

Abelia grandiflora 'Francis Mason'
Glossy Abelia (Code: 4070)

Bright golden-yellow-green foliage along red stems brings a sophisticated edge to the garden. Fragrant light pink flowers bloom late spring to fall. (5' x 5') Zn6.

Abelia grandiflora 'Kaleidoscope'
Abelia (Code: 6770)

The variegated leaves emerge yellow with light green centers. White tubular flowers bloom in fall. A stunning addition to any garden. Plant in full sun for best foliage color. (2-3' x 3-4') Zn6. PP16988 Propagation Prohibited.

Abutilon 'Souvenir de Bonn'
Flowering Maple (Code: 3206)

This charming selection of flowering maple has gorgeous green and cream-variegated leaves and apricot, bell-shaped flowers. It has a vigorous upright habit and can be easily trained as a patio tree. It can be overwintered indoors. (8-10' x 6-8') Zn9.

Abutilon x suntense 'Violetta'
Abutilon (Code: 6051)

Opalescent-violet flowers shimmer against fuzzy, gray-green leaves. Great, fast-growing accent for large containers or a sheltered location. (12' x 8') Zn8.

Agonis flexuosa 'Jervis Bay After Dark'
Peppermint Tree (Willow Myrtle) (Code: 4890)

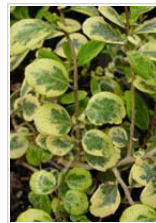

Brilliant scarlet colored, willow-like leaves appear in spring and darken to deep burgundy. Small fragrant white flowers with burgundy centers appear in clusters from spring into early summer. (18' x 10-12') Zn9. PPAF Propagation Prohibited.

Amelanchier alnifolia
Saskatoon Serviceberry (Code: 8240)

This native North American deciduous shrub features an abundance of white flowers in spring, turning to small edible fruits that taste something like a blueberry. The leaves turn crimson-red in fall. Wonderful for attracting wildlife! (12-20' x 8-12') Zn3.

Amelanchier alnifolia 'Smokey'
Saskatoon, Serviceberry (Code: 7465)

This multi-stemmed deciduous shrub has an upright spreading habit and smooth silver-gray bark. The dark green oval leaves turn bright yellow in the fall. Stunning clusters of white flowers appear before the leaves emerge in early spring. Blue berries are abundant in late spring and are excellent eaten fresh or for making jams and jellies. Self-pollinating. (8-12' x 8-12') Zn3.

Azara integrifolia 'Variegata'
Azara (Code: 4682)

Evergreen leaves have white to pale pink edges. Yellow flowers appear in late winter or early spring, followed by black fruit. (14' x 10-12') Zn8.

Azara microphylla
Boxleaf Azara, Chinchin (Code: 6477)

This small tree has dark, glossy evergreen foliage similar to boxwood. Tiny yellow flowers scented of white chocolate appear in late winter, followed by tiny blood-red fruit. It prefers well-drained soil. (15' x 6') Zn7.

Brugmansia 'Charles Grimaldi'
Angel's Trumpet (Code: 7550)

An exceptionally-vigorous cultivar named after the late landscape designer, Charles Grimaldi. Large, pendulous, orange-yellow flowers have strong recurved petals and are slightly fragrant. The bold tropical foliage is stunning! (8-10' x 6-8') Zn9.

Brugmansia x candida 'Miner's Claim'
Angel's Trumpet (Code: 3958)

Showy leaves are light green with creamy-white edges. Large creamy-pink, trumpet flowers hang from branches mid-to-late summer. From Keith Miner. (5-7' x 5-7') Zn9. PP15747 Propagation Prohibited.

Brugmansia x cubensis 'Snowbank'
Angel's Trumpet (Code: 4076)

The brightly variegated foliage has broad white margins and soft gray-green interiors. Fragrant peach-colored, trumpet-like flowers appear in summer. Vigorous and exotic! (5' x 5') Zn9. PP14817, EU16251 Propagation Prohibited.

Callicarpa dichotoma 'Early Amethyst'
Beautyberry (Code: 6119)

Clusters of stunning purple berries line bare branches of this standout deciduous shrub in fall. Berries appear earlier than other varieties. Pale lavender flowers appear in summer. (3-4' x 3-4') Zn5.

Calluna vulgaris 'Lady in White'
Heather (Code: 7796)

This small evergreen shrub has bushy, upright branches covered with white flowers from August until January. Flowering branches make a wonderful addition to garlands and wreaths. Prefers cool summers and moist, but well-drained acidic soil. (8-18" x 8-14") Zn5. PP20530

Caryopteris incana 'Sunshine Blue'TM

Bluebeard (Code: 3262)

Bright golden foliage is accented by stunning deep blue flowers, late summer through fall. A "Great Plant Pick" for the Pacific Northwest! (3' x 3') Zn6. PPAF Propagation Prohibited.

Caryopteris x clandonensis 'Dark Knight'

Bluebeard (Code: 2349)

Compact and showy deciduous shrub with profuse clusters of the deepest blue flowers late in the season. A "Great Plant Pick" for the Pacific Northwest! (2-3' x 2-3') Zn5.

Caryopteris x clandonensis 'Inoveris' Grand Bleu'TM

Bluebeard (Code: 4079)

Deep blue flowers bloom profusely on top of glossy green foliage in late summer. This compact plant is a real butterfly magnet! (2-3' x 2-3') Zn5. PP17837 Propagation Prohibited.

Ceanothus 'Centennial'

California Lilac (Code: 6670)

This low-growing, spreading, evergreen shrub has dark blue flowers in spring. A native cultivar of the Pacific coast, it is tolerant of summer heat and drought. (8-12" x 72") Zn7.

Ceanothus 'Italian Skies'

California Lilac (Code: 3743)

This stunning evergreen shrub has a dense mounding habit with small dark green leaves. Luminous deep blue flowers cover the shrub in spring. Award of Merit, RHS 1984. (6-8' x 6-10') Zn7.

Ceanothus 'Julia Phelps'

California Lilac (Code: 2116)

This large, mounding, evergreen shrub puts on a spectacular display of indigo-blue flowers in spring. This drought tolerant and deer resistant shrub has remained popular for over 50 years. (5-8' x 6-9') Zn7.

Ceanothus gloriosus (Pt Reyes)

Point Reyes Ceanothus (Code: 7050)

Lavender-blue flower clusters in spring top shiny evergreen foliage on a nice low-spreading shrub. It makes an excellent groundcover when planted en masse. (2' x 4') Zn7.

Caryopteris x clandonensis 'Blue Mist'

Bluebeard (Code: 2347)

Beautiful, compact, drought tolerant flowering shrub with a profusion of vivid smokey-blue flowers in late summer on small grayish-green foliage. (24" x 30") Zn5.

