PLACING AN ORDER

Bertch Cabinet, LLC, accepts orders 24 hours a day via email or fax. Orders may be placed using the Bertch Kitchen+ order form or submitting the 2020 Design order form. You can print orders and fax to: **800-973-1200** or you can pdf orders and email to: **kitchen+@bertch.com**

For questions regarding placing an order, contact your sales representative or **Kitchen+ Dealer Services at 319-268-2592. Monday-Thursday 8:00am-5:00pm, Friday 8:00am-4:00pm Central time zone.**

BERTCH KITCHEN+ ORDER FORM

A fillable order form can be found on Bertch InfoNet, Kitchen+/Elan, Forms. It also can be found in the Forms tab in the catalog. Make sure the order form is as complete as possible when submitting, as to not delay the order entry process. Please include the floor plan, elevation drawings, Product Awareness Form, Appliance Specification Form, and Job Site Delivery Form with your order.

2020 DESIGN ORDER FORM

Submit the completed first page of the Bertch Kitchen+ order form along with the 2020 Design floor plan, elevations and order form. To find the 2020 Order Form go to: Presentation, Reports, Order Form. Set the sort order as Wall/Base/Tall and set Nomenclature as User Codes & Descriptions. This report contains the most detail, especially with modifications and dimension changes. Please include the floor plan, elevation drawings, Product Awareness Form, Appliance Specification Form, and Job Site Delivery Form with your order.

STANDARD ORDERS

For current lead times, reference InfoNet for up to the minute information. Go to: www.bertch.com, For Pro's, (upper right corner) Dealer Log In. Standard orders will receive 2 days to look the order over for corrections/changes after the acknowledgment has been sent. Changes after 2 business days (M-F) will be subject to a change fee depending on the stage of production the order is in. Order Forms are located in the form section of the catalog or on the Bertch InfoNet.

JOB COMPLETION ORDERS

Job Completion orders will not have the option of changes or cancellations.

Level 1: 20% Up-Charge

Orders to complete an original order. To be eligible for **Level 1** the list price of the order can not exceed **\$1,159**. Lead time is approximately **8-14 calendar days** and shipped UPS at Dealer's expense or next available SCB truck if too large to ship UPS. Alternate Commercial Carrier arrangements may be made at Dealer's expense. Order forms are located in the Form section of the catalog or on the Bertch InfoNet.

Level 2: Orders to complete an original order. To be eligible for **Level 2** the list price of the order can not exceed **\$6,235**.

Lead time is approximately 3-4 weeks and shipped UPS at Dealer's expense or next available SCB truck if too large to ship UPS. Alternate Commercial Carrier arrangements may be made at Dealer's expense. Order forms are located in the Form section of the catalog or on the Bertch InfoNet.

REPLACEMENT ORDERS

Orders for product due to a Bertch issue. Refer to Warranty for Details. (Located on page P5) Completed in **8 calendar days** and shipped UPS or next available SCB truck if too large to ship UPS. Alternate Commercial Carrier arrangements may be made at Dealer's expense. Replacement orders exceeding **\$935 list** require field inspection and authorization by a Bertch Sales Representative. Items in this category must be returned to Bertch for credit. Order forms are located in the Form section of the catalog or on the Bertch InfoNet.

ORDER PROCESSING

Bertch Cabinet, LLC, processes orders on a first in/first processed basis. If your order is not complete at the time of submission, this can delay the order entry process. Once we receive your order, we will send you a notification that your order has been received. If you do not receive this notification within 2 business days, consider that we did not receive the order and contact **Kitchen+ Dealer Services at 319-268-2592**.

Bertch Dealer Services strives to get your order acknowledgments back to you as soon as possible. Once you receive your order acknowledgment, you will have 2 business days (Monday-Friday) to review and make any no charge corrections or changes.

ORDER CHANGES/CANCELLATIONS

Order changes or cancellations are at the discretion of Bertch Cabinet, LLC. Charges for changes will be based on the stage of production at the time the change is requested. When you receive your acknowledgment, look at the bottom of your order and you will see a NCC Date (No Charge Change Date). This will be the date that you can make changes or corrections to the order without any additional charge. Changes after 2 business days (M-F) will be subject to a change fee depending on the stage of production the order is in. Amount of the charge will be dependent on where the order is in production. If the majority of an order is being changed before the NCC date, there may be an additional charge and/or the delivery date may be changed. If the order has been processed and then canceled there may be a **cancellation fee of \$489 list** whether the order has been acknowledged or not.

DELIVERY

All cabinets are cartoned for delivery. Shipments will be made on SCB trucks whenever possible, providing the delivery point is within our operating range. Common carrier or other methods may be used in unusual circumstances. It is the Dealer's responsibility to provide personnel to assist the driver in unloading cabinets from the truck. If a delivery of Bertch's combined product is less than six cabinets, there will be a \$180.00 list drop charge. If any order has less than six cabinets the \$180.00 will be added to the order and removed at invoicing if a combined total of six or more cabinets have been shipped. If a job site delivery is requested, our job site form must be filled out and sent in with order and map or instructions. **A job site delivery is \$950 list.**

DEFECTIVE MATERIAL:**Doors:**

Doors that are warped 1/4" or less must be allowed to hang through one heating cycle before a no charge replacement will be considered. Some doors may warp slightly after installation (due to high or low humidity levels). The door will usually return to its normal flat position after going through the heating cycle. Please be certain the door is warped rather than the cabinet being racked out of square.

Cabinets or Parts:

Cabinets or parts that are defective will be replaced on a rush basis. Replacement orders exceeding \$935 list price require field inspection and signed authorization by our Bertch Sales Representative, and original cabinets or parts must be returned to Bertch for credit.

Finish:

Complaints concerning finish must be inspected by a field representative. Bertch reserves the option of approving a field repair or returning the cabinet or part to the factory for repair or replacement. No action may be taken without factory authorization. Exposure to smoke or extreme sunlight will alter the original appearance. Slight variations in grain and color are not considered defects, as this is the natural character and warmth of wood.

PRICING DISCREPANCY

Bertch Cabinet, LLC, strives to ensure that all pricing programs are accurate and identical. In the event a pricing discrepancy occurs between 2020 Design and the Kitchen+ catalog, use the current Kitchen+ catalog as the rule. **The Kitchen+ catalog supersedes all pricing programs.**

RETURN POLICY

Bertch Cabinet, LLC, products are manufactured specifically per customer request. Bertch does not accept returns due to customer errors or if the customer changes their mind. If your order is damaged or defective, please refer to those sections of the catalog or refer to our Bertch Cabinet, LLC. Limited Lifetime Warranty.

PRODUCT IMPROVEMENTS

Product modifications and improvements are part of the ongoing operating philosophy at Bertch. We reserve the right to improve/modify product at any time.

LIMITED LIFETIME WARRANTY (Residential Purchaser)

Bertch Cabinet, LLC., (“**We**” or “**Us**”) extends the following limited lifetime warranty (“**Limited Warranty**”) to the first Residential Purchaser (“**You**” or “**Your**”) of a cabinet or cast polymer product manufactured by Us (each, a “**Product**”). This Limited Warranty is only applicable to Products sold to the first Residential Purchaser and used in the applications described below within the United States. Except as allowed below or by applicable law, You may not assign or transfer this Limited Warranty.

WHO IS A RESIDENTIAL PURCHASER?

Under this Limited Warranty, a “**Residential Purchaser**” means any of the following:

- a person who purchases and installs the Product in a dwelling that is owned and used by that person as a primary or secondary home;
- any person or business such as a builder, contractor or developer that purchases and installs the Product in a newly constructed or remodeled dwelling that will be used by the initial owner/purchaser of that dwelling as a primary or secondary home. In such situation, this Limited Warranty may be assigned to the initial owner/purchaser who uses the dwelling as a primary or secondary home. Under this Limited Warranty, a primary or secondary home does not include rental property, or homes used for vacation rental properties, even on a part-time basis. (AirBNB, VRBO, etc.) This Limited Warranty does not apply to landlords, leasing companies or other commercial purchasers. (See Commercial Warranty)

WHAT DOES THIS LIMITED WARRANTY COVER?

Subject to the exclusions and limitations set forth in this Limited Warranty, We warrant to You that each Product will be free from defects in material and workmanship, under normal use and maintenance, for the applicable warranty period stated below. This warranty gives You specific legal rights, and You may have other rights which vary from State to State.

WHAT IS THE WARRANTY PERIOD APPLICABLE TO RESIDENTIAL PURCHASERS?

The warranty period for Your Product (excluding certain components discussed in the following paragraph) begins on the date the Product was purchased, whether purchased by You or by a third party on Your behalf. Your warranty is only valid if you use the dwelling as your primary or secondary home and does not extend to future owners if the property is sold.

Notwithstanding the preceding paragraph, the warranty periods applicable to the following Product components that were not originally manufactured by Us are as follows:

- Vent Hoods, Blowers, and components: 1 year from the date of original purchase
- Lighting, Electronic, and Powered components: 2 years from the date of original purchase.

DISCLAIMER OF OTHER WARRANTIES:

THIS LIMITED WARRANTY IS OUR SOLE AND EXCLUSIVE WARRANTY WITH RESPECT TO THE PRODUCTS. ALL IMPLIED WARRANTIES ARE STRICTLY LIMITED TO THE DURATION OF THE LIMITED WARRANTY APPLICABLE TO THE PRODUCT AS STATED ABOVE, INCLUDING BUT NOT LIMITED TO, ANY WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE.

WHAT THIS LIMITED WARRANTY DOES NOT COVER (EXCLUSIONS):

The Limited Warranty does not apply to any Product:

1. installed or used outdoors;
2. used for purposes for which it is not designed or intended by Us;
3. which has been subjected to misuse, vandalism, abuse, negligence, accident, or unauthorized modifications;
4. which has been improperly stored (if the Product must be stored, it should be covered and stored in a humidity and temperature controlled environment, away from direct sunlight);
5. which has been improperly installed, cleaned, or maintained (for more information regarding the proper use and care of the Product, please consult the applicable Use and Care Instructions that accompanied the Product or that can be found at <https://www.bertch.com/support/cleaning-care/>);
6. which has been subjected to improper temperature, moisture and/or humidity extremes (temperature outside the range of 50-85°F (10-29°C) and humidity outside the range of 30-55% are considered extreme);
7. which has been subjected to direct contact with water for extended periods. (ie: Bath or Kitchen sink water not being wiped off when direct contact occurs)
8. damaged by fire, flood, acts of God, or other external causes beyond our control;
9. varying in color and characteristics due to age, sunlight, smoke, or other environmental conditions;
10. exhibiting any effects on the color and/or integrity of the finish or appearance due to the use of abrasive cleaners, cleaners that contain chlorine, acidic cleaners, scuffing sponges or steel wool; and/or
11. exhibiting normal wear and tear.

In addition, natural woods may vary in color and characteristics and exhibit subtle changes as they age. For example, painted doors, drawer fronts, and face frames will eventually have visible cracking around the joint area, and cabinet colors may darken or lighten over time. These variations are considered to be the nature of the material in relation to their environmental exposure and are not covered under this Limited Warranty.

SOLE AND EXCLUSIVE REMEDY:

In the event of a defect in the workmanship or materials of a Product or Product component occurring during the warranty period described above, We will, at our option, repair or replace any defective Product or Product component. If it is not commercially feasible to repair or replace a defective Product or Product component, We may refund the original price paid by You for the defective Product or Product component, or provide a credit towards a similar type of product sold by Us. The foregoing are Your sole and exclusive remedies for any Product defect or non-conformity. By way of example but not limitation, the following costs and expenses are not covered by this Limited Warranty: (1) labor costs for the original installation, removal, or re-installation of the Product, or defective part thereof; (2) labor costs or material charges for the removal, re-installation, repainting, refinishing or replacement of any other items or building materials which must be removed, replaced, reinstalled, or refinished in order to repair or replace the defective Product or component. For example, costs associated with the following will not be reimbursed: counters, sinks, tiles, flooring, accessories, appliances or plumbing fixtures. When a claim for warped components, joint separation or wood expansion or contraction is submitted, We may, at our option and after inspection, defer action for up to 12 months to allow the Product to acclimate to the installed environment. Further, We reserve the right to modify or alter any Product design, specifications or materials without obligation to make similar changes to Products previously manufactured or sold by Us.

The repair or replacement remedies offered by Us under this Limited Warranty are contingent on the current Product offerings of styles and construction options within our Product line at the time a warranty claim is made by You. If a valid warranty claim is filed for an obsolete Product, We reserve the right, at our sole option, to honor its repair or replacement obligations under this Limited Warranty by either: (1) replacing the affected Product or component with a new Product or component of the same or approximate style or color from our current Product line or offerings; or (2) replacing the affected Product or component to achieve a uniform appearance with a similar or comparable product style or approximate color of the originally purchased style. If a Product or components are replaced or repaired, We cannot guarantee an exact match with the finish or appearance of other products or fixtures installed at Your dwelling. This is due to changes that may occur during the Products' natural aging process, affecting its color and/or grain.

LIMITATION OF LIABILITY:

The remedies described above are Your sole and exclusive remedies and our entire liability for any breach of this Limited Warranty. Our total liability shall under no circumstances exceed the actual amount paid by You for the defective product. Further, We shall not under any circumstances be liable for any consequential, indirect, incidental, special or punitive damages or losses (including lost profits), even if this Limited Warranty is deemed to have failed of its essential purpose.

