

2010 REPORT TO THE COMMUNITY

BOYS & GIRLS CLUBS
OF METRO DENVER

Dear Friends,

We say it all the time: "You've got to see a Club!"

We hear it all the time: "I had no idea!"

It's a recurring affirmation that – in the prelude of our 50th year – is particularly meaningful as we are reminded of our ability to still surprise and inspire. We now hold a distinction beyond our footprint, beyond our scope, and beyond our impact. The Boys & Girls Clubs of Metro Denver has now reached both a notable milestone and – more importantly – an exciting point of departure.

It bears noting that our 2010 Report to the Community comes on the heels of one of the most daunting economic challenges our organization – and our nation – has ever faced. Yet through the resolve of our leadership, and the remarkable loyalty and generosity of friends like you, we impacted a growing number of children through more program hours in expanded facilities. Not many organizations increased services in the past two years, but in 2010 Boys & Girls Clubs of Metro Denver registered more than 10,000 kids (an all-time high), opened a new school-based site in Jefferson County, launched updated technology programs and expanded space for teens.

These recent accomplishments – along with our longevity – are testament to a number of critical factors:

- The needs of children within our community are increasing.
- Our Clubs provide safe, supportive environments along with enriching programs for kids in need.
- Engagement, commitment and generosity of volunteers, partners and donors are the foundation upon which all of our work is carried out.

These factors were true in 1961, when Denver's first Club opened its doors. And these factors remained unchanged in 2010. Now, on our point of departure, as we embark upon a new decade of bettering the lives of our community's children, we owe a special debt of gratitude to all of those who have invested in kids by investing in Boys & Girls Clubs. Through your help, our Clubs will continue to surprise and inspire countless more young people.

With gratitude, we are proud to present to you our 2010 Report to the Community.

John P. Arigoni
President & CEO

Thomas R. O'Donnell
Chairman of the Board

who we are

Boys & Girls Clubs of Metro Denver is a non-profit organization that provides young people ages 6-18 with a safe and positive place to spend their time after school and in the summer. Nine neighborhood Clubs and an 80-acre residential camp provide programs that help more than 10,000 youth achieve academic success, live healthy lifestyles and develop good character and leadership skills. Clubs are strategically located in low-income neighborhoods and are accessible to all youth for an annual membership fee of just \$2.

Since 1961, the Boys & Girls Clubs of Metro Denver has been helping kids from tough neighborhoods stay out of trouble, stay in school and succeed in life.

dedicated youth facilities

Clubs are neighborhood-based buildings designed solely for youth programs and activities.

open when needed most

Clubs are open after school and during the summer when kids have free time and need positive, productive outlets.

staffed by professionals

Clubs are directed by trained youth development professionals who act as role models and mentors.

accessible to everyone

Any young person, regardless of gender, sexual orientation, ethnicity, or income can join the Club.

proven programs

Our programs develop the assets that youth need to succeed in life.

Boys & Girls Clubs programs are rooted in the Youth Development Strategy, which assures that all members have positive experiences that build self-esteem.

Our Youth Development Strategy is a strength-based approach whereby we nurture each member's individual strengths. In doing so, we nurture the positive identity of each of our members, providing opportunities for them to succeed in everything they do, inside and outside of the Club.

how we help

competency

The feeling there is something boys and girls can do well.

usefulness

The opportunity to do something of value for other people.

belonging

A setting where young people know they are accepted.

influence

A chance to be heard and make an impact in the lives of others.

key elements

Boys & Girls Clubs are charged with deepening their impact on the young people they serve.

These key elements drive all of our efforts to have a lasting impact on youth.

safe, positive environments

Staff, facilities, program offerings and age-appropriate settings produce continuity, predictability and a sense of safety. Clubs set clear and consistently enforced rules that provide structure and define acceptable behaviors.

supportive relationships

We cultivate relationships by demonstrating warmth, caring, appreciation and guidance when interacting with members. In doing so, we ensure that members forge friendships not only with peers, but also with adults.

opportunities & expectations

At our Clubs, members acquire diversified skills that open their lives to a world of new possibilities in the context of moral character and ethical behavior.

recognition

Clubs prominently recognize the accomplishments of members with incentives and awards, thereby affirming an intrinsic sense of self-worth and achievement.

fun

Clubs generate happiness, fun and enjoyment for members. Members develop a strong sense of belonging through personal connections they establish with staff and their peers.

character & leadership

keystone club

Keystone Club is a small group leadership program for Boys & Girls Club members 14-18 years old. Keystone Clubs are designed to help teen members become more productive citizens and future leaders. Members elect their own officers and plan and implement activities and initiatives in three areas: Service to Club and Community, Academic Success and Career Preparation.

