### SIRLOIN STEAKS WITH CHIMICHURRI & POTATO WEDGES

*Want to serve up a steak-night feast for the whole family? Fresh, zingy chimichurri and crispy potato wedges make this recipe a real crowd-pleaser*

#### SERVES 4

- 2 packs (4) M&S British sirloin steaks
- 4 large potatoes, cut into wedges

#### For the chimichurri

- 2 banana shallots, finely chopped
- 4 sprigs fresh oregano, leaves finely chopped
- 6 tbsp flat leaf parsley, finely chopped
- 6 tbsp coriander, finely chopped
- 2 heaped tsp wholegrain mustard
- 2 red chillies, deseeded and finely chopped
- 10 tbsp extra virgin olive oil
- 4 tbsp red wine vinegar

**1.** Take the steaks out of the fridge 30 minutes before cooking. Drizzle the steaks with 2 tbsp olive oil and season both sides with salt and pepper. Preheat the oven to 220°C/200°C fan.

**2.** Place the wedges into a medium saucepan, cover with water and season with salt. Place over a medium-high heat and bring up to a simmer. Cook for around 5 minutes or until the wedges are just tender, then drain through a colander.

**3.** Pour 2 tbsp olive oil into an ovenproof tray and place into the oven for 5 minutes to heat up. When hot, add the wedges onto the tray in a single layer and cook for 20 minutes. Remove from the oven, turn each wedge over, then return to the oven for another 15 minutes, or until golden and crispy.

**4.** Meanwhile, place all the ingredients for the chimichurri into a mixing bowl. Mix everything well and add some salt and pepper to taste.

**5.** Heat a griddle pan over a high heat. When the pan is smoking hot, place the steaks fat-side-down onto the griddle and cook for around 1 minute, or until the fat begins to render and turn crispy.

**6.** Next, lay the steaks flat on the griddle and cook for 2-3 minutes on each side, depending on the thickness. If you would like a medium-rare steak, it should still be quite springy to the touch.

**7.** Remove the steaks from the griddle pan and set aside on a plate for a few minutes. Thickly slice the steaks, then place onto serving plates along with the wedges. Spoon the chimichurri over the steaks to serve.

Per serving Kcal 1293 Fat 101g Sat fat 23g Sugar 2.7g Salt 1g

- Mrs Wendy Phipps, Worcestershire (Judge)**
- Ms Amelia Bevin, Suffolk (Judge)**
- Ms Kirsty Aird, Scotland (Judge)**

Glenallen Homes have sponsored the Hunter section for the best turned out hunter in each of the classes to the value of £50. Each of the best turned out winners are chosen by the judge.

The Hunter Supreme Championship will take place in the main Arena on Thursday 11 May at 1.15pm. Please note that the Champions and Reserve Hunters in S26 - S28 go forward for the Supreme Championship.

Carr & Day & Martin will present a prize to the best turned out horse in the Hunter Supreme Championship.

The Small Hunter Championship (S29) will take place in the Main Arena on Wednesday 10 May at 3.30pm.

Riders to have attained their 16th birthday before 1st January in the current year

The Ridden Hunter Champion, Reserve Champion and Champion 4 year old Ridden Hunter can go forward to the Red Mills Champion of Champions Final.

# PERFORMANCE RIDDEN IRISH DRAUGHT

## SPONSORED BY LIGHTSOURCE BP

**Mr Liam Cotter, Tuam (Judge);**

**Mrs Maura Rooney, Westmeath (Judge);**

**Mrs Sarah Bright - Philips, Lincolnshire (Judge)**

IDHS Limited has kindly donated a contribution towards the Irish Draught classes.

To be ridden by riders who have attained their 16th birthday by 1st January in the current year.

### Aim

To demonstrate the ability, temperament and suitability of the Irish Draught horse for the amateur riding market. The Irish Draught is the foundation of the Irish sport horse. It should have good movement, rideability, bravery and be capable of participating competently in all equestrian activities. It should be strong, intelligent, willing, sensible and have a kind disposition. A performance element has been included in these classes to demonstrate and showcase the performance potential of the Irish Draught.

### Dress & Tack

- Correctly secured protective headgear conforming to the current safety standards must be worn and properly secured at all times.
- The wearing of a body protector is recommended.
- Any suitable snaffle bridle may be worn. Bits must be used in their manufactured condition, without any addition or modification on or too any part, and conform to the requirements of the class. The bit must never be used to reprimand the horse. Judges will take into consideration the effectiveness and severity of the bit and bridle and their decision is final.
- Martingales are not permitted.
- Neckstraps and/or breastplates are permitted.
- No saddle cloths, only saddle contoured numnahs are permitted.
- Only blunt metal spurs or ones with rubber rowels  $\leq 2 \frac{1}{2}$  cms (1") facing downwards are permitted.
- Front boots of a plain colour may be worn

The same tack must be used in each phase. No tack etc. may be worn that conceals the conformation of the horse.

### Flat Work Phase (40 points)

Details of the Flat Work Phase can be found on the website:-

Flatwork phase 20 x 40 arena.

### Jumping Phase

4 and 5 Year olds-  $\leq 90$ cm in height

6 Year old and over -  $\leq 1.05$ cm in height

Exhibits will be required to jump a course of 9 fences, including natural and derby style fences. Exhibitors are encouraged to show extended canter / gallop at the end of their jumping round. Exhibitors are advised to ensure that their entry is presented by a competent rider. Based on ground conditions, the RUAS reserves the right to change the jumping course format on the day of competition.

Penalties:

- For each fence down - 4 penalties
- 1st refusal - 5 penalties
- 2nd refusal - 10 penalties
- 3rd refusal on course - Elimination
- Fall of horse or rider - Elimination

### Conformation Assessment

Once the competitor has completed the jumping phase, he/she will proceed to strip the horse and present in-hand to the conformation judge.

Phase	Points
Flat Work Phase	40
Jumping Phase	120
9 fences @ 10 points each	90
Rhythm & Fluency	10
Technique	10
Balance & Harmony of rider with horse	10
Conformation Phase	40
<b>Total</b>	<b>200</b>

The rhythm and fluency along with jumping technique and the balance and harmony of the rider will be taken into consideration when judging the jumping phase.

In the event of a tie, the horse with the highest mark for the jumping phase will be the winner. If there is still a tie the horse with the highest conformation mark will be the winner.

## RIDING HORSES SPONSORED BY EVENT TECHNICAL SERVICES

**Ms Esther Rostron, West Sussex (Judge);**

**Ms Bridget Millington (Judge)**

To be judged on ride, manners and conformation. An individual show, if required by the judges, should not exceed 2 minutes and include walk, trot, canter, a simple change at canter, rein back, strike off on required leg, gallop on, halt and stand still. There will be a strong emphasis on manners, ride and training.

Only horses in possession of a current height or final measurement certificate appropriate to their class may compete in class 42. This certificate should be issued by a society or scheme approved by the FEI or issued by a National Federation affiliated to the FEI or a certificate issued by a society or scheme approved by such National Federation and must be presented with their passport at arrivals.

## LADIES SIDE SADDLE - BALMORAL CLASSIC COMPETITION

SPONSORED BY BOTANICA INTERNATIONAL

**Ms Esther Rostron, West Sussex (Judge);**

**Ms Bridget Millington (Judge)**

This class is to encourage a harmonious and elegant impression of the side saddle horse and rider combination whilst promoting effective horsemanship. To be judged 25% conformation & action; 25% manners & way of going; 25% rider; and 25% turnout of horse and rider. After the ride around, the riders will be called forward to do an individual show, showing walk, trot and canter on both reins with a canter extension on one rein. The judge will not ride the exhibits, horses will not be stripped. The judge shall use the mark sheet provided.

Traditional habits must be worn. Fancy dress and Period Costumes not permitted. Silk hats are permitted to be worn in this class.

### Specials

- S39 VERONICA TROPHY-** for the highest placed SSA Area 21 (Northern Ireland) member who has participated in two SSA events in the current year.
- All SSA Members carrying their current membership card shall receive an SSA rosette for competing.

**WORKING HUNTERS****SPONSORED BY CONN & FENTON SOLICITORS**

**Mr David Bennett, Poulton - Le - Fylde (Judge);**

**Ms Jane Collins, East Yorks (Judge)**

**COURSE BUILDER : ADRIENNE STUART**

**PHASES OF JUDGING**

## Phase 1 - Jumping

All horses will be required to jump a course which will consist of a minimum of eight fences that will have a natural appearance and not be easily dislodged. The maximum height of fences will be 1.15m and is at the discretion of the Judges.

The manner of going will be taken into account - refusals will be severely penalised.

First refusal	15
Second refusal	20
Third refusal	elimination
Jumping knockdown	10

Fall of horse or rider - elimination, In the interests of safety, competitors may not remount.

60% of the available marks will be allocated in this phase (40% of actual jumping and 20% style and way of going).

