A- National Implementation Measures

We would like to point out here that my country, Iraq, has indicated on article 7 reports that provided 2020 (**The 12th Updated information Report provided in accordance with article 7, paragraph 2 of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction**)

Iraq completed compliance with its obligations under Article 9 of the Convention.

Actions #10 - Oslo Action plan

Iraq pays the assessed contributions annually, except for the year 2022, because the general national budget not been approved , Iraq will be paid during the year 2023 all annual contributions .

Actions #50 - Oslo Action plan

Regarding action no.(50), Iraq was Iraq completed compliance article (9) of convention and presented the sufficient national information, laws and legislations to implement the obligations towards convention at 2020 (**The 12th Updated information Report provided in accordance with article 7, paragraph 2 of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction**)

B-Stockpiled anti-personnel mines:

Actions #14, #15 - Oslo Action plan

According to Article (4) , as well as Actions 14 & 15 – Oslo action plan , The republic of Iraq has no Stockpiled anti-personnel mines, As previously reported, the Republic of Iraq completed the destruction of all stockpiled anti-personnel mines that it owned or possessed or that were under its jurisdiction or control and there are no remaining stockpiled mines.

Iraq completed compliance with its obligations under Article 4 of the Convention.

C- Location of Mined Area and IED

C1-1: Location of Mined Area

C1-1-1 : DIRECTORATE FOR MINE ACTION (DMA)

The table (1) below indicates the newly Mined Areas discovered and recorded in database during the period from (1/1/2022) to (31/12/2022) , These areas were discovered as a result of the non-technical survey , total number of mined area size discovered at 2022 = 12,443,053 Sqm .

Table 1- (DMA) Locations of mined Area, 1 January-31 December (2022)

No.	Region	Province	District	Sub-District	City/ Community	Hazard ID	Area Size

Note:

During the NTS update:

- 1- We discovered new mined area locations.
- 2- Expand some of old mined area that had recorded before.

Map 1- (DMA) Recorded Landmine Contamination

C1-2: Location of IEDs

C1-2-1: DIRECTORATE OF MINE ACTION AUTHORITY (DMA)

- Action #21 - Oslo Action Plane

The table (2) below includes areas affected by IEDs that were discovered and recorded in the IMSMA database during the period (1/1/2022) to (31/12/2022), most of these sites are within the governorates of the Regional Mine Action Centre-North (RMAC-N) and were previously under the control of ISIS gangs. Total area size for new IED location that discovered at 2022 =(53,458,312) Sqm.

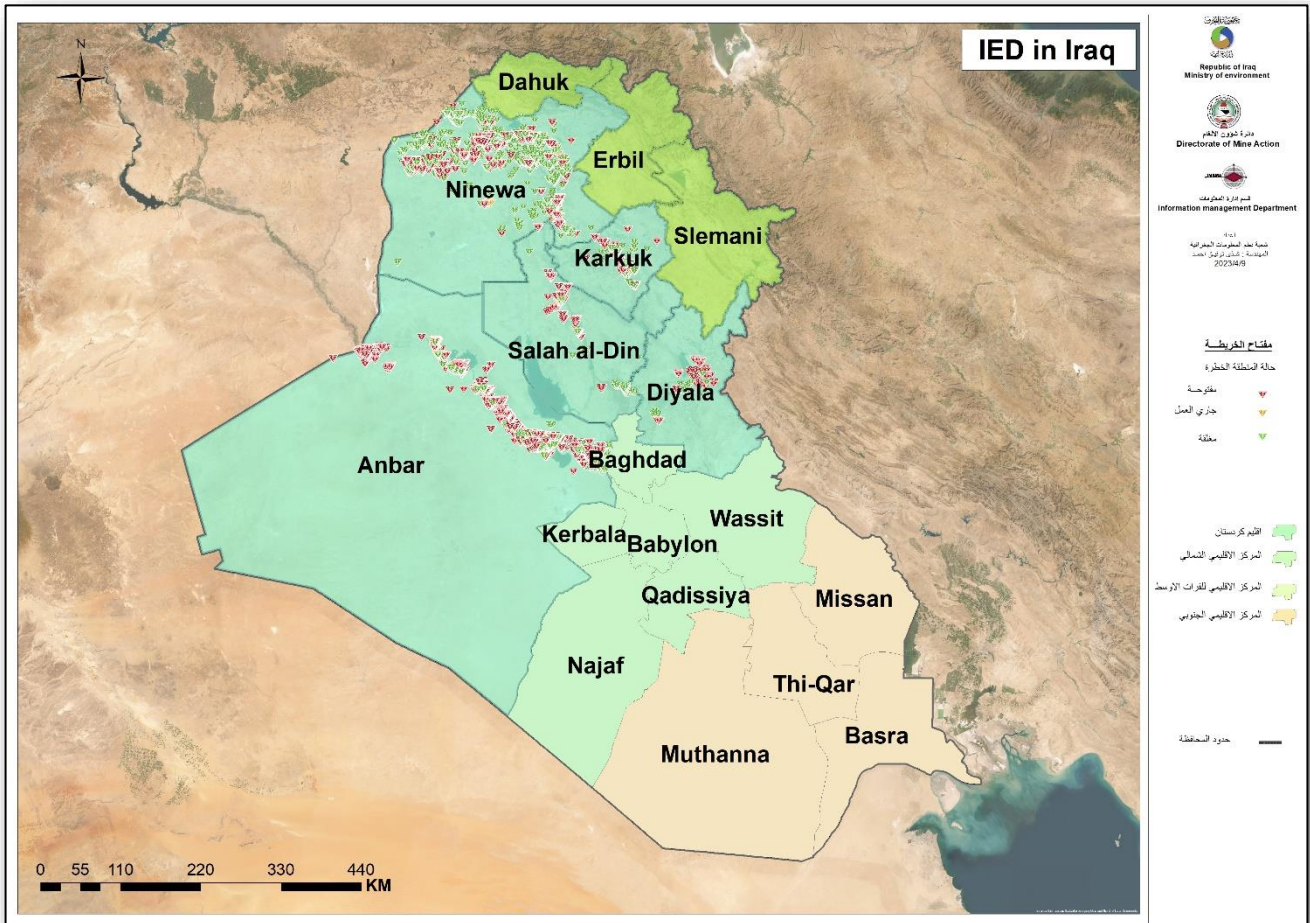

Table 2-(DMA) List of IED locations, 1 January-31 December (2022)

