# SuperFish Natural Wood

Wood adds character to your aquarium, because it has his own unique shape and form. A nice piece of wood forms the basis of the aquarium. There are different types of aquarium wood, that come in many colours, shapes and sizes. Java Moss, Anubias and other plants can be attached to create an eye-catching aquarium. All our natural woods are carefully cleaned and disinfected.

## Malaysian Drift Wood

# SuperFish Filtration

A filter removes pollutants from the aquarium and breaks them down by the bacterial action in the filter, so the water remains healthy. Internal filters are compact and especially for small aquariums.

## Aqua-Flow Internal Filters with Easy Clean Click

The perfect filter for tropical and coldwater aquariums. The Easy Clean click system makes filter cleaning easy, you can replace the Dual-Action filter cartridge in a snap.

- SF AQUA-FLOW 50 [Art. A7030800]
- SF AQUA-FLOW 100 [Art. A7030805]
- SF AQUA-FLOW 200 [Art. A7030810]
- SF AQUA-FLOW 400 [Art. A7030815]

## Aqua-Flow Easy Click Cartridges

For the Aqua-Flow internal filters there are handy cartridges available. Replace the filter cartridge of your Aqua-Flow every month. The sponge and the active carbon in the Dual Action filter cartridge become saturated while in use. A replacement cartridge restores optimal filter performance.

- SF AQUA-FLOW 50 EASY CLICK-CARTRIDGE (3 pcs) [Art. A7030830]
- SF AQUA-FLOW 100 EASY CLICK-CARTRIDGE (2 pcs) [Art. A7030835]

- SF AQUA-FLOW XL SPONGE (2 pcs) [Art. A7030849]

## Aqua-Flow 300 and XL Triple Action Filters

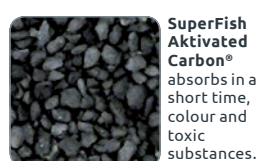

Large internal filters with Triple-Action filter cartridges. Optimal mechanical filtration with a fully open-structure foam with Activated Carbon to remove organic contamination, chemicals and dyes from the water. And CrystalMax, a very porous biological filter medium made from sintered glass. It acts as a sponge for micro-organisms, decomposes waste products and harmful substances very fast and effectively. Perfect filtration for tropical and coldwater aquariums.

- SF AQUA-FLOW 300 [Art. A7030813]
- SF AQUA-FLOW XL [Art. A7030820]

## Aqua-Flow Crystal Clear Cartridges

For even better results you can replace the cartridges with Crystal Clear cartridges. These cartridges consists of filter foam and Crystal Clear, a combination of SuperFish® Activated Carbon and Zeolite. It removes all coloration and ammonia from the water and helps to prevent Nitrate and Phosphates. The result is crystal clear healthy water with less algae growth. Replace the cartridge once a month for best results.

SuperFish Activated Carbon® absorbs in a short time, colour and toxic substances.

Zeolite removes ammonia which very harmful to your fish.

# SuperFish Aquarium Aeration

An air pump provides water movement in the aquarium which is important for oxygen. In addition, the air bubbles create a decorative effect in the aquarium.

## SuperFish Smart-Air, the super quiet air pump

The SuperFish Smart-Air is the most innovative quiet air pump in the world so you can enjoy your aquarium hobby without annoying sounds. The Smart-Air is easy to install on the side of your aquarium with the suction cup.

Life Span 8000 hours, 330 days x 24 hours, or much more days if not used continuously. The Smart-Air is designed for small aquariums up to 50 litres. The output is 35 litres per hour.

SF SMART-AIR 35 [Art. A7010015]

## SuperFish Air-Flow Air pumps

Ultra safe air pumps for oxygen enriched water, designed for aquarium use. Each pump comes with a free replacement membrane to ensure longer usage. The Air-Flow Mini and Air-Flow 1 have one outlet, while the Air-Flow 2 has two and Air-Flow 4 has four outlets and have adjustable air flow.

## SuperFish Air-Pad Silencer

An air pump is working with a diaphragm which is vibrating. This vibration is accompanied by a soft humming sound. Despite rubber feet for cushioning, an annoying resonance can occur. The Air-Pad Silencer prevents this resonance and is sound insulating.

Available in two sizes; the Air Pad 1 is suitable for Air-Flow mini and 1, the Air Pad 2 is tailored for the Air-Flow 2.