Caryopteris x clandonensis 'First Choice'

Bluebeard (Code: 4072)

Dense, dark green foliage contrasts beautifully with black buds which open to deep cobalt-blue flowers. This herbaceous shrub has a compact, upright habit. (2-3' x 2-3') Zn5. PP11958 Propagation Prohibited.

Caryopteris x clandonensis 'Summer Sorbet'[®]

Bluebeard (Code: 3960)

Variegated shrub with blue-green leaves that have a distinct creamy-yellow edge. Bright blue flowers make a breathtaking contrast in late summer. (30-36" x 30-36") Zn5. PP15935 Propagation Prohibited.

Ceanothus 'Dark Star'

California Lilac (Code: 6748)

A beautiful evergreen shrub with very nice, small and slightly cupped deep green leaves. Cobalt-blue flowers completely cover the foliage in late spring. (6' x 8-12") Zn7.

Ceanothus 'Joyce Coulter'

California Lilac (Code: 6745)

Sky-blue fragrant flowers, held in 3-5" spike-like clusters, cover this evergreen shrub in spring. With a low-growing, spreading habit, it makes a good groundcover or low hedge. (30-36' x 4-8") Zn7.

Ceanothus 'Victoria'

California Lilac (Code: 6712)

Masses of vivid dark blue flowers appear mid-spring. It grows into a lovely medium sized shrub with glossy evergreen leaves. Tough and trouble-free, it is a "Great Plant Pick" for the Pacific Northwest! (4-6' x 6') Zn7.

Ceanothus griseus var. horizontalis 'Diamond Heights'

California Lilac (Code: 6833)

Gorgeous lime-green foliage has dark pine-green detail down the spine of each leaf. Lovely bright blue flowers appear in spring. Great for mild coastal gardens, it prefers partial shade when grown in hot locations. (8-12" x 24-36") Zn8.

Ceanothus impressus 'Vandenberg'
California Lilac (Code: 6907)
 Very small crinkled, deep green leaves set this unusual compact selection apart. Bright blue flowers appear in late spring. An unusual and choice evergreen shrub for the garden. (3-5' x 4-8') Zn7.

Ceanothus thyrsiflorus
Blueblossom, California Lilac (Code: 6866)
 Clusters of dark blue flowers in spring top this robust evergreen shrub with glossy leaves. Native to California and southern Oregon. (8-12' x 8-12') Zn7.

Ceanothus Tuxedo
California Lilac (Code: 7043)
 The dark bronze-purple foliage is a real breakthrough in breeding! This distinctive evergreen shrub has an open, upright habit that responds well to pruning. Lavender-blue flowers appear in abundance in late summer and fall. (6-8' x 6-8') Zn8. PPAF

Ceanothus x pallidus 'Marie Simon'
California Lilac (Code: 3745)
 Rose-pink flower buds open to 3-5" pink panicles, blooming for several weeks in summer. This deciduous, bushy shrub has showy, contrasting red stems. (5' x 5') Zn7.

Ceratostigma griffithii
Plumbago (Code: 2372)
 This small sub-shrub has clusters of brilliant blue flowers from late summer into fall when the leaves turn burgundy red. The blooms appear on new wood. Cut back in spring to encourage blooming. (24" x 18") Zn7.

Ceratostigma willmottianum
Chinese Plumbago (Code: 3964)
 Deep gentian-blue flowers with white eyes appear on this sub-shrub from late summer to fall. Blue-green leaves turn vivid crimson in fall, creating a striking contrast. (24-30" x 30-36") Zn7.

Choisya arizonica 'Aztec Pearl'
Mexican Orange Blossom (Code: 6906)
 Blush-hued buds open to fragrant white flowers in late spring. Glossy deep green leaves are finely cut. This is a knockout compact evergreen shrub! It prefers full sun in well-drained soil; protect from cold winds. (3-4' x 4') Zn7.

Choisya ternata 'Sundance'
Mexican Orange (Code: 6876)
 This striking foliage plant features brilliant golden-yellow leaves and citrus-scented white blossoms, late winter to early spring. Protect from cold winds. (4' x 4') Zn7.

Cistus 'Blanche'
Rockrose (Code: 4706)
 Fragrant, large white blossoms with large yellow centers bloom in late spring and early summer. Medium-sized evergreen shrub with bright green, wavy-edged leaves. Drought tolerant. (4-5' x 4-5') Zn7.

Cistus 'Elma'
Rockrose (Code: 5618)
 Very large, white single flowers top lustrous dark green foliage in early summer. A wonderful, drought-tolerant evergreen selection with an upright habit. (4-5' x 4-5') Zn7.

Cistus 'Silver Pink'
Rockrose (Code: 4192)
 Lovely pale salmon-pink flowers cover this small, rather open bush in late spring and early summer. The evergreen leaves have grayish undersides. It tolerates poor soil, dry slopes and maritime conditions. (2' x 2') Zn8.

Cistus incanus 'Creticus'
Rock Rose (Code: 7063)
 This evergreen shrub has wavy silver foliage highlighted by rose-pink flowers in early summer. Great for the rockery, it is an excellent drought-tolerant selection. (36" x 30") Zn8.

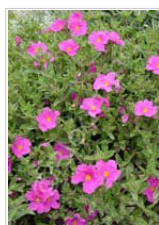

Cistus salviifolius 'Prostratus'
Prostrate Rockrose (Code: 7065)
 White flowers with yellow centers cover sage-like evergreen leaves in spring. The low spreading habit makes it a great shrub for use as a groundcover. It tolerates poor soil, dry banks and maritime conditions. (10-18" x 72") Zn7.

Cistus x corbariensis
White Rockrose (Code: 5680)
 Deep green foliage sets off red buds in spring, followed by pure white flowers. One of the hardiest Cistus cultivars, this evergreen shrub tolerates poor soil and maritime conditions. A "Great Plant Pick" for the Pacific Northwest! (18-30" x 48") Zn7.

Cistus x pulverulentus 'Sunset'

Rockrose (Code: 6804)

Large flowers of deep rose-pink top silvery-gray leaves from early to mid summer. This dense, low spreading evergreen shrub is quite drought tolerant. (2' x 3-5') Zn7.

Cistus x purpureus

Orchid Rockrose (Code: 6885)

Spectacular large blooms of rose-pink have a maroon-red spot on each petal and bloom in early summer. An elegant and underused Mediterranean shrub, it tolerates poor soil, dry banks and maritime conditions. (3-4' x 3-4') Zn8.

Cistus x skanbergii

Pink Rockrose (Code: 7064)

This tough and graceful dwarf, evergreen shrub features soft pink flowers in late spring. Highly recommended, it tolerates poor soil, dry banks and maritime conditions. (2-3' x 3-4') Zn8.

