Business displays and accessories redefined

Designed to empower the modern workforce, HP offers a robust portfolio of displays and accessories, enabling you to work with enhanced productivity and versatility.

60%
of a worker's time is spent away from their desk.[1]

70%
of offices have open floor plans.[2]
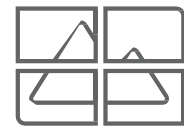

50%
increase of productivity when using multiple monitors.[3]
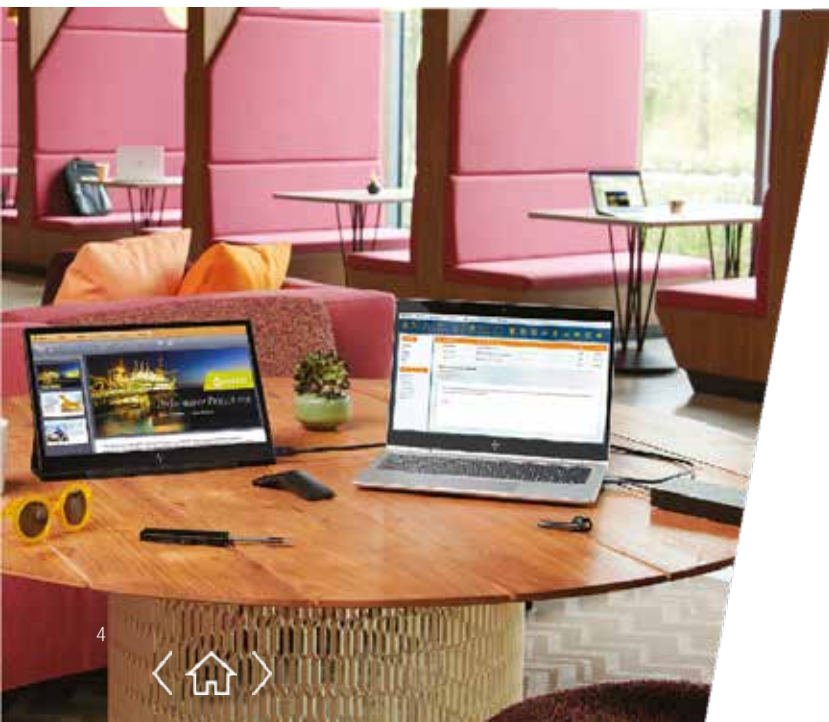

HP products are designed to digitally transform your workplace by offering flexible, scalable, universally compatible and future-proof solutions for your growing business.

1. Global workforce analytics, 2016
2. International Facility Management Association (IFMA), Space and Project Management Benchmarks Research Report, #34, 2010

WORKPLACE OF
THE FUTURE

Transforming your workforce

Today's workforce is highly mobile and deeply immersed in collaborative work. HP Displays and Accessories provide the tools you need wherever your business takes you.

77.8% of employees say that it is important for them to have the ability to work from anywhere.[1]

Mobile Trailblazer

For the professional who's always on-the-go. Navigate back-to-back meetings and work from your desk, home or anywhere in between – demanding uncompromised productivity every time.

Office Navigator

Processing, creating and collaborating across multiple departments, both in and out of the office, while keeping sensitive information safe.

Cloud Native

Requires constant connection to cloud and browser-based workflows, to facilitate seamless and secure collaboration.

1. Brian Solis, Altimeter Group, Cord-Cutting Hits the Enterprise as Employees Become Anywhere Workers, 2016

Frontline Hero

Consistent performance to accomplish time-sensitive tasks all within a comfortable environment to maintain long periods of productivity.

Power User

Ultimate performance for software development, data analysis and engineering. Versatile port options for scalability and mission-critical reliability.

Creative Pro

Relies on high performance and enhanced reliability for editing photos or videos, graphic design or creating artwork with precision.

7

Workplace of the future

Emphasizing the power of design, freedom of security and meaningful collaboration, HP is changing the way people work. Engineered to meet high business demands, HP keeps you connected – enhancing productivity in the office or if you are on-the-go.