HOW DO YOU OBTAIN WARRANTY SERVICE?

This Limited Warranty can also be found online at www.bertch.com/support/warranty info. To obtain more information regarding the Product or to make a claim under this Limited Warranty, contact one of our authorized dealers or distributors, who will arrange for inspection of the Product. A dated sales receipt as proof of purchase is required to obtain benefits from this Limited Warranty. If you have difficulty obtaining assistance, please write to or e-mail to:

STANDARD CONSTRUCTION:

- **Cabinet Sides** are 1/2" thick plywood, fastened to the face frame with tongue and groove construction.
- **Top and Bottom** are 1/2" thick furniture board, dadoed into the sides, face frame and hanger rails.
- **Shelves** are 3/4" thick furniture board with PVC edge banding on front edge. Adjustable in 32mm increments.
- **Cabinet Interior** is a durable and smooth, natural Birch Woodgrain Laminate unless a Finished Interior is specified.
- **Cabinet Back** is 1/8" thick plywood.
- **Toe Space** is 4-1/2" high x 3-1/2" deep. 8' lengths of finished plywood toe board are supplied and included.
- **Cabinet Face Frame** is 1-1/2" wide by 3/4" thick solid wood.
- **Drawer Box and Roll Trays** are 5/8" thick solid wood, dovetailed at all four corners, sanded smooth and finished natural. Bottoms are 1/4" thick plywood, dadoed into the sides.
- **Drawer and Roll Tray Glides** are full extension, under mount glides with soft-close and self-close feature, with an easy release mechanism.
- **Hinges** are a soft-closing, self-closing concealed hinge.

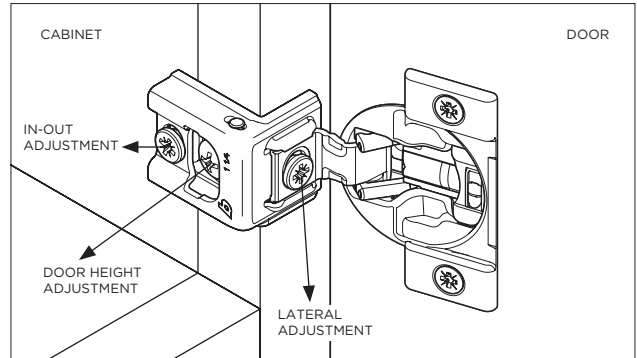

ALL PLYWOOD CONSTRUCTION:

- **Cabinet Sides** are 1/2" thick plywood, fastened to the face frame with tongue and groove construction.
- **Top and Bottom** are 1/2" thick plywood, dadoed into the sides, face frame and hanger rails.
- **Shelves** are 3/4" thick plywood with wood edgbanding on front edge. Adjustable in 32mm increments.
- **Cabinet Interior** is a durable and smooth, natural Birch Veneer unless a Finished Interior is specified.
- **Cabinet Back** is 1/4" thick plywood.
- **Toe Space** is 4-1/2" high x 3-1/2" deep. 8' lengths of finished plywood toe board are supplied and included.
- **Cabinet Face Frame** is 1-1/2" wide by 3/4" thick solid wood.
- **Drawer Box and Roll Trays** are 5/8" thick solid wood, dovetailed at all four corners, sanded smooth and finished natural. Bottoms are 1/4" thick plywood, dadoed into the sides.
- **Drawer and Roll Tray Glides** are full extension, under mount glides with soft-close and self-close feature, with an easy release mechanism.
- **Hinges** are a soft-closing, self-closing concealed hinge.

STANDARD CONSTRUCTION	N/C
ALL PLYWOOD CONSTRUCTION	10%
PLYWOOD SHELVES (ONLY)	5%

STANDARD HINGE:

Soft-close mechanism is integrated into the hinge for Full Overlay, Standard Overlay and Concealed Inset hinges (not available for inset decorative barrel hinges.) The hinge includes a "switch" to turn the soft-close feature on or off. The soft-close mechanism is not available for the following cabinetry: square corner wall and base cabinets and tip down drawer fronts.

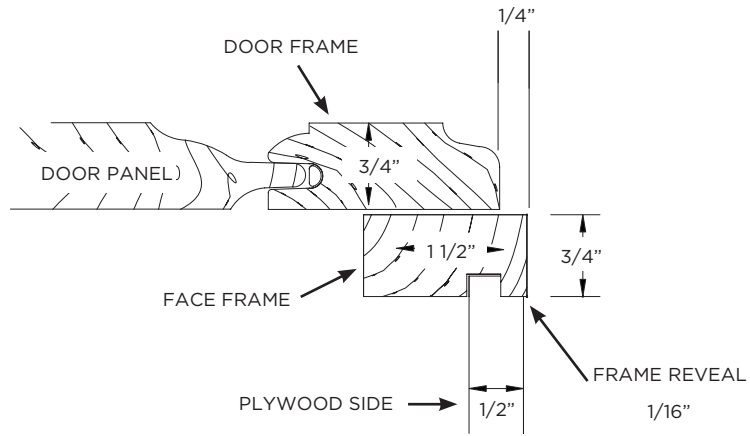

STAIN FINISHES:

Cabinets are hand-sanded before a penetrating grain stain is applied and hand-wiped. A catalyzed sealer, which is a blend of alkyd, amino and vinyl resins, is sprayed over the surface and oven-cured. The sealer penetrates the wood providing a "link" between the stain and the topcoat. The sealer is then sanded and prepared for the topcoat application. The final coating is a catalyzed, conversion varnish which is a carefully formulated combination of alkyd and amino resins. After spray application the topcoat is oven-cured to create an exceptionally smooth, clear and durable finish with superior moisture and chemical resistance.

SOLID COLOR (PAINT) FINISHES:

All cabinets and parts are filled and sanded before the first finish coat. Primer is a high solids, post catalyzed, acid cured finish with excellent adhesion, filling and sanding properties. The first primer coat is applied to penetrate the surface, then sanded smooth to prepare for the second primer coat. The second primer adds thickness and evens out the coverage. The final coating is a catalyzed, conversion varnish which is a carefully formulated combination of alkyd and amino resins. After spray application the topcoat is oven-cured to create an exceptionally smooth, clear and durable finish with superior moisture and chemical resistance.

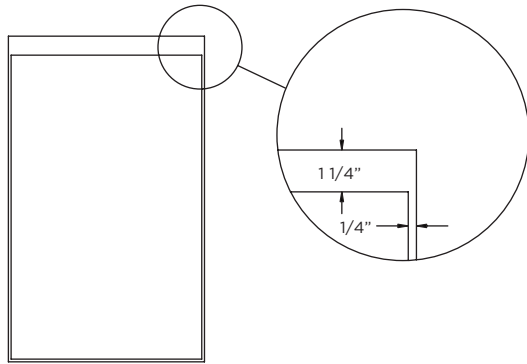

DOOR/DRAWER SIZING

FRAME REVEALS

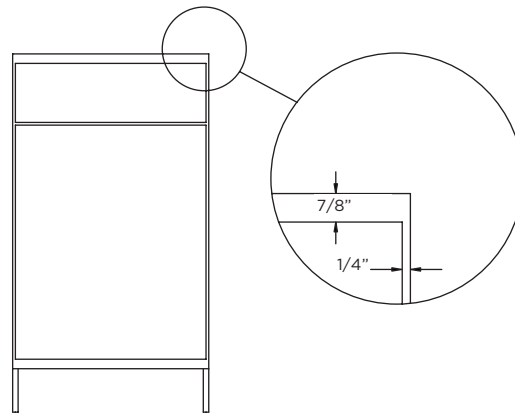

Wall Units

Wall cabinets have a 1-1/4" reveal on top and 1/4" reveal on both sides and bottom.

Base Units

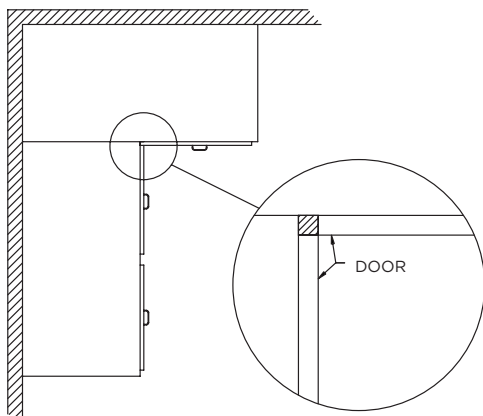

Base cabinets have a 7/8" reveal on top and bottom, 1/4" reveal on both sides and between doors and drawers.

CORNER APPLICATIONS

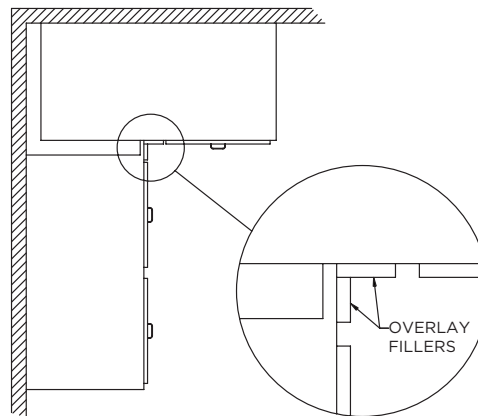

Incorrect

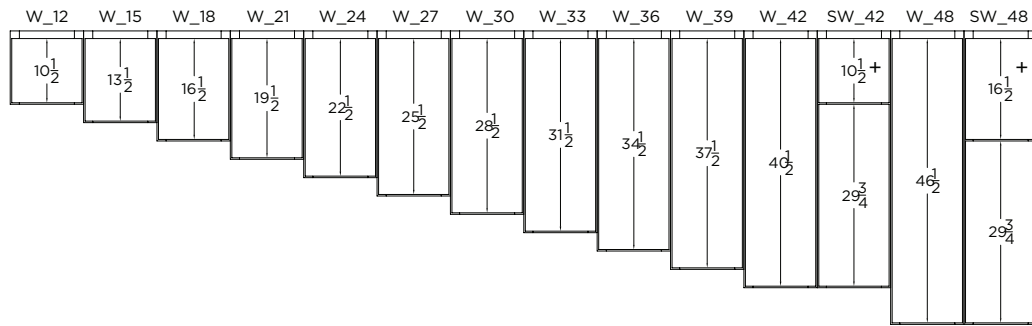

Cabinets not "pulled" from corner leaving doors trying to occupy the same space. Watch your clearances.

