

# Freezer Xtreme

## Multi-Compatible CPU Twin Tower Cooler

- Unmatched cooling performance-160 Watts
- Unique twin tower 102-fin heatsink design
- Efficient heat dissipation-4 double-sided heat pipes
- 1 Ultra quiet 120 mm PWM fan
- Patented fan holder eliminates the buzzing sounds
- Pre-applied MX-2 thermal compound
- Easy installation with push pins

# Freezer Xtreme

## Multi-Compatible CPU Twin Tower Cooler

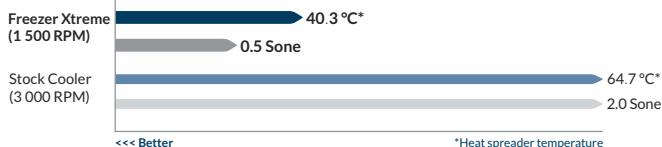

With an innovative flexible mounting design, the **Freezer Xtreme** is compatible with both Intel® and AMD® sockets. It is extremely quiet thanks to the 102-fin twin tower heatsink while delivering excellent cooling performance.

The **Freezer Xtreme** is a definitely reliable cooling solution even for high end CPUs.

### Specifications

|                       |   |
|-----------------------|---|
| Heat Pipe             | Ø6 mm x 3 (Double-sided)                  |
| Heatsink Material     | Aluminum Fins x 102, Thickness: 0.3 mm    |
| Fan                   | 120 mm, 800-1 500 RPM (Controlled by PWM) |
| Bearing               | Fluid Dynamic Bearing                     |
| Noise Level           | 0.5 Sone                                  |
| Current/Voltage       | 0.20 A/12 V DC                            |
| Max. Cooling Capacity | 160 Watts                                 |
| Dimensions            | 132(L) x 100(W) x 140(H) mm               |
| Net Weight            | 608 g                                     |

### Cooling Performance and Noise Level on Intel® Core™ i7-3770K (Overclocked)

### Compatibility

Intel® Socket 1151, 1150, 1155, 1156, 1366, 775

AMD® Socket AM4, AM3(+), AM2(+), FM2(+), FM1

### Fluid Dynamic Bearing
