadara - Jerash

We explore two Roman Decapolis cities today as our adventure continues. We start off at the ancient city of **Gadara** (known today as Umm Qais), which offers views over the Golan Heights and Sea of Galilee. After lunch we continue to **Jerash** (ancient Gerasa) for the afternoon, which is set in the pine valleys of the biblical land of Gilead, and is

one of the best-preserved Roman cities in the east. The architecture is particularly fine, and includes the impressive 2nd century **Hadrian's Arch**, the Corinthian columns of the **Temple of Artemis** and the Oval Plaza - framed by a magnificent colonnade - a unique feature of the Forum.

Day Four | Amman

The morning is spent in Jordan's modern capital Amman. Here we visit the **Archaeological Museum** and the citadel. The museum is home to artefacts from archaeological sites from across the country, including the Dead Sea bronze scroll written in Aramaic characters. The citadel is one of the oldest continuously inhabited places in the world, and we visit the ruins of the **Roman Temple of Hercules** and the **palace of the Omayyad Caliphs**. Before lunch we visit the **Memorial Church at Mount Nebo**. In the afternoon, we make a short drive to the early Byzantine **Church of St. George in Madaba**, where we view the amazing 6th century mosaic map of the Holy Land depicting biblical sites of the Middle East from Egypt to Palestine. Afterwards, we spend a little time in the **Madaba Archaeological Park** before heading back to our hotel.

Activity Level ●●●●○

Day Five | Umm al-Jimal

Today we head into the eastern desert to explore the dramatic basalt city at **Umm al-Jimal**, even the doors are made of huge black slabs and some of them still operate! After lunch we travel on to the desert castles, **Qasr Azraq**, **Amra** and **al-Kharanah**, with far-reaching views over the surrounding landscape. Jordan's desert castles were so called due to their imposing stature, but they served mainly as agriculture and trade centres, and caravan stations.

Day Six | Umm al-Rasas - Kerak

We visit the church and spectacular mosaics at **Umm al-Rasas**. A Roman and Byzantine site, the mosaics of the churches have fine depictions of the principal cities of the region. Before lunch, we have a stop at a viewpoint at Wadi Mujib. On next to the mighty crusader castle of Kerak, one of the largest in the Levantine region. Overlooking the Dead Sea, it was built in 1132 as the first line of defence for the Crusader kingdom of Jerusalem. Its position gave control of important trade routes between Damascus, Egypt and Mecca, and of the region's Bedouin herders.

Days Seven & Eight | Petra

Today is the first of two full days in **Petra**, and with the archaeological park spread across 200 square kilometres, we will easily fill our time spent here as there is much to explore. Located among mountains and rugged desert canyons, this ancient capital of the Nabatean Arabs is carved directly into a mixture of sandstone cliff face, its colours a mixture of red, white and pink hence it is also known as the “Rose City”. We walk into the site each day, both for the sense of discovery, and to experience the famous entrance to the ravine site, the Siq. As we wander along the colonnaded streets, we take in some of the ancient city’s most significant structures, such as the world-renowned “**Treasury**” (Al-Khazneh), a temple over 40 metres in height with a truly impressive ornate façade. The Nabateans, though essential nomadic, developed a sophisticated water technology, the remains of which we will also see here during our extensive

visit. Led by our expert guide, there are optional climbs on both days to Nabatean ‘**Monastery**’ and the ‘**High Place**’.

Day Nine | Little Petra - Wadi Rum

This morning we will visit the Neolithic site of **Beidha**, where 8th millennium BC houses can still be seen, and the painted tomb at “Little Petra” (Siq al-Bahrid). Thought to have been an important suburb of Petra, the site includes temples, tombs, water channels and cisterns carved out of rock. We drive to **Wadi Rum**, home of the largest Roman copper mine in the empire. Here we take 4x4s through spectacular scenery, made famous by the filming of “Lawrence of Arabia”. There are also several rock art sites to be explored here. Afterwards, we head back to Amman for a farewell group dinner.

Day Ten | Amman

Our tour ends in Amman.

Oman & Saudi Arabia

Discover the history and ruins of ancient civilizations

17 DAYS

From \$17,060pp **SAVE UP TO \$1,896pp**

Departing November

Oman has been a crossroads of commerce for millennia, with ideas flowing from the Red Sea to the Persian Gulf, and across the Indian Ocean. 3rd Millennium BCE Akkadian traders came here from Mesopotamia for copper, Petra's Nabateans for incense. Greek and Roman merchants rode the monsoon winds that blew them to India and back, and Arab seafarers used it as a base for trade to East Africa. Later, it would be Omani sailors piloting the Portuguese and Dutch explorers expanding the then known world. Over recent years Saudi Arabia has opened up to the world. The second part of this tour explores its incredible history from the ancient petroglyphs at Al-'Ula to the Nabatean Rock cut tombs at Hegra and the historic Roshan in Jeddah. Alongside its history, we will be exploring Saudi's spectacular desert environments.

Tour Highlights

- Follow in the footsteps of the ancient caravans on this unique tour as we explore a range of rock art, classical era and also Islamic sites
- Explore the striking Bronze Age conical tombs at Bat, a UNESCO-listed World Heritage Site

Day One | Muscat

Arrive in Muscat we transfer to our hotel, then meet in the evening for our first meal together as a group.

Day Two | Muscat

We spend a full day in Muscat today, an ancient trading city, noted by the geographer Ptolemy in the 2nd century and at times part of the Sassanid Persian Empire. Visits will include the magnificent **Grand Mosque**, **Muttrah Souq**, the **Al Alam Palace** and the **National Museum of the Sultanate of Oman**, which showcases the nation's heritage from the earliest human settlement through to the present day.

Day Three | Muscat - Nizwa

Today we travel in 4x4s through date palm orchards to **Al Hazm fort Al Ayn** and the UNESCO Site of **Bat** where we discover the extraordinary Bronze

Age beehive tombs. The tombs are part of a major copper mining settlement of the Umm-an Nar culture of the 3rd millennium BC. This region of Oman was a vital centre of early metallurgy, the ore being exported as far as Mesopotamia and smelting taking place regionally. The distinctive 'beehive' dry stone tombs form an enormous necropolis. We continue to the historic walled town of Nizwa for the night.

Day Four | Nizwa

We drive to the quaint village of **Al Hamra**, nestled in the foothills of the Jabel Ahkdar. Its old multi-storied mud houses are surrounded by a vast expanse of lush green date plantations. We visit nearby **Has't Ben Sult**, a large rock covered with engravings of men, women, and children, to which much folklore of the region is related. On to **Wadi Ghul**, home of the traditional weavers of Oman, and then to **Wadi Nakher**, Oman's deepest canyon

Activity Level ●●●●○

to see rock art and Bronze Age tombs. Our next stop is Misfah, a lovely village with stone houses precariously clinging to the side of the mountain cliff where we enjoy a picnic lunch. Afterwards we'll explore the Falaj irrigation system.

Day Five | Nizwa - Muscat

Today we make our way to **Wadi Tanuf**, set against the backdrop of the Al Hajar mountains. Here we stop to see the modern-day ruins of Tanuf, victim of Oman's Imamate Rebellion of the 1950s before continuing to Nizwa, capital of the ancient Imamate of Oman. We visit the famous **Round Tower Fort**, built in the 17th century, and its souq, renowned for its intricately hand-carved khanjars (daggers) and ornamental silver jewellery. After lunch in Al Mandi we drive to **Jabrin** with its beautiful painted murals; more of a fortified palace than a fort, it was built in the 17th century by Bil'arub bin Sultan. We conclude our day in **Iron Age Salut**, near Bisyah an

archaeological site home to an ancient, fortified collection of ruins and fortifications, some of which date to over 3,000 years ago, and which offer rare evidence of the development civilizations in the Arabic peninsula in the Bronze and Iron ages.

Day Six | Muscat – Riyadh

After breakfast we transfer to the airport in Muscat to fly to Riyadh in Saudi Arabia. On arrival we transfer to our hotel and enjoy dinner together as a group in the evening.

Day Seven | Riyadh – Wadi Ad Dawasir

Our first morning is in Riyadh exploring their archaeological history. We begin with the stunning **National Museum of Saudi Arabia** which has an outstanding array of artefacts dating from the Palaeolithic to the Arabic periods, including a section on petroglyphs. We continue to Masmak fort which played an important part in the Unification of Saudi Arabia. After lunch, we fly to **Wadi al Dawasir** and on arrival transfer to our campsite.

Day Eight | Empty Quarter

We spend today in one of the world's most evocative deserts, the **Empty Quarter**. The Rub' al Khali, as it is known in Arabic, is a 1,000 kilometres long desert which covers the southern part of the Arabian Peninsula. Here you will see sand dunes that rise up to 250 metres high and will be immersed in the classic desert landscape of your imagination. We overnight at a second campsite under the Saharan sky.

Day Nine | Empty Quarter - Riyadh

After breakfast at the camp site we will pack our gear and start driving towards Riyadh. On our way back we will also see the different types of sand dunes some of them reaching up to 200 metres in height and there will be several stops en route for photos. Lunch will be as a picnic style on the way. Upon arrival to Riyadh we check-in to our hotel for an overnight stay.

Day Ten | Riyadh – Ha'il

We leave Riyadh and take a scenic train journey in business class to **Ha'il** once ruled by the Rashid dynasty, formidable enemies of the Saud family. In the afternoon, we arrive in Ha'il, once the centre

of the Ha'il Empire made prosperous from being on the route to Mecca. Here we visit some of the city's characteristic adobe forts, including the **Qislah Fort**, used as a garrison and prison, as well as the **A'arif Fort**, located in the citadel of Ha'il. Afterwards we visit the **museum of Ha'il** and **Barzan Palace**.

Day Eleven | Jubbah

Today we spend the whole day at the UNESCO World Heritage Site of **Jubbah**, which contains some of the best petroglyphs in the Middle East. The rock carvings provide precious testimony of the Middle East from the Middle Palaeolithic to the Neolithic periods. Some of the best petroglyphs are at **Ghouwtah**, which depict a variety of animals and humans fighting. On our return to Ha'il there is chance to visit the old market.

Day Twelve | Ha'il – Shuwaymis - Al-'Ula

We continue our exploration of the wonderful petroglyphs in Saudi Arabia as we venture on 4x4s to **Shuwaymis**, which offers a wonderful contrast to Jubbah. This rock art was produced by pastoralists from the Neolithic period onwards who adorned whole sections of rock face with hunting scenes, as well as depictions of wild animals such as leopards and cheetahs, as well as a memorable lion. Afterwards we drive to our camp in Al-'Ula where we stay for the next three nights.

Day Thirteen | Hegra

Our visits today start in **Mada'in Saleh** also known as **Hegra**. The UNESCO World Heritage Site of Hegra, the second most important Nabatean city after Petra, monopolised the trade of incense and myrrh. There are a staggering 131 monumental tombs on the site, along with 2,000 non-monumental tombs. After lunch we visit Dedan followed by the famous **Elephant Rock**, a strangely shaped rock outcrop.

Day Fourteen | Tayma

We transfer from our hotel to our first stop to switch to the 4x4 SUVs and head to visit the natural rock formation of **Al Naslaa** rock for a photo stop and we will see other petroglyphs around the area. We continue to **Tayma** to visit the largest well **Bir Haddaj** and the old town of Tayma. After lunch we head back to the old town market of **Al-'Ula** for some free time then back to our hotel for dinner.

Day Fifteen | Al-'Ula - Jeddah

After breakfast we transfer to the airport for our flight Jeddah, a city important in the Nabatean frankincense trade, which became the gateway of the Mecca in the Islamic period.

Day Sixteen | Jeddah

Today we spend time in the old city of **Jeddah** to explore its Red Sea architectural traditions, which made it a UNESCO-listed site. Our day exploring the city includes a visit to the UNESCO Heritage site of **Al Balad** and **Alawi Street** to understand the architecture and the importance of the area.

Day Seventeen | Jeddah

We transfer to the airport.

Please note: There are 5 nights spent in campsites on this tour. The bathroom facilities and sleeping arrangements vary at each campsite. Please contact us for specific information if required.

Asia

The range of archaeological heritage across Asia is as vast as the continent itself, from megacities to nomadic camps, from mountain forts to complex monasteries, from tombs and tells, to complex mausoleums and highly decorated madrasas. Much of it is undocumented and understudied and much of it can be found in remote desert, mountain, or lush Steppe landscapes. Exploring these sites brings an element of discovery and adventure, travelling to places far off the beaten track – indeed in some cases where there is no track at all!

We have two exciting programmes which explore the archaeology of this extraordinary region. The first discovers the ancient kingdoms of not one but two little known countries that once supported the trade routes along the Silk Road: Armenia & Georgia. The second circles the legendary cities of Samarkand, Khiva and Bukhara, once great cities that supplied the ports that punctuated the trade routes in what is now Uzbekistan.

The importance of the relationship between settlements and their surrounding areas is a theme we explore elsewhere. At the extraordinary site of Shengavit in Armenia, for example, a settlement that spans the 5th to the 3rd millennium BCE, we discover the extent to which urban centres fed populations who lived in the hinterlands. And archaeological sites across the continent are also important to our understanding of cultural transmissions between East and West. The Silk route, which has fascinated travellers for centuries, facilitated the passage not only of trade but of cultural exchange over vast distances. The city sites in Uzbekistan provide evidence of the trade of slaves, spices, and silk as well as its concomitant exchange of ideas. Alongside the conquest of Alexander the Great, the silk route enabled the introduction of Hellenistic culture to cities in central Asia, particularly in Samarkand. In this way East really can meet West.

