## A Dream Becomes a Reality

Joan Hershey,  
Brethren Village Resident  
and BV Board  
Member Emerita,  
with her husband Harry.

For my husband Harry and me, Brethren Village has been a way of life in our family for many generations. My family was part of the leadership of Brethren Village for over a century, my great-parents were the first stewards of Brethren Village (then called The Home for the Homeless) in 1897 when it first opened its doors. Harry and I moved to Brethren Village this past June after I had served on the Board of Directors.

Some of my fondest memories are the times I spent watching my Dad and Grandpa make something beautiful out of an ordinary piece of wood. I probably would have discarded most of them for firewood, but in their mind's eye they could see something useful. There is something very special about working with our hands, whatever the trade may be. I had to reflect on Jesus who worked with his father in the carpenter's shop learning much more than wood making from Joseph. I am sure there were many conversations about life, the future, and lots of advice from his dad.

You can be certain this continues even today as the men in our workshop converse about life and build community, not just among themselves but with all who enter their doors to purchase anything from a clothes tree to games and end tables etc. Well, I better not get ahead of the story!

There are two Bible references made to visions and dreams and both of them indicate that "your old men will

dream dreams and your young men will see visions." Well in this case, without ruining the context, our old men did dream dreams. Their dream came as an item of business several years ago to the Board of Directors, asking for considerable space for a woodworking shop. As with any request there were questions of where and of course, how would it be financed?

Those who longed for this space were very convinced of the need, but even more so of their commitment to return profits to the BV's Good Samaritan Fund. This fund provides money for Residents whose funds have become depleted. For our crafty men it probably seemed like a long time coming before their dream became a reality. But it did and many hands and many hours later beautiful gifts are on display for purchase and enjoyment by everyone.

Each of the men would be quick to say that all their extra hours continue to give them a double joy. They are working at their hobby and helping others. The best of both worlds and all made possible because they never gave up their dream! As of October 2019, the Workshop has donated a grand total of \$80,000 to help their brothers and sisters here in our community. Many of our homes have been blessed by owning one of these wooden pieces of handiwork. So never lose sight of your dreams, they could become the next reality for others to enjoy!

**NEW  
YEAR**

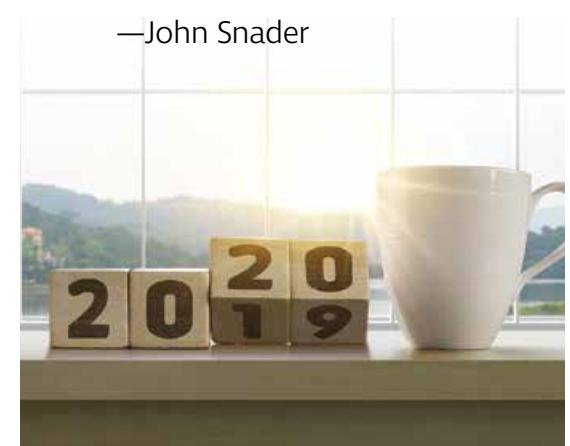

## Refined Focus!

In our 123<sup>rd</sup> year, Brethren Village is refining the focus of *The Villager*. You can still expect the same story-telling about the people and activities that make Brethren Village an active and enriching community.

Starting this year, we've added a greater focus on a mission-critical piece of our brand, the people, congregations and businesses that support Brethren Village through their contributions and volunteering. You will note that we thank our generous donors in these pages, and note the many special tribute gifts we have received.

You are part of the story, and I sincerely hope that you will enjoy the New Year—and *The Villager's* refined focus!