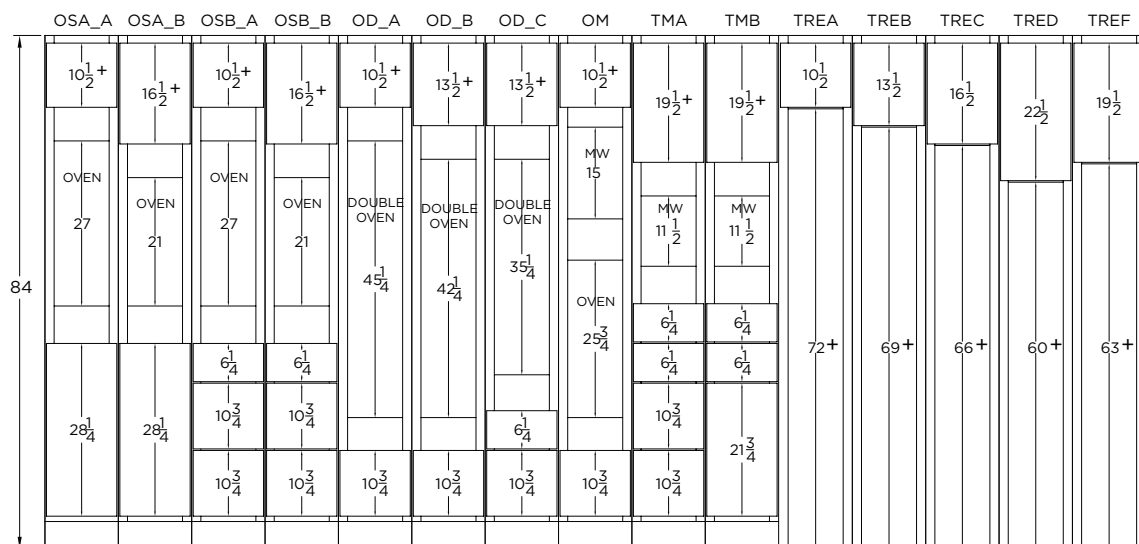

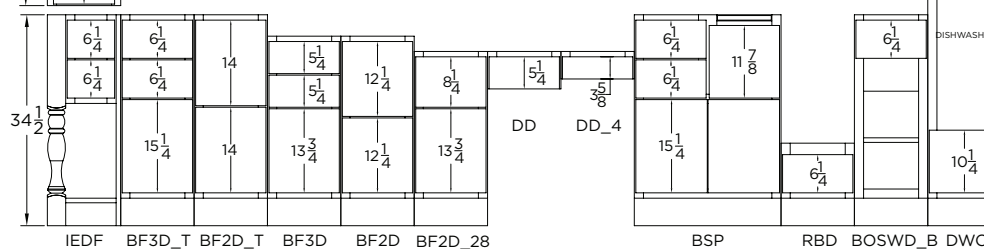

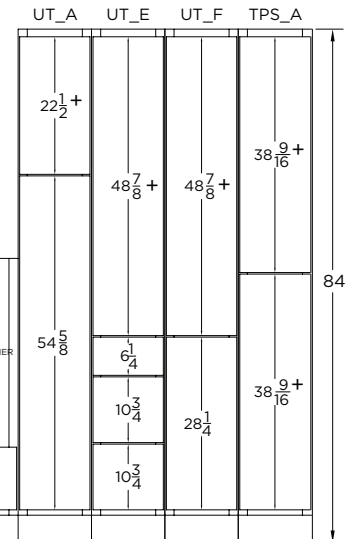

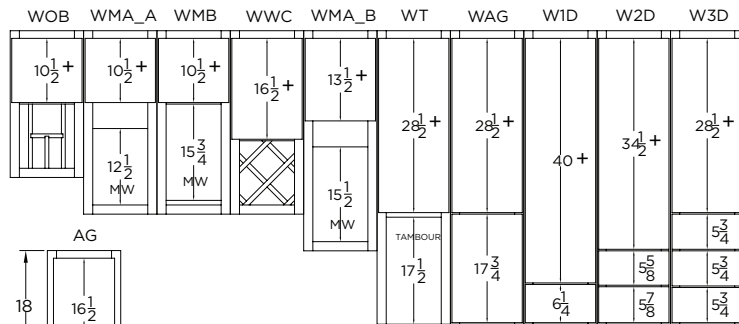

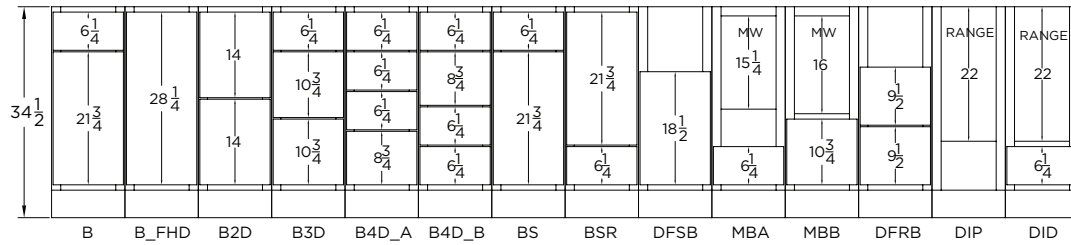

Correct

Cabinets have been "pulled" from corner leaving proper operating clearance for doors. Overlay fillers are available to dress out the space left on the face.

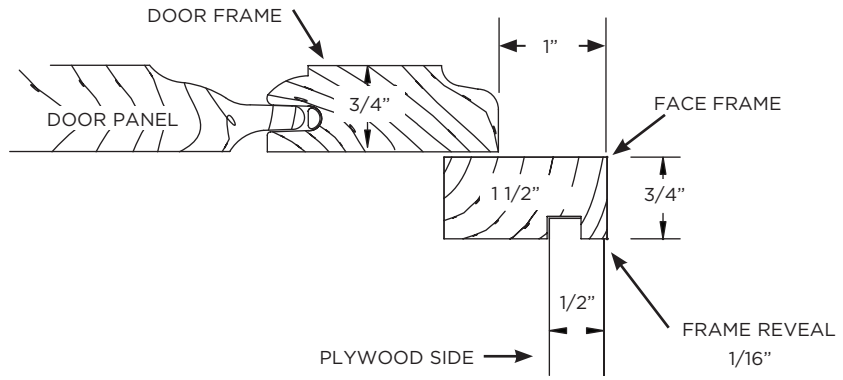

Wall cabinets are shown at standard height. When height is changed, + indicates which section changes.

Tall cabinets are shown at 84". For other heights (i.e. 90", 93" 96") the upper section changes by amount of height increase.

When height is changed, + indicates which section changes.

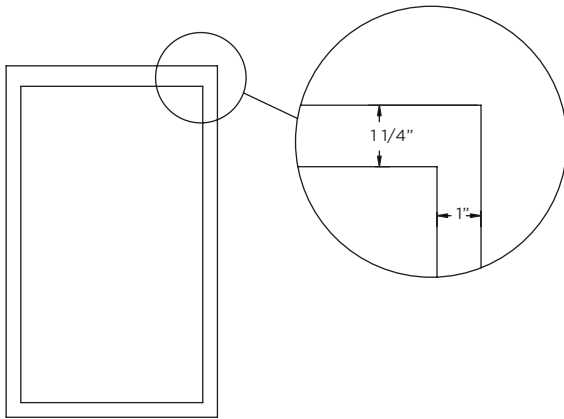

DOOR/DRAWER SIZING

FRAME REVEALS

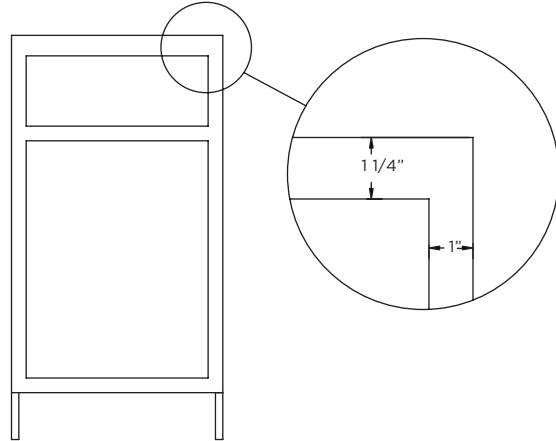

Wall Units

Wall cabinets are designed to leave 1-1/4" of the frame revealed on the top and bottom and 1" reveal on both sides.

Base Units

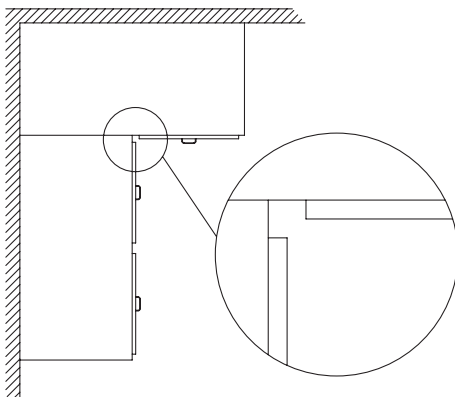

Base cabinets are designed to leave 1-1/4" of the frame revealed on the top and bottom and 1" reveal on both sides.

CORNER APPLICATIONS

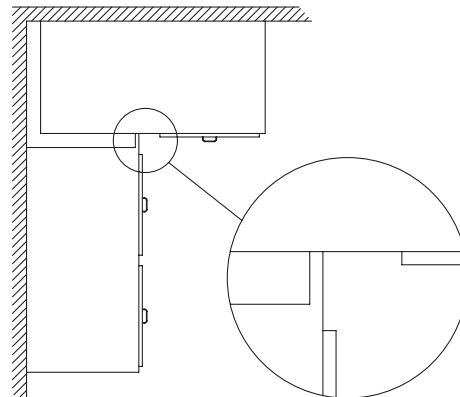

Caution

When cabinets are not "pulled" away from the corner, the protrusion of decorative hardware may not leave proper operating clearance for doors and drawers.

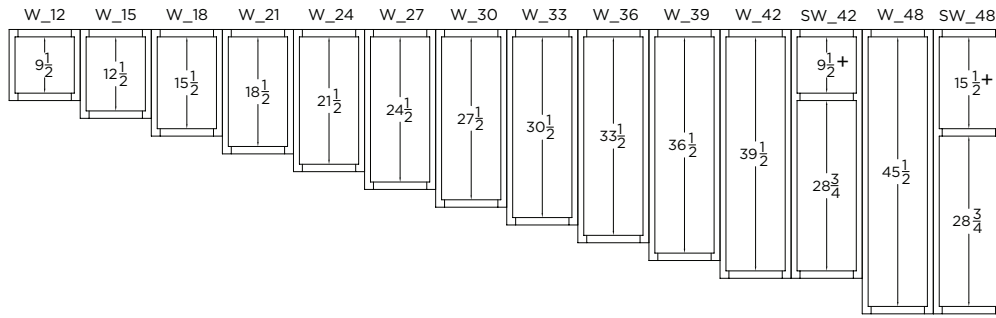

Recommended

Cabinets that have been "pulled" from the corner leaving proper operating clearance for doors and drawers.

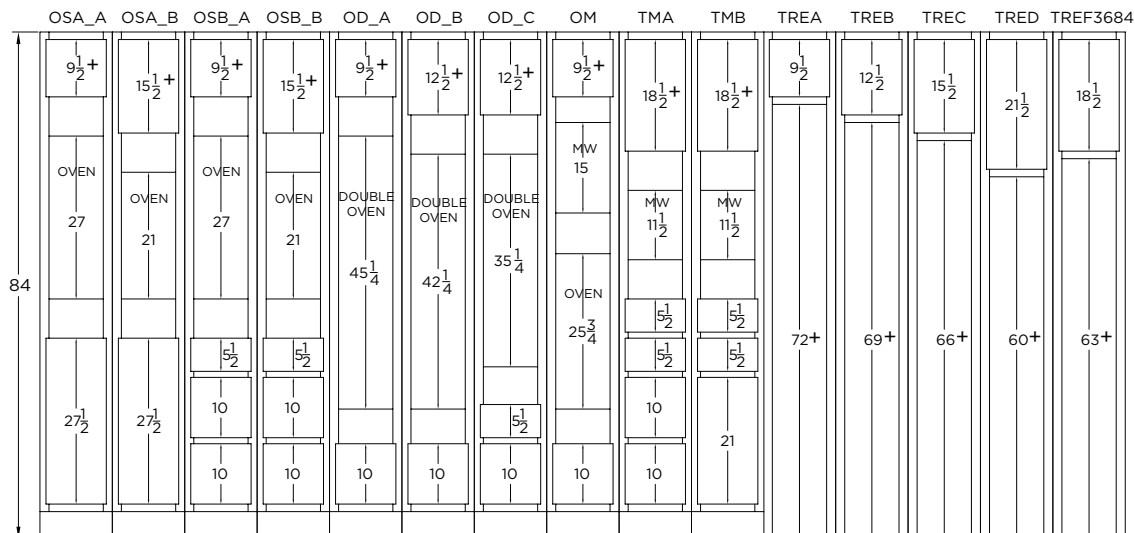

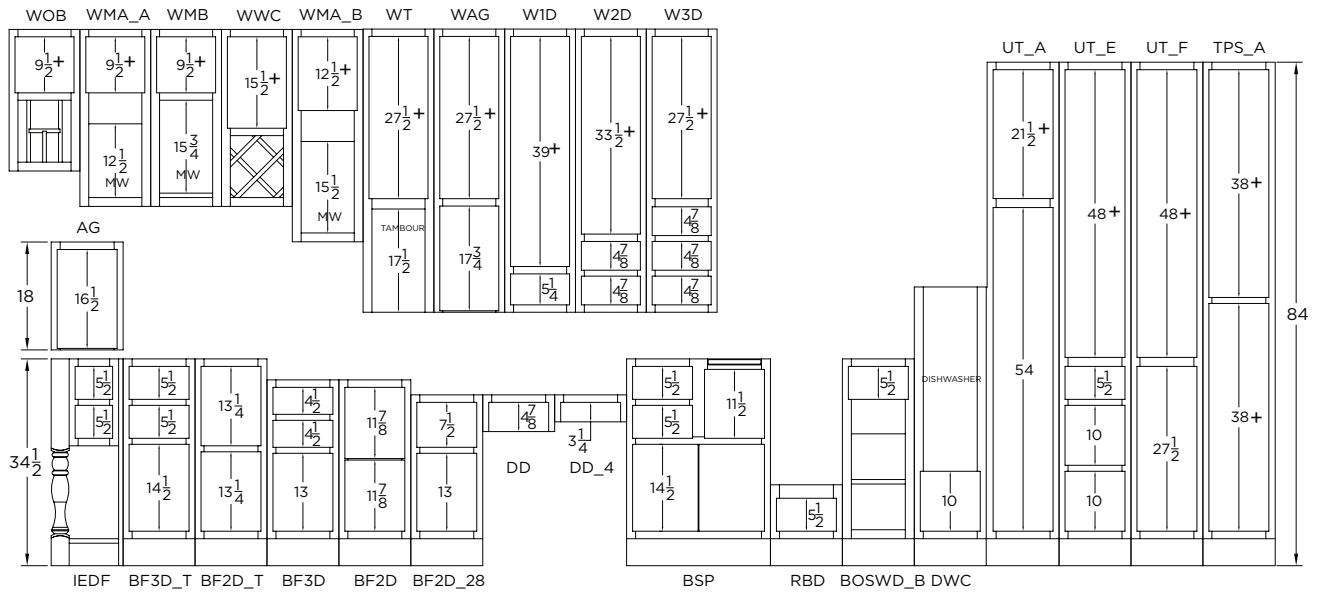

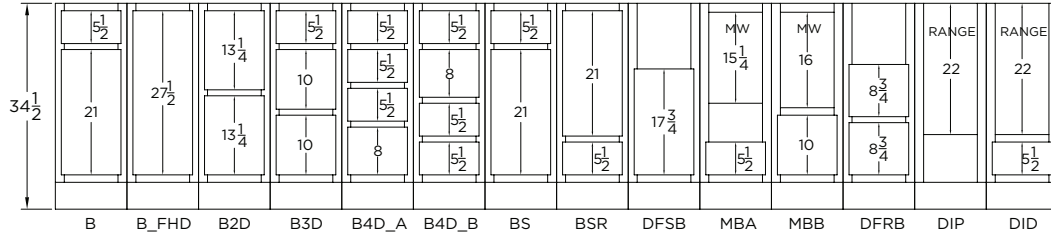

SPECIFICATIONS

STANDARD OVERLAY DOOR/DRAWER SIZES

Wall cabinets are shown at standard height. When height is changed, + indicates which section changes.