Join us next year to discover the dazzling blue tiled cities in Uzbekistan, the remote and untouched landscapes of the Steppes, the staggering beauty of two countries little known to Western tourists in Armenia and Georgia or on an adventure through some of the wildest and most spectacular landscapes on earth in Mongolia. These are once in a lifetime adventures, you will never forget.

Days One | Tashkent

Meet the group at our hotel in Tashkent. In the afternoon, we visit the **State Museum of History of Uzbekistan**. Highlights here include the remains of a prehistoric man dating from 1.5 million years BC as well as significant statues and reliefs from the country's Buddhist period. This evening, we enjoy a group dinner together.

Day Two | Tashkent

We spend the day in **Tashkent** and enjoy a walking tour of the **Old Town**, exploring ancient mausoleums and beautiful mosques, including **Tillya Sheikh**. We will also take in remnants of the city's Soviet past.

Day Three | Tashkent - Nukus

Fly to **Nukus**, located in the Karakalpakstan Republic. Upon arrival, we head to **Gyaur Kala**, the "Fortress of Infidels", a settlement established at the time of the First Persian Empire. After lunch, we continue to the medieval city of **Mizdakhan**, site of Uzbekistan's oldest necropolis, first founded some 2,000 years ago. Still a place of pilgrimage and mysticism, the legends surrounding this settlement include that of the "World Clock", a building that is said to shed just one brick a year. According to

legend, when the last brick falls, the end of the world begins.

Day Four | Nukus - Khiva

Our day starts at the world-renowned **Savitsky Art Museum**, which hosts the world's second-largest collection of Russian avant-garde art that hangs alongside that of Socialist Realism. There are also archaeological and ethnographic objects on display. Next we travel south along the Amu River to the remote ruined tepe of **Chilpik Dakhma**, a Zoroastrian "Tower of Silence" used in funerary "sky burial" rituals until the Arab invasion of the 7th century AD. Our final destination for the day is **Khiva**, an important Silk Road city famous for its role as a slave trading post.

Day Five | Khiva

We begin with an excursion to the mighty fortresses of **Ayaz Kala**. Dramatically situated on a hilltop overlooking the Kyzylkum Desert, and erected to protect local inhabitants against nomadic attacks, these ancient strongholds were largely destroyed at the time of the Arab invasions. We continue to the abandoned city of **Toprak Kala**, a complex built by the slave-owning Khorezm, with an extended line of crumbling walls

that is visible for miles around. Built in the 3rd century AD, its remains include the residences of Khorezm governors, workshops which formerly manufactured bows, and a palace with three imposing towers.

Day Six | Khiva

Today we step into a world of “Arabian Nights”, spending a whole day exploring **Khiva** on foot to enjoy its narrow alleys, graceful minarets and thriving markets. Although it was virtually destroyed by Genghis Khan, much of what was subsequently rebuilt is impressive. The first of Uzbekistan’s sites to achieve World Heritage status, the city still boasts its original defensive walls and gates, as well as a wealth of ornate mosques and mausoleums.

Day Seven | Khiva - Bukhara

We take a long drive through the **Karakum Desert**, with a brief stop en route at the widest expanse of the **Amu Darya** (River Oxus) to see how its waters have been diverted by the Soviets, causing the Aral Sea to dramatically recede. We arrive at **Bukhara** mid-afternoon, allowing time to visit the beautifully located **Samani and Chashma Ayub mausoleums**, and the **Bolo Khauz Mosque**.

Day Eight | Bukhara

Wander brilliant **Bukhara**, long a great oasis of Central Asia. Formerly part of the Persian Empire, the city was seized by the Samanids in AD 903 and went on to become a significant centre for intellectualism in the Islamic world. As part of our

tour, we visit the **Po-i-Kalyan** religious complex, an impressive collection of sacred buildings, so transcendent that not even Ghengis Khan could not bring himself to destroy it. Tonight we enjoy a **traditional folk show** before having dinner.

Day Nine | Bukhara

We visit the site of one of Bukhara’s predecessors today — the ruined city of **Poykent**. After a picnic lunch at the **Poykent Museum**, we return to Bukhara to visit the **Mausoleum of Ismail Samani**, a fine example of Samanid architecture, and the **Bolo Haus Mosque**, as well as other places of interest.

Day Ten | Bukhara - Samarkand

Today we follow the Silk Road route to **Samarkand**, on a drive east across the scenic plains of central Uzbekistan. En route, we stop at **Rabat-i Malik**, an 11th century caravanserai with a Persian façade matching those found on palace walls at Persepolis.

Day Eleven | Samarkand

After breakfast, we head out for a day of discoveries in Samarkand. Highlights include the **Ulugh Beg Observatory**, the necropolis at **Shah i Zinda**, Uzbekistan’s oldest archaeological site at **Afrasiyab**, and finally the renowned **Registan Square**.

Day Twelve | Samarkand

Switching to smaller vehicles, we travel to the turquoise-domed city of **Shakhrisabz**, ancient birthplace of Amir Temur (Tamerlane). Here, we find

the remains of the 14th century **Ak-Saray Palace** and the **Dorus Saodat**, an outstanding example of Khwarezmian architecture.

Day Thirteen | Samarkand - Tashkent

Our last full day begins in central Samarkand, visiting the restored **Gur-i-Amir Mausoleum** complex where Tamerlane was buried. We then visit the **Bibi-Khanym Mosque**, with its magnificent columns, portals and minarets. After lunch, we return to Tashkent by high-speed train.

The Americas

The two continents that make up the Americas are well worth a visit for any archaeological enthusiast. Here we find incredible sites nestled among truly awe-inspiring and often otherworldly landscapes, from the dramatic ruins of Machu Picchu that sit atop a mountain ridge to the sprawling Atacama Desert with its curious geoglyphs - and not forgetting the maori-studded hills that cover the volcanic Easter Island.

To put this part of our world into context, the Americas are home to a vast array of pre-Columbian sites produced by peoples who were, in many ways, as sophisticated as their European counterparts. Although Incas famously didn't have wheels or an alphabet, they were able to conquer vast tracks of the continent and to produce sites as wondrous as Machu Picchu, and then the central American peoples, principally the Maya, constructed impressive cities such as the vast Chichen Itza, which had a series of fine buildings, including temples and ball courts.

South America, meanwhile, is home to wonderful rock art, notably the Nazca lines and the geoglyphs in Chile. The former was produced in the Nazca desert in the 1,000 years between 500 BC and AD 500 and include simple lines as well as figurative depictions of a variety of animals, including monkeys, lizards and humans. Although less famous than the Nazca lines, 5,000 geoglyphs have been found in the Atacama Desert, including geoglyphs produced between AD 500-1450 in the Cerros Pintados, as well as those found in Yerbos Buena and finally the famous Atacama Giant. We are thrilled to offer a selection of expert-led tours that explore an array of sites across the Americas next year, which you'll find over the coming pages.

15 DAYS From **\$14,720pp** **SAVE UP TO \$1,636pp** Departing March

An adventure awaits, travelling across the globe with an international expert to see some of the most enigmatic rock art in the world – situated in vast and often remote landscapes. Venture down the coast of northern Chile into the Atacama Desert before flying back over the Pacific to the iconic site of Easter Island to discover places seldom visited by tourists.

Tour Highlights

- Discover extraordinary geoglyphs and petroglyphs among truly unforgettable and often lunar-like landscapes
- Explore Easter Island, the most remote piece of land inhabited on the planet, and visit an array of sites where the curious moai can be seen in situ
- Visit a selection of fascinating regional museums, which house exhibitions that showcase the likes of wooden carvings and the Chichorro Mummies
- Journey through the striking Atacama Desert, declared the world's driest by NASA after a series of in-depth studies

Day One | Santiago

Meet the group in Santiago for a welcome lunch. The remainder of the afternoon is free to relax and recover from our flights, or we can join a **guided walk around Santiago**, Chile's capital city since the Colonial era. During the orientation tour, we will visit the **Museo de Arte Precolombino**, which houses a world-class collection of Latin American antiquities.

Day Two | Santiago - Arica

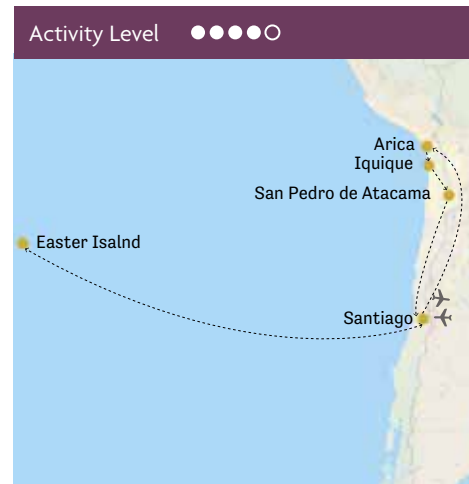

We catch an early flight to **Arica**, a seaside port and town in northern Chile, a few miles south of the Peruvian border. Here, we visit the **San Miguel Archaeological Museum**, home to the famous **Chinchorro Mummies**, preserved for several millennia by the dry heat of the desert. Astonishingly, the oldest body pre-dates the Egyptian mummies by some 3,000 years. Later, we cross the **Azapa Valley** to see rock art visible on the hillsides — an assortment of human figures and animals.

Day Three | Arica - Iquique

This morning, our journey takes us through the **Atacama Desert**, the driest desert in the world according to NASA. We stop at **Chiza** and **Tiliviche** to see the sprawling human and llama geoglyphs, thought to have been created as a guide to caravans descending from the mountains to the coast. We also visit the **Cerro Rosita** and **Ex Aura geoglyphs**. Finally, we travel to our hotel in Iquique, stopping to see **El Gigante del Atacama**, the world's largest prehistoric depiction of a human.

Day Four | Iquique

Our day begins with a **boat trip into the Pacific** from Iquique harbour, with the opportunity to spot pelicans, sea-lions and endangered Humboldt penguins. After lunch, there is an atmospheric tour of the 'ghost town' of **Humberstone**, a former saltpetre mining town that was abandoned in 1960 and has since been declared a UNESCO Site. This is a unique opportunity to peer back through the sands of time.

Day Five | Iquique - San Pedro de Atacama

After breakfast, we drive to **Cerros Pintados** to view geoglyphs scattered for miles on the hillsides. Over 450 figures have been discovered here, the largest collection of its kind in South America. We continue to **San Pedro de Atacama**, an oasis village surrounded by volcanic scenery – and one of Chile's most beloved destinations.

Day Six | San Pedro de Atacama

Today we drive to the petroglyphs at **Yerbas Buenas**. More than 1,000 images are visible here, all left by the Altacameno people. Free time follows, but we can join an optional excursion, such as the Atacama salt flat tour. Taking us through natural landscapes, including part of the largest salt flat in Chile, we will see native fauna and flora, visit the Flamencos National Reserve, Lake Chaxa and Toconao village.

Day Seven | San Pedro de Atacama - Santiago

Our morning is spent among the lunar landscapes of the **Valle de la Luna**, which is a colourful and textured valley that contains unusual wind-carved formations and dry lakes that gleam with salt. This afternoon, we catch a flight back to Santiago.

Day Eight | Santiago

We make our way over to **Viña del Mar** to visit the **Museo de Arqueología e Historia Francisco Fonck**. The museum boasts a collection of wooden carvings and striking displays of archaeological material from other parts of Chile. After lunch, we embark on an informative walking tour of **Valparaíso**, a quirky city famed for its maze-like streets, vibrant Colonial architecture and richly artistic heritage. This lively place has earned itself the nickname of the 'Jewel of the Pacific'.

Day Nine | Santiago - Easter Island

The next part of our adventure begins today as we fly over the ocean to enigmatic **Easter Island**, one of the most isolated locations on the planet. Our explorations start with a walk around **Hanga Roa**, the island's capital and harbour. This calm and compact settlement is home to most of the island's 5,000 inhabitants.

Day Ten | Easter Island

Our first full day on **Easter Island** begins with a trip to see our first moai at **Ahu Tahai**, where these monolithic human figures stand – one with its giant coral eyes replaced. Three ceremonial platforms remain on this site, which were restored by the late American archaeologist, Dr. William Mulloy. We continue on to the nearby **Museo Antropológico Sebastian Englert** to learn the story behind the moai and their discoverers. Here, we see the only female moai to have been discovered, as well as an original moai eye. This afternoon is spent at leisure.

Day Eleven | Easter Island

After breakfast we visit the quarry at **Rano Raraku**, where many unfinished moai stand in situ. The site was in use until the 18th century, supplying stone for around 97% of the island's moai over a time frame of approximately 500 years. The biggest moai in existence lies here incomplete and measures a staggering 21.6 metres from end to end. Following this, we visit the longest line of standing statues at **Tongariki**, where we find the world's heaviest re-erected moai, weighing in at 86 tons. After lunch,

our day ends with a viewing of the rock carvings at **Papa Vaka**. Here, we see marine petroglyphs carved into the basalt, including a remarkable depiction of a squid.

Day Twelve | Easter Island

We continue to explore further moai sites today. There is **Ahu Vaihu**, where the moai lie face down with broken necks; **Akahanga**, an unrestored platform near which the island's first king is said to be buried; **Hanga Tetenga**, where tumbled statues rest among scattered rocks; **Te Pito te Kura**, the site of a bizarre magnetic stone as well as the largest moai to be transported from Rano Raraku; and, finally, the carved figures of the royal platform of **Ahu Nau Nau**. After a barbecue lunch, we make our way to **Anakena Beach** with its white coral sands, with time to relax.

