## Subsidiaries and Locations

### Four Rivers Nuclear Partnership, LLC (FRNP)

- Manages the deactivation and remediation of the Paducah Gaseous Diffusion Plant (PGDP)
- Joint venture comprised of Jacobs, BWXT and Fluor
- Works alongside Portsmouth/Paducah Project Office
- Includes cleanup of hazardous, radioactive and non-chemical waste resulting from the site's 60 years of uranium enrichment operations
- In addition to performing environmental remediation, objectives include minimizing surveillance and maintenance costs, eliminating unnecessary systems, downgrading facility categorization and reducing landlord costs
- Since 1990, the U.S. Department of Energy has invested \$2.5 billion in successful site cleanup
- Following completion of environmental cleanup activities, the site is expected to be available for a variety of potential reuse opportunities, including heavy industry

*BWXT previously served as the project operating contractor for the depleted uranium hexafluoride (DUF6) project at the Paducah Gaseous Diffusion Plant*

### Four Rivers Nuclear Partnership, LLC

People Strong

**INNOVATION DRIVEN** >

At BWX Technologies, Inc. (NYSE: BWXT), we are People Strong, Innovation Driven. Headquartered in Lynchburg, Virginia, BWXT is a Fortune 1000 and Defense News Top 100 manufacturing and engineering innovator that provides safe and effective nuclear solutions for global security, clean energy, environmental restoration, nuclear medicine and space exploration. With approximately 6,600 employees, BWXT has 12 major operating sites in the U.S. and Canada. In addition, BWXT joint ventures provide management and operations at more than a dozen U.S. Department of Energy and NASA facilities. Follow us on Twitter at @BWXT and learn more at [www.bwxt.com](http://www.bwxt.com).