## Phase 2 - Ride.

## Phase 3 - Presence and conformation

These phases will be judged as for hunter classes with 40% of the available marks allocated (ride 20%, presence and conformation 20%).

Working hunter horses can be shown in any bridle with a bit. The judge will take into consideration the effectiveness and severity of the bit and bridle.

Front boots may only be used for phase one. Back boots are NOT Permitted in either the arena or warm up areas.

In the event of a tie at the conclusion of judging, the horse gaining the greatest number of points in phase 1 shall be the winner. If there is still a tie, the points in phases 2 and then 3 shall decide.

The order of judging will be by draw and the draw will be listed in the catalogue.

Riders to have attained their 16th birthday before 1st January in the current year.

**No change of rider or tack will be allowed and a rider cannot ride more than one horse in a class.**

Correctly secured riding hats must be worn that meet the current safety standards in both sections of the class.

# Let us take care of your pain!

## Physiotherapy Experts

Our dedicated and experienced physiotherapists work closely with our consultants within our private healthcare clinic in Hillsborough to design tailored treatment programmes for each individual. Through assessment and diagnosis we aim to identify the source of the pain, treat the problem and underlying issues to alleviate pain and prevent the pain from returning.

Appointments are available in our new Room One physiotherapy clinic in Armagh. It is located within Bubba's Project Gym (50 Hamiltonsbawn Road, Armagh, BT60 1HW).

We also have appointments available in our facility in Culloden Hotel, Holywood.

### We treat:

- Acute and chronic neck and back pain
- Shoulder pain and dysfunction including impingement syndrome
- Sports injuries
- Wrist and elbow pain
- Hip, knee and ankle pain
- Arthritic pain
- Rehab following surgery
- Rehab following fractures
- Repetitive strain injuries
- Fibromyalgia
- Postural and work related problems

## COB WORKING HUNTER SPONSORED BY EVENT TECHNICAL SERVICES

**Mr David Bennett, Poulton - Le - Fylde (Judge)**

**Ms Jane Collins, East Yorks (Judge)**

Entry Fees: RUAS Member £85, Non-Member £90

Stabling is included in the entry fee for the evening before the class only.

**Cobs in the Cob Working Hunter section may also be entered in the Cob classes but not the Maxi Cob class.**

Cobs in possession of a current height or final measurement certificate appropriate to their class may compete in this class. This certificate should be issued by a society or scheme approved by the FEI or issued by a National Federation affiliated to the FEI or a certificate issued by a society or scheme approved by such National Federation, and must be presented with their passport at arrivals.

The order of judging will be by draw and the draw will be printed in the catalogue.

**COURSE BUILDER: ADRIENNE STUART**

### PHASES OF JUDGING

#### Phase 1 - Jumping

All Cobs will be required to jump a course which will consist of a minimum of eight fences that will have a natural appearance, and not be easily dislodged. The maximum height of fences will be 90cms and is at the discretion of the Judges.

The manner of going will be taken into account - refusals will be severely penalised.

First refusal	15
Second refusal	20
Third refusal	elimination
Jumping knockdown	10

Fall of horse or rider - elimination. In the interests of safety, competitors may not remount.

60% of the available marks will be allocated in this phase (40% of actual jumping and 20% style and way of going).

# Outstanding Results

**“TopSpec has Kylestone Cashel shining from the inside out and producing top class performance for jumping and his stallion duties.”**  
**Emma Jackson**

### Typical Feed Regime

for a 16.1hh (550kg) horse in medium work:-

Ad lib good quality hay or haylage, plus grazing

Plus two feeds per day – each containing:

- 275g TopSpec Comprehensive Feed Balancer (for condition; muscle development and topline, performance; recovery; hoof quality, behaviour, digestion and utilisation)
- 1.5kg TopSpec 14% Mix (very palatable mix ideal for fussy eaters)
- TopSpec Turbo as required when working harder (a very palatable high energy muesli)
- Additives if required; 10:10 Joint Support, Calmer, Digestive Aid or Electrolytes

**Phase 2 - Ride.**

**Phase 3 - Presence and conformation**

These phases will be judged as for hunter classes with 40% of the available marks allocated (ride 20%, conformation 20%).

Working hunter cobs can be shown in any bridle with a bit. The judge will take into consideration the effectiveness and severity of the bit and bridle.

Front boots may only be used for phase one. Back boots are **NOT** Permitted in either the arena or warm up areas.

In the event of a tie at the conclusion of judging, the cob gaining the greatest number of points in phase 1 shall be the winner. If there is still a tie the points in phases 2, and then 3 shall decide.

Riders to have attained their 16th birthday before 1st January in the current year.

**No change of rider or tack will be allowed, and a rider cannot ride more than one horse in a class.**

Correctly secured protective headgear conforming to the current safety standards must be worn at all times whilst mounted.

## RACEHORSE TO RIDING HORSE SPONSORED BY IRISH THOROUGHBRED BREEDERS ASSOCIATION

Irish Thoroughbred Breeders Association will present a cooler rug to the winner of this class and present a prize for the best turned out animal.

### Aim:

To showcase successful Irish bred or trained racehorses as useful and suitable riding horses. The horses entered in this class should demonstrate quality, substance, bone, correct conformation, presence and true action.

This class may include racehorses or hack, riding horse or hunter types with the best of type being judged the winner.

### Rules:

This class is open to 'Irish Bred' horses or foreign bred horses that have been trained (for racing) in Ireland for a minimum of 1 year.

All horses in classes subject to the Irish bred restriction must have the appropriate documentation to support that they are foaled in Ireland.

Please note the number of entries in this class will be restricted to 15 (inclusive of 3 invitations), if more than 15 entries are received horses will be selected (exclusive of the 3 invitations) based on highest official earnings as recorded by the Turf Club.

### Judging:

To be judged on ride, manners and conformation. Judges will ask the class to gallop. Judges may ride some of the exhibits and may require individual show from as many as time allows. The individual show, if required, must not exceed 2 minutes and should include walk, trot, canter, a simple change at canter, rein back, strike off on required leg, gallop on, halt and stand still. There will be a strong emphasis on manners, ride and training.

Annear Miss Ruth, 3 Mayfield Dale, Belfast, BT36 7WQ. ....	540

# 'BALMORAL STAR OF THE FUTURE' PERFORMANCE HORSE CHAMPIONSHIPS SPONSORED BY GIBSON EQUINE HAYLAGE

**Lt Col Tom Freyne, Fethard (Judge)**

Entry Fees: RUAS Member £90, Non Member £95

Stabling is included in the entry fee on the evening before the class only.

### **Aim**

To identify high class horses bred in Ireland with the potential to become top class performance horses whether that be in show jumping or eventing, to create a medium for breeders and producers to display their quality young stock and encourage breeders and trainers to produce and present the correct type of horse likely to make it at the top level.

### **Eligibility**

Restricted to Irish Bred horses only. Only animals with named passports identifying sire, dam, dam sire, microchip and breeder may compete.

Horses must be 15.0h (153cm) or over.

To be ridden by riders who have attained their 16th birthday by 1st January in the current year.

### **Competition Format**

On entering the arena, each competitor will present to the judge where conformation will be assessed whilst mounted before riding away to demonstrate their horses walk and trot paces on the flat.

Competitors will then proceed straight to the jumping phase which will comprise of a course of show jumps immediately followed by natural cross country type fences.

There will be no more than 16 jumping efforts in total with the maximum height of fences being 1m for 5 year olds and 1.10m for the 6&7 year old class.

At the end of the jumping phase, the competitor will demonstrate the ability of their horse to gallop.

The judge will assess each horses performance and marks will be awarded based on conformation & type, paces, way of going throughout the jumping phase and star potential.

In the event of equality of marks, the potential & star quality mark will take precedence.

The order of judging will be by draw and the draw will be listed in the catalogue.

Judges' marks out of 100 to be awarded as follows:

Conformation & Type	10 marks
Paces - Walk & Trot	10 marks
Jumping - Scope & Technique	30 marks
Way of Going	20 marks
Gallop	10 marks
Potential & Star Quality	20 marks

Jumping Penalties (where relevant) to be deducted from judges marks as follows:

First disobedience	4 Penalties
Second disobedience	8 Penalties
Third disobedience	Elimination
Knock down of obstacle	4 Penalties
Fall of horse or rider	Elimination
Error of course	Elimination
Retaking of obstacle already taken	Elimination

Riders can ride two horses per class in the final. A change of rider will not be permitted under any circumstances. Only the horse/rider combination that qualify will be allowed to compete at Balmoral Show.