Day Thirteen | Easter Island

Discover restored moai in the harbour of **Hanga Piko** and then move on to **Ana Kai Tangata** ('cannibal cave') on the seafront. We continue to **Rano Kau**, a wide volcano within which lies a crater lake. Here, we visit the **Orongo ceremonial village**, perched on the crater's edge, beside a sheer 300-metre cliff. We then head out to the ruined platforms of **Vinapu**, which feature the finest stonework on the island. After lunch, we visit the lava cave at **Te Pahu** and move on to **Ahu Akivi**, whose seven identical statues seem to have been placed to mark spring and autumn equinoxes. Next, we visit **Ahu Huri a Urenga**, an inland platform with an astronomical orientation and a single moai with four hands. We visit the quarry at **Puna Pau**, an extinct volcano and source of the huge red cylindrical stone top-knots seen on the heads of many moai.

Day Fourteen | Easter Island - Santiago

After free time in the morning, we transfer to the airport and catch our return flight to Santiago.

Days Fifteen | Santiago

We have breakfast and then transfer to the airport for our independent onward journeys.

The Maya

Guatemala, Honduras & Belize

16 DAYS

Please call or visit our website for prices

Departing November

The juxtaposition of extreme cruelty and high cultural sophistication in the Maya world takes modern visitors by surprise but this enduring mystery of a magnificent civilisation, compounded by exotic jungle surroundings, make for a thrilling 'page-turner' of a tour. We now have intricate details of the lives, politics, religious rituals and wars of the all-powerful and colourful figures who were the Mayan aristocracy. A vivid picture has emerged of competitive city-states headed by aggressive dynasts regularly at war, with blood-letting and human sacrifice at the centre of their religious practice.

Tour Highlights

- At daybreak, walk among Tikal's magnificent ancient temples and climb their steps as the sun rises over the horizon
- Observe endemic wildlife, from howler monkeys to macaws and eagles
- Tour the well-preserved buildings of Antigua, a UNESCO-listed city that was largely destroyed by an earthquake in 1773
- Discover the Maya culture amongst the quiet villages and spectacular scenery of the Guatemalan mountains

Day One | Antigua Guatemala

Meet the group at our hotel in Antigua Guatemala and enjoy dinner together as a group.

Day Two | Antigua Guatemala

Today is ours to explore the beguiling city of Antigua, Guatemala's candy-coloured capital and a UNESCO World Heritage Site. Here, we receive an introduction to the region – in a city renowned for its Spanish colonial buildings, its vibrantly patterned textiles and dramatic backdrop of looming volcanoes. Today's Antigua is the third incarnation of the city, established on this land in the 16th century after the first incarnation was uprooted by native uprisings, and the second devastated by volcanic mudflow. From markets to churches, with tales of ground-breaking earthquakes in between, learn all about Antigua's colourful past. It a city

made for walking with its cobbled streets arranged in grid pattern with the imposing Volcán de Agua to the south and the twin peaks of Volcán de Fuego and Acatenango to the west.

Day Three | Antigua Guatemala – Iximche - Lake Atitlan

We leave Antigua Guatemala to return to Guatemala City to visit the National Museum of Archaeology and Ethnology. This museum was first founded in the late 19th century, and houses one of the most important collections of pre-Hispanic Mesoamerican artefacts in the world – over 20,000 pieces in total, which offer an unparalleled glimpse into Guatemalan history. From here we drive to the small site of Iximche, once capital of the Highland Cakchiquel people situated on a pine forested plateau at an altitude of 7,000 feet. The ruins are

Activity Level ●●●●○

made up of four central plazas, each containing between one and three temples, a number of surrounding palaces and several smaller platforms believed to have been used for ceremonial rites. It remains an important ceremonial site for indigenous pilgrims. After we continue to Lake Atitlan.

Day Four | Lake Atitlan

We explore some of the villages along the shores of Lake Atitlan high in the mountains of central Guatemala. Its spectacular setting and deep blue water has long been a draw for artists, writers and travellers. Aldous Huxley compared it to Lake Como but "... with the additional embellishment of several immense volcanoes. It is really too much of a good thing." Although ancient Maya civilisation perished, Maya culture persists in the quiet villages along the shoreline and in the mountains where old customs

and costumes still prevail. In the afternoon we shall take a boat trip on the lake.

Day Five | Lake Atitlan – Chichicastenango – Antigua Guatemala

This morning we drive to Chichicastenango in time to experience the market which takes here twice a week. The town has been a main trading centre for hundreds of years and people throughout the Quiche region come here to buy and sell their produce and handicrafts. The streets are filled with stalls selling textiles, handicrafts, wood carvings, pottery and jewellery in the streets around the main square. In the middle of Chichicastenango is Santo Tomás, a 400-year-old church built on a Pre-Columbian temple platform. Its 18 stairs each represent one month of the Mayan calendar, and this is where you will see the combination of pagan and Catholic rites in practice as offerings are presented to pagan deities outside the Church and Catholic rituals are made within. After our visit we return to Antigua Guatemala for our last night there.

Day Six | Antigua - Copán

A travelling day today as we leave Antigua Guatemala and make the long journey east to Copán, situated just over the border in neighbouring Honduras. We will break the journey at the riverside town of Rio Hondo set amidst farmlands of mango, lime and avocado groves.

Day Seven | Copán

Today is dedicated to the extensive ruined city of Copán. Though initially discovered in 1570, the ruins of Copán were not excavated until the 19th century. They are now a designated UNESCO World Heritage Site and are much admired for their Hieroglyphic Stairway, upon which the longest inscribed Maya text can still be viewed. We wander the stone ruins, viewing ancient tombs, the grand Monument Plaza, and the magnificent ball court, where an early precursor to the modern game of basketball was played – a site of great cultural and spiritual significance.

Day Eight | Copán - Petén

Today we head back across the border for a tour of the ancient city of Quirigua, which lies 30 miles north of Copán, as the crow flies, and is thought to have been inhabited from 200 AD. It is best-known for its gigantic carved stelae, the largest of them, Stelae E, weighs over 60,000. Although some are in poor condition, the carved detail which can be depicted is quite extraordinary. The Great Plaza here is also the largest known public space in the entire Maya region. The reason behind the city's decline remains a subject of much speculation. Later, we make the long journey to the attractive, laid-back town of Flores on Lake Petén, connected to the mainland by causeway. This is the main base for those visiting Tikal or the more remote areas of Petén.

Day Nine | Tikal

Our focus for today is nothing less than the mighty Tikal, an incomparable Maya metropolis that was occupied continuously from 800 BC to AD 900. The Tikal National Park is an enormous site – its central section alone contains over 3,000 buildings – and still only a small portion has been excavated. This includes steep pyramids, palaces, ball courts, huge plazas, temples, shrines and paved causeways. The

finds from these vast excavations are houses in the site museum which offers plenty of extra historical and archaeological insight that will bring this ancient civilisation vividly to life.

Day Ten | Tikal

With so much to see at this fascinating site, we continue our discovery of Tikal. Toucans and parrots caw from hanging vines, wild turkeys scrub around the bush, monkeys howl from the tropical canopy, and crickets vibrate in unison. We take ourselves to the heart of this enchanting spectacle, climbing the highest jungle temple. In the afternoon, we will have some free time to relax at our hotel.

Day Eleven | Petén - Yaxhá - Belize

This morning we drive to the once thriving city of Yaxhá, a former ceremonial centre of the pre-Columbian Maya. Though still little-known archaeologically, Yaxhá is one of the greatest Maya sites and it retains its original pre-Hispanic name meaning blue-green water - yax-ha. Lying on a series of natural hills above the north shore of Lake Yaxhá, the site centre contains more than 500 structures including some massive pyramid temples and a large number of residential buildings for the nobility. After a picnic lunch, we enjoy a boat trip to the important Maya site of Topoxte, first discovered in 1904. We visit the archaeological ruins here, for a Middle Preclassic encounter. After our full day of exploration, we travel across the border into Belize.

Day Twelve | Xunantunich & Cahal Pech

On our first morning in Belize, we visit Xunantunich – a destination where well-known Maya stucco friezes depict dancing figures and ropes thought to signify those held by women in labour. The site dates back to the Preclassic period but, as usual at Maya sites, most of the visible buildings and the 8 stelae found here are from the Late Classic. It was only recently, in early 2016, some extremely exciting discoveries were made here which include two well preserved hieroglyphic panels and an intact Maya suggested by the unusual, shared practice of placing human digits in small bowls as burial offerings. After our site visit, we continue to Cahal Pech, where we see some of its 34 structures which two ballcourts and a number of plain stelae before returning to our hotel.

Day Thirteen | Caracol

Today we venture deep into the forests to the Vacau Plateau, where the impressive Maya city of Caracol invites more ancient exploration. Caracol is the biggest Maya city in Belize and contains some impressive structures dominated by the 'Canaa' or 'Sky Palace', a pyramid some 46 metres in height. The settlement area of 'greater' Caracol is thought to have covered some 88 km² and around 35,000 constructions may have been occupied within this area when the city was at its peak in the Late Classic period between 650 – 700 AD. We spend the morning here and after lunch, we take the scenic route back through the jungle to our hotel.

Day Fourteen | San Ignacio - Lamanai

We make our way to Lamanai visiting en route the site of Atun Ha, to the north of Belize City and not far from the Caribbean coast. The architecture visible today, much restored, is from the Classic period around 1000 BCE and though it might seem a pretty ordinary place after visiting Copán, Tikal

or Caracol, Altun Ha's rulers, in terms of material possessions, were certainly wealthy and powerful people. It is generally thought that they acquired this wealth as key players in trade networks, probably dominated by Tikal, that connected the Caribbean coast with the Maya heartland area of the Central Lowlands. Next, we board a motor-launch boat to Lamanai (also known as the 'Place of the Submerged Crocodile'), and cruise through acres of luxurious vegetation teeming with birds and jungle creatures. Tonight, we stay in eco jungle lodges.

Day Fifteen | Lamanai

We're in for a treat today as we wander the remote jungle remains of Lamanai, which spread along the shores of the New River lagoon. It is unique in being the longest lasting of all Maya cities and there was a settlement here on the banks of the New River lagoon by 1500 BC. Never abandoned, there were still Maya here to introduce themselves to the Spaniards when they arrived about 1545. In the 9th century, when everywhere else in the Maya world was falling apart, Lamanai was still prospering, its temples maintained, new residential areas built. Highlights here include the extraordinary Mask Temple, decorated by a 13-foot-high stone mask of a Maya king, and the High Temple. Later, we enjoy free time in our lodge.

Days Sixteen | Lamanai - Belize City

We leave our jungle abode and take a boat ride from Lamanai to then transfer to Belize City's international airport to make our independent onward journeys.

Explore world-famous Inca sites and the intriguing remains of both their lesser-known predecessors and immediate descendants, as we move from the Pacific to the ancient heartland of the Inca Empire.

Tour Highlights

- Experience the world-renowned Machu Picchu after the crowds start to disperse and again at daybreak, before it gets busy
- Discover the Inca heartland around their capital of Cuzco, a location that is also home to the Incas' most sacred shrine – the Temple of the Sun
- Grasp the once-in-a-lifetime opportunity to take a thrilling flight over the mysterious Nazca Lines*

Day One | Lima

Meet the group at our hotel in Lima where we enjoy our first meal together as a group.

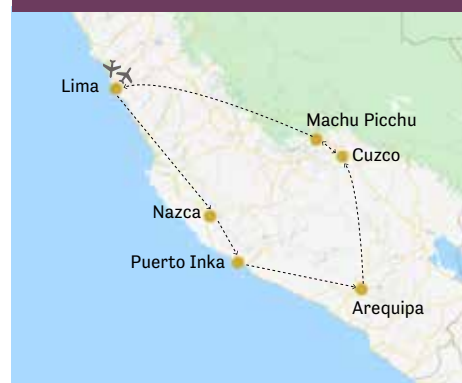

Day Two | Lima

Our day is spent in Lima, starting in the **National Museum of the Archaeology, Anthropology and History of Peru**. After lunch we have a walking tour of some of the highlights of the Spanish Colonial capital.

Day Three | Lima - Nazca

Departing from Lima, we drive south along the desert coast to the city of **Ica**. Here, we tour the **Regional Museum**, which is home to a wealth of ancient coastal artefacts – notably some fine pots from both the Paracas and Nazca cultures. Ica is a fertile agricultural area and it produces some of Peru's best wine. Later in the afternoon, we continue south to the modern town of **Nazca**.

Activity Level

Day Four | Nazca

A drive across the desert to the extensive Nazca ceremonial centre of **Cahuachi** is how our day begins. Featuring some 40 mounds that originally formed the bases to mudbrick structures, Cahuachi is thought to have been a pilgrimage site, maintained by a small, permanent population, but visited at ritually important times of the year by people from throughout the Nazca area. After lunch in town, we visit the **Antonini Archaeological Museum**, home to an extensive collection of Nazca material that includes pots, intriguing architectural models and mummies.

Day Five | Nazca - Puerto Inka

First thing this morning, we have a chance to fly over the **Nazca Lines** in a small plane. This optional activity is pre-bookable with the price available on request. It is a truly remarkable experience and the best way to gain an appreciation of both the scale and extent of these pre-Columbian geoglyphs. Breakfast follows at the hotel and then we head to the coastal site of **Puerto Inka**, a little-visited yet extensive ancient port, from where products in the Inca times were shipped to Cuzco along a road that is still visible heading off into the interior.

Day Six | Puerto Inka - Arequipa

With scenic stops along the way, we drive on further south and then inland to the city of **Arequipa**, at a height of 2,300m and dramatically surrounded by volcanoes. Arequipa's Spanish Colonial centre is a UNESCO World Heritage Site and not only is there much to see here, it also possesses a famous regional cuisine.