C2- Summary of all areas known or Suspected to contain Anti-Personnel mines and IEDs as of 31 December (2022)

C2-1 : Summary of all areas known(CHA) or Suspected (SHA) to contain Anti-Personnel Mines

C2-1-1 : DIRECTORATE FOR MINE ACTION (DMA)

As of 31 December 2022, there were (353) areas in (under DMA Authority control) known to contain anti-personnel mines totalling (958,986,173) square metres based on direct evidence and (36) areas suspected to contain anti-personnel mines totalling (17,287,352) square metres based on indirect evidence. See Annex (2) for complete list of these areas. So (360) total Areas known or suspected to contain anti-personnel mines remain with totalling (976,273,525) square metres at 22 districts in (9) provinces of republic of Iraq (under DMA Authority control)as follows:

Table 4- (DMA) Summary of Areas known or Suspected to Contain Anti-Personnel Mines as of 31 December (2022)

Note :

- For More Information See Annex(2)

- During the NTS update:

- 1- some area that recorded in IMSMA before by synchronization from (Gray Area data) that contain mined area with area size = zero. through the Update NTS are closed or change of hazard type classification.
- 2- Expand some of old mined area that recorded before.

C2-1-2 : Iraq Kurdistan Mine Action Authority (IKMAA)

As known, the majority of the planted mines in KRI are Anti-person mines and when new areas discovered, it's perfectly normal that the new contaminated areas are APs, as it is the case now. Due to the IKMAA's ongoing PTS in the governorates of Erbil, Slemani and Duhok, the total areas that suspected to contain AP mines are increased from 210,168,929 to 212,814,126 sqm as shown in the table below:

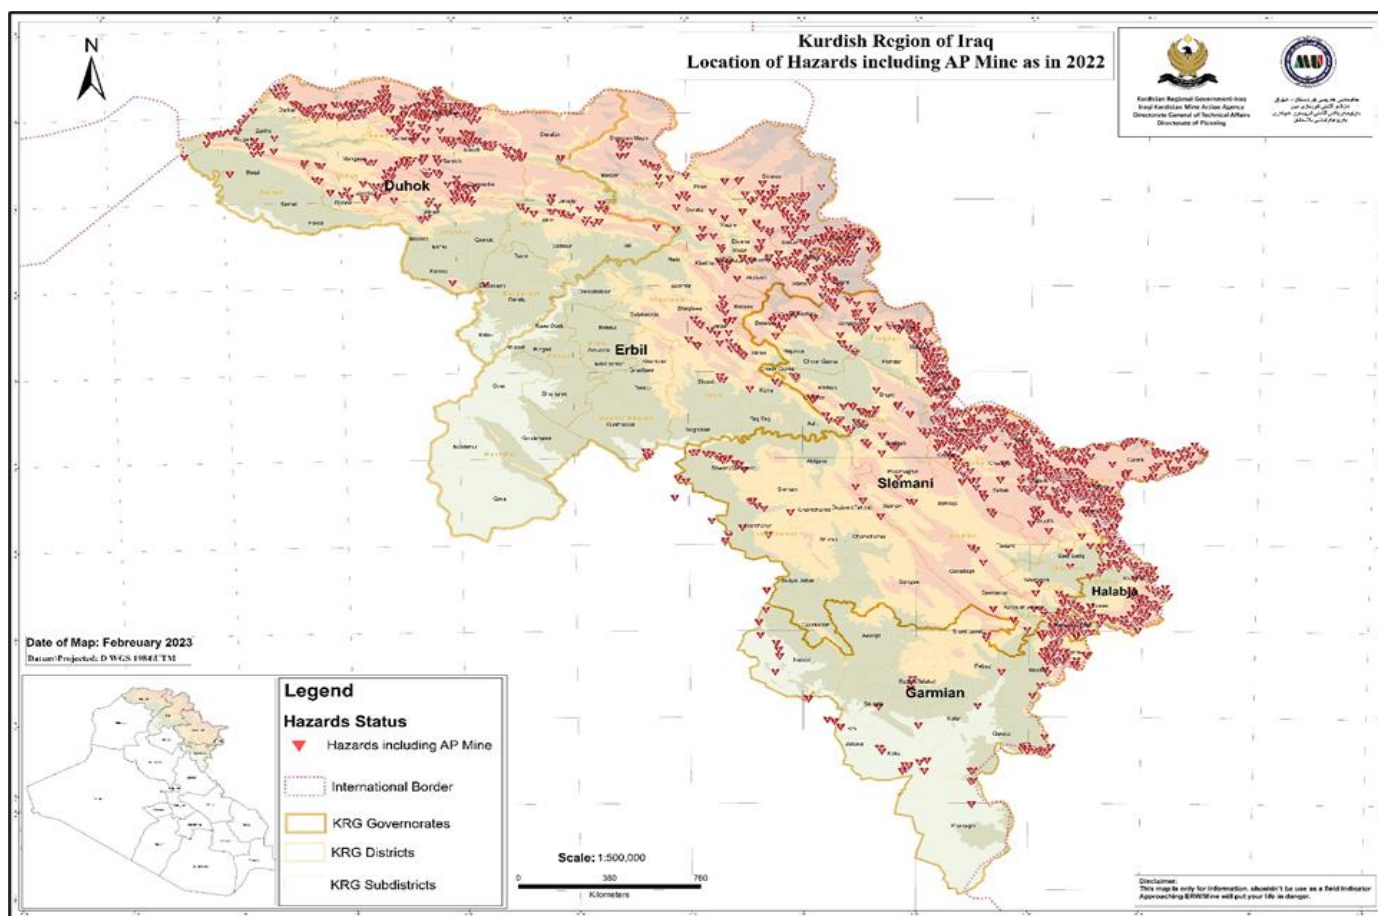

Table 5- (IKMAA) Summary of Areas known or Suspected to Contain Anti-Personnel Mines as of 31 December (2022)