**Rules**

- Correctly secured protective headgear conforming to the current safety standards is compulsory for all riders and must be worn at all times when mounted.
- A body protector must be worn by all riders. A correctly fitted, BETA approved, and appropriately labelled Level 3 body protector manufactured in the year 2009 or after is recommended. If a rider chooses to wear an airbag style body protector, it must be worn over a recommended body protector.
- Eventing colours and attire must be worn along with the required dress code of beige, fawn or cream breeches, long black/brown boots and gloves.
- Any suitable snaffle bridle may be worn. Bits must be used in their manufactured condition without any addition or modification to, or on, any part and conform to the requirements of the class. The bit must never be used to reprimand the horse. Judges will take into consideration the effectiveness and severity of the bit and bridle and their decision is final.
- Martingales, neckstraps and/or breastplates are permitted.
- Standing martingales are not permitted.
- Numnahs (if used) must conform neatly with saddle contours. Saddle cloths or visible logos are not permitted.
- Hind leg boots or bandages are not allowed. Overreach boots are permitted.
- Only blunt metal spurs, or ones with rubber rowels <2.5cms facing downwards are permitted.
- No item of tack excluded from competition is allowed in the practice arena.
- If for any reason a competitor goes through the start with incorrect tack, the judge will have no option but to eliminate that competitor.

## CHILDREN'S PONIES

### RIDDEN PONIES

#### Ms Shirley Dennison, Lancashire (Judge)

Any suitable bridle may be worn. Bits must be used in their manufactured condition without any addition or modification to, or on, any part and conform to the requirements of the class. The bit must never be used to reprimand the pony. Judges will take into consideration the effectiveness and severity of the bit and bridle and their decision is final.

**Ponies entered in the Show Hunter pony classes may also be entered in the Working Hunter pony classes.**

If insufficient entries received in the Show Hunter Pony classes, the classes may be combined.

All children with ponies entered in these classes, may be asked to unsaddle, saddle and lead their ponies unassisted.

## WORKING HUNTER PONIES

### SPONSORED BY CARR & DAY & MARTIN

CARR & DAY & MARTIN<sup>®</sup>  
EST. 1765

**Mr Stuart Hollings, Lancashire (Judge)**  
**Mrs Morean Hamilton, Kilmarnock (Judge)**

Only ponies in possession of a current height or final measurement certificate appropriate to their class may compete. This certificate should be issued in the current year by the JMB, SJAI or IPS or a certificate issued by a society or scheme approved by the FEI or issued by a National Federation affiliated to the FEI or a certificate issued by a society of scheme approved by such National Federation and must be presented with the passport at arrivals.

Ponies entered in the Working Hunter Pony classes may also be entered in the Show Hunter Pony Classes.

Competitors may not share a pony; and a rider may only ride one pony in a class.

The order of judging will be by draw and the draw will be printed in the catalogue.

Correctly secured, protective head gear that meets the current safety standards must be worn at all times whilst mounted.

The wearing of a body protector is recommended for the jumping phase.

Any suitable bridle may be worn. Bits must be used in their manufactured condition without any addition or modification to, or on, any part and conform to the requirements of the class. The bit must never be used to reprimand the pony. Judges will take into consideration the effectiveness and severity of the bit and bridle and their decision is final.

No change of tack is allowed during the competition, except front boots which may be used for phase 1. Spurs, bandages, bitless bridles, standing martingales, gag snaffles and hackamores are not allowed. Whips not to exceed 75cms.

**COURSE BUILDER: ADRIENNE STUART**

#### FENCES HEIGHT:

Class 66 (Cradle stakes) not to exceed 60cms  
Class 67 (Starter stakes) not to exceed 75cms  
Class 68 (133cms) not to exceed 90cms  
Class 69 (143cms) not to exceed 1m  
Class 70 (153cms) not to exceed 1.05m

#### PHASES OF JUDGING

Judging will be carried out in two phases and final placing will be based on the sum of points gained in each phase.

##### **Phase 1** Jumping, style and way of going

Ponies will be required to jump a course of eight to ten fences, which have a natural appearance. The style of jumping and way of going will be marked by the judge, refusals etc will be penalised, as follows:

First Refusal, run out or disobedience - 15 penalty marks  
Second Refusal, run out or disobedience - 20 penalty marks  
Third Refusal, run out or disobedience - elimination  
Jumping knock down -10 penalty marks

Fall of pony or rider -elimination. In the interests of safety, competitors may NOT remount. Ponies which are eliminated will not go forward to Phase 2.

**Phase 2:** Riding manners, performance, conformation, movement, type

Cradle Stakes and Starter Stakes ponies will compete in ring one only. They will be required to do a simple set show and then proceed to their jumping round. The set show will be posted along with the course plan on the morning of the show.

At the judge's discretion, ponies will proceed directly to phase 2 to again be assessed on their way of going, this time without the fences. Ponies will not be ridden by the judge. From this the judge will award marks for manners and performance, conformation and movement, and type.

These marks will be added to those received from phase 1, to give an overall result.

These results will be announced, and prizes will be awarded from 1st to 6th place.

The maximum points to be awarded will be :

Phase 1 Jumping	50 marks
Style and way of going	10 marks
Phase 2 Manners and performance	20 marks
Conformation, movement and type	20 marks
Total	100 marks

# CONNEMARA PONIES - WORKING HUNTER

## SPONSORED BY NORTH DOWN MARQUEES

**Ms Patricia Hoey, Ballinasloe (Judge)**  
**Mr Peter O'Malley, Galway (Judge)**

**in association with the Northern Ireland Connemara Pony Association**

Longstone Stud will present sashes to the Champion and Reserve Champion of classes 76 and 77

Derryronan Stud will present rugs to the winners of classes 76 and 77

Competitors may not share a pony and riders may only ride one pony per class.

Ponies may only be entered in either class 76 or 77.

The order of judging will be by draw and the draw will be printed in the catalogue.

### PHASES OF JUDGING

Judging will be carried out in two phases and final placing will be based on the sum of points gained in each phase

#### Phase 1 Jumping, style and way of going

Ponies will be required to jump a course of eight to ten fences, which have a natural appearance. The style of jumping and way of going will be marked by the judge, refusals etc will be penalised, as follows:

- First Refusal, run out or disobedience - 15 penalty marks
- Second Refusal, run out or disobedience - 20 penalty marks
- Third Refusal, run out or disobedience - elimination
- Jumping knock down -10 penalty marks
- Fall of pony or rider -elimination
- In the interests of safety, competitors may NOT remount.
- Ponies which are eliminated will not go forward to Phase 2.

#### Phase 2: Riding manners, performance, conformation, movement, breed type

At the judge's discretion, ponies will proceed directly to phase 2 to again be assessed on their way of going, this time without the fences. Ponies will not be ridden by the judge. From this the judge will award marks for manners and performance, conformation and movement, and breed type. These marks will be added to those received from phase 1, to give an overall result. These results will be announced, and prizes will be awarded from 1st to 6th place.

The maximum points to be awarded will be :

<u>Phase 1</u> Jumping	40 marks
Style and way of going	10 marks
<u>Phase 2</u> manners and performance	20 marks
Conformation and movement	15 marks
Breed Type	15 marks
Total	100 marks

Fences Classes 76 and 77 minimum 69cm, maximum 99cm, Max spread 84cm.

No change of tack is allowed during the competition, except boots which may be used for Phase 1 only. Bandages, bitless bridles, standing martingales, gag snaffles, spurs and hackamores are not allowed.

**Specials**

- S63 NI CONNEMARA PONY ASSOCIATION PERPETUAL CHALLENGE TROPHY** - for the Champion Connemara Pony in class 76 and 77. Presented by the NI Connemara Pony Association.

# CLIFDEN HIGH PERFORMANCE QUALIFIER CLASS

## Clifden High Performance

The final will be held in the Showgrounds, Clifden on Friday 18 August 2023 featuring a prize fund of \*\*\*€3000\*\*\*

The Connemara Pony Breeders Society run this class with the aim of displaying the versatility of the Connemara pony, highlighting the performance aspect of the pony over fences with emphasis on the ride ability, scope, versatility and suitability for child or adult.

The final will take place on day three of the Annual Connemara Pony Show in Clifden, Co. Galway on Saturday the Friday 18 August 2023. There will be 5 shows holding qualifiers nationally for the final. The entry fee for the qualifiers is £25 per pony (enter for qualifiers with the show hosting the qualifier) Entry fee for the final €40 per pony.

The top four ponies will qualify from each qualifier. The qualifiers and the final will be primarily run under the Irish Pony Society Rules for the working hunters so the scoring system will be the same.

At the qualifiers ponies will be asked to jump a minimum of 9 numbered fences including a double and a triple combination at a minimum height of 1m high and 1m wide, a minimum of three fences at the qualifiers should be built to a height of 110cm high and 110cm wide. Each fence will be marked out of 10 and then a mark out of 20 will be awarded for the way of going. The total is then divided by 2 and penalties are then deducted. A knock -10, 1st refusal -15, 2nd refusal -20, 3rd refusal Elimination. A fall of rider will incur elimination.

This will complete phase One.

In phase 2, each pony will be asked to show, trot, canter and gallop. Unless otherwise requested, ponies will be required to show canter on both reins with a simple change of canter lead through trot. The pony will be stripped and judged for movement, conformation true to breed and type true to breed (i.e.: Connemara). The total marks for phase 2 will be 45 consisting of manners (10), performance (10), movement (10), breed conformation (10) and type (5).