Convolvulus cneorum

Silverbush (Code: 2423)

Glistening silver foliage forms a compact evergreen shrub displaying loads of 2" ivory flowers with yellow centers for many months. It performs best in gritty soils with sharp drainage. (18" x 18") Zn8.

Coprosma 'Middlemore' *New*

Mirror Plant (Code: 7702)

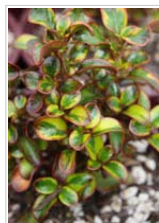

A versatile evergreen shrub with small glossy green leaves. Excellent in containers where a dark green color is desired. Likes full sun, will tolerate light frost and coastal conditions. (3' x 3') Zn9.

Coprosma 'Pina Colada' *New*

Mirror Plant (Code: 7703)

Glossy, golden leaves turn to shades of orange when nights cool down. This tender evergreen shrub is fast-growing and deer-resistant and does best in fertile, well-drained soil. Pina Colada's shiny, colorful foliage will brighten any container. (3' x 3') Zn9.

Coprosma 'Tequila Sunrise' *New*

Mirror Plant (Code: 7704)

Brightly colored, jewel-like, glossy foliage emerges emerald green with a gold margin in spring, and gradually becomes marbled with brilliant orange and gold hues. In cool weather, the leaf color intensifies to brilliant orange and red jewel tones. Fantastic in containers! (3' x 3') Zn9. PP18392

Coprosma repens 'Evening Glow'

Mirror Plant (Code: 6643)

This very colorful upright-growing shrub has striking variegated foliage with irregular yellow patches. The glossy evergreen foliage turns bright orange-red in late summer-to-fall and remains so until new growth in spring. The flowers are inconspicuous. (4-5' x 3-4') Zn9.

Coprosma repens 'Pink Splendor'

Mirror Plant (Code: 6644)

This beautiful dense, mounding shrub has variegated leaves with green centers, surrounded by creamy peach-pink-to-yellow margins. The glossy evergreen leaves develop a rosy-pink glow in cooler temperatures. The flowers are inconspicuous. (6-8' x 4-5') Zn9.

Cornus alba 'Elegantissima'

Tatarian Dogwood, Redtwig Dogwood (Code: 6474)

Reddish-purple winter stems and white-margined green leaves make this plant perfect for year-round interest in the garden. A "Great Plant Pick" for the Pacific Northwest! (6-9' x 4-6') Zn4.

Cornus sanguinea 'Midwinter Fire'

Bloodtwig Dogwood, Redtwig Dogwood (Code: 6972)

Unbelievable color for the winter landscape with stems in flickering shades of yellow, orange and red. It makes an impressive mass planting. Useful in cut and dried flower arrangements. (5-10' x 5') Zn4.

Cornus sericea 'Cardinal'

Redtwig Dogwood (Code: 4906)

The vibrant stem color changes from coral in fall to a deep cherry-red in winter. It is truly an outstanding and choice cultivar for the winter landscape. (8-10' x 6') Zn4.

Cornus sericea 'Hedgerow's Gold'

Redosier Dogwood (Code: 6858)

Bright golden-yellow and green-variegated leaves contrast vividly against deep red stems. Eye-catching every season of the year. This Northwest native cultivar is a "Great Plant Pick" for the Pacific Northwest! (4-10' x 5') Zn4.

Cotinus coggygria 'Daydream' *New*

Smoke Tree (Code: 7466)

One of the best selections with green foliage because it's such a heavy bloomer. The pink flowers are very full and fluffy. Has a more compact habit than other varieties. (8-10' x 8-10') Zn5.

Cotinus coggygria 'Golden Spirit'

Smoke Tree (Code: 2207)

This large shrub has brilliant gold leaves when grown in full sun. Unusual lavender-pink flowers bloom in late spring and look like puffs of smoke by summer. In fall, the foliage turns vivid colors of glowing coral, orange & red. (6-10' x 6-8') Zn5. PP13082 Propagation Prohibited.

Fuchsia 'Alice Hoffman'

Ladies' Eardrops (Code: 4179)

Rose-pink sepals and white corollas bloom most of the season. It has an upright form with bronzy-green foliage. (24" x 24") Zn8.

Fuchsia 'Chang'

Ladies' Eardrops (Code: 4181)

Orange-red flowers shine from late spring to first frost. This is a heat tolerant, bushy, floriferous form. (18-24" x 18-24") Zn8.

Fuchsia 'Chillerton Beauty'

Ladies' Eardrops (Code: 5384)

Lovely 2" pendulous flowers with pink sepals and deep violet corollas, show from early summer until hard frost. The flowers are very attractive to hummingbirds and the gray-green foliage adds further interest. (3' x 3') Zn8.

Fuchsia 'Erecta'

Ladies' Eardrops (Code: 2663)

Charming pale pink and white flowers sit upright, like tiny cups & saucers, on the branches of this small herbaceous shrub. Long-blooming and easy to grow, it's a hummingbird favorite! (3' x 2') Zn7.

Fuchsia 'Little Giant'

Ladies' Eardrops (Code: 5347)

Deep red and magenta flowers smother this small, upright shrub from early summer to hard frost. This plant beckons hummingbirds from far and wide. (3' x 2') Zn7.

Fuchsia 'Prince of Orange'

Ladies' Eardrops (Code: 4183)

Flowers have light salmon-hued sepals and orange-red corollas. With upright-growth, it is a hummingbird magnet! (24" x 24") Zn8.

Fatsihedera lizei 'Aureo Maculata'

Tree Ivy, Bush Ivy (Code: 6019)

A variegated cross between Fatsia japonica and Hedera helix. This evergreen shrub/vine has large leaves splashed freely with gold. Excellent for brightening deep shade, but it can also take sun. It can be staked or pruned as desired. (6-8' x 6') Zn7.

Fuchsia 'Army Nurse'

Ladies' Eardrops (Code: 5348)

A profusion of red flowers with violet corollas grace this hardy Fuchsia from early summer until hard frost. A real trooper with a shapely form that attracts hummingbirds galore! (2' x 2') Zn7.

Fuchsia 'Checkerboard'

Ladies' Eardrops (Code: 6923)

Red and white bicolor flowers create a charming checkerboard effect. This is an elegant, large-flowered, upright, hardy Fuchsia. (3-4' x 3') Zn7.

Fuchsia 'Delta Groom'

Ladies' Eardrops (Code: 4182)

Single blooms with curved purple-red sepals and dark purple corollas. This small, upright form is perfect for smaller gardens. (12-15" x 12-16") Zn8.

Fuchsia 'Galadriel'

Ladies' Eardrops (Code: 5614)

This vigorous upright shrub has blossoms that have white sepals covering a single red corolla. This magical bicolor floral display starts in late spring and continues to frost. (3-4' x 2-3') Zn8.

