Introduction

We are pleased to be able to offer you this fourth annual edition of the Almanac.

A number of changes took place in January 2013 to the way age groups were designated. Finally, the age groups in New Zealand were aligned to the IAAF (and indeed the rest of the world) when not only the age group name and the age as at 31st December in the year of competition was implemented. We also only had to produce ranking lists for a calendar year, (like the rest of the world again!) rather than having to present lists for both the calendar year and the domestic season. Another development in the year was that we were able to create “live” All-Time lists, where any performance that was better than (in most cases) the 20th best of all-time was automatically included in the all-time list. Work in this coming year will include consolidating the lists of Records. Again for this edition we have collected most of the data ourselves over the past few months – so we take responsibility for any errors. Once again, before getting immersed in the content, we would advise you to spend a few minutes reading the Notes section which details some of the intricacies of the data.

NOTES

2013 Calendar Year – The material in this Almanac covers the 2013 Calendar year which is from 1st January 2013 until 31st December 2013.

Age Groups – New Zealand had three age groups in 2013. They were: Youth Men/Women, Junior Men/Women, Senior Men/Women. These were the same as the IAAF definition. (see table below)

Names – We have used the convention that the athletes name as recorded on the Athletics New Zealand membership database is the name of the athlete that we record in our statistics. Names of athletes on the Athletics New Zealand membership database are sometimes at variance with the name used when entering a competition. Some athletes interchange abbreviated names and differently spelt first names across competitions. Further, many athletes names on registration become abbreviated or differently spelt when they enter a competition. We have endeavoured to be consistent but in many instances the athlete themselves prefer to be known by either name – depending on the circumstances (and their mood!).

Name Change – Some athletes do change their family name due to specific circumstances e.g. marriage. Again we use the same convention as above – the family name they are using in the entry list or results of a competition. As far as we are aware the only athletes who have different family names in different parts of this Almanac are:

Valerie Adams – Valerie Vili
 Tania Murray – Tania Murray-Dixon
 Demelza Murrhiy – Demelza Murrhiy-Topp
 Danielle Trevis – Danielle Ingram –Trevis
 Lesley Morton – Lesley Ryan
 Leonora Joy-Petrina – Leonora Petrina
 Bryn Jones – Bryn McLeod-Jones
 Jordan de Spong – Jordan Rackham

Affiliation - Again we have used the convention that the athlete's affiliation is the one under which they are registered on the Athletics New Zealand membership database. We are reliant on athletes informing us of a change of affiliation (Centre/Club). For records, an athlete may be representing their club, their Centre, or has been selected to represent New Zealand. Whichever representation is officially recorded at the time of the competition where a record is set is the one that we use.

Ranking Lists – Age group athletes' performances (Junior Men/Women, Youth Men/Women) will also appear in the Open Men/Women lists if the event specification (implement weight/ hurdle height) of the age group is the same as that of the specification for Senior Men/Women. Youth Men/Women athletes will not appear additionally in the Junior men/Women lists unless they compete with Junior Men/Women implements/hurdle heights.

All-Time Lists – The All-time lists were first compiled in early 2010 and listed the top 20 All-time performances. Since that time, there have been performances that would fit into the top 20 All-time. Hence some of the lists are longer than 20 athlete's performances. Only athletes who were eligible to represent New Zealand internationally at the time of the performance are included in the All-time lists.

Age Records – Eligibility for a New Zealand Age Record is different from eligibility for competing in an Age Group. Age Records are adjudged on the age of the athlete on the day of the performance.

Registered Athletes – Only performances achieved by athletes who are registered with Athletics New Zealand appear on Ranking Lists. Many school athletes, Children's Association athletes, Masters/Veteran athletes are not registered with Athletics New Zealand.

Placing in a competition – Because of the many different ways results are presented it is not always possible to work out correctly the athlete's finishing position. In many mixed age group competitions and events, sometimes finishing position is recorded in finishing position by age group, whilst some results record finishing position according to the whole event result. Caution must therefore be taken when reading the placing position in the rankings lists.

Errors/Omissions – If you do find any errors or notice any omissions in this Almanac please let us know on stats@athletics.org.nz so that they can be addressed.

Rankings Lists Age Groups for 2013 year

In line with the IAAF age groups (IAAF Rule 141) the New Zealand ranking lists for the 2013 year were maintained as follows:

Senior Men/Women – athletes born in 1993 or before.

Junior Men/Women – a Junior athlete is one who is 18 or 19 years of age on the 31st December in the year of the competition – i.e. athletes born in 1994 or in 1995.

Youth Men/Women – a Youth athlete is one who is 16 or 17 years of age on the 31st December in the year of the competition – i.e. athletes born in 1996 or in 1997 (or later).

These age groups also apply to New Zealand National Championships competitions.

ATHLETICS NEW ZEALAND GRAND PRIX 2013

Athletics New Zealand Grand Prix 2013

The 2013 GP was aimed at providing an opportunity for athletes to compete against each other more often in guaranteed higher quality competition. The GP utilized the Classic Meets, culminating with the National Championships as the key opportunities to make this happen. The aim is to grow the concept year on year and eventually adding increased prize money.