At the final ponies will be asked to jump a course of a minimum of 12 numbered fences which will include a double and a treble up to a maximum height of 110cm and width of 110cm (minimum height being 1m and a width 1m). A joker fence will also be included, which will carry double marks but will be at maximum height (110cm) and will pose a certain level of difficulty over and above the other fences on the course. Weather permitting, the river may be used with an optional fence been provided. This will complete phase one.

### HIGH PERFORMANCE IS EXPECTED

#### Rules for Qualifiers and Final

1. Open to Connemara ponies in possession of a CPBS passport, aged 5 yrs old and over. Passports and microchips will be checked prior to class.
2. Stallions must be ridden by a rider that has attained their 14th birthday before the 1st of January of the current year.
3. Bitless bridles and gags **not allowed**. Pelhams must have two reins leading from hands to the bit or a single with leather roundings, three ring snaffles must have two reins or a set of roundings
4. Only front boots allowed in phase 1. Boots **must** be removed for phase 2.
5. Spurs are not allowed.
6. Passports of qualifying ponies will be checked at the qualifier and must be presented at the final. Microchips will be checked at the final.
7. Running martingales only.
8. Children who have not attained their 16th birthday before the 1st of January 2023 must wear a body protector for phase 1. Body protectors may be removed for phase 2.
9. A rider may compete **no more than two ponies** at any one qualifier, but only one rider/pony combination may be chosen to compete at the final - *this choice must be declared at the relevant Qualifier*. (It is recommended that if you intend to compete at the High Performance Final that you attend as many Qualifiers as possible in preparation - ponies already qualified will compete in other qualifiers Hors Concours (HC).

- CLASS 78 REGISTERED CONNEMARA PONY, STALLION, MARE or GELDING, 5 years old or over suitable for and to be ridden by riders 10 years old and over on the 1st January in the current year. Riders for stallions must have attained their 14th birthday on the 1st January in the current year.**

**S162 ROSETTES** -for the champion and reserve champion young handler. Presented by LMC.

# Ulster Wool – training the next generation of shearers and wool handlers

For over 20 years Ulster Wool has provided four stages of shearing certificates enabling Northern Ireland shearers to safely and effectively shear wool.

- Providing an exclusive training offer to the young farmer movement to help encourage more young farmers into the field.
- Bronze to Gold courses in shearing and wool handling are now accredited by Highfield – a global leader in work-based and apprenticeship qualifications.
- Working in partnership with key stakeholders – supporting the Northern Ireland shearing sector.

## SHEEP SHEARING, WOOL HANDLING & BLADE SHEARING

### PRIZE SCHEDULE

The Society is indebted to the following sponsors who's financial or in-kind assistance has made the competitions possible.

**Ulster Wool  
Growers**

**Greenmount Country Stores Ltd**

The Society would like to thank all those who provide sheep for the competitions, and competitors for their careful handling of the sheep.

Thank you to Lister Shearing Equipment Ltd who supply the shearing machines and technical support for all the shearing competitions.

Thank you to A McIlrath & Son (Husqvarna) for their sponsorship of the Shearing Pavilion.

NISSA have contributed towards the building of the new sheep shearing stands in memory of the late Maurice Megahey

- S174 THE ELIZABETH THOMPSON PERPETUAL CHALLENGE CUP** - for the exhibitor gaining the greatest number of points in the shelled egg classes in the Show. Points will be:- 1st, 4 points; 2nd, 3 points; 3rd, 2 points; 4th, 1 point. Presented by the late Mrs D G Thompson.
- S175 BRONZE STAR AWARD**- for the best egg exhibit. Presented by the Poultry Club of Great Britain.
- S176 THE BENNETT CUP** - for the best shelled eggs. Presented by R & J Bennett.

## DECORATED EGGS

Mr Colin Clarke, Norfolk (Judge)

### DECORATED EGGS COMPETITION RULES

Only real eggshells, blown not hard boiled, should be used.

Actual work on the exhibit must be done by the entrant, including marketing, cutting, painting and application of decorations etc. Objects used in or on the egg may be purchased.

No names or means of identification must appear on the entry.

The judge will have the right to refrain from awarding any placing should the exhibit, in the judge's opinion, not be considered worthy of placing. The judges decision is final.

**BEEF CATTLE**

**ABERDEEN ANGUS**

**SPONSORED BY MARKS AND SPENCER**

**Mr Eustace Burke, Carrigaline (Judge)**

Following in the footsteps of his grandmother the Queen Mother, HRH Prince Charles is the patron of the Aberdeen-Angus Cattle Society. The Prince of Wales has a successful Aberdeen-Angus herd at Highgrove and takes an active interest in the Castle of Mey herd in Caithness which is now run by The Queen Elizabeth Castle of Mey Trust.

The Aberdeen-Angus breed was developed in the early part of the 19th century from the polled and predominantly black cattle of North east Scotland known locally as “doddies” and “hummlies”.

The earliest families trace back to the middle of the eighteenth century but it was much later that the Herd Book (1862) and the Society (1879) were founded.

**Why Aberdeen-Angus?**

The Aberdeen-Angus breed is recognised throughout the world and is the only beef breed to have true “brand” characteristics.

In an era where easy management, economy of production and superior beef qualities have never been more important, the Aberdeen-Angus offers endless advantages for many livestock systems.

With support from retailers such as Waitrose and Marks and Spencer demand for Aberdeen-Angus is soaring, presenting commercial beef producers with a huge opportunity to produce a product which the market requires and is prepared to pay a premium for.

Balmoral Show is a qualifying show for NIHBA Awards.

Over 250 years of selective breeding has made the famous red-coated, white-faced Hereford the world's most recognised beef breed. Great phenotype variability means that the Hereford is an animal capable of adapting to all types of production systems and environmental conditions. The breed's many attributes including; ease of calving, docile nature and suitability to low cost production systems are some of the reasons why the Hereford has seen a resurgence in popularity. The breed's scale of efficiency ensures it's well placed for beef production in a post-Brexit era.

The Hereford prides itself as a natural producer of top quality beef; marbled, tender and flavoursome, making it a popular choice among leading retailers both in the UK and around the world. To discover more about Hereford beef visit:

[www.herefordbeef.org.uk](http://www.herefordbeef.org.uk) <<https://protect-eu.mimecast.com/s/IGrPCROOwsgLzXh9zsa?domain=herefordbeef.org.uk>>  
 <<http://www.herefordbeef.org.uk> <<https://protect-eu.mimecast.com/s/IGrPCROOwsgLzXh9zsa?domain=herefordbeef.org.uk>>>

Breeding traits and ancestry are recorded in Breedplan the internationally recognised livestock performance recording programme and can be viewed on the society's website.

Paul Sneyd, Hereford Cattle Society, Hereford House, 3 Offa Street, Hereford, Herefordshire, HR1 2LL, England, UK.

# WE'RE PLAYING OUR PART IN NURTURING THE NEXT GENERATION

The ABP Angus Youth Challenge is nurturing the future generation of our agri-food industry. It's an important part of ABP's commitment to a sustainable beef sector in Northern Ireland.

Young people are encouraged to consider a future career in agriculture by giving them the responsibility of raising beef cattle. They'll learn the essential skills for agriculture - and for life - working together, taking responsibility and seeing rewards for their efforts.

New entries open to Yr 11's (14-15 yr olds) in September. Scan the QR code below now to register your interest.

**ANGUS YOUTH  
CHALLENGE**

**CHAROLAIS  
SPONSORED BY ABP**

**Mr Murray Lyle, Perthshire (Judge)**

**The BRITISH CHAROLAIS CATTLE SOCIETY will present champion sashes.**

The British Charolais Cattle Society Limited was the first of the continental cattle beef breed societies to be founded in the United Kingdom. The date of the inauguration was the 27th July, 1962.

In France, the homeland of the breed, there are some two million purebred Charolais females, which are commercial suckler cows. The value of the Charolais female as a suckler cow has been largely underestimated in the United Kingdom.

Within the breed there is a tremendous variation of type ranging from the taller, smoother muscled bulls to the heavier double-muscled bulls. This variation in type is essential to meet the requirements as dictated by the type of system or environment where beef production is carried out.

The Charolais breed is primarily a terminal sire beef breed. Having the ability to combine fast growth rates with top conformation grades, so maximising the profit potential for both single suckled calf producers and dairy farmers using Charolais in a cross-breeding programme.

Charolais-bred stores are also a firm favourite with the beef finisher as the breed has the ability to convert high roughage diets efficiently into prime beef, and have been receiving a premium price, paid by beef finishers at the store cattle sales.

Data received from the McIntosh Donald abattoir at Portlethen, Aberdeenshire, calculated from over one million head of cattle processed through the plant, that Charolais sired cattle are on average 14 kgs of carcass weight heavier and the days to slaughter are 22 days earlier, which equates to approximately a Charolais advantage of £125 per head.