Fuchsia 'Neon Tricolor'

Ladies' Eardrops (Code: 5866)

Unique tubular blossoms are hot pink at the base, with white sepals that have lime green tips, and a bright orange corolla! The blooms appear summer to frost. A hummingbird magnet! (4-5' x 3-4') Zn7.

Fuchsia 'Queen Esther'

Ladies' Eardrops (Code: 6925)

This hardy, shrubby cultivar has escaped from hanging baskets and taken its rightful place in the border. Pale pink sepals and magenta-purple corollas shine summer to frost. (3-4' x 3') Zn7.

Fuchsia 'Tom Thumb'
Ladies' Eardrops (Code: 5122)
 This wonderful upright free-flowering bush has small, but numerous pendulous flowers with carmine sepals and mauve-purple corollas. (2' x 2') Zn7.

Fuchsia 'White Knight's Pearl'
Ladies' Eardrops (Code: 2230)
 This hardy, upright Fuchsia has blossoms that are a light pearly-pink with darker pink corollas, and blooms early summer to hard frost. (2-3' x 3') Zn7.

Fuchsia magellanica 'Pat's Dream'
Ladies' Eardrops (Code: 2668)
 This shrubby, hardy cultivar has bright pink sepals and purple corollas that appear early summer to frost. (3' x 3-4') Zn7.

Fuchsia magellanica macrostema
Tricolored Ladies' Eardrops (Code: 2664)
 This hardy cultivar has tricolored leaves of salmon, sea-green and cream. Adorned in small flowers with red sepals and purple corollas, this great hummingbird magnet blooms summer to frost. (24-26" x 24") Zn7.

Fuchsia magellanica var. molinae 'Sharpitor Aurea'
Ladies' Eardrops (Code: 6262)
 Pendulous soft pink bells grace green leaves edged in creamy-yellow. This eye-catching cultivar has an exceptionally graceful growth habit, semi-prostrate when young but more upright with age. (24" x 18") Zn7.

Fuchsia regia
Vining Ladies' Eardrops (Code: 6884)
 This tropical-looking plant, has shiny green leaves with bronze overtones. It can be grown as a vine on a trellis or as a lax upright shrub. The flowers have deep red sepals with a purple corolla and bloom early summer to frost. (10' x 3-6') Zn7.

Gaultheria shallon
Salal (Code: 6347)
 Pacific Northwest evergreen groundcover or low spreading shrub that tolerates dry shade to full sun. Urn-shaped white flowers appear in spring and produce dark purple edible berries. Salal leaves are often used by florists. (18-30" x 24-36") Zn6.

Fuchsia 'Wessex Belle'
Ladies' Eardrops (Code: 4184)
 Light green and yellow-variegated leaves have large pendulous flowers with pink sepals and white corollas. Showy even when not in flower! (18-30" x 24-30") Zn8.

Fuchsia magellanica 'Aurea'
Ladies' Eardrops (Code: 2673)
 Bright golden leaves are decorated with small, pendulous flowers of red sepals and purple corollas. Blooms early summer until hard frost and attracts droves of hummingbirds. (4-5' x 3-4') Zn7.

Fuchsia magellanica 'Riccartonii'
Ladies' Eardrops (Code: 2671)
 F. 'Riccartonii' is an old-fashioned, very hardy Fuchsia. Hummingbirds swarm to dark red and purple flowers from early summer until a hard frost. This is the hardest cultivar of the magellanica species. (36" x 36-48") Zn6.

Fuchsia magellanica var. molinae
Maiden's Blush Ladies' Eardrops (Code: 6169)
 Perennial shrub with fresh green leaves and hundreds of small, pale lavender, pendulous flowers that bloom from July to September. It sprouts from the roots after a cold winter. (4-5' x 4') Zn7.

Fuchsia microphylla 'Variegated Lottie Hobby'
Ladies' Eardrops (Code: 5560)
 Tiny brightly-variegated green and white leaves and small narrow crimson flowers make this dwarf Fuchsia a knockout! Provide a protected site where this diminutive beauty won't be overlooked. (12-24" x 18") Zn8.

Fuchsia x speciosa
Speciosa Ladies' Eardrops (Code: 4116)
 A rare Fuchsia grown more for its foliage than flowers. The leaves are large, soft and appear like downy fluff. Narrow, pretty drips of rosy-pink flowers appear in summer. (12-14" x 12-16") Zn7.

Halimicistus sahucii
Sunrose (Code: 6875)
 Pure sparkling white flowers with yellow centers enhance this low-growing shrub. It needs full sun and good drainage. Drought tolerant once established. (24" x 36") Zn7.

Halimocistus wintonensis
Rockrose (Code: 7066)

Large white flowers have yellow eyes and a crimson spot at the base of each petal on this beautiful compact evergreen shrub. (2' x 3-4') Zn8.

Halimium lasianthum
Sunrose (Code: 6882)

Sunny yellow flowers blotched deep brown at the base of each petal enhance the dusty gray foliage of this wiry sub-shrub. Needs good drainage. (3' x 2-3') Zn7.

Hebe 'Amy'
Hebe (Code: 2754)

Rich violet flowers top glossy, evergreen leaves that turn burgundy in winter - a stunning color combination! It maintains a nice, rounded form that is excellent for containers. (3' x 3') Zn8.

Hebe 'Baby Marie'
Hebe (Code: 3724)

Tiny bright green leaf clusters on multiple branchlets form a nice rounded shrub that grows to about one foot tall. Blush lilac flowers appear late spring to early summer. (12" x 12") Zn8.

Hebe 'Blue Eyes'
Hebe (Code: 4749)

Tiny emerald leaves densely line black-purple stems on this fabulous compact Hebe. Clusters of tiny, icy-blue flowers deepen to violet. Excellent as an evergreen groundcover or rockery accent. (6-8" x 18-24") Zn7.

Hebe 'Caledonia'
Hebe (Code: 2768)

A somewhat open, evergreen shrub to 2' tall, with burgundy branches and reddish-purple new leaves. Violet flower spikes appear from July to August and often reblooms. (18" x 18") Zn7.

Hebe 'Emerald Gem'
Hebe (Code: 4615)

Compact, tight-mounding shrub with miniature green foliage. Excellent in rock gardens, containers, or mixed in front of the border. (2' x 2') Zn7.

Hebe 'Inverey'
Hebe (Code: 6665)

This small, low-growing shrub, has charming, sage-colored leaves that are beautifully offset by dark purple leaf bases and stems. Lavender-purple flowers appear from late spring into summer and sometimes again in fall. (6-8" x 18-24") Zn7.

Halimocistus wintonensis 'Merrist Wood Cream'
Rockrose (Code: 6789)

Large flowers with soft creamy-yellow petals marked with crimson, shine on this dwarf, spreading evergreen shrub. Prefers a sunny, well-drained location. (30" x 30") Zn7.