No.	Province	District	Number of areas known to contain anti- personnel mines	Number of areas suspected to contain anti- personnel mines	Total number of areas known or suspected to contain anti-person	Amount of area known to contain anti-personnel mines (Sqm)	Amount of area suspected to contain anti-personnel mines (Sqm)	Total amount of area known or suspected to contain anti-person (Sqm)

Map 3- Locating of Hazard contain AP as of 31 December (2022)

C2-2 : Areas known(CHA) or Suspected(SHA) to contain IEDs

C2-2-1: DIRECTORATE FOR MINE ACTION (DMA).

As of 31 December 2021, there were **(1,348)** areas in (controlled by DMA Authority) known to contain IEDs totalling **(390,390,130)** square metres based on direct evidence and **(373)** areas suspected to contain IEDs totalling **(136,246,716)** square metres based on indirect evidence.. So **(1,721)** total Areas known or suspected to contain IEDs remain with totalling **(526,636,847)** at 26 districts in six provinces of republic of Iraq (controlled by DMA Authority) in below. It is worth noting that the total area of the area contaminated with IEDs increased from last year despite the clearance operations. This is due to new discoveries of areas contaminated with IEDs as a result of the ongoing non-technical surveys, as well as updating the previous non-technical surveys., See **Annex (3)** for complete list of these areas.

Table 6-(DMA) Summaery of areas known or suspected to contain IED as of 31 December (2022)

C2-2-2 : Iraq Kurdistan Mine Action Authority (IKMAA)

The contaminated areas with IED found to be increased comparing to the last year's transparency report number 14. DMA has conducted new survey operations in the ISIS liberated areas including areas under the responsibility of KRI and new areas with IED have been recorded. by high level of cooperation and coordination between DMA and IKMAA, has delivered all the IED filled forms of the areas belonged to KRI (areas protected by peshmarga) to IKMAA's information management and it turned out that the scale of the IED contamination is expanded and the polluted area raised from **2,892,097** to **4,128,086** sqm, almost doubled.

Action 1 - Oslo Action Plan

Regarding Action # 1, a working group has been formed between directorate for Mine Action (DMA) and the Ministry of Planning in order to include and adopt the concept of the mine action program and activities of implementing the Convention in national development plans, poverty reduction strategies, humanitarian response plans, and national strategies for the inclusion of persons with disabilities, as well as the high coordination of the highest levels of government in order to include mine action activities within government priorities.

DMA has strengthened information sharing and coordination with relevant ministries, including the MoP, to further reinforce connections between mine action and broader development and humanitarian agendas, including the Iraq Vision 2030 according to sustainability development plan. Also, sent some clearance projects to ministry of planning in order to integrate them with National Development Plan, after that was sent to ministry finance in order to integrate with national budget.

The General Secretariat of the Ministers Council, supported Directorate of Mine Action (DMA) to follow up the implementation of the Oslo Action Plan with all national government agencies, through encourage them to implement any actions related to (OAP) by send official documents to implement the national obligations related APLC by DMA supervision.

This is an indicator of taking over high levels at the national level to implementing (OAP)

With the support of UNDP and the oversight of the Ministry of Planning and with the participation of other government ministries and institutions, KRG vision 2030 is prepared and finalized in 2022. Iraqi Kurdistan Mine Action Agency (IKMAA) has been able to demonstrate its important role to assist both public and private sectors to implement their service projects and build infrastructures through mine clearance activities. IKMAA was able to fix in the vision 2030 that out of the remaining 258 Skm of the contaminated areas, IKMAA teams and its partners can clear approximately 30 Skm and provide EORE to 80% of Kurdistan Region residents as well as reduce EO victims to 10 victims per year.

-Action 2 - Oslo Action Plan

Regarding to Action #2 Develop evidence-based, costed and time-bound national strategies and work plans to fulfill and implement Convention obligations as soon as possible, (2022-2028) strategy has been developed drawing on updated information and findings from a thorough context analysis. as well as we submitted second update for plan of extension request with all details.

-Action 19 - Oslo Action Plan

DMA annually develops an annual plan based on the reality of pollution recorded in the database and sends it to the Ministry of Planning to include it within the government's national plan and the national development plan as well as it contains sustainable development goals. DMA works to ensure that national development plans are among its priorities, noting that annual plans are based on the strategy plan, also achieve the goals and vision of the Iraqi Mine Action Program to clear all Hazard areas that contain explosive ordnance and providing a safe and investmentable to all people.

-Action # 3- Oslo Action Plane (Gender and diversity)

Directorate for Mine Action (DMA), working according to international standards (IMAS) and national standards (NMAS), by equal and gender-balanced participation in mine action.

Women were involved in the NTS team and the QA team, as well as women were involved in the work of supervising in survey and clearance operations, also work of victim assistance and EORE.

Women were included in a specialized course of Explosive ordnance disposal (EOD) work, as well as the participation of women in international forums, treaties meeting and training courses.

The gender Unit implement many activities by cooperate and coordinate with RMACs ,UNMAS and IPs . some of this activities in below,

- 1- Carrying out (QA)and follow-up (site visits) IPs activity of (companies and organizations) that have task order from (DMA) all provinces depend on activity type (operations) in the governorates (Anbar, Nineveh, Kirkuk) .

