Home laundry

Born out of boundless curiosity, the next generation of Siemens Home Appliances opens the window into a bold and bright tomorrow. A home, every bit as intelligent and intuitive as you are. A home that's not just yours, but a home that is you.

Intuitive sensor-controlled appliances, rooted in cutting-edge technology.

The Siemens premium freestanding range of appliances showcase an outstanding range of sensor-controlled products that can automatically detect, evaluate and regulate the appliances' key operational elements to deliver outstanding performance and results. The technology includes everything, from dishwashers that will automatically adjust their cycle time based on the degree of dirt, sensor-controlled cooling appliances that deliver long-lasting food freshness, washing machines with automatic detergent dosing features, and oven sensors that will prevent any food from being overcooked.

With the range including iQ700, iQ500 and iQ300 appliances, you can experience uncompromising design, innovation and technology. Be inspired when power meets intelligence, and enjoy outstanding results from Siemens Home Appliances.

Stunning design and high quality materials come as standard with all Siemens appliances.

They have been engineered and designed in Germany and give you the satisfaction of Quality, Durability and Reliability.

Turn your home into a haven of connectivity

A life next level is within your grasp - being connected, using the latest technologies, and spending time doing what you want to do rather than what you have to do. A full range of connected Siemens Home Appliances is already paving the way today towards a seamless life by offering consumers services – both inside and outside the home. With the Home Connect App, you can already control your Wi-Fi enabled Siemens home appliances on your smartphone. And now, this technology has evolved into something bigger: an ever-growing network of partner services that turns your house into a connected home. Discover a life full of exciting possibilities.

Get introduced
to a new

level of
intelligent
living

Metropolitan living is fast-paced, and always comes with a long to-do list. Luckily, technology can take care of some tasks for you: like getting a cappuccino or a pack of dishwasher tabs – exactly when you need them the most. Discover how connectivity streamlines your daily flow.

Home Connect makes it easy to manage and control your Siemens Home Appliances: be it the washing machine, the oven or the coffee machine. The Home Connect app offers access to relevant information at any time. Devices can not only be turned on and off, one can also choose between different programmes, set a timer, set appliance to sleep mode and much more. Householding was never easier, safer, more efficient and steerable independently of the location.

Knowledge
and expertise,
when you need it,
where you need it.

Knowledge and expertise only the manufacturer can provide.

Choosing a Siemens home appliance gives you access to an expert Customer Service Team who will always be there to help, for the lifetime of your appliance. Whether it's replacement spare parts or accessories, our highly trained Siemens Customer Service staff are at hand for fast, expert and reliable advice and assistance. Siemens Customer Service is fully supported by our FAQs with videos and an instruction manual download page on our website.

Freestanding Cookers.

With all exceptional features you may ever need.

Siemens brings an unprecedented range of freestanding cookers with black inlay design elements that will add a touch of style to your kitchen. If that's not reason enough, each Siemens cooker comes with a variety of features that make cooking a pleasure and irresistible meals a norm. Your cooking experience will never be the same once you experience the exceptional features of a Siemens cooker. Closed door grilling and baking gives you the best cooking results, while still being economic and safe, and the XL oven capacity ensures greater distance between the shelves to optimize heat distribution for perfect cooking results. The heavy duty cast iron pan support is your perfect partner when entertaining a large number of people as it supports pots and pans of all shapes, sizes and weights. And if you're short on time, the super strong and efficient 3.5kW grill gives you the exceptional cooking that you're used to in a much shorter time. Outstanding cooking also comes with unmatched safety as the Full Flame safety feature automatically stops the supply of gas if the flame is extinguished, while the double glazed ventilation glass doors keep heat in and doors cool to touch from the outside. Aren't these enough reasons for why a Siemens cooker is perfect for your kitchen?

Home laundry. Welcome to a range designed around you

Siemens washing machines, washer dryers and tumble dryers deliver outstanding results every time.

Sleek, streamlined, and stylish, Siemens home laundry appliances not only look great in your home, they perform perfectly too. With state-of-the-art technology Siemens washing machines are extremely energy efficient, easy to use, and most importantly designed to save you time and money.

All Siemens tumble dryers feature sensor drying, which provides uniform drying results, and makes over-drying a thing of the past. All Siemens tumble dryers have been developed to make laundry easier and less of a chore.

Siemens washer dryers combine the innovative functions of the modern washing machines and dryers in one appliance to save effort, time and space. At the touch of a button, with their large display and clear operation, you can conveniently control both washing and drying cycles.
