# ... SINCE 1963

The only thing that hasn't changed since back then is the chequered flag at the start and finish. For 50 years now in every other field Carrera has consistently focused on the continual optimisation of its materials and technologies. This is precisely why this globally respected name, uniting tradition and innovation, has been the classic brand for the young at heart for so many years.

2013 marks the company's 50th anniversary and to kick off the year in style Carrera is now offering innovative, leading-edge Porsche technology. The legendary racing classic, Porsche 904 Carrera GTS, has been pitted against the new Porsche 918 Spyder. Sons, fathers and grandfathers alike are all guaranteed thrilling starts, breathtaking drifts and spectacular passing manoeuvres. In other words – action and excitement for all ages from start to finish!

But of course Carrera is a hallmark of variety, too. The top teams – Red Bull Racing and Ferrari – are back again in 2013 featuring a worldwide exclusive license in the slot car racing segment as they battle for pole. Blockbusting screen celebrities will also be out on the track in the shape of Mario Kart, Teenage Mutant Ninja Turtles, Disney/Pixar Cars and Spider-Man. The anniversary year also sees Carrera serving up additional technical features. WIRELESS+ for the Evolution system now offers even more racetrack freedom. As you see, Carrera has made a dynamic leap ahead with top quality technology, top speeds and top ideas to keep them far in front of the competition!
