SALE INFORMATION

SHOPPING TIPS

Credit/debit cards and checks will be the only accepted forms of payment at Spring Plant Sale.

REMEMBER: BRING YOUR WAGON!

A limited number of carts will be available, but we highly encourage shoppers to bring their own wagons or carts.

THE SHOP AT THE GARDENS

- Your garden needs more than just plants! Stop by the Shop at the Gardens for gardening equipment, outdoor décor, fountains, pots and more.
- The Shop at the Gardens will be open during all Spring Plant Sale hours, including the Preview Party.
- Members receive 10% off all purchases

ADMISSION & MEMBERSHIP

- Admission is free on Friday and Saturday, but reservations are required.
- Tickets to attend the Plant Sale Preview Party on Thursday are \$45 in advance, \$55 at the door.
- Buy or renew a membership at the checkout tent when you buy your plants! (Friday and Saturday only)

FOOD & BEVERAGE

- Offshoots Cafe will be open 8 a.m. – 5 p.m. on Friday and Saturday, but will be closed during the Preview Party.
- The Hive Garden Bistro plans to be open 10 a.m. – 4:30 p.m. on Friday and Saturday, but may be delayed. Please [check the website](#) in early May for updates.

PLANT INFORMATION & RESOURCES

- Snap photos of the plant info placards as you shop the sale for later reference.
- For planting and care tips, we recommend reaching out to the CSU Extension Master Gardeners in your county. Learn more at cmg.extension.colostate.edu. You can also email Colorado Master Gardeners at gardeninghelp@botanicgardens.org with specific plant inquiries. Please allow 2-3 business days for a response.

REFUND POLICY

- All products purchased at Spring Plant Sale are non-refundable. Preview Party tickets cannot be refunded or exchanged.

PARKING, TRANSPORTATION AND PLANT VALET

- After exiting the checkout area, leave your cart at Plant Valet in front of the Visitor Center while you retrieve your vehicle. Vehicle loading is permitted in the parking cutout on York Street just south of the Visitor Center.
- Free parking is located across from the Bonfils-Stanton Visitor Center in the Gardens' parking garage. Please note that parking is limited and fills quickly.
- If you park in the surrounding neighborhood on a side street, please be respectful of our neighbors and read all parking signs. Denver Botanic Gardens is not responsible for parking tickets.
- Please consider using these alternate modes of transportation:
 - **RTD**: Use routes #24 (York and Josephine Streets), #10 (12th Avenue) to access the Gardens.
 - **Bicycle Colorado** and **Bike Streets**: The Gardens joins Bicycle Colorado and Bike Streets in encouraging cycling as a form of transportation.
 - Bike racks are available at the York Street main entrance.

SPRING PLANT SALE

SITE MAP

Please do not leave carts unattended. Spring Plant Sale products cannot be purchased inside the Visitor Center. All products purchased at Spring Plant Sale are non-refundable.

Zebra Rush

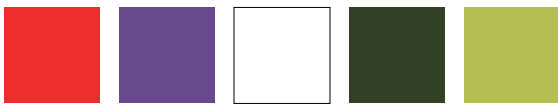

CONTAINER GARDEN IN A BAG

PRICE: \$45-\$60 | Sometimes the hardest part of gardening can be choosing a design, but we've taken care of that for you! Our horticulturists have created these grab-and-go collections of plants specifically selected to create stunning container displays. Below, you'll find the color palettes and light requirements of this year's collections. Specific plants in the collections will be finalized closer to the sale, based on current availability. Each collection will include planting and care instructions.

*Selections may vary based on availability

BABY, YOU'RE A FIREWORK

FULL SUN 

Ready to show your spark? Take a cue from Katy Perry and "ignite the light" with a burst of red, white and purple. This design, inspired by our 2021 container designs at the Visitor Center entrance, is all about celebrating you. As the lyric goes, it's time to "let your colors burst." No better way than a glowing red scarlet canna skirted by rocketing panicles of purple salvia and white summer snapdragon. Add in a prolific engine-red verbena and carefree sedum that tumbles over the edge, and all that's left is "boom, boom, boom!"