- 2- Carrying out (QA)and follow-up (site visits) for the Civil Defense activities in Najaf Governorate.

- 3- The directorate of Mine Action (DMA) / Gender Unit, by cooperation with the Norwegian People's Aid Organization (NPA) and IKMAA, organized workshops on Gender and diversity mainstreaming in the field of mine actions in the governorates (Baghdad, Anbar and Erbil).

4- The Gender Unit in DMA emplement site visits to many IPs that working in mine action (IHSCO, Sharetrah, GCS, MAG).

where the women's teams working in the field were visited and interviewed with them in order to evaluating the activities and events of the gender teams in the organizations as well as to knowing the problems and obstacles that facing the females by listen and discuss with them to find a good solutions, in order to assist them and develop the Gender balance and divercty in mine action activities. also increase cooperation level with IPs to providing us with information for gender, in terms to consolidating the gender policy in the implementation of mine action activities, where we confirmed to IPs that the Gender Unit/DMA seeking to joint and support IPs, in terms to spreading a gender balance and diversity culture to prevention, protection, participation and developing capabilities .

5- Gender Unit in DMA and IKMAA, were participated in (**Comprehensive leadership training course**) for four days as well as (**Gender balance and diversity training course**) a one-day, which was held supported by the Geneva International Center for Humanitarian Demining (GICHD), many of IPs of the National Program for Mine Action participated.

- 6- Implementing and participating with EORE teams to conduct awareness campaigns on EO in all governorates to ensure that the population are safe from the dangers EO, as well as ensuring a change to safe behavior in (Thi qar, missan, Babylon , Anbar Ninavah , Najaf, Karbala, Wassit ..etc.)

7- Impilimenting (QA) operational site visit for IPs that working in Ninavah and Kerkuk .

8- Gender unit staff participated in training course to assess the threat of mines and EO in open areas for the directorate employees that organized by DMA , in its headquarters in the capital, Baghdad.

(14) employees participated, aims to raise capabilities and build capabilities in the field of assessing those risks for areas that witnessed hostilities in previous periods.

- 9- Gender and diversity in general, in Kurdistan region, reference to gender and diversity programs in particular to achieve the goal of empowerment and improvement of the role of women in the field of demining.

The role of Iraqi Kurdistan Mine Action Agency in strengthening the capacities of specialists in gender and social diversity, which is everyone's responsibility.

The Kurdistan Region has paid great attention to gender major issues, gender balance and participation in all spheres of life and social classes, women's participation and responsibility assignment, strengthening the capacity of those responsible for social issues, it is also emphasized the importance of international treaties on eliminating all forms of discrimination against women, the most important of these is UN Security Council Resolution 1325 on the security and protection of women.

It's interesting to mention that Iraq is the first Arab country to implement Resolution 1325 in recent years.

The Kurdistan Region has continuously tried to achieve several Goals in its policies and programs.

A training course by UNHCR for IKMAA staff in Slemani Province to promote equal employment opportunities for men and Women

-Action # 5- Oslo Action Plane

As we mentioned in article 7 report for last year , we update 20 of standards by supporting by UNMAS in 2021 , also , DMA were Update some of NMAS standard and procedure according to last update of IMAS through a special committee established to review all NMAS and update 4 NMAS , so total number of standards update is 24 standards. below is a list of updated standards at 2022:

- 1- 10-40 : Medical Support to Demining Operations.
- 2- 13-10 : Victim assistance in mine action.
- 3- 6-10 : Management of training.
- 4- 9:50/1: Guide to mechanical mine clearance/ground preparation using commercial tractors and front loaders

Note : for download through DMA website

(<https://dma.gov.iq/ar-IQ//Attachments/ELibrary>).

-Action # 6- Oslo Action Plan

Regarding to this Action 6, We mention before that DMA working to integrate Mine Action activities with sustainability goals 2030 , DMA also works to enhance efforts, create partnerships and integrate with all governmental and non-governmental sectors in order to clear dangerous lands and provide a safe environment as well as are able to development and investment.

-Action # 7- Oslo Action Plan

Regarding to Action # (47), direct bilateral meetings were held during the year 2022 with the embassies (the US Embassy, the British Embassy, the European Union Mission, the French Embassy, the German Embassy) and specialized international agencies such as the Swedish International Development Cooperation Agency (SIDA) and continuous support From the United Nations Mine Action Service UNMAS in order to establishing partnerships to support the fulfillment of obligations towards the Convention, also Work in progress to complete the legal steps to sign a memorandum of understanding with the UAE, Romanian, Saudi Arabia Kingdom, Republic of Korea and the Geneva International Center for Humanitarian Demining (GICHD) . as well as the implementation of the initiative of the Mine Advisory Group (MAG) exchange of experiences and best practices with the Lebanese Program for Mine Action (LMAC) and the support provided by the European Union and through UNMAS to clear minefields in Basra Governorate .also the support provided by the German government to the United Nations Development Office UNDP and the Geneva International Center for Humanitarian Demining GICHD to implement a project (beyond square metres) and case study of Iraq mine action programs .

-Action # 9 - Oslo Action Plane (Informatio Management)

DMA still Using IMSMAng system but we developed this system supporting by iMAAp org. and make it working online as well as make some tools and dashboards to share information with all implementer , RMAC-S connected online with DMA data Base ,So we use unified data base .

We signed the memorandom of cooperation and official documents with GICHD that necessary for moving to IMSMA Core.

currently we are working to make assessment of DATA before transfer it because as you know we have a big DATA need to check before move it to IMSMA core , hope in 2023 will complete move to IMSMA Core.

-Action #26 - Oslo Action Plane

1- (DMAs progress in developing national capacity)

Training section was held many of training courses implemented by the DMA staff ,UNMAS and IPs throughout 2022 in order to updating information, reducing errors and national capacity building in the field by updating specialist information, safety and general protection measures to avoid mistakes and reduce accident rates as well as increase the skills.