Day Seven | Arequipa

Our day in Arequipa begins with viewing the well-preserved **Santa Catalina Monastery**, which has long been Arequipa's most famous attraction. Founded in 1575, the convent is a small town within a city, enclosed by lofty protective walls. It has its own streets, tiny individual houses, kitchens, storerooms, a refectory, cloisters and a number of chapels – most of the fabrics of all these structures are vividly painted. We continue to the '**Museo Santuarios Andinos**'. The museum houses archaeological material from the region, but it is most famously home to some well-preserved mummies of the Inca period, found among the glaciers of nearby mountains. After, there is time to explore other parts of Colonial Arequipa, to visit the Jesuit and other churches, and some of the impressive Colonial houses.

Day Eight | Arequipa - Cuzco

In the morning, we fly to **Cuzco**. Upon arrival, there is time to relax and acclimatise to the altitude before taking an optional walk through the Inca capital.

Day Nine | Cuzco

We start out with a walking tour of **Cuzco**, during which we see the **Coricancha** – or Temple of the Sun – the Incas' most sacred shrine. After this, we make our way to the extensive **Inca Museum**, very close to Cuzco's main plaza. This afternoon, we explore the great fortress of **Sacsayhuaman**, its massive walls constructed from huge blocks of limestone that were dragged from nearby quarries by thousands of workers, paying their labour tax to the Inca state. From Sacsayhuaman, we travel a short distance to the site of **Q'enqo**, built of comparably worked stone, but a smaller, sacred site from where observations of planets and stars were made.

Day Ten | Cuzco

We make our way to **Tipon** to see this beautifully positioned archaeological site, which has Inca terrace systems. After lunch, we see the **Temple of Viracocha** at Raqchi, built largely from mudbrick on stone foundations. This is Inca in date, but is surrounded by other structures, notably a large series of storehouses that have recently been discovered to be much earlier.

Day Eleven | Cuzco - Ollantaytambo

In the morning, we travel to **Chinchero**. Originally the private estate of the ruler Topa Inca, it possesses carved rock outcrops, sweeping Inca terraces and a painted early Colonial church that incorporates a large Inca hall. We also make a specially arranged visit to a local family to witness a **demonstration of traditional weaving**. We continue to **Moray** with its extraordinary circular terrace systems. Here, we have a boxed lunch before visiting the **Urubamba Valley** and **Ollantaytambo**, where we walk through more finely constructed Inca terracing.

Day Twelve | Ollantaytambo

Today we explore the **Ollantaytambo** ruins, which enjoy views across the Urubamba Valley to the ancient quarry site. From here, we drive up through the Patacancha Valley past a number of settlements to the Inca site and Colonial church located at **Marcacocha**. Here, we have a picnic lunch before returning to **Ollantaytambo**, where we visit other parts of this uniquely well-preserved Inca town.

Day Thirteen | Ollantaytambo - Machu Picchu

We board the train in Ollantaytambo for **Machu Picchu** and travel along the Urubamba River to Aguas Calientes. In the afternoon, we catch a bus up to the legendary site to spend the rest of our day here.

We set off early this morning to finish touring **Machu Picchu** before returning to **Aguas Calientes**. Later, we return by train to Poroy and on to Cuzco.

Day Fifteen | Cuzco

A further day to explore **Cuzco**. We take a walking tour that visits the cathedral, the church of San Blas, the Casa Cabrera and the Plaza Nazarenas. After lunch, we visit the **Casa Concha Machu Picchu Museum**. The rest of the day is left for us to spend as we wish.

Day Sixteen | Cuzco - Lima

We return to Lima this morning and visit the impressive **Larco Herrera Museum**. The collection here has objects from all the ancient cultures we have seen on this tour.

Days Seventeen | Lima

After a relaxing morning followed by lunch by the sea, we head to the airport to make our independent onward journeys.

UK & Ireland

Some of the best preserved and most visually impressive archaeological sites in Europe are on our own doorstep. From the days of early excavations carried out at Stonehenge and Avebury in the 18th century, to recent extraordinary finds from cities, fields and shoreline, British archaeology provides unique insights into the lives and cultures of its early inhabitants.

The earliest evidence of humans in Britain is at Happisburgh in Norfolk in an area of heavy erosion where the land is being constantly devoured by the sea. This site is particularly significant as it dates to 850,000 years old, pushing back the estimate of human presence in Northern Europe, and it is also the location of the oldest hominin footprints located outside of Africa.

For millennia Britain was a changing collection of tribal areas, with no overall leader as Celtic tribes arrived from mainland Europe. The Romans successfully invaded in 43 AD and as a result Britain is one of the best places in the former Roman empire for the study of the Roman military. At its height, the garrison of the province comprised something like 55,000 troops, roughly one eighth of the entire armed might of the empire. This major presence has left very extensive physical remains and Britain has a tradition of studying the Roman military as long-standing and well-developed as any other.

Following the Romans, two waves of immigrants came to Britain. Firstly, German tribes: the Angles, Saxons and Jutes. Then, secondly, the Vikings. For a long period, England was split into various kingdoms until it was unified by Æthelstan in 945 AD and subsequently, by force, England and Wales in the 13th century by Edward I. The union with Scotland took much longer and was plagued by hundreds of years of conflicts finally ending in the union in 1707.

This diverse and long history has resulted in a plethora of burial mounds, stone circles, hilltop forts, settlements, ancient quarries, medieval castles and imposing palaces, serving as powerful symbols of authority and prestige.

3 DAYS

From \$1,890pp **SAVE UP TO \$210pp**

Departing July

Brooding and dramatic hills form the backdrop to a city thick with ancient roots and blessed with a spectacular urban landscape, from the medieval heart of its Old Town to the Georgian elegance of its New Town, both UNESCO World Heritage Sites. Our foray into the history of Scotland's capital will be led by Peter Yeoman, archaeologist and long-term Edinburgh resident.

Tour Highlights

- Discover the ancient roots and rich history of Scotland's capital city in the company of a renowned archaeologist and long-time resident
- Enjoy an out of hours tour of The Palace of Holyrood famous for its links with Mary Queen of Scots
- Explore the internationally important archaeology collections in the Museum of Scotland
- Wander the wynds, courts and closes along the length of the Royal Mile

Day One | Edinburgh

We meet at our hotel on the Royal Mile ready for an evening lecture and dinner together as a group.

Day 2 | Edinburgh

This morning we start early for an in-depth (pre-opening) guided tour of Edinburgh Castle. This famous Scottish bastion sits on Castle Rock, a site with obvious defensive advantage, surrounded by steep cliffs and accessible only from the East. Excavations here testify to the occupation of the site during the Bronze and Iron Ages and the Castle's history spans thousands of years, serving as stronghold, armoury, prison, royal residence, seat of government and symbol of Scottish national pride and populated with a changing cast of Kings and Queens, courtiers, outlaws, soldiers, pirates, and even Luftwaffe pilots. After lunch on the Royal Mile, we continue to Gladstone's Land, a beautifully preserved six-storey tenement house with origins dating from the 16th century. Named for its merchant owner, Thomas Gledstones, the building served as comfortable residence and shop premises with other apartments given over to tenants. Next we visit Parliament Hall, where the Scottish parliament met prior to its dissolution in 1707. This magnificent 17th century hall with its original oak beam roof is now part of the Court of Sessions.

We continue from here to St. Giles Cathedral and an exploration of the labyrinthine medieval 'closes' off the Royal Mile, featuring some of the oldest high-rise buildings in Europe where poor folk lived cheek-by-jowl with the nobility. This evening we enjoy an out of hours guided tour of Palace of Holyrood House, official residence of the monarch in Scotland.

Day 3 | Edinburgh

Our morning is dedicated to the internationally important archaeology collections in the Museum of Scotland situated in the heart of the Old Town. The collections cover a crucial thousand-year period from the fifth to the fifteenth century AD, including artefacts of Celtic art, Early Christian monuments, and Viking-age grave finds. We continue to Leith, the historic port on the north shore of Edinburgh which served as the city gateway for centuries. We will have lunch here before taking a drive around Edinburgh's New Town with its largest collection of Georgian buildings in the world.

Our day ends in the late afternoon when we part company or perhaps continue to Orkney and Shetland with Peter on another Scottish adventure.

Please note: this tour can be easily added to departures for Highlights of Shetland or Orkney & Shetland in July.

Day Two | Lewis

This morning we visit the **Bosta Iron Age Village** and the **Standing Stones of Callanish**, the most important Bronze Age standing stones in the Western Isles. Later, we head to the **Butt of Lewis lighthouse** which stands on high cliffs at the very northmost point of the island, casting a light 20 miles into the wild North Atlantic.

Day Three | Harris

We start the day with a visit to **Harris**, whose mountainous environment is so different from Lewis'. Here we visit **St. Clement's Church** at Rodel, built in the late 15th century for the MacLeods of Harris, including Alasdair Crotach MacLeod who has one of the finest wall tombs in Scotland. We continue with a visit to the **Genealogy Centre** at Northton, which explores the factors which contributed to the development of the various island communities in the Hebrides. We conclude the day with a visit to the **Clach Mhic Leoid**, or MacLeod's Stone, a 10 foot tall standing stone overlooking Harris' stunning north western shore.

Day Four | Lewis

The day begins with a visit to the **Blackhouses at Gearannan and Arnol**, typical crofting settlements found until recently in the Western Isles, which housed humans and livestock alike. We then proceed to **Lewis Castle** where we will explore the home of the famous Lewis Chessmen, the iconic 12th century chess pieces carved from walrus bone.

Day Five | Lewis

The day begins with an exploration of **Carloway Broch**, a remarkably well preserved 1st century AD fortification which was reused in the 17th century as a stronghold under the Morrisons of Ness. We continue to **Clach an Trushal**, an imposing 6 metre tall standing stone and then the mysterious site of **Steinacleit**, a possible prehistoric farmstead, revealed by peat cutting in the 1920s. After this, we explore the **Norse Mill at Shawbost**, a reconstruction of an Iron Age mill powered by a local stream flowing out of Loch Roinavat, which gives us an interesting glimpse into Lewis' Scandinavian past. Lastly, we visit **St. Columba's Ui church**, the most intact medieval structure on Lewis.

Day Six | Lewis - Stornoway - Ullapool

We return by ferry from Stornoway to Ullapool.

Highlights of Orkney

Discover the world-renowned archaeological sites of Orkney

5 DAYS

From \$2,493pp **SAVE UP TO \$277pp**

Departing August

Our tour includes visits to the four monuments that make up the Heart of Neolithic Orkney and these are unquestionably some of the most important in Europe – the 5,000-year-old village of Skara Brae, the giant chambered grave of Maeshowe, the atmospheric Ring of Brodgar stone circle and the Standing Stones of Stenness. We also explore the Brough of Birsay, Gurness Broch and the striking Italian Chapel.

Tour Highlights

- Admire the megalithic Standing Stones of Stenness and discover the enigmatic Ring of Brodgar
- Explore the Stone Age mausoleum of Maeshowe, whose internal walls were covered in graffiti by Vikings
- Discover how people lived over 5,000 years ago at the extraordinary site of Skara Brae

Day One | Kirkwall

We meet at our hotel in Kirkwall for an introductory lecture and group dinner.

Day Two | Skara Brae & Gurness Broch

We start our explorations on the island at **Skara Brae**, the amazingly well-preserved Neolithic village occupied for over 600 years. Eight stone dwellings survive and their interior fittings give a glimpse of life as it was in Neolithic Orkney. After lunch, we visit the **Brough of Birsay**, a small island that can be reached on foot by causeway at low tide. Birsay has been settled continuously since Neolithic times and was once a centre of Viking power. We end the day at **Gurness Broch**, where we explore the remains of the 8-metre tower.

Day Three | Scapa Flow & Kirkwall

Driving south we cross Scapa Flow, where 52 German warships were scuttled just one week before the Peace Treaty was signed, ending WWI. We continue to the **Italian Chapel**, which was erected by Italian prisoners of war during WWII and constructed from Nissen huts yet highly decorated within. Returning to Kirkwall in the afternoon, we spend time in town visiting the **Orkney Museum**, **St. Magnus' Cathedral** and also the **Bishop's Palace**.

Day Four | Maeshowe & the Ring of Brodgar

Today we explore Stenness in Orkney's West Mainland, an area home to some of the best-known ancient monuments. We start at **Maeshowe**, the largest and most impressive of Orkney's chambered cairns. After, we visit the historic **Standing Stones of Stenness** and the **Ring of Brodgar**, two stone circles – henge monuments – each occupying an opposing promontory between lochs. If seasonal excavations are underway, we will also visit the **Ness of Brodgar**, where, for over a decade, archaeological excavations have uncovered an astonishing array of Neolithic structures including monumental buildings and hundreds of examples of prehistoric artwork.

Day Five | Kirkwall

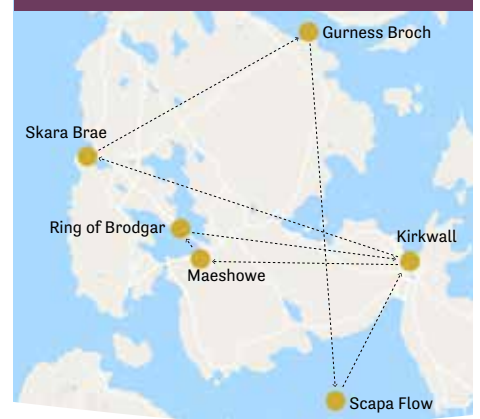

Today we depart Kirkwall and make our onward independent journeys.

"I had gone specifically to see the Neolithic archaeology, but the other experiences offered during the tour were much more interesting than I had expected. We fitted so much into three days!!"

Tour Highlights

- Marvel at the Neolithic dwellings at Skara Brae
- Visit Maeshowe, one of Europe's finest Neolithic chambered cairns

"Brilliant tour: superb itinerary, wonderful expert, great tour manager, fantastic food. Can't find fault."

Guest, June 2023

Day One | Lerwick

We meet at our hotel on Shetland.