Charolais breeders performance record their cattle through ABRI (Agricultural Business Research Institute) in Armidale, Australia, to identify the easy calving, fast growing cattle of good conformation. Those bulls with good Charolais performance information are commanding a premium throughout the many Society Sales, which are held under the auspices of the British Charolais Cattle Society. Underpinning the successful pedigree industry is the ability of the breed to perform in the commercial market by producing acceptable carcass weights of good conformation very efficiently.

Not to be under-estimated is the value of the Charolais cross-bred heifers which have been a bonus at the recent suckled calf sales. The extra kilos, at a given age, have put Charolais bulls on the top of the shopping list for terminal sires which has reflected in an increased demand for Charolais bulls.

Charolais bred cattle are also well placed to face the demands for future beef production, where fast growing cattle will be in vogue for reducing carbon foot prints, and reducing methane emissions in commercial beef production.

## SIMMENTAL

### SPONSORED BY KDM HIRE

Mr Stewart Stronach, Banffshire (Judge)

The British Simmental Cattle Society Limited will present champion and reserve champion rosettes.

#### BRITISH SIMMENTAL

##### Forging a Profitable Commercial Future

Through 2021 to present, British Simmental has enjoyed strong performance at the point of sale, both in commercial and pedigree rings as demand has increased for the breed's dual-purpose qualities. A series of record averages and clearances at pedigree sales, including a record 28,000gns price for a NI bull, has been coupled with an increase in pedigree registrations and confirmation of Simmental as the UK's number one continental breed for age at slaughter.

Future fit, Simmental genetics are gaining a commercial recognition from a profitability point of view and with strong 'green' credentials. Long regarded as maternal mainstays of the suckler herd, Simmentals are high quality suckler cows; full of milk; fertile; easy calving; can calve at two years old; and who can wean calves at 50% of their bodyweight at 200 days. In 2021, the Agriculture and Horticulture Development Board (AHDB) confirmed British Simmental as the UK's leading beef breed for age at slaughter. This coupled with Simmental sired progeny being fast growing with terrific weight for age, hitting industry specs, and producing high quality carcasses with a high retail beef yield.

These are the natural attributes and efficiencies of the modern British Simmental that are forging a profitable commercial future in an industry with a higher cost base, and are meeting the challenges of reducing the carbon footprint of beef production. Continuous breeding and improvement sees the modern Simmental have a distinct British signature with it being adaptable to all geographies and systems around the UK.

**SPECIALS**

- S212 CHAMPION PRIZES, £100 and £50-** for the Champion and Reserve Champion Simmental. Presented by KDM Hire.
- S213 JUNIOR BREED CHAMPION, £30 & £20 -** for the Champion and Reserve male or female animal born on or after 1st January 2022. Only 1st and 2nd Prize winners forward. Rosettes to be worn. Presented by KDM Hire.
- S214 THE BOBBIE DICKSON PERPETUAL CHAMPIONSHIP TROPHY-** for the best Simmental. Presented by Mrs E M Dickson and family, in memory of the late Robert Dickson.
- S215 PAIR OF ENGRAVED CRYSTAL GLASSES-** for the best British Simmental. Presented by the British Simmental Cattle Society.
- S216 SPECIAL PRIZE £25 -** for the best Simmental cow with calf at foot. Presented by the British Simmental Cattle Society.
- S217 PERPETUAL COW BELL-** for the best British Simmental female. Presented by Imex.
- S218 BANGOR & SIX ROAD ENDS FARMERS' UNION PERPETUAL TROPHY-** for the best Simmental female.
- S219 BOBBIE GAMBLE PERPETUAL CHALLENGE TROPHY-** for the best Simmental heifer, born on or after 1st January 2021 and on or before 30th June 2022. Presented by the Gamble Family in memory of the late Robert Gamble.
- S220 TROPHY- for the best Simmental male.** Presented by the NI Simmental Club.
- S221 SPECIAL PRIZES, £30 and £20-** for the best Simmental bull and Reserve, bred by exhibitor. Presented by the NI Simmental Club.
- S222 WILLIAM BLACK MEMORIAL PERPETUAL CUP -** for the male Champion Simmental bull. Presented by the Black family in memory of the late William Black, Carmavy, Crumlin.
- S223 SPECIAL PRIZES, £15 and £10 and NEWS LETTER SHIELD-** for the best junior bull/heifer born after 1st January 2022. Presented by the NI Simmental Club.
- S224 SILVER AWARD-** for the best exhibit bred in NI. Presented by the NI Simmental Club.

# Working for the future of the food industry, from the ground up.

We are leading beef and sheep processors working with over 6,000 farm families across Northern Ireland. Our quality meat, innovative practices and sustainable ways of working have a worldwide reputation.

Proud sponsors of the Balmoral Show

## LIMOUSIN SPONSORED BY ABP

Mr Ian Nimmo, Lanarkshire, (Judge)

**British Limousin is the largest numerical beef breed in the United Kingdom accounting for around a quarter of the 1.85 million cattle registered with the British Cattle Movement Service (BCMS) in 2018.** It has held the position of the most dominant beef breed since BCMS was established in 1996.

Each year approximately 500,000 Limousin-sired cattle are registered, representing an annual industry value of around £600 million. It is further estimated that some 75% of all beef cattle in the UK carry a percentage of Limousin genetics.

In a little over twenty years, since BCMS was first established, over 12.5 million calves sired by Limousin bulls, have been registered. Leading nationally, and in each of the home nations, the figures are also supported by Livestock & Meat Commission (LMC) in Northern Ireland whose figures reveal a Limousin market share of over 30% of the beef-sired calves registered in the preceding year.

**These figures come on the back of what was another very successful year for the Limousin breed and British Limousin Cattle Society.** In the course of 2018, BLCS sales of pedigree Limousin cattle again grossed over £6 Million with increased clearances and strong averages being a feature of the year.

- Just 19, 000 pedigree calves were also registered by the Society's 2, 800 breeder members.
- At the summer 2018 'Royal' show majors, pedigree Limousin cattle secured multiple interbreed wins at the Royal Ulster, Royal Highland, Great Yorkshire, and Royal Welsh Shows
- Commercially-relevant Limousin cattle also enjoyed a memorable year in the show ring with the breed winning many titles at the 2018 Winter Primestock events including Overall Championship at English Winter Fair, Welsh Winter Fair, Borderway Agri-Expo.

### **Limousin Society invests £1 Million in ten-year breed improvement plan:**

In 2015, in a UK beef industry first, Genomic Breeding Values (GEBVs) for a range of new carcass traits were made available for all Limousin cattle.

These GEBVs are already helping to deliver breeding stock that will:

- Finish at required carcass weights
- Finish quickly
- Have quality conformation and fat grades

Benefits of high GEBV sires are estimated at £100-£150/calf (source: SRUC)

Limousin is also the main breed being utilised in the DEFRA £1.5 Million project to develop EBVs for traits relating to Feed Efficiency. Limousin have further launched new GEBV's for female fertility and calf survival traits.

The delivery of GEBVs is the first step of the progressive and ongoing long-range Breed Improvement Plan introduced by the BLCS in 2014. The plan will see an overall investment of more than £1 Million by the Society. **The estimated improvement in performance and genetics delivered through the plan could be worth an extra £50 Million per annum to commercial producers using Limousin cattle.** The breeding goals outlined include:

- Solutions to identify and improve feed efficiency
- Improving the rate of gain in growth and carcass traits
- Improving cow production efficiency and maternal traits

First imported into the United Kingdom from France in 1971, and here in Northern Ireland in 1975, the Limousin breed has built its reputation on being 'The Carcass Breed', a breed able to produce quality beef with a low proportion of bone and fat. Its influence on British Beef production has been borne through its advantages in calving ease, growth, milk, fertility, feed efficiency, killing-out percentage and meat yield unpinning why Limousin is the beef industry's number one.

The Limousin's ability to produce ½ bred and ¾ bred carcasses with excellent conformation, a top killing out percentage and a top yield of saleable meat (73.3%) make it well suited to the market needs of a consistent, quality beef product. Breeders continue to make huge strides in the genetic improvement of the breed and beef cattle providing commercial calves with lower costs of production and a higher end value.

An early maturing breed, the Limousin provides young but mature beef in the medium weight range demanded both by butchers and supermarkets.

Limousin bulls are known for their fleshing qualities, lighter bone, fertility, and for the extra conformation they pass to all progeny, whatever the dam. Limousin suckler cows can be found on both upland and lowland systems. They are renowned for ease of calving and ease of management, vital factors in today's farming economy. A good milking ability and excellent fertility is complemented by a natural hardiness and thriftiness.