Hebe 'Alicia Amherst'
Hebe (Code: 4109)

Violet flowers top evergreen leaves that turn bronze-purple in winter. The nice rounded form is excellent for containers. Protect it from freezing winds. (36" x 32-36") Zn8.

Hebe 'Autumn Glory'
Hebe (Code: 2755)

Dark evergreen foliage has red-tinted margins topped by deep purple flower spikes in May and again in September. (2' x 2') Zn8.

Hebe 'Blue Elf'
Hebe (Code: 6132)

This compact shrub has rich green, small, rounded foliage on red stems. The flowers are blue fading to lavender-white and bloom repeatedly. (2-3' x 2-3') Zn8.

Hebe 'Blue Mist'
Hebe (Code: 3854)

Marvelous evergreen shrub with rich green foliage and lovely lavender-blue flowers. The tough foliage resists scorching winter winds. It grows wider than tall. (18" x 30") Zn8.

Hebe 'Coed'
Hebe (Code: 6881)

Dark, jewel-like, amethyst flower spikes accent burgundy stems and fresh green, evergreen leaves. Excellent for containers or in a protected location. (2' x 2') Zn8.

Hebe 'Great Orme'
Hebe (Code: 6753)

Beautiful bright pink flower spikes up to 4" long, slowly fade to white, giving a bicolor effect, late summer to frost. Shiny, light green leaves enhance this rounded evergreen shrub. (4-5' x 4') Zn7.

Hebe 'Josephine'
Hebe (Code: 3695)

Dark green, glossy, spear-shaped foliage produces spikes of bright pink flowers spring through summer. Evergreen with an upright habit, it is excellent in borders and containers. (4' x 4') Zn7.

Hebe 'La Favourite'

Hebe (Code: 4597)

This lovely evergreen shrub has an upright habit with large rounded, dark green foliage. Clear purple flowers appear in summer and fall. (3' x 3') Zn8.

Hebe 'Marie Antoinette'

Hebe (Code: 5573)

Evergreen foliage takes on a soft bronze hue in winter. Pink flowers fade to white in summer. Low growing and bushy. (1-2' x 2-3') Zn8.

Hebe 'Mrs. Winder'

Hebe (Code: 6747)

Dark evergreen foliage is accented by bright, violet-blue flowers in late summer. The leaves often turn pinkish or bronze in cold weather. Protect it from freezing winds. (3' x 2') Zn8.

Hebe 'Pink Fantasy'

Hebe (Code: 4196)

Fantastic dark rose-pink flower spikes age to light pink in summer. It forms a rounded evergreen shrub, perfect for foundation plantings. (2-3' x 2-3') Zn7.

Hebe 'Purple Shamrock'

Hebe (Code: 4265)

Narrow variegated foliage is lime-green overlaid with purple on beautiful purple stems. The leaves flush with purple in winter. Short purple flower spikes accent the foliage in summer. (2' x 2') Zn8.

Hebe 'Silver Dollar'

Hebe (Code: 3752)

Small evergreen shrublet with blue-green foliage edged in creamy-white with a faint violet-pink margin. The pink coloring intensifies in cold weather. Pale mauve flowers appear in summer. (18" x 24") Zn7.

Hebe 'Turkish Delight'

Hebe (Code: 4654)

This evergreen shrub features deep bronze-maroon foliage that holds its color even in summer when the mauve flowers appear. It has proven to have excellent disease resistance. (30-36" x 30-36") Zn8. PP17664 Propagation Prohibited.

Hebe 'Lavender Spray'

Hebe (Code: 4600)

Fast growing, spreading plant with rich green leaves and lavender-mauve flowers that bloom spring to early summer. Excellent as a groundcover or spilling over walls. (4-6" x 18-24") Zn7.

Hebe 'McKean'

Hebe (Code: 2762)

Small chartreuse foliage gives the appearance of Heather. White flowers appear from July to August. A cute specimen for containers or small spaces. (12" x 12") Zn7.

Hebe 'Patty's Purple'

Hebe (Code: 2760)

The leaves grow in a columnar formation, making it a good choice for an evergreen hedge. Purple flowers adorn fresh green foliage in summer. It's excellent for containers too! (24" x 18") Zn8.

Hebe 'Prince'

Hebe (Code: 4197)

Purple-hued new foliage ages to dark green, forming an upright evergreen shrub. Royal purple flower spikes appear late spring to early summer and again in fall. (4' x 2') Zn8.

Hebe 'Red Edge'

Hebe (Code: 6903)

Pretty lilac-to-white flowers cover this small evergreen shrub from midsummer on. Tiny blue-green leaves are edged with rosy-red borders that deepen in color during winter. One of the hardiest Hebes, it makes a wonderful container accent. (18" x 24") Zn7.

Hebe 'Spender's Seedling'

Hebe (Code: 3899)

One of the most reliable, hardy and long flowering Hebe's available! Will form a large evergreen shrub with white-spiked flowers that bloom summer to fall. (4-5' x 4-5') Zn7.

Hebe 'Walter Buccleugh'

Hebe (Code: 4515)

This low-growing evergreen shrublet is perfect for rock gardens. The spear-shaped leaves are gray-green with red edges and flower spikes of red-purple appear in early summer. (12-18" x 18") Zn7.

Hebe 'Western Hills'
Hebe (Code: 4599)

This upright shrub has small blue-green, evergreen leaves with white flowers that appear in June. It's very hardy and tolerates coastal conditions well. (3' x 3') Zn7.

Hebe 'Wiri Blush'
Hebe (Code: 3772)

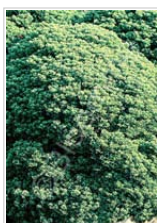

This compact shrub has deep green, evergreen foliage. Bright carmine-pink buds open to a profusion of clear pink flowers. Great for containers and hedges. Plant in a protected location. (3' x 4') Zn7.

Hebe anomala
Hebe (Code: 7548)

Very hardy and distinctive upright shrub. Glossy dark green leaves have purplish tips and are yellow-green when young. Short and broad panicles of white flowers have purple anthers. (2-3' x 2-3') Zn7.

Hebe anomala 'Purpurea'
Hebe (Code: 4313)

Hardy, upright shrub with small glossy, dark evergreen leaves and purple-hued tips. Excellent border shrub which performs best in full sun. (2-3' x 2-3') Zn7.

Hebe cupressoides 'Boughton Dome'
Hebe (Code: 5736)

A dense, rounded, dwarf evergreen shrub of unusually good form and deep green color. Although it doesn't flower, it makes an excellent foliage plant. This is one of the hardiest Hebes! (18-24" x 12-24") Zn7.

Hebe pimeleoides ssp. pimeleoides (var. minor) *New*
Hebe (Code: 4361)

This is a low, spreading Hebe just 6" tall with small blue-gray evergreen leaves. Lavender-purple flowers bloom at the ends of its black stems in summer. An excellent choice for the rock garden. (6" x 12") Zn7.