Directorate of Mine Action (DMA) sets up a flexible annual training plan in order to developing the capabilities of supervision and implementation teams of governmental and non-governmental organizations and companies (national and international) , by coordinated with Ministry of Defense (Military Engineering Directorate / School of Unexploded Bombs at Basmaya) and the Ministry of Interior (Directorate of Explosives Control / Explosive Control Training Center at al-Madaain) and all partners (govermenatl or non govermintal) to doing this training . see tables (14 and 15) in below:

D- APMs retained or transferred

According to Article 3

-Action #16 - Oslo Action Plan

The Republic of Iraq retains anti-personnel mines for training mine detection dogs, testing demining machines and studying the effect of the blast of various types of anti-personnel mines on demining equipment at a rate of approximately 20 mines as we mentioned in previous Article 7 reports. Republic of Iraq has concluded that the number retained mines do not exceed the minimum number absolutely necessary for permitted purposes and we destroyed all APM that discovered or removed by clearance operations

.-Action #17 - Oslo Action Plan

Republic of Iraq is continuation considering alternatives to using live anti-personnel mines for training and research purposes and DMA cooperate with Ministry of Defence in the matter to continue exploring this matter. Republic of Iraq will keep the States Parties updated.

Map 4- DMA EORE Activity

-Action # (24)- Oslo Action Plan

Regard to Action # (24) AOP , which includes providing detailed, costed, multi-year plans for risk awareness , we completed prepare awareness plans that covering for the years (2021-2023).

-Action # 28 – Oslo Action plan

The Republic of Iraq, through the Ministry of Planning, is adopting the inclusion of mine action for humanitarian purposes in all national plans and strategies And humanitarian response plans to adopt explosive ordnance awareness programs in that plans,

also that all survey and clearance activities are accompanied by risk awareness campaigns with its various activities, knowing that we informed All organizations and companies that have accredetaion to working in the mine field in Iraq of the need for their awareness teams to accompany the survey and clearance teams to be a contact point with the population of the affected communities. Also, the awareness teams usually monitor and check any victims of mines and exclusive ordnance in case of an accident to get baesic information about the accident in order to provide it to the Victims Assistance Department to complete the necessary measures for Victims,

as well as including national mine action programs in the United Nations Cooperation Framework Program for Sustainable Development (UNSDCF) approved by the Iraqi government for the years (2020-2024) and in coordination with UNAMI , as well as inclusion of all awareness and gender balance in plan of the (DMA) at the level of field and operational performance.

-Action # 29– Oslo Action plan

- Our awareness teams assess the needs based on the forms that are filled out in the field, in addition to that (DMA).
- by cooperation with (UNMAS), has completed a knowledge survey form, which is a form through which the needs and the extent of the communities' need for various awareness programs and activities are extracted, as well as through the data of the Victims Assistance Department through a victim form that shows us the victim's information (gender, cause of injury, activity during the accident, etc.), in addition to the information available from the Operations and Quality Control Department regarding the type of pollution. All of this data provides us with a good information which is assist us to made an assessment for needs to carry out various awareness programs that are suitable for the population of the affected community through (gender, age, type of pollution, activity during the accident) their own social customs and language (the dialect)
- trying to attract victims of mines and explosive ordnance within the awareness programs as they are influential elements to deliver awareness messages By telling the stories of the accident that led to their injury.
- -regarding to the awareness programs that were carried out by the Awareness and Media Department in DMA (coordination with the Ministry of Education / General Directorate of curriculum in order to including awareness messages and topics within the school curricula for the year.
- -by coordination with the Iraqi Media Network in order to including Ramadan month TV series scenes related to risk awareness of the hazards of war remnants.
- -by coordination with the Communications and Media Commission, we send free awareness messages via mobile phone networks, producing (15) awareness spots that adopt the style of puppet games and were broadcasted through national media channels.
- creating media channels through social networking sites (YouTube, Instagram) and awareness materials were broadcast through it.
- -coordination with famous art and sports players to spread and pass awareness messages through them.
- coordination with religious endowments and clerics to spread awareness messages.

- -carrying out sport events (football game) to spread awareness messages.

-Action # 30 – Oslo Action Plan

(DMA) through the Awareness and Media department and Victim Assistance department, carries out intensive awareness campaigns depends on number of injuries and unfortunate accidents after conducting an analysis and evaluation of these incorrect behaviors in dealing with risks, as priority is given to the targeted areas for awareness through the rate of injuries in them as well as their proximity to hazard areas of mines and explosive ordnance as well as targeting the most vulnerable groups through the activities that are practiced in their lives and that put them at risk because of their lack of awareness of the risk or as a result of the wrong behavior that they are behaving.

- Action # 31 – Oslo Action Plan

DMA through the Awareness and Media Department and in coordination with companies and organizations working in risk awareness, has adopted several awareness activity as below:

- conducting many of training related to capacity building,
- strengthening partnerships with official and unofficial institutional bodies to adopt activities related to building national awareness capacities through training trainers (TOT) in the awareness field, To qualify them as activists in this field within their affected communities and at the same time be a contact point with institutions or organizations working in the field of awareness. For example,
 - 1- the Awareness and Media Department in DMA held a workshop on the risk of mines and explosive ordnance, in coordination with the Ministry of Youth and Sports / Department of Regions, as the workshop was held in Babil Governorate Kotha Youth Forum / to rehabilitate sports youth within the forum , the number of beneficiaries was approximately (35) beneficiaries from various aspects of Kotha district.
 - 2- A training course was also held in risk awareness for members of the liaison for the Bustan org. staff that working in Nineveh Governorate / Nineveh Plain, with a number of (30) participants (20) males and (10) females, to qualify them to work in the EORE.
 - 3- A training course was conducted for liaison members of the Arab Consultative Team in Basra Governorate, with a number of (25) participants (12) men and (13) women.