torch club

Torch Clubs are small group leadership and service clubs for boys and girls 10-13 years old that focus on character development. Torch Club members work together on projects that fall within four areas: Service to the Club and Community, Health & Fitness, Education and Social Recreation.

youth for unity

This program, designed to educate youth about the importance of tolerance and diversity, offers sessions on appreciating and understanding diversity, recognizing unfairness and taking personal responsibility in confronting prejudice.

service to the community

Service-learning combines service projects with structured opportunities for personal reflection on the experience. This includes debriefing on projects and creating an understanding about the impact the project has on others and the community. Service-learning engages youth on both academic and civic levels by building community engagement and strong character. In 2010, the Torch & Keystone members together completed 5,827 hours of service.

youth of the year

An annual recognition and awards program acknowledging outstanding members, the Youth of the Year program develops leadership and communication through an extensive application and interview process. Club winners in both junior and senior categories go on to compete citywide. Local winners have the opportunity to progress through state and regional competitions and ultimately receive national recognition for their academic accomplishments, service to their Club and community and ability to overcome challenges.

education & careers

project learn

This comprehensive program strategy reinforces and enhances the skills and knowledge young people learn at school during the hours they spend at the Club. Project Learn is based on Dr. Reginald Clark's research showing that students do much better in school when they spend their non-school hours engaged in fun, but academically beneficial, activities. Through Project Learn, Club staff create high-yield learning activities, which include leisure reading, writing activities, discussions with knowledgeable adults, homework help and educational games that reinforce learning.

accelerated reader

A year-round program that utilizes Renaissance Learning software, this program keeps kids' reading levels on track throughout the school year and summer break. Kids advance with clear benchmarks and take short quizzes to confirm their comprehension before progressing to the next level. Members receive incentives for their participation and success.

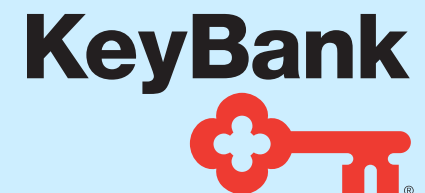

money matters

This program promotes financial responsibility and independence. Participants learn how to manage a checking account, generate a budget, research savings and investment options and create a plan to pay for college.

state education day

This annual springtime event provides an opportunity for Club members to participate in a fun competition where they meet members from around Colorado who share their appreciation for academics. In 2010, members prepared for three months to compete in the following categories: Geography, Science, Spelling, Math and Trivia.

This core program is proudly sponsored by:

health & life skills

smart moves

This nationally acclaimed comprehensive prevention program helps young people resist alcohol, tobacco and other drug use, as well as premature sexual activity. Engaging, interactive, small group activities are designed to increase peer support, build resiliency and strengthen leadership skills.

smart-girl

An activity-based program for girls 11-13 years old, Smart-Girl supports and inspires middle school girls to make smart choices and become confident, capable and self-reliant women. In 2010, Smart-Girl, Inc. recognized Boys & Girls Clubs of Metro Denver as "Partner of the Year" for their commitment to the program and strong integration across our Clubs.

growing up smart

This program is designed to address non-sexual issues of adolescent life by enabling young people to make healthy life choices; supporting their passage into a positive adulthood and assisting youth in developing healthy interpersonal relationships.

9 health fair

Two Club locations hosted the 9 Health Fair and provided more than 1,300 elementary and middle school kids with information and activities in a variety of areas including: tobacco, alcohol and drug prevention, fitness & exercise, healthy habits and nutrition.

the arts

fine arts exhibit

Our year-round Fine Arts programs encourage artistic expression through drawing, painting, print making, collage, mixed media and sculpture. Selected pieces are displayed at a public art venue before being submitted to the regional and national competitions. In 2010, Boys & Girls Clubs of Metro Denver had three national winners.

imagemakers program

This photography program allows Club members the opportunity to learn and practice black and white, color, digital and alternative process photography. The program culminates with an annual ImageMakers Photography Contest, which provides local, regional and national recognition for Club members.

international day

This special event celebrates multicultural experiences and provides a creative outlet for Club members to research different countries and traditions. During the event, members enjoy a multi-ethnic luncheon and enriching performances and workshops led by professional artists.

technology

digital arts festival

The Club Tech Program celebrates creativity and technical ability. Club members compete at local, regional and national levels in the following categories: music making, photo illustration, movie making, clay animation and graphic design. This year, more than 300 entries were completed for the Digital Arts Festival, 67 of which were entered for regional judging. Of 16 regional winners, seven were Boys & Girls Clubs of Metro Denver members.