Hebe rigidula
Hebe (Code: 6084)

An erect, low-growing, bushy, evergreen shrub with white flower spikes in summer. (14-16" x 18") Zn8.

Hebe 'White Gem'
Hebe (Code: 6779)

This New Zealand shrub produces a profusion of 6" white flower spikes in June. Glossy evergreen leaves are tinged with gold in cold weather. (30" x 30") Zn7.

Hebe albicans prostrata
Hebe (Code: 4187)

Low-growing, spreading form of Hebe albicans. Forms a multi-branched, bushy shrub that's evergreen and twice as wide as tall. Reddish buds become spikes of white flowers in June and July. (8-10" x 16-24") Zn7.

Hebe anomala 'Purpurea Nana'
Hebe (Code: 7549)

Glossy dark green leaves contrasts marvelously with dark purple stems. The small evergreen leaves turn purple in winter and the branch tips are in bronze-purple hues. Upright form. (3' x 2') Zn7.

Hebe buxifolia (syn. odora)
Boxleaf Hebe (Code: 2766)

Pretty white flowers top evergreen foliage that has the appearance of boxwood, but grows faster. It makes an excellent hedge when not grown in strong winds. (30-42" x 30") Zn7.

Hebe pimeleoides 'Quicksilver'
Hebe (Code: 2772)

This adorable mini-Hebe has tiny evergreen silver leaves and small purple flowers. Arrange among white and purple flowering plants as a complementary design element. (18" x 18") Zn8.

Hebe pinguifolia 'Sutherlandii'
Hebe (Code: 6880)

Profuse short spikes of white blossoms with blue anthers grace this evergreen shrublet in late spring. The small, densely-branched foliage is sea-foam green in color. It's hardier than many other Hebes. (10-16" x 36") Zn7.

Hebe speciosa 'Variegata'
Hebe (Code: 2776)

This flamboyant evergreen shrub has light green leaves with broad creamy margins. Bright magenta flowers fade to lavender, and appear from June to August. It is often used as a seasonal focal point in containers. (30" x 24") Zn8.

Hebe venustula 'Blue Sky'
Hebe (Code: 4198)
 Soft violet-blue flower spikes appear in summer on a medium-size, rounded, evergreen shrub. It mixes well with perennials and is perfect for foundation plantings. (3-4' x 3-4') Zn8.

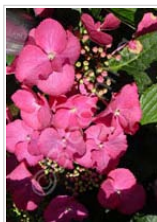

Hebe x 'Champion'
Hebe (Code: 7042)
 Bred from H. 'Autumn Glory', this cultivar features improved hardiness and disease resistance! Violet-blue flowers bloom in summer and in fall. Small, glossy dark evergreen foliage appears on purple stems. (15-20" x 16-24") Zn7. PP14866 Propagation Prohibited.

Hebe x franciscana 'Pinocchio'
Hebe (Code: 4199)
 Evergreen leaves have two shades of variegation making it the showiest Hebe available! Long pink flower spikes appear late summer and continue into fall. (2-3' x 3') Zn8.

Holodiscus discolor
Oceanspray (Code: 4433)
 This Northwest native deciduous shrub has slender arching branches and fuzzy green leaves. Creamy flowers bloom in drooping panicles 8" long from early to mid-summer. (8-10' x 4-8') Zn5.

Hydrangea macrophylla 'Fasan' ('Teller Red')
Bigleaf Hydrangea (Code: 7344)
 Stunning red lace-cap flowers have large, sterile florets in double rows. It is one of the Teller Series, from Switzerland. (3-5' x 3-4') Zn6.

Hydrangea macrophylla 'Taube' ('Teller Pink')
Bigleaf Hydrangea (Code: 6135)
 Large, deep pink or violet-blue lace-cap blooms age to rich jewel tones on this long-blooming favorite. It requires neutral to alkaline soil to obtain pink color. Flowers are blue in acid soil. (3-5' x 3-5') Zn6.

Hydrangea macrophylla var. serrata 'Preziosa'
Sawtooth Hydrangea (Code: 3357)
 Numerous pink-blushed, snowball flowers age to shades of lilac and crimson. As the flowers deepen in color, so does the foliage! It prefers cool, moist soils. A "Great Plant Pick" for the Pacific Northwest! (4-5' x 5') Zn6.

Hebe vernicosa
Hebe (Code: 6879)
 White flowers with purple anthers top small glaucous, shell-like leaves. Reputedly one of the hardiest Hebes. This dwarf spreading form is suitable for the rock garden or as an evergreen groundcover. (6-12" x 15") Zn7.

Hebe x franciscana 'Lobelioides'
Hebe (Code: 4020)
 Rich violet purple flowers bloom in dense 3" spikes in summer. The rounded, glossy foliage forms a compact, elegant shrub. (4-5' x 4-5') Zn7.

Hebe x pimeloides 'Clear Skies'
Hebe (Code: 4772)
 Beautiful triangular blue leaves on dark stems grace this hybrid from Graham Hutchins of County Park Nursery in England. Blue flowers appear in summer. A great container accent. (12-18" x 18") Zn8. PP15746 Propagation Prohibited.

Hydrangea macrophylla 'Blue Wave'
Bigleaf Hydrangea (Code: 4168)
 One of the most vigorous lace-cap Hydrangeas, the showy giant blue flowers bloom from mid-to-late summer on old wood. Flowers are pink in alkaline soils. (4-6' x 4-6') Zn6.

Hydrangea macrophylla 'Frillibet'
Bigleaf Hydrangea (Code: 4916)
 Huge, multi-colored mophead flowers are composed of frilly, tightly-packed blue, pink and cream florets. The flower color changes with soil acidity. It's excellent for cut flowers too! (3-5' x 3-4') Zn6.

Hydrangea macrophylla var. serrata 'Fuji Waterfall'
Sawtooth Hydrangea (Code: 4831)
 Large heads of sparkling-white double flowers are surrounded by dangling florets; reminiscent of a delicate waterfall. (3-5' x 3-6') Zn6. PPAF Propagation Prohibited

Hydrangea paniculata 'Unique'
Hydrangea (Code: 7348)
 Open shrub with large, pointed, dark green leaves. It bears enormous conical panicles of white flowers, aging to deep pink, in late summer and early fall. Deciduous. (8-10' x 9') Zn4.

Hydrangea quercifolia 'Snow Queen'
Oakleaf Hydrangea (Code: 4769)

Bold, cone-shaped panicles of large sterile, white florets gradually deepen to russet-pink. This deciduous shrub has deep red-bronze fall color and cinnamon-hued winter stems. A "Great Plant Pick" for the Pacific Northwest. (7-10' x 7') Zn5.