Day Two | Mousa Broch & Scatness

We start our exploration of Shetland's archaeology at **Mousa Broch**, situated on the uninhabited island of the same name a couple of miles off the east coast of Shetland's mainland and now an RSPB reserve. Returning to the mainland we drive south to **Scatness**, an Iron Age broch and village occupied for around two millennia. The site, which was discovered when Sumburgh Airport expanded in the 1970s to accommodate increased air traffic, is now a public heritage project. We end the day at **Jarlshof** – a spectacular site on the headland overlooking the West Voe. Here, there is evidence of over 4,000 years of human history – Neolithic houses, a Bronze Age village, an Iron Age broch, a Norse longhouse medieval farmstead and a 16th century house.

Day Three | Unst

Today we take two short ferry crossings to reach Unst, Britain's most northerly inhabited island, where we discover the island's Viking heritage. A large number of Viking longhouses have been discovered here (at least 60) – the greatest number

found anywhere, including Scandinavia. We visit one of the excavated sites at **Underhoull** where there is evidence of outhouses, annexes and drains, which have been added to the longhouse during its development. We continue to **Haroldswick** to see the Skidbladner, replica ship, and reconstructed longhouse. In the afternoon we drive towards Skaw to take in the view of the Muckle Flugga lighthouse perched on the northern tip of Unst. Before catching our return ferry, we visit **Muness Castle**, a late 16th century tower house destroyed by French pirates in 1627 and abandoned in the 18th century.

Day Four | Shetland

Today is our last full day on Shetland and we start with **Stanydale Temple** on the West Mainland. This extraordinary structure gained its name from its similarity to the megalithic temple sites in Malta. From here we drive to the **Scord of Brouster**, one of the earliest Neolithic farm sites in Shetland. Returning to Lerwick, we visit the fantastic, award-winning **Shetland Museum**, which displays over 3,000 artefacts, and we end the day at **Clickhimin Iron Age Broch** and later wheelhouse, situated just outside of Lerwick.

Day Five | St. Ninian's Isle - Scalloway - Orkney

We explore **St. Ninian's Isle** where we see the church – a striking white-shell sand spit links the islands. Excavations here revealed a fabulous hoard of Pictish silver. Continue to **South Voe Croft Museum**, an engaging evocation of rural life in Shetland. The afternoon will be spent visiting Scalloway Museum, and then later this evening we will take a ferry to Orkney.

Day Six | Stenness

Today we explore Stenness in Orkney's West Mainland, home to some of the best-known ancient monuments. We start at **Maeshowe**, the largest and most impressive of Orkney's chambered cairns. A zenith in European prehistoric architecture and accomplishment, this chambered tomb has been a distinctive presence in the landscape for millennia. After, we visit the **Stones of Stenness** and the **Ring of Brodgar**, two stone circles – henge monuments – each occupying an opposing promontory between lochs. With seasonal excavations underway, we also

visit the Ness of Brodgar where, for over a decade, archaeological excavations have uncovered an astonishing array of Neolithic structures including monumental buildings along with hundreds of examples of prehistoric artwork.

Day Seven | Island of Rousay

We travel to the Island of Rousay to explore **Midhowe** chambered tomb, sealed 4,500 years ago and containing the remains of 25 people. On next to the much later Iron Age defensive structure of **Midhowe Broch**, which stands on the rocky foreshore of Rousay between two inlets and consists of a circular tower with a very thick exterior wall. We end our day at the double chambered tomb of **Taversoe Tuick**.

Day Eight | Kirkwall

Today we explore Orkney's capital, Kirkwall. Highlights include **St. Magnus Cathedral**, **Earl's Palace** and **Bishop's Palace**. In the afternoon, we will pay a visit to **Tankerness Museum**.

Day Nine | Skara Brae & Birsay

We start our explorations on the island at **Skara Brae**, the amazingly well-preserved Neolithic village occupied for over 600 years. Eight stone dwellings survive and their interior fittings give a unique glimpse of life as it was in Neolithic Orkney. After lunch, we visit the **Brough of Birsay**, a small island that can be reached on foot by causeway at low tide. Birsay has been settled continuously since Neolithic times and was once a centre of Viking power. We end the day at **Gurness Broch** where we explore the remains of the 8-metre tower.

Day Ten | Orkney

We visit **Cuween Chambered Cairn**, a fine example of Neolithic architectural design and **Stromness Museum**. Our day ends at the striking little **Italian Chapel**, which was built by prisoners of the war in the 1940s.

Day Eleven | Kirkwall

Our tour ends today and we make our onward independent journeys.

Please note that the order of the itinerary is subject to ferry availability and is therefore likely to change.

Highlights of Shetland

Explore the UK's most northerly islands

5 DAYS

From \$2,003pp **SAVE UP TO \$223pp**

Departing July

Shetland has long been famous as a mecca for bird enthusiasts and its rich archaeological landscape overlooked. However, the lack of intensive modern farming means that the preservation of these sites and their landscapes is exceptional and there is much to explore here from ancient field boundaries to Iron Age villages; and from Viking longhouses to substantial relics from two world wars. Visit the internationally important sites at Mousa, Scatness and Jarlshof, and take the ferry to the most northerly island in Britain, Unst, thought to be the first footfall of the Vikings. Nowhere is farther than three miles from the sea and the beauty of the landscape will stay with you long after you return home.

Tour Highlights

- Climb to the top of Mousa Broch, the tallest of this unique Iron Age structure, standing at 13 metres
- Discover Scatness, an extensive settlement site with prehistoric, Viking and Pictish remains, built and rebuilt over thousands of years
- Explore Jarlshof, constructed by Neolithic farmers c2400 BC and occupied, though not continuously, for over 4,000 years

Day One | Lerwick

We meet at our hotel in Lerwick for a welcome lecture and dinner with the group.

Day Two | Mousa Broch & Jarlshof

We start our exploration of Shetland's archaeology at **Mousa Broch**. The broch towers over the landscape at 13 metres tall and was originally built with two wooden floors accessed by stairways, which can still be climbed. Returning to the mainland we drive south to **Scatness**, an Iron Age broch and village occupied for around two millennia. The broch survives to nearly four metres in height and the surrounding houses are single walled with an upper storey. We end the day at **Jarlshof** on the headland overlooking the West Voe. There is evidence here of over 4,000 years of human history - Neolithic houses, a Bronze Age village, an Iron Age broch and more.

Day Three | Unst

We take two short ferry crossings to reach Unst, Britain's most northerly inhabited island, where we discover the island's Viking heritage. A large number of Viking longhouses have been discovered (at least 60) – the greatest number found anywhere,

Before catching our return ferry, we visit **Muness Castle**, a late 16th century tower house destroyed by French pirates in 1627 and abandoned in the 18th century.

Day Four | Shetland

Our day starts with **Stanydale Temple** on the West Mainland. Its origins date between 2500-2000 BCE but it appears to have still been occupied into the early Iron Age. Next, we drive to the **Scord of Brouster**, one of the earliest Neolithic farm sites in Shetland. Later, we visit the award-winning Shetland Museum, which displays over 3,000 artefacts and end the day at **Clickhimin Iron Age Broch** and later wheelhouse outside of Lerwick.

Day Five | Shetland

Today we make our independent onward journeys.

Roman Cumbria

Explore the north-west frontier of Roman Britain

5 DAYS

From \$3,137pp **SAVE UP TO \$349pp**

Departing June

Roman presence in the north-west was by no means concentrated only around the area of Hadrian's Wall. Wherever you travel in Cumbria, there is evidence of the trail they blazed during those four centuries when the greater part of Britain became a province of the mighty Roman Empire.

Tour Highlights

- Enjoy the remote site and spectacular views over the Eskdale Valley at Hardknott Roman Fort
- Explore the atmospheric Roman quarry site hidden amongst the trees of beautiful Gelt Woods
- Admire the remarkable carvings and skilled workmanship of the renowned Bewcastle Cross

Day One | Penrith

We meet at our hotel in time for an evening lecture and dinner.

Day Two | Penrith & Epiacum Fort

This morning we visit the picturesque **Brougham Castle**, situated beside the River Eamont. The castle dates to the early 13th century but the site was used much earlier by the Romans. After lunch we visit the **Roman Fort of Epiacum**, which controlled access along the Maiden Way, a vital strategic link connecting the frontier with the wider Roman world, which was possibly used to control local mining of lead and silver.

Day Three | Gelt Woods & Bewcastle

We drive north today to see the remarkable Roman quarry at **Gelt Woods**, set in a deep, red sandstone ravine close to the river. Chiselled out by Roman engineers nearly 2,000 years ago, you can see the marks and chips left by the quarrymen all along the cliff face. From here we continue further north to the remote hamlet of **Bewcastle**, where we examine the famous and intricately carved 7th century cross, which resides in the churchyard of St. Cuthbert's Church.

Day Four | Hardknott Fort & Ravenglass

Travelling west today we visit **Hardknott Fort**, one of the most remote and isolated posts in Roman Britain. Its setting and surrounding scenery is

spectacular, with sweeping views over the Eskdale Valley. After lunch we visit **Ravenglass Fort** and its remarkable bath house, one of the largest surviving structures of its kind in England.

Day Five | Ambleside & Penrith

On our final day we visit **Ambleside Roman Fort**, situated on the northern shores of Lake Windermere. Of particular interest here is the large size of the storage granaries, which suggests that they were used to supply troops throughout the region. After a final lunch in the pretty town of Ambleside, we say our farewells and make our independent onward journeys.

Walking Hadrian's Wall

Discover the archaeological remains at Vindolanda

9 DAYS

From \$4,626pp **SAVE UP TO \$514**

Departing July

Crossing wild and beautiful terrain, the Hadrian's Wall footpath covers the shortest distance coast-to-coast across the country. On this holiday, we'll walk up to seven miles travelled per day, including hills and varied terrain – a wonderful way to chart the entire length of the frontier, following in the footsteps of the Romans. Pass forts, mile castles and fine museums as we make our way from west to east.

Tour Highlights

- Walk along the largest unbroken section of Hadrian's Wall
- Delve deeper into the rich Roman history of this unique area
- Explore Birdoswald, where we will discover its fort and museum
- Walk this legendary route in the company of an expert guide, who knows both its stories and history inside and out

Activity Level ●●●●○

Day One | Wetheral

We check in to our hotel, where we meet our group and expert Guide Lecturer for the tour. This evening we enjoy an introductory talk about the history of Hadrian's Wall – an engaging taster of what's to come.

Day Two | Bowness-on-Solway & Tullie House Museum

This morning we drive to **Bowness-on-Solway** where our walk begins. We ramble along the shore of the Solway Firth toward **Burgh-by-Sands**. The day ends with a visit to the **Tullie House Museum** in Carlisle. (c 4.5 miles)

Day Three | Birdoswald

We start at **Lanercost Priory**, built from stone taken from Hadrian's Wall, and then hike via **Haytongate**, **Hare Hill** and the **Banks Turret** to **Birdoswald**. Later, we explore Roman remains at Birdoswald fort. An auxiliary unit of Dacians (from modern Romania) formed the garrison. (c 5 miles)

Day Four | Carvoran

We return to Birdoswald and begin walking towards **Thirlwell** along the longest unbroken section of Hadrian's Wall. After a short drive, we stop at **Carvoran** to explore the notable collections at

the Roman Army Museum. We continue towards **Burnhead** to view the quarry. (c 6 miles)

Day Five | Vindolanda

Our morning begins with a visit to **Vindolanda**, located in the heart of the Northumberland National Park. The earliest remains of the fort here pre-date Hadrian's Wall, and were first established in approximately AD 85 – the timber huts from this era are now buried in the waterlogged soil. The fort was subsequently demolished and rebuilt nine times, and the foundations of its stone constructions are still visible for us to explore. Highlights include the well-preserved 3rd century bath house and the remnants of the only temple dedicated to a Roman deity to have ever been found in a Roman auxiliary complex. After lunch, we drive to **Steel Rigg**, a dramatic crag with views of the rugged countryside. We pick up our trail and make our way to **Housesteads Roman Fort** to finish the day, viewing the remains as well as the museum here. (c 3.5 miles)

Day Six | Chesters

We lace up our boots and visit the mithraeum at **Carrawburgh**, our starting point for today. It is thought that this elegant temple was built by Roman soldiers in around AD 200, as its three altars, dedicated to the bull-slaying god Mithras, were all inscribed from commanding officers. A nymphaeum, or natural grotto, was also located here, though no visible traces remain. We stride out to **Chesters** on the bank of the North Tyne River, enjoying the fresh country air and changing views. At Chesters, we are rewarded with a visit to the most complete Roman cavalry fort in the country, **Cilurnum**. The site, maintained by English Heritage, features an extensive collection of artefacts, a fine bath building and officers' quarters. (c 6 miles)

Day Seven | Corbridge

This morning we drive out to **Heavenfield** and trek to **Port Gate**, the site of a fortified gateway controlling traffic along Dere Street, the Roman road that ran north to the Firth of Forth. Following lunch, a drive to Corbridge takes us to a once vibrant Roman town and major military depot. We view artefacts at the museum here and we then

take a walk along the River Tyne to **Corbridge**, where we see the preserved Roman bridge abutment and reused Roman masonry in the Anglo-Saxon church. (c 5 miles)

Day Eight | Benwell

Starting our tour at **Whittle Dene Reservoir** this morning, we wander to **Heddon-on-the-Wall**, where we see a well-preserved stretch of the wall. This substantial structure demonstrates how thick the wall was meant to be, showing it at its original planned width of two metres. A medieval kiln and circular chambers are also visible here. Later, we view the surviving wall that stretches around Denton, before continuing to the **Temple at Benwell**, dedicated to the local god Antenociticus, a deity thought to have been involved with military affairs. With the majority of our leg-work now behind us, tonight we grab a chance to kick off our hiking gear and enjoy a well-earned dinner to mark the final night of our fascinating holiday with the group. (c 4.5 miles)

Day Nine | Segedunum

Our journey from coast to coast is almost at an end. The first stop today is at the **Great North Museum**, which was built for Northumbria's natural history collection in 1884. Alongside fantastic fossil galleries and displays about the living planet, we will find a detailed Hadrian's Wall exhibition, where treasures and stories abound. Next, we venture across to the seaside town of South Shields and visit **Arbeia Roman Fort**, once a large supply base. Our final destination is Wallsend, where we visit the site of **Segedunum**, the most completely excavated fort on Hadrian's Wall, which once housed troops from mainland North Europe. An interactive museum reveals what life would have been like for a cavalry officer at the height of the garrison's powers. Our tour comes to an end and we can make our onward independent journeys.