Tall cabinets are shown at 84". For other heights (i.e. 90", 93" 96") the upper section changes by amount of height increase.

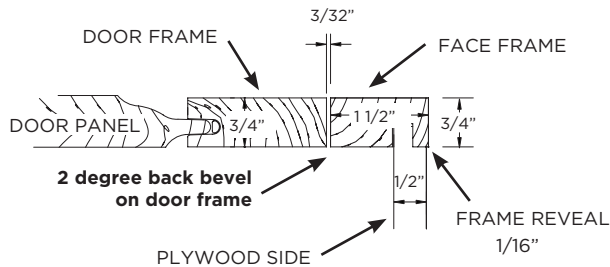

When height is changed, + indicates which section changes.

Inset Cabinetry utilizes a traditional framed cabinet with the doors and drawer fronts "inset" inside the face frame. The top drawer for some door styles may be Solid. See individual door style descriptions for sizing information. 9" wide cabinets will default to a Solid door. Door edge profile will be SR.

Mitered & wood slab door styles are not available in Inset. See individual door descriptions for Inset availability.

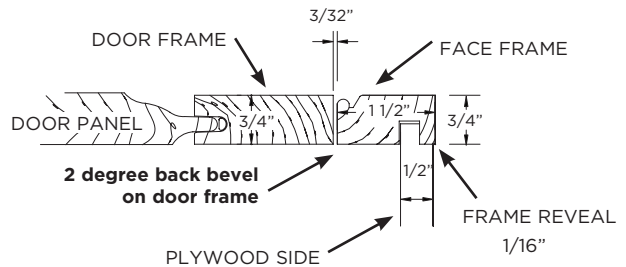

Inset Frame

Add 15%

Beaded Inset Frame

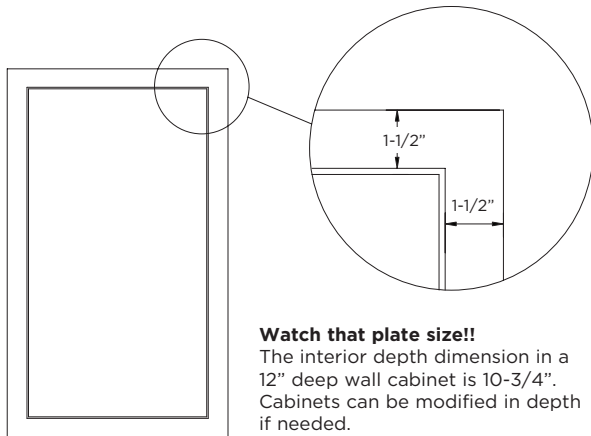

Add 15%

FRAME REVEALS

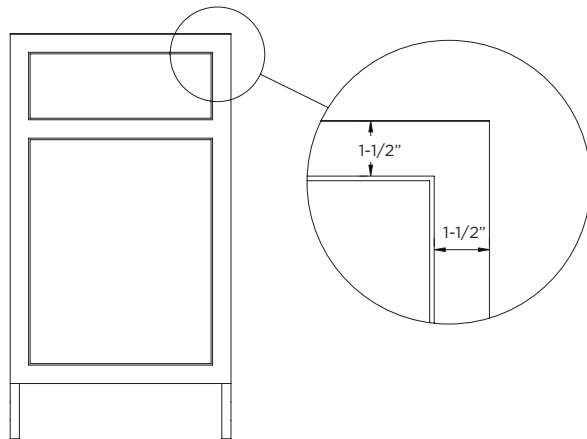

Wall Units

Wall cabinets are designed to show the entire frame of the cabinet as the doors are inset inside the face frame.

Base Units

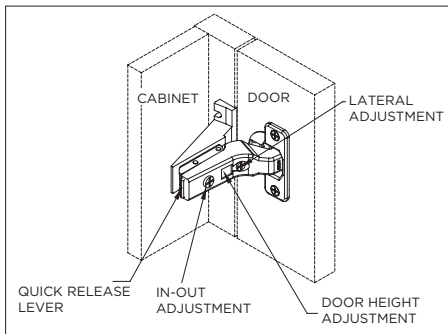

Base cabinets are designed to show the entire frame of the cabinet as the doors and drawer fronts are inset inside the face frame.

HINGE OPTIONS:

Standard Inset Hinge

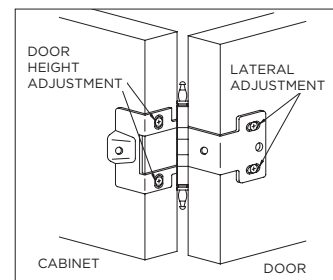

The standard hinge for all inset door styles is an integrated concealed soft close hinge. A magnet is attached to the back of the door and a corresponding metal strike plate is attached to the cabinet to both serve as a stop and to hold the door in the closed position. The magnet and strike plate are always positioned near the stile of the cabinet on the opposite side of the hinge.

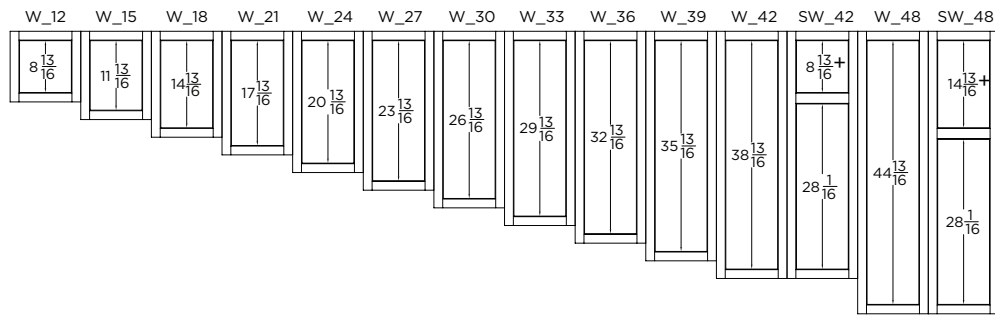

Full Inset Exposed Hinge

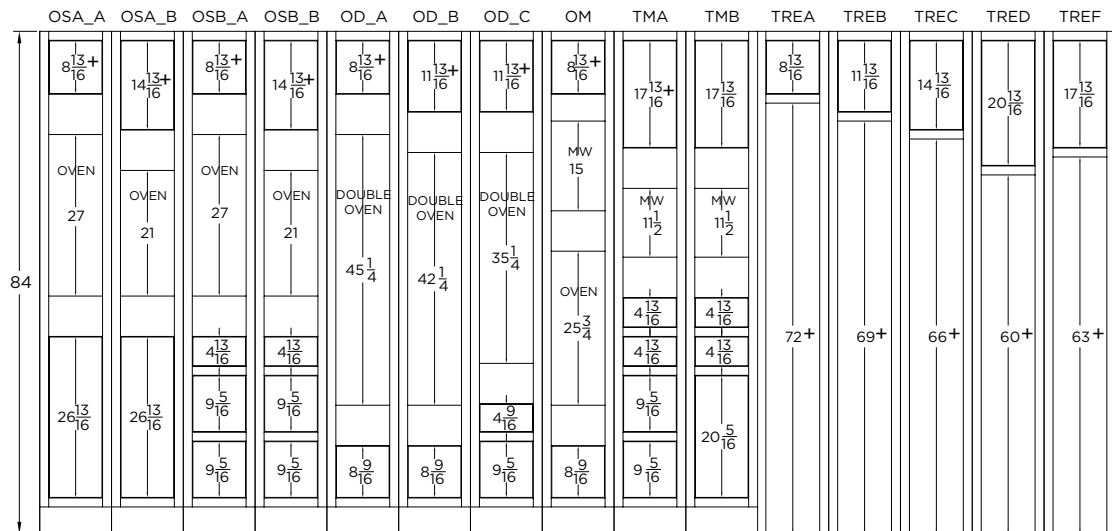

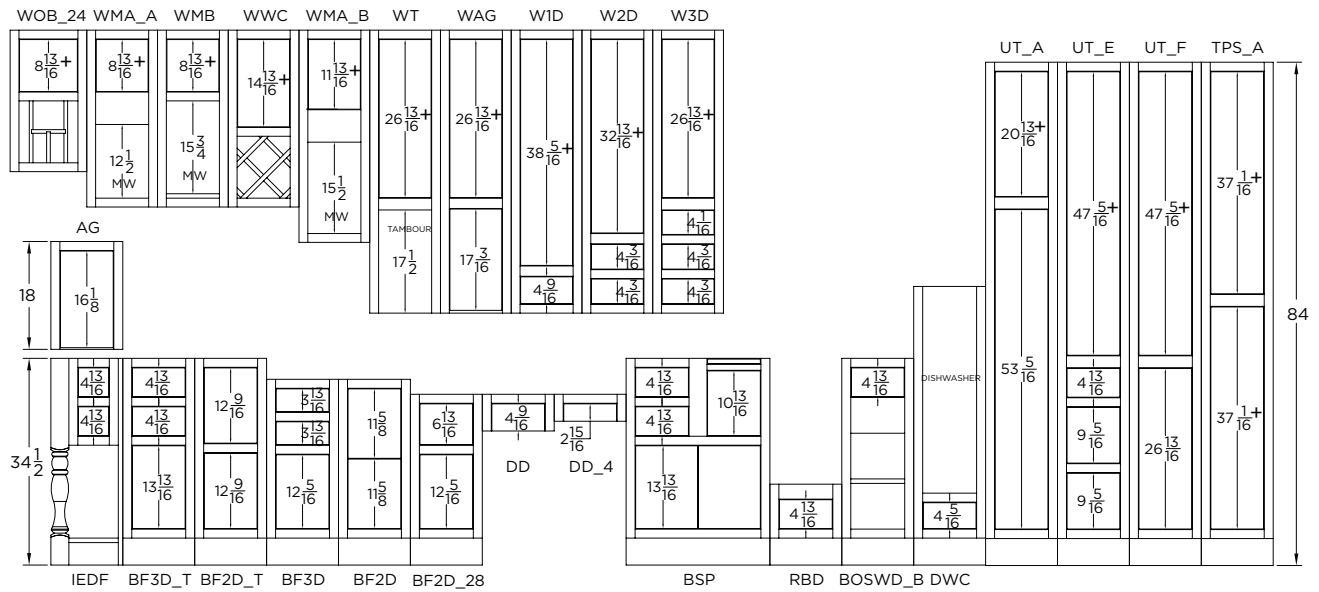

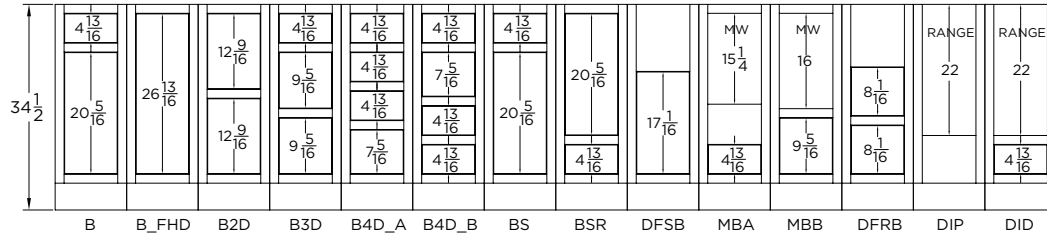

The full inset exposed hinge has the barrel of the hinge exposed on the face frame of the cabinet. This hinge is a free-swinging hinge with neither a self-close nor a soft-close feature. A magnet is attached to the back of the door and a corresponding metal strike plate is attached to the cabinet to both serve as a stop and to hold the door in the closed position. The magnet and strike plate are always positioned near the stile of the cabinet on the opposite side of the hinge. The full inset exposed hinge is available in 7 finishes.

- ORB - Oiled Rubbed Bronze
- DAE - Dark Antique English
- PB - Polished Brass
- BB - Burnished Brass
- WI - Wrought Iron
- AE - Antique English
- G9 - Sterling Silver

Wall cabinets are shown at standard height. When height is changed, + indicates which section changes.

Tall cabinets are shown at 84". For other heights (i.e. 90", 93" 96") the upper section changes by amount of height increase.

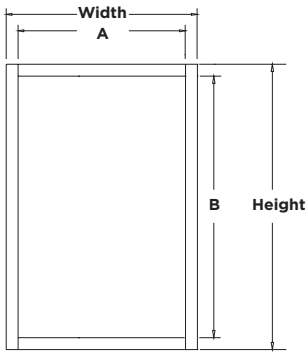

When height is changed, + indicates which section changes.

• Included in color chip set.

* Glaze finishes are available with soft glaze, full glaze or brushed glaze. Specify glaze color and application (i.e. Black Brushed Glaze). A Quick Response Sample Door is recommended before ordering to see a finish sample.

** All rustic woods need a Product Awareness Form. (Located in the forms section of the catalog.)

Go to www.berth.com to see all combinations of woods and finishes.