- 4- DMA / the Awareness and Media Department were held a training course regarding to the promotion of the concept of Gender and its importance in the Mine Action, especially the risk awareness activity of organizations working in the field of awareness.
- 5- A training course was held in the field of awareness for employees of the Ministry of Oil / South Oil Company / Environment Department, which was held in Baghdad Governorate at the headquarters of the DMA.
- 6- coordination with the Syndicate of Artists, Journalists, Teachers and Agriculturists in order to hold awareness seminars,
- 7- supervising and following up the training courses provided by the organizations to their staff to assess and evaluate the training.

- Action # 32- Oslo Action Plan

DMA submits detailed reports explaining the methodologies used in EORE , the challenges posed, and the results achieved, with information disaggregated by gender and age.

These intensive EORE campaigns for the teams of the Directorate of mine action (DMA) is the optimization of dealing with the dangers of explosive ordnance and the growth of safe behaviors in the affected communities, by this way enhances the mine action as well as cooperation of the local population with the clearance teams .

I-1-2: Iraq Kurdistan Mine Action Authority (IKMAA)

In 2022, due to the financial crisis, the EORE teams of Iraqi Kurdistan Mine Action Agency (KMAA) were unable to visit the mine and ERW contaminated villages and communities, as a result, the number of EO victims are still a lot and needed further attention. To fill the gap created by the team's inability to visit the EO affected villages directly, IKMAA trained 26 Community Safety Wardens (CSW) to deliver lifesaving messages and instructions to the people of their villages and areas. In fact, these CSWs were able to warn the people of their villagers and fortunately, this move has had a great positive impact on the villagers of their area so that no more accidents were recorded. On the other hand, IKMAA through its website & Facebook page, social media and media channels disseminated EORE messages and instructions in order to provide its warning messages to the social media users.

- Victim Assistance department in DMA finished the national standard for victim assistance by coordinate with the relevant ministries (MOH - MOLSA - Authority for the Care of People with Disabilities and Special Needs - Ministry of Education - Ministry of Youth and Sports and all international and national organizations interested of victim assistance such as HI and ICRC.

The Victim Assistance Requirements according to the Oslo Action Plan of Ottawa Convention

-Action # 33 - Oslo Action Plan

- There is a government entity formed according to Law (38) of 2013, which is the Authority for the Care of People with Disabilities and the special needs affiliated to MOLSA, which responsibility up of general policies for people with disabilities and special needs in Iraq.

Where the Board of Directors of the Authority consists of:

- 1- The Chairman of the Authority
- 2- The two vice-presidents of the Authority
- 3- A representative of the General Secretariat of the Council of Ministers
- 4- A representative of the following ministries and agencies:
 - 1- The Ministry of Finance
 - 2- The Ministry of Defense
 - 3- The Ministry of Commerce
 - 4- Ministry of Justice

- 5- Ministry of Interior
- 6- Ministry of Work and social
- 7- Ministry of Education
- 8- Ministry of Health
- 9- Ministry of Housing and Construction
- 10- Ministry of Higher Education and Scientific Research
- 11- Ministry of Planning
- 12- Ministry of Youth and Sports
- 13- The Human Rights Commission
- 14- A representative of the Kurdistan Regional Government
- 15- Seven members with disabilities and special needs
- 16- Two doctors who specialize in the disabled.

The board of directors of this Authority assumes the following tasks:

- 1- policy making and approving the general policy of the Authority's work in caring for people with disabilities and special needs, rehabilitating them, and following up the implementation procedures.
- 2- Supervising and following up on providing the requirements of people with disabilities and special needs in all fields, in coordination with the relevant competent Authority.
- 3- suggesting an employment policy for people with disabilities and special needs through preparing programs and describing jobs that can be filled by them.
- 4- Developing plans for training and preparing research.
- 5- the comprehensive national awareness to prevent the occurrence of disability, reduce its severity and prevent its exacerbation.
- 6- Submitting semi-annual reports to the Council of Ministers on the Authority 's activities.
- 7- Monitoring and following up the implementation of the decisions of the Board of Directors of the Commission.

-Action # 34- Oslo Action Plan

There are efforts made by the government entity represented by the The Authority for the Care of People with Disabilities and the special needs through the implementation of the paragraphs and articles of Law No. (38) of 2013, as this law aims to achieve the following:

- 1- Caring for people with disabilities and special needs and eliminating discrimination due to disability or special need.
- 2- Preparing the requirements for integrating people with disabilities and special needs into society.
- 3- Ensuring a good life for people with disabilities and special needs.
- 4- Respecting disability and accepting disability as part of human diversity and human nature
- 5- Creating job opportunities for people with disabilities and special needs in state departments and the public, mixed and private sectors.

Where this law guarantees the legal frameworks related to disability, health, education and other rights in line with the relevant provisions of the Convention on the Rights of Persons with Disabilities and Special Needs.

-Action # 35 - Oslo Action Plan

DMA have strength database that includes information about the Victims (Killed and Injured) caused by mines and EO , through field surveys and follow-up of emergency injuries depending on the sources of data collection, but the Directorate of Mine Action (DMA) seeking to unify the available database with all relevant authorities.

Where the first meeting was held with the partners and ministries concerned with providing services to unify the database on.

at December 2022 in the headquarters National Data Center Department , where it was decided in the meeting the Ministries of (Planning , Health , MOD and MOI) providing the National Data Center Department with the required data according to the electronic form, after classifying them according to the designations of the Ministry of MOLSA / Authority for the Care of People with Disabilities and the special needs

-Action # 36 - Oslo Action Plan

- First aid is provided effectively and efficiently to the victims by all emergency wards in government hospitals close to the affected communities, in addition to providing continuous medical care by medical rehabilitation hospitals, rehabilitation centers, prosthetic limb manufacturing centers, and supports for the victims after they have gained of complete recovery and providing them with the medical aid they need according to his condition.