For further information on the Limousin breed visit: [www.limousin.co.uk](http://www.limousin.co.uk) <<http://www.limousin.co.uk>> or see [www.semenstore.co.uk](http://www.semenstore.co.uk) <<http://www.semenstore.co.uk>>

## BRITISH BLONDE SPONSORED BY ABP

**Mr Rob Coney, Gordon (Judge)**

The British Blonde, a breed originating from the South West of France in the foothills of the Pyrenees, has developed its own identity in the UK beef industry as a terminal sire which can be used on both dairy and beef suckler herds. The females offer great calving ability and make for very efficient cows. It is an adaptable breed, able to perform in both the hot dry temperatures of countries such as Australia as well as the harsher cold climates of North America, Europe and the UK.

A performance breed which combines ease of calving, calf vigour, excellent growth rates and feed conversion. The breed for improving commercial viability.

Independent evaluations in the UK, Europe and the southern hemisphere have shown this powerful muscular breed to excel in both its vigour and growth rates, to have one of the highest killing-out percentages of all breeds and to perform well in carcass competitions due to its outstanding carcass conformation. The eye muscle area is greater than other beef breeds resulting in more meat and less waste with a back fat level similar to other major beef.

For further information on the Blonde breed visit; [www.britishblondesociety.co.uk](http://www.britishblondesociety.co.uk)

## BRITISH BLUE SPONSORED BY TESCO

### Mr Andrew Price, Kent (Judge)

The Breed was first imported into the UK in 1982, changing its name in 2007 to The British Blue Cattle Society.

A large, long-bodied beef animal with fine bones and strong legs. Gestation length is generally slightly lower than the bovine average.

Carcasses have a very high boning out % up to 85%, with an excellent yield of top quality cuts. The meat is very lean and has, potentially a much lower fat content.

A very popular breed for dairy beef inseminations, figures show approximately 50% are by British Blue bulls, with subsequent calves topping markets throughout the UK.

Successful winners of "Best Steak" competitions and many carcass competitions and numerous Fatstock and Winter Fair Champions.

## SALERS

### Mr Glen Welsh, Cumnock (Judge)

The Saler Cattle Society have sponsored classes 605 and 607.

Salers (pronounced Sa'lairs) originated from the Southern half of the Massif Central in the Auvergne region of South-Central France. They are known as the Ultimate Suckler Breed and renowned for their 'MATERNAL MAGIC' with exceptional calving ease, large pelvic area, milking ability and fertility.

They produce high percentage calf crops, resulting from the inherent fertility, quick rebreeding and high conception rates. More live calves per cow means more profit and it all begins with a trouble-free birth. Further maternal advantage is realised through the Salers ability to wean a heavy calf and take care of it herself. The Salers influence contributes a large pelvic area to cross breed replacement females and will allow commercial suckler farmers to utilise heavily muscled terminal sires in a crossbreeding programme with less concern about calving difficulties.

**BEEF SHORTHORNS**  
**SPONSORED BY AbbeyAutoline**

**Mr John Scott, Ross-Shire (Judge)**

The Beef Shorthorn Society celebrated the Bicentenary of The Coates Herd book throughout last year and is now looking forward to its next 200 years.

**10 Key Facts about the Beef Shorthorn breed**

1. The Shorthorn is the oldest pedigree-registered cattle breed in the world.
2. The Shorthorn is a native breed, evolving over the last two centuries from Teeswater and Durham cattle found originally in the North East of England.
3. The iconic Shorthorn bull Comet, which is featured on all Society pedigree certificates, was bred by Charles Colling in 1804 and later sold at the Ketton sale in 1810 for 1,000gns, becoming the first 1,000gn bull ever recorded.
4. The breed was used in the early part of the 20th Century primarily as a dual-purpose breed.
5. Known as 'the great improver', the Shorthorn has been enormously influential in the developing other cattle breeds, with more than 40 different breeds of cattle now incorporating Shorthorn genetics.
6. Beef Shorthorns have been developed as a separate breed since 1958.
7. The Beef Shorthorn has significant presence in many of the major beef producing countries in the world including USA, Canada, Australia, Argentina and Uruguay
8. The versatility within the breed means the Beef Shorthorn can just as often be spotted in the park lands of a country estate as on the top of a heather covered hill.
9. The breed is known for its maternal traits - fertile, easy calving, milky and docile - making it an ideal suckler cow.
10. Its versatility means it is suitable for a wide variety of modern-day beef systems and the environmental sustainability traits of the Beef Shorthorn are driving new demand; great foragers, hardy and highly feed efficient, the Beef Shorthorn is ideally suited to the increasingly popular low input systems.

## DEXTERS

### SPONSORED BY F P McCANN

Mrs Hazel Bickerton, Cheshire (Judge)

The Dexter breed originated in Ireland. It is the smallest native breed of cattle in the British Isles, being about half the size of a traditional Hereford and about one third the size of a Friesian milking cow. There are two recognised types - short and non-short, they can be black, red or dun coated and be horned or naturally polled. They are hardy, dual-purpose cattle, producing excellent beef and milk, an ideal suckler cow for conservation grazing. The Dexter Cattle Society's registered office for membership and registrations is Andy Ryder, Holme House, Dale, Ainstable, Carlisle, CA4 9RH. Tel. 01768 870521

## IRISH MOILED SPONSORED BY NORBROOK

Mr Trevor Chadwick, Galway (Judge)

**Pedigreesales.com have kindly donated £100 towards the Junior Championship. Junior Champion also wins the Massey Cup.**

**Irish Moiled - an Irish and UK native breed of cattle that is indigenous to the island of Ireland.**

The Irish Moiled breed is a medium sized, naturally polled (absent of horns and scurs) breed of moderate fleshing ability with a distinctive typical colour pattern of being red with a white stripe along the back, white underparts, a white flash on each hip area and a mottled face but the colour can also range from an animal being predominately all red with white underparts to predominately all white with red ears and red around the muzzle region.

An Irish Moiled cow is a functional, hardworking, efficient suckler cow that has a pleasant feminine appearance. They are excellent foragers with deep bodies and a good spring of rib. They are moderate boned cows with good feet and legs to carry them over rough terrain whilst foraging. Irish Moiled cows have an abundance of milk to rear a calf and have a good quality well attached udder with correct teat placement.

An Irish Moiled bull has a masculine appearance with medium strength bone. They are deep bodied with a wide chest possessing power right through the body into the hind quarters. They should have a square high angle from a side view and a wide rump from a back view.

The Society launched an Irish Moiled beef scheme which provides membership for the whole supply chain of purveyors of Irish Moiled Beef. From breeder to finisher to butcher, farm to fork beef box schemes right through to wholesalers and restaurants across the UK and Ireland. Throughout the chain all animals can be certified as pure bred Irish Moiled and will be accompanied with a Certificate of Authenticity backed up by 10 years of parentage proving DNA testing.

(Within the three constituencies there are various schemes available through DEARA, DARM AND DEFRA in which owners of Pedigree Irish Moiled cattle can qualify for annual subsidy payments).

## COMMERCIAL CATTLE SPONSORED BY TESCO

**Mr Andrew Marsden, Cumbria (Judge)**

Animals must halter trained and led.

Animals in this section can take part in the Beef Pairs and the Champion of Champions

**These animals are to be weighed on the Tuesday evening 9 May between 5pm and 6pm and are to be divided into their classes according to weight.**

The Northern Ireland Commercial Cattle Exhibitors Club was established in January 2003 to promote the interests of commercial cattle showmen and women. Commercial cattle classes are now featured in all of the summer agricultural shows and more often than not represent the largest cattle entry. The popularity of the club has grown year on year and no boasts a membership of 126 as well as having 10 years of our "Summer Spectacular" event. In 2005 the NICCEC held its first show at Moira Sales Arena and the success of this led to it becoming an annual event. The club has a number of annual honours which exhibitors hotly contest; The Summer Spectacular Supreme Championship, The Pairs Championship, The Native Championship, The Breeding Heifer Championship, The Butchers' Heifer Championship, The Young Stockperson of the Year and the coveted Willie Wilson award for the Show Animal of the Year. We welcome all new members and are keen to encourage the younger generation, who are becoming more professional than ever! As always we are indebted to our sponsors without whom the clubs success would not have been possible. For further information do not hesitate to contact the club secretary Elizabeth Rodgers on 07919574811

## BEEF INTERBREED PERFORMANCE SPONSORED BY MCV COMPETITIONS

**Mr John Kingham, Dundalk (Judge)**

Condition of entry: Bulls or heifers may be of any beef breed and entered in the classes for which they are eligible.

Objective: To highlight the bulls and heifers which best combine the traditional values of conformation and the scientific values of performance data.

Eligibility: bulls or heifers must be:-

- Breed by exhibitor.
- Exhibited by a current member of Breedplan or Signet Beefbreeders Scheme and have a minimum of 2 adjusted weights at 100, 200, 300 or 400 days of age.

### Judging criteria:

A maximum of 100 points allocated by the Judge for conformation within breed type.

Bulls: 100 points allocated for Breed Terminal Index.

Heifers: 100 points allocated for Breed Self Replacing Index.

For example:

Average - 50 points  
Top 30% - 70 points  
Top 10% - 90 points  
Top 1% - 99 points

The 2 scores are added together to find the overall result for each animal present.