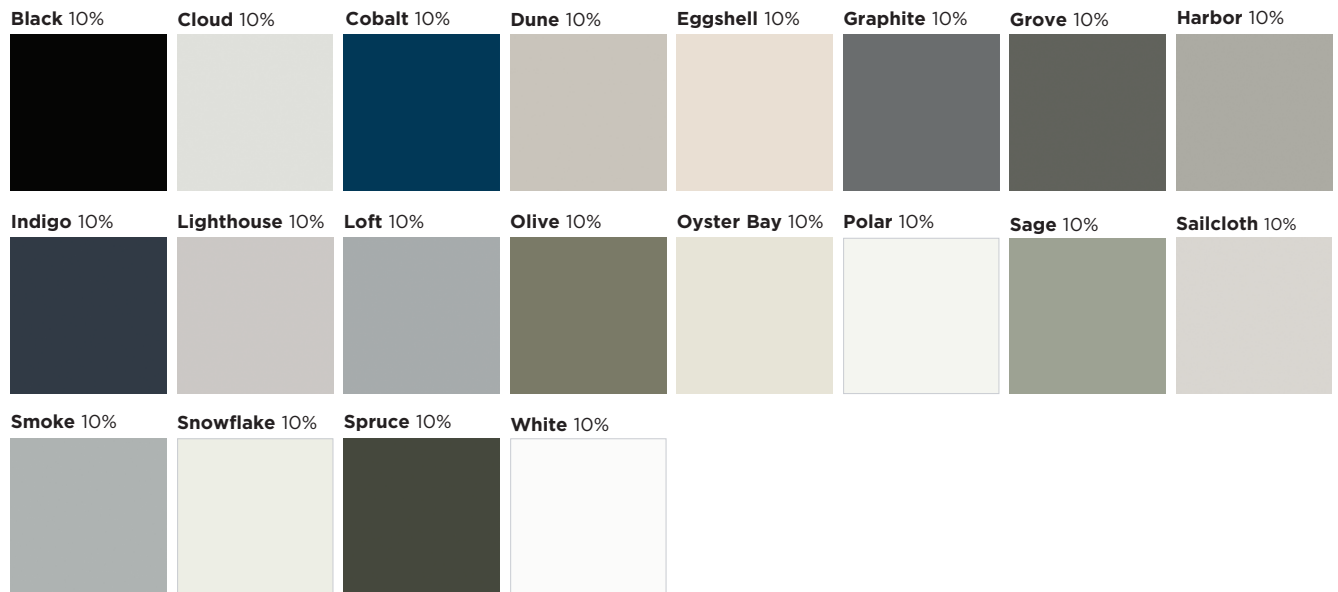

WIPING STAINS

UNFINISHED: Painted/Stained 5% Credit

CUSTOM WIPING STAIN: Add 2% plus one time fee of \$886. Additional lead time. *Approved half door sample required.*

SOLID COLORS (PAINT)

CUSTOM SOLID COLOR OR SHERWIN WILLIAMS COLOR MATCH:

Add 15% plus one time fee of \$886. Additional lead time. *Approved half door sample required.*

FINISH SHEEN

Semi Gloss: A medium luster that enhances the wood grain and color. 35°

Matte: A flat, no-gloss finish that creates a soft, rich appearance. 15°

Go to www.berth.com to see all combinations of woods and finishes.

GLAZE COLOR

Black

Brown

Grey

CUSTOM GLAZE COLOR:
 Add 12% plus one time fee of \$886. Additional lead time. **Approved door sample required.**

GLAZE APPLICATION

Soft 10%
 Subtle glaze wiped-on profiles and edges.

Full 10%
 All over even-toned wiped on glaze, profiles and edges accentuated.

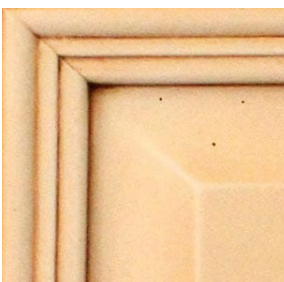

Brushed 15%
 All over wiped on Glaze with subtle brush strokes, less even toned, profiles and edges accentuated.

CUSTOM GLAZE APPLICATION:
 Add 15% plus one time fee of \$886. Additional lead time. **Approved door sample required.**

FINISH TRAITS

Dry Brushing 2%
 Black edging that appears to be burnt, applied to worn corners or eased edges. **Approved half door sample required.**

Fly Speck 3%
 Small dark colored specks randomly applied. **Approved half door sample required.**

Spatter 3%
 Random, transparent spots, similar to water spots. **Approved half door sample required.**

TWO FINISHES/ONE CABINET

1. Only one wood species can be ordered.
2. Must specify in special instructions on the order form.
 - A. First finish for door and drawer fronts.
 - B. Second finish for cabinet frame and box.
3. Add 15% in addition to any other premium up-charges.

COLOR MATCH

Original order up to one year..... N/C

Original order over one year old:

STAIN 2% plus \$227 set up fee

SOLID COLOR..... 12% plus \$227 set up fee

Go to www.berth.com to see all combinations of woods and finishes.

#1 - NICKS & DENTS
Small, random nicks, dents and dings in the wood substrate.

#2 - BIRD PECKING
Small randomly grouped holes, simulation bird pecking.

#3 - SCREWMARKS
Random screw impressions on the wood showing thread marks.

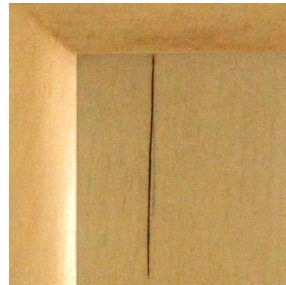

#4 - WORN CORNERS (ADD 5%)
Profiles and corners are sanded down to remove the crisp new looking profiles.

#5 - RASPING (ADD 5%)
Wood material is removed with a hand rasp to create a course, used appearance.

#6 - RUBTHROUGH (ADD 10%)
Sanding through a layer of finish coating to expose another finish layer or wood substrate.

#7 - CRACKS (ADD 10%)
Random, simulated cracks and splits.

#8 - WIRE BRUSHING (ADD 10%)
A wire brush is used to randomly rough up the substrate surface in certain areas.

#9 - GOUGES (ADD 10%)
Large, deep area where the wood is removed (deeper and wider than "cracks").

#10 - WORMHOLING (ADD 10%)
Closely grouped holes with beaten grain.

PRICING: Choose as many or as few wood traits as you want. The highest up-charge will apply once for all that is chosen.

EXAMPLES:

- Order for 1, 4, 8,10% Up-charge
- Order for 1, 2, 3,No Up-charge
- Order for 1, 4, 5,5% Up-charge
- Order for 1, 4, 5, 6, 9,10,10% Up-charge

Go to www.berth.com to see all combinations of woods and finishes.

ALDER (ADD 5%)
RUSTIC ALDER
SELECT ALDER (ADD 10%)

A fine-grained hardwood similar to Cherry, Birch, and Maple. Pale yellow (tan) to reddish brown in color. A soft, light wood with even texture and straight grain that accepts stain well. Characteristics include random sized tight knots and rays.

BIRCH

White Birch, medium hardwood, similar to Maple but not as consistent in color as Maple, good base for solid color finishes, accepts stain unevenly; mottles. Mottling is a blotchy appearance evident due to various densities in the wood. Not recommended for darker stains. Off white color, medium density, fine texture, straight grain.

CHERRY (ADD 15%)

Darkens with age at a very fast rate, pitch marks (worm holes), mineral streaks, medium hardwood, accepts stain well. Cherry is especially sensitive to light. Light will cause the wood to darken/redden significantly. Medium reddish brown color, medium density, fine texture, straight grain. Sap wood of up to 20% is standard on any cherry component.

HICKORY
RUSTIC HICKORY (ADD 10%)

A strong solid heavy wood with open grain that is known for its light to dark contrast in color. Cabinet components may range from a light, almost white, sapwood to a deep, reddish-brown color. The blend of light and dark wood is highlighted when finished in a natural or light stain; darker stains will mildly tone the color variations.

MAPLE (ADD 8%)

Hardwood, fine, tight grain, looks best with light, natural, or solid color finishes, yellows slightly with age. Not recommended for darker stains. Cream color, hard density, fine texture, straight grain.

OAK (RED)
QUARTER SAWN RED OAK (ADD 12%)

Hardwood, open grain, accepts stain well, will darken slightly with age, grain pattern very evident when a solid color finish is applied. May vary in color from light to dark with possible shades of green.

WALNUT (ADD 25%)

Hardwood, dense, defined grain patterns, lightens with age and exposure to sunlight, best with a dark or natural finish. Dark brown color, medium hard density, medium texture, straight to irregular grain, premiere U.S. furniture wood.

RUSTIC WOODS

Solid wood will have character marks such as large knots and wane. Other characteristics include: small pin knots, bird pecks, worm tracks, mineral stain, irregular figures in the grain, cracks that do not hurt the strength of the part, sap wood and cherry pitch marks. Tri Views, Oval Mirror and Medicine Cabinet, Wood Tops, Frieze Valances, scribe and outside corner moulding) will not be rustic. Rustic Hickory shown in photo.

OTHER WOOD SPECIES

Bertch will quote other wood species. Submit a quote request for pricing and availability. Additional lead time is required.

RHVBH2 In-Line/Exterior Mount Blower Housing

- Stainless steel finish.
- Ventilator housing only.
- Three speed slide control.
- Heat Sentry detects excessive heat and adjusts speed automatically.
- For use with in-line or exterior mount units, RHVBHLB11 or RHVB336
- One Year Manufacture Warranty.

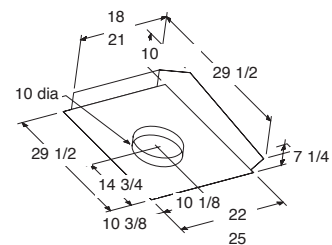

RHVBHLB11 External, In-Line Blower

- Powerful and quiet.
- Available in 1100 CFM
- Installs remotely in the interior of the home - not restricted by local exterior home codes or service concerns for roof mounted exterior applications.
- 8-positions mounting brackets, or suspends with special suspension chains (hanger kit included)
- designed to work independently from Internal or Exterior blowers, this is not a boost blower - the RHVBHLB11 needs no other blowers in the system.
- Specially designed resilient motor mounts and housing isolation mounts prevent vibration noise.
- Flexible duct designs allows straight-through or right-angle connections with built-in damper.
- Includes 10" round ductwork transition(s).
- Designed to be used with RHVBH2
- One Year Manufacture Warranty.

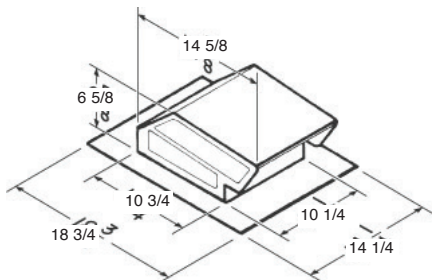

RHVB336 External, Exterior Blower

- Reduce kitchen noise by locating your range hood blower outdoors.
- Durable, weather resistant, all aluminum construction that mounts on roof or outside wall
- 1500 CFM
- Designed to be used with RHVBH2.
- One Year Manufacture Warranty.

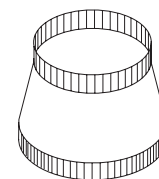

RHVACC634 Roof Cap

- Alumium roof cap with backdraft damper and bird screen. 3 1/4" x 10" or up to 8" round duct. Black finish.

RHVACC414 Expander

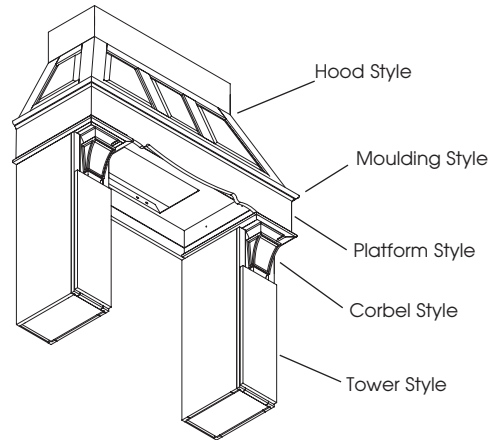

- 8" to 10" expander.
- For use with RHVBHLB11.

Create A Wood Hood

Create A Wood Hood is designed as a free standing wood hood with a platform to accommodate towers and corbels on both sides. There are 6 steps to create your hood, each with its own pricing. After selecting all of your options, add the prices in the column. This is your **Create A Wood Hood** base price. (remember to add all additional premiums, such as wood premiums, finish premiums etc.)

You will find a **Create A Wood Hood** order form in the forms section of the catalog. The next page has an example of the order form to create the hood pictured to the right.