-Action # 37 - Oslo Action Plan

- There are vigorous efforts and joint meetings on the issue of the national referral draft between the Directorate of Operations and Emergency Medical Services / Rehabilitation and Disability Prevention Department Victims assistance in DMA to facilitate access for all victims to the required services. It is planned to hold a workshop among all concerned parties supported by the International Disability Committee (HI) early The fifth month at 2023 about this subject. Where this draft was prepared by the Ministry of Health / Department of Rehabilitation and Prevention of Disability to refer the injured, after gaining complete recovery, to rehabilitation centers or prosthetics centers, or to refer them to the services they need. It also guarantees the training centers affiliated with the MOLSA, so that the victim can access them after gaining full recovery, in order to reintegrating them.

-Action # 38- Oslo Action Plan

- There are serious steps by the Ministry of Health / Directorate of Operations and Emergency Medical Services / Department of Rehabilitation and Prevention of Disability in the process of activating the role of community rehabilitation, which ensures that services of all kinds reach victims in far areas and provide all their needs, as a joint committee was formed by the above directorate It included (a representative of public health - a physiotherapist - a prosthetic limbs technician - a representative of the Persons with Disabilities Care Authority).

The first phase began in Baghdad governorate on both sides, Karkh and Rusafa, where a rehabilitation center was chosen on the Rusafa side as a first stage, according to the financial budguts. It undertakes to provide the aforementioned services through field visits to the victims in their places of residence.

-Action # 39 - Oslo Action Plan

There is a governmental body that draws up general policies for people with disabilities and special needs in Iraq, including victims of mines, through the implementation of the articles of Law (38) of 2013, which guarantees the provision of treatment and rehabilitation services, education, capacity building, business development services, and economic and social inclusion, according to the available capabilities.

-Action # 40- Oslo Action Plan

- All ministries have a plan to provide the needs of the victims in general and to be integrated within the policies and frameworks to ensure the provision of services (health - education - development) according to the available capabilities.

-Action # 41- Oslo Action Plan

There is a governmental body called the Authority for the Care of Persons with Disabilities and Special Needs. One of its tasks is make a general policies for this segment throughout Iraq, as there is a board of directors that includes all representatives of service ministries and representatives of the seven disabilities (visual, auditory, kinesthetic, short stature, deaf and dumb,) and those who are able to assist in decisions-making. , all of these disabilities are participants in the meetings of the Board of Directors of the Authority for Persons with Disabilities and Special Needs and are able to take the appropriate decision that is in the interest of this segment in general, including victims of mines and their participation mainly in the development of relevant laws, policies and programs.

J-1-2: Iraq Kurdistan Mine Action Authority (IKMAA)

Again, because of the shortages in the financial support in 2022, IKMAA EORE team activities to warn communities were reduced and limited. Unfortunately, teams were unable to adequately visit villages and communities polluted with EO, and this was the main cause behind keeping the accidents at the indicated level. In 2022 the number of victims reached to 43 as shown the following table, most of whom were shepherds, herb collectors and a number of victims were collectors of scrap, iron and explosives.

Despite the EO accidents in the Kurdistan Region, especially in the areas where highly contaminated, the Prosthetic and Rehabilitation Centers which are assigned for providing services to the victims, they don't have the necessary equipment to provide services to the victims, in result, EO victims in Erbil and Duhok are obliged to visit the ICRC center in Erbil, this lay a high financial cost on the victims.

J-2 Cooperation and Assistance

- Action # 42- Oslo Action Plan

DMA work in progress to provide financial and non-financial commitments from government budget in accordance with the general financial policy, as well as we working is underway to explore all sources of alternative and innovative funding by coordination with the National Investment Commission to clear lands contaminated with anti-personnel mines in order to using the lands in the different investment activities .

-Action # 43- Oslo Action Plan

Iraq submitted the second updated plan for a period of two years (2022-2023) as a obligations of the extension request, The plan includes resource mobilization and publication on challenges and needs related to assistance.

Also direct meeting with many Embassies according to tailored approach Individual cases in order to support Iraq mine action programmas .

Action # 44- Oslo Action Plan

Regarding procedure No. (44), a meeting was held during the year 2022 for the national team (the national forum) in charge to increase of coordination between national authorities and United Nations agencies to coordinate national efforts to implement the obligations of the Republic of Iraq towards the Convention, knowing that important decisions were issued in the interest of implementing national obligations.

Case Study

Technical Survey for South Rumaila Minefield in Al Zubair district -Basra Province in 2022

Introduction:

This area is very rich by oilfield , agriculture area, grazing purposes and Truffle collectors in spring season and According to our database we classify Al Zubair district in Basra province as a one of highly contaminated area in Iraq due to Second gulf war that happened in 1991 and Third Gulf war in 2003 there for we recorded many accidents and incidents and stop many investment projects due to this contamination in this area.

In 2013 DMA/RMAC south with all partners in Iraq mine action program conducted NTS for Basra province and according for this survey we recorded a huge contaminated areas as a suspected mine field and cluster munitions area ,In that time NTS procedures didn't allow for NTS teams to enter danger areas to define these areas, after 2018 we developed NMAS that related for TS to get additional information to reduce the hazard area and identify the minefield area precisely.

Survey and Results:

According to APMBC and Oslo Action Plan to do more efforts to update the information to reduce hazard area , RMAC south with Engineering military directorate belong to MOD and Basra oil company started long discussion and meetings to put a technical plan for area 5,687,062 m² to conduct technical survey for this area . Information management section in RMAC-S prepared all required reports and maps to start this mission.