CHILLAX

FULL SUN 

You know the meme, "Feel that? That's Friday."? Well, here's the design to go with it— a palette of relaxing colors to take you into the weekend. A wine-saturated fountain grass with silky-soft plumes takes center stage next to a billowy coleus reminiscent of glowing embers. Skirting the edges are a petunia the color of creamy coffee, a dusty pink celosia asking to be stroked, an easy-going white verbena and a burgundy sweet potato vine that tumbles over the edge with abandon. So if you're ready to unwind, pull up a chair. It's time to chillax.

DON'T STOP BELIEVIN'

FULL SUN 

Need a little pick-me-up? Surround yourself with optimistic plants. This carmine and orange combo features six annuals that believe anything is possible. You'll meet a variegated grass that wants to be a rocket, a magenta salvia that thinks its a skyscraper, and a red-violet dianthus, well, that's determined to be large and mighty. Along the way, you'll get a light-hearted nudge from a happy little rose named 'Oso Easy'. Add to that a buoyant globe amaranth and social lantana, and you'll be dreaming you can do anything, too.

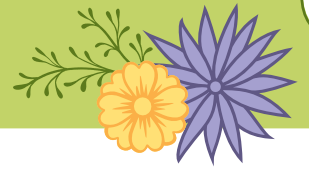

DON'T WORRY BE HAPPY

FULL SUN 

This design is all about being happy. Every plant is vibrant and cheerful, and when presented together, like the lyrics in Bobbie McFerrin's hit, they radiate happiness. At the center of the design is an award-winning celosia with tapering blooms that glow from within. Then to either side, a carefree lantana with confetti-like flowers and a prolific new dahlia as bright as city lights. Follow that up with a trailing carmine vinca and black-eyed Susan vine, and you're sure to be "Ooh, ooh, ooh oo-ooo ooh oo-ooing" whenever you see it.

CONTAINER GARDEN IN A BAG

*Selections may vary based on availability

JONI'S BLUE

AFTERNOON SHADE 

The centerpiece of this design is the *Colocasia esculenta* 'Black Coral' offering up big beautiful dark purple leaves. *Dichondra* and *Lobelia* offer their cascading prowess to the container, creating flow and dimension. The white begonia is actually a variety of wax begonia, which can tolerate a mix of morning sun and afternoon shade. The fullness of the verbena will add bright cheery flowers to this design all summer long.

ORANGE SKY

FULL SUN 

At the center of the design is a bright and bold orange canna which will make quite a statement. To either side there is a trailing lantana ideal for containers and a bright red salvia which is sure to attract hummingbirds. The snow white bacopa offers prolific blooms all summer long and the *Ipomoea* features compact growth and unique, deeply lobed leaves.

VOLCANO

FULL SUN 

The centerpiece of this design is a canary yellow canna with blue-green leaves. The strong presence of chartreuse is due to the grassy *Acorus* and classic *Ipomoea* that work well in this container. The fiery red and orange *Lantana* brighten up the container with its striking colors while the 'Black Pearl' ornamental pepper offers a nice contrast with its blackish purple foliage and fruit.

X'S AND O'S

AFTERNOON SHADE 

What better way to express love than a design that says it all for you? Each of these plants wear their emotions on their leaves — and flowers. A white sun impatiens with red centers encapsulates sweetness, while a silvery-pink begonia with big-hearted leaves conveys kindness. Then there's a glistening begonia named after a mythical hero that's admired for its strength. Add to that a nemesia that looks like it's blowing kisses and a purple vine with little heart-shaped flowers, and you might ask, "What's next? A GIF of floating hearts?"

FRUITS AND BERRIES

PRICE RANGE: \$5-\$115 | You don't need a full orchard to grow a little something sweet! Shop a wide selection of fruit trees and shrubs, citrus, melons and berries today, and your future, pie-making self will thank you.

PRICE RANGE: \$5-\$55 | Water-Smart plants are not just drought-tolerant: they thrive in dry soils and, in many cases, only need to be watered 6-12 times per year. And don't assume that less water yields duller gardens: water-smart plants offer a huge variety of bright, colorful blooms that also happen to keep your water bill low.