Day One | Norwich

We meet at our hotel in Norwich before an introductory talk and dinner together as a group.

Day 2 Norwich

Today we explore **Norwich**, once one of the wealthiest provincial medieval cities outside of London. We will visit the Cathedral, a magnificent Norman structure which has dominated the Norwich skyline for the last 900 years and its equally solid Castle which now incorporates the city museum.

Day 3 Blakeney Point

Today we visit to **Blakeney Point**, a sand and shingle spit with dunes, salt marshes and tidal mudflats. Designated a Site of Scientific Interest, well known for its thriving seal colonies and abundant bird life, there is plenty of wildlife to see all year round. In the afternoon we will visit **Binham Priory**, once a wealthy Benedictine monastery.

Day 4 Hickling Broad & Caistor on Sea

A day in the **Norfolk Broads**. We will visit Hickling Broad nature reserve which supports a high percentage of the UK's population of common crane as well as numbers of bittern, barn owls, red **deer and otters**. This afternoon we head south to Caistor on Sea to visit a 2nd Century Roman fort,

and its replacement at Burgh Castle.

Day 5 Kings Lynn & Grimes Graves

We spend the morning in **Kings Lynn** having a walking tour of its historic centre and visit **Lynn Museum** to see "Sea henge". After an independent lunch we make our way to Grimes Graves, an area of chalky grassland dimpled with over 430 prehistoric flint mine pits. Later we head to Bury St. Edmunds for the remainder of our tour.

Anne Boleyn & the break with Rome

A turbulent and tragic story

3 DAYS

From \$1,499pp **SAVE UP TO \$167pp**

Departing May

The second marriage of King Henry VIII would change the course of British history, and this delightful short break in Kent draws on the insight and expertise of your Guide Lecturer to tell the turbulent and tragic story of the early 1530s in the most fascinating way, with a particular focus on the life of Anne Boleyn.

Tour Highlights

- View personal belongings and the bed chamber of Anne Boleyn at her childhood home, Hever Castle
- Visit Leeds Castle, 'the loveliest castle in the world', where Anne took her place in the court of Henry's first queen, Catherine of Aragon
- Learn more about the split with Rome at Canterbury's iconic cathedral

Day One | Canterbury

Make your way to our comfortable Canterbury hotel by mid-afternoon, in time for an introductory talk on Tudor England, the Boleyn family and the tumultuous events of the early 1530s.

Day Two | Canterbury

Hever Castle has a distinct fairy-tale quality, with its double moat, crenellated towers and extensive, elegant gardens. During the 15th and 16th centuries, Hever was owned by the powerful and influential Boleyn family, and as such was the childhood home of Anne Boleyn, that most intriguing of Tudor personalities. At the conclusion of Anne's tragic story, ownership of Hever passed to Anne of Cleves, then a series of wealthy families including, more recently, the Astors. But it is the association with Anne that the castle wears with pride and, along with an exploration of its breathtaking rooms, portrait gallery and grounds, our visit will also include views of Anne's bed chamber and two illuminated prayer books which bear her signature. In the afternoon, we continue to **Leeds Castle**, another postcard-perfect fortress, known as 'the loveliest castle in the world'. There is 900 years of enthralling history to appreciate here, including

its 16th century transformation by Henry VIII for his first queen, Catherine of Aragon. The Maidens' Tower was constructed for the queen's maids of honour, including Anne Boleyn, and a jewelled casket belonging to Anne is one of myriad engaging artefacts on display.

Day Three | Canterbury

A visit to **Canterbury Cathedral** not only invites appreciation of its extraordinary history as the site of Thomas Beckett's infamous murder, its subsequent elevation to one of Europe's foremost pilgrimage sites and Chaucerian literary associations, but also the chance to reflect on Henry VIII's marriage to Anne Boleyn, the excommunication from Rome, the establishment of the Church of England and the dissolution of the monasteries, including the one that occupied this cathedral site.

Britain's oldest town through the ages

3 DAYS

From \$1,233pp **SAVE UP TO \$137pp**

Departing June

Colchester is filled with history. The first Roman capital of Britannia, it boasts some of the most important archaeological remains that survive from Roman Britain. Walking through the historic town, we find notable highlights that include the foundations of the massive temple of Claudius, the earliest Roman town walls, as well as truly exceptional mosaics.

Tour Highlights

- An in-depth exploration of the historically unique city of Colchester, the backdrop of the Boudiccan revolt
- Explore the Roman Circus, the only one in Britain, alongside the Director of the Colchester Archaeological Trust
- Visit Colchester Castle, built on the foundation of the Temple of Claudius, and admire the museum's fine Iron Age artefacts

Day One | Colchester

We gather in Colchester for the start of the tour, meeting at our hotel. Before dinner, our Guide Lecturer Peter Berridge will give a lecture on Colchester that will help set the scene.

Day Two | Colchester

The day begins with a short walk to look at the Castle exterior walls, then onto the **Roman wall** in Priory Street then **St. Botolph's Priory**, an erstwhile Saxon church transformed into an Augustinian priory in the Norman period by a follower of Anselm of Bec. From there we make our way to **St Johns Abbey Gateway**, where we have special access to this former Benedictine abbey built in the Norman period using Roman *spolia*. We proceed to the **Roman Circus**, the only one of its kind in Britain, where we meet Philip Crummy, the Director of the Colchester Archaeological Trust who will speak to us about the excavations carried out here. After lunch at the Roman Circus we walk to the **Butt Road Roman Church** foundations then a visit to the **Balkerne Gate**, the 1st century AD gate which is the largest of its kind in Britain. In passing we will also note St. Mary's church which figured in a dramatic episode in the 1648 siege of the town and

the immense Victorian water tower, nicknamed 'Jumbo'. We then venture to the Firstsite art centre to see the **Berryfield Mosaic** once decorating the *triclinium* of a 3rd century AD *domus*, restored to its former glory near where it was found.

Day Three | Colchester

We begin at **Castle Park**, where we venture to the so-called **Duncan's Gate**, one of the two surviving gates belonging to the Roman wall before exploring the foundations of some **Roman townhouses** and onto the remains of a **Roman theatre**. Then we begin our exploration of the famous **Castle**. In this historic setting, Peter Berridge will give a talk on Roman Colchester, from its role as the first capital to Britannia to the Boudiccan revolt. We proceed to an exploration of the castle, built on the foundations of the **Temple of Claudius**, the focus of so much of British ire against the Roman presence in Camulodunum. We then tour **Colchester Museum** housed in the castle to see its fine iron age artefacts. After lunch, we visit the **Hollytrees museum** and the **Holy Trinity Church**. Our tour comes to an end at **Tymperleys Tea Rooms**, located in a stunning Tudor House. From here, we say our goodbyes.

Do I need travel insurance?

Yes, we have a duty of care for all of our guests and we must ensure that you are covered for any necessary medical issues or repatriation needs as we will not be able to cover these costs or access your personal funds. Your insurance will also need to cover you in the event that you have to cancel your trip.

Do you organise visas?

No, but should you require a letter of invitation from the country you are planning on visiting, we will organise this for you and provide instructions on how to apply for the visa. As most visa applications require either biometric data or personal information, we will provide instructions on how to apply for a visa 12 weeks before departure.

Activity Level ratings explained

We have designed a grading system to help you understand how strenuous or relaxed your tour is likely to be. The levels are determined by components that make up a tour, such as distance and terrain walked, the driving distances covered and each day's length – from the moment you leave the hotel to your return.

Look out for this panel on all our tour pages

Activity Level ○○○○

Level 1 - Gentle ●○○○○

A tour that is determined as gentle will have a relaxed pace, with little walking and less exertion where travel and day length are concerned.

Level 2 - Light ●●○○○

On light tours, anticipate mild walking with a mostly relaxed pace. There will be more visits and travelling than on our gentle tours, but not by much.

Level 3 - Moderate ●●●○○

A decent level of fitness is required for our moderate tours. There could be walking between sites, more standing and more travelling to encounter.

Level 4 - Active ●●●●○

If you choose an active tour, come prepared for longer days – and ones that fit more in. More walking, bigger distances covered and more energy!

Level 5 - Challenging ●●●●●

For challenging tours, you'll need to be physically fit. Days could include long drives, hikes and multiple visits, meaning they'll be lengthy and tiring.

1. BOOKING

All information provided in the brochure/website is, to the best of our knowledge or belief, correct at the time of publication. We will advise you of any changes that are fundamental to the contract, or which we believe will affect your enjoyment of the holiday. Please advise us if there is any requirement, which you believe is fundamental to your holiday so that we can give you the latest information at the time of booking.

When you ask us to proceed with a booking you will be required to make a (minimum) deposit payment which will vary dependent on the specific holiday you are booking. This will be advised at the time of booking and confirmed in your booking confirmation. It may also be necessary to collect payment at the time of booking for other (non-refundable) costs e.g. flight tickets, transfers etc. In the case of bookings made after the balance due date, we will require full payment for the holiday.

You must be at least 18 years old to make a booking and you guarantee that you have the authority to accept, and do accept, these terms and conditions for all members of the party (including anyone who is added or substituted at a later date), and in particular payment for all the persons on the booking. We reserve the right in our absolute discretion to refuse to accept any booking without necessarily specifying a reason.

A contract is made when we accept your booking and issue our written booking confirmation/invoice. If we cannot accept or confirm the booking, any money paid will be promptly refunded. On receipt of the booking confirmation/invoice it is important to check the details and if there is any inaccuracy this must be notified to us immediately. It may not be possible to make changes or corrections later, or additional costs may be incurred which we will have to pass on to you.

Many of our holidays are based on specially negotiated airfares booked in a specific airline booking class. At the time of booking if these fares are not available, we will endeavour to secure an alternative air fare and advise you of any additional cost. Please note that most special air fares are non-refundable and non-changeable.

2. PAYMENT

We hold your deposit (and any additional payment required at the time of booking) towards the full cost of the holiday. The balance must be received by us no later than the final payment due date shown on your booking confirmation/invoice, as appropriate to your holiday. If you do not pay the full cost within the time specified, we may treat your holiday as cancelled by you in which case the cancellation charges shown in point 4 - Cancellation by You, will apply.

Deposit Payments (per person):

UK Guests: £250 for tours up to £1,000, £500 for tours £1,001 to £2,500, £750 for tours £2,501-£5,000, £1,000 for tours £5,001-£10,000 and £1,500 for tours £10,001+

US Guests: \$250 for tours up to \$1,000, \$500 for tours \$1,001 to \$2,500, \$750 for tours \$2,501-\$5,000, \$1,000 for tours \$5,001-\$10,000 and \$1,500 for tours \$10,001+

The deposit payable for a small selection of tours including cruises may differ from the amounts above and are specified on the brochure and website price panels.

Final Balance payment: 12 weeks prior to tour departure date.

If we are booking bespoke flight arrangements for you or deviating from the group flights, we will charge you any difference in cost and payment will be taken in full when the flights are booked.

Ways to Pay - we accept payment by Visa, MasterCard, cheques in GBP, or bank transfer for which no levy is charged by us. Your bank or credit card provider may charge an additional financial processing charge and we cannot be responsible for any such charges.

Please Note: if you are paying from an overseas bank account, you have to accept all bank charges incurred by us. A surcharge of 2.5% will be applied for card payments made with cards registered outside the EEA and USA.

3. YOUR HOLIDAY PRICE

a) Prior to booking you will receive a verbal quote based on your specific holiday requirements and travel dates.

b) We reserve the right to notify you of any alteration in the advertised or quoted price and any changes in holiday arrangements before accepting your booking.

Note: We make every effort to ensure that the most up to date and correct prices are shown on our website, but we reserve the right to correct pricing errors at any time. The price you pay at the time of booking is the price we guarantee. Prices can go up when demand is so high, so we recommend you book early to avoid disappointment. Alternatively, you may amend your booking or select an alternative holiday at the applicable and correct price.

c) Subject to these conditions, once we have confirmed your booking, the price is fully guaranteed and will not be subject to any additional 'surcharges', which means any increase due to changes in the price of the carriage of passengers resulting from changes to the cost of fuel or other power sources, the level of taxes or fees imposed by third parties, including tourist taxes, landing taxes or embarkation or disembarkation fees at port and airports or exchange rates.

d) Prices in our brochures and/or on our website are calculated on rates of exchange linked to those available to us; either based on rates previously secured or our view of currency exchange rates applicable at the time payments are due.

Single supplements are payable for sole occupancy of a twin/double room. A 'double' bed is often two single beds pushed together, sometimes with double bed base linen (although it is not unusual for single duvets to be provided in some hotels for doubles), or a bed that is slightly smaller than a standard UK size double bed, but still larger than a single bed.