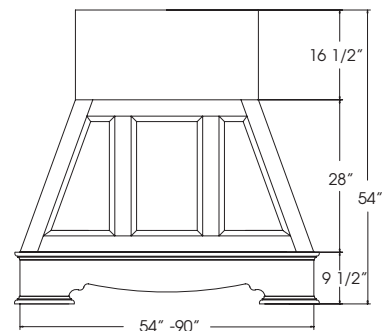

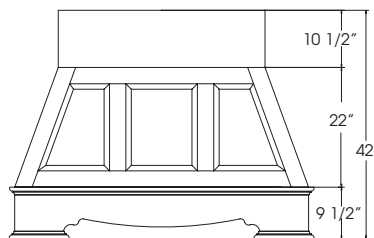

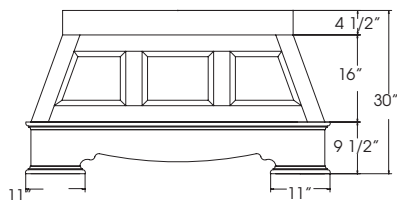

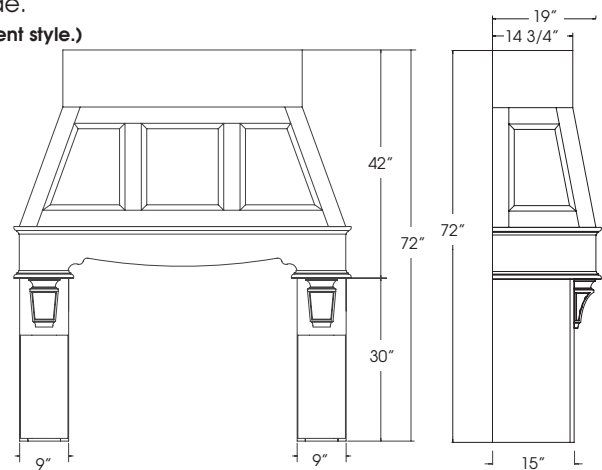

- Step 1.** Locate the **Hood Size & Price** from the chart below.
- Step 2.** Specify the **Hood Style**.
- Step 3.** Specify the **Platform Style**.
(If you choose the ornament style the center ornament will be determined by the corbel style you choose. See Moulding Section of catalogue for specifics)
- Step 4.** Specify the **Moulding Style**.
- Step 5.** Specify the **Tower Style** for the left side and the right side.
(you can choose the same for both sides or each side can be a different style.)
- Step 6.** Specify the **Corbel Style**.

Add all pricing together to get you final price.
(remember to add all premiums to price, such as wood premiums, finish premiums etc.)

Note:
Before ordering a "Create A Wood Hood" dealer must verify compliance with local building codes for ventilation, installation, and clearance.

A Sketch Showing All Dimensions Must be Sent in With The Order

(Example: W3030 PC)

Specify: PC

A:

B:

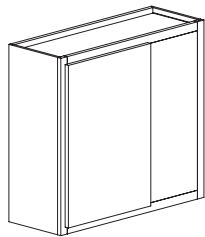

C:

D:

Flush Void

Used On Blind Corner Wall (BCW)

If Specified Void Will Be Filled with 3/4" solid Wood

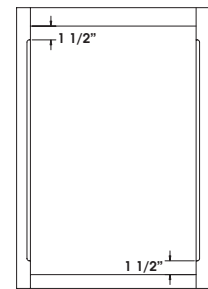

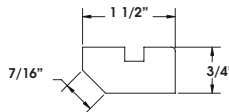

(Example: BCW3630 Flush Void Right)

Face Frame Chamfer

Cabinet stiles will have a 7/16" chamfer
Chamfer begins 1 1/2" below the bottom of the top rail and stops 1 1/2" above the bottom rail.
Specify Chamfer Inside or Outside of Frame
Inside Chamfer Shown

Top View of Chamfer

Box Only

No interior or exterior parts.

(Example: W1830 Box Only)

Face Frame And Door

Specify FF & D

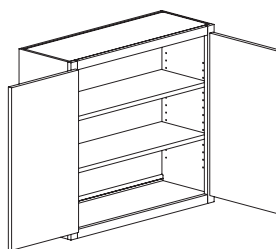

Available on Standard Size Cabinets.

(Example: W1830 FF&D)

Flush Top or Bottom Finished

Specify Flush Top Or Bottom
FT or FB

(Example: W3630 FT)

ITEM	PRICE
FIXED VERTICAL DIVIDER	171
PIPE CHASE	364
FLUSH VOID	136
FACE FRAME CHAMFER	N/C
BOX ONLY DEDUCT	40%
FACE FRAME & DOOR (FF & D) DEDUCT	40%
FLUSH TOP OR BOTTOM FINISHED	209

WALL DIMENSION MODIFICATIONS

DECREASE DIMENSIONS

Most cabinets can be decreased in height, width or depth for no charge.
Specify the next larger cabinet size and specify the dimension(s) to be decreased.
See door style section for individual door/drawer front sizing.

Example: B36
DW Width: 35"

Decrease Width	DW	N/C
Decrease Depth	DD	N/C
Decrease Height	DH	N/C

Minimum cabinet width: 9"

Minimum cabinet depth (with drawer): 12"
Minimum cabinet depth (without drawer): 4-1/2"
Cabinets with decreased depth are supplied with standard depth drawers & guides only.
(21", 18", 15", 12", 9" deep drawer box.)

Minimum height of wall cabinet: 12"
Minimum height of base cabinet without a drawer: 16-1/2"
Minimum height of 1-drawer base: 10-5/8"
Minimum height of 2-drawer base: 15-1/8"
Minimum height of 3-drawer base: 19-3/4"
Minimum height of 4-drawer base: 24-1/4"

INCREASE DIMENSIONS

Most cabinets can be increased in height, width or depth.
Specify the largest cabinet size and specify the dimension(s) to be increased.

Example: BR159612
IDIM, Height 102"

Increase Dimension(s) IDIM 35%
(35% total up-charge for 1, 2 or 3 increased dimensions)

Maximum width of tall cabinet: 36"
Maximum width of base or wall cabinet: 48"
Maximum width of vanity console cabinet: 72"

Maximum depth of wall or tall cabinet: 30" (walls over 15" deep should be anchored through one or both sides)
Maximum depth of base cabinet: 36" (Drawers remain standard 24" depth unless quoted.)

Maximum height of tall cabinet: 120"
Maximum height of base cabinet: 48"
Maximum height of wall cabinet: 72"

INCREASE DEPTH 13"

INCD13 5%

INCD13 modification is designed to increase a standard 12" deep cabinet to 13" for use with Inset cabinetry to maintain the interior depth of the cabinet.

Modification needs to be applied to every cabinet affected.
12" x 12" angle and corner cabinets would become 13" x 13".
Diagonal cabinets remain 24" wide but with a 13" depth.
Blind cabinets would need to be pulled from the corner to accommodate a 13" deep cabinet in the corner.

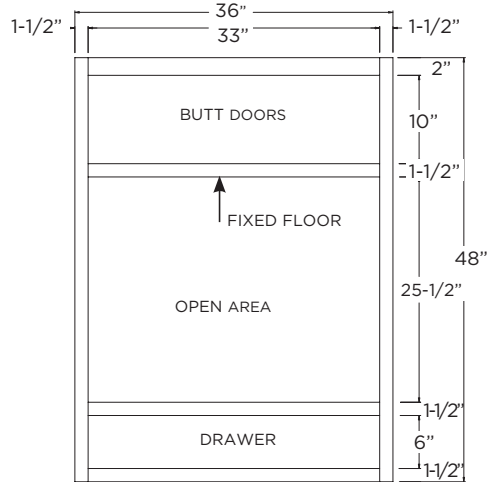

WALL DIMENSION MODIFICATIONS

CUSTOM FRAME ARRANGEMENT

ITEM	PRICE
Custom Frame Arrangement:	\$318
Add Floor:.....	\$43/SQ FT
Add Drawer:.....	See Chart

DRAWER HEIGHT	CABINET UP TO 24" WIDE	CABINET OVER 24" WIDE
4-1/16"	\$331	\$377
5-1/16"	\$344	\$389
6-1/16"	\$356	\$401
7-1/16"	\$368	\$413
9-1/16"	\$392	\$438
12-1/16"	\$429	\$474

For Appliance Cabinets use the Appliance Specification Sheet in the Forms Section of the catalog.
A sketch showing all dimensions must be sent in with the order.

Wall Quarter Columns

Cabinet overall width remains the same.
 Cabinet face frame and interior will decrease by 2 1/4"
 Minimum cabinet height: 12"
 Available in 3 styles.
 Not available with Door on End of Cabinet.

Top view of a standard 30" wide wall cabinet

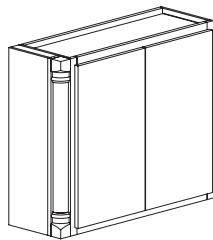

The column will always be the same height as the face frame of the cabinet.
 If the column is to be flush to the floor on a base or tall cabinet you must specify the bottom cap size.
 Choose either 4" or 8 1/2" bottom cap.

Create A Table

"Create A Table" is a design program to create a free standing table/island with all sides finished. Choose from 4 unique styles and sizes selecting your individual options. There are 4 easy steps to complete your table design. Each step has its own pricing. After choosing your options, add the prices together for your total **Create A Table** price. (remember to add all premiums to price, such as wood premiums, finish premiums etc.) You will find a **Create A Table** order form in the forms section of the catalog.

The next pages have examples of the order forms used to create the Tables pictured on this page.

Step 1. Find the **Table Size and Style** from the drawings below.

Step 2. Specify the **Table Configuration**.

Step 3. Specify the **Toe Valance Style**. (if applicable)

Step 4. Specify the **Turning Style**.

Step 5. Specify the **Wood Leg Style**. (if applicable)

Step 6. Specify the **Shelf Style**. (if applicable)

Step 7. Specify the **Side Style**.

Add all pricing together to get your final price.

(remember to add all premiums to price, such as wood premiums, finish premiums etc.)

Split Drawer

Changes Single Drawer Into Two Drawers

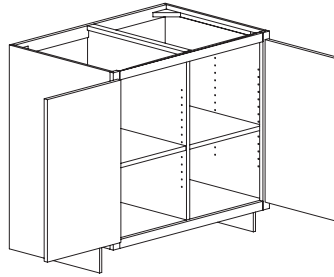

SPDWR

(Example: B36 SPDWR)

Fixed Vertical Divider

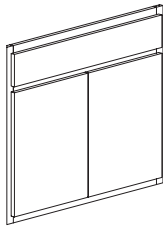

Unless Specified, Will Be Centered
Specify Shelves Left, Right, or Both

(Example: B36FHD/FVD-CTR)

Face Frame and Door

Specify FF & D
Available on Standard Size Cabinets.

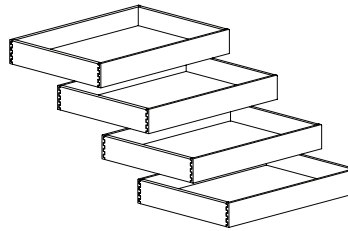

(Example: B36 FF&D)

Concealed Drawers

Includes Full Extension Soft Motion Glides
Specify Quantity

MAXIMUM QUANTITIES:
Standard Base: 3
Base With FHD: 4

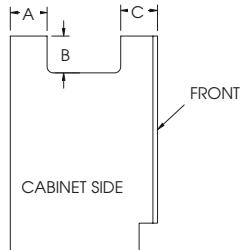

Example:
B15FHD-CND-3

Scooped Side

Specify Which Sides to Be Scooped
Minimum for A & C is 1 3/4"

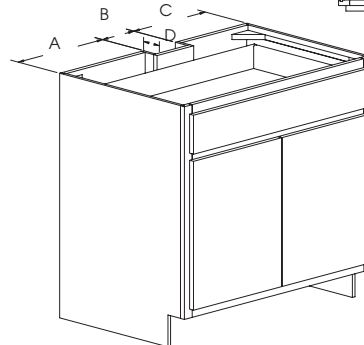

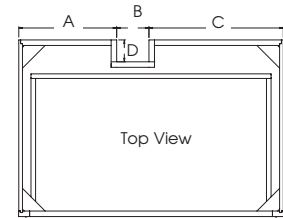

Specify: A
B
C

Pipe Chase

Available on Walls, Bases, and Tall Cabinets
A Sketch Showing All Dimensions Must be Sent in With The Order

Specify: PC
A:
B:
C:
D:

(Example: B3012FHD PC)

Box Only

No interior or exterior parts.

Full Depth Shelf

Changes Shelf Depth to Full Depth

Specify FDS

Ship Subtoe Loose

Please Specify:
"Ship Subtoe Loose"

BASE DIMENSION MODIFICATIONS

DECREASE DIMENSIONS

Most cabinets can be decreased in height, width or depth for no charge.
Specify the next larger cabinet size and specify the dimension(s) to be decreased.
See door style section for individual door/drawer front sizing.

Example: B36
DW Width: 35"

Decrease Width	DW	N/C
Decrease Depth	DD	N/C
Decrease Height	DH	N/C

Minimum cabinet width: 9"

Minimum cabinet depth (with drawer): 12"

Minimum cabinet depth (without drawer): 4-1/2"

Cabinets with decreased depth are supplied with standard depth drawers & guides only.
(21", 18", 15", 12", 9" deep drawer box.)

Minimum height of wall cabinet: 12"

Minimum height of base cabinet without a drawer: 16-1/2"

Minimum height of 1-drawer base: 10-5/8"

Minimum height of 2-drawer base: 15-1/8"

Minimum height of 3-drawer base: 19-3/4"

Minimum height of 4-drawer base: 24-1/4"

INCREASE DIMENSIONS

Most cabinets can be increased in height, width or depth.
Specify the largest cabinet size and specify the dimension(s) to be increased.

