CANTON

PRECISE. EMOTIONAL. AFFORDABLE.

CANADIAN RETAIL PRICE LIST | FEBRUARY 2021

Canton, founded in 1972, is the third largest loudspeaker manufacturer in Europe, and nearly half a century after its start, still under the ownership of the founding family. This continuity has created a culture of planning and building for the future, and delivery of quality, value and long term customer satisfaction is the absolute highest priority.

As one of the world's largest loudspeaker manufacturers, Canton has substantial economies of scale and is a world leader in loudspeaker research and development. Canton loudspeakers deliver outstanding sonic performance and superlative build quality at a value proposition that smaller companies simply cannot match.

Canton offers a broad range of loudspeakers across five category ranges. No matter what the budget, room, decor, or application, there's a Canton model that's just perfect for you.

CANTON®

THE CANTON REFERENCE SERIES

CANADIAN RETAIL PRICE LIST | FEBRUARY 2021

The Reference series is the ultimate expression of the speaker-builder's craft. The advanced woofers and mid-ranges feature innovative aluminum cones with a proprietary ceramic-tungsten coating, combining low mass, controlled resonance, and increased piston behavior. The drivers possess extended excursion capabilities for higher output and lower distortion.

Tweeters feature optimized aluminum-ceramic oxide diaphragms, and are mounted in a waveguide for increased output and lower distortion. Premium-quality crossovers are mechanically isolated; the unique, curved cabinets are a premium, multilayer construction, finished in ultra-high quality piano gloss black or white. Some models are available in a stunning high-gloss cherry. The downward-firing Bass-Guide port eliminates resonances and port noise, and provides deep, tight, tuneful bass. Hear a pair today!

CANTON®

THE CANTON VENTO SERIES

CANADIAN RETAIL PRICE LIST | FEBRUARY 2021

Canton's Vento series are premium quality loudspeakers meeting the highest standards and offered at exceptional value for money. They include our highest quality titanium-cone woofer and midrange drive units with an advanced wave-surround design. The tweeter is upgraded to a state-of-the-art ceramic diaphragm, mounted in a waveguide for smooth, sweet extended high frequencies.

The upgraded cabinets feature curved multilayer laminated ply construction for the ultimate reduction in unwanted resonances and are finished in a super-luxurious high-gloss black or white lacquer, sanded and sealed in an eight-stage process. Some models are also available in stunning high-gloss cherry veneer. Drivers are surrounded by diamond-cut aluminum trim rings and the cabinets are downward-ported. A beautiful expression of Canton's craft!

CANTON®

THE CANTON CHRONO SL SERIES

CANADIAN RETAIL PRICE LIST | FEBRUARY 2021

The Canton Chrono SL series delivers a heightened Chrono experience with additional sonic improvements in timing, transparency and bass performance as well as beautiful high-end aesthetics - with the same unusually good value. The upgraded triple-folded wave surround gives greater woofer control, and high-density, seamless monocoque cabinets further reduce unwanted resonance. The Chrono SL series is finished in luxurious high-gloss black or white lacquer and stylish diamond-cut aluminum trim rings surround all drivers. The downward firing port returns a tight precise bass and affords the audiophile greater flexibility of in-room placement.

CANTON

THE CANTON CHRONO SERIES

CANADIAN RETAIL PRICE LIST | FEBRUARY 2021

The Canton Chrono series offers advanced technology for improved transparency and control. Titanium double cone woofers feature an advanced wave-surround allowing greater excursion and higher sound output with lower distortion. The high-density cabinet reduces unwanted resonance and features a high-gloss lacquer front baffle with elegant aluminum trim rings surrounding the woofers. The rest of the cabinet is finished in a black or white matt wrap. The enclosures are rear-ported.

CANTON®

THE CANTON GLE SERIES

CANADIAN RETAIL PRICE LIST | FEBRUARY 2021

The GLE series is our most affordable and best-selling series. It features advanced aluminum-cone woofers paired with a proven aluminum-manganese tweeter mounted in a waveguide housing. The front baffle is 22mm thick, finished in a matte lacquer, while the rest of the cabinet is finished in a white, black, or makassar woodgrain wrap. The enclosures are rear-ported. GLE loudspeakers deliver an invitingly smooth, rich sound with deep authentic bass.