4. CANCELLATION & VARIATION BY YOU

Cancellation by You

If you or any member of your party wish to cancel your holiday, or if you fail to pay the full cost of the holiday within the specified time you will be liable, as a minimum, to pay the charges detailed below up to the point of cancellation, in addition to any non-refundable items*. Or in the case of failure to pay, at the date that we deem your booking to have been cancelled. Notification from the person who made the booking must be received at our offices. This can be by phone, or in writing, either by email or letter. The cancellation charge will be calculated according to the date this is received, or the date upon which your cancellation is treated as occurring because of non-payment.

*Non-refundable holiday costs charged including upgraded air tickets, hotel upgrades, extensions, extra nights, transfers etc., will be charged at 100% and the charges shown below will then apply to the remainder of the holiday cost and any amendment charges are not refundable. Additional accommodation costs for reduced occupancy or other components, may be payable in the event that one or more passengers cancels but where remaining passengers still wish to travel.

Group Bookings - cancellation charges will apply to any guests in the group who may wish to cancel in the unlikely event of cancellation by the lead passenger.

Note: If your cancellation falls within the provisions of your travel insurance policy you may be able to make a claim which must be made direct to your insurance company.

Cancellation Charges - if you cancel your holiday

Tours: Up to 84 days: deposit | **83-64 days:** deposit and 35% of the balance | **63-46 days:** deposit and 55% of the balance | **45-31 days:** deposit and 75% of the balance | **From 30 days to departure:** deposit and 100% of the balance

Study Days are non-refundable.

We will observe travel advice provided by the UK Foreign & Commonwealth Office. Should circumstances dictate, you can cancel your booking without paying cancellation charges if the performance of your holiday, or the carriage of passengers to your destination, is significantly affected by unavoidable and extraordinary circumstances. In such circumstances, we will arrange for your booking to be cancelled and for you to receive a full refund.

Variation by You

Booking alterations: If, after our booking confirmation/invoice has been issued, you wish to change your travel arrangements in any way, for example your chosen departure date or accommodation, we will do our utmost to make these changes (subject to agreement by our suppliers) but it may not always be possible. Any associated costs of the changes imposed by our suppliers and any extra arrangements will be payable by you and are non-refundable. Quotes normally have a 24-hour time frame before they expire, and the price is therefore subject to change. You should be aware that these costs could increase as the departure date becomes closer and you should contact us as soon as possible.

Booking transfer to another person: You can transfer your existing booking to another person suggested by you (subject to agreement by our suppliers)*. Notice must be received at our offices, this can be by phone, or in writing, either by email or letter from the person who made the booking at least 25 days before departure. The replacement traveller must satisfy and fulfil any conditions that apply to the holiday, and all costs of the original booking. Both you and the new traveller are responsible for paying all costs we incur before the transfer can be made by us. The cost of the transfer will consist of both an administration charge of £50 and any costs which our suppliers impose*.

Note: Certain travel arrangements may not be transferable after a reservation has been made, for example, some airlines may require payment of 100% cancellation charges and the cost of a new ticket for ANY variation that is made, and changes to other arrangements may incur a cancellation charge of up to 100%.

* If you are unable to travel, you may wish to check whether cover is provided for your cancellation within the terms of your travel insurance policy as this may incur less cost to you.

Booking transfer to an alternative holiday: It may be possible at our discretion for you to transfer to another holiday, however this is subject to availability and time frame of departure. You must transfer within 7 days of notifying Andante Travels and the new departure must be within 1 year of notification. Any price difference between what you paid for your original tour and the price of the new tour will be payable. An administration fee of £100 per person applies to any transfer up to 12 weeks prior to departure. Less than 12 weeks our cancellation charges will apply.

While on holiday: If you decide to cut short your holiday for your own reasons, or not stay at accommodation that has been booked for you, take any pre-booked meals, excursions, or other holiday components, then we are unable to offer you any refund or cover any costs. Depending on the circumstances, your travel insurance may offer cover for such curtailment, so we suggest that you check the conditions and requirements of your policy.

5. CANCELLATION & VARIATION BY US

We start planning the holidays we offer many months in advance. Occasionally, we have to make changes to and correct errors and other details both before and after bookings have been confirmed or cancel confirmed bookings, events, or activities. Holidays to remote and in some cases, underdeveloped parts of the world carry the risk that parts of the holiday may be subject to alterations beyond our control, sometimes at short notice. While we always endeavour to avoid changes and cancellations, we must reserve the right to do so.

Cancellation by Us:

We reserve the right to cancel your booking. We will not cancel your confirmed booking after the final 'balance due' payment date, except for unavoidable and extraordinary circumstances (see point 6) or failure by you to pay the final balance of your holiday.

Minimum Numbers - some of our holidays require a minimum number of participants to enable us to operate them. If the minimum number of bookings required for a particular holiday or flight have not been achieved, we are entitled to cancel it and will notify you prior to the final 'balance due' payment date, or in exceptional circumstances following the final 'balance due' payment date. Please note that in such cases we are not able to accept responsibility for any costs you may have incurred, including costs of other travel arrangements made in association with the cancelled holiday, unless booked through Andante Travels. We are happy to give you an indication at any time of the current number of passengers booked on a trip, but this should not be taken as any guarantee whether the holiday will or will not go ahead as booking numbers can fluctuate. There may be certain circumstances when a holiday may operate with less than the minimum number than the advertised group size.

We will endeavour to do all possible to have a tour operate. If the tour is not viable due to numbers, where possible we will see if suppliers will supply a more 'private' tour and we will come back to you with a revised cost. If everyone currently booked is willing to pay this, then the tour may continue with a much smaller group.

If your holiday is cancelled, you can either have a refund of all monies paid or accept an alternative holiday of comparable standard from us if we offer one (we will refund any price difference if the alternative is of a lower value). In the event a refund is paid to you, we will compensate you for reasonable, non-refundable costs (e.g. flight tickets) which you have incurred, to be mutually agreed on a case-by-case basis.

Cancellation as a result of global travel disruption

If it becomes necessary to cancel your tour as a result of global travel disruption, we reserve the right to refund the cost of your tour in the form of credit for a limited amount of time, to be used against any other tour in the

Specialist Journeys portfolio. If you do not use this credit within that time, a refund will be payable. This change to the standard booking conditions would only apply if approved by the UK Government and enshrined in the Package Travel and Linked Travel Arrangements Regulations (PTRs) as an emergency measure to support tour operators in extraordinary circumstances such as the 2020 Covid-19 outbreak. The exact credit terms and time frame would be defined by the PTRs. Furthermore, at times of global travel disruption, when we may have thousands of guests to reimburse, refunds may take as long as 12-14 weeks to process.

Variation by Us:

It is a term of your booking that we are able to make changes to any aspect of your booking. If the change is insignificant, we will ensure that you are notified about it. Examples of insignificant changes include a change of airline or aircraft type, alteration of your outward/return flights by less than 12 hours, change of airports and/or local connecting transport, tour staff and changes to supplementary arrangements such as site visit, or change of accommodation to another of the same or higher standard. Occasionally, we may have to make a significant change. If we are constrained by circumstances beyond our control to significantly alter any of the main characteristics of the travel services that make up your package, you will have rights set out below.

- We will contact you and you will have the choice of accepting the change or having a refund of all monies paid. You can also accept an alternative holiday, where we offer one (we will refund any price difference if the alternative is of lower value) or purchase an alternative holiday subject to availability and applicable cost. We will tell you the procedure for making your choice. Please read any notification of changes carefully and respond promptly as if you do not respond to us within the timescale given, your booking may be cancelled.
- If you choose to accept a refund, we will compensate you for reasonable, non-refundable costs (e.g. flight tickets) which you have incurred, to be mutually agreed on a case-by-case basis.

Very rarely, we may be forced by 'circumstances beyond our control' (see point 6) to change or terminate your holiday after departure but before the scheduled end of your time away. This is extremely rare, if this situation does occur, we regret we will be unable to make any refunds (unless we obtain these from our suppliers), pay you any compensation or meet any costs or expenses you incur as a result.

We do not control the day-to-day management of your accommodation, and in exceptional cases it is possible that we may be advised that the reserved accommodation has been overbooked. If this happens before your departure or on arrival in a location, we will endeavour to provide accommodation of at least the same standard in the same area. If only accommodation of a lower standard is available, we will refund the difference of the holiday price between the accommodation booked and that available and will pay up to £50 per person for any inconvenience.

If under any circumstances a refund is applicable, this will be made to the lead passenger who made the original booking and to the payment method used for that booking.

6. CIRCUMSTANCES BEYOND OUR CONTROL

Except where otherwise expressly stated in these booking conditions, we regret we cannot accept liability or pay any compensation, reimburse expenses, or cover losses where the performance of our obligations under our contract with you is prevented or affected by, or you otherwise suffer any damage, loss or expense of any nature as a result of 'circumstances beyond our control'. In these booking conditions, 'circumstances beyond our control' means any event which we or the supplier of the service(s) in question could not, even with all due care, foresee or avoid. Such events may include actual or threatened war, riot, civil strife, terrorist activity and its consequences (including suspected terrorist activity and all action taken during any "terror alert"), industrial dispute, natural or nuclear disaster, adverse weather conditions, epidemics and pandemics, unavoidable technical problems with transport, airport or airspace closures, as well as other air traffic management decisions (that may result in long or overnight delays or cancellations), fire, concert/event changes or cancellation and all similar events outside our control. This list is not exhaustive.

Group-based holidays and activities - worldwide weather patterns are becoming ever more erratic and unpredictable. If it is not possible to operate certain excursions for this reason, we will endeavour to offer alternatives if this is possible. Such circumstances are totally beyond our control, and you therefore should proceed with your booking on this basis.

Public Holidays, Sporting & Local Events - in addition to public holidays, many countries host other national or international events or there may be local festivals, which may impact on local/tourist services or travel arrangements, including the reduction or closure of facilities, route diversions etc. during your visit. We have no control over these events, and as dates and details of arrangements are often changeable year on year, it is not possible for us to guarantee to forewarn you of specific details that may be relevant to your holiday or accept any responsibility for any disruption that may be caused. During public holidays, shops, restaurants, and tourist attractions may also be closed.

Third-Party Information & Websites - your booking is based on the information supplied to you by Andante Travels. We understand you may conduct additional research into your holiday through other third parties and associated websites, but as we have no control over such information this does not form any basis of our contract with you.

Wi-Fi - where the provision of Wi-Fi may be indicated in a property description, no guarantee is given or implied that it will be operative during your holiday and its availability is outside our control. Some properties may charge for this service and the areas where it is available may be limited and not necessarily available in guest rooms. In all cases, no compensation or refund will be paid in the event that it is not available for whatever reason.

Dietary Requests & Allergies - even nowadays, in some destinations, basic well-known dietary requirements (such as vegetarian, gluten free etc.) are often misunderstood and seldom catered for adequately, despite the best intentions and assurances from hoteliers and restaurateurs. While we are happy to pass on any such requests, we cannot guarantee choice or availability - especially with any airline meal options. We cannot accept detailed lists of specific dietary or food preparation requests and are unable to accept any other requests (eg. personal preferences) that are not for medical or religious reasons. Note: Whilst on tour it is your responsibility to double-check and reconfirm any allergy or dietary requirements directly with the various holiday suppliers.

Other Hotel Guests - it is not unusual for hotels or other accommodation to receive group bookings (sometimes with large numbers) from guests participating in conventions and conferences or other gatherings. At certain times of the year, there may be an influx of groups such as students on organised educational visits (popular during school holidays), associations or clubs. This may result in hotel facilities being much busier than usual or additional demands on hotel staff and services, but we are unable to accept any responsibility for any inconvenience caused by such groups or their activities.

Guides - we reserve the right to substitute any named guide, guest lecturer or other escort with an alternative qualified person and this will not be deemed as any significant change to your arrangements.

Flights - if you have booked a flight upgrade and there is a change of airline prior to departure as a result of circumstances beyond our control, it may not be possible to offer an equivalent upgrade, or an addition cost may apply.

7. FOREIGN & COMMONWEALTH TRAVEL ADVICE, HEALTH, VISAS & DOCUMENTS

- a) Your specific passport and visa requirements, and other immigration requirements including, inoculations and health certificates are your responsibility, and you should confirm these for all countries to, or through which you are intending to travel and cover all costs for this. Requirements should be checked well in advance of travel, and we do not accept any responsibility if you cannot travel because you have not complied with any passport, visa or immigration requirements.
- b) Essential information for British citizens (only), including health, passport, and visa requirements along with up-to-date Foreign Office travel, safety and security advice can be obtained from <https://www.gov.uk/travelaware>.

We also strongly recommend that you sign up for the latest email updates as travel and safety information can change at any point without notice.

- c) If you or any member of your party is not a British citizen or holds a non-British passport, you must check passport and visa requirements with the Embassy or Consulate of the country or countries to, or through which, you are intending to travel and consult the relevant authority for the latest travel and safety advice for the destinations you are visiting.
- d) We recommend that you consult your doctor well in advance of travel for the latest advice on inoculations and health certificates. You can also obtain the latest health information ahead of travel by visiting the National Travel Health Network and Centre (NaTHNaC) website <https://www.travelhealthpro.org.uk>.

8. SPECIAL CIRCUMSTANCES

Our holidays are not designed for party members to undertake special projects or research whether in connection with study, employment or otherwise. We cannot accept any liability for any losses or damages arising out of such use or planned use nor for any loss or damage which has special financial consequences. Please note if you do intend to use one of our holidays for such purposes you should obtain adequate insurance in respect of it and any special equipment you decide to bring with you on such holidays.