techsperts

The goal of the TechSpert program is to increase technical skills and leadership opportunities for youth in the technology labs. Members must complete requirements in 15 areas of technology programming, including Microsoft Office, computer programming, hardware/networking, typing, presentation, career exploration and more. After completing each criteria, Club members advance to the next level of proficiency.

battle of the bots

This robotics course allows Club members the opportunity to develop their engineering and programming skills while learning how to effectively work and strategize as part of a team. Each group builds a robot out of Lego NXT kits and competes in four areas of evaluation: artistic creation, presentation, an obstacle course and an exciting battle between the bots!

stem programming science, technology, engineering & math

Inquiry-based learning projects challenge youth to build problem-solving skills, teamwork strategies, innovation, technical skills and express themselves creatively. Clubs create their own competitions and activities, including toothpick bridges, egg drops, newspaper structures and rocket construction.

This core program is proudly sponsored by:

organized sports

The Clubs feature a myriad of team sports that focus on fitness, skill building, teamwork and positive sportsmanship. Sports programs include football, soccer, baseball, volleyball and basketball.

running clubs

Multiple Club locations have formed running groups that meet during the summer months. Club members take part in a training plan with goals and milestones to track their success. This year the Denver Broncos Branch introduced "The Race Against Violence," a 5K Run/Walk open to the community.

play60

This NFL initiative encourages youth to engage in physical activity for 60 minutes each day. The nine-week fitness program culminates with the opportunity for Club members to attend a Denver Broncos football game for an award presentation on the field. This year, 503 youth participated in 12,026 documented hours of physical activity in the Clubs.

sports, fitness & recreation

gates camp

about gates camp

Our 80-acre residential camp is nestled in the Indian Peaks Wilderness and welcomes more than 500 Club members each summer. Boys and girls attend a five-day, gender-specific camp session where they can indulge in the wonders of Mother Nature. For many campers, this is their first experience leaving their urban neighborhoods for the peace and tranquility of the Colorado outdoors.

five pillars of gates camp

Campers have the opportunity to explore who they are through the lens of our “Five Pillars”: Leadership, Enthusiasm, Respect, Cooperation and Honesty. Campers are challenged throughout their time at Gates Camp to utilize their heads, their hearts and their hands as they become increasingly self-aware of who they are and what they have to offer the world.

activities

From dawn until dusk, campers take part in a multitude of programs including fishing, canoeing, hiking, rock climbing, rappelling and archery. Most importantly, kids build lifelong friendships, work on team-building exercises, share stories around the campfire and take important life lessons home. The culmination of the week’s adventures allows campers to come together and discuss what fears they have overcome and lessons they have learned. A week at Gates Camp becomes a lifelong memory for attendees.

With the help of Clubhouse Sponsors, Boys & Girls Clubs of Metro Denver operates nine facilities in metro Denver neighborhoods that exhibit a critical need, as well as Gates Camp, a summer retreat miles away from the tough realities many youth face in their urban environments.

Mile High United Way supports Boys & Girls Clubs of Metro Denver through the Youth Success Initiative, which is devoted to helping at-risk young people overcome obstacles and graduate from high school. BGCMD's role in the Youth Success Initiative is to provide safe and positive Clubs where school-age youth can learn and grow after school and during the summer months. In the 2010 fiscal year, Boys & Girls Clubs of Metro Denver received \$435,734 in funding from Mile High United Way.

in-kind gifts

volunteer information

In 2010, 1,639 volunteers gave 17,508.5 hours of service. Their efforts translate to \$375,907.49 of value for our organization. Boys & Girls Clubs thanks all of our volunteers for their generosity and commitment to helping youth succeed.

Special thanks to our long-time Club program volunteers who have dedicated more than five years of service to our organization: Charlie and Pam Leder, Cindy Kellogg, Billy Thompson, Pat Olson, Sidney Gates, Rodney Spencer, Jerome Vaden, Kimbra Murray, Veronica White, Leo Aragon and Jose Cardenas.

We would like to thank the following organizations for their volunteer service with Boys & Girls Clubs of Metro Denver (October 1, 2009 – September 30, 2010):

volunteers

mission

The mission of the Boys & Girls Clubs of Metro Denver is to inspire and enable young people, especially those from disadvantaged circumstances, to realize their full potential as productive, responsible, and caring citizens. Nine safe, positive neighborhood centers provide after school, weekend and summer programs for young people between the ages of 6-18 years old.

special thanks