Example: BR159612
IDIM, Height 102"

Increase Dimension(s) IDIM 35%
(35% total up-charge for 1, 2 or 3 increased dimensions)

Maximum width of tall cabinet: 36"

Maximum width of base or wall cabinet: 48"

Maximum width of vanity console cabinet: 72"

Maximum depth of wall or tall cabinet: 30" (walls over 15" deep should be anchored through one or both sides)

Maximum depth of base cabinet: 36" (Drawers remain standard 24" depth unless quoted.)

Maximum height of tall cabinet: 120"

Maximum height of base cabinet: 48"

Maximum height of wall cabinet: 72"

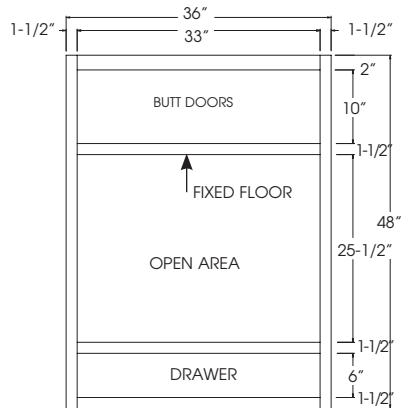

BASE DIMENSION MODIFICATIONS

CUSTOM FRAME ARRANGEMENT

ITEM	PRICE
Custom Frame Arrangement:	\$391
Add Floor:.....	\$43/SQ FT
Add Drawer:.....	See Chart

DRAWER HEIGHT	CABINET UP TO 24" WIDE	CABINET OVER 24" WIDE
3-3/8"	\$319	\$364
4-1/16"	\$331	\$377
5-1/16"	\$344	\$389

9-1/16"	\$392	\$438
12-1/16"	\$429	\$474

For Appliance Cabinets use the Appliance Specification Sheet in the Forms Section of the catalog. A sketch showing all dimensions must be sent in with the order.

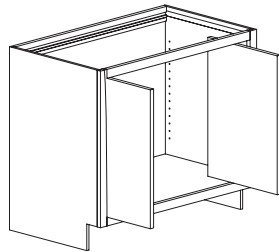

Example Pricing:
Start with the closest cabinet that exists today:

WID3648
Custom Frame Arrangement
Add 1 Fixed Floor
Add 1 drawer 5-1/16"H
Finished Interior

Additional lead time may be needed.
Call Customer Service for lead time.

RETRACTABLE DOORS (RET)

Cabinet must have a minimum depth of 15".
Doors slide into the cabinet when opened.
Inside opening width is 8" less than cabinet width.
Doors are full inset when closed.
Interior of cabinet is open.
No shelves, center stiles, or dividers.

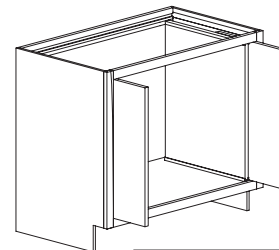

RETRACTABLE DOORS
(Example: B36FHD/RET)

\$573

RETRACTABLE DOOR OPTION (RET-D)

Order in addition to retractable doors.
Includes two 3/4" removable dividers.
Inside opening width is 10" less than cabinet width.
Shelves optional: Specify

RETRACTABLE DOOR OPTION
(Example: B36FHD/RET-D)

\$361

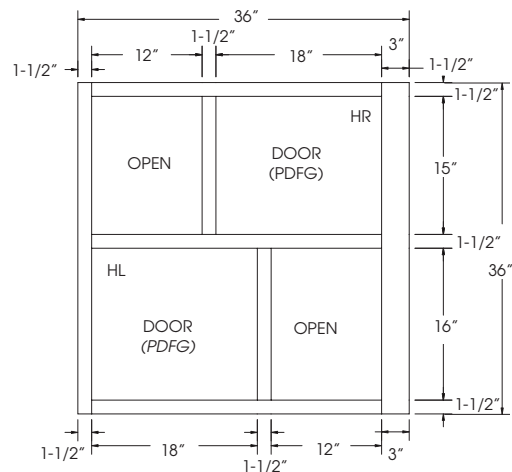

DESIGN NOTE: Retractable doors must be fully opened before sliding them back into the cabinet. When closing the doors, fully extend before swinging shut.

CUSTOM FACE FRAME & DOOR

Include complete drawing showing all frame dimensions.
Specify necessary detail requirements.

Example:

Door, Drawer Fronts, Open Spaces, Rail and Stile Dimensions, etc.

Custom Face Frame & Door\$112/SQ FT
Custom Face Frame No Doors.....\$61/SQ FT

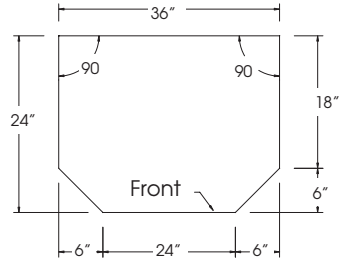

Additional lead time may be needed.

BASE QUARTER COLUMNS	
BQC	1702
BQC-PANELED END	2050
BQC-PENINSULA	2189
BQC-PENINSULA/PANELED END	2631

Base Quarter Columns

Cabinet overall width remains the same.
 Cabinet face frame and interior will decrease by 2 1/4"
 Minimum cabinet height: 12"
 Available in 3 styles.
 Not available with Door on End of Cabinet.

Top view of a standard 30" wide base or tall cabinet.

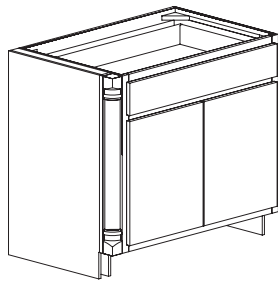

The column will always be the same height as the face frame of the cabinet.
 If the column is to be flush to the floor on a base or tall cabinet you must specify the bottom cap size.
 Choose either 4" or 8 1/2" bottom cap.

**ADDITIONAL LEAD TIME MAY BE NEEDED
 CALL CUSTOMER SERVICE FOR LEAD TIME**

Quarter Column

Specify:
 Style of Column
 Left or Right

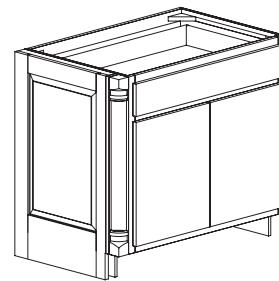

BQC

Example: BQC-SMOOTH-LEFT

Quarter Column with Paneled End

Minimum Cabinet Depth is 12"
 Specify:
 Style of Column
 Left or Right

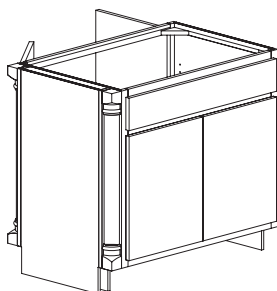

BQC-PEC

Example: BQC-PEC-SMOOTH-LEFT

Quarter Column Peninsula

Specify:
 Style of Column
 Left or Right

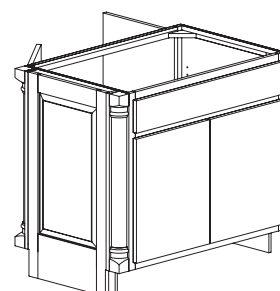

BQC-PEN

Example: BQC-PEN-SMOOTH-LEFT

Quarter Column Peninsula with Paneled End

Minimum Cabinet Depth is 15"
 Specify:
 Style of Column
 Left or Right

BQC-PEN-PEC

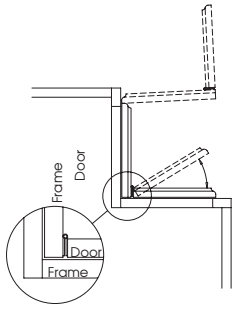

Example: BQC-PEN-PEC-SMOOTH-LEFT

Optional Hinge Attachments

(for PIE-CUT corner cabinets)
No Charge Options

Optional Hinge "A"

Specify OHA

Arc of door swing will miss appliance projection when standard or full overlay door is used.

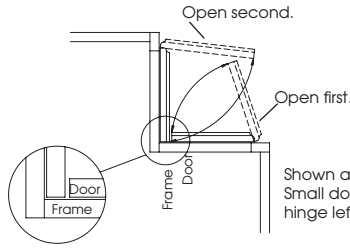

Appliance usually projects 2" or 3" beyond cabinet line.

NOTE:
Not Available With Mitered Door Styles

(Example: BHDLS36/OHA)

Optional Hinge "B"

Specify OHB

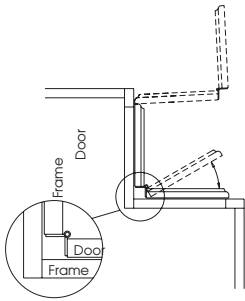

NOTE:
Not Available With Mitered Door Styles
Not Available With Capela, Centurion, Craftwood, Madison, Victoria, and Woodbridge

Shown as Hinge Left.
Small door opens first and determines hinge left or right.

(Example: BHDLS36/OHB)

Optional Hinge "C"

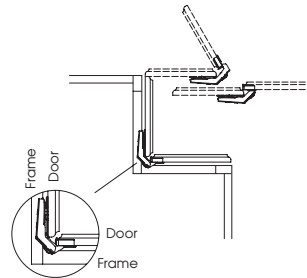

Specify OHC

(Example: BHDLS36/OHC)

Optional Hinge "D"

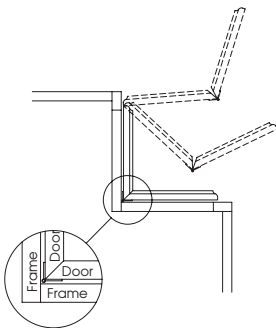

Specify OHD

(Example: BHDLS36/OHD)

Standard Overlay Hinge

Specify SOH

NOTE:
Available on Standard Overlay Door Styles Only

No interior or exterior parts.

Ship Subtoe Loose

Please Specify:
"Ship Subtoe Loose"

(96" High cabinets are no charge)

Retractable Doors

Cabinet Must Have a Minimum Depth of 15".
Doors Slide Into The Cabinet When Opened.
Inside Opening Width is 8" Less Than Cabinet Width
Doors Are Full Inset When Closed
Interior Of Cabinet Is Open
No Shelves, Center Stiles, or Dividers.
RET

Retractable Door Option

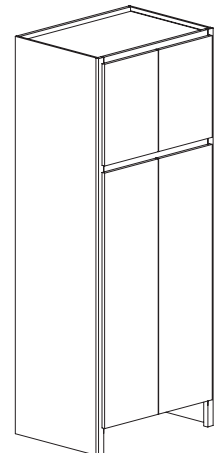

Order In Addition to Retractable Doors
Includes Two 3/4" Removable Dividers
Inside Opening Width Is 10" less Than Cabinet Width

RET-D

DESIGN NOTE: Retractable doors must be fully opened before sliding them back into the cabinet. When closing the doors, fully extend before swinging shut.

Extend Stile Down to Floor

Extends stile down 4 1/2" to floor.
Left, Right or Both

(Example: UT3684A Extend Both Stiles Down)

TALL DIMENSION MODIFICATIONS

DECREASE DIMENSIONS

Most cabinets can be decreased in height, width or depth for no charge.
Specify the next larger cabinet size and specify the dimension(s) to be decreased.
See door style section for individual door/drawer front sizing.

Example: B36
DW Width: 35"

Decrease Width	DW	N/C
Decrease Depth	DD	N/C
Decrease Height	DH	N/C

Minimum cabinet width: 9"

Minimum cabinet depth (with drawer): 12"
Minimum cabinet depth (without drawer): 4-1/2"
Cabinets with decreased depth are supplied with standard depth drawers & guides only.
(21", 18", 15", 12", 9" deep drawer box.)

Minimum height of wall cabinet: 12"
Minimum height of base cabinet without a drawer: 16-1/2"
Minimum height of 1-drawer base: 10-5/8"
Minimum height of 2-drawer base: 15-1/8"
Minimum height of 3-drawer base: 19-3/4"
Minimum height of 4-drawer base: 24-1/4"

INCREASE DIMENSIONS

Most cabinets can be increased in height, width or depth.
Specify the largest cabinet size and specify the dimension(s) to be increased.

Example: BR159612
IDIM, Height 102"

Increase Dimension(s) IDIM 35%
(35% total up-charge for 1, 2 or 3 increased dimensions)

Maximum width of tall cabinet: 36"
Maximum width of base or wall cabinet: 48"
Maximum width of vanity console cabinet: 72"

Maximum depth of wall or tall cabinet: 30" (walls over 15" deep should be anchored through one or both sides)
Maximum depth of base cabinet: 36" (Drawers remain standard 24" depth unless quoted.)

Maximum height of tall cabinet: 120"
Maximum height of base cabinet: 48"
Maximum height of wall cabinet: 72"

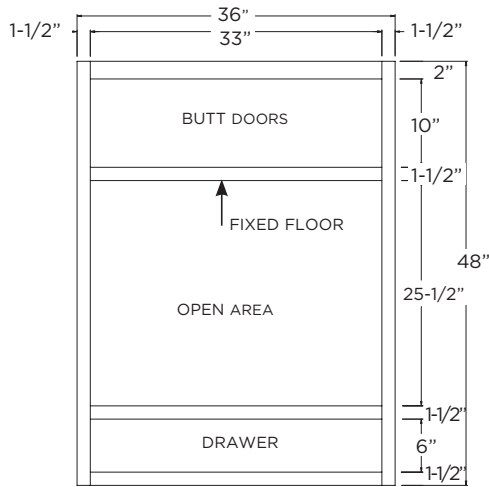

TALL DIMENSION MODIFICATIONS

CUSTOM FRAME ARRANGEMENT

ITEM	PRICE
Custom Frame Arrangement:	\$896

VANITY DIMENSION MODIFICATIONS

DECREASE DIMENSIONS

Most cabinets can be decreased in height, width or depth for no charge.
Specify the next larger cabinet size and specify the dimension(s) to be decreased.
See door style section for individual door/drawer front sizing.