9. HOLIDAY PARTICIPATION

It is a condition of participation on our holidays that you agree to accept the authority and decisions of our employees, tour leaders and agents while on holiday with us. If in the opinion of such a person your health or conduct at any time, before or after departure, appears likely to endanger the safe, comfortable, or happy progress of a holiday, you may be excluded from all or part of the holiday and/or we may terminate your holiday, and any additional costs incurred by you as a result of such exclusion will be your responsibility. In the case of ill health, eg Covid-19, we may make such arrangements as we see fit and recover any resulting costs from you.

Note: While there are no age limits or health requirements on our holidays, please note that for certain destinations require a degree of mobility and fitness to get the most out of the holiday and need to keep up with the group. Should you have any concerns or your mobility changes as your holiday gets closer, please contact us to discuss further.

10. OUR LIABILITY TO YOU

We make every effort to ensure that the holiday arrangements we have agreed to provide as part of our contract with you are delivered with reasonable skill and care. It is the laws and regulations of the country in which the services are actually provided which apply to your holiday arrangements and not those of the UK or your home country and any resulting complaint or claim will be judged on this basis. If the particular services which gave rise to the claim or complaint complied with local laws and regulations applicable to those services at the time, the services will be treated as being properly provided. Please note, it is your responsibility to show that reasonable skill and care have not been used if you wish to make a claim against us. In addition, we will only be responsible for what our employees, agents and suppliers do or do not do if they were at the time acting within the course of their employment (for employees) or carrying out work we had asked them to do (for agents and suppliers). Also bear in mind that standards of, for example, safety, hygiene, and quality may vary and services and transport your holiday involves may differ to the stringent standards we are accustomed to in the UK or your home country. Including for example, the absence of seatbelts on coaches contracted outside the UK as this is not always a legal requirement elsewhere.

Certain holidays involve risks and hazards of travel to and in remote and/or uninhabited areas where injury, illness, death, delay, or unanticipated events may occur as a result of forces of nature, wildlife, and adverse weather conditions. Medical services or facilities may not be readily available or accessible in some parts, and the medical facilities that do exist could be of inferior quality compared to what is available at home. In remote regions risks may include but are not limited to: mechanical breakdown of expedition vehicle(s); becoming stranded in remote and/or uninhabited areas; being subjected to rugged terrain and a harsh climate; encounters with wild animals, insects and pests,

and the possibility of illness, injury or death therefrom; the uncontrollable and unpredictable behaviour of wild animals in their natural habitat; the possibility of not seeing certain animals; and dangerous weather and climate conditions.

You must inform us without undue delay of any failure to perform or improper performance of the travel services included in this package. If any of the travel services included in your package are not performed in accordance with the contract, or improperly performed, by us or the travel service suppliers, and this has affected the enjoyment of your travel arrangements, you may be entitled to an appropriate price reduction or compensation or both. We will not be liable where any failure to perform or improper performance of the travel services is due to you or another member of your party; or a third party unconnected with the provision of the travel services in the package and is unforeseeable or unavoidable.

Our liability, except in cases involving death, injury, or illness, shall be limited to a maximum of three times the cost of your travel arrangements (excluding amendment charges). Our liability (if we are found liable to you on any basis) will also be limited in accordance with and/or in an identical manner to:

- a) The contractual terms of the companies that provide the travel services that made up your package.

These terms are incorporated into this booking contract; and

- b) Any relevant international convention, for example the Montreal Convention in respect of travel by air, the Athens Convention in respect of travel by sea, the Berne Convention in respect of travel by rail and the Paris Convention in respect of the provision of accommodation, which limit the amount of and conditions under which compensation can be claimed for death, injury, delay to passengers and loss, damage and delay to luggage (there are strict Conditions of Carriage obligations for making claims for missing or damaged baggage that must be followed). We are regarded as having all benefit of any limitation of the extent of or the conditions under which compensation is to be paid under these or any conventions.

You can ask for copies of the travel service contractual terms, or the international conventions from Andante Travels. Where a carrier or hotelier would not be obliged to make any payment to you under the applicable international convention or regulation in respect of a claim or part of a claim, we similarly are not obliged to make a payment to you for that claim or part of the claim. Under EU law (Regulation 261/2004) you have rights in some circumstances to refunds and/or compensation from your airline in cases of denied boarding, cancellation, or delay to flights – see point 11 below.

If it is impossible to ensure your return as scheduled due to unavoidable and extraordinary circumstances, we will bear the cost of necessary accommodation, if possible, of equivalent category, for a maximum of three nights if this is not provided by your airline, in accordance with Regulation 261/2004. The limit doesn't apply to persons with reduced mobility and any person accompanying them, pregnant women and unaccompanied minors, or persons in need of specific medical assistance, provided that you notified us of these needs at least 48 hours before the start of your holiday.

Note: this entire clause does not apply to any services which do not form part of your contract with us i.e. 'own arrangements'. This includes for example, any additional services, including excursions, that you organise independently, or services which your hotel or any other supplier agrees to provide for you where these are not organised by us as part of our contract with you. We recommend that sufficient and appropriate insurance is taken out. In addition, we cannot accept any liability for any damage, loss, expense or other sum(s) of any description (1) which on the basis of the information given to us by you concerning your booking prior to our accepting it, we could not have foreseen you would suffer or incur if we breached our contract with you or (2) which did not result from any breach of contract or other fault by ourselves or our employees, or where we are responsible for them, our suppliers or (3) arises out of use of our services for special projects or research whether in connection with study, employment or otherwise or (4) is connected with any business. We further advise you, and you agree that in the event of any claim against us, that such claim shall be governed by English Law and Jurisdiction shall lie in any

Court of Competent Jurisdiction in the United Kingdom and you further acknowledge these requirements and waive any objection(s) thereto.

11. TRAVEL DELAYS & CARRIAGE BY AIR

Should delays due to weather conditions disrupt your itinerary, additional costs may be incurred, and these would be the responsibility of you, the client. You will be assisted by the airline in accordance with the airlines' policy on delays. We cannot accept liability for any delay which is due to any of the reasons set out in point 6 of these booking conditions (which includes the behaviour of any passenger(s) on the flight who, for example, fails to check in or board a flight on time).

Under EU law (Regulation 261/2004) you have rights in some circumstances to refunds and/or compensation from your airline in cases of denied boarding, cancellation, or delay to flights. Full details of these rights will be publicised at EU airports and will also be available from airlines. However, reimbursement in such cases will not automatically entitle you to a refund of your holiday cost from us. Your right to a refund and/or compensation from us is set out in these booking conditions. If any payments to you are due from us, any payment made to you by the airline will be deducted from this amount. You are required to make any claim under this regulation directly with the airline, but if your airline does not comply with these rules you should complain to the Civil Aviation Authority on 0207 453 6424 <https://www.caa.co.uk>.

Where long flight delays result in lost holiday time, we are unable to offer any refunds for unused accommodation or other services as reimbursement will not be made by our suppliers in these circumstances, and hotel rooms are held for delayed arrivals and not re-let. We strongly recommend you have adequate insurance provisions in place to fully cover such eventualities.

We are unable to guarantee that all parties will be seated together. With some airlines it is possible to request, or in some cases, reserve certain preferred seats on the aircraft (most airlines will make an additional charge for this). We are happy to assist with this, but this is an additional service over and above your contractual arrangement for 'carriage by air' with the airline. Airlines reserve the right to make changes to any specific seat numbers for operational or safety reasons either before, or on the day of departure and you will be notified of any such change upon check-in. Where applicable, any additional charge made for pre-booking specific seats will be refunded.

In accordance with EU Directive (EC) No 2111/2005 Article 9, we are required to bring to your attention the existence of a "Community list" which contains details of air carriers who are subject to an operating ban within the EU. The Community list is available for inspection at https://ec.europa.eu/transport/modes/air/safety/air-ban_en.

In accordance with EU Regulations, we are required to advise you of the actual carrier(s) (or, if the actual carrier(s) is not known, the likely carrier(s)) that will operate your flight(s) at the time of booking. Where we are only able to inform you of the likely carrier(s) at the time of booking, we shall inform you of the identity of the actual carrier(s) as soon as we become aware of this. Any change to the operating carrier(s) after your booking has been confirmed will be notified to you as soon as possible. If the carrier with whom you have a confirmed reservation becomes subject to an operating ban as above as a result of which we/the carrier are unable to offer you a suitable alternative, the provisions of point 5, "Cancellation and Variation by us" will apply.

We are not always in a position at the time of booking to confirm the flight timings, which will be used in connection with your flight. The flight timings shown in our brochure, on our website and/or detailed on your booking confirmation/invoice are for guidance only and are subject to alteration. Flight timings are outside our control. They are set by airlines and are subject to various factors including air traffic control restrictions, weather conditions, potential technical problems, and the ability of passengers to check in on time. Specific instructions relating to departure and travel arrangements will be sent with your air or other travel tickets approximately 2 weeks before departure. You must check your tickets very carefully immediately on receipt to ensure you have the correct and up to date flight times. It is possible that flight times may be changed even after tickets have been dispatched - we will contact you as soon as possible if this occurs. Any change in the identity of the carrier, flight timings, and/or aircraft type (if advised) will

not entitle you to cancel or change to other arrangements without paying our normal charges except where specified in these conditions. We advise that you keep check on your flight's departure information on the day of departure in case of any late flight changes.

In accordance with EU legislation, we are required to draw your attention to restrictions concerning the import of food items which cannot be brought into the EU (including the UK), from outside the EU. For details, please see <http://www.defra.gov.uk/food-farm/food/personal-imports/> or contact this office.

12. INSURANCE

It is a condition of booking with us that you and all members of your party obtain travel insurance for all overseas Andante holidays, and highly recommended for all UK Andante holidays. It should include cover for COVID-19 cancellation, curtailment, repatriation, and quarantine. We also strongly recommend that you do not travel against medical advice. The cost of repatriation, medical and other treatment overseas can be high, and we are unable to assist in meeting those costs. You should organise it immediately when you book to ensure you have cover against possible cancellation charges, medical treatment, and repatriation. Should you have your travel insurance in place we will need to know the details of your policy 6 weeks before departure at the latest. It is a requirement of booking that you provide us with an emergency contact number while you are on holiday stating your relationship (e.g. family member, neighbour, workplace). This is purely for your benefit in the unlikely event of you becoming ill or incapacitated on tour.

13. SPECIAL REQUESTS & MEDICAL CONDITIONS / DISABILITIES

If you or any member of your party have any special requests, you must advise us at the time of booking. Although we will endeavour to pass any reasonable requests on to the relevant supplier, we regret we cannot guarantee any request will be met. Failure to meet any special request will not be a breach of contract on our part. Confirmation that a special request has been noted or passed on to the supplier or the inclusion of the special request on your booking confirmation/invoice or any other documentation is not confirmation that the request will be met. Unless and until specifically confirmed, all special requests are subject to availability. For your own protection, you should obtain confirmation in writing that a special request will be provided (where it is possible to give this) where it is important to you.

We regret we cannot accept any conditional bookings, i.e. any booking which is specified to be conditional on the fulfilment of a particular request. All such bookings will be treated as "standard" bookings subject to the above provisions on special requests.

If you or any member of your party has any medical condition or disability which may affect your holiday or has any special requirements as a result of any medical condition or disability (including any which affect the booking process), you must tell us before you confirm your booking so that we can assist you in considering the suitability of the arrangements and/or making the booking. In any event, you must give us full details in writing at the time of booking and whenever any change in the condition or disability occurs. You must also promptly advise us if any medical condition or disability which may affect your holiday develops or worsens after your booking has been confirmed.

Andante Travels cannot provide individual assistance with boarding coaches or other forms of transport, baggage handling, walking or other personal requirements, etc. and guests should be confident that they can do these tasks unaided. We are happy to give advice and assistance with the choice of your holiday which will be dependent upon the nature of any disability. Our brochures also give a simple guide per tour regarding how active the tour is. In order to ensure your enjoyment of the holiday, we ask all clients to provide full details of any disability or special requirements

at the time of booking. Some suppliers such as airlines and cruise lines may request certification from your GP to confirm that you are fit to travel. We regret that we cannot be held liable for any costs you may incur as a result. You are urged to contact our Sales department for further information if you have any difficulty in walking or mobility problems and they will be pleased to advise you on the suitability of any particular holiday.

14. CLIENT BEHAVIOUR

When you book a holiday with Andante Travels you accept responsibility for the proper conduct of you and your party. Andante Travels reserves the right in its reasonable discretion to terminate the holiday of any member of your party whose conduct is disruptive or detrimental to the enjoyment of other clients, or whose conduct may prejudice the reputation of Andante Travels with our suppliers or hotel owners. In that situation Andante Travels shall have no further responsibility or liability to you. The departure of a coach, ship train, plane or other modes of transport will not be delayed for passengers who are not on board by the stated boarding time.

15. COMPLAINTS & ASSISTANCE ON HOLIDAY

If you have any reason to be unhappy with any element of your holiday, we would ask you first to bring this to the attention of the person in charge of the relevant service, on the spot. If this is not possible, please either contact our local representative or our UK office, using the number provided with your travel documents. It is essential that you do this to enable us to try and put matters right where possible. If a problem remains unresolved during your holiday you should make a complaint which must be received at our offices within 28 days of the completion of your holiday giving your booking reference and all other relevant information. This can be in writing, either by email or letter from the person who made the booking. We will reply to you within 28 days of receipt of your complaint. Please keep your complaint concise and to the point. If you fail to follow the requirement to report your complaint while on holiday, we will have been deprived of the opportunity to investigate and rectify it and this may affect your rights under this booking. If you're in difficulty while on holiday and ask us to help, we will provide appropriate assistance, in particular by providing information on health services, local authorities and consular assistance; and helping you to find alternative arrangements and any necessary phone calls/emails. You must pay any costs we incur if the difficulty is your fault.

The terms of this contract are exclusively governed by English Law and the jurisdiction of the English Courts.