Innovative companies are **5X** more likely to have workplaces that prioritize both individual and group workspace.[1]
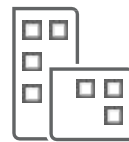

43% are implementing/expanding hoteling and reducing office space.[2]
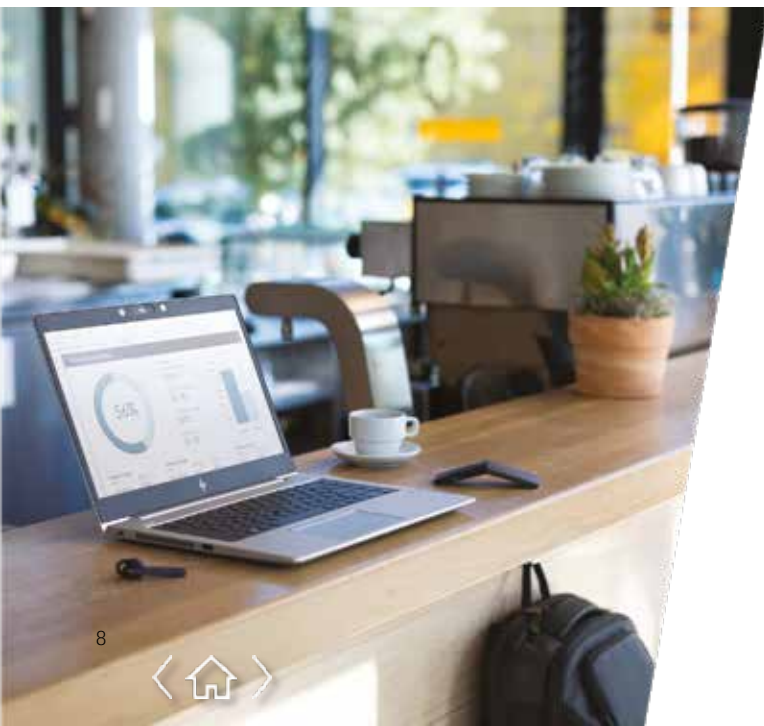

Workstyles are changing and professionals today are always in transition. With the need to remain mobile, HP delivers highly adaptable devices that keep you connected without compromising on quality or work processes.

1. Gensler 2017
2. Forrester Network & Telecommunications Survey, 2015

62%
of end-users worldwide work from more than one location.[3]

48%
of office workers have 2+ monitors at their workspace.[4]

Smaller offices demand highly compact and clutter-free workspaces. HP's line of displays and accessories provide a clean, minimalistic look while enhancing productivity and effective collaboration.

3. HP Quantitative Research with WW End Users, 2015
4. C Space, Display Purchase Motivations, January 2018

HP DOCKING SOLUTIONS

HP Docking Solutions enable a full desktop experience through a single cable.

Desk Docks

HP's flexible, universal docks serve as a hub for connecting your notebook to all your peripheral devices, from displays to speakers, via a single cable.

HP USB-C™ Dock G5

50% of IT dock deployments are USB-C™.[1]

86% USB-C™ adoption rate in notebook PCs by 2022.[2]

1. IDC FutureScape: Worldwide Connected Devices 2017 Predications, 2016
2. IDC 2018 Worldwide USB-C™ Embedded in PCs, Forecast, 2018-2022

Docking Displays

Displays with built-in docks offer a 2-in-1 solution, enabling you to connect your notebook to your accessories with a single cable.

HP E243d
Docking Monitor

Portable Docks

Enable full-desktop productivity while on-the-go with portable docks that allow you to keep your accessories charged and connected to your notebook.

HP USB-C™ Mini Dock

Portable Docks provide workers with mobile connectivity, allowing them to stay productive in or out of the office.

YOUR WORKFORCE

WORKPLACE OF
THE FUTURE

REINVENT HOW
YOU COLLABORATE

Innovate the way you work with HP's collaboration solutions. Designed to inspire creativity, enhance productivity, and enrich your brainstorming sessions anywhere you are.
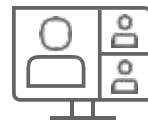

83%
of knowledge workers depend on technology to collaborate.[1]

HP Displays and Accessories offer highly interactive and flexible solutions that encourage collaboration in the office, in meetings, on the road, and everywhere in between. Seamlessly share ideas with advanced audio and visual technology, Skype for Business™ integration and virtual whiteboard streaming.

