## The wine estate

Bürgerspital in Würzburg is a VDP wine estate in Franconia with more than 700 years of history and tradition. In our 120 hectare vineyards we cultivate classic varieties such as Silvaner, Riesling and wines from Pinot varieties. All the best white wines are bottled in Bocksbeutel.

Our most valuable heritage are the unique vineyards, especially the Würzburger Stein and the Stein-Harfe.

It is our greatest motivation to produce the absolute best quality from these top sites: Unmistakable wines that show the unique character of each vineyard and bear the signature of Bürgerspital.

„The best thing is being able to create great wines with an unequalled portfolio of vineyards and a dynamic team that is able to produce great wines.“

*Robert Haller Wine-Estate Director*

## Our vineyards

### Würzburger Stein-Berg | VDP.GROSSE LAGE

The Stein-Berg is the finest part of the Würzburger Stein, planted with Riesling since 1969 and over 75% steep. Due to the age of the vines, only small-berried and highly aromatic grapes grow there with very low yield. From the 2020 vintage, our Stein HAGEMANN\* will be sold under the protected designation of origin (PDO) Stein-Berg. Dry wines from these prime site are called VDP.GROSSES GEWÄCHS® or simply GG.

08

### Würzburger Stein-Harfe | VDP.GROSSE LAGE

The Stein-Harfe in the heart of the Würzburger Stein is exclusively owned by Bürgerspital. The wines are regularly on the winner's podium and show enormously distinctive rich characters and long lasting finish. Dry wines from these prime site are called VDP.GROSSES GEWÄCHS® or simply GG.

### Randersackerer Pfülben | VDP.GROSSE LAGE

Bordered and protected on both sides by steep valley slopes, the Pfülben is one of Franconia's best vineyards and the shelly limestone soil stores the warmth perfectly which gives the Riesling GG its distinctive, pure character. Dry wines from these prime site are called VDP.GROSSES GEWÄCHS® or simply GG.

\*From 2020, the term Stein HAGEMANN will be named Stein-Berg – a protected designation of origin (PDO)

### **Veitshöchheimer Sonnenschein | VDP.ERSTE LAGE**

The stony south-western slope is protected in a natural amphitheatre between large biotopes and rocky escarpments. The best conditions for the terroir of the Veitshöchheim Sonnenschein Spätburgunder R.

### **Würzburger Pfaffenberg | VDP.ERSTE LAGE**

The rich soil is easily reached by the vine roots and guarantees a good supply of nutrients even in hot summers. Pfaffenberg wines have fine herbal aromas, they are slightly salty and elegant.

### **Würzburger Stein | VDP.ERSTE LAGE**

In the world-famous, shell-shaped vineyards which sit enthroned above Würzburg is an almost Mediterranean climate. Weathered shell limestone as sedimentary rock from what was once the primordial sea has a unique impact on the site name and character of the wines.

A good 1/3 of the 85 hectares vineyard are owned by the Bürgerspital. But its the really great wines that makes the vineyard so famous. Whether it was the 1540 Steinwein, the first Silvaner in 1665, the historic Bocksbeutel filling in 1726, or today: Steinweine are very complex and mineral, almost salty and very polarizing.

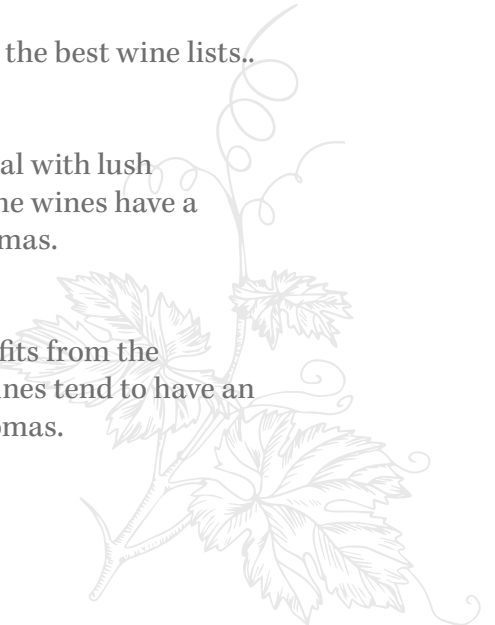

They are regularly on the top podium in reviews and on the best wine lists..

### **Würzburger Innere Leiste | VDP.ERSTE LAGE**

The Innere Leiste is like no other vineyard at Bürgerspital with lush vegetation and rare plants growing around the vines. The wines have a distinctive delicate yellow fruit and creamy elegant aromas.

### **Würzburger Abtsleite | VDP.ERSTE LAGE**

The south-western vineyard Würzburger Abtsleite benefits from the warmth from the surrounding city of Würzburg. The wines tend to have an elegant crispness, fine citrus flavours and ripe, pure aromas.

**Randersackerer Teufelskeller | VDP.ERSTE LAGE**

Being almost over 80% steep in places, the Randersackerer Teufelskeller is our steepest vineyard. Classic Riesling wines with fine aromas of lime and balsamic-peppery notes.

**Randersackerer Marsberg | VDP.ERSTE LAGE**

The Randersacker Marsberg is a steep vineyard with a thick loess loam soil structure. The deep-rooted vines produce Riesling wines which tend to have fine lemon balm and grapefruit scents.

# 2020

## Our vintage report

Despite the extremely dry summer, the physiological ripeness of our grapes was perfect, not least thanks to our deep soils.

Our conclusion:

The wines are fresh, elegant and very concentrated as a result of the small berries. The red wines - as usual in dry years - are of outstanding high quality.

Robert Haller, director of the wine estate, is very pleased:  
„An exciting vintage meeting our expectations.“
