

HIGH CAPACITY COMPACT PORTABLE DVD WRITER

The MediaStation™ 8x Portable DVD Drive DVSM-PC58U2VB is an affordable, portable DVD writer with a sophisticated LED power indicator. This external DVD writer is the ideal companion for a laptop or Netbook and is a high quality alternative to laptop manufacturers pricey options. The MediaStation 8X Portable DVD Drive includes two integrated USB cables that snap to the chassis for easy mobility. Powered by your laptop USB ports, no AC adapter is necessary. If the power from a single USB port is insufficient, the red LED will glow, indicating additional power is required. In this instance, the convenient USB Y-cable allows you to connect to second USB port to power the unit. The MediaStation 8x Portable DVD Drive also includes the CyberLink DVD software suite for Windows letting you create CDs and DVDs with music, pictures or videos with ease. This portable DVD writer is covered by Buffalo's 2-year warranty.

FEATURES

ULTRA-SLIM AND COMPACT

Designed for your mobile lifestyle, the MediaStation Portable DVD Writer is USB powered. Just plug it into a free USB port and you are ready to go!

USB BUS POWERED WITH LED POWER INDICATOR

The MediaStation 8x Portable DVD Drive includes two integrated USB cables that snap to the chassis for easy mobility. An LED power indicator lets you know if one or two USB cables are required to power the DVD drive.

Powered by your laptop USB ports, no AC adapter is necessary

Most laptops require one USB port to operate properly

A red LED will glow if you need to connect the second USB cable to power the unit

USB CABLES SNAP TO CASE FOR EASY MOBILITY

The MediaStation 8x Portable DVD Writer includes two integrated USB cables that snap to the chassis for easy mobility. Blu-ray disc.

CYBERLINK MEDIA SUITE

Ideal for users seeking the best playback and burning performance of Blu-ray discs, DVDs or CDs on their PCs, the BRXL-PC6U2B comes bundled with the Blu-ray 3D Ready CyberLink™ Media Suite for Windows®, a \$100 value. Transform DVD movies in 3D and experience HD quality Blu-ray 3D playback.

- * CyberLink PowerDVD 10 BD Edition
- * CyberLink PowerDirector 8 HE
- * CyberLink PowerProducer 5
- * CyberLink MediaShow 5
- * CyberLink Power2Go
- * CyberLink InstantBurn 5
- * CyberLink PowerBackup 2

* The bundled CyberLink™ software suite is supported on Windows® PCs only. Apple® and Mac OS® do not natively support Blu-ray with drivers or software. In order to use the Blu-ray hardware functionality on Mac®, a third-party software such as Final Touch™ Pro or Roxio® Toast Titanium is required. Mac systems natively support the CD/DVD portion of this product.

LED USB POWER INDICATOR

If additional power is required, connect the supplied power boost USB cable

The power boost USB cable supplies extra power and helps boost reliability