Jasminum officinale 'Fiona Sunrise'
Jasmine (Code: 4675)

Deeply-serrated, golden yellow foliage mixes nicely with fragrant white flowers that bloom all summer. Spills and climbs, making it appealing in planters or beds. (10-12' x 10-12') Zn7.

Laurus nobilis
Bay Laurel (Code: 8020)

Aromatic evergreen leaves are excellent for flavoring savory dishes. Dense, pyramidal shrub slowly grows over 20' in mild climates but is easily kept smaller in containers. Fragrant, creamy-yellow flowers appear in early summer on female plants. A "Great Plant Pick" for the Pacific Northwest! (12-20' x 15') Zn7.

Laurus nobilis 'Willow Leaf'
Bay Leaf (Code: 4665)

Aromatic evergreen leaves are more lance-like than the species and are excellent for flavoring soups, stews and sauces. Creamy-white flowers bloom in late spring. (12-20' x 15') Zn7.

Laurus nobilis 'Crestwood'
Bay (Code: 4664)

Aromatic, evergreen leaves are more rounded than the species and are excellent for flavoring soups, stews and sauces. Creamy-white flowers bloom in late spring. (12-20' x 15') Zn7.

Lavandula lanata x angustifolia 'Richard Grey'
Lavender (Code: 4186)

Dark violet flower spikes grace this aromatic, compact herb. White felted foliage adds interest. (2' x 2') Zn7.

Lonicera involucrata *New*
Black Twinberry (Code: 7268)

Pairs of small, yellow, pendulous, tubular flowers are surrounded by green bracts in late spring and summer. After the flowers fade, pairs of showy black berries form, each surrounded by the bracts that have now turned bright red. The flowers of this handsome shrub are enjoyed by hummingbirds, while other birds and wildlife will eat the berries. A Pacific Northwest native. (8-10' x 6-8') Zn4.

Lonicera nitida 'Baggesen's Gold'
Box Honeysuckle (Code: 5002)

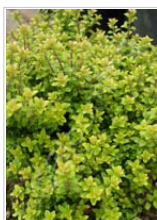

Brilliant golden foliage sparkles in the landscape. It responds well to shearing and is perfect as a small evergreen hedge or border plant. A "Great Plant Pick" for the Pacific Northwest! (6' x 4-6') Zn7.

Lonicera nitida 'Lemon Beauty'
Box Honeysuckle (Code: 7494)

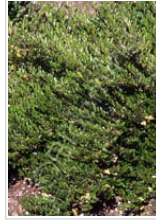

Rare and choice! Stunning lemon, lime and dark green-variegated leaves add bright sunny color to the garden year-round. Invaluable foliage contrast! (5-6' x 4-6') Zn6.

Lonicera nitida 'Red Tips'
Box Honeysuckle (Code: 6787)

Burgundy tinted new growth adds brilliant spring color to this unusual evergreen shrub. It makes a stunning specimen or hedge. (4-6' x 3-4') Zn6.

Lonicera nitida 'Twiggy'
Box Honeysuckle (Code: 4663)

This dwarf shrub has twiggy growth, and is lined with tiny yellow, evergreen leaves that hold their bright color most of the season. Fragrant creamy-white flowers bloom in spring. (24-36" x 24-36") Zn7.

Lonicera pileata
Privet Honeysuckle (Code: 4696)

Horizontally-branched, semi-evergreen shrub for large scale underplanting or groundcover. Small creamy flowers are followed by clusters of translucent violet berries. A "Great Plant Pick" for the Pacific Northwest! (5' x 4') Zn5.

Mahonia aquifolium
Oregon Grape (Code: 6965)

This Pacific Northwest shrub is known for its bold-textured, evergreen, holly-like leaves that turn deep burgundy in winter. New leaves emerge reddish in spring when the yellow flowers appear. Blue berries appear in late summer and fall. (3-5' x 3-5') Zn5.

Mahonia nervosa
Cascade Oregon Grape Holly (Code: 7266)

This low-growing NW native evergreen shrub spreads by rhizomes to form thickets. The evergreen leaflets have toothed edges and resemble holly foliage. Fragrant pale yellow flowers bloom in spring followed by blue berries in summer and fall. (18-24' x 2-4') Zn5.

Mahonia repens
Creeping Oregon Grape (Code: 6963)
 Compound evergreen leaves look similar to holly. It forms a low-spreading groundcover with fragrant, small, yellow flowers that bloom from mid spring to early summer at the branch tips. This NW native is an excellent choice for dry shade. (12" x 30-36") Zn5.

Musa basjoo
Hardy Banana Plant (Code: 6304)
 The hardiest banana available, with large bright green leaves that easily reach 6-8' in length and add a touch of the tropics to the garden. It will send out runners to form a small clump. (10-15' x 6') Zn7.

Philadelphus 'Belle Etoile'
Mock Orange (Code: 6485)
 This desirable, hard-to-find selection has 2" wide white flowers flushed maroon at their center. It's fabulously fragrant and compact! A "Great Plant Pick" for the Pacific Northwest! (6' x 5') Zn5.

Physocarpus opulifolius 'Summer Wine'
Ninebark (Code: 3845)
 A cross between Physocarpus o. 'Nana' and P. 'Diabolo', it has a compact and dense growth habit that won't get leggy. The wine-colored foliage contrasts nicely with adorable button-like white and pink-blushed flowers in late spring. (4-6' x 4-6') Zn3. PP14821 Propagation Prohibited.

Pittosporum tenuifolium 'Margaret Turnbull'
Pittosporum (Code: 3776)
 Large variegated, dark green leaves have chartreuse-gold centers. Purple, honey-scented flowers appear late spring to early summer. Versatile and easy to grow. (6' x 4') Zn8.

Pittosporum tenuifolium 'Wrinkle Blue'
Pittosporum (Code: 3777)
 Wrinkled, blue-tinged, evergreen leaves give an overall greenish-blue look. Bushy, pyramidal habit needs little pruning and makes a nice hedge. Small maroon flowers in spring. (13' x 6-8') Zn8.

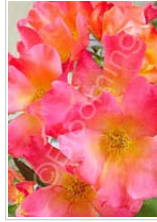

Prostanthera rotundifolia
Australian Mint Bush (Code: 8155)
 Aromatic shrub with tiny, rounded, evergreen leaves that are completely smothered with pretty lavender blooms in spring. This is an excellent shrub for topiary. (4-7' x 3') Zn8.

Ribes sanguineum 'King Edward VII'
Flowering Currant (Code: 5422)
 Stunning crimson blossoms in long, pendant clusters are followed by small, bluish-black berries. A "Great Plant Pick" for the Pacific Northwest. (6' x 6') Zn5.