Example: B36
DW Width: 35"

Decrease Width	DW	N/C
Decrease Depth	DD	N/C
Decrease Height	DH	N/C

Minimum cabinet width: 9"

Minimum cabinet depth (with drawer): 12"
Minimum cabinet depth (without drawer): 4-1/2"
Cabinets with decreased depth are supplied with standard depth drawers & guides only.
(21", 18", 15", 12", 9" deep drawer box.)

Minimum height of wall cabinet: 12"
Minimum height of base cabinet without a drawer: 16-1/2"
Minimum height of 1-drawer base: 10-5/8"
Minimum height of 2-drawer base: 15-1/8"
Minimum height of 3-drawer base: 19-3/4"
Minimum height of 4-drawer base: 24-1/4"

INCREASE DIMENSIONS

Most cabinets can be increased in height, width or depth.
Specify the largest cabinet size and specify the dimension(s) to be increased.

Example: BR159612
IDIM, Height 102"

Increase Dimension(s) IDIM 35%
(35% total up-charge for 1, 2 or 3 increased dimensions)

Maximum width of tall cabinet: 36"
Maximum width of base or wall cabinet: 48"
Maximum width of vanity console cabinet: 72"

Maximum depth of wall or tall cabinet: 30" (walls over 15" deep should be anchored through one or both sides)
Maximum depth of base cabinet: 36" (Drawers remain standard 24" depth unless quoted.)

Maximum height of tall cabinet: 120"
Maximum height of base cabinet: 48"
Maximum height of wall cabinet: 72"

Create A Fireplace

Create A Fireplace is designed using columns and a mantel. There are 4 easy steps to create your very own individual fireplace mantel. Each step has its own pricing. After choosing all of your options, add all the prices up and this is your **Create A Fireplace** price. (remember to add all premiums to price, such as wood premiums, finish premiums etc.) You will find a **Create A Fireplace** order form in the forms section of the catalog. The next page has an example of the order form to create the fireplace pictured below.

Step 1. Choose the **Fireplace Mantel Style**.

Step 2. Specify the **Fireplace Column Style**.

Step 3. Specify the **Fireplace Column Option**.

Step 4. Specify the **Corbel Style**.

Step 5. Specify the **Fireplace Turning Style** for the left side and the right side.

Add all pricing together to get you final price.

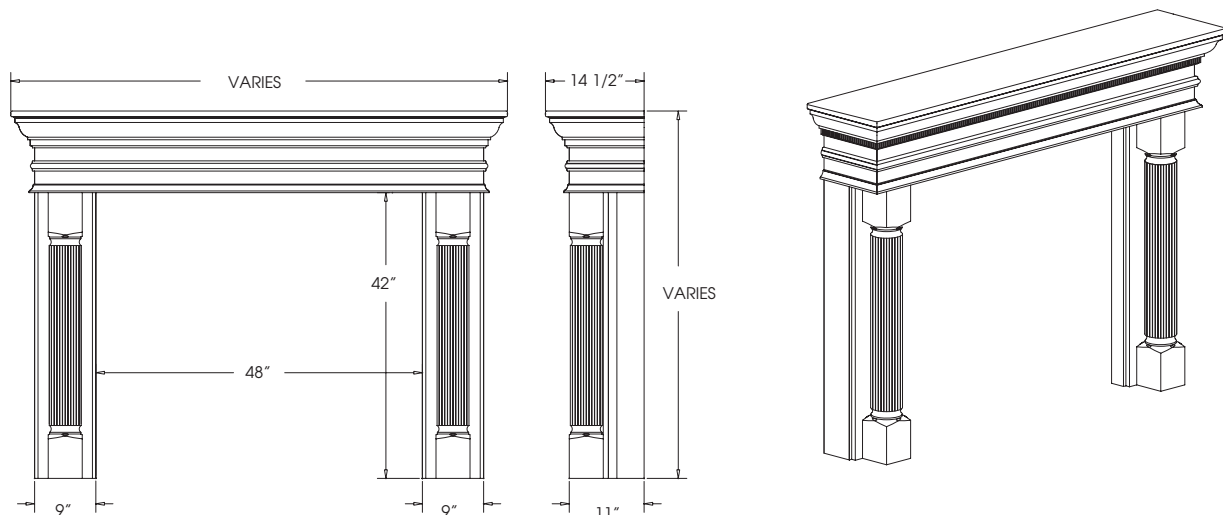

(remember to add all premiums to price, such as wood premiums, finish premiums etc.)

Modifications:

Fireboxes do vary in size. You can change the width or height to accommodate the firebox you are working with. 1 dimension change up to 12" add \$244, 2 dimension change up to 12" add \$473, each additional 6" over the original 12 inches add \$142.

Design Considerations

Local building codes may vary. Please check the codes in your area to make sure the fireplace you create will pass your local building codes. These fireplace mantels are designed to accommodate a 36" wide x 30" high rectangular firebox opening. If the standard sizes we have do not work for the firebox and codes for your area please submit a sketch of what you need and we will price a custom mantle for you.

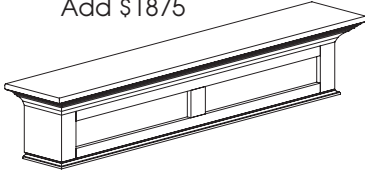

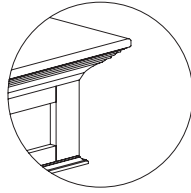

ADDITIONAL LEAD TIME MAY BE NEEDED

DEALER NAME		DEALER CONTACT	
BUSINESS HOURS		BUSINESS PHONE	BUSINESS CELL PHONE
JOB NAME		JOB SITE CONTACT	
JOB SITE PHONE#	JOB SITE CELL PHONE	JOB SITE ADDRESS (STREET, CITY, STATE)	

Please include your job site delivery form with your order. The form must be complete including written directions and signature. If the form is not complete the delivery will go to the Dealer's location. The Dealer will be notified by an acknowledgement as to which week to expect delivery. Bertch drivers will call the Dealer direct a minimum of 24 hours prior to delivery.

Type or print specific directions below from the nearest major highway. If you need more room continue on the back of this form.

WRITTEN DIRECTIONS MUST ACCOMPANY ORDER.

DEALER RESPONSIBILITY CHECK LIST - ITEMS MUST BE CHECKED-OFF

- Physically check the job site for accessibility of a 68' Semi Tractor-Trailer. Our trailers require a height clearance of 13'6". (This includes power lines, low tree branches, low overpasses, bridge or road weight or width limits). There must be ample space to turn around (NO CUL-DE-SACS, hairpin curves or extreme grades). We will not travel on dirt/gravel roads. Check for any other obstructions that will cause an accessibility problem.
- Two able-bodied people must be at the job site location to help unload the products from the trailer to the residence. Our drivers will be responsible for tailgating the products and assisting the Dealer Staff when necessary to unload large/heavy items.
- Upon Bertch/S.C.B. drivers 24 hour notification of delivery the dealer must make the necessary arrangements with the customer for a timely delivery. If contact cannot be made we reserve the right to return the products to Bertch and reschedule them on our next available truck. Dealer will accept additional charges if driver is not met as agreed and needs to reschedule.
- Any materials damaged during delivery on our trucks, requiring factory repair or replacement must be noted immediately and returned on the same truck.
- Upon driver inspection of the actual job site the driver may refuse to make the delivery at the job site if he feels it is unsafe or unmanageable with the consent of Bertch Cabinet, LLC./S.C.B. Fines or charges incurred as a result of a job site delivery will be paid by the Dealer (this includes any towing charges, repairs to low power lines, overweight/over-width restriction fines, damages to property or equipment).

If the above criteria is not met when driver arrives, future job site deliveries to Dealer location will be denied.
The undersigned understands his/her responsibility and acknowledges the conditions of this application.

PRODUCT AWARENESS STATEMENT

DEALER NAME	ACCOUNT CODE	DEALER PO NO.	JOB NAME
-------------	--------------	---------------	----------

As the purchaser of this product, we want you to be fully informed of the characteristics below. We cannot produce the product without these characteristics, therefore it is important that you find them acceptable.

<p>SOLID COLOR FINISHES</p> <p>TELEGRAPHING The solid finishes are applied to a solid wood face frame. Oak is an open or coarse grain wood. The grain will “telegraph” or show visibly throughout the finish. Birch is a close or fine grain wood. Some “telegraphing” will occur, though the effect will be subtle.</p> <p>JOINT FRACTURE Because wood is a product which is in a constant state of expansion and contraction, hairline fractures will very soon be noticeable at the joints on the cabinet face frame and doors. These will not weaken the finish, but they will be visible.</p> <p>MITER DOORS When mitered doors are painted with a solid color finish, the joints of the miter door will appear as the wood expands and contracts due to normal environmental changes.</p>	<p>GLAZING Glaze is a transparent finish material applied over the sealer which tones the overall appearance and highlights profiles and recessed areas creating an “antique” or “aged” look. This additional finishing step emphasizes joints, character marks and grain areas. A protective topcoat is applied over the glaze, which adds depth to the finish. Natural variations will be apparent on individual parts and within Jobs.</p> <p>SHRINKING AND SWELLING Shrinking and swelling occur as wood changes moisture content in response to daily (as well as seasonal) changes in the relative humidity of the environment to which the wood is exposed. When the air is humid, wood absorbs moisture and swells; when the air is dry, wood loses moisture and shrinks. This is a fundamental law of nature and is NOT a defect in materials or workmanship by Bertch Cabinet, LLC. Doors that swell and rub; center panels of doors that shrink and expose pre-stained areas; and miters that either open to the outside or widen on the inside at the joint are all examples of wood movement due to the consumer’s environment. These effects should be minimized by maintaining a moisture content in the home (or, where the cabinets are stored) between 30 and 40% relative humidity (temperature between 50 and 80 degrees F).</p>	<p>WOOD VARIATIONS Some trees vary in color shades of white, pink, green, gray, and black. Some have even grain patterns; others can be quite wild. Some have worm tracks and pitch marks and mineral streaks. Some absorb stain readily; others practically refuse to absorb. Some tend to get darker and some considerably darker (especially Cherry) as time passes.</p> <p>Most combinations of woods and finishes are seen commonly, thus the final look is no surprise. There are a few combinations which are rarely enough seen that most people may be surprised by the aforementioned combination of independent characteristics and their effect on the visual appearance of the final wood product. Please see the Product Awareness Matrix for information on wood/color combinations that should be explained to your customer.</p> <p>VENEER DOORS The grain pattern will not always flow throughout the kitchen depending on the layout and length of the run of cabinets. Some species and cuts will be less noticeable than others. Rift cut for example, tends to be a pretty straight grain, so differences in one piece of veneer to the next are much less noticeable. Flat cuts - like walnut tend to have much more variation in the flow and appearance of the grain.</p>	<p>RUSTIC WOODS All natural characteristics of Rustic Woods may be represented in this product which include the following character marks: Solid wood will have character marks such as large knots and wane. Other characteristics include: small pin knots, bird pecks, worm tracks, mineral stain, irregular figures in the grain, cracks that do not hurt the strength of the part, sap wood and cherry pitch marks. Cabinet face frames, plywood returns, Tri Views, Oval Mirror and Medicine Cabinet, Wood Tops, Frieze Valances, Wood Hoods (plywood components, scribe and outside corner moulding) will not be rustic.</p> <p>Available Mouldings: CM, MCM, PR, FBM-T, FBM-C</p> <p>Not available with solid color finishes due to the nature of open knots not accepting solid color finishes.</p> <p>CLEANING CABINETRY Information on cleaning your cabinets is located on the Bertch website.</p> <p>https://www.bertch.com/support/cleaning-care/</p>
---	--	--	--

The undersigned understands their responsibility and acknowledge the conditions of this declaration and will not hold Bertch responsible for these natural characteristics.

DEALER PRODUCT AWARENESS AGREEMENT

As an authorized dealer of Bertch products the undersigned (representing the dealership) acknowledges the responsibility of explaining, and educating each of our (Bertch) customers in the specific characteristics inherent to the various wood species, wood traits (to include rustic and knotty as well as distressing) and unique finishes available through Bertch Cabinet, LLC. The undersigned understands that as new finishes, traits and wood species become available it is their responsibility to present these new characteristics for these items, as well as any current items available from Bertch.

The undersigned agrees not to hold Bertch Cabinet, LLC. responsible if a customer has not been made aware of the unique characteristics of the properties of their specific project, if those characteristics are within the standards established by Bertch Cabinet, LLC.

The undersigned must be either an Officer or Principal of the dealership. The undersigned understands their responsibility and acknowledges the conditions of this declaration, and will not hold Bertch Cabinet, LLC. responsible for these characteristics.