1. Dimensional Research: Collaboration Trends and Technology, A Survey of Knowledge Workers, August 2015

PEACE OF MIND WITH HP SECURITY SOLUTIONS

Protect your business from security breaches while safeguarding sensitive data and technological investments with HP Security Solutions.
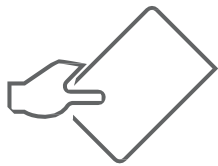

A laptop is stolen every
53 seconds.[2]

Secure locking

One-touch loop and locking efficiency that keeps unauthorized persons from removing devices from their intended positions.

Fingerprint authentication

Biometric unlocking with a touch of a finger. Keep your data secure with built-in encryption for fingerprint recognition and user authentication.

Privacy filters

Protect your onscreen data with HP Sure View integrated privacy filters, designed to shield sensitive information from prying eyes.

2. CIO, 10 things to do before you lose your laptop, 2015

KEEPING THE HEALTHCARE INDUSTRY SAFE, SMART AND SECURED

HP Healthcare Solutions offer sanitizable[1], collaborative and technology with enhanced security that enables busy healthcare professionals to put patient care first.

71%

of clinicians and IT staff perceive computers and keyboards to be the most prone to carrying infections in a clinical setting.[2]

Securing sensitive data is paramount when protecting patients' personal information. HP Healthcare Solutions offer integrated security measures such as privacy filters and smartcard readers to prevent unauthorized viewing and information tampering.

Combining sanitizable hardware with state-of-the-art telemedicine options, HP has reinvented how medical professionals can enhance their productivity and workflows.

1. Select HP Healthcare Edition products are sanitizable, see user guide for cleaning instructions and approved cleaners.
2. Weber DJ, Rutala WA, Miller MB et al. Role of hospital surfaces in the transmission of emerging health care-associated pathogens: norovirus, Clostridium difficile, and Acinetobacter species. Am J Infect Control 2010; 38:25–33.

BRINGING EDUCATION INTO THE FUTURE

HP Education Solutions make an impact in the classroom by engaging students with technology and offering teachers more flexibility and productivity.

Designed for students, HP promotes collaborative learning–shaping the brightest minds of the next generation. Transforming the classroom into a digital space for education where students can be connected to resources and class materials at all times.

Maximizing efficiency for charging and storage, HP's secure storage facilities offer load-sensing and charging technology–reducing the risk of theft.

HP Commercial Displays

Z by HP Displays

From CAD models to photo editing, your work comes alive on HP's highest performing displays. With HP DreamColor Displays, experience over 1 billion on screen colors and cinema 4K resolution on the Z31x. Get out-of-the-box color calibration and HP Zero Bright Dot Guarantee1 for reliable picture quality, all with an attractive industrial design.

HP S-Series Displays

Designed for the workplace of the future, the HP S-Series Displays are purpose-built with refined, elegant materials that deliver exceptional experiences and a modern aesthetic. Experience expansive displays with seamless connectivity and premium features.

HP E-Series Displays

Take your productivity to the edge with HP E-Series Displays. Built to meet your demanding presentation, performance, connectivity, and ergonomic needs while looking great. With 4-way adjustability, wide viewing angles, and the option of an integrated docking or privacy display, optimize your working conditions for a perfect fit.

HP P-Series Displays

Boost daily office productivity on the HP P-Series Displays with essential features at an affordable price point. Get FHD resolution, multi-device connectivity, and screen sizes up to 27" with additional options such as height adjustment, integrated speakers, and micro-edge bezels.

HP Healthcare Displays

Designed for clinicians, the HP Healthcare Displays are easily sanitizable2 with germicidal wipes and offer options such as an integrated privacy screen, DICOM compliant, or an integrated RFID card reader for single sign-on authentication.

HP Large Format Displays

Inspired to enhance collaboration and productivity, turn your everyday conference rooms into a world-class collaboration centre. HP Large Format Displays feature 4K UHD displays with excellent content readability and brilliant imagery in screen sizes up to 55".

1. The HP Pixel Policy allows no bright sub-pixel defects for select displays. For complete details, see http://support.hp.com/us-en/document/c00288895.

2. Select HP Healthcare Edition products are sanitizable, see user guide for cleaning instructions and approved cleaners.