Mr Andrew Hughes, Halifax (Judge)

BEEF: ABERDEEN ANGUS, BRITISH BLUE, BRITISH BLONDE, CHAROLAIS, HEREFORD, LIMOUSIN, SALERS, SIMMENTAL, BEEF SHORTHORNS, DEXTERS & IRISH MOILED

One bull and two females, entered in the classes for which they are eligible. Calves born on or after 1st January 2022 may accompany , dam during judging. Calves must be led by separate leader. Immediately after judging on Wednesday 10 May the judge with a Breed Society representative will select the groups to compete in the above competition, which will take place on Friday 12 May.

### Specials

- S296 SPECIAL PRIZE £200-** for the best group in the beef group competition native breed. Reserve prize, £100.
- S297 SPECIAL PRIZE £200-** for the best group in the beef group competition continental breed. Reserve prize, £100.

## INTER BREED TEAM OF 5 CATTLE SPONSORED BY LMC

Mr George Harvey, Glasgow (Judge)

BEEF: ABERDEEN ANGUS, BRITISH BLUE, BRITISH BLONDE, CHAROLAIS, HEREFORD, LIMOUSIN, SALERS, SIMMENTAL, BEEF SHORTHORNS, DEXTERS & IRISH MOILED

Each breed will enter 5 animals of any age and of the same breed in the Beef cattle section. One bull, 4 females. The judge will take into account the individual qualities of the cattle, but will particularly reward the conformity and balance of the team.

### Conditions

1. The animals making up the Team must be entered in the competitive classes. Not more than one Team from each breed will be allowed to compete.
2. An animal may not represent a breed as part of a team where it has been bred by the judge.
3. Teams are to be selected by the Breed Societies and entries will only be accepted from them.
4. Each entry must be made by the Breed Society, which must be submitted to the Societies Office no later than 6.00pm on Wednesday 10 May.
5. Breed Societies are solely responsible for the accuracy and eligibility of their entry.
6. Any team not wholly eligible to compete will be automatically disqualified.

### Specials

- S298 SPECIAL PRIZE £200-** for the best team in the beef team competition native breed. Reserve prize, £100.
- S299 SPECIAL PRIZE £200-** for the best team in the beef team competition continental breed. Reserve prize, £100.

## LINDEN FOODS BEEF PRESENTATION AWARDS

**Mr Alan Armstrong, Lisnaskea (Judge);  
Miss Alexandra Woods, Banbridge (Judge)**

The object of this award is to encourage exhibitors to maximise the marketing and promotion of their breed:-

The Judge will inspect the cattle lines taking into account presentation of cattle, cleanliness and tidiness of stalls and marketing and promotion the breed.

The decision of the judge will be advised to the winning breed and the presentation of awards will take place on the cattle Rings on Saturday afternoon.

Prize money will be paid to Breed Clubs.

### Special

**S300 SPECIAL PRIZE £125-** for the breed Society having the best presentation of beef cattle at the Show. Reserve Prize, £75, 3rd £50.

## INTERBREED STOCK JUDGING COMPETITION SPONSORED BY DUNBIA

**Mr John Kingham, Dundalk (Judge)**

Each breed club to enter a team of four persons to place classes of beef cattle (no age limits).

There will be four classes each consisting of four cattle.

Cattle should be provided on a rotation basis as per running order in the show catalogue and this year it will be Dexters, Irish Moiled, Aberdeen Angus and Hereford.

There is one master judge, and the entrants are marked as how closely they match his opinion.

Prize money presented to breed clubs:-

1st Team £200; 2nd Team £150; 3rd Team £100

Best Individual Overall £50

Teams to be entered by their clubs by 6pm on Wednesday 10 May.

### Special

**S301 INTERBREED STOCK JUDGING**

# BEEF YOUNG HANDLER COMPETITION

## SPONSORED BY MARKS & SPENCER

Mr Cameron Jackson, Lanark (Judge)

### RULES AND REGULATIONS

This class will be judged based on the young person's ability to show an animal in the show ring. Competitors will then be required to show their animal in the ring. Points will be awarded for handling and show ring awareness e.g. reacting to steward and judge direction, setting animal in show line etc.

This class is open to both pedigree and commercial beef breeds, animals must be entered in its respective breed class.

It is expected that the young handler is experienced and familiar with handling the animal in the Show prior to the competition.

Animals 30 months or under on show date, snaffles etc & normal show rules will apply.

Should a dispute arise regarding a competitor's age, appropriate identification will be requested.

## DAIRY CATTLE

### DAIRY SHORTHORN

#### SPONSORED BY LINERGY

**Mr Blaise Tomlinson, Nanpantan (Judge)**

The Dairy Shorthorns of today are the modern version of the world's oldest pedigree breed, many tracing back to the first volume of Coates' Herd Book, the world's first Herd Book published in 1822. The Breed has also been used as the foundation for over 40 other world famous breeds.

These cattle are enjoying an upsurge in interest from many farmers who are wishing to take advantage of the adaptability and modern outlook.

They are of very docile temperament and extremely hardy, making them equally suited either for milking or suckling on all types of land and climates.

Colours within the breed range from white, through to roan and red.

Noted for ease of calving, having the lowest incidence of calving problems of any breed, this also makes her ideal for crossing with other breeds, as the strong hybrid traits will be transferred.

They also have excellent feet and legs which seldom require attention making them equally suited for intensive or extensive systems and it is all these qualities that makes them so popular for organic systems, where the ability to thrive with minimum attention is essential.

The contemporary Shorthorn is very much a 'dual profit' cow with the ability to give high yields, if required, with a high percentage of protein and with a small fat globule. She produces a calf which is hardy and can grow into meat or a milker, and above all has a very long productive life.

Controlled cross breeding programmes and comprehensive breed improvement schemes involving performance and progeny testing have resulted in a modern dairy animal capable of high yields of milk whilst retaining the inherent advantageous traits of a native breed.

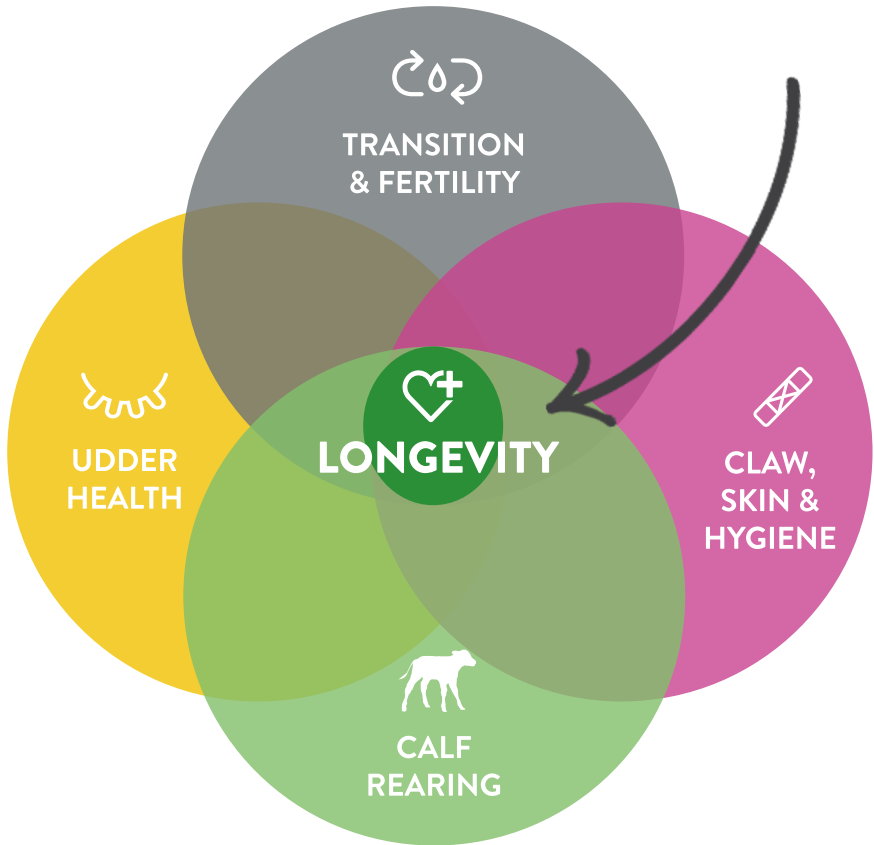

#### SPECIALS

- S303 CHAMPION PRIZES, £100 and £50-** for the Champion and Reserve Champion Dairy Shorthorn. Presented by Linergy.

## AYRSHIRE

### SPONSORED BY AHV INTERNATIONAL

Mr Blaise Tomlinson, Nanpantan (Judge)

The Ulster Ayrshire Cattle Club will present additional prizes in Class 650 as follows:- 1st,£30;2nd, £25;3rd,£20;4th,£15;5th,£10.

