# ABOUT US

**Bulbtronics** is a leading international Master Distributor of specialty lamps, batteries and related lighting products for medical, dental, scientific, industrial and professional applications. We distribute over 60,000 products from over 150 manufacturers and can ship anywhere, both domestically and internationally, from our 7 stocking locations across the globe.

Bulbtronics provides quality brand-name medical bulbs and battery products for any and all applications at competitive prices with unparalleled customer service. Our experienced staff is always prepared to assist in identifying the correct product for your needs.

Bulbtronics is committed to keeping current with the medical marketplace. As new bulbs, batteries and equipment enter the market, we update our database to reflect the new technology. Please visit our website at [www.bulbtronics.com](http://www.bulbtronics.com) to see our newest product offerings.

**Bulbtronics also promotes cost-saving, energy-conserving lighting solutions** that include the latest in LED technology as well as compact and tubular fluorescent lamps. Among Bulbtronics' recent initiatives is a cost-efficient recycling solution that meets Universal Waste Regulation guidelines established by the EPA. RECYCLEPAK® by Veolia is an economical and convenient recycling solution for lamps, HIDs, ballasts and batteries. One price includes container, shipping to reclamation center, processing and a certificate of compliance.

# Ordering Via Phone or Online at [www.bulbtronics.com](http://www.bulbtronics.com)

**At Bulbtronics our customers take top priority.** Support is provided by an expert sales staff, accessible via phone or web, to help you identify the product you need for your application. If at any time you need assistance, please call toll-free 1-800-654-8542 and we will be happy to help you.

## **DO I HAVE TO REGISTER TO BUY?**

No, you do not. You can search, add to cart and buy without registering.

## **ARE THERE ANY MINIMUM ORDER REQUIREMENTS WHEN I ORDER FROM BULBTRONICS?**

Yes. When you order via phone, fax or email, orders under \$50.00 are subject to a "small order charge". There are no minimum order charges when you order on Bulbtronics.com.

## **CAN I PURCHASE UNDER A BLANKET ORDER?**

Yes, we handle blanket purchase agreements all the time. Call toll-free 1-800-654-8542 to have a sales representative set up and handle your blanket order.

## **I SAVED A SHOPPING CART AS A QUOTE. HOW LONG ARE THE PRICES VALID?**

Shopping Cart/Quote prices are guaranteed for 30 days. After 30 days your quote will be updated automatically with the most current pricing. Quotes are saved in our system for 90 days. Keep in mind that stock availability continually changes. If you have any questions, call toll-free 1-800-654-8542.

## **HOW CAN I SET UP AN OPEN ACCOUNT WITH TERMS?**

To set up an open account go to [www.Bulbtronics.com](http://www.Bulbtronics.com) and click on Customer Support, Credit Application. Fill in the requested information and submit. Our accounting department will review the application and contact you directly.

## **HOW MUCH DOES IT COST TO SHIP MY ORDER?**

When you buy without registering or logging in you will have access to a built-in shipping table (billing and shipping addresses must be the same) so you can see your shipping options and their associated costs.

Registered Preferred Customers who login can choose from multiple shipping options and can have orders delivered

to addresses different from the billing address. An e-mail is sent when the order has shipped (typically same or next day) detailing all applicable costs including shipping. Since products come in different shapes, sizes and weights, true shipping cost is determined only when the order is picked, packed and weighed in the warehouse. Preferred Customers have a wide choice of shipping methods and receive actual shipping costs when order is shipped.

## **DO YOU SHIP OUTSIDE THE U.S.?**

Yes. Bulbtronics is an international company and ships all over the world. If you are an export customer, contact the Export Department via e-mail: [export@bulbtronics.com](mailto:export@bulbtronics.com), fax: 631-249-6066 or by phone: 1-631-249-2272 x352. At this time [bulbtronics.com](http://bulbtronics.com) only supports U.S. and Canadian customers; QuickBuy supports only customers in the continental U.S.

# TERMS & CONDITIONS

## Minimum order:

There are no minimums required for orders placed on [www.bulbtronics.com](http://www.bulbtronics.com). For phone, fax or email orders of \$24.99 or less, there is a small order charge of \$10.00. For phone, fax or email orders of \$25.00 to \$49.99, there is a small order charge of \$5.00.

## Terms:

A credit application is required to establish an open account with Bulbtronics. Payment is required within 30 days from date of invoice. C.O.D. transactions may be subject to a credit check.

