(See comments by Bauer & Adler (2001) on the order in which the different printings of the Meyen reports appeared. The volume cited here, according to Bauer and Adler, though stating on the title pages of each of the parts as appearing in the "Acta Acad. Caes. Leop. Carol. Nat. Cur. Vol. XVII. The pages in the volume bear dual pagination numbers, e.g. "436 (186)," the first as it appears in the full volume, the second the already assigned pagination for the *Acta*.