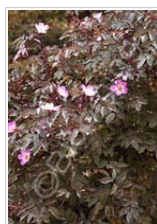

Rosa 'Climbing Cecile Brunner'
Rose (Code: 6218)
 Climbing form of the popular 'Sweetheart' Rose, with fragrant double, light pink flowers with repeat bloom. This vigorous and healthy climber is long-lived. (15-26' x 15') Zn5.

Rosa 'Morning Colors'
Rose (Code: 4899)
 Extraordinary single flowers bloom repeatedly all summer in an array of sunrise colors that start out tangerine, then turn to melon and then age to amber. Disease resistant and easy to grow. (3-4' x 3-4') Zn5.

Rosa 'Spray Cecile Brunner'
Rose (Code: 4521)
 These small, fragrant, light pink roses are perfect for corsages and earned 'Cécile Brunner' its nickname, 'The Sweetheart Rose'. This large shrub form was planted at our nursery by Sally Dinsdale over 50 years ago. It blooms all season with little care. (5-7' x 5') Zn5.

Rosa glauca
Redleaf Rose (Code: 3998)
 This Rose is grown more for its dusty mauve foliage than flowers. It contrasts well with tall blue foliage plants like Panicum 'Dallas Blue'. Single pink flowers appear in June. Very hardy and carefree, it grows up to 7' tall. (7' x 5-7') Zn3.

Rosa mutabilis
China Rose (Code: 6542)
 A vigorous rose with purple young shoots and coppery new foliage. Flowers open buff colored, then turn orange, and then age to rose and crimson. The flowers are tea-scented and bloom continuously all season. (4-6' x 4-6') Zn5.

Rosmarinus officinalis 'Madeline Hill'
Rosemary (Code: 4058)
 Plentiful blue flowers cover this Rosemary in spring. Excellent for culinary purposes. (24-36" x 12-24") Zn7.

Rosmarinus officinalis 'Miss Jessop's Upright'
Rosemary (Code: 8168)

This strong, upright growing rosemary is excellent for culinary use. Fragrant, needle-like foliage has a wonderful flavor. Light blue flowers appear in spring. (3-4' x 2-3') Zn7.

Salix purpurea 'Nana'
Blue Willow (Code: 3400)

Dainty gray-green leaves gracefully cover this petite willow. Rich purple stems are striking in winter. It makes a great border specimen or an attractive hedge. A "Great Plant Pick" for the Pacific Northwest! (5-6' x 5') Zn3.

Sambucus nigra 'Variegata'
Variegated Elderberry (Code: 6080)

Stunning deciduous shrub with brilliantly-variegated green and white leaves. Large flat clusters of white spring flowers are followed by dark purple berries. (13' x 6') Zn4.

Sambucus racemosa
Red Elderberry (Code: 7240)

NW native deciduous shrub with pinnately compound leaves. Clusters of tiny white flowers bloom from early spring to mid summer, followed by showy, bright red (sometimes yellow or white) berries. The fruits are inedible, but good for wildlife. (10' x 8-12') Zn4.

Santolina chamaecyparissus var. nana
Dwarf Gray Santolina (Code: 6715)

Fine silver, aromatic foliage is topped by yellow button flowers. Compact habit is perfect as edging or a small hedge. Needs good drainage. (12" x 12") Zn6.

Solanum crispum 'Glasnevin'
Potato Bush (Code: 6692)

Clusters of yellow-eyed, purple "shooting star" flowers adorn this attractive shrub throughout summer. It needs winter protection in colder areas. (10' x 9') Zn7.

Spiraea japonica 'Magic Carpet'
Japanese Spirea (Code: 5911)

This marvelous dwarf shrub glows with spring foliage in shades of copper, coral and rose. Vivid pink flowers bloom periodically through summer. A "Great Plant Pick" for the Pacific Northwest! (2' x 2') Zn4. PP9363 Propagation Prohibited.

Salix integra 'Hakuro Nishiki'
Brocade Willow (Code: 6159)

Brilliant green, white and pink-splashed leaves adorn this rounded shrub. A perfect accent for the small garden, it can also be trained as topiary! (6' x 6') Zn6.

Sambucus nigra 'Madonna'
Elderberry (Code: 6081)

Brilliant gold-variegated leaves are graced with pretty white flower clusters midsummer, followed by berries in fall. An excellent contrast when placed against a dark background. (12' x 6') Zn4.

Sambucus nigra ssp. caerulea ^{New}
Blue Elderberry (Code: 7239)

NW native deciduous shrub with pinnate compound leaves and creamy-white, flat-topped flowers 6" in width that bloom from late spring to early summer. Dark blue berries follow in summer and fall and are often made into jams. (12-20' x 8-12') Zn4.

Sambucus racemosa 'Sutherland Gold'
Golden Elderberry (Code: 6739)

Lacy white flowers dance atop finely-dissected golden foliage in summer. A striking and vigorous selection that tolerates sun nicely. (10' x 6-8') Zn5.

Senecio greyi
Daisy Bush (Code: 7250)

This handsome shrub has large, finely-felted, oval-shaped, silver colored leaves. Golden-yellow, daisy-like flowers appear sparsely in summer. Drought tolerant and a great plant for contrast. (4' x 5') Zn8.

Sorbaria sorbifolia ^{New}
False Spirea (Code: 7636)

This deciduous shrub forms large masses of arching branches that are covered with green compound leaves. Billowy white sprays of flowers appear in mid- to late summer. Mature plants spread where you let them. (5-8' x 8-12') Zn2.

Spiraea japonica 'White Gold'
Japanese Spirea (Code: 5493)

Pure white flowers adorn gold-to-chartreuse foliage on this compact deciduous shrub. An outstanding variety offering excellent contrast. (3' x 3') Zn4. PP13609 Propagation Prohibited.

Spiraea japonica var. bullata

Spiraea (Code: 3883)

This is a low-growing shrub with toothed gray-green to blue-green leaves and deep rosy-pink corymb flowers in mid-summer. Great for rock gardens or where a low growing, low maintenance shrub is desired. (12-18" x 18-24") Zn4.

Teucrium fruticans 'Azureum'

Silver Germander (Code: 6684)

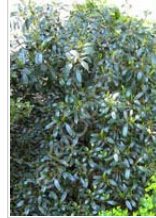

Vivid blue flowers contrast nicely against silvery-white leaves on this small evergreen shrub. It prefers a sunny, sheltered position in well-drained soil. (3-4' x 3') Zn7.

Spiraea thunbergii 'Ogon'

Spiraea (Code: 4074)

Exquisite! An outstanding, golden-leaved cultivar with fine willow-like foliage and early spring white flowers. Bronze fall color. A "Great Plant Pick" for the Pacific Northwest! (3' x 3') Zn4.

Viburnum propinquum

Chinese Viburnum (Code: 6479)

Elegant compact shrub with evergreen, glossy dark green foliage. White summer flowers bloom on red stems and turn to metallic-blue berries in fall. (10-12' x 6') Zn7.