## Most credit cards accepted:

Visa, MasterCard, American Express, Discover. The use of a credit card is subject to charge card limitations and the approval of Bulbtronics prior to shipment. International shipments requires prepayment.

## Quotes:

(i.e. saved shopping carts) will be saved for 30 days.

## Past due:

Past due balances are subject to a 1.5% finance charge per month.

## Prices:

Prices are subject to change without notice. Orders shipped from NY, CA, NV or FL are subject to sales tax.

## Tax exempt status:

Accepted with copy of tax resale certificate faxed to 631-756-8385. Certificate must be on file before order is shipped or applicable sales tax will be added.

## Shipping/handling charges:

Shipping and handling charges are applied to all orders. These charges are based on a customer's delivery preference, the cost of package materials applicable to product weight and size, and other special shipping and handling instructions. Most orders are shipped via Ground, unless otherwise specified. Bulbtronics will make every effort to ship within 24 hours. Note: Fluorescent tubes more

than 6 ft in length and UV Germicidal lamps more than 5 ft. in length must be shipped via messenger or truck.

## Shipping: FOB origin:

All damaged merchandise must be reported within 5 days. If the package is obviously damaged, customer should sign for the shipment as "damaged" and make a claim with the carrier. If the package shows no obvious signs of damage but the merchandise is damaged when the box is opened, contact Customer Service. The carrier is responsible for breakage in transit. Bulbtronics will assist in every possible manner in collecting claims for loss or damage.

## Return policy:

Product must be returned with prior approval and issuance of a return material authorization number (RMA#). To obtain an RMA #, go to [www.bulbtronics.com](http://www.bulbtronics.com) and select Account Management (drop down on top of page), Account Settings, Return Merchandise Authorization or call 1-800-588-BULB x375.

Issuance of a RMA# does not acknowledge a product defect or authorize credit to be taken. Product determined to be defective by the applicable manufacturer shall either be replaced or credit will be issued at the discretion of Bulbtronics. Product returned as defective, and is not, will be returned to the customer. Product returned due to ordering errors, or product no longer wanted by the customer, will be subject to a 25% restocking charge, provided that Bulbtronics agrees to take back the merchandise. Special orders may not be returned. No returns after 60 days.

## Warranty:

Bulbtronics warrants solely to the purchasing party that the products sold by it shall be free from defects in materials and workmanship, when given normal, proper and intended usage, for the scope of the warranty granted to Bulbtronics and its customers by the applicable product manufacturer.

Purchaser shall notify Bulbtronics of any product that Purchaser believes to be defective that is covered by the warranties set forth in this warranty statement. At Bulbtronics' option, such products shall be returned by Purchaser, transportation and insurance prepaid, to Bulbtronics. Based on examination and testing by the applicable product manufacturer, Bulbtronics shall repair or replace with the same, comparable or improved product or issue an appropriate credit. In the event of a warranty adjustment, Bulbtronics shall pay appropriate shipping charges, when applicable, to return product to the Purchaser.

**This warranty contains the entire agreement between the Purchasing party and Bulbtronics as to its terms. There are no warranties, expressed or implied, of merchantability, fitness or otherwise, which extend beyond the description on the face thereof. In no event will Bulbtronics be liable for any loss, or profits or any other incidental, special or consequential damages suffered by the Purchaser or its customer even if Bulbtronics has been advised of the possibility of such damages, nor for any claim against the Purchaser by any other party.**

## Feel confident you're working with the best

Performance and reliability are crucial in medical applications. The extensive Philips lamp range for medical applications fulfills vital functions in areas such as Phototherapy treatment, dental curing, operation room lighting and analysis. Our lamps are renowned for their best-in-class quality of light, reliable performance and low environmental impact.

### **Philips Medical lamps – for perfect focus**

Philips halogen and HID lamps create light with superior optical focus required for precision illumination. They are available in a wide variety of lamp types, wattages and color temperatures.

### **Philips Phototherapy lamps – effective on skin**

Philips UVA and UVB Broadband lamps are commonly used to treat many skin conditions and other inflammatory skin disorders.

### **Philips Germicidal lamps – the power to protect with light**

Healthcare facility acquired infections affect many patients during their stay. There is evidence that some of these infections, such as flu, pneumonia and MRSA may be transmitted by air. Philips Germicidal lamps are ideal for use in ventilation air ducts, air disinfection units or stand alone air purifiers. They help protect against airborne pathogens, creating a healthier indoor environment with the power of light.

**Don't settle for less, but insist on Philips lamps.**