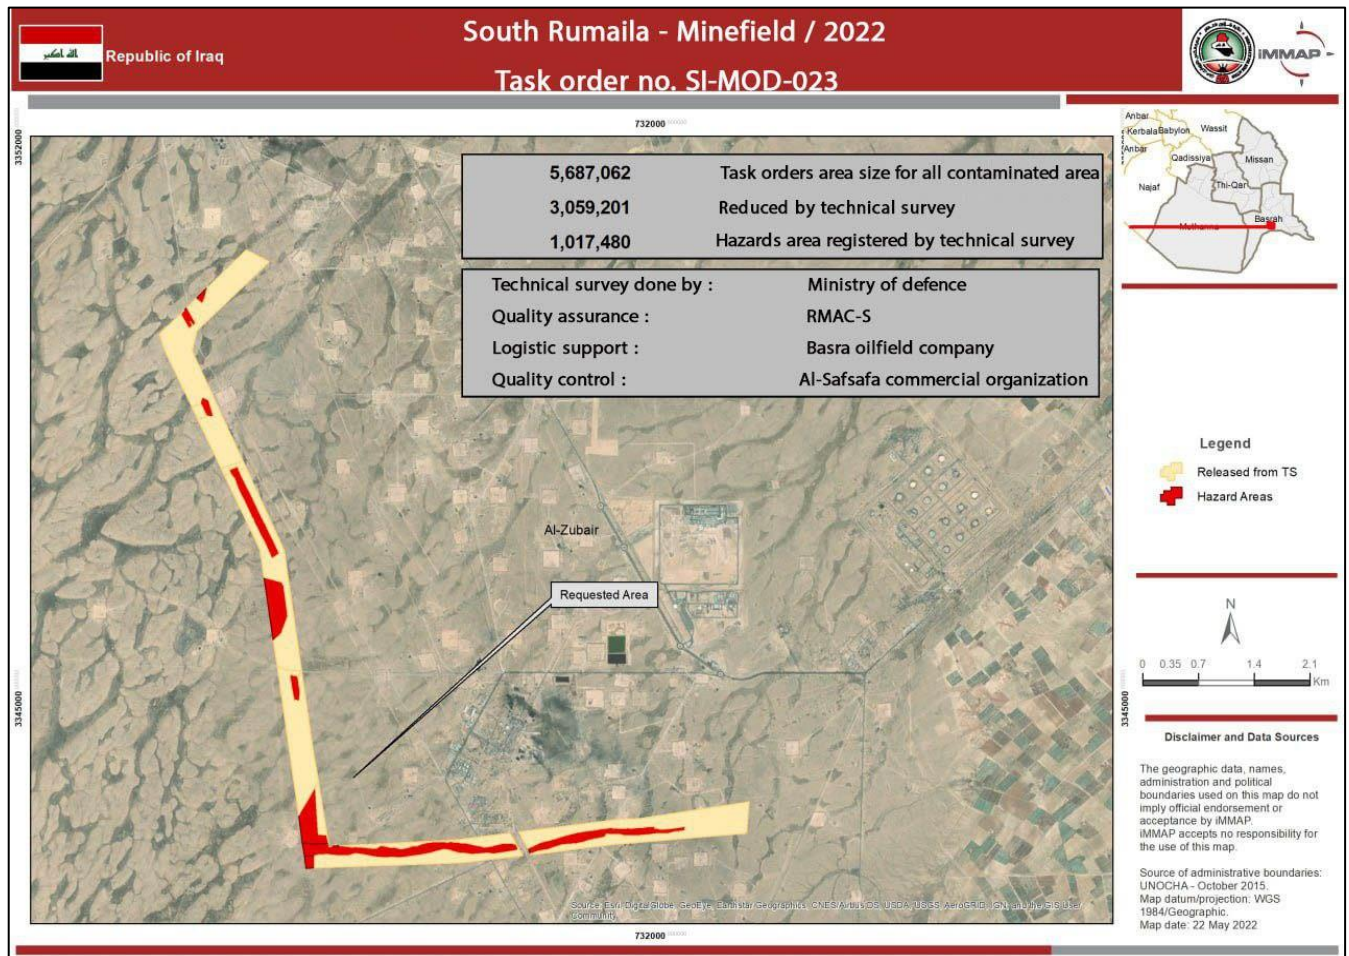

RMAC south issued a task order (Task ID SI-MOD -023) to MOD teams to conduct technical survey for 7 month and 4 teams in this area .

After finishing this task ,DMA /RMAC south and one of accredited organization received all reports from MOD and conducted quality control for this area to make sure for these reports and the results of this survey was very excellent due to reduce 3,059,201 m² as shown in map .**

Next step

DMA/RMAC south and military engineering teams and Basra oil company prepared another plan to complete mission and do the clearance for remaining part to clear 1,017,480 m² after Iraqi government approve the budget for this project hoping to start clearance task mid 2023.

Summary for Task SI-MOD-023

Task ID SI-MOD-023
Task Name HZ-SI-5882 مسح تقني - حقل الغام الرميلة الجنوبي
Task Type Technical Survey

Task Information

Conducting Ministry of Defense **Manager** RMAC-S
Status Ongoing **Method** Technical Survey
Country Structure Iraq / Basrah / Al-Zubair / Al-Zubair / Ar Rumaylah

Description كتيبة معالجة القنابل غير المنفلقة/ المقر العام / الثانية 3039 في 2021/10/31
مناطق رميلة
History كانت مواقع معسكرات للجيش العراقي السابق
Future لاستثمار النفطي

Summary of Task Objectives

Land ID	Land Name	Area Size	Priority	Status	Nbr Activities
HZ-SI-5882	حقل الرميلة الجنوبية/النفطي			Worked on	2
TOTAL					2

Planning & Monitoring

Schedule and Timeline

Planned Start Date November 01, 2021 **Actual Start Date**
Planned End Date June 01, 2022 **Actual End Date**
Planned Work Days **Actual Work Days**
Expected Cost **Unit of Currency** AED - UAE Dirhams