Originating in South-west Scotland, the Ayrshire Breed was first recorded on an official basis in the 1870's, with formation of the Ayrshire Cattle Society Herd Book in 1877.

The typical Ayrshire cow is an alert vigorous animal showing strong character and mild temperament. Her body exhibits dairy strength with femininity about the head, cleanness through the neck and shoulders but with strength in her chest. She has depth and openness of rib, an indication of her production potential, the skin is pliable and soft with fine silky hair and her bone structure is fine and flat being proportionate to body weight.

The Ayrshire is noted for strong udder formation. Ideally the udder is long, wide and capacious with a silky texture. It is firmly attached with a well-defined central ligament and strong fore attachment blending smoothly into the body. Teats are uniform and evenly placed. Her feet and legs exhibit bone quality with hard feet and heel depth enabling free flowing movement.

The Classic Ayrshire has balance while exhibiting style and breed character for which she is famed. The Ayrshire is the ultimate, economic dairy cow - characterized by high quality, longevity, ease of management and overall good health. Now found in all continents, the ability to thrive in climatic extremes makes the Ayrshire the ideal cow for African heat or a Scandinavian winter.

The breed can efficiently produce large quantities of high quality milk from forage, and is renowned for foraging ability. Ayrshires are very popular in organic systems.

Top herds in the UK are averaging over 8,500 litres of milk per lactation, while in some countries yields exceed 10,000 litres. The milk has a high yield of butterfat and protein - which contributes to taste - and is sought after for processing.

Economic Milk production is the principal aim of any dairy farmer where the inputs to the herd have to be in balance with the milk each cow produces, and the Ayrshire breed produces margins that keep the business performing profitably.

#### AYRSHIRES OFFER

- Good yields of high quality milk
- Efficient Forage Conversion
- Excellent Functional Type
- Health and freedom of disease and ailments
- Economic and Profitable Milk Production
- Healthy Long lasting Ayrshires are Profitable Ayrshires

#### SPECIALS

- S309 CHAMPION PRIZES, £100 and £50-** for the Champion and Reserve Champion Ayrshire. Presented by AHV International

## JERSEY SPONSORED BY FLOGAS

**Mr Blaise Tomlinson, Nanpantan (Judge)**

*"The Jersey cow has become the second most popular dairy cow in the world !*

With an ever-increasing number of Jerseys being born and bred in the UK it has become apparent that many dairy businesses wish to work with a breed that can perform well in sustainable herds.

Jersey cattle have increased their milk production after years of selective breeding. The average registered Jersey cow in the UK produces 6024 litres of milk per year with a butterfat content of 5.46% and protein of 3.83%, with the best individual animals yielding around 9000 litres or higher.

Jersey milk is unique in many ways. As a product it contains: 18% more protein, 20% more calcium, and 25% more butterfat than 'average' milk. It is these components which increases the nutritional value of the milk produced by a Jersey cow compared to many other dairy breeds.

Additionally, with the excellent breed traits of ease of management, feed efficiency, longevity and production, the Jersey cow is a breed fit for a variety of farming systems. The Jersey can now be found across the world with a large population in Countries such as Australia, Canada, Denmark, New Zealand, South Africa, USA, and Zimbabwe, as well as here in the UK.

The Jersey Cattle Society of the UK offers Jersey breeders the opportunity to add value to their herd by recording births of new born Jersey cattle and compile ancestry records for each and every cow that qualifies for a pedigree certificate. This provides Jersey farmers with valuable information to enable them to analyse their herd and improve any particular weakness by selecting sires to change the genetic potential of the next generation of Jersey cattle.

In the current agricultural climate, the strengths of the Jersey cow are increasingly sought after by UK dairy farmers, worldwide breeders and milk processors alike and the breed continues to gain momentum due to its low carbon footprint and efficiency in converting feed to high component milk. Costs within the dairy industry such as fuel, feed, fertiliser and energy are the major challenges ahead for all farmers in the future and finding avenues to market products following Brexit. The Jersey animal having a lower cost input can benefit and puts them in good stead for major challenges ahead.

On the shelves of supermarkets, local farm shops and farm gates across the UK, the consumer is able to source and consume a wide range of quality Jersey pedigree cattle products, including milk, butter, yoghurts and ice creams. All produced by pedigree cattle bred or owned by members of the Jersey Cattle Society of the UK.

For more information about the Jersey breed please contact the Jersey Cattle Society on 01926 484035 or visit [www.jerseycattlesociety.uk](http://www.jerseycattlesociety.uk) <<https://protect-eu.mimecast.com/s/-t-NC811Ofwonvcn472J?domain=jerseycattlesociety.uk>>

### SPECIALS

## HOLSTEIN SPONSORED BY SMYTHS DALESIDE

Mr Micheal Yates, Kirkcudbrightshire (Judge)

Balmoral Show is a qualifying show for the Holstein NI Awards, Samuel Wilson Perpetual Memorial Shield and the Bibby Perpetual Challenge Trophy.

The Holstein breed originates from Holland and Northern Germany and can be either Black and White or Red and White in colour. Holstein cows produce more milk per lactation than any other breed, with excellent levels of fat and protein.

Holsteins were first introduced to North America from Holland in the 1850s.

The breed appeared in the United Kingdom from the turn of the 20th Century to the 1930s, during which time around 2,000 in-calf heifers and a few bulls and cows were imported from Canada in conjunction with shiploads of store cattle.

This was re-enforced by the importation of almost 200 animals in the aftermath of the Second World War and included the first of three yearling bulls from Canadian breeders to help establish the breed.

A pure Holstein breed society was founded in 1946, alongside the already established British Friesian Cattle Society. The Holstein breed continued to develop slowly until the 1970s when there was an explosion in its popularity and a considerable number of key importations.

Holstein UK was founded in 1999 from the merger of the Holstein Friesian Society and the British Holstein Society. Holstein UK is now the largest independent breed society in Europe. It offers a range of services to the dairy farming industry targeted at improving the genetics and profitability of the Holstein breed. Holstein UK has around 3,000 members and registers almost 210,000 cattle each year.

For further information contact Holstein Northern Ireland secretary, John Martin, on mobile: 07711 041128.

## DAIRY INTERBREED

### JOHN THOMPSON & SONS LIMITED CHAMPION OF CHAMPIONS

Mr James Waring, Beverley (Judge)

#### Special

**S333 PRESIDENT'S TROPHY & SPECIAL PRIZE, £300** - - for the overall dairy breed Champion of Champions [2nd, £200; 3rd, £100]. To be judged on Friday 12 May in the Cattle Rings following class judging.

Please note the Overall Dairy Champion will go forward for the Champion of Champions on Saturday 13 May at 4.30pm.

### DAIRY PAIRS CHAMPIONSHIP SPONSORED BY FLOGAS

Mr James Waring, Beverley (Judge)

DAIRY : AYRSHIRE, HOLSTEIN, DAIRY SHORTHORN AND JERSEY

Immediately after judging a Breed Society representative, or, in the case of the Holstein section, the judge, will nominate three females (dairy) to represent the breeds in the Pairs Championship which will take place after the judging on Friday in the Cattle Rings immediately prior to the assembly for the Arena Cattle Parade. The pairs will then follow the Interbreed Champions in the Parade to the Arena. Prize money will be paid to exhibitors.

#### Special

**S334 TROPHY & SPECIAL PRIZES, £300 & £200-** for the Champion and Reserve Champion Dairy breed pair.

### JOHN THOMPSON & SONS DAIRY GROUP CHAMPIONSHIPS

Mr James Waring, Beverley (Judge)

DAIRY: AYRSHIRE, HOLSTEIN, DAIRY SHORTHORN AND JERSEY

Three females, each having produced at least one calf, entered in the classes for which they are eligible. Calves born on or after 1st January 2023 may accompany dam during judging. Calves must be led by separate leader.

Immediately after judging on Friday 12 May a Breed Society representative or, in the case of the Holstein section, the judge will select the Groups to compete in the above Competitions, which will take place on Friday 12 May after the Pairs Championship.

#### Special

**S335 THE DALGETY DAIRY PERPETUAL CHALLENGE CUP and £200-** for the best group in the dairy group competition. Presented by John Thompson & Sons Ltd. Reserve prize, £100.

## JOHN THOMPSON & SONS LIMITED DAIRY PRESENTATION AWARDS

**Mr Alan Armstrong, Lisnaskea (Judge);  
Miss Alexandra Woods, Banbridge (Judge)**

The object of this award is to encourage exhibitors to maximise the marketing and promotion of their breed:-

The Judge will inspect the cattle lines taking into account presentation of cattle, cleanliness and tidiness of stalls and central passageway and marketing and promotion of the breed.

The decision of the judge will be advised to the winning Breed and the presentation of awards will take place on Friday afternoon.

Prize money will be paid to Breed Clubs.

### **Special**

**S336 SPECIAL PRIZE, £125 and memento-** for the breed Society having the best presentation of dairy cattle at the Show. Reserve prize £75, 3rd £50.
